SPEAKING OF AND FOR FLOYD COUNTY

THURSDAY, FEBRUARY 11, 1965

This Town . . . That World

Fellow told me that he ducked a snowball, several days back, and got hit with a campaign promise.

HINTS OF SPRING

At least two persons in this vicinity have, within recent weeks, been telling me about robins appearing in their yards, and one told of bluebirds paying a visit. These are harbingers of spring, even if they do show up in a snowstorm, but I didn't get excited. What moved me was the peeping of the peepers in the little run back of our house, last Sunday night. They gave only four peeps, the first night, the fifth note probably freezing in their throats, but the next day they were doing a right lusty job of it. Today, a wasp persisted in keeping me hep to the situation, and a friend remarked that if we didn't start our fishing soon the water would get too warm.

None of these things is a sure sign of spring, but altogether they add up to what you may have already guessed: Spring is a lot nearer than it was—or will seem, if it snows tomorrow, as predicted.

Speaking of fishing, did you hear about the woman who kept complaining to her husband that she couldn't keep her bobber from sinking?

ON HAIRCUTS

We fathers who don't like our sons' haircuts or the lack thereof are in a pretty sad fix. I am, at any rate.

I have been tempted to bark to 'way back when and advise my son to imitate his old man, but recollection of my experiences in the matter stopped me in my tracks. I was reminded (See Story No. 4, Page 6)

CANDIDATE QUIZ SLATED

Floyd Ministers Ask Candidates for Office To Appear at Meeting

Candidates for countywide office are being invited by the Floyd County Ministerial Association to meet with ministers and a selected group of Christian laymen at the courthouse here and to state their position on vital matters of county government.

Letters inviting the candidates to meet at the courthouse on Sunday, February 21 at 2:30 p.m. for that purpose were being mailed this week by the ministerial association to each candidate known to be seeking countywide office. Candidates for district office are not being contacted.

Specifically, each candidate will be asked to state his concept of his responsibilities as an official and what he proposes to do, if elected. A question-and-answer period will follow.

The meeting will not be open to the public, since, it is explained, its purpose is not to serve as a public forum or as a political rally.

PLAN FOR CITY PARK HERE TOLD BY MAYOR

The city park planned by the city of Prestonsburg, and on which work has been started, will provide areas of activity and recreation for every age group from the toddler to the very aged. Mayor George P. Archer recently said in his "State of the City" address before the Kiwanis Club here.

SAY 90% POLLUTION FROM VIRGINIA MINES

PROBE MADE OF SITUATION ALONG RIVER

Pollution Commission Cites Pike Operations In Alleged Violation

Not more than 10 percent of the coal-waste pollution of the Big Sandy river is coming from Kentucky mines.

So agreed David Sebree, assistant attorney general assigned to the Kentucky Water Pollution Commission, and the Commission's chief field engineer, W. W. Smithers, in a discussion of the situation with The Times last week.

The two men came here Friday, immediately after concluding a survey of Kentucky mines in the Big Sandy watershed. They also inspected Virginia mines.

Most of the trouble, the two agreed, starts with mines in Virginia. "Kentucky mine pollution compared with Virginia's is like a garden hose alongside a river," Sebree said.

At the time the two made their tour the Levisa (main Big Sandy) was running black but the Russell Fork, where stream pollution from coal wastes has been marked in recent years, was blue, they said. "If the pollution now visible, coming out of Virginia, continues on the Levisa, the lake to be created by Fishtrap dam will be just that—a fish trap," Sebree remarked.

They said that Central Quality Coal Company (formerly the Johnson Mining Co.) and Utilities Esco in Pike county have been cited to appear before the Commission.

In Floyd county, they said, the Stephens Elkhorn Coal Company was in violation after a line conveying washings into a pond became frozen and the waste went into the creek. At Wayland they were told, they said, by a number of persons that the creek had been running black, but no evidence of violation was found. The dumping site above the Steele's Creek preparation plant of the Evans Elkhorn Coal Company is a bad location, they added. Acid water from a Princess Elkhorn mine on Rough and Tough fork of Middle Creek presents a problem which will require much effort to solve, they indicated.

But, on the whole, the two said they found Floyd county and other Kentucky counties in the (See Story No. 5, Page 5)

Jaycees Pledge \$1,000 On Park Construction; Archer Explains Work

The Prestonsburg Junior Chamber of Commerce at a meeting Monday evening voted to pledge \$1,000 on the construction of the proposed city park on the Middle Creek road. Ted Hicks, president of the civic organization, in announcing the pledge, noted that a fund drive by the Jaycees will get under way soon.

Alby Burchett, Estill Lee Carter and Richard Harmon were named a committee of three to organize and conduct the drive.

Mayor George P. Archer was guest speaker at the meeting Monday and showed plans for the park.

Hicks, in commenting on what use would be made of the funds sought, noted that it would be chiefly used in constructing a projected eight tennis courts in the playground.

REED HEADS SEAL DRIVE

Easter Seal Appeal For Crippled Children Set Mar. 1 To Apr. 18

B. F. Reed, of Drift, has been named chairman of the 1965 Easter Seal Appeal for crippled children in Floyd county, according to Dr. Kelly Thompson, Bowling Green, state chairman. Mr. Reed served as chairman in this county in 1963 and 1964 and is a member of the board of directors of the Kentucky Society for Crippled Children.

Dates for the 1965 campaign have been set for March 1 through April 18, Easter Sunday. During that period, Easter Seals will be mailed to half a million Kentuckians along with a letter asking for contributions to further the work of the Kentucky Society for Crippled Children.

Each year more than three thousand physically handicapped children and adults in Kentucky benefit from services provided by the Society. Dr. Thompson said, Easter Seal funds last year financed hospital and medical care, therapies, recreation, residential camps, special schooling, and hearing and speech services for 3,180 children and 379 adults crippled by many causes.

Facilities owned and operated by the Easter Seal Society include Cardinal Hill Convalescent Hospital and Cardinal Hill Nursery School, Lexington; Hearing and Speech Center, Louisville; Northern Kentucky Treatment Center and Opportunity School, Covington; West Kentucky Center for Handicapped Children, Paducah; and Camp Kysoc, Carrollton.

Dr. Patton To Lead In Allen Revival

Dr. Russell R. Patton, superintendent of the Ashland district of the Methodist Church, will occupy the pulpit during revival services at the Allen Methodist Church, beginning February 21 and continuing through February 28. Services will be held daily at 7 p.m.

The pastor, the Rev. James Stratton, invited the public to attend these services.

MARTIN MAY BUILD 5-STORY STRUCTURE

The Big Sandy valley's tallest building may result from action taken Saturday morning by the City Council of Martin in a special session.

The Council authorized the Martin Municipal Housing Commission to procure the services of an architect to plan a five-story structure for housing for the aged.

Federal authorities at Atlanta, it was said by Mayor John Roberts, view with approval a project there for housing for the aged. Told of the scarcity of sites, federal representatives suggested the multi-story structure which will require less land area.

If built, the housing structure will be located at the rear of the parking area which has been

WOMAN YET UNCONSCIOUS

Hearing Set Feb. 22; Hyden and Diles End Terms, To Face Trial

Mrs. Catherine Pennington Akers, 23, remains unconscious and in critical condition at the University of Kentucky Medical Center, Lexington, as the result of a skull fracture received when she was beaten at her home on the Middle Creek road, near here, January 30.

Deputy Sheriff Lonnie Herald said the Sheriff's office was told Tuesday that her recovery is extremely doubtful.

Willie "Jap" Harris, who is accused of having beaten Mrs. Akers with a piece of 2x4, is in jail, held without bond to the action of the April grand jury. He has denied guilt. Mrs. Maude Fitzpatrick, owner of the separate homes occupied by Mrs. Akers and her children and by Harris, is under \$5,000 bond to appear for examining trial before County Judge Henry Stumbo, February 22. Deputy Sheriff Sam Hale said both she and Harris told him the woman had fallen and injured her head, and Mrs. Fitzpatrick is charged with aiding, counselling and advising a person in the commission of a felony.

(Mrs. Akers' maiden name was erroneously listed in The Times last week as Coffey. Before marriage she was Catherine Pennington.)

Joe Wheeler Hyden was returned here Tuesday night from Indiana by Sheriff Henry C. Hale to stand trial on a manslaughter charge in connection with the death on January 19, 1963, of James Marcum. Hyden was claimed by Floyd county upon his release from Indiana state prison at Pendleton, Indiana, where he had served a term.

Next day, Sheriff Hale left for Atlanta, Georgia, to return to this county James Richard Diles, who is charged with breaking and entering. Diles only this week concluded a federal prison term at Atlanta, the Sheriff's office said.

TRIO METED PEN TERMS

Blaine Bank Bandits Are Given Sentences In Catlettsburg Court

Haskel Cordle, Jr., 47, of Ashland, was convicted Tuesday of last week at Catlettsburg of bank robbery in connection with the \$19,900 robbery of the Bank of Blaine last July 14.

Cordle, Ezekiel Canterbury, 33, Dingers, West Virginia, and Chester Lee Simmons, 22, Lake City, Michigan, who had pleaded guilty earlier, were sentenced to 20 years each in federal prison.

A U. S. District court jury of eight men and four women deliberated 52 minutes after having heard five days of testimony.

The defense contended that Cordle was in Ypsilanti, Michigan when the bank was robbed. Cordle testified to this Monday.

Judge Bernard J. Moynahan said, "This is a most serious case. It reflected an act of three desperate men. The court doesn't know what may have happened if anyone had disputed your right to the money."

The Judge noted that a woman in the bank was shoved and that a loaded shotgun was found in the abandoned get-away car.

Moynahan called Cordle the ringleader. (See Story No. 7, Page 5)

Language Instructor Awarded Fellowship

On recommendation of the University of Kentucky's Faculty Research Fund committee, Randall Sipes, instructor in Spanish and French at Prestonsburg Community College, has been granted a summer research fellowship in the amount of \$1,200.

Announcing the grant, Dr. John W. Oswald, president of the University, said, "This is an important part of a program which is aimed to strengthen the research productivity of the faculty of the University of Kentucky."

Mr. Sipes expects to leave shortly after the end of the year of college work here next May. He, Mrs. Sipes and daughters, Leisha and Brynda, will go to Ann Arbor, Michigan, where he will study and do research in comparative linguistics under terms of the grant.

GOBLE DIES IN JOHNSON

Former Floyd Jailer Heart Attack Victim At Daughter's Home

Elijah (Lige) Goble, 90, formerly of the Cow Creek section of this county, died Friday at the home of a daughter, Mrs. Stonewall Cline, Lowmansville, Johnson county. Death was due to a heart attack.

Mr. Goble served a term as Floyd county jailer in the mid-thirties. Most of his life was spent farming and logging.

He was a son of Isaac and Sue Woods Goble. He was twice married, first to Pearlie Kendrick, who died in 1943. His second wife, Ida Reflett Goble, also preceded him in death in 1954. He was a member of the Free Will Baptist Church for 15 years.

Surviving sons and daughters are Ollie Goble, of Ivel, Larcie Goble, of Emma, Mrs. Woodrow Garrett, MacArthur, Ohio, Isaac Goble, George T. Goble, Eddie Goble, all of Lancer, Raymond Goble, Columbus, Ohio, and Johnnie Goble, Little Rocks, Virginia, and Mrs. Cline, Two brothers, Willie Goble, of Lancer, and Anderson Goble, in Ohio, survive.

Surviving step-sons and step-daughters are Dan Goble, Prestonsburg, James C. Goble and Mrs. Lula May Johnson, both of Los Angeles, California, Mrs. Eralm Oliver, Welch, West Virginia, and Mrs. Steve McCabham, Dayton, Ohio. Sixty grandchildren, 98 great-grandchildren and six great-great-grandchildren survive.

Funeral rites were conducted Monday at 1 p.m. from the Cow Creek Free Will Baptist Church, the Revs. Henry Crider and William Amburgey officiating. Burial was made in the Goble cemetery on Cow Creek under the direction of Carter & Callihan Funeral Home.

TWO PLANTS ARE SLATED

Lycoming Shoe Plans Factories In Region Breathitt Announces

The Lycoming Shoe Company plans to build manufacturing plants at Paintsville and West Liberty which would provide employment for up to 600 persons.

The plans were announced jointly last Thursday by Gov. Edward T. Breathitt and Paul Williams, chairman of the board of the company, which makes children's shoes at Williamsport, Pennsylvania.

"These new plants will be an important step in fulfilling Eastern Kentucky's potential for industrial growth," Breathitt said. "The jobs and payrolls they will provide will be of great benefit" (See Story No. 8, Page 3)

BOYD DEATH HELD SUICIDE

Body Found at Home Behind Locked Door; Note Left Relatives

Hazzie Boyd, 29, whose body was found in a locked room of his home near Bonanza Sunday afternoon, with a gaping shotgun wound in his chest, died by his own hand, a jury empaneled by Coroner James J. Carter held.

A pencilled note to his mother, his mother-in-law and his wife, concluding with the words, "I am dying for true with love," convinced authorities that the shot was self-inflicted.

Boyd had been dead from 24 to 36 hours when his body was found, it was said. He was first discovered by a man named Cole who went to the home, called (See Story No. 3, Page 8)

JUDGE CONLEY SETS EXECUTION APRIL 9

Roy Salisbury Taken To Eddyville Prison Wednesday Morning

Roy Salisbury, convicted slayer of Mrs. Mallie T. Denney, was taken to Eddyville prison Wednesday by Sheriff Henry C. Hale and Jailer Lawrence Hale. His execution date has been set for April 9.

Salisbury was removed from the county jail here at 4 a.m. for the trip to Eddyville.

From Eddyville Sheriff Hale continued to Atlanta, Georgia, where he claimed James Richard Diles whom he will return here for trial in April.

DEATH VOTE GIVEN AFTER 9-HR. STUDY

Plea for New Trial, Appeal Are Expected From Verdict of Jury

A jury of 12 Pike countymen early last Friday night condemned Roy Salisbury, 34, of Drift, to death in the electric chair for the shotgun slaying of Mrs. Mallie T. Denney, one of three persons who were shot to death near Drift last April 23.

The verdict was announced at 8 p.m., approximately nine hours after the all-male jury began its deliberations. The accused man received the verdict without sign of emotion.

Salisbury was brought into court Monday morning when Circuit Judge Hollie Conley pronounced sentence upon him and set April 9 at the date for his execution at Eddyville state prison.

Asked if he had any statement to make, Salisbury replied in the negative. When Judge Conley again asked if the condemned man had a statement to make, the prisoner flinched and said, "No—you know as much about it as I do."

He is expected to be taken to Eddyville this week. His attorney, Burnis Martin, said he will file motion for a new trial and, if this fails, the case will go to the Court of Appeals.

The long search for a jury ended, Wednesday afternoon, and the hearing of testimony consumed only a single day, with the defense presenting its case Thursday night, Friday morning, Commonwealth's Attorney Harold J. Stumbo and W. W. Burchett argued the case for the state, and Burnis Martin presented the defense argument. The jury began its deliberations, shortly before 11 a.m.

On two occasions the jury reported that it was unable to agree. A large gathering inside the courtroom and elsewhere in the courthouse awaited the decision with an almost palpable degree of tenseness, but as the hours wore on the feeling developed among many that a life sentence or a hung jury might be the final outcome.

As the verdict was announced, the sound of crying was heard in the courtroom, but members of Salisbury's family remained silent.

The only admitted eyewitness was Hawk Osborne, whose testimony follows, in brief:

Members of the Salisbury family had been to the scene of the slaying where Mrs. Denney, her husband, Roy R. Denney, and Thomas S. Combs, an engineer, were establishing a boundary line, and talked with them. They left, passing the home of his sister where he was staying. Later, he saw Roy Salisbury coming from the home of his father, Tom Salisbury, armed with "a big shotgun." Salisbury walked around the hill to the end of a small shed or barn, raised the gun and fired. Mrs. Denney was shot first, then Combs who fell into a ditchline. Salisbury went on and got into the ditch where Combs lay, meanwhile firing. A pause in the firing, then followed the shooting of Denney.

Osborne testified he did not see Roy Denney fall but that he heard him moan as the shots were fired.

County Judge Henry Stumbo told of getting the shotgun from the Tom Salisbury home, testifying that Mrs. Darlene Martin, sister of the accused man, pointed the weapon out to him when he asked where the shotgun was.

State Detective Chester D. Potter described the slaying scene, using a diagram of the spot, showing where the bodies of the three victims were found and where the shotgun charges struck each of the three. He testified of finding four of seven empty cartridge cases on the ground at the scene of the shooting. Sheriff Henry C. Hale told of finding the other three. (See Story No. 1, Page 8)

FLOYD INCOME TAX TOTAL ANNOUNCED

Seven Kentucky counties, one of them in Eastern Kentucky, paid more than one million dollars in state income taxes in 1963. Three of these counties, Jefferson, Fayette and Kenton, paid more than one half the \$42 million the state collected. Floyd county, with 3,438 taxpayers required to pay, paid \$268,470.

The figures are from a study made by the Kentucky Department of Revenue and released recently.

Boyd is the only Eastern Kentucky county passing the \$1 million figure. Jefferson county taxpayers paid \$1,535,431; Fayette, \$3,634,369; and Kenton, \$2,236,432. Jefferson county had 162,251 taxpayers. The three other Kentucky counties paying more than \$1 million are Campbell, Daviess and McCracken.

The study is an indicator of the economic conditions of certain counties. The greatest concentration of low income tax paying counties is in Eastern Kentucky. Owsley county had only 186 taxpayers who paid in \$7,970. Taxes and taxpayers were low in Wolfe and Menifee counties. The former, with 261 taxpayers, paid \$15,606. Menifee had 203 taxpayers who contributed \$9,076.

Taxes collected and the number of taxpayers in Eastern Kentucky counties, with the amount listed first and the number of taxpayers second, follow:

Bell, \$210,288, 2,581; Breathitt, \$38,902, 618; Carter, \$104,331, 1,611; Harlan, \$299,556, 3,862; Jackson, \$22,619, 422; Johnson, \$112,407, 1,630; Knott, \$39,552, 793; Knox, \$96,977, 1,467; Laurel, \$158,504, 1,976; Lawrence, \$53,604, 812; Lee, \$31,567, 505; Leslie, \$16,534, 402; Letcher, \$166,138, 2,202.

McCreary, \$34,862, 549; Magoffin, \$24,733, 475; Martin, \$24,421, 376; Morgan, \$31,905, 519; Perry, \$184,894, 2,481; Pike, \$390,849, 5,440; Powell, \$33,640, 622; Rockcastle, \$40,836, 777; Rowan, \$39,776, 1,362; Wayne, \$49,282, 852; Whitley, \$168,267, 2,492.

SALISBURY 3rd GIVEN DEATH IN 164 YEARS

Roy Salisbury last Friday became the third man in the 164-year history of Floyd county to hear a jury's verdict condemning him to die for the crime of murder.

And he was the second Floyd man to be condemned by a jury from Pike county.

The first to be executed was Gus Finley, who was convicted September 16, 1834, by a jury of Floyd county and hanged here on April 17 of the following year.

Forty-seven years later—on Thanksgiving Day, 1832—a jury brought here from Pike county held Ishmael Scott guilty of the murder of Martin Stephens, Garrett merchant, and set his punishment at death in the electric chair. Scott was executed at Eddyville, the following year.

The execution of Finley, who was convicted of fatally shooting a youth named Jim Hunt, at Ivel, was public and was witnessed by hundreds of persons. The event has become in the years since then the subject of many the tale, some tall and apocryphal, others based on truth. His predicament, made from the scaffold, was known to have really been

MAY READY TO RETURN

Is Word Received Here From Louisville; Trial Seen at April Session

Psychiatrists who have been studying the mental condition of Headman May, accused slayer of Mr. and Mrs. A. B. Hobson at Harold, have notified Floyd authorities that he is ready to be returned to jail here and is ready to stand trial.

May was committed February 2 to Central State hospital, Louisville, for 35 days' observation, but the time of his stay there was cut short by word from doctors who observed him. Sheriff Henry C. Hale will probably return him to jail here this week.

Commonwealth's Attorney Harold J. Stumbo said this week that the jury for his trial will be qualified as willing to inflict the death penalty if the evidence warrants that penalty. His trial, it was indicated, will be set for the last week of the April term of circuit court.

SPORTS CHATTER

By GORDON MOORE

MEADE HERE FRIDAY NIGHT

The Meade Memorial Red Devils, considered one of the 15th region's strong contenders for the regional tournament title, play in Prestonsburg twice within the next five days.

Friday night, the state's 25th-ranked team tangles with the Black Cats in a single game at 8. Next Tuesday night, in what should be the biggest double-header of the season, Martin vies with Meade in the first half of a 7 p.m. doubleheader and in the second Prestonsburg clashes with the powerful Ashland Tomcats, ranked No. 2 in Kentucky.

Meade has twice been beaten by Martin, once in the semi-finals of the Jenny Wiley tournament on the same Prestonsburg floor, and again by 39 points in the Paintsville invitational tournament, when star center Alvin Ratliff was out of the line-up. Ratliff, a 6-5 senior all-round player and considered the top college prospect in the area, is back in the line-up but is now playing with a cast on his arm. He has scored 34 points in Meade's last two victories.

Pete Grigsby's McDowell Dare Devils won the Floyd county conference championship by edging Wheelwright, 66-64, Monday night. They posted a 7-1 mark, losing only to Prestonsburg. Denzil Halbert's Martin Purple Flash finished in the runner-up position and Prestonsburg was third.

Only one game per season against a county opponent counts in the league standings. The finals of the Floyd county grade school basketball tournament will be played in the Prestonsburg fieldhouse at 7:30 p.m. Saturday. Martin grade nipped Clark elementary Monday night and Prestonsburg squeaked by

Garrett. They will play in the 7 p.m. game Thursday night.

Wednesday night, Maytown plays Banner at 7, and McDowell tangles with Wayland at 8. The two winners will clash in the second game, Thursday night.

Saturday night's winners will advance to the regional tournament in Morehead, February 17-20. Martin, the leading prep team in the state in games won at 25, is now tabbed as the 14th best team in the latest Courier-Journal Lit-Ratings. Mullins, another 15th region team, is in 23rd position.

The three leading candidates for the annual all-state basketball team from the 15th region are Martin's Larry Hall, Prestonsburg's Freddie Setser and Meade Memorial's Alvin Ratliff. Bob Tallent, now a freshman star on the University of Kentucky freshman team, was the region's lone player on the “dream team” last season.

Clark Invitational For Grades Slated

The new Clark elementary school on Middle Creek will be host to the Clark invitational grade school tournament, beginning Friday night, this week.

Prestonsburg grade school will meet Salyers elementary from Royalton and Clark will play Oil Springs in the opening round. The finals will be played Saturday night.

CARD OF THANKS

We wish to take this means to express our thanks to everybody who aided or assisted us in any way during the illness, death and funeral of our beloved Lonnie Clifford Adkins. We wish to thank the minister, Rev. Green Boyd, all who sent flowers or assisted in any way. Especially we thank the Hall Brothers Funeral Home for its fine and efficient service.

QUESTIONS

If the federal government can say, and mean it, that a given community must construct a sewer system and a sewage disposal plant at great cost to the people for the purpose of halting pollution of a stream, why cannot the same government direct with like authority a coal company in Virginia to take whatever measures are necessary to halt its pollution of a stream which is polluted not only in that state but also when it enters neighboring Kentucky?

Virginia is a member of the Ohio Valley Compact. But Richmond, Virginia is not only far away in miles but also far distant in its thinking on stream pollution when the mountainous areas of Western Virginia and Eastern Kentucky are affected. This Ohio Valley Compact, as we understand its origins and purposes, is dedicated to the protection of the entire Ohio River watershed. Then why does it continue with a see-no-evil, know-nothing, do-nothing policy?

Since we are asking questions, we add this one: Why doesn't the Ohio River Compact take federal action against the state of Virginia and thus force that state to take steps to control its industries in their work of mass pollution?

An investigation made only recently by the Kentucky Water Pollution Commission shows that at least 90 percent of the pollution of the Big Sandy river and its tributaries by coal-mine wastes is coming out of Virginia. And Kentucky is powerless. It cannot enforce anti-pollution laws in Virginia. It has no streams running into Virginia, and so is powerless even to retaliate, if retaliation would do any good.

The federal government needs to do some serious thinking as millions are about to be spent toward what is hoped to be the reconstruction and rehabilitation of Appalachia, of which this area is a part. This includes human as well as natural resources, with planning centering on the construction of highways; the development of the region as a giant center for tourism, emphasizing the natural beauty of this corner of the United States; work toward curbing stream pollution and healing the scars left by augers and shovels used in coal mining; the retraining of the thousands left jobless because of automation, and the improvement of educational facilities for many other thousands on whom the progress and economy of the region will heavily depend in the years ahead.

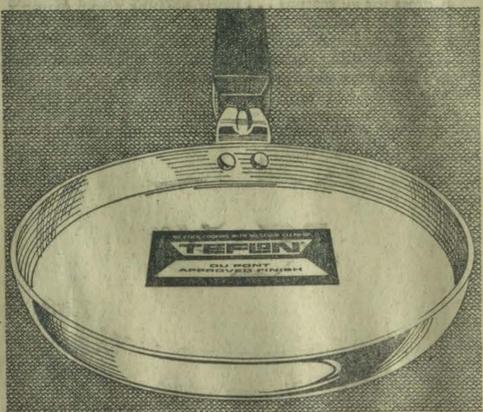

But are these new roads to be built only to export raw materials in continuance of a generations-old violation of Appalachia's needs and rights? And are millions to be spent beautifying here in one spot while ugliness is created there in another?

Money will not cure Appalachia's ills, but it will help. A concerted effort on the part of government, state and federal, and the people will make effective and of real value the money to be spent.

The problems must be attacked, intelligently and systematically, and all down the line, not merely in isolated pockets or in individual instances.

Stream pollution is only one instance of the need for sound planning and concerted effort, all up and down the long front.

Charles Sinnette, Ashland, court-appointed attorney for Simmons and Canterbury, asked clemency for Simmons because he had no previous police record and for Canterbury because of his cooperation with the court.

The court noted that Canterbury had been in prison twice since 1956. It also noted that Cordle was in federal prison from 1937 to 1943 on charges of car theft and escape and that he was acquitted in Portsmouth, Ohio, on April 18, 1863, on a charge of armed robbery.

A sister of Cordle testified that her brother was not one of the two men she saw in front of the Bank of Blaine shortly before it was robbed.

Mrs. Janie Alley, of Boyd county, told the jury she passed within five to 10 feet of the men and was sure her brother wasn't present.

Cordle testified Monday that he was in Ypsilanti the day of the robbery.

They were together several days in July, Cordle said, but he left them and visited a sister, Nannie Mae Griffith, near Blaine then went to visit another sister in Ypsilanti, leaving Blaine July 13 and arriving in Ypsilanti July 14.

He said he stayed overnight then returned to Eastern Kentucky where he met Canterbury and Simmons July 16 at Hitchens. They parted again that day at Ashland, he said, and he returned to Ypsilanti.

Cordle said Canterbury and Simmons had no money in early July but had enough to buy a 1958 automobile at Ashland July 16. Canterbury earlier testified he bought the car.

Cordle said he borrowed \$1,000 from a sister in Michigan and \$1,100 from a brother at Ashland then met his wife, from whom he had been separated, and they moved to North Carolina. He said he borrowed the money to open a bakery.

He claimed he knew nothing about the robbery of the bank until September 11, the day before he was arrested.

Neither of the three men showed any sign of emotion when they heard Judge Moynahan pronounce sentence on them.

W.S.C.S. MEETS

The W.S.C.S. of the Community Methodist Church met Tuesday, February 2, at the church. A short devotion on "Forgiveness" was given by Mrs. Betty White. The secretary's report and treasurer's report were given by Mrs. June Cooley. No business was discussed at this meeting. The group adjourned to the basement for a dinner provided for the ladies by the men of the church. Those men taking part and sending food were Roger Spradlin, Eddie Ward, Jim Derosssett, John Warrick, Vincol Cooley, Ronald Cooley, Floyd Tackett, Buck Mann, Oscar Collins, Ray Meade, Hern Burke, Z. S. Dickerson, Larry Mann, E. B. May, Jr. The women who enjoyed this hospitality were: Betty White, Loretta Meade, Bertha Dickerson, Fred Dickerson, Pearl Crum, Ernestine Collins, Jean Burke, Violet Ward, Leslie Burke, Sue Spradlin, Nancy Tackett, June Cooley, Mary Mann, Mary Beth Mann, Mary May, Allie Spradlin.

**Visiting Regulations
Revised At McDowell**

The McDowell Appalachian Regional hospital has found it necessary to revise its visiting regulations in order to assure good patient care, it was announced this week.

The following visiting regulations are announced:
Visiting hours will be from 11 a.m. to 8 p.m.; no visitors under 16 years of age; stop at desk for pass; two persons may visit a patient at one time.

The only exceptions to these regulations will be that one patient will be allowed to remain with small children where such a recommendation has been made by the attending physician. This same exception would apply to critically or seriously ill patients.

SUFFERS FRACTURE

Mrs. Doll Hyden suffered a leg fracture last Friday when she fell at West Prestonsburg. She was taken to the Prestonsburg General hospital for examination and treatment. Mrs. Hyden is 81 years old.

**Past District Governor
Of Kiwanis Sets Speech**

(Continued from Page One)

Ted R. Osborn, of Lexington, will speak at the Thursday evening meeting of the Prestonsburg Kiwanis Club, Thursday, February 11, 1965.

The club is observing the golden anniversary of Kiwanis International, and Mr. Osborn is chairman of the International committee for the observance of 50 years of community service by the Kiwanis Clubs throughout the United States and Canada. He is a past governor of the Kentucky-Tennessee district, and is presently serving as secretary.

The Prestonsburg Club was organized in December, 1923. William H. Lane served as the first president. The club has always been interested in community services and has sponsored many projects for the betterment of Prestonsburg and Floyd county. J. Bascom Clark, past president and charter member of the club, recalled this week that the first official project of the club was "a workin'" on the county roads leading to Prestonsburg. The club furnishes milk to underprivileged children of the Prestonsburg grade school, and has purchased more than 500 pairs of shoes and 200 pairs of glasses for needy children. The club also sponsors a Key Club for high school boys in the local high school.

valley in good condition in contrast to the open violations prevailing across the line in Virginia.

Asked what will be done to protect Dewey Lake if mining begins in the Coon Creek section of Pike county where a railroad is being built, Sebree said no new drift-mouth mine will be permitted to begin operation without first providing that no coal washings or other mine waste will enter the stream. This, he said, is being required of all new mining installations of this type. However, strip and auger mining operations do not fall within the jurisdiction of the Pollution Commission, he said. Control of these depend upon the Department of Conservation headed by J. O. Matlock.

that, maybe, my own father might have registered a few protests at my own hair-do, back when a pompadour that swept straight back from the noble brow, crossed the great divide and dropped almost to my collar behind. Have it cut short? Not on your life.

Then came that unexplainable urge to part it in the middle. I set down as envy the pater's remark that fellows who parted their hair in the middle were trying to keep their brains in balance.

Finally, the part up the middle began widening. Tonics, shampoos, even a highly advertised Thermo-Cap and an assortment of greases failed to stop the sad recession. Then came the day when the part went to the side and the hair was pulled carefully across the great, open spaces. Then . . .

Maybe the youngster is no worse than his old man. So I have only one suggestion — quit the barber shops and just go to the nearest service station and get an oil change.

Tree Planting Group Holds First Meeting; Many Agencies Attend

The first meeting of the Floyd County Tree Planting committee was held Friday at the local Division of Forestry offices to plan promotion activities for the spring planting season.

Agencies participating include A.S.C.S., Soil Conservation Service, Division of Forestry, Extension Service, and vo-ag teachers. The purpose of the group is to coordinate the activities of the agencies for the greatest effectiveness in the promotion of the reforestation program.

"Floyd county had a very successful planting season last year when 487,000 seedlings were planted," a spokesman said. "The committee hopes to have an equally good year in 1965 and encourages all landowners to order trees early to ward a last minute rush."

Seedlings are available from Division of Forestry for \$8 per 1,000. Cost-sharing is available for planting through A.S.C. office to a maximum of 5,000 seedlings. Species available include loblolly pine, shortleaf pine, white pine, poplar, walnut, black locust and red cedar.

Landowners can contact Division of Forestry personnel, S.C.S., the Extension office or A.S.C.S. office for information, it is said.

Scalf-Smallwood Wedding Vows Exchanged At Independence, Ky.

Miss Brenda Sue Scalf, of Prestonsburg, and Mr. Edward Leo Smallwood, Independence, Kentucky, were united in marriage, Saturday, January 30 at 3 p.m. The nuptial vows were exchanged at the home of the groom's parents, Mr. and Mrs. W. O. Smallwood, 5416 Madison Pike, Independence. The bride is a daughter of Mr. and Mrs. Henry P. Scalf, Prestonsburg.

An arrangement of white gladioli and pom poms with brass candelabra adorned the living room fireplace for the double-ring ceremony. The Rev. W. A. Stokes, Mt. Vernon, Kentucky, great-grandfather of the groom, officiated. The bride was given in marriage by her father.

Miss Linda Napier presided at the organ and played, "O, Perfect Love," and "Here Comes the Bride." John Alton Stephenson, Erlanger, Kentucky, was the groom's best man.

The bride wore a dress of beau de soie, the train gently circling the waistline and falling to the floor in a long fan. The dress had a scalloped neckline and long pointed sleeves with tiny buttons at the wrist and a circular spray of pink and white pearls, with a double layer of illusion veil, made the finger-tip veil. The bride's only jewelry was a string of pearls which belonged to her grandmother, the late Mrs. Angeline James. The bridal bouquet was an orchid, arranged with a white Bible effect.

Miss Dianne Herald was maid of honor. She wore a street-length blue chiffon dress with a white veil and carried a bouquet of white carnations. The mother of the bride wore a three-piece green and brown suit with brown accessories. The groom's mother wore a three-piece green suit. Both mothers wore corsages of white carnations.

A reception at the Smallwood home followed the ceremony. Mr. and Mrs. Smallwood will re-

electricity cost much more than it does today!

Back in the "Roaring Twenties" \$670 bought a new car... sirloin steak cost 20¢ a pound... and you could build a home for the price you pay today for a car. How times have changed... with one notable exception.

TODAY, THE AVERAGE PRICE OF ELECTRICITY PER KWH IS ONLY ABOUT 29% WHAT IT WAS IN 1929.

Today's average family is using almost 12 times as much electricity... at a much lower price per kilowatt-hour... than it did 35 years ago.

How is this possible when the cost of everything else has doubled and redoubled? Through technological improvements, increased operating efficiency and your greater use of electricity.

and, receiving no response, peered through a window to see the body on a couch. Continued calls falling of answer, he notified the Sheriff's office.

Deputy Sheriff Sam Hale said he arrived at the home at 3:45 p.m. Sunday. He broke the locked door. The fatal shot had been fired from a .12-gauge shotgun. The officer said Boyd, who worked on an unemployed father's project, had \$99 on his person and \$1.40 on the mantel of the room where he lay.

He was a son of Virgil and Vannie Boyd, of Ivy Creek. Besides his parents he is survived by his widow, Mrs. Oma Mae Sturgill Boyd, and three children, John Darwin, 5, Jerry William, 4, and Leona Mae, 22 months; four sisters, Mrs. Ottaway Akers, of Dana, Mrs. Lizzie Belle Lewis, Misses Rosie and Judy Boyd, all of Ivel; and six brothers, Robert, of Ivel, Asbury, of Pishtrap, J. B., of Tram, Raymond, of Chicago, Randy, of Boldman, and Virgil, Jr., of Ivel.

Funeral rites were conducted Wednesday from the parents' residence by the Revs. LePort Adkins and Wallace Lewis, and burial in the Lewis cemetery was under direction of the Carter & Callahan Funeral Home.

CHILD DIES

Sandra Wicker, two-year-old daughter of Frank and Minnie Yates Wicker, Walkersville, Indiana, died Sunday enroute to Fort Wayne (Ind.) hospital. The child had been ill three days. Funeral services were held Wednesday at 10 a.m. at the home of Avanelle Collins, at Mousie, ministers of the Regular Baptist Church officiating. Burial was made in the Chafin cemetery at Mousie under the direction of Hall Brothers Funeral Home.

(Continued from Page One)

Lt. Watson, State Police ballistics expert, identified the empty cartridges as having been fired from the shotgun placed in exhibit. Indentation made by the firing pin and markings made on the rim of the cartridges by the breach block of the weapon were used in the process of identification.

Billy Hall testified that Hawk Osborne was outside his sister's home at the time of the slayings and was in position to witness the shooting.

Willard Hicks, of Langley, gas company employee at a Drift pumping station, told of Roy Salisbury coming to the station. He said he asked Salisbury if he hurt those people and that the other neither admitted nor denied doing so. He added that when he saw Raymond Turner, brother of the slain woman, approaching he told Salisbury that he should hide and that Salisbury remarked, "I was walking when I came here and I aim to walk when I leave."

Jailer Lawrence Hale and his assistant, Glenn Riley, testified that Ray Salisbury brought his brother to jail here and that they asked Roy why he had come, since they at that time had not heard of the triple slaying. They quoted Salisbury as saying, "I got in a little trouble at Drift."

Commonwealth testimony showed that neither of the victims was armed when their bodies were found. The defendant did not testify, nor did his brother or sister. His father did testify, however, and his substantially was his version of the events of the afternoon. He and his wife were at the barn, approximately 1,000 feet from their home, feeding their livestock when they heard shots. They gave no attention to this because shooting in the neighborhood was not unusual. He added that his sons hunted on occasion but that Roy hunted with a green-colored shotgun.

The testimony, reputation for truth and the mental stability of the Commonwealth mainstay, Hawk Osborne, were subjected to strong attack by the defense. Willie Blackburn and his wife, Ethel, testified that at 4 p.m. on the Saturday following the shooting of the three, Osborne told them and two others that if "they" (the authorities) didn't dig up an eyewitness they would have to turn Salisbury loose on the following Monday. When the woman reminded him that others were saying that he, Osborne, saw the shooting, they quoted him as replying, "No, I just heard the shots." Blackburn testified that Osborne said he did not know who was killed until half an hour after the shooting.

Blackburn and Osborne's nephew, Azzie Hall, were used as "character" witnesses in reference to Osborne. Both described his reputation for "truth and veracity" as "not too good."

On cross-examination by defense counsel, Osborne admitted that, a short time before Christmas, his sister went to the Eastern State Hospital, Lexington, and arranged his release. His testimony was attacked, the defense pointing out by testimony of Judith D. Archer, court reporter, that at the examination of Salisbury, Osborne said members of the family argued with the victims, but that in the trial of the case he testified that they talked to them.

The trial jury was composed of these Pike countyans: Colon Zorn, Frank Justice, John Owens, L. R. Thompson, Homer Thomas Black, George Hames, K. Blackburn, Charlie Trivette, James L. Bolser, Hollis Flannagan, Walter P. Walters, Robert Amos, Jr., and Goble Newsome. Newsome, the 13th juror empaneled in the event one of the regular panel became incapacitated, did not enter into the deliberations.

Horse-Lovers To Meet To Organize Group

the second floor a youth center is planned for year-round use.

"We have one person here," Dr. Archer said, "who is a drama major and who has promised to build a stage to small-theatre specifications, and we hope to interest our children in drama, arts and music, and this could be used for plays by high school groups or small children."

He said that the Department of Health, Education and Welfare will send, when the park is completed, a fulltime supervisor to set up a program for the aged and to teach arts and crafts, folk-dancing and other skills and recreations. The Extension Department, University of Kentucky, has supplied a 60-page manual showing how to develop the park.

The children's play area will be planned, he said, for all children, from sand boxes, slides, swings, seesaws and the like for the younger tots to creative play equipment and more advanced games for the older.

In the multi-game area plans call for four tennis courts, with four basketball goals at either end of the courts, a volleyball court on which badminton also may be played, two horseshoe pits, two shuffleboard courts and an archery range.

The multi-sports field will provide softball, Little League baseball, regulation baseball and, at times, touch football.

One area has been set aside for a fairground, and a horse show ring will be available if desired. The area also can be used for county fairs, Future Farmers of America, 4-H Clubs and others. "We have 12 acres of land," the mayor said, "which we can turn over to the Future Farmers for the Big Sandy group. The area will be provided with picnic shelters, grills, restroom facilities and all other needed conveniences."

"All this," the speaker said, "is a large dream, but none of it is out of our grasp. We will need money to build our park, and we will need the interest of our citizens in promoting something good for our young people."

Members of the Council are contributing their salaries to the undertaking. The Junior Woman's Club has agreed to contribute between \$500 and \$1,000. (The Jaycees have only this week pledged \$1,000.)

Money will be needed, but Dr. Archer pointed out that a great deal of work can be done by the city at low cost. "We may have to buy some sand and cement," he pointed out, "but we have our own concrete mixer and the necessary labor, so most of this will not cost too much money. When our garage (maintenance) building is finished, which is a 40x70 building, three tiers of brick thick, we will have invested about \$120 in cash."

He suggested that the Kiwanis Club take responsibility for some specific area of the big undertaking.

His '65 Ford rides quieter.... than his Rolls-Royce

Tests proved it.* Does this mean Ford now rivals one of the world's most wanted luxury cars? Hardly! But these tests do mean plenty—to you—if you're shopping for a popular-priced car. They prove Ford has outstanding strength, design, quality. Compare Ford, in every way, with everything in its class...

Student Exchange Plans Made At Pippa Passes; ALC Choir Tours Area

Alice Lloyd College at Pippa Passes will participate for the first time in the history of the school in a student exchange program this year. It was announced this week by Dr. Anthony J. Salatino, academic dean of the college.

The exchange will be made, the latter part of this month, with Kenyon College, Gambier, Ohio. "Only students with high academic standings will be considered eligible for the program," Dr. Salatino said.

The Alice Lloyd College choir toured schools of the area last week, appearing last Thursday at Carr Creek, Hindman and Garrett high schools, and on Friday at Virgie high. Programs rendered consisted of sacred music, Appalachian hymns, secular music, spirituals and novelty numbers.

SHERIFF COMMENDS GARRETT CD POLICE

Garrett, Ky., Jan. 22—Eleven members of the Garrett Area Civil Defense Auxiliary Police Unit were commended by Floyd County Sheriff Henry C. Hale last Thursday night at Garrett. Sheriff Hale expressed his appreciation to members of the group for their help to his department during local ball games, dances, funerals, fires and other large public gatherings. Hale had asked that the members attend the Thursday night regular bi-monthly meeting in full uniform.

The group, which is led by their chief, Eugene Mullins, Lt. Bobby Snyder, Sgt. Hamlet Lovely and Cpl. Alen Turner,

was formed soon after the Civil Defense Unit was organized. All members of the unit underwent a 54-hour police training course conducted by state policeman Jerry Combs. The course covered traffic handling, first-aid, public relations, parking automobiles and general police work.

These fellows spend several hours each week of their own time, without pay, parking cars, directing traffic, supervising dances, and other chores. Most of their work is at night, often late and during worst weather conditions. In addition they meet twice each month with the regular unit of Civil Defense.

Sheriff Hale said he would like to see similar units organized to serve the Wheelwright and Betsy Layne-Harold areas.

Paintsville Jaycees Offer Scholarships To P'burg College

The Paintsville Junior Chamber of Commerce has announced that it will offer two scholarships annually to the Prestonsburg Community College—one grant to go to a student from the Johnson county school system, the other to a student from the Paintsville city schools.

Decision to make the scholarship grants an annual project was reached at a recent Jaycee meeting. The scholarships will range in value from \$100 to \$150.

Funds to support the scholarship fund will be raised through special projects, it was said.

Med Scholarship Fund Designed To Encourage Location of Physicians

The Rural Kentucky Medical Scholarship Fund just announced a new program designed to encourage more young physicians to locate in ten Kentucky counties where there is a critical need for physicians, according to C. C. Howard, M.D., Glasgow, chairman of the Fund's executive committee.

The new program has two parts, Dr. Howard said in making the announcement in Louisville today, following a meeting of the Fund's Executive Committee. One of the programs is designed to assist interns getting out of training in June; the other is set up to aid students entering the medical schools of the state.

Here is how the two plans would work:

The Fund will agree to contract with a young physician starting practice who will go into one of the ten critical counties and offer him four \$500 loans, which would be payable in one, two, three and four years. The \$2000 would help the young physician become established. For each year that the doctor stayed in the county, one of the \$500 loans would be cancelled. This will apply also to present Scholarship Fund recipients.

The second part of the plan offers the prospective medical student a loan of \$2000 a year for each of the four years, provided the student will contract to locate in one of the critical counties, Doctor Howard reported. After the student goes into practice, for each year he stays in the critical county one year's loan will be cancelled.

"The Executive committee of the Fund is deeply grateful to the Legislature and the Administration for the substantial support it gives the Fund each biennium," Doctor Howard said. "We hope to use these funds in the most efficient manner possible for the benefit of the people."

The Fund's chairman pointed out that the board of trustees of the Fund, with the help of the records of the Kentucky Medical Association and the State Department of Health, determines each year what the ten most critical counties are. If the needs of a county on the list are met, it will be dropped from the list and another county will be added.

The present ten critical counties as listed by the Fund are: Martin, Owsley, Magoffin, Elliott, Leslie, Knott, Wolf, Breathitt, Powell and Lee.

WHY WEIGHT? DRINK PET SKIM

It's fortified...PET, you bet!

No window post.
No floor hump.
No radiator.
No power steering.
No power brakes.

(Some of the things you don't get in a Corvair are among your best reasons for buying it.)

'65 Corvair Monza Sport Sedan

Corvair by Chevrolet

The beauty of it, of course, goes deeper than the things you don't get. There's the other side of the coin—what you do get in their place.

Take the no window post, for example. What you do get is hardtop styling—with curved frameless side windows—in every Corvair closed model.

The transmission and driveline hump you don't get means more foot room. Thanks to Corvair's rear engine, the floor is practically flat.

No radiator—the engine's air-cooled—also means no water, no antifreeze and no hose leaks to worry about. All

of which add up to some more important pluses.

Power steering? Power brakes? Corvair needs them like a centipede needs crutches. With most of the engine weight on the rear wheels, the front ones are free to steer easily. And stops are quick and sure—with no nosediving.

Roy Clark, Dayton, O., upon hearing of destitute families in this county, decided to do something about it himself. What he did was a bit unusual. Instead of the usual truck load of clothing, he brought, in addition to five boxes of clothing, 47 live chickens, 170 loaves of bread.

The hens, bread and clothing were delivered to the John M. Stumbo elementary school at Grethel and distributed by the teachers to needy families.

MISS CONLEY NAMED SECOND COUNTY IFYE

Miss Melanie Ann Conley, daughter of Circuit Judge and Mrs. Hollie Conley, of Eastern, next September will become the second Floyd woman to represent Kentucky and the nation as an IFYE representative, Assistant County Agent Jack Friar said.

MELANIE ANN CONLEY

Miss Conley, now a student at Washington University, St. Louis, Missouri, is tentatively scheduled to spend six months in Nepal as an IFYE representative, Assistant County Agent Jack Friar said.

The first such Floyd representative was her cousin, Miss Reba Joyce Salyer, also of Eastern, who went to Ireland in 1958.

IFYE students are first nominated by counties; from these a limited number are approved from the state, then the final selections are made at the national level. Their selection is on the basis of achievement, qualifications and citizenship.

At Washington University Miss Conley is president of the Occupational Therapy Association. She was graduated from Maytown high school, and attended Berea College two years before transferring to the St. Louis institution to major in occupational therapy.

While a student at Maytown she was secretary-treasurer and later president of the 4-H Club, also served as secretary and president of Floyd County 4-H Clubs. She held 15 county project championships, held regional championships in four, won the county award in The Courier-Journal achievement contest, was Floyd county champion in public speaking three years, won the Danforth Foundation award, was state 4-H champion in recreation in 1961. She also represented Floyd county at the National 4-H Congress in Chicago and the National 4-H Club conference in Washington.

Co-valedictorian of her high school graduating class, she was named Miss Maytown in 1961, was student band conductor and a member of the Glee Club. She was pianist at the Maytown Methodist Church Sunday School, member of the church choir and secretary of the Methodist Youth Fellowship. In 1961 she was a member of the all-state band.

Miss Conley became a member of the Floyd County Hall of Fame in 1961 at the age of 16.

Population Explosion In United States Seen; Traffic Problem Mounts

The man or woman who will be inaugurated President of the United States on January 20, 2001, is among us now or will be born this year. The President elected in the year 2,000 will have to be 35 years of age on inauguration day, if the present constitutional age requirement for presidents continues.

If the new president is the average age of presidents at inauguration—that is, 54—he or she has already graduated from high school or will finish this summer.

If the future President is as old as our oldest at inauguration (William Henry Harrison, 68), he is now 33. If he is as young as our youngest (Theodore Roosevelt, 42), he is or shortly will be 7.

Whether the turn-of-the-century President is a new-born babe, this year's high school graduate, or a relative oldster, he will have a much larger constituency than Lyndon B. Johnson. The most doleful of our population experts think we may have almost 400 million citizens in the year 2,001. The more optimistic, conscious of increased activity in education on family planning, place the figure somewhere between 300 and 400 million.

What will this future president talk about, besides taxes? About the cost of unjamming the traffic jams that 350 to 400 million people can cause. About the cost of educating 350 to 400 million people. About the cost of providing recreation for 350 to 400 million people.

In other words, he'll talk about taxes!

STUFFED CABBAGE
Whole stuffed cabbage is a satisfying main dish for a winter meal, says Mrs. Letta Jasper, UK Extension marketing specialist. Remove the outer leaves of the cabbage and cut out the center stalk with a sharp knife. Place the whole cabbage head, stalk end down, over boiling water in a sauce pan and steam until almost done (allow about 10 minutes). Remove from the steam bath and stuff the center with a bread crumb mixture of cheddar cheese and cooked sausage or bacon crumbs. Then bake in a 325 degree oven 15 to 20 minutes and serve.

Pollution Crackdown In Region Ordered; Inspections Planned

The Kentucky Water Pollution Control commission last week ordered a crackdown on pollution by coal washers in Eastern Kentucky.

The action was taken after commission attorney David Sebree reported several coal washers in the area "were in very unsatisfactory condition."

The commission directed Sebree and the staff to inspect every coal washer in Eastern Kentucky.

Each one found to be operating in violation of permits at the time of inspection will be cited by Sebree to show cause why its permit should not be revoked.

If necessary, Sebree said, he will go to court to seek an injunction against coal washers polluting streams.

Sebree said he has been taking legal action against coal washers in the past, but "this time we're really going after them."

The commission also authorized formation of a coal-advisory committee that would assist in convincing operators to run their facilities in the best possible manner at all times.

Sebree said pollution by Eastern Kentucky coal washers is "an on-again and off-again thing."

Fish and Wildlife Resources Commissioner Minor Clark, who also serves as commission chairman, said he has received complaints of black water in the Big Sandy and Kentucky rivers.

"I don't see any reason for this," Clark said.

COX IN HAWAII

Schofield Barracks, Hawaii — Army Specialist Four Floyd M. Cox, son of Mr. and Mrs. Floyd F. Cox, of Bypro, is participating in Exercise COMPASS ROAD, a 43-day field training exercise on the Island of Hawaii.

OBLESS FATHERS PROGRAM CHANGES EFFECTIVE FEB. 1

Frankfort, Feb. 11—The first of several changes in a nine-county project for previously unemployed fathers in Eastern Kentucky went into effect February 6, State Economic Security Commissioner Earle V. Powell has announced.

The key to the changes will be a much stronger emphasis on increasing the job potential of the fathers through basic education and vocational training.

Economic security department coordinators will also work with local governmental sponsors to assure that the unemployed parents receive progressive experience on the public works projects associated with the program.

Powell said the program changes are being brought about under terms of the work experience and training provisions of the Economic Opportunity Act which now finances the jobless parent project at the rate of \$9.6 million for calendar year 1965.

Details of putting the changes in action are being worked out between Economic Security and the State Education Department under Federal guidelines with cooperation from local school officials. Powell said the fathers or step-fathers must in the future benefit not only from financial assistance, but must also be prepared to cooperate and apply themselves to develop their own talents for employment.

Kentucky switched the nine-county program from its former status as a public assistance demonstration project to the work experience and training program when Eco-

mic Opportunity funds became available January 1.

The \$9.6 million provided to finance the program in 1965 will be supplemented by an Economic Opportunity grant to the State Education Department to cover the educational aspects under the new approach.

Included in the first changes brought about by the conversion to anti-poverty funds was a general increase in the maximum benefits which can be paid to families affected. The maximum needs now bring as much as \$250 per month for each family, instead of the \$160 ceiling which prevailed under the previous program—a form of assistance to families with dependent children (AFDC).

The average family will now receive about \$190 per month in subsistence benefits and another \$15 per month worth of medical care, Powell said. Some 3,100 Eastern Kentucky families receive aid under the program at this time and about 500 more families are expected to be reached by year's end, he explained.

The age span of the unemployed parents under the program runs from 18 to over 65, with the average age being about 40 years old. Educational levels vary from no education at all to more than two years of college among the group but the average level is about the fifth grade.

While the eligibility requirements for the anti-poverty project will remain about the same as for AFDC, Powell explained, the entire project will now be affected by additional requirements of the Economic Opportunity Act.

Powell stressed the point that heavy emphasis will be placed on arranging vocational training of some variety to meet the needs of unemployed parents. He said the economic security department will strive to place the fathers in manpower development, area rehabilitation or regular vocational training classes.

Three State Towns Win National Rating In Cleanup Contest

Frankfort, Feb. 11—Three Kentucky towns have been cited for distinguished achievement in a nationwide clean-up contest.

Mrs. Connie Quinn, director for beautification in the State Department of Natural Resources, announced the citation winners in the National "Cleanest Town of 1964" contest as London (Laurel), Lost Creek (Breathitt county), and Burnside (Pulaski county). London and Lost Creek received honorable mention in the 1963 competition.

"I am very proud of these communities for the fine job that they have done," Mrs. Quinn commented. "This is the result, I know, of several years of hard, hard work by dedicated citizens and it shows what can be done."

"I sincerely hope that other communities will take advantage of the services the Department of Natural Resources offers in the way of helping them to set up their own clean-up and beautification programs."

Sponsored by the National Clean UP-Paint Up-Fix Up Bureau, a voluntary group based in Washington, D. C., the annual event is the oldest civic improvement competition of its kind in the United States.

Lexington, Ky.—More than 16 million tons of farm manure, valued at more than \$47 million, are produced on Kentucky farms each year.

DAVID B. LESLIE For SHERIFF

I am again a candidate for sheriff. As you know I was defeated four years ago by the narrow margin of 43 votes. I feel that this time by renewed effort on my part and that of my friends I can be elected.

You are entitled to know my qualifications for the office and for your consideration I submit the following record:

1. Floyd county teacher and coach for 20 years.
2. Served in the United States Army in World War II.
3. Four times a Commander of the American Legion Post 129 which is a state record.
4. Community leader in various patriotic organizations and programs for many years in Floyd county.
5. Three years service in law enforcement as a policeman in Prestonsburg.
6. Employed by the Floyd County Board of Education the last three years.

I pledge an efficient administration of the Sheriff's office. My deputies will be men dedicated to law enforcement. With these pledges I solicit your support for Sheriff.

Sincerely,

DAVID B. LESLIE

Wheelwright Rips Cougars

Wheelwright, Ky.—Don Thornsbury scored 24 points and got balanced support from three teammates as Wheelwright rolled over Elkhorn City here 66-40 Saturday night. Three other Trojans — Larry Osborne, Ken Newman and Tom Rogers—scored ten points apiece. Wheelwright, now winner of 11 games against eight losses, grabbed an early lead and never trailed. Gary Francisco, with 21 points, paced the Cougars who lost their 13th game. Elkhorn City has won only twice. Elkhorn City 13 11 8 3-40 Wheelwright 22 14 14 16-66 Elkhorn City (40)—Potter 8, Harmon 1, Francisco 21, Powell 6, Belcher 4. Warfield Nips Maytown, 66-65

Maytown, Ky.—Mitchell Moore tossed in a foul shot with eight seconds remaining to give Warfield a thrilling 66-65 come-from-behind victory over improving Maytown Friday night. Moore's foul shot climaxed a torrid comeback by the Red Devils that saw them fight from eight points behind in the third period to go ahead at the buzzer. Maytown's sophomore-laden Wildcats were out to avenge an earlier shelacking at the hands of the visitors and came close to notching their third straight victory. The Wildcats are now 4-16 on the season. Moore finished with 19 points for the winners, just one behind teammate Bill Maynard, Dank Goble, with 16 points, paced the losers. Warfield 14 11 13 28-66 Maytown 16 17 13 19-65 Warfield (66)—M. Moore 19, Pauley 16, Maynard 20, L. Moore 4, Helton 5. Maytown (65)—Goble 19, Patton 1, Tallent 1, Thacker 14, Webb 4, Stewart 11.

BobCats Tackle Dorton, 78-60

Betsy Layne, Ky.—Harold Adkins poured in 25 points Friday night to lead Betsy Layne to its sixth victory in 19 games, a 78-60 triumph over Dorton. The Bobcats, who held a 17-point halftime lead, also had three other players in double figures — Carter King with 15, Jed Conn with 13 and Gary Hall with 10. Anderson paced Dorton with 21 points. KING IN MISSOURI
Fort Leonard Wood, Mo. — Army Pvt. Franklin D. King, son of Mr. and Mrs. Walter S. King, of Printer, Kentucky, completed a field communication crewman course at Fort Leonard Wood, Missouri, February 4.

During the eight-week course King received instruction in the installation and maintenance of telephone communication equipment. King entered the Army in September, 1964, and received basic training at Fort Knox, Kentucky. A 1959 graduate of Martin high school, the 23-year-old soldier attended Morehead State College. He was employed by Inland Steel Company, Wheelwright, before entering the Army.

★
To the PEOPLE of FLOYD COUNTY:
★

This is an election year in Floyd county. Once again you are going to decide who will lead your affairs of government for the next four years. This is a most important election.

I am now completing my first term as your County Attorney. Four years ago I promised you I would work hard for progress, strict law enforcement, and to do my dead level best in serving all the people of Floyd county. I have kept that promise.

PROGRESS: I believe that everyone can agree that during the last 4 years Floyd county has made more progress than anytime in its history. We have a new Courthouse, a new College, more new rural roads, clearing and snagging project of Right Beaver Creek, Food Stamp Program, Unemployed Parents Program, just to name a few. These projects have required hard work, cooperation and the help and support of all the people. **WE ARE JUST BEGINNING**, much more can be and will be accomplished!

LAW AND ORDER: During the last four years our county has been the scene of a conspiracy and well organized liquor ring. Bootlegging has been organized as never before. There are those who would have completely taken over if allowed to, if the County Attorney had not prosecuted liquor violations **RIGHT DOWN THE LINE**. There have been more liquor convictions in the last four years than in any previous period in our history. I have done my dead level best to cooperate with the Governor's Office, State Police, ABC Agents, and other law enforcement officers to halt the terrible liquor situation in Floyd county. I am on the side of law and order. The churches, ministers, parents and P.-T.A. groups and others have been a great source of strength to me and I appreciate their help and support. We have not stamped out bootlegging, but we have kept the **ELEMENTS OF ORGANIZED CRIME** from taking over in Floyd county.

UNBOSSSED: This is my first term in office. Anytime a new man takes public office—there are those who want to boss the show—. I am not tied to any man or group. I am not, and will not be controlled by Banner Meade, and his cronies or any selfish group of men or clique in an effort to get control of this county. The only job I have is to work hard for the people of Floyd county. **I AM NOT BOSSSED BY ANYBODY!** I am frank to say, however, that if any man can boss me in public life, it is my friend and adviser, **BERT COMBS**. I always seek his advice on public matters—I will continue to do so because Bert Combs is vitally interested in Floyd county's affairs.

EXPERIENCE: I am now in my fourth year of office as County Attorney. I have learned a great deal and I firmly believe I am in a much better position to be of greater service to all the people. I know that it is vitally important that we continue to work hard and go forward, move ahead in a spirit of cooperation with all local officials, state officials and Federal officials. I know I can do this. I know much more can be done for Floyd county. New State and Federal Programs are being started every day, and we must work to get the benefit of each program for our people. To do this, you must have cooperation. We cannot move forward by fighting among ourselves. Hate, vengeance, and discord will only destroy the hope of progress for the future.

I ask YOUR support and help to build a greater, safer and prosperous Floyd county.

Why We Are Sure of EVERLASTING LIFE

Of all the questions that confront a human being none is so important...none so perplexing...as: *What happens after death?*

A few will contend that there is no life hereafter...that man ends his days in a blank nothingness like animals. But for most people, there is a natural and instinctive hope that life on earth is only the first step toward a more joyous eternal life to come.

This instinctive hope, however, carries with it no conclusive proof that there is a life hereafter, and no obvious "blueprint" showing how to attain it. Because of this, many are bewildered—uncertain of the earthly way of life that will determine their eternal destiny.

Catholics, of course, do not claim that they alone are capable of having a greater knowledge of eternity than is available to anyone else. But where some may be confused and uncertain, the Catholic finds certainty in his Church for that time when "the night cometh that no man can work."

You may hear it said that this is only a blind and superstitious faith...that Catholics are merely "whistling in the dark"...that the Catholic Church doesn't know any more about God's plan for our destiny than does anyone else.

On the contrary, Catholics believe that the way of life prescribed by Jesus Christ is God's

Own plan for our salvation. We believe further that Christ established the Catholic Church to perpetuate His teachings—and administer His sacraments...and that it has done so from the time of Peter down to this very moment.

It is often said that the faith placed in Christ by Catholics...and by other Christians, too...is unwarranted by facts and reason. A powerful answer to this will be found in our pamphlet: "The Way To Everlasting Life...The Catholic Church." Even though you may not be interested in the Catholic Faith, this pamphlet will help you better to understand God's plan for your life.

We invite all people of good will to write for a free copy of this pamphlet. It will be mailed immediately, and nobody will call on you. Write today...ask for Pamphlet No. KC-20.

AGRI-BUSINESS LEADERS ATTEND GOVERNOR'S MEET

Frankfort—Nearly 1,000 Kentucky agriculture and agri-business leaders attended the recent Governor's Conference on Agriculture at the Sheraton Hotel in Louisville.

The sessions brought together for a close up view of agriculture a cross section of Kentucky's rural leaders in the first such statewide conference called by a governor in the history of the Commonwealth.

Hayden Timmons, executive director of the sponsoring Governor's Commission on Agriculture, said attendance easily would have been over 1,000 except for the snow and near zero weather.

Governor Edward T. Breathitt, commission chairman, presided at the opening day and night session.

Orville L. Freeman, U. S. Secretary of Agriculture, was the principal speaker at the night banquet. The former three-time Minnesota Governor, flew in by special Army jet for a press conference and banquet talk, then returned that night to Washington to present the Johnson Administration's farm bill to Congress the next morning.

Freeman told the Conference that the federal food stamp program has meant more than \$4 million in new purchasing power in three Appalachian counties of Kentucky—Floyd, Knott and Perry. And, just recently, four additional counties, Breathitt, Johnson, Martin and Owsley, adopted the food stamp program, he said.

He called the program "one of the most dynamic and effective efforts to wipe out diet deficiencies throughout our nation."

Buford Ellington, former Tennessee Governor and agriculture commissioner, was the chief speaker at the conference's concluding luncheon. Ellington, until recently resident vice-president in Nashville, of the L & N Railroad,

just last week was named as new director of the U. S. Office of Emergency Planning.

Governor Breathitt in his opening remarks said "this conference is proof that farming is very much alive in Kentucky. This meeting of farmers, farm business people, government agencies, and of the leaders of all major farm organizations in our state is an excellent example that farmers are working together like never before to assure a healthy growth in Kentucky's most fundamental industry—agriculture."

In pointing out that tobacco is by far and away Kentucky's biggest cash crop, the Governor emphasized that diversified farming will open up a many-sided farm economy.

"The average burley base in Kentucky is less than 1.5 acres, and it occupies less than three per cent of our farm land, and about 50 working days a year. Yet it returns more than 40 per cent of our farm income," Breathitt noted.

"In our efforts to boost Kentucky's annual farm income, I would urge every farmer in Kentucky to cultivate the other 90 per cent of our farm land and utilize the rest of our farms' resources to the fullest advantage and make the entire farm expand its income."

Breathitt also said that his administration plans to give as much attention to farming in the next three years as has been given to industrialization in the past. He announced that he will appoint an agriculture industry committee to help promote Kentucky products and secure new agricultural plants. J. O. Matlock, state national resources commissioner, who received the Man of the Year in Kentucky Agricultural award from Progressive Farmer magazine at the banquet, will be chairman of the committee, Breathitt said.

Dr. William A. Seay, Dean of the College of Agriculture and Home Economics at the University of Kentucky, related to the conference the progress of a study showing the state's farm potential. It will be used to develop realistic goals for all counties.

The first step in the study, inventories of the types and amount of land in each county, has been completed with the cooperation of the Soil Conservation Service, he said.

Also being studied are present use of land, estimates of acreage now used for specific crops, estimates of livestock by numbers and all classes, the number of commercial farms in Kentucky, and growth income of farms.

Library Here Receives Two New Biographies;

BY HOMER LEE HALL
Regional Librarian

The Floyd County Library has recently received two excellent biographies from the Department of Libraries at Frankfort.

PATTON: ORDEAL AND TRIUMPH is the biography of General George S. Patton. Many questions are answered in the book. The facts behind the slapping of an enlisted man are explained in detail along with the answer why Gen. Patton was relieved of his Third Army command.

Readers who enjoy reading about World War II will find this book worthwhile.

THE FOUNDING FATHER: THE STORY OF JOSEPH P. KENNEDY tells the almost incredible story of Joseph P. Kennedy, grandson of a poor Irish immigrant and father of two senators and the thirty-fifth President of the United States.

This detailed biography takes Kennedy from the backwater of East Boston through the chill halls of Yankee-dominated Harvard, and into marriage with the belle of Irish Boston, Rose Fitzgerald, daughter of Mayor "Honey Fitz." Next come giant steps outdistancing any Horatio Alger tale: a bank presidency at twenty-five, a leap into the speculative melee of the stock market and the young movie industry of the twenties. Vivid and often startling is the picture of Kennedy making his first millions.

If you're going to enter something like the Pure Oil Performance Trials, you might as well do it to win.

So we did. Class IV—won by Buick Special.
Down at Daytona Beach, we gave everyone another look at Buick's "Win Policy". A V-8 Buick Special won over stiff competition (sorry, boys!) in Class IV—in the 1965 Pure Oil Performance Trials. The winning Special was equipped with our 300 cubic inch Wildcat 310 V-8 and Super Turbine Transmission.

Remember that the drivers in the Performance Trials are skilled professionals, and the cars finely tuned standard production models. (If it can be said that the Special is "Standard" anything.) Also remember that the trials are an exhausting, carefully graded test of a car's all-around ability. In economy, acceleration and braking. Small wonder the Special came out on top. Handsomely.

(The specific detail? Our hero averaged 20.689 mpg in economy, to score second among 10 cars. It accomplished the acceleration test—from 25 to 70 mph—in 9.315 seconds, for a fifth. And took another second in braking: from 65 to 0 mph in 172.0 feet. The cumulative result: we won all the marbles in Class IV.)

Now then. If you're going to enter something—like a car—you might as well do it to win, too. Your Buick dealer can introduce you to the driver's seat of a Buick Special.

DR. HYDEN A VETERAN

100 YEARS AGO TODAY...

Our country was involved in the most devastating of all wars—the Civil War. Had there been only one County Judge election every 25 years, then there would have been only four judges in the past century.

50 YEARS AGO TODAY...

Our country was once again involved in a vast and devastating war—namely, World War I. Had there been only one County Judge elected every 25 years, then there would have been only two judges in the past half-century.

25 YEARS AGO TODAY...

War clouds can be seen hovering on the horizon. On December 7, 1941, the Japs pulled their sneak attack and here again the declaration of war is upon us—namely, World War II. In July, 1943, Dr. Hyden enlisted as a private in the United States Marine Corps, and he served continuously for 43 months—27 of which were spent overseas.

20 YEARS AGO TODAY...

For your life we had to pay, soldiers, sailors and marines, one and all.

20 YEARS AGO TODAY...

Others were at home serving as elected officials—today some of those same people are asking you to re-elect them.

Dr. Hyden served almost four years in defense of his country, over half of which was overseas in the combat zones. Dr. Hyden doesn't want a dead to the office—he only wants to serve four years as your County Judge.

WITH YOUR VOTE YOU CAN HELP HIM TO HELP YOU.

Gibson Retires From Navy

Joseph Gibson, Jr., son of Mrs. Margaret Gibson and the late Joseph Gibson, of Wayland, has retired from active duty in the U. S. Navy after serving 20 years. In photo he is shown being congratulated by his commanding officer and presented with a citation for outstanding performance of duty.

Mr. Gibson served during World War II, the Korean Conflict and the Lebanon crisis. He was wounded in action while serving aboard the destroyer, U. S. S. Sigsbee and in April, 1945 was awarded the purple heart.

Mr. Gibson attended Wayland high school, and joined the Navy in 1942. He is now residing in Wayland with his wife and four children.

WAYLAND

MEETING ON SAFETY

Safety was the topic for discussion at the recent meeting of the Lackey-Garrett-Wayland Woman's Club at Wayland.

In the absence of the guest-speaker, State Trooper Jerry Combs, who was unable to be present because of a switch in plans, Mrs. Milton Trusty, Jr., clubmember, was in charge of the program. Mrs. Trusty read a letter from Mrs. Ruth S. Clements explaining in detail the Federation's project, "M. V. I.", which stands for motor vehicle inspection.

Mrs. Trusty pointed out that it was discovered by states having M. V. I., that upon inspection 50% of the cars could not pass to receive an "Approved" sticker. She explained that all cars can become unsafe through neglect and by continued use at high speed, but one can be reasonably sure that his car is safe by periodic checkups. "But," she asked, "how can I be sure other cars are safe? I can't, unless my state has this motor vehicle inspection."

In answer to the question, "How does it work?" Mrs. Trusty explained that, "Once or twice a year each vehicle has a safety inspection and an 'approved' sticker placed on it if it passes inspection on all its essential parts." The club voted unanimously to sponsor a resolution to back this state project. It was also voted unanimously for the club to sponsor a driver refresher course, the date to be announced later. The club will also request that a safety guard rail be placed on KY Route 7 on Lackey hill.

Prior to the program, Mrs. J. T. Spillman gave the devotional, urging that "as Christians, we let our light shine. Your light is somebody's Bible," she pointed out.

Following the program, the president, Mrs. J. C. Wells, reported on the success of various club projects of the past year. She also reported that the club had furnished hard candy for the patients at the Golden Age Rest Home, Lackey. The candy had been placed on the trays on Christmas Day.

The club will be represented in the Seventh District art contest this year at Pikeville by a student from Garrett high school, and in the music contest by a student from Wayland.

It was also unanimously decided to take part in the countywide "Clubs in Action" project being currently organized by Mrs. R. V. May, first vice-president of the Kentucky Federation of Women's Clubs.

Following the business session a dessert course was served by the hostesses, Mrs. Mike Staley, Mrs. Charles Collins and Mrs. M. M. Collins, to 14 members and one guest, Mrs. Carl Webb.
