# A Hydra-Matic GMC

# pays you back

SURE, GMC's Truck Hydra-Matic
Drive costs extra on some light-duty

models. But man-how it pays you back! You save gasoline-because GMC Hydra-Matic cuts the high consumption

of fuel in stop-go use. You save tires-because GMC Hydra-Matic's velvet-smooth getaways prolong tire life-by as much as three times

in some operations. You save maintenance—because GMC Hydra-Matic ends clutch costs - pre-

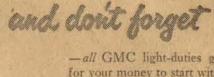

vents shock-loading damage. You save time-because at every start,

GMC Hydra-Matic ends shifting lags, gets up to road speed quicker.

You save yourself-because GMC Hydra-Matic frees you of all clutching and shifting chores. And being fresher, more alert, you're quicker to avoid hazards that could be costly.

You save at trade-in time-because a Hydra-Matic GMC will rate a higher price than old-type hand-shifted trucks.

Are you a shrewd buyer? Then drop in at our showroom. We'll prove that a Hydra-Matic GMC is your best truck investment.

-all GMC light-duties give you more for your money to start with: -a 125-h.p. engine-more power than in some 2½-ton trucks

-styling and engineering that make GMC the aristocrat of the field -spacious luxury cabs

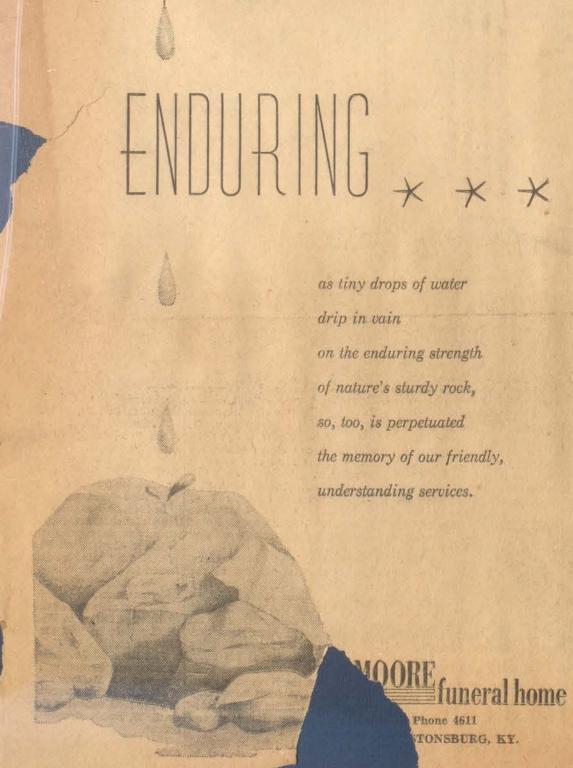

Get a modern truck!

# The "Stranger" Everyone Knows

The big car eases out from the boulevard and comes to a soft, silent stop. A man steps out from behind the wheel and heads for his destination.

The license plate reveals him to be a person from another state-a "stranger," so to speak.

But the golden crest on the hood of his motor car tells everyone something about him. For it is the famous crest of Cadillac—and no man is wholly a stranger, wherever he be, when he drives this distinguished car.

Any owner can tell you, out of his own personal experience, that a Cadillac is a virtual "letter of introduction" for the man who sits at its wheel.

He becomes, in a sense, the "stranger" everyone knows-a member of the most distinguished motoring fraternity in all the world.

This priceless aspect of Cadillac ownership is but

one of the many rewards which come to the owners of Cadillac cars.

In fact, it might even be considered an extra dividend-for it comes in addition to the car's great and distinguishing beauty . . . its brilliant and inspiring performance . . . its magnificent comfort and luxury ... and its remarkable economy of operation.

As a matter of fact, it would be a formidable task to recite even a basic portion of Cadillac's cardinal virtues for 1954-for the car is superlative in every respect and has been markedly advanced in every phase of appearance and operation,

Of course, it would take only an hour on the highway to understand what it all means in terms of pleasure and satisfaction-and that's why we suggest that you come in and see us-soon.

Why not make it today?

### FFA Pupils and Parents Hold Annual Banquet

The Betsy Layne Chapter of the consesses the Future Farmers of America held its annual father-son banquet. Thursday evening of last week. Jimmy Daniel, chapter president, presided.

Following an opening ceremony by FFA officers, welcome address was given by Philip DeRossett, and guests were introduced by Gene Stanley, vo-ag teacher. Other items on the program were "Our Chapter Accomplishments" by Jimmy Daniels, and a presentation of awards by Mr. Stanley.

One highlight of the evening was a declamation by Price Wright on an old farmer's description of football contest. FFA officers and SATURDAYmembers were joined by the parents in offering a salute to the flag at

"We have had a successful year in vo-ag studies and projects", said Stanley, "and the comradeship existing between the parents and sons as exhibited here tonight accounts for a lot of it."

WINE TO OPEN HIS CAMPAIGN

(Continued from Page One)

West Virginia plans a public poll

o ascertain what shall be named

he state's official animal. It can

In Kentucky no poll is necessary,

log-hound or some other breed-

of a Kentuckian as does our canine

pal. It has been said with a good

deal of truth that more Kentucky

feuds have been started by quarrels

over hound dogs and line fences

than from any other cause. A great

industry-sheep growing-has been

stifled by our love of dogs. We seem

to reason that the best way to keep

a pack of hounds on guard. It would

I lived outside of town and was

Yes, when and if Kentucky de-

cides to name an official animal

there'll be no need for polls or for

experts to go into a huddle. It can

be nothing but "man's best friend"

And I'm here to state that that

election will beat by a furlong the

goldenrod to which we cling as the

mite surprised that author Quen-

tin Reynolds has let his libel suit

against Pegler go to trial. This one-

time gifted sportswriter in whom

the milk of human kindness appears

to have curdled, turning his hand

to villification, vulgar name-calling

and verbal abuse, is about to learn

call living men "yellow cowards"

as it is to villify Franklin Roose

FDR was dead and in the grave.

### Buick now outsells all other cars in its price class and above

Vou've probably noticed it right I in your own neighborhood.

Bright new Buicks appearing here, there, everywhere. And more and more of them in recent weeks.

Know what's happening?

Folks in growing numbers - (and maybe you'll be joining them soon!) -are finding Buick styling, performance and value far too wonderful to pass up.

So Buick is selling at a record paceoutselling all other cars in its price class and above.

Matter of fact, latest figures for the first quarter of 1954 show that, in total national volume, Buick is outselling every other car in America except two of the so-called "lowprice three."

A look and a ride and a peek at the price tag will be all you'll need to know what's back of this best-selling success.

There's styling in Buick that's the greatest beauty advance in years the very look of tomorrow-and with the spectacular panoramic windshield that's part and parcel of this dream-car look.

There's performance in Buick as never before - with record-high V8 power, with the sensationally smooth

Sales are Soaring!

whip of Twin-Turbine Dynaflow,\* with the buoyant ride of all-coilspringing, with a new precision of control and handling.

And there's value in Buick that's hard to match—with prices starting near the "low-price three" - prices that buy more Buick beauty and power and thrill and sheer automobile than smart money ever bought before.

### How about you?

Are you ready, willing and waiting to be shown that this best seller called Buick is the buy of the year for you, too? Drop in this week, or give us a call, and we'll arrange a demonstration.

### For Inactive Accounts

Frankfort, Ky., May 10 - The State Investment Commission ordered that all current cash holdings, not required for immediate cash outlay, be invested in short-term interest-bearing government bonds or notes.

The commission, composed of Gov. Lawrence W. Wetherby, chairman; State Treasurer Pearl F. Runyon and Commissioner of Finance George T. Stewart, decided that funds on deposits in "inactive" accounts amounting to several million dollars- and yielding no interest return, might well be invested at interest where not immediately required to meet governmental

### NOTICE TO BIDDERS

Bids will be accepted by the Floyd County Board of Education until its next regular meeting June 1, 1954 on completion of the Betsy Layne consolidated school lunch rooms. Plans and specifications are on file at the office of the County superintendent. The Board reserves the right to reject any and all bids.

What's more, its M. B. Holifield wrote Keller:

tion was based on one of the most history of American conservation. term.' around said house seat to the This program proved that Ohio fish were dying of old age.

> The story really begins in 1930 when the state ran a series of tests one lake for an experiment in liberalized fishing; more and more lakes were added, then streams. Now public water in Ohio is wide open.

Biologists have learned that the hook and line is one of the least efficient tools ever devised. Less than one per cent of Ohio's fishermen ever became adept enough with it to consistently take the bag limits that were then in force. This nsignificant harvest was no menace to the fish population. It didn't begin to stack up against the fantastic reproductive power of fish.

Does this mean liberlization can be applied everywhere? Probably not. In fact, scientifically speaking, there is no guarantee that liber-3-6-3t. alization is the long-run answer in Ohio. It may be, but that remains to be seen. And what is true in may not be true in other states. But it's worth finding out

Over much of our country, and in the waters most of us must fish most of the time, liberlization offers real promise of more fun and-for those good enough to capitalize n it-longer stringers.

### GIRL SCOUT NEWS

A four session course in troop camp training for leaders, troop committee members and Scout volunteer workers in the Sandy Valley Council has been completed. Miss Barbara Goddard, executive dihector of the Council gave the course, which was concluded with an overnight story at Camp Chatterawha on Dewey Lake. Twenty adults completed the course: Mesdames Everett Johnson, William Mize, Pikeville; Russell Hall, Roy Souleyrette, Mazella Miller, K. M. Wilkerson, Sarah McQueene, Gordon Branham, Creed Oney. John Parker, Frank Damron, Steve Clark, Wheelwright; Clyde Allen, Carl Martin, John Sammons, Z. A. Burcham, Martin; William Crawford, David; Woodrow Burchett, Jim Bob Hurt and Edward P. Hill, Prestons-

A Court of Honor is planned by the Prestonsburg neighborhood for May 16. This will be held at the Methodist Church.

Plans for Girl Scout Rally Day and dedication of Camp Chatterawha are going forward. This will be at the camp on Saturday, May 16. Rally Day starts at 10 a.m., with the camp dedication at 2 p.m. The public is cordially invited to attend the dedication.

Wet flies and small floating lures will take more bluegills than live bait, with the possible exception of crickets and little grasshoppers.-Sports Afield.

Mule deer have antlers that fork repeatedly, instead of growing points from the main beams as those of the whitetailed deer do.-Sports Afield.

# 0.000,000

Yes, over \$460,000,000 was spent in Kentucky last year through the travel industry. That's a lot of dollars . . . and it takes a lot of doing to keep these dollars flowing . . .

Your state government feels that it is in a partnership with the owners of hotels, tourist courts, restaurants and other businesses that cater to the traveler and with the Kentucky State Chamber of Commerce and local organizations to promote the travel industry and to serve those who want to visit over Kentucky.

The Kentucky Division of Publicity wages an all-out campaign to attract tourists into Kentucky, and its national advertising campaign has resulted in an average of 120,000 inquiries from out-ofstate tourists annually.

Through the Division of Parks, your state government has built a system of state parks that are attracting national attention and aiding in bringing many thousands of visitors into Kentucky each

The travel industry is big business, and its benefits reach into many communities and rewards flow from it into many pockets. Let's take care of the visitors . . . treat them right so that they will go away pleased, will return themselves and send others to us.

Give them a full measure of true Kentucky hospitality.

### Short Strawberry Crop Seen; Drought Blamed

Frankfort, Ky., May 10-Advan dications point to a commerical strawberry crop in Kentucky of no more than 55 per cent of normal M. J. Vinson, director of the division of markets, in the State Department of Agriculture, reported.

A survey made by field men of the department in the eight commerical producing areas of the state brought forth an estimate of 1,790 acres of berries-little above-one half the average acreage of the past four years. However, last year's average was only approximately 62 per cent of the normal production with a total of 2,055 acres being harvest for commerical pur-

He attributed the marked decline to severe drought conditions during the last two growing seasons and the shortage in labor supply. A large pool of seasonal labor is required during the picking and crating operations.

Vinson estimated the 1954 crop at 65,000 crates-with an expected yield of 25 crates an acre, compared with 40 crates last year and a fouryear average of 60 crates.

Farmers in Rowan and adjoining counties have signed up to grow 40 acres of commerical beans.

### Stop Taking Harsh Drugs for Constipation

Avoid Intestinal Upset! Get Relief This Gentle Vegetable Laxative Way!

For constipation, never take harsh drugs. They cause brutal cramps and griping, disrupt normal bowel action, make re-peated doses seem needed.

When you are temporarily constipated, get sure but gentle relief-without salts, without harsh drugs. Take Dr. Caldwell's Senna Laxative contained in Syrup Pepsin. The extract of Senna in Dr. Caldwell's is one of the finest nature.

Dr. Caldwell's Senna Laxative tastes good, gives gentle, comfortable satis-lying relief of temporary constitution for every member of the family. Helps you get "on schedule" without re-peated doses. Even relieves stomach

sourness that constipation often brings, Buy Dr. Caldwell's. Money back if not satisfied. Mail bottle to Box 280, New York 18, N. Y.

# IT'S AMERICA'S "BEST SELLER"

# Because it's America's Best Buy

Ford has pioneered in bringing the most worth-while things to the most people . . . and more and more people are now buying Fords

OR A LONG TIME, people have recognized I that Ford is the "Worth More" car. And they have been expressing their preference in a great and growing volume of purchases.

The reason is simple. More and more people have found in Ford everything they want and need. They have found that Ford offers exterior beauty that has set the trend for the industry . . . interiors that are so colorful and in such good taste that just sitting in a Ford is fum.

If you're in the market for any new car, you'll be missing something if you don't come in and value-check a Ford point by point. And when you Test Drive a Ford and find out what a brilliant performer it is, you'll really understand why Ford is America's Best Seller and America's Best Buy.

In the first place: Ford offers the two most modern engines in the entire industry: the completely new 130-h.p. Y-block V-8 and

the outstanding new 115-h.p. I-block Six.

As for comfort—Ford is the only car in its field with Ball-Joint Front Suspension. This amazing new principle provides a degree of handling and riding ease that cannot be equalled in any car without this new suspension system.

Choice, too, is a department where Ford excells. You'll find just exactly the car for you among the 14 body styles and more than 100 body color and upholstery combinations in Ford's three great lines.

And consider these facts, too. Ford is a completely modern car. The advanced fine-car features that make it "Worth More" when you buy it, will also make it "Worth More" to someone else when you sell it.

Why not accept our invitation to Test Drive a '54 Ford. We believe that you've never driven a car in Ford's field that is in any way comparable.

### FORD'S OUT FRONT
