## Man dies in 4-wheeler accident

A Caney Creek man died Wednesday after the four-wheel all-terrain vehicle he was driving went over an embankment, flipped over backward and pinned him against a tree.

Reffitt

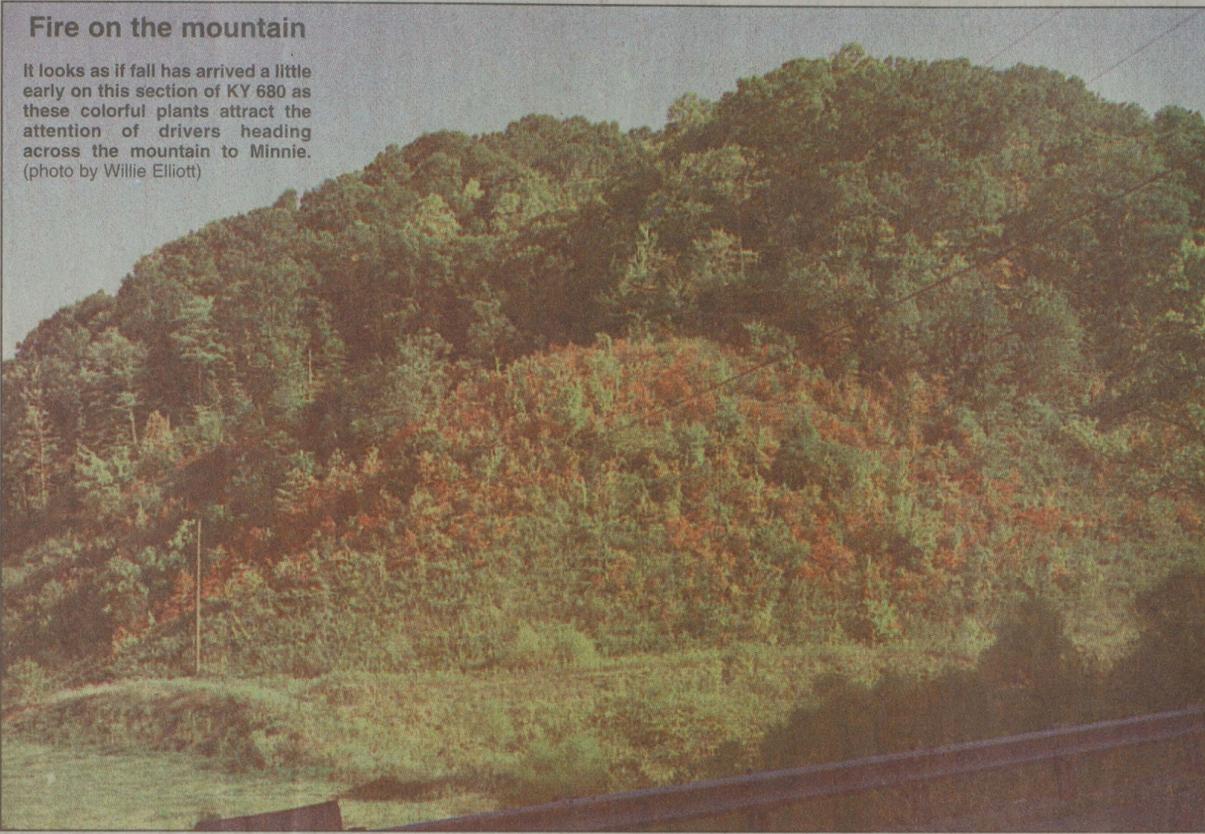

Kenneth E. Reffitt, 54, of Caney Fork Road at Pyramid (Martin) was pronounced dead at the scene shortly after 4 p.m. by Floyd County Coroner Roger Nelson.

He had left home at about 11 a.m. to make a four-wheel road to go hunting this fall on a hill above his residence, according to his family. When he did not return home within a few hours, his

### Regional tourism plan funded

The Center for Rural Development in Somerset has been awarded a \$500,000 grant from the federal Economic Development Administration to develop a strategic tourism plan for a 40-county area of southern and eastern Kentucky — including Floyd. US Rep. Hal Rogers said the plan is intended to recommend specific steps that will better promote the region, coordinate the marketing of existing tourist destinations, and entice more visitors to extend their stays at the region's lakes, parks, and cultural and historic sites. Rogers said the Center will select a consulting firm to help develop the plan for improving the region's tourism economy. A coordinated marketing plan and regional image will be developed as part of the effort.

### Bizarre accident leaves brother dead

Roger L. Damron, 61, of Shelbiana was killed September 15 at Huddy in Pike County when he and his brother Kennis Damron, also of Shelbiana, were loading hay in a Chevy S10 truck. According to the Kentucky State Police report, Kennis Damron got in the truck to pull it forward, and when he got out of the truck, he found the victim lying under the vehicle. Roger Damron was pronounced dead at South Williamson Appalachian Regional Hospital. The victim was originally thought to have died of a heart attack, but the autopsy results showed he died from injuries received when the truck ran over him, according to the KSP report. The accident is under investigation by KSP Det. Joey Howard.

### Water advisory lifted

A boil water advisory was in effect in the Bays Branch area Wednesday and part of Thursday, because of a water line break. Prestonsburg City's Utilities Commission repaired the line, but had to issue the advisory until lab results were back on sampled water.

### 911 meeting time changes

The Floyd County 911 Advisory Council has changed its meeting time from 7 to 6 p.m. It will continue to meet the first Wednesday of each month in the Fiscal Courtroom of the Courthouse. The 911 Executive Board will also continue to have its regular meetings at 6 p.m. on the second Thursday of each month in the conference room of the Old Tourism Building at the

Area Red Cross coordinator Martha Music is urging persons in the Big Sandy Valley to contribute to the organization's efforts to help victims of Hurricane Floyd. Contributions to the Red Cross help to provide food and shelter to persons left homeless by the storm. (photo by Randell Reno)

## American Red Cross asks for help for 'Floyd' victims

by Randell Reno  
Staff Writer

The American Red Cross of the Big Sandy Area is calling for region-wide support in an effort to relieve the devastation of Hurricane Floyd.

Martha Music, executive director of the local Red Cross, is making an appeal for persons in the Big Sandy region to make a donation to the area Red Cross.

Although Floyd has long left the region, flood waters still bury many towns and cities in North Carolina and other coastal states.

The American Red Cross was on the scene of the projected path

of Hurricane Floyd four days before it struck the North Carolina coast. Setting up temporary shelters in the Atlanta region before the storm hit, the Red Cross was mobile and heading to the families in need as soon as the Floyd's fury struck the North Carolina coast, according to Music.

The Red Cross had provided, as of Wednesday, food, shelter, and comfort to more than 200,000 people, according to a press release by the Red Cross.

"We need at least \$25 million to restore and rebuild the lives of those who have been affected by this killer hurricane," said Dr. Bernadine Healy, president and

CEO of the American Red Cross. "I am urging people across the nation to help the Red Cross help those suffering from the ravages of Hurricane Floyd."

There are some 13,000 Red Cross relief workers in the damaged areas and the organization is calling for more volunteers to come to the scene.

The local Red Cross is still in its infancy and cannot yet send down volunteers to the scene but efforts are being made by Music that will allow eastern Kentuckians to do their part in aiding the hurricane victims.

## Shopping, shooting at Martin Sav-A-Lot store

by Randell Reno  
Staff Writer

After Eugene E. Crisp finished his shopping Tuesday afternoon, he walked out into the parking lot of the Martin Sav-A-Lot and came upon an apparent altercation between two young men, according to the report by Kentucky State Police Detective Billy Meade.

Crisp, 73, of Martin apparently asked one of the young men to leave. That young man proceeded to get into his car and leave the scene, leaving Crisp with Mark Sammons, 25, of Jenny's Creek of Martin.

For reasons yet unknown, Crisp allegedly pulled out a handgun and shot Sammons in the right thigh.

According to KSP Tpr. Mike Goble, Crisp then got into his vehicle and also left the scene.

Sammons was treated at the scene by the Martin branch of Res-Q ambulance service and members of the Martin Fire Department. He was then transported to Cabell Huntington Hospital in West Virginia where he was treated and released.

Crisp was arrested later in the evening by KSP Tpr. Byron Hansford. The identity of the man arguing with Sammons is unknown at this time.

Detective Billy Meade of the KSP is investigating the incident. Meade was assisted by Fred Mynhier of the Martin Police and by the Floyd County Sheriff's Department.

## Daughter of local couple competes on Pax show

The Pax television network's new program "Destination Stardom" has taken on a local flair with victories the last two weeks by Amy F. Hayes, 25, of Oxford, Michigan.

She is the daughter of Morris and Freda Hayes, formerly of Floyd County, and the granddaughter of Opal Hayes of Hi Hat and Mertie Reynolds of Ligon.

She is competing in the model portion of the competition.

The program, which airs on Monday night at 8 p.m. features various amateur acts seeking to win prize money, with a grand prize of \$25,000.

Hayes has won \$4,000 in her first two weeks on the program. She will be competing again Monday night, September 26.

She is a public relations specialist for Mazda Corporation in Detroit.

Amy F. Hayes

## Training program wins ARC funding

Times Staff Report

A proposal to train workers for anticipated economic development in the area has been funded by the Appalachian Regional Commission.

US Rep. Hal Rogers (KY-5) announced this week that the ARC has awarded \$231,490 to the Big Sandy Area Development District for its Workforce 2001 job training program.

The program will provide employment skills training to hundreds of people, including potential applicants for jobs at the new

federal prison at Honey Branch in Martin County.

Workforce 2001, coordinated by Liz Hamilton, pulls together resources of the state Department of Employment Services, Mayo Technical College, Prestonsburg Community College, Morehead State University and Pikeville College.

The training focuses not so much on specific job skills as on skills needed to get and keep good jobs. Classes include communication, interviewing and Spanish. (The language class relates specifically to the federal prison which is expected to have a popu-

lation of Spanish-speaking inmates.)

In addition, participants will be counseled about credit and criminal background checks.

Hamilton said the first group of 10 participants is going through aptitude testing at Mayo. She said the group includes both persons who are unemployed and those who are employed but want "to better themselves."

Hamilton added that the skills training is "beneficial to anyone," not just potential applicants at the prison, which is slated to start its hiring process in mid-2002.

In addition to the ARC grant, Big Sandy ADD, the state and local colleges will provide matching resources of \$57,878 for the two-year program.

"As we work hard to provide new jobs in this region, it is equally important that we work to give our people the training they need to be able to compete for those jobs," said Rep. Rogers.

"This local program, Workforce 2001, will ensure that local people will have that training and obtain the skills they'll need to compete for the jobs that we're creating in the region."

# Local musicians in Jimmy Dean Showcase

Bobby Lee Caudill, 36, of McDowell and his Reasonable Doubt Band, continue to impress on the country music scene.

Caudill and Reasonable Doubt, who have performed four times on the US 23 Showcase at the Mountain Arts Center and four times on the Virginia Opry, will try to improve on their record as they

attempt to win the next segment of the Jimmy Dean True Value State Finals at the MAC on Saturday night. The band was a regional winner from Pikeville competition.

Reasonable Doubt will compete against nine other acts from across the region. They include Bobby Shokes, who won at Bowling Green; Jennifer Warren,

Campsville; Belvis Morgan, Corbin; Jay Teter, Fort Wayne, Indiana; Barb Pugh, Marysville, Ohio; Dee Dee Guthrie, Murray; Chris Bradley, Owensboro; Dana Davis, Pound, Virginia, and Dime a Dozen, Radcliff.

A win in this competition would open many doors in the country music field. From here, it's on to

the regional competition at Lake Cumberland State Park in Jamestown, on October 23.

Then, six regional winners will vie for an all expense trip to Nashville, Tennessee, where they will compete for the grand prize of \$50,000 and the national title.

The televised national final will take place at the Grand Ole Opry House in Nashville on December 15.

Reasonable Doubt has per-

formed with Ronnie McDowell and Jeff Carson and plans to open for Hank Williams Jr. in Piketon, Ohio, next summer.

Caudill and the band members — Earl Wright, lead guitar; Danny Salisbury, rhythm guitar; Curtis Light, bass, and Ryan Cook, drummer — hope their friends will come and support them in the competition.

"I always give credit to my mom Birchie Mae and to God for any-

thing I accomplish in the music field," Caudill said.

Caudill is managed by Sue New. Magoffin County native Rebecca Lynn Howard will perform at 7 p. m. to kick off the event.

Tickets for the show are \$10.

corner of North Lake Drive and KY 114.

### Teen arrested

Stereo equipment items allegedly taken from the gazebo in a city park were recovered by Pikeville police at a Julius Avenue residence. Arrested for receiving stolen property was Sheena Cole, 18. Other charges may be pending, the police report said. Anyone with information on this case or others is asked to call the department's criminal division at 606/437-5111.

### Public meetings

- Prestonsburg City Council, Monday, noon, City Hall
- Martin City Council, Monday, 6 p.m., City Hall
- Floyd County Board of Education, Monday, 6:30 p.m., South Floyd High School

## Tobacco settlement assistance available

Individuals who hold tobacco bases (producers and landowners) should have received the application form to apply for the Phase II Tobacco Settlement.

The University of Kentucky Cooperative Extension Service can assist applicants in filling out the forms.

Training meetings have been scheduled in Paintsville and Salyersville for growers throughout the area, including Floyd County.

Meetings will be in Salyersville at 10 a.m., Monday, September 27, and at 6:30 p.m., on October 4, at the Magoffin County Extension Office at 333 W. Maple St. For information, contact Extension Agent for Agriculture Russell Sparks at 606/349-3216.

The Paintsville meeting is set for Wednesday, September 29, at 6:30 p.m. at the Paintsville Recreation Center on Preston Street. The contact is Johnson County Extension Agent for Agriculture Brian Jeffers at 606/789-8108.

Residents of Floyd County may attend the training sessions in either Johnson or Magoffin county. Those who need further assistance may contact Theresa Scott, Floyd County Extension Agent for Family and Consumer Sciences, by September 30, at 606/886-2668. Myron Evans, Martin County Extension Agent for Agriculture, will assist locally.

All completed Phase II applications must be postmarked no later than October 8.

## ACT test Preparation Class offered

Prestonsburg Community College's Community Center for Lifelong Learning is offering workshops to prepare students for the National ACT test.

The workshops will cover the four topics of the ACT test: English, Mathematics, Reading and Science Reasoning.

The workshops meet on Saturday, October 9 and 16, from 10 a.m. to 3 p.m. in Room 148 of the Johnson Administration Building on the Prestonsburg campus.

The October 9 sessions will be Science Reasoning from 10 a.m. to noon and Reading from 1 p.m. to 3 p.m.

On October 16, the sessions will be Mathematics from 10 a.m. to noon and English from 1 p.m. to 3 p.m. Students will have an hour's break for lunch during each workshop.

For more information, or to register for the class, call the Community Center for Lifelong Learning, Monday through Friday, 8 a.m. to 4 p.m. at 606/886-3863, ext. 258.

## Red

(Continued from page one)

The best way to help those in the area is to donate money to the American Red Cross. Music said 95 percent of the money donated reaches families that need the help. The rest is used to keep local Red Cross chapters functioning. Music said that donations are the only source of income the Red Cross has.

"No donation is too small," said Music. "The Red Cross would be here for us, if something happened."

All American Red Cross disaster assistance is free, made possible by voluntary donations of time and money from the American people.

Persons who would like to donate to the American Red Cross's efforts to relieve the victims of Hurricane Floyd may send it by check or money order to The American Red Cross of the Big Sandy Area, 216 W. Court St., Prestonsburg, KY 41653. Contributions may be made by credit card on-line at

www.RedCross.org or at www.DisasterRelief.org.

Music also said that more volunteers are needed for local functions of the Red Cross. The American Red Cross of the Big Sandy Region is the first five-county charter (Floyd, Johnson, Pike, Magoffin, Martin) given out by the American Red Cross in 100 years, according to Music.

Daily volunteers are needed for inside the office, for health and services, and for disaster relief. Music is particularly looking for retired nurses or LPNs or even EMTs to aid in what will become a monthly free blood pressure check for the region.

Work for the Red Cross is mostly on a volunteer basis but with some growth in this area, Music says that the national chapter may eventually add more counties to the office's relief services. With much growth the organization may even charter the local chapter into a district office for all of eastern Kentucky in the future.

## Accident

(Continued from page one)

nephew John Reffitt went looking for him and discovered the body.

Members of the Floyd County Sheriff's Department and Transtar Ambulance assisted at the scene. Kentucky State Police Troopers Anthony Taulbee and John McMahan are investigating.

The victim was a disabled coal miner and a member of the UMWA. He had worked for Elkhorn Industries, JRM Coal Co., and National Mines.

He was a guitar player and an avid outdoorsman, his family said. He was born February 1, 1945, a son of Rosemary Ousley Reffitt of

Martin and the late Ellis Reffitt.

He is survived by his wife of 27 years, Phyllis Thornsby Reffitt, one son, James Chaffins of Martin; two daughters, Carolyn Hall of Harold and Mary Reffitt of Martin; two brothers, Raymond and Frank Reffitt, both of Martin; two sisters, Irene Griffith and Barbara Griffith, both of Martin, and 10 grandchildren.

Funeral services will be Saturday at 1 p.m. at Nelson-Frazier Funeral Home, with burial to follow at the family cemetery on Caney.

## Employee addiction treatment has bottom-line benefits

"Bob" is an excellent employee. But he almost lost his job a few years back. He was missing a lot of work and when he did make it in, he was making lots of mistakes. Bob is the nicest guy you could ever meet. So his coworkers covered for him as long as they could.

Bob's real problem came to light one day when he came back from lunch reeking of alcohol. His supervisor confronted him about his attendance and deteriorating performance. Because Bob worked for state government, his supervisor was able to refer him to Kentucky Employee Assistance Program (KEAP).

The program helped Bob get into a detox program and an outpatient treatment regimen. Bob has been sober for several years now. He's still the nicest guy around and now he is a reliable employee, too.

Why should a company offer a drug and alcohol treatment program for an employee like Bob? Helping a person break the cycle of addiction and become a productive worker could be called an act of kindness. But it is also good business. There are dollars and cents, bottom-line reasons to provide substance abuse treatment programs for employees.

September is National Alcohol and Drug Addiction Recovery Month and the theme—*Addiction Treatment: Investing in People for Business Success*—is aimed at educating business owners on that point.

Gov. Paul E. Patton has shown support for the effort by proclaiming September as National Recovery Month in Kentucky and is urging citizens and businesses to join with the National Center for Substance Abuse Treatment and the Kentucky Division of Substance Abuse in its observation.

"Businesses investing in substance abuse treatment, education and prevention can lower health care costs that are associated with substance abuse; and by committing the appropriate resources and developing sound policies in workplaces in Kentucky, businesses can replace suffering with hope," the proclamation states.

Substance abuse costs businesses an estimated \$100 billion a year, according to information provided by the U.S. Department of Health and Human Services. Committing

## NSCA to hold show

The National Scrap Collectors Association (NSCA) will hold its fall show at the Mountaineer Hotel, Williamson, West Virginia, on October 2, from 8 a.m. to 4 p.m. A banquet follows in the evening.

Buying, selling, and trading of coal mine scrip, tokens, lamps and many other mining artifacts will be the order of the day.

Rooms will be open for trading, Friday night, October 1.

For information, call Mr. Roberts at 1-800-421-3902 or Jim Lackey at 1-304-429-1180.

For motel reservations, call 1-800-421-3902.

to a drug-free workplace and supporting treatment programs can eliminate some of those costs by helping a business increase productivity, improve employee morale, make the workplace safer and retain experienced workers.

In addition, making that commitment might result in savings in another area. Some Kentucky employers with programs in place have received reduced rates for worker's compensation coverage.

"The key to cost savings for businesses is to have workplace policies that support prevention as well as intervention and treatment for employees," said Mike Townsend, director of Division of Substance Abuse.

Addressing the issue of substance abuse is standard procedure at most big organizations. More than 80 percent of workers employed at medium and large corporations report receiving information or a written policy on alcohol and drug use. One of the most common methods of providing help is an employee assistance program.

EAPs can be very effective. For example, General Motors reports that its program saves the company \$37 million per year in lost productivity.

There is also a critical need for

employee assistance programs at small businesses. Unfortunately, 1994 national figures show only about half of workers aged 18 to 49 employed by small businesses (employing less than 25 workers) reported receiving information or a written policy.

This is troubling considering that, in that same year, an estimated 56.6 percent of illegal drug users worked for small companies. Some suggested economical ways a small-business owner can address this issue:

- Educate yourself, supervisors, and employees on the signs, symptoms, and effects of addiction.

- Contact your local chamber of commerce or the Substance Abuse and Mental Health Services Administration's Center for Substance Abuse Prevention (800-WORKPLACE) for help in developing a policy.

- Work with other businesses in the community to share the costs of a joint employee assistance program.

- Provide employees with basic information about drug and alcohol abuse and offer referrals to community resources, such as local hotlines and treatment facilities. Another source of help is the center's hotline—800-662-HELP.

### THE GIFT OF LIFE

Most of the debate surrounding organ transplants centers on donor livers, the lucky people who get them and the dismaying number who die waiting.

Unlike other organs, a liver can survive outside the body for 24 hours, making it possible to transport it anywhere in the country. For the past 18 months, the United Network for Organ Sharing and the Clinton administration have been locked in a dispute over who decides where donor organs go.

Last year, the Department of Health and Human Services mandated the organs be given to the sickest patients first, regardless of where they live.

That contrasts with long-standing network regulations favoring patients in the area where the organs were donated. The network did an end-run around HHS and persuaded Congress to delay the policy change until next fall.

Then in June, the network offered a compromise. More donor livers would be directed to the sickest patients, but offered first to those in the area in which the organ was donated. Lacking a medical match in the local area, the organ would be offered regionally and then nationally.

About the time the compromise was put on the table, there were provocative reports about experimental operations in which half a liver was transplanted. Because of the liver's ability to regenerate, the partial livers had grown into full-sized organs. The clear anticipation was that twice as many patients might be saved.

Now an even more startling development is making news. Over the past year and a half, doctors have performed nearly 100 operations in which part of a liver from a living adult donor has been successfully transplanted.

Living-donor operations could rewrite the history of liver transplantation, according to doctors who have performed it. The procedure "could eventually rival cadaver transplants or maybe even outnumber them," said Dr. John Lake, director of transplantation at the University of Minnesota.

Patients may be able to bypass long waiting lists providing they have a willing donor — a major proviso. The operation is technically more difficult than transplanting a liver from a cadaver because blood vessels and bile ducts must be painstakingly divided between the donor and the recipient.

Though no deaths or major complications have occurred so far, surgeons stress the procedure is high-risk for both parties.

That fact was made eminently clear to the nearly 100 healthy adults who volunteered to give part of their livers so that a parent, sister, brother or friend might live. Despite the danger, they chose to make the gift of life.

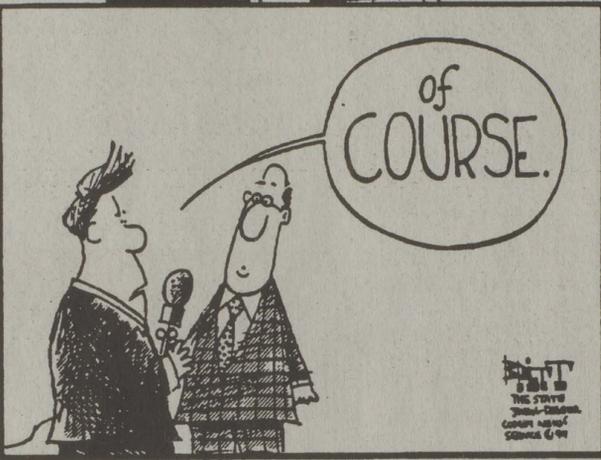

We tend to forget the fact sometimes, but there are an amazing number of caring and courageous people in the world. There may even be enough to ease the frustrating dilemma of donor-liver shortages.

— Indianapolis Star

## Letters to the Editor

### Jenny Wiley Association to meet

Editor:

The Jenny Wiley Association, a family organization composed mainly of the descendants of Thomas and Jean Sellards "Jenny" Wiley, will hold its annual meeting at the Floyd County Public Library on October 8 and 9.

All Wiley and Sellards descendants are invited to attend and participate, and all activities are open to genealogists, historians and the general public. There are no registration fees or charges of any kind and sandwiches, drinks and other refreshments will be furnished to all who attend. You need not be a family member to attend, stop by and visit with us.

The library is located at 53 North Arnold Avenue, next door to the old Prestonsburg High School. Our meeting on Friday, October 8 will be a "meet and greet session," where we will renew old friendships and make new ones. The meeting will begin at 6 p.m. and continue to about 10 p.m. Our Saturday, October 9, meeting will begin at 10

a.m. with coffee and donuts. Sandwiches, chips, soft drinks, etc. will also be available at no charge. Our annual business meeting will begin at about noon and usually lasts about two hours. The meeting will be concluded in time for viewing the parade.

A tour will be conducted to Jenny Wiley Caves, near Paintsville in Johnson county, if weather permits. Jenny was held captive at this location until her escape to Harman's Station, near the present day community of Auxier.

On Sunday, October 10, we will travel to River, for a family picnic at the clubhouse of the River Development Club and a visit to the gravesite of Jenny Wiley. Dinner will be served at 1 p.m. and will be provided by the ladies of the River Development Club at a cost of about \$6 per person.

James H. Daniels, President  
Jenny Wiley Association  
Prestonsburg

### Jarrell-Riddle reunion a success

Editor:

The third annual Jarrell-Riddle Reunion was held September 19 at Jenny Wiley State Resort Park, with between 200 and 300 persons in attendance.

A message was brought by Rev. William Jarrell, along with singing. We thank God that 22 persons were saved and baptized, and three rededicated their lives to the Lord.

Family members came from Michigan and Ohio, as well as from across Kentucky. They all enjoyed games (planned by Patricia Jo Woods) delicious food and good memories.

Trophies were given out: Eugene and Hattie Jarrell, oldest couple; Grady Ray Jarrell, farthest distance (Albion, Michigan); Jack and Anita Perry, horseshoe tournament; Stephen Boyd, youngest;

Dustin and Bobby Lee Lawson, three-legged race (male); Nicky and Hope Sanders, three-legged race, (female); Tim Stratton, sack race (male); Shelly Jarrell, sack race (female); Mr. and Mrs. Adrian Jarrell, bringing the most.

We greatly missed Georgia Stambaugh who passed away since last year's reunion, and we missed Woodrow Jarrell and Eunice Darby, who were ill, and all others who could not be with us.

Special thanks go to Heavenly Harmony from Lexington, Debbie Lewis for having plaques made, Helen Fields for the plate plaques, Kay Kidd for the quilt, Boyd Family and Gary Jarrell, and everyone else who helped to make the event a success.

Estill Jean Endicott

### Claims union did not share contract

Editor:

This letter is in response to a letter appearing in your September 22 Letters to the Editor written by Janie Harlow of Paintsville. Harlow confirmed in her letter what we shared with the press on September 2, when the strike began, and have continued to reiterate.

We did not believe the SEIU 1199 leadership had shared the hospital's contract proposal with the membership. We believed this to be true and wanted employees to know what the hospital had proposed, so we printed the proposal in the local newspapers

and mailed copies of the proposal to each of our employees.

Since that time, we have received numerous calls from employees confirming that they were never shown the proposal by their union leadership. These employees expressed their surprise at the fairness of the proposal on all issues to the extent that several have returned to work, including 38 nurses.

The contract proposal the hospital had on the table on September 1, at the last negotiating session,

### Skin deep or not

My mother would have been tickled to death last Saturday night. She would have been sitting in front of the television screen from the moment the Miss America pageant came on until it ended.

She loved beauty contests and that one in particular, and she had a definite pride in anything Kentucky.

Whether it was Miss America, Miss USA, Miss World or whatever, she always rooted for the local entry and was always disappointed when the girl didn't win.

Even before she had to give up her independence and move in with me, she would comment on the pageants. She never seemed to notice that I didn't care about them; she just went on with her commentary, regretting that Miss Kentucky didn't make the top 10, that she knew Miss Texas would win, that Miss Minnesota had a pretty smile. . .

I can just imagine how she would have reacted if she had been around to see this year's Miss America broadcast, where Miss Kentucky, Heather Renee French, won the title.

Mom would have still been talking about it to everyone she saw. "What about Miss Kentucky? Wasn't she beautiful? Isn't that wonderful? I'm so happy she won. It's about time a girl from Kentucky won."

I, on the other hand, have never cared for beauty contests. Guided by a strong feminist streak, I think they're exploitative, they reduce women to objects, they emphasize superficial qualities, they send all the wrong messages to little girls.

(OK, so maybe I've also been a little jealous of the appearance and confidence it takes to enter, neither of which I've ever had in any significant quantity.)

Anyway, I never shared my mother's

# REGIONAL OBITUARIES

## Pike County

Essie Dotson Sturgeon, 78, of Freeburn, died Wednesday, September 15. She is survived by her husband, Ira C. Sturgeon. Funeral services were conducted Saturday, September 18, under direction of Rogers Funeral Home.

## Tina Akers

Jack and Mary Akers and family would like to thank all those people who grieved with them and offered support during the funeral of their daughter, sister and loved one, Tina Akers. Elder Jack and the family were touched by the great turnout by area ministers (of several denominations). On Saturday night, 19 ministers were in attendance and on Sunday night, 42 were present. The family wishes to express their gratitude to those who drove many miles to attend the funeral, with some coming as far away as Florida. Anyone who sent flowers, food or just provided a kind word will be fondly remembered. And as Elder Jack is fond of saying, "Live right, keep your eye on the cross and the good Lord will bless you." Pallbearers for the funeral were Keith Straussburg, Mark Frasure, Brandon Sparkman, David Henson, Ernie Blevins, Ricky Blevins, Allan Osborne and Mike Mosley.

Roger Damron, 61, of Dry Fork, Shelbiana, died Wednesday, September 15. He was disabled, formerly employed by Ford Motor Company. Funeral services were conducted Saturday, September 18, under direction of Thacker Memorial Funeral Home.

Emogene Rowe Rose, 68, of Pikeville, died Wednesday, July 14. Funeral services were conducted Sunday, July 18, under the direction of Thacker Memorial Funeral Home.

Birdie Blackburn, 89, of Marion, Ohio, formerly of Pinsonfork, died

## Wayne Conn

Our Father which art in heaven, Hallowed be thy name. Thy kingdom come. Thy will be done in earth, as it is in heaven. Give us this day our daily bread. And forgive us our debts, as we forgive our debtors. And lead us not into temptation, but deliver us from evil: For thine is the kingdom, and the power, and the glory, for ever. Amen

We will remember you always,  
Love, wife Teresa,  
son, Delbert Wayne

Wednesday, September 15. Funeral services were conducted Saturday, September 18, under direction of Rogers Funeral Home.

Michael Keith Norman, 44, of Kimper, died Saturday, September 18. He was superintendent at McCoy Elkhorn Coal, owner of Sam's Hot Dog Stands in Pikeville and Lexington. He is survived by his wife, Stephanie "Tiger" Simpson Norman. Funeral services were conducted Tuesday, September 21, under the direction of Phelps Funeral Services Chapel.

Lexie McCown Butler, 91, of Bowling Fork Road, Elkhorn City,

died Friday, September 17. Graveside services were conducted Sunday, September 19, in the Childers Cemetery, under direction of Lucas & Hall Funeral Home.

Jessie Osborne, 78, of Meathouse, died Friday, September 17. Funeral services were conducted Monday, September 20, under direction of Justice Funeral Services-Pike County Chapel of Zebulon.

Ronnie Charles, 36, of Shelbiana, died Thursday, September 16. He was a miner, employed by South Akers Mining. Funeral services were conducted Sunday, September 19, under direction of Thacker Memorial Funeral Home.

Memorial Funeral Home.

Queenie Cunningham, 76, of Pikeville, died Friday, September 17. Funeral services were conducted Sunday, September 19, under the direction of J.W. Call & Son Funeral Home Chapel.

Roger Damron, 61, of Dry Fork, Shelbiana, died Wednesday, September 15. Funeral services were conducted Saturday, September 18, under the direction of Thacker Memorial Funeral Home.

Lester Bevins, 76, of Wildwood Crest, N.J., formerly of South Williamson, died Thursday, September 16. He was a retired general foreman clerk, formerly employed by Norfolk & Western Railroad. Funeral services were conducted Monday, September 20, under the direction of Weaver Mortuary.

Sheradeth Makell Stepp, infant daughter of Kevin Lee and Marie Belle Napier Stepp of Richmond, died Friday, September 17. Graveside services were conducted in Riverside Cemetery, Hazard, Sunday, September 19, under direction of Rogers Funeral Home.

Ada Slone Abshire, 87, of Steele, died Friday, September 17. Funeral services were conducted Sunday, September 19, under the direction of Bailey Funeral Home.

## Magoffin County

Raleigh Watkins, 71, died Sunday, September 12. He was owner of Watkins Heating & Cooling. Funeral services were conducted Wednesday, September 15, under the direction of Dunn-Kelley/Prater & Dunn Funeral Home.

Alex J. Lykins, died Friday, September 10. Funeral services were conducted Sunday, September 12, under direction of Salyersville Funeral Home.

Paul E. Adams, 72, of Morenci, Ohio, formerly of Royaltown, died Wednesday, September 1. He was retired from the State of Michigan. He is survived by his wife, Majorie Hill Adams. Funeral services were conducted Sunday, September 5, under the direction of Anderson Funeral Home.

## Martin County

Charlie Brown, 91, died Friday, September 17. Funeral services were conducted Monday, September 20, under direction of Preston Funeral Home Chapel.

Ethel Faye Lilly, 85, of Van Lear, died Sunday, September 19. Funeral services were conducted Wednesday, September 22, under the direction of Jones-Preston Funeral Home.

# OBITUARIES

## Kennith Eugene Reffett

Kennith Eugene Reffett, 54, of Caney, Martin, died Wednesday, September 22, 1999, at Pyramid, following an accident.

Born on February 1, 1945, he was the son of Rosemary Ousley Reffett of Martin, and the late Ellis Reffett.

He was a disabled coal miner. He is survived by his wife, Phyllis Thornsbury Reffett.

Other survivors include one son, James Chaffins of Martin; two daughters, Carolyn Hall of Harold and Mary Reffitt of Martin; two brothers, Raymond Reffitt and Frank Reffitt, both of Martin; two sisters, Irene Griffith and Barbara Griffith, both of Martin; and ten grandchildren.

Funeral services will be conducted Saturday, September 25, at 1 p.m., at the Nelson-Frazier Funeral Home, with Jim Sloce and others officiating.

Burial will be in the family cemetery on Caney, Martin, under the direction of the Nelson-Frazier Funeral Home.

## James Carl Wright

James Carl Wright, 59, of Warsaw, Indiana, died Sunday, August 15, 1999, in Lutheran Hospital, Fort Wayne.

He was born March 26, 1940, in Drift, the son of Edward and Alice Carrol Wright.

A 28-year Kosciusko County resident, he retired from the City of Warsaw in 1986, after 10 years as supervisor of the waste water treatment plant. He was a U.S. Army veteran; attended God Highway of Heaven, Warsaw; and was a member of Eagles Aerie 1339, Warsaw.

He is survived by his wife, Zella (Sue) Hatfield Wright.

Other survivors include two stepsons, Tim and Steve Williams, both of Newport, Tennessee; three daughters, Sandra Prater of Pierceton; Tammy McGannon of VanWert, Ohio, and Linda Scheuer of Warsaw; two brothers, Edward Jr. and Earl Wayne Wright, both of Drift; four sisters, Irene Simpson of VanDalia, Ohio, Betty Jo Smith of Kenton, Ohio; and Geraldine Cook and Ada Lynn Gayhart, both of Kentucky; and six grandchildren.

Funeral services were conducted Wednesday, August 18, at Titus Funeral Home, Warsaw, Indiana, with the Rev. Bob Brown officiating.

Burial was in Oakwood Cemetery, Warsaw, Indiana.

## Elizabeth Ann Blackburn Cesco

Elizabeth Ann Blackburn Cesco, 85, of Prestonsburg, died Wednesday, September 15, 1999, at Saint Joseph Hospital, Lexington, following a short illness.

She was born July 15, 1914, in Floyd County, the daughter of the late Thomas Wayne Blackburn and America Burchett Blackburn.

She was a retired cook for Jenny Wiley State Park and a Kentucky Colonel.

Survivors include two sons, Otis Ray Cesco of Cleveland, Ohio, and Thomas Howard Cesco of Prestonsburg; one daughter, Deborah Cesco Porter of Prestonsburg; and five grandchildren.

Funeral services were conducted Saturday, September 18, at 11 a.m., at the Hall Funeral Home Chapel, Martin, with the clergyman Bennie Blankenship officiating.

Burial was in the Mayo Cemetery, Prestonsburg, under the professional care of the Hall Funeral Home, Martin.

Serving as pallbearers were Ronnie Porter, Kenny Cesco, Lenny Harris, Joe Ryan, Jimmy Baril, and Mike Dye.

Serving as honorary pallbearers were Chuck Harris, Wayne Harris, Charlie Johnson, Dr. Hieronymus, Dr. Bader, Phillip D. Damron, Sam Hicks Jr., Joey Hicks, and Jeff Franklin.

## William McKinley Nolan

William McKinley Nolan, 92, of Prestonsburg, died Wednesday, September 22, 1999, at his residence.

Born July 15, 1907, in Laurel County, Kentucky, he was the son of the late Elhanel and Millie Bruner Nolan. He was a former store keeper for the Louisville and Nashville Railroad Company, and an ordained Baptist minister. He was a member of the First Baptist Church, Prestonsburg.

Survivors include his wife, Delia Mae Moore Nolan; one daughter, Betty Kalos of Prestonsburg; one brother, Fayette Nolan of Vallonia, Indiana; one sister, Fannie Gambriel of Corbin; three grandchildren and six great-grandchildren.

Funeral services will be Saturday, September 25, at 11 a.m., at the First Baptist Church, Prestonsburg, with Dr. Thomas Valentine officiating.

Burial will be in the Highland Memorial Park at Staffordsville, under the direction of Carter Funeral Home, Prestonsburg.

In lieu of flowers, contributions suggested to Hospice of Big Sandy.

## Millie Crisp

Millie Crisp, 84, of Eastern, died Wednesday, September 22, 1999, at Hazard ARH, following an extended illness.

Born on February 27, 1915, in Martin, she was the daughter of the late Pharis and Amanda Stephens Crisp.

She was disabled and a member of the Church of Jesus Christ of Latter Day Saints.

Graveside services will be conducted Saturday, September 25, at 1:30 p.m., at the Martin Cemetery, Martin, with Church of Jesus Christ of Latter Day Saints officiating.

Arrangements were under the direction of the Nelson-Frazier Funeral Home, Martin.

# HIGHLANDS

## REGIONAL

The Medical Center of Eastern Kentucky<sup>SM</sup>

A Subsidiary of Consolidated Health Systems

On September 2, 1999, the Columbus, Ohio, based Union SEIU/District 1199 called a strike against Highlands Regional Medical Center. SEIU is running newspaper ads showing strikers yelling and carrying picket signs. How is this taking care of patients?

This strike is about a large international union imposing its power on an independent, community based hospital whose mission is to build a healthier community. When SEIU called the strike, they stopped caring about you, the community, and the workers at Highlands Regional Medical Center.

### MAKE NO MISTAKE — THIS STRIKE IS ABOUT:

- A 10-year effort to unionize the registered nurses at HRMC
- Forcing all the registered nurses to join the union
- Simultaneous contract dates so the Union can strike HRMC in three years

**They claim HRMC wants short staffing, a divided work force, elimination of experienced personnel, to double monthly premium co-pay for health insurance, to increase outpatient service costs by 20%, and to provide insufficient retirement for HRMC workers.**

- The medical center is appropriately staffed. The Commonwealth of Kentucky regularly inspects hospitals. HRMC must maintain compliance with this regulation. HRMC recently received a 3-year accreditation from the Joint Commission for the Accreditation of Healthcare Organizations.
- The efforts of the Union organizers have divided the work force. More than half the registered nurses at HRMC do not want to be forced into joining a union.
- Proposed contract language recognizes seniority rights, it also recognizes that patients deserve highly trained, experienced care givers.
- The monthly premium co-payment is currently \$8.48 for singles and \$19.93 for families. Under the Medical Center's proposal they would be \$7.76 for singles and \$19.69 for families. If monthly premiums are reduced these savings would be passed on to the employees in the form of lower monthly premium co-pays.
- Medical Center employees would continue to receive a 60% discount on service charges, including outpatient services. Employees would receive FREE inpatient care at HRMC.
- The Medical Center has a 401 (k) plan for management, registered nurses and other non-union personnel. HRMC has proposed offering a 401 (k) plan to the service, technical, and clerical employees.

**The Union is not interested in patient care. If the Union is successful in forcing all the registered nurses to join the Union, the Medical Center will lose some of its most experienced, educated and highly trained registered nurse staff. The Medical Center is fighting to preserve our reputation for quality patient care. Over 100 dedicated Medical Staff employees are on the job taking care of you, OUR patients.**

# Letters

(Continued from page four)

before the strike was called by the union, is the same proposal printed in the newspapers, and is basically the same as the one remaining on the table at this time. It has not changed, because it is a fair proposal in the best interests of all our employees and is competitive with other hospitals in Lexington and Ashland.

Harlow is correct on one point—"Highlands delivers high quality health care close to home." For more than 25 years Highlands has strived to deliver high quality health care. Its employees are its greatest asset and have contributed greatly to the delivery of quality health care. The administration and management of Highlands Regional is committed to working in the best interests of all its employees and has demonstrated this throughout the last 25 years.

We have worked to negotiate fair contracts with the union every three years over the past 20-plus years, and this year is no different. We have a responsibility to our employees and the community to administer and manage the medical center with sound business principles, at the same time focusing on quality patient care.

Over the years, we have been told by union employees that Highlands' benefit package was one of the best in the state and they were proud of that fact. What has changed? The benefit package in the hospital's contract proposal is basically the same as what employees have enjoyed for the past several years.

Employees should read the proposal, check to see what is being offered at other hospitals in Lexington and in Columbus, and then decide for themselves. Yes, Ms. Harlow, I agree, Highlands employees are very capable of making educated, informed decisions. We are proud of all our employees that's why we printed the contract proposal information in the newspapers so employees could read it and make their own informed decision. We're not sure why your union leaders chose not to share this information with you.

Kathy Rubado  
Director of Marketing/Public Relations  
HRMC

## 'Let's keep it professional'

Editor:

I am writing this in regard to the media urging everyone to be informed of the issues leading to the strike at Highlands Regional Medical Center. I am an RN and concerned member of the community, so I felt that I should become aware of these issues.

I have seen the contract printed in the paper and listened to the people in the community and am able to see both sides on most issues. However, there are a few things that really disturb me about the strike.

First of all, it seems that the SEIU wants to take away the RN's right to choose whether to be in the union or not. We as RNs have struggled for years to be labeled as professionals. How professional is it to stand on a picket line chanting and throwing paint thinner on cars? This could set us back 50 years where we will be labeled as "doctor's handmaidens" once again.

Secondly, patient care should be number one priority. Both sides are

claiming that they put patient care first and foremost. I am standing on the outside looking in and it seems pretty clear to me—who walked out on their patients and who is taking care of them now. It seems the union is only trying to hinder patient care.

If you don't like the benefits that a facility has to offer, then find another job. A place cannot operate if it has no employees. After all, it is not your right to be employed, it is a privilege. Let's keep it professional.

Lisa Lynn, RN  
Prestonsburg

## Reader offers another view of home schooling

Editor:

I noted with interest the column "Things To Ponder" by Mable Rowe Lineberger, PhD, in the Sunday edition, September 12, 1999.

It's obvious that Dr. Lineberger did quite a bit of research for the article and much of it is accurate. I do take issue with some of the conclusions she seems to have drawn from her observations.

She implies that home schooling is not as valid educationally as public schools or private schools. Her remark "I cannot imagine not having my school day experiences," indicates this.

Actually, home schooling is older than our nation and most of our early forefathers were home schooled, including George Washington, Benjamin Franklin, Abraham Lincoln, Thomas Alva Edison, and so on. The experience of home school students is every bit as valid as that of any other school. It doesn't take 30 or more students in a classroom to validate the genuineness of the experience.

She equates home schooling with doing surgery on the kitchen table. That's a far-fetched idea, to say the least. One thing is for sure, it doesn't take a brain surgeon or a rocket scientist to know what the latest studies show. Home school students far exceed their public school counterparts on all standard tests across the broad span of curriculum. The average for home schooled students is higher than the best public school district in the United States.

Amazingly, this held true for those schooled by parents who were certified teachers, as well as for those who were not. It also was true across all income levels of parents, varying family size, differing amounts of money spent and so on.

For a more complete analysis, anyone can refer to the booklet "Home School Works: Pass It On" from Home School Legal Defense Association in Paeonian Springs, Virginia.

Dr. Lineberger also questioned the legality of home schooling. Then in her very next sentence, she acknowledges that it is legal in all 50 states. Why cast aspersions and then admit she is wrong?

Finally, to address the statement in bold print, "How about just schooling all the kids at home?", we don't advocate that. As a home school parent, I can truthfully tell you that it takes an enormous amount of time, energy, commitment, conviction, and courage to teach your own children.

One home school educator/apologist pointed out that about one-third of those who attempt it, discontinue it. So, we don't say it is for everyone, just those who are convinced that it is the option for their children. We certainly would not encourage anyone to do it just because we are.

We generally admire those teachers in the public and private school systems who are dedicated to their tasks of educating children. It is a tough job that requires tough love. To many of them, it is also a ministry. We are thankful for them.

We are also thankful that we live in a country that allows us the parental right to rear our children in the spiritual, emotional, physical and educational atmosphere we choose. May God continue to bless us with this freedom.

Prestonsburg

## Governor explains tobacco program

Editor:

I am taking this opportunity to alert all Kentuckians that people who produced tobacco in 1998 are eligible for compensation from the National Tobacco Growers Settlement Trust. Applications were mailed from Frankfort to farm operators on Friday, September 17.

However in addition to the farm operators, tenant/growers and quota owners for 1998 are eligible and must sign the application that has to be completed for each farm.

Quota owners should receive a letter about the trust, but tenant farmers will not receive direct communication, because there are no complete records on them. It is critical that all three groups learn about the application process—particularly because a very short time frame exists to get the paper work completed and mailed.

It's worth repeating that all three groups will share equally in Kentucky's share of the trust, which for 1999 is about \$112.7 million, made up of funds contributed by four tobacco companies.

Each group is entitled to 1/3 of Kentucky's share.

The quota owner's share is based on their 1998 basic quota. For this application, payment pounds are based on an average of a farm's effective quota and tobacco sales for 1998.

The challenge in our application process is that only one form may be completed for each farm that produced tobacco in 1998 (which are identified by the USDA by a specific serial number). Only one form per USDA Farm Serial Number has been sent to the farm operators.

In other words, tenant/growers, quota owners and those who controlled a particular growing farm in 1998, all have to sign the same application for the same farm to receive compensation from the trust.

To challenge this process even further, the applications which were mailed Friday, must be completed, signed, and postmarked for return to the Kentucky Tobacco Settlement Trust Corporation, no later than October 8. Depending on how fast the applications that were mailed Friday, September 17, move through the U.S. Postal Service, that provides less than three weeks to return a completed form. There will be no extensions.

Some technical terms need to be addressed. Those who are eligible to receive funds from the trust will have "shared in the risk of production." Those are the people who had financial gain from tobacco production only if the crop was sold. As I mentioned, quota owners will receive a letter about, and those who controlled the farm will receive the application in the mail.

However, no reliable data from the USDA exists for grower/tenants. It is critical that the Trust Corporation uses all means available to reach this constituency so Kentucky tobacco growers get their fair share from the trust. The tenant/growers must be included on the application form that will be sent in by the farm operators.

There are other particulars about completing the application, and help is available from local County Extension Offices and Farm Service Agencies. Help is also available via a toll free number, 888-366-8698, and information is available on the Internet at <http://kytobaccotruster.state.ky.us/>.

We estimate that there are 180,000 Kentuckians who participated in tobacco production in 1998 and shared in the risks of production. We ask all of our citizens to help us ensure that those who were involved in producing tobacco during 1998 learn about this financial opportunity and work together to get applications in on time.

If we work together, we can make sure that this important segment of Kentucky's economy receives their fair share of their funds from this national trust. Tobacco farmers have supported Kentucky since the commonwealth was new. Let us all make sure that we pull together to get this important message to them, so that those who participated in growing burley last year will receive their portion of the trust.

Paul E. Patton, Governor

## LUMBER!

### Harold White Lumber, Inc.

2920 Flemingsburg Road

Morehead, KY 606-784-8158

As you make your voting decision for the office of Floyd County Family Court Judge, which will appear on the November Ballot as Circuit Judge, 3rd Division, I would ask you to honor me with your vote and support.

### Family Court—The Problems

Over the eleven years I have practiced in Floyd County, I have become aware of problems with the way justice is administered in Domestic Relations cases. These are:

- Court costs for Divorce Cases are too high.
- Divorce cases take too long to be heard in the Court.
- Emergency Protective Orders are issued too often.
- Domestic Violence Orders do not offer enough protection to victims of serious abuse.
- Children are not protected sufficiently in the juvenile Court.

### My Solutions to the Problems

I offer the following specific solutions to these problems:

- I pledge to hear all cases personally, and to abolish the office of Domestic Relations Commissioner. This will lower Court Costs on all contested Divorce Cases, between \$15.00 and several hundred dollars, depending on the case.
- I pledge to hear all Divorce cases within 60 days from the date the Petition is filed, if there are no children involved, and within 90 days, if there are children involved.
- I pledge to grant both parties a full hearing on all Emergency Protective Order Petitions, and to grant only those Petitions where there are legal grounds to do so.
- I pledge to protect, to the fullest extent of law, victims of Domestic Violence, especially in cases involving physical abuse.
- I pledge to take the time to hear all abuse and neglect cases, and to protect our children who are in danger.

I have 12 1/2 years of experience in Domestic cases, and in that time I have represented over 500 people in such cases. I know the problems, and I will work as hard as I can to solve them. This is a full time job, and requires a full time Judge.

Remember, if all we get with this Court is a new Judge doing things the same old ways, Floyd County has gained nothing!

Vote for and Support

## Tim Parker

### Family Court Judge

(Circuit Judge, 3rd Division)

Number 4 on the ballot,

Number 1 in experience!

Paid for by the Committee to Elect  
Tim Parker Circuit Judge, Robert Williams, treasurer.

I have a plan to make Family Court work!

# Free youth program designed to help dropouts

Bluegrass Challenge Academy announced recently that it is taking applications for the next class for the Youth Challenge Program, scheduled to begin on January 9, 2000.

Open to teenagers 16-18 years of age, the Youth Challenge Program is a free program that helps high school dropouts get their GED, prepare to enter the workforce and earn about \$2,000 all at the same time. The goal is to offer the discipline, life skills and education needed to help young people get their lives back on track and become self-sufficient, productive citizens.

The 22-week residential program is voluntary and includes a rigorous schedule of academic studies and leadership/fellowship training. Graduates will also become enrolled in a year-long mentoring program that will assist them in obtaining and keeping a job.

According to Elmo Head, director of the program, enrollment for the academy is in full swing.

"We're currently looking for applicants from every county across the Commonwealth to enroll for the second class of the Kentucky Youth Challenge program, which begins in January. It

won't be easy, but it is a wonderful opportunity for young people with the desire to get their life on track. We encourage anyone who thinks they might be qualified to apply for this program."

Upon graduation from the academy students will receive a cash stipend for continuing their education or vocational training. Applicants should be 16-18 years of age, high school dropouts, be drug-free and have no felony convictions.

The Bluegrass Challenge Academy is managed by the Kentucky Youth Challenge division of the Kentucky Department

of Military Affairs. A wide range of state and local agencies—from the Kentucky National Guard and the Department of Education and Workforce Development and Juvenile Justice to local school boards and community organizations—have developed a partnership to operate the program.

For more information on Bluegrass Challenge Academy, call toll-free at 1-877-KY-YOUTH (1-877-599-6884) or call 502/624-4807 or 502/624-4515.

Or visit our website at [www.military.state.ky.us](http://www.military.state.ky.us)

The deadline for applications is November 24.

This weekend the annual meeting of the New Salem Association of Old Regular Baptists will take place at Minnie. Included are some shots of meetings in the past. (photos by Willie Elliott)

The cooks from different churches prepares enough food to feed more than a thousand people.

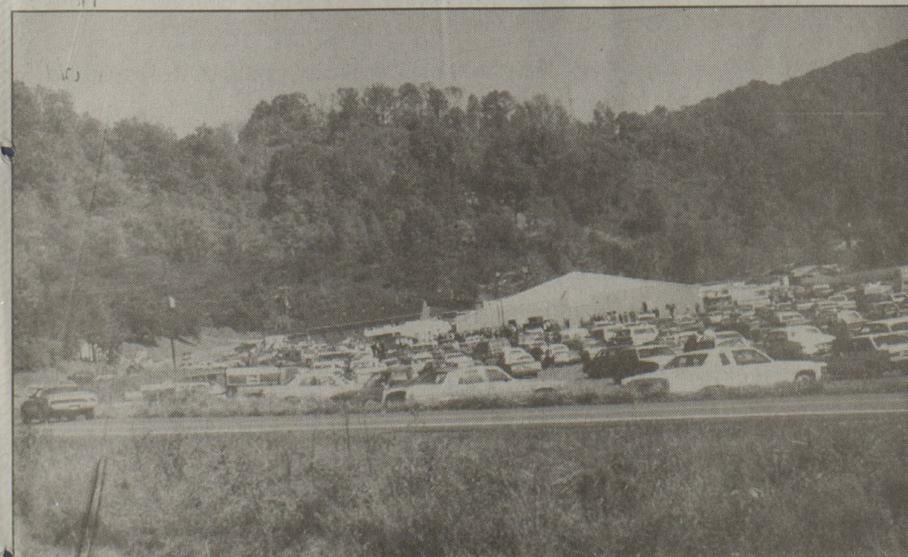

Long-time moderator of the association Grover Adkins (now deceased) greets a friend before services begin.

The crowd stands for the closing song and prayer.

Of course, eating is a big part of the meet. This shot from a past year shows a lunchroom filled with hungry churchgoers.

The upper bottom has been eliminated and all the cars will have to park on the lot below the Association. The small community of Minnie becomes the focal point for all Old Regular Baptists in this region.

## PUBLIC NOTICE

This Region's Largest Dealer Group to have their annual model year closeout. All remaining 1999 model vehicles are expected to be sold, Friday, September 24th, and Saturday, September 25th.

IF YOU'RE IN THE MARKET for a new vehicle, now is the time to get one.

Walters Automotive group in Pikeville, Kentucky, is holding a special model year closeout sale Friday, September 24th, and Saturday, September 25th.

Regular business hours will be in effect: Friday, 8:00 a.m.- 8:00p.m., Saturday, 8:00 a.m.- 6:00p.m.

People believe that model year closeout is the best time to buy or lease a new car, and they're right. Walters Auto Group, consisting of Bruce Walters Ford Lincoln Mercury, Walters Mazda Mitsubishi, and Walters Toyota, have over 250 new vehicles to move during this sale. All Fords, Lincolns, Mercurys, Mazdas, Mitsubishis, and Toyotas will be clearance priced.

During this Special Consolidation, all sale prices will be posted. Customers will see the price and discounts on the windshield of every vehicle. Simply choose the car you want, and you'll know the price. Walters Auto Group will have all their Sales & Leasing profes-

sionals on hand to help with the extra traffic that this sale will cause.

Qualified buyers will get as low as 0% financing. This low rate will be a specific term on select new vehicles.

Financing agents will be on site to assist customers. With our large selection and our great financing, buying a new vehicle has never been easier.

**"Get as low as Zero % financing."**

At this event, customers will be able to appraise their own trade. The official September edition of the Black Book will be available for customers to view.

Walters Auto Group will pay off the balance on your trade-in. (Subject to lender approval.)

Remember, this sale is for 2-days only--Friday, September 24, and Saturday, September 25, and will be located at 3987 North Mayo Trail beside K-Mart in Pikeville, Kentucky.

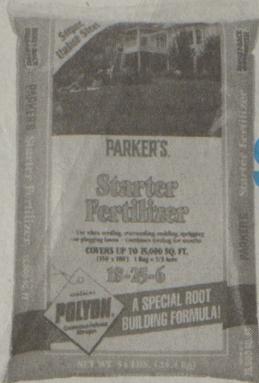

This sale is not open to any dealers or auction houses. Hurry, because once these vehicles are gone--they're gone.

**PRESTONSBURG AT WHITESBURG**  
*Prestonsburg travels to Whitesburg looking for initial win*

by Ed Taylor, Sports Editor and  
 Karen Joseph, Sports Writer

The Prestonsburg Blackcats and Whitesburg Yellowjackets have one thing in common this football season — neither team has been able to secure a victory through the first five weeks of the '99 season.

Whitesburg will host the Blackcats tonight in a district matchup that both teams desperately need.

The Blackcats enter tonight's contest winless in their first four games as will the Yellowjackets. The problem hasn't been as

bad for Whitesburg in the sense of putting some points on the scoreboard. But that has been where Prestonsburg hasn't managed to do much. The Blackcats have been shutout in two of their first four games and have only a touchdown in each of the other two for a total of 12 points for the season.

Whitesburg dropped two heartbreakers in the past two weeks, losing to Perry County Central 14-12 and dropping a double overtime game to Leslie County 33-32. The Yellowjackets fell to Somerset in their opener, 24-7, and fell hard to Hazard, 57-12, in game two.

Prestonsburg could not score against

Pikeville in its opener, dropping a 39-0 decision. They were shut out this past Friday at Grundy, Virginia. Their other two losses were to Sheldon Clark and Mount View, West Virginia.

Of course, the first four games may be considered non essential by both teams because the district games (those which are important) begins tonight. However, momentum is important when entering district play and Whitesburg is a tough opponent on their field.

Coach John Derossett added: "These first four games are history, and we need to look to the next five district games. That is

what counts. We can write off the four losses as practice. We have a lot of good players and a lot of good coaches, and we are ready to play. This is a very important game, our first district game and I think the boys are ready."

Prestonsburg fans from bygone years can remember the fierce battles that have raged when the two teams met at Whitesburg. But the Yellow jacket program has fallen on hard time over the past three seasons.

Prestonsburg is a young, very young team. The Cats are looking to untested players from last season with the offensive and defensive lines not what Blackcat fans had

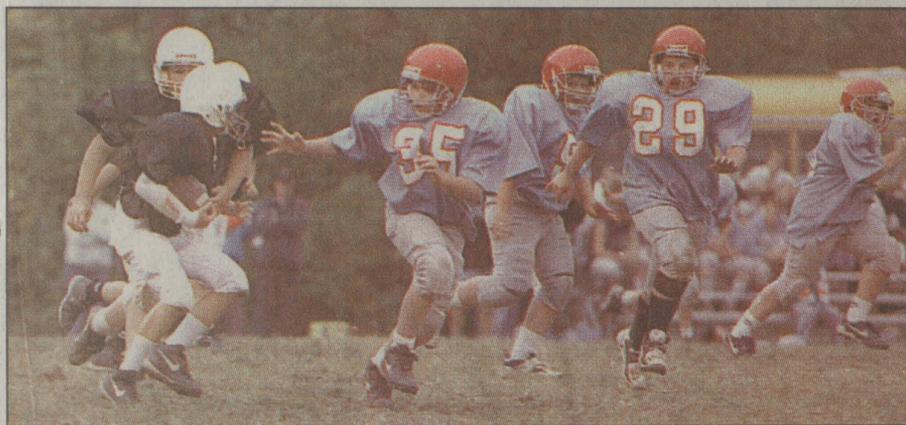

become accustomed to.

Prestonsburg feels confident they can manage a run in their district and secure a playoff berth come November.

Coach Derossett thinks his team has "as good as chance as anyone in the district."

"Our record is 0-4 now, but don't count the Blackcats out. We played better in the Grundy game, and we are getting better every game," he said.

The Blackcats lost freshman Matt Setser last week to a knee injury. "Matt saw a lot of time on the special teams, and he will be missed," Derossett said, "but other than Matt, the team is all healthy."

**Big run**

**Middle school football...  
 Bakay rushes for 231 yards, scores 4 TD's**

by Ed Taylor  
 Sports Editor

South Floyd Middle School football coach Lanny Hall was wandering around Brackett Field at Wheelwright in search of two things — answers and players.

Seven of his starters were declared ineligible for the game against county rival Allen Central this past Tuesday night, and he was wondering how to overcome the adversity.

But the junior Raiders did not seem to press for an answer but seemed to find the answer in running back Joe Bakay. The answer was simple: give Bakay the ball.

(See Bakay, page two)

**Open field**

This Allen Central runner looked like a sure bet to score in football action at South Floyd last Tuesday night. However, he was shoved and stopped at the four-yard line. (photo by Ed Taylor)

**Indians too much for Blackcats to handle**

by Karen Joseph  
 Sports Writer

It was a pretty long night for Tommy Poe and his Adams Middle School Blackcats on Tuesday night when they took on the very big Indians of Inez.

Prestonsburg played a hard game and never gave up. Michael Morrison and Joe Blackburn had some very good tackles. Brandon Hurt had some good carries.

Chris Walker and Elsie Webb had some good blocks, but it was just not enough against the more experienced and bigger Indians. The Indians defeated the Blackcats 22-0.

Prestonsburg's Brandon Hurt received the ball to start the game, but the Blackcats failed to move the ball against the tough defense of the Indians. The Indians took over on Prestonsburg's loss of downs and take over they did. They scored their first touchdown just four plays later with 3:39 remaining in the first quarter. The two-point conversion was good making the score 8-0 in favor of the Indians. This is the way the first quarter ended.

The Blackcats looked a lot better in the second quarter. Inez had the ball at the beginning of the first quarter, but Prestonsburg's Joe Blackburn acted as if he were on a mission. He sacked the quarterback twice to hold the offense of Inez and the Blackcats took over on loss of downs by the Indians. On their next possession, the Blackcats moved the ball fairly well but failed to score. They completed two first down on five carries for 20 yards by Brandon Hurt and one carry by Michael

Morrison but again the defense of the Indians held the Blackcats and the Indians took over on the loss of downs.

On the first play of the next series, Inez fumbled the ball and Prestonsburg recovered. This brought the Blackcat fans to their feet, but not for long. Just four plays later, the Indians got the ball back and on a sneak hand-off play they scored their second touchdown. The extra point was also good making the score at the end of the first half 16-0 in favor of the Indians. This really changed the tempo of the game. Had the Blackcats stopped the Indians from scoring that second touchdown right before the end of the first half, the morale of the Blackcats would have been a lot better.

The Indians pretty much dominated the game in the second half. Prestonsburg attempted an on-side kick to begin the second half in hopes of getting the ball

(See Indians, page two)

**The Indians defeated the Blackcats 22-0.**

**A Look At Sports**  
*Season nears end;  
 a new one to begin*

**BUT FIRST...**

We are encouraged to hear that Jessi Bentley is doing better. Still keep her in your prayers.

The 1999 major league baseball's regular season is coming to a close and it seems like it just started.

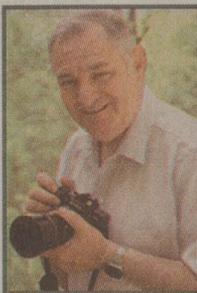

Nine games remain for the Cincinnati Reds as they begin their final home stand of the millennium tonight against the St. Louis Cardinals. The four game series will conclude a rather disappointing year at the turnstiles for the Reds.

However, the final game at Cinergy Field may not have been played if the Reds can just find a way to overcome the lead of the Houston Astros. The Reds

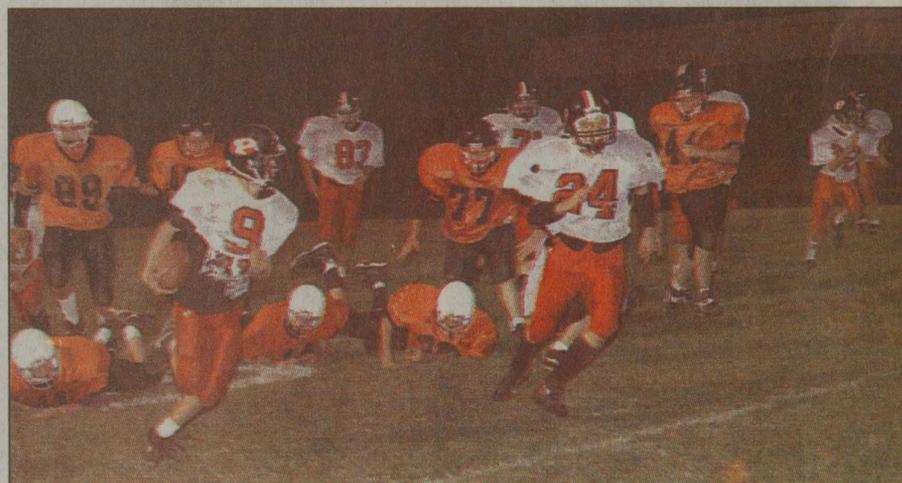

and Astros hook up in a two-game set Tuesday and Wednesday at the Astrodome in Houston. If the Reds should be so fortunate to be just two-games out, their fate will rest in their hands at Houston. But the Reds must finish the season on the road at Milwaukee.

It looks like there is still some exciting baseball left in the next 11 days.

Not only the race in the National League Central needs deciding, but the home run race between Mark

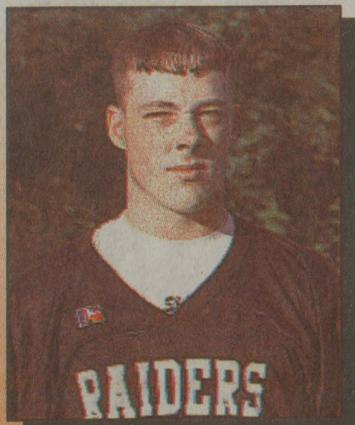

(See Sports, page three)

# Bakay

(Continued from page one)

Bakay rushed for 231 yards for the Raiders and scored four touchdowns in South Floyd's 34-25 win over the Rebels. Jordan Johnson finished with 48 yards on eight carries. Adam Tackett had eight carries for 32 yards and a touchdown.

Quarterback Landon Hall did not have to pass the ball that much but was three of three attempts for 31 yards. His longest completion was to Bakay for 25 yards. Shawn Reed hauled in two conversions passes for the

Raiders.

John Little's outstanding performance for the Rebels was only overshadowed by Bakay running. Little finished with 130 yards on 10 carries, and he scored two touchdowns. Austin Francis rushed for 43 yards on two carries. Josh Huff had 25 yards on three attempts.

Allen Central's total offense came on the ground for 199 yards. The Raiders totaled 345 yards on offense with 314 coming on the ground.

Allen Central took the initial lead on its first possession, driving from their own 49-yard line on a drive that took eight plays. Francis scored from six yards out with 3:32 left in the first quarter to give the Rebels a 6-0 lead.

Adam Tackett gave the Raiders good field position on the kick-off return when he raced 38 yards to the Allen Central 48. The Raiders took the ball into the fourth quarter and Bakay scored on a two-yard run at the 7:54 mark to tie the game at 6.

The Raiders got the first break of the game when on a second and 10 play, Allen Central fumbled the football away. From the Rebel's 39, the Raiders finished an eight-play drive that culminated on a two-yard run by Tackett that gave South Floyd a 12-6 lead with 3:13 to play in the first half.

But the lead was short-lived as Allen Central took a 13-12 lead on a 68 yard kick-off return by Paul David Francis and one-point conversion by Austin Francis.

Bakay led a good drive by the Raiders, moving the ball to the Allen Central eight-yard line. Hall hit Bakay with a 25-yard completion to put the ball inside the Rebels' 10-yard line. However, on the next play, Hall was intercepted by Josh Huff, who returned the ball to the 23-yard line. Tackett broke loose for the Rebels and picked up 37 yards before being hauled down by the last Raider defender. The half ended before the Rebels could get another play off.

South Floyd put some distance between them and the Rebels when Bakay scored on an 18-yard run with 2:57 to play in the third quarter. The conversion run by Bakay gave the Raiders a 19-13 lead.

On a third down and six play, the Rebels lost the ball on their second fumble of the game with the Raiders taking over on their own 48-yard line with 1:01 left in the third.

On a third and one, Bakay broke loose off the right side and scampered down the sidelines 42 yards to pay dirt. Hall hit Reed with the conversion pass for a 26-13 advantage.

Allen Central got excellent field position going into the fourth quarter with the ball resting on its own 48-yard line. On a second down play, Little broke through the middle, cut right and galloped 51 yards for a touchdown with 6:33 to play for a 26-19 game.

But the Raiders overcame two penalties and, with 3:58 to play, Bakay scored his fourth touchdown of the game and Reed caught his second extra point pass as the Raiders were in command 34-19.

Allen Central was not ready to quit and it took four plays to put six points on the board. Little scored his second touchdown of

the game on a 43-yard run with 2:11 to play for the final 34-25 margin.

Allen Central coach, Roy Harlow, said he was pleased with his team's play.

"We are just now getting to playing football," he said. "I am real pleased with the way we played. It is fun again. I have seen a lot of improvement in this team and I have always said. If we can improve with each game, then I am satisfied."

South Floyd meets Betsy Layne Tuesday night at Brackett Field. Allen Central travels to Prestonsburg to face Adams Middle School on Tuesday evening.

ALLEN CENTRAL MIDDLE SCHOOL'S JOHN LITTLE made a cut and went 53 yards for a touchdown against South Middle School Tuesday night. The Raiders pulled out a 34-25 win over the Rebels (photo by Ed Taylor)

# Indians

(Continued from page one)

back, but the attempt failed.

The Indians had possession of the ball the majority of the time and scored the only touchdown. They scored their third touchdown with 1:53 to go in the third quarter. The extra point was unsuccessful making the score 22-0 in favor of the Indians.

The Blackcats only had the ball two times in the fourth quarter for a very short time. The Indians had possession most of the quarter, but failed to score.

The final score was 22-0 in favor of the Indians. The Prestonsburg coach said after the game: "My boys played hard and did not give up. Had they (Indians) not have scored the second touchdown, I think the outcome may have been different. But it was not as much of a run-

away game as everyone had thought it would be. I am very proud of the team."

The Blackcats (2-3) will host the Rebels of Allen Central on Tuesday September 28.

While the varsity of Adams Middle School had a hard time with the Inez Indians, the fifth and sixth graders of Prestonsburg, coached by Don Compton and several other dedicated parents, had a pretty easy time defeating the fifth and sixth graders of Inez. The junior varsity team of the Blackcats has a lot of speed. No. 81, Carmen Maines, may be small but he can sure can run. The Blackcats have some pretty good size on the team, and the team has something to look forward to — winning the next time around.

# WEEK 4

# Prestonsburg get back on winning track by defeating Millard Mustangs

by Karen Joseph  
Sport Writer

It has been a hard week for the Lady Blackcats Volleyball team. Their record was 7-0 going into last week's game against Paintsville. The Blackcats lost to Paintsville on Wednesday and then lost to Breathitt County on Monday.

The Lady Blackcats had not lost a game this season, much less two in a row. They took on the Millard Mustangs on Tuesday night hoping to turn things around and they did turn things around. This looked like the "old" Prestonsburg Volleyball team. They played team ball and easily defeated the Mustangs.

In the first match, it took the

Blackcats awhile to score. They kept some volleys going for some time but the serve went back and forth until the third serve. Ashleigh Ousley scored the first point for the Blackcats, and Lois Rogers scored the only other two points in the first rotation. In the second rotation, Stephanie Adams and Brook Coleman each scored two points with Angela Howell scoring one point. Lauren Majakey scored six points and Amelia Conley scored the final point for the Blackcats. The Mustangs only scored four points in the game.

In the second match, it was just about the same story. Millard scored only five points, but it took the Blackcats until the second rotation to win the game. There were a lot of good volleys going with Prestonsburg getting the key plays to score the points. Stephanie Adams scored five points and Brooke Coleman scored six points in the game with Angela Howell and Lauren Majakey each scoring two points for the Blackcats making the final score 15-5.

The Blackcats (8-2) will travel to Betsy Layne on Monday to take on the much-improved Betsy Layne Bobcats.

SOUTH FLOYD MIDDLE SCHOOL RUNNING BACK Joe Bakay rushed for 213 yards and scored four touchdowns to lead the Raiders to a 34-25 win over Allen Central (photo by Ed Taylor)

# Betsy Layne looking for first win

by Karen Joseph  
Sports Writer

The Betsy Layne Bobcats will host the Hawks from Pike Central on Friday night, and the Bobcats are looking for their first win.

They are coming off a loss to Evarts last week. The Hawks are coming off a big district loss to Shelby Valley last week.

Pike County Central dropped down to AA this season and has a record of 3-2.

Betsy Layne currently has a record of 0-5. Betsy Layne head coach, Ted George says that this is a big district game.

"This game will tell a lot about both teams. You can look at

games on paper, but until you actually play, you don't know how well the teams measure up. We lost our first district game to Belfry, and Pike Central lost the first district game so this is a big game for both teams." The Betsy Layne mentor added, "Pike Central is a young team, but they are a very good team and I think this will be a good game."

The Betsy Layne Bobcats are a little bruised this week. Ricky Goble and Aaron Swiger both suffered injuries in the game against Evarts last week. But, according to Coach George both of the boys will play.

"We don't have a choice," the coach said. "We will have Darrin

Akers back this week on the defensive line. He has been out for four weeks, but the doctors have released him to play."

Things are about to get back to normal at Betsy Layne after all the commotion last week.

"Last week was a hard week here at Betsy Layne. This week has been a little better. We did not return to school until Wednesday, but we have had a good week in practice. We practiced two hours on Monday and on Tuesday morning, we came in and watched about an hour of film. Then we practiced for three hours. We practiced for two and half hours on Wednesday and will practice about an hour tonight (Thursday). We will be ready to play on Friday night," the coach said.

## Preview....

### Raiders know Fleming-Neon a big game

by Ed Taylor  
Sports Editor

The high school football season enters week six and already it is time to start summing up the district races and see who is in, out and on the bubble.

The South Floyd Raiders (3-2, 1-1) know only one thing — their game with the Fleming-Neon Pirates is going to be a big one early.

"We have district games remaining with Hazard and Paintsville," Coach Donnie Daniels said, "and that is the reason this game is a big one for us."

The Pirates are 1-3 on the season, but 0-2 in district play. After winning their season opener, the Pirates have dropped three straight. But they nearly knocked off front running Paintsville two weeks ago when they mounted a fourth quarter comeback, finally losing 46-42 to the Tigers.

But earlier, Fleming-Neon lost a heart-breaker game to always-tough Harlan, 27-23. So the Pirates, despite three losses, will not be a team to be overlooked.

South Floyd fell hard to Pikeville last Friday night, scoring first on emotions and then watched as the Panthers had their way in a 47-22 setback.

The Raiders' defense could not handle the running game of the Panthers and that may be the case against Fleming-Neon, a team that likes to run.

South Floyd needs yards out of junior running back B.J. Bryant, who found little running room against Pikeville. Matt Tackett rushed for 92 yards but a lot will depend on how Bryant performs against the Pirates. Fullback Joe Platkus looked capable at times but seemed to spin his wheels in looking for holes.

Charlie Williams returned at quarterback for the Raiders last Friday night, but Josh Johnson has been working at the signal-calling position this week in practice.

Williams completed five passes last Friday night, but they came against the second-varsity secondary.

## Resting

Paul David Francis (20) of Allen Central was stopped by South Floyd's Landon Hall (7) on a good kick-off return for the Rebels. Later, Francis had a 68 yard touchdown return. (photo by Ed Taylor)

# Sports

(Continued from page one)

McGwire and Sammy Sosa. As of this time, McGwire trails Sosa 62-59 in the race. Looks as if neither will reach the 70 mark.

Kentucky will be trying everything to stop the Gators of Florida this Saturday at Commonwealth Stadium. Who would have thought Dustin Bonner would have been the other "Tim Couch?" What a first three games he has enjoyed.

What a game against Indiana last weekend in a stunning victory over the Hoosiers. Bonner passed for 304 yards completing 24 of 31 pass attempts.

Coach Donnie Daniels has announced a date change in his

football schedule. The Raiders were to face Jenkins next Friday night, October 1, but the game has been switched to Thursday night, September 30. The game will start at 7 p.m. Coach Daniels also said the game would be counted as a junior varsity game for his team. Jenkins is not competing for a district title.

October 2 and 3, the Thunder Ridge Speedway will come to life after taking this weekend off. The local track will host its sixth annual Thunder Ridge 100 with \$20,000 going to the winner in the Late Model feature. More on this in Sunday's Sports Plus.

Basketball teams are conditioning for the upcoming season. I watched as coach Melinda Osborne took her team through conditioning drills Monday. Looks like the South Floyd Middle School girls' team is going to be a good one. I wonder if Megan got all her laps in?

Good news! Grade school volleyball begins next week. What a shot to the arm of the high school programs.

Until Sunday, good sports everyone and be good sports! Take the kids to Sunday School and church this Sunday.

Prestonsburg's Ashleigh Ousley sets up for the ball in the game against Millard. The Blackcats now 7-2 defeated the Mustangs. (photo by Karen Joseph)

# Rebels gets shot at two wins in one week

## Paintsville replaces Casey County

by Ed Taylor  
Sports Editor

In a switch in the middle of the stream (week), the Allen Central Rebels will host the unbeaten Paintsville Tigers this Friday night in a game that does not show on either team's schedule.

Allen Central was supposed to host Casey County this past Thursday night, but they canceled on the Rebs.

"They did not want to come over here and play because of all the meningitis that is going on here," said Allen Central athletic director, Johnny Martin. "It was to be our homecoming and it is a shame they canceled. They agreed to forfeit the game and pay the forfeit fee."

So the Rebs picked up one win with the forfeit, but will have to have an outstanding game to pick up victory number two in one week against the Tigers.

Paintsville leads their respec-

tive district with an unblemished 2-0 record and is 5-0 overall. Allen Central is 3-2 through five games. Allen Central does not compete for a district title but that could change next season.

"We are going back to district play next year," said Martin. "Kevin (Spurlock) has the program going in the right direction and we feel we can compete."

Allen Central will have to control the running game of the Tigers. The Rebels played last Thursday night, a 22-0 loss to the Kentucky School for the Deaf, at Danville. They played without suspended running back Mark Dunfee.

Dunfee should return tonight and team with Shawn Newsome and D.J. Hoover in the Rebels' backfield. Brandon Sizemore will be at quarterback.

It will be homecoming for Allen Central tonight with homecoming festivities slated for 6 p.m.

| 10. (—) <b>Joe Nemechek</b>  | Quite the surprise     |

## FROM LAST WEEK

### WINSTON CUP SERIES

Neither his car's owner, Felix Sabates, nor his parents were on hand in New Hampshire, but Joe Nemechek won his first Winston Cup race anyway, holding off Tony Stewart in the DuraLube/Kmart 300.

It was a rare moment indeed for the 35-year-old former Busch Grand National champion, who had finished in the top 10 only once in his previous 14 starts.

Third-place finisher Bobby Labonte passed Mark Martin to take second place in the points standings, and Pontiac teammate Stewart followed up his

first victory with his first runner-up finish. Joe Gibbs' drivers finished 1-2 at Richmond and 2-3 at Loudon.

Next were the two drivers who had dominated the 1,058-mile oval in recent years. Jeff Burton, who won the July 11 race, finished fourth, and Jeff Gordon, two-time defending champion of this race, was fifth.

Nemechek's upset win marked the ninth of the season for a Chevrolet driver. Fords have won 11 times and continue to lead the manufacturer standings.

## 1999 WINSTON CUP SCHEDULE

Sept. 26	Dover Downs International Speedway	Dover, Del.
Oct. 3	Martinsville Speedway	Martinsville, Va.
Oct. 10	Charlotte Motor Speedway	Concord, N.C.
Oct. 17	Talladega Superspeedway	Talladega, Ala.
Oct. 24	North Carolina Speedway	Rockingham, N.C.
Nov. 7	Phoenix International Raceway	Avondale, Ariz.
Nov. 14	Miami-Dade Homestead Motorsports Complex	Homestead, Fla.
Nov. 21	Atlanta Motor Speedway	Hampton, Ga.

## FEUD OF THE WEEK

### Elliott Sadler vs. Terry Labonte

The luckless Labonte weathered one major crash, was competitive for most of the day at New Hampshire and led 37 laps. What relegated him to a 31st-place finish was a tap from rookie Elliott Sadler's Ford in lap 297. "I'm tired of getting run over," said Labonte. "It was just something I didn't really want to do," said Sadler.

### NASCAR This Week's Monte Dutton gives his opinion:

"Sadler, his own rookie year, obscured by the unprecedented success of Tony Stewart, is getting better and better. The incident cost him a top-10 finish and certainly wasn't intentional, but it's small consolation to Labonte."

## ON THE SCHEDULE

### WINSTON CUP SERIES

Coming up: MBNA Gold 400

Where: Dover (Del.) Downs International Speedway (1 mile-track), 400 laps/miles

When: Sunday, Sept. 26

Defending champion: Mark Martin

Event qualifying record: Mark Martin, Ford, 155.966 mph, Sept.

15, 1998

Race record: Mark Martin, Ford, 132.719 mph, Sept. 21, 1997

### BUSCH GRAND NATIONAL

Coming up: MBNA Gold 200

Where: Dover (Del.) Downs International Speedway (1 mile-track), 200 laps/miles

When: Saturday, Sept. 25

Defending champion: Matt

Kenseth

Event qualifying record: Kevin Grubb, Chevrolet, 153.498 mph, Sept. 18, 1998

Race record: Dale Earnhardt Jr., Chevrolet, 130.152 mph, May 30, 1998

### CRAFTSMAN TRUCKS

Coming up: Las Vegas 250

Where: Las Vegas (Nev.) Motor

Speedway (1.5 mile-track), 167 laps/250.5 miles

When: Friday, Sept. 24

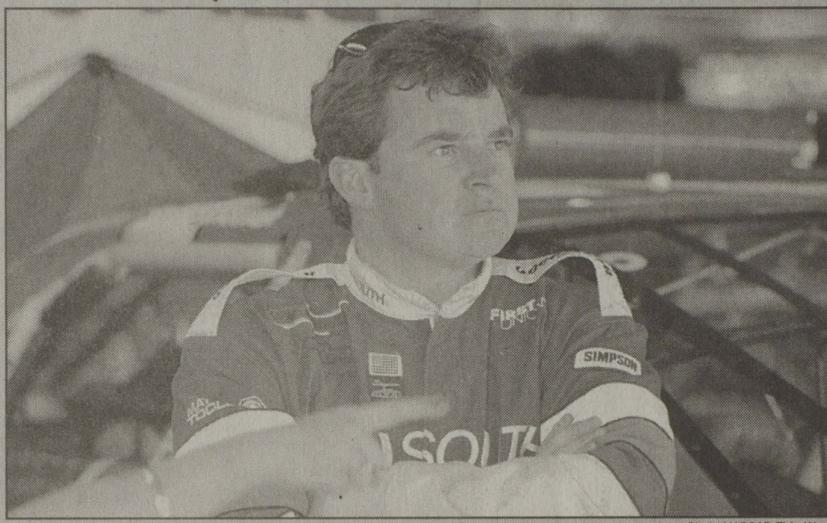

Defending champion: Jack Sprague

Event qualifying record: Jack Sprague, Chevrolet, 161.749 mph, Nov. 7, 1998

Race record: Jack Sprague, Chevrolet, 130.801 mph, Nov. 8, 1998

## PROFILE

# Joe Nemechek

John Clark/NASCAR This Week

Joe Nemechek won his first race on Sept. 19 at New Hampshire.

By Monte Dutton  
NASCAR This Week

The nickname "Front Row Joe" had more than a little sarcasm attached because Joe Nemechek had become known for qualifying well, then falling back on race day.

That rap bit the dust at New Hampshire, where Nemechek pulled off one of the bigger upsets in NASCAR history.

Nemechek dedicated the victory to the memory of his younger brother John, who died following a crash in a Homestead, Fla., truck race in the spring of 1997.

**AGE:** 35  
**HOMETOWN:** Born in Naples, Fla., raised in Lakeland, Fla., resides in Mooresville, N.C.

**WIFE:** Andrea

**CHILD:** John Hunter (2)

**CAR:** No. 42 BellSouth Chevrolet Monte Carlo, owned by Felix Sabates

**RECORD:** 180 starts, 3 poles, 1 win, 4 top-5 finishes, 18 top-10s, more than \$5 million in career earnings

**FIRSTS:** Start (July 11, 1993, at New Hampshire), pole (June 22, 1997, at California), win (Sept. 19, 1999, at New Hampshire)

**WHERE WILL YOU BE NEXT YEAR?** "I'm still looking for a job for the year 2000. I don't know what I'm going to be doing. Hopefully

this (winning the DuraLube/Kmart 300) will definitely help. I'm talking to a few people out there. Who knows what's going to happen?"

**DESCRIBE YOURSELF AS A RACE CAR DRIVER.** "Every time I get in that race car I'm going to drive that thing as hard as I can no matter if it's a lap in practice, qualifying, a race or whatever. ... We've had some good runs and haven't been able to capitalize on them this year. Finally (Sunday) things went our way."

**HOW DID YOU MANAGE TO WIN?** "I've got to thank my whole team. They did a good job on pit stops today. We had the whole package today. I don't care who you are or what team you're with, if you don't have the whole package, you're not going to win. Today was our day. We've got a good driving race car, good motors. ... The guys worked hard, and we ended up in victory lane. That's hard to do."

**WERE YOU THINKING OF YOUR LATE BROTHER, JOHN, ON THE FINAL LAP?**

"Believe me, tears were coming out of my eyes pretty heavy coming around that last lap. I miss him a lot. I wish he was here. I know he was up there watching out for me today. The Lord was watching out for us. I just wish my mom and dad could have been here and my brother and sister."

## Who's Hot... Who's Not

■ **HOT:** Who has more points than anyone in the last six races? Tony Stewart.

■ **NOT:** Dale Jarrett maintains a comfortable lead, but he's had three bad races in the last four.

## Trackside Trivia

1. What is the record for most cars finishing on the lead lap?
2. What speedway hosts the annual pit-crew competition?

1. 29, at Sears Point in 1995 and 1998 and at Watkins Glen this year.
2. North Carolina Speedway at Rockingham.

### ANSWERS

## AROUND THE GARAGE

# NASCAR drivers continue annual rotations

By Monte Dutton  
NASCAR This Week

LOUDON, N.H. — With Ken Schrader now officially in the MB2 No. 36 Pontiac for next year, NASCAR's annual game of musical driver seats is intensifying at roughly the same rate as a hurricane churning through the Caribbean.

Schrader is apparently taking crew chief Sammy Johns with him, leaving Ryan Pemberton open to make a move with Jerry Nadeau to the Hendrick Motorsports No. 25 Chevy. Established drivers such as

Johnny Benson and Joe Nemechek are angling for the best options, variously considered as the open slots with Andy Petree's established No. 33 Chevy (vacated by Schrader) and new teams being established by A.J. Foyt and southern California businessman Cal Wells.

For now, David Green has moved from Larry Hedrick's No. 41 Chevy to Tim Beverley's No. 45, with Dick Trickle taking over the Hedrick car for the remainder of the season.

Tom Beard, one of the three partners in MB2, called Schrader

"one of the best drivers in the garage." Schrader, 44, has four Winston Cup victories but none since 1991.

**INSIDE DOPE ON COPE:** Derrike Cope has latched on as driver of the new Spartanburg, S.C., team being formed in Bud Moore's old facilities. Fenley-Moore Motorsports (Moore will eventually be bought out completely by a California businessman) will resurrect its old No. 15 and try to run the schedule with Cope in 2000.

No sponsor has been announced.

**BICKLE'S TURN:** Rich Bickle, fired recently as driver at Tyler Jet Motorsports, took over the Mark Melling-owned No. 9 Ford on an interim basis beginning with the race at New Hampshire International Speedway.

Bickle replaced Steve Grissom, but the assignment is not yet permanent, said Melling. "We are simply evaluating drivers in an effort to find the right combination," said Melling.

## Fan Tips

■ "The Ultimate Stock Car Trivia Book," by Dave and Matt Lindsey, hypes itself with the notation, "1,044 fast and furious facts every true fan should know." It is available from Rutledge Hill Press, 211 Seventh Ave. N., Nashville, TN 37219 ([www.rutledgehillpress.com](http://www.rutledgehillpress.com)).

## CREW OF THE WEEK

■ Who else but Team Sabco? Joe Nemechek put Felix Sabates in victory lane for the first time since Kyle Petty's Dover victory on June 4, 1995. Acting crew chief Tony Glover made at least two razor-sharp pit calls that put Nemechek in position to win.

# ON STRIKE FOR THE SAKE OF OUR PATIENTS

*... because jeopardizing patient care is where we draw the line.*

**W**e, the workers of Highlands Regional Medical Center, were forced to strike because we believe in quality health care for our patients.

We want to go back to work and care for our patients. But we will remain on strike until we know that we can provide quality care—that is, until the hospital agrees to:

- Safe staffing levels.
- Maintaining a stable work force.
- Job security.
- Affordable health insurance.
- A secure retirement.

**We are standing firm for Quality Health Care.**

But HRMC CEO Harold Warman and his advisors from Pennsylvania won't budge. Why?

They want :

- **Short staffing** so the hospital can save money while patients suffer.
- **A divided work force.**
- **To get rid of experienced personnel.**
- **To double our monthly premium co-payment for health insurance, and to increase outpatient services costs by 20%.**
- **Insufficient retirement** for HRMC workers.

Our community must stand together to protect Quality Health Care at Highlands Regional Medical Center.

**Call CEO Harold Warman at 886-8511.**

**URGE HIM TO PUT PATIENTS  
BEFORE PROFITS.**

Next Estimated Jackpot \$1.7 million	Next Estimated Jackpot \$12 million

**Arson ruled in fire that destroyed house**  
Arson was the cause of a fire that destroyed an abandoned house and knocked out telephone and television cable service to several areas of Magoffin County the night of September 10, according to Salyersville Volunteer Fire Department chief Paul Howard.

The fire, which reportedly was started at a second floor front porch, totally destroyed the structure. The blaze was reported at nine minutes past midnight.

Local firefighters said the house, which was owned by Earl Howard, was totally engulfed in flames by the time they arrived 12:12 a.m.

Firemen battled the fire in an attempt to protect the surrounding area.

The blaze knocked out telephone and television cable service to the Johnson Fork, Grape Creek, and Middle Fork areas of the county.

Officials estimated the total damage caused by the fire to be \$30,000.

Kentucky State Police and Salyersville Fire Department personnel are investigating the blaze.

The Salyersville Independent

### Board approves pay raise for schools superintendent

Magoffin County schools superintendent Henry Clay Sizemore now has an increased salary to go along with the contract extension he received last month.

Drawing comparisons to surrounding districts, members of the Magoffin County school board voted September 8 to increase the superintendent's salary by three percent.

"I'd like to say something about the pay raise," board member Carolyn Isaac said. "Even with the raise, Henry Clay's salary is still a lot less than what Johnson County pays, and Floyd County is even higher."

Superintendent Sizemore said the raise brought him to within \$6,530 of the average bordering districts pay their superintendents.

The salary increase represents about a \$2,190 per year addition to the superintendent's pay and will bring Sizemore's salary to around \$75,000. — *The Salyersville Independent*

Magoffin County

### Officials squabble over water

Whether a result of this year's ongoing drought or perennial contamination problems associated with drilling or coal mining operations, Pike County's natural underground water supply is fast becoming scarce or simply unusable, according to Pike County Judge-Executive Karen Gibson.

Although many areas in the county already are facing what she considers a near-crisis situation because of those conditions, Mountain Water District — the county's main public water supplier — isn't being straight with the community when confronted with those concerns, Gibson said Monday in a meeting of the Pike County Fiscal Court.

Gibson noted many complaints center around the company referring people whose well or spring water either is contaminated or simply dried out back to the fiscal court. — *Appalachian News-Express*

Department of Education.

The balanced budget reflects revenues and expenditures of \$55.3 million, including a beginning balance of \$10.9 million and a contingency that could leave the system with roughly \$7 million at the end of the fiscal year.

Subtract that contingency and the system has actual expenditures of \$47.9 million. This time last year, the board was facing a \$540,000 general fund deficit that forced the system to declare a state of emergency and fall under the financial control of the KDE, which has overseen and approved all fiscal activity since. — *Appalachian News-Express*

Pike County

### Pike man, 67, indicted for murdering wife.

A Lower Johns Creek man was indicted on a charge of capital murder for the July 10 stabbing of his wife.

A Pike County grand jury handed down the indictment against 67-year-old Romer V. Cool, Tuesday, for the murder of Geneva Cool, 62.

According to police reports, Romer Cool allegedly stabbed Geneva Cool several times. Geneva Cool's body was found by her son in her yard. — *Appalachian News-Express*

### Local residents attend cousin's presidential candidacy announcement

Martin County residents Gaye Moore, Robbie Moore, Melodie Moore, Richie Patrick and Audrey Patrick attended Senator Bill Bradley's official campaign kick-off September 8 in Crystal City, Missouri.

Bradley threw his hat in the ring for the office of the President of the United States of America at the event, which was held in his boyhood hometown.

Shortly after his announcement, he took time out to meet with his second cousin, Gaye Moore, who grew up in Missouri, but now resides in Martin County. — *The Mountain Citizen*

Martin County

### Maynard pleads guilty

Seventeen months after her arrest for tampering with physical evidence, a 32-year-old Wanda Maynard entered a guilty plea in Martin Circuit Court, September 14. She was given two five-year sentences for third-degree arson and tampering with physical evidence.

According to Assistant Commonwealth attorney Ron Burchett, no decision has been made as to whether Maynard will testify against Gary Haven Cochran Mills in his upcoming murder trial.

Maynard was arrested March 29 after police learned she destroyed the car driven by accused murderer Mills and Melody Bowen after the murder of 60-year-old William Ratliff of Nat's Creek.

Ratliff's skeletal remains were discovered in a burned out Ford pickup on an abandoned strip mine road near Milo March 23, 1998. — *The Mountain Citizen*

### Board of education's budget deficit ended

The Pike County Board of Education Tuesday night approved a \$55.3 million working budget for the current fiscal year that could finally free the school system from the financial reins of the Kentucky

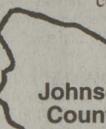

### State vindicates Central Elementary

State investigators have dismissed as unfounded a former Central Elementary teachers allegations that cheating occurred at the school on state achievement tests.

The investigators also determined that Bernadette Carroll made the allegations "as retaliation" for not being rehired at the school after one year.

Dr. Jim Jackson, director of the state Department of Education's Division of Management Assistance, said his staff conducted an on-site of the school on August 10.

Dr. Jackson said there was no concrete evidence to support the conclusion that Carroll had made her allegations in retaliation, but he said the finding came "as the result of interviews" conducted by his staff. — *The Paintsville Herald*

Johnson County

### Harless paroled on DUI-death conviction

A Martin County man who pleaded not guilty to manslaughter in the DUI-related death of a 14-year-old Johnson County boy has been released from prison.

Tony Allen Harless, 35, of Tomahawk, was paroled September 15 from the Otter Creek Correctional Center at Wheelwright. Harless had served a little over five years of a 10-year sentence, and the maximum expiration date of his term was to have been September 2003.

Harless was initially indicted on a murder charge for the September 7, 1991 death of Jonathan Jason Smith, 14, of Boons Camp. — *The Paintsville Herald*

### Court has first reading of new solid waste ordinance

All signs suggest that Martin County will implement mandatory garbage pickup.

During a first reading Friday of the proposed Solid Waste Management Ordinance, Judge-Executive Lon E. Lafferty, briefly went over the 16-page reading. This

### Magistrates vote down tax district

Magistrates voted against forming a special tax district in Lawrence County for the Big Sandy Fire Department, citing residents' opposition and an improperly filed petition as reasons to deny the taxing district.

Lawrence County Attorney Kimberly Compton said a petition taken by the fire department's board of directors should have contained the exact boundaries of the Boyd County department's coverage area in northern Lawrence County. The boundaries were added later, but Compton said another petition should have been filed.

"It's my opinion that the petition wasn't filed properly, Compton said.

In August, a public hearing was held on the debate, and Magistrate Gary Nelson said the general opinion at that meeting was that the tax was unwanted. — *The Big Sandy News*

Lawrence

### Blaine council tries to sort out city's records and problems

After nearly a year of uproar, city officials in Blaine are trying to get back on the right track starting with the way records are kept in the small, southern Lawrence County town.

At a special meeting last Thursday, the Blaine City Commission voted that Commissioner Wilma Blevins be in charge of keeping all city records, and that she purchase a safe to ensure that no one else can get hold of them. Last month, the commission voted to fire clerk Pauline Wheeler, the mother of former mayor Lenny Wheeler.

Over the past year, city officials had been at odds with one another, as accusations of improper purchases and record-keeping arose. The accusations resulted in an investigation by the state attorney general's office, which concluded that there wasn't enough evidence to support any criminal activity. — *The Big Sandy News*

### Fallsburg man injured by tractor

A Fallsburg area man was flown from the scene of a tractor accident last Tuesday to St. Mary's Hospital in Huntington, West Virginia, where he was admitted to the intensive care unit.

### It's Sorghum Festival time

If you're an out-of-towner passing through West Liberty this week, you might think Hurricane Floyd paid a visit as the tents go up and the people scurry about with last minute preparations for the Sorghum Festival.

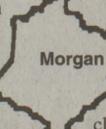

Activities include a mule-powered sorghum mill in the Old Mill Park; blacksmith demonstrations, craft displays, food booths, children's rides and plenty of entertainment.

Since 1971, the Sorghum Festival, always held the last full weekend in September, has drawn thousands of visitors to West Liberty. — *The Licking Valley Courier*

### True Blue Fan Tour to be at festival

WLEX-TV's 18 Action News True Blue Fan Tour is coming to West Liberty for the Sorghum Festival.

The True Blue Van will participate in the Sorghum Festival parade at 1 p.m. Saturday. Then throughout the afternoon, Channel 18 staff members will distribute the

Morgan

### Grants for Morgan County clean-up projects total \$40,000

Two projects in Morgan County have been awarded \$40,000 for activities associated with the Kentucky PRIDE program. The Morgan Fiscal Court and the Sheltoewe Environmental Education Coalition have been awarded the funding to support the clean-up projects in the area.

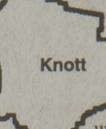

Morgan County has been awarded a \$20,000 grant for the cleanup of 10 illegal dumps throughout the county.

A \$20,000 grant to the Sheltoewe Environmental Education Coalition will remove and dispose of trash and debris from 15 miles of the Licking River shoreline and purchase a surveillance camera for the county in a further effort to thwart illegal garbage dumping. — *The Licking Valley Courier*

### Rebecca Gayheart in new TV series

It doesn't seem strange anymore to find Pinetop, Kentucky, mentioned in a national magazine — due to the continuing success of Knott County's rising star, Rebecca Gayheart.

Gayheart, 27, is an accomplished professional who has gained attention for both film and television roles. The young actress returns to weekly television this season in a new series, *Wasteland*, which premieres Thursday, October 7, at 9 p.m. on ABC. — *Troublesome Creek Times*

Knott

### Repair Affair in Knott

The LKLP Repair Affair project, scheduled for September 25, will link volunteers, local businesses, and community officials in a volunteer project to repair ten homes of low-income, elderly, and disabled persons throughout Knott County.

Repair Affair is a one-day home repair event hosted by LKLP Community Action Council Housing Program, in conjunction with the Kentucky Housing Corporation. Volunteers and sponsors will participate in such tasks as building ramps, repairing porches, and mending gutters. — *Troublesome Creek Times*

### Recording studio opens in Knott County

Quest Studio has opened in Emmalene. The recording studio features 32-track digital recording, multi-track editing and stereo digital mastering and editing.

The owners are Danny and Martha Huff. — *Troublesome Creek Times*

# Annual Drinking Water Quality Report

## Martin Water Works

We're pleased to present to you this year's Annual Quality Water Report. This report is designed to inform you about the quality water and services we deliver to you every day. Our constant goal is to provide you with a safe and dependable supply of drinking water. We want you to understand the efforts we make to continually improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water. We purchase our water from the City of Prestonsburg which is treated water from Levisa Fork of the Big Sandy. This report shows our water quality and what it means.

All drinking water, including bottled drinking water, may reasonably be expected to contain at least small amounts of some contaminants. It's important to remember that the presence of these contaminants does not necessarily pose a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline 1-800-426-4791.

### Definitions

In the following tables you will

find many terms and abbreviations you might not be familiar with. To help you better understand these terms we've provided the following definitions.

**Non-Detects (ND)** - laboratory analysis indicates that the contaminant is not present.

**Parts per million (ppm) or Milligrams per liter (mg/l)** - one part per million corresponds to one minute in two years or a single penny in \$10,000.

**Parts per billion (ppb) or Micrograms per liter** - one part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

**Parts per trillion (ppt) or Nanograms per liter** - one part per trillion corresponds to one minute in 2,000,000 years, or a single penny in \$10,000,000,000.

**Parts per quadrillion (ppq) or Picograms per liter (picograms/l)** - one part per quadrillion corresponds to one minute in 2,000,000,000 years, or a single penny in \$10,000,000,000,000.

**Nephelometric Turbidity Unit (NTU)** - nephelometric turbidity unit is a measure of the clarity of water. Turbidity in excess of 5 NTU is just notice-

able to the average person.

**Action Level** - the concentration of a contaminant which, if exceeded, triggers treatment of other requirements which a water system must follow.

**Treatment Technique (TT)** - A treatment technique is a required process intended to reduce the level of a contaminant in drinking water.

**Maximum Contaminant Level** - The "Maximum Allowed" (MCL) is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

**Maximum Contaminant Level Goal** - The "Goal" (MCLG) is the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

### Test Results:

Martin Water Works routinely monitors for contaminants in your drinking water according to Federal and State laws. These tables show the results of our monitoring for the period of January 1st and December 1st.

### REGULATED CONTAMINANT TEST RESULTS

Contaminant	MCL	MCLG	Highest Detection	Range	Date of Sample	Violation	Likely Source of Contamination
-------------	-----	------	-------------------	-------	----------------	-----------	--------------------------------

#### MICROBIOLOGICAL CONTAMINANTS

1. Total Coliform Bacteria [3100] (% positive samples)	5%	0	N/D				Naturally present in the environment
--	----	---	-----	--	--	--	--------------------------------------

#### INORGANIC CONTAMINANTS

2. Copper [1020] (ppm)	AL=1.3	1.3	N/D				Corrosion of household plumbing systems; erosion of natural deposits; leaching from wood preservatives
3. Lead [1030] (ppb)	AL=15	0	N/D				Corrosion of household plumbing systems; erosion of natural deposits

Due to Martin Water Works purchasing its supply of water from Prestonsburg City's Utilities Commission they also, routinely monitor contaminants in the drinking water according to Federal and State Laws. These tables show the results of their monitoring for the period of January 1st and December 1st.

### PARTICULATE TEST RESULTS

	Allowable Levels	Highest Single Measurements	Lowest Monthly %	Violation Y/N	Likely Sources
1. Turbidity (NTU)	Never more than 5 NTU Less than 0.5 NTU 95% of samples each month (TT)	.48	100%	N	Soil Runoff

Turbidity has no health effects. However, turbidity can interfere with disinfection and provide a medium for microbial growth.

### REGULATED CONTAMINANT TEST RESULTS

Contaminant [code] (units)	MCL	MCLG	Highest Detection	Range	Date of Sample	Violation Y/N	Likely Source of Contamination
<b>Microbiological Contaminants</b>							
2. Total Coliform Bacteria [3100] (% positive samples)	5%	0	ND				Naturally present in the environment
3. Fecal coliform and <i>E. coli</i> (% positive samples)	0%	0	ND				Human and animal fecal waste
<b>Radioactive Contaminants</b>							
4. Beta/Photon emitters (mrem/yr)	4	0	ND				Decay of natural and man-made deposits
5. Alpha emitters [4000] (pCi/l)	15	0	ND				Erosion of natural deposits
6. Combined radium (pCi/l)	5	0	ND				Erosion of natural deposits
<b>Inorganic Contaminants</b>							
7. Antimony [1074] (ppb)	6	6	3	3	9/16/98	N	Discharge from petroleum refineries, fire retardants, ceramics, electronics solder
8. Arsenic [1005] (ppb)	50	0	1	1	9/16/98	N	Erosion of natural deposits; runoff from orchards; runoff from glass and electronics production wastes
9. Asbestos (MFL)	7	7	ND				Decay of asbestos cement water mains; erosion of natural deposits
10. Barium [1010] (ppm)	2	2	0.10	0.10	9/21/98	N	Discharge of drilling wastes; discharge from metal refineries; erosion of natural deposits
11. Beryllium [1075] (ppb)	4	4	1	1	9/23/98	N	Discharge from metal refineries and coal-burning factories; discharge from electrical, aerospace and defense
12. Cadmium [1015] (ppb)	5	5	1	1	9/23/98	N	Corrosion of galvanized pipes; erosion of natural deposits; discharge from metal refineries; runoff from waste batteries and paints
13. Chromium [1020] (ppb)	100	100	3	3	9/23/98	N	Discharge from steel and pulp mills; erosion of natural deposits
14. Copper [1022] (ppm)	AL=1.3	1.3	ND				Corrosion of household plumbing systems; erosion of natural deposits; leaching from wood preservatives
15. Cyanide [1024] (ppb)	200	200	20	20	9/16/98	N	Discharge from steel/metal factories; discharge from plastic and fertilizer factories

16. Fluoride [1025] (ppm)	4	4	1.15	0.31-1.15	9/17/98	N	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories
17. Lead [1030] (ppb)	AL=15	0	ND				Corrosion of household plumbing systems; erosion of natural deposits
18. Mercury (inorganic) [1035] (ppb)	2	2	0.2	0.2	9/25/98	N	Erosion of natural deposits; discharge from refineries and factories; runoff from landfills; runoff from cropland
19. Nitrate (as nitrogen) [1040] (ppm)	10	10	0.13	0.13	7/24/98	N	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits
20. Nitrite (as nitrogen) [1041] (ppm)	1	1	0.01	0.01	7/24/98	N	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits
21. Selenium [1045] (ppb)	50	50	2	2	9/17/98	N	Discharge from petroleum and metal refineries; erosion of natural deposits; discharge from mines
22. Thallium [1085] (ppb)	2	0.5	1	1	9/23/98	N	Leaching from ore-processing sites; discharge from electronics, glass, and drug factories

### Synthetic Organic Contaminants including Pesticides and Herbicides

23. 2,4-D [2105] (ppb)	70	70	ND				Runoff from herbicide used on row crops
24. 2,4,5-TP (Silvex) [2110] (ppb)	50	50	ND				Residue of banned herbicide
25. Acrylamide	TT	0	ND				Added to water during sewage/water treatment
26. Alachlor [2051] (ppb)	2	0	0.2	ND-0.2	11/13/98	N	Runoff from herbicide used on row crops
27. Atrazine [2050] (ppb)	3	3	0.5	ND-0.5	11/13/98	N	Runoff from herbicide used on row crops
28. Benzo(a)pyrene (PAH)	200	0	4	ND-4	11/18/98	N	Leaching from linings of water storage tanks and distribution lines
29. Carbofuran [2046] (ppb)	40	40	7	ND-7	11/20/98	N	Leaching of soil fumigant used on rice and alfalfa
30. Chlordane [2959] (ppb)	2	0	0.06	ND-0.06	11/12/98	N	Residue of banned termiticide
31. Dalapon [2031] (ppb)	200	200	0.04	ND-0.04	11/12/98	N	Runoff from herbicide used on right of way
32. Di(2-ethylhexyl) adipate [2035] (ppb)	400	400	9	ND-9	11/12/98	N	Discharge from chemical factories
33. Di(2-ethylhexyl) phthalate [2039] (ppb)	6	0	0.5	ND-0.5	11/12/98	N	Discharge from rubber and chemical factories
34. Dibromochloropropane [2931] (ppt)	200	0	ND				Runoff/leaching from soil fumigant used on soybeans, cotton, pineapples, and orchards
35. Dinoseb [2041] (ppb)	7	7	0.06	ND-0.06	11/22/98	N	Runoff from herbicide used on soybeans and vegetables
36. Diquat [2032] (ppb)	20	20	0.4	ND-0.4	11/22/98	N	Runoff from herbicide use
37. Dioxin [2,3,7,8-TCDD] (ppq)	30	0	ND				Emissions from waste incineration and other combustion; discharge from chemical factories
38. Endosulfan [2033] (ppb)	100	100	9	ND-9	11/24/98	N	Runoff from herbicide use
39. Endrin [2005] (ppb)	2	2	0.05	ND-0.05	11/12/98	N	Residue of banned insecticide
40. Epichlorohydrin	TT	0	ND				Discharge from industrial chemical factories; an impurity of some water treatment chemicals
41. Ethylene dibromide [2946] (ppt)	50	0	3	ND-3	11/11/98	N	Discharge from petroleum refineries
42. Glyphosate [2034] (ppb)	700	700	6	ND-6	11/22/98	N	Runoff from herbicide use
43. Heptachlor [2065] (ppt)	400	0	5	ND-5	11/21/98	N	Residue of banned termiticide
44. Heptachlor epoxide [2067] (ppt)	200	0	2	ND-2	8/4/98	N	Breakdown of heptachlor
45. Hexachlorobenzene [2274] (ppb)	1	0	0.01	ND-0.01	8/4/98	N	Discharge from metal refineries agricultural chemical factories
46. Hexachlorocyclopentadiene [2042] (ppb)	50	50	0.01	ND-0.01	8/4/98	N	Discharge from chemical factories
47. Lindane [2010] (ppt)	200	200	1	ND-1	8/4/98	N	Runoff/leaching from insecticide used on cattle, lumber, gardens
48. Methoxychlor [2015] (ppb)	40	40	0.02	ND-0.02	8/4/98	N	Runoff/leaching from insecticide used on fruits, vegetables, alfalfa, livestock
49. Oxamyl (Vydate) [2036] (ppb)	200	200	5	ND-5	8/4/98	N	Runoff/leaching from insecticide used on apples, potatoes, and tomatoes
50. PCBs (Polychlorinated biphenyls) [2383] (ppt)	500	0	100	ND-100	8/4/98	N	Runoff from landfills; discharge of waste chemicals
51. Pentachlorophenol [2326] (ppb)	1	0	0.01	ND-0.01	8/4/98	N	Discharge from wood preserving factories
52. Picloram [2040] (ppb)	500	500	0.05	ND-0.05	8/4/98	N	Herbicide runoff
53. Simazine [2037] (ppb)	4	4	0.5	ND-0.5	8/4/98	N	Herbicide runoff
54. Toxaphene [2020] (ppb)	3	0	0.09	ND-0.09	8/4/98	N	Runoff/leaching from insecticide used on cotton and cattle

### Volatile Organic Contaminants

55. Benzene [2990] (ppb)	5	0	0.05	ND-0.05	6/22/98	N	Discharge from factories; leaching from gas storage tanks and landfills
56. Carbon tetrachloride [2982] (ppb)	5	0	0.05	ND-0.05	6/22/98	N	Discharge from chemical plants and other industrial activities
57. Chlorobenzene [2989] (ppb)	100	100	0.05	ND-0.05	6/22/98	N	Discharge from chemical and agricultural chemical factories
58. o-Dichlorobenzene [2968] (ppb)	100	100	0.05	ND-0.05	6/22/98	N	Discharge from industrial chemical factories
59. p-Dichlorobenzene [2969] (ppb)	75	75	0.05	ND-0.05	6/22/98	N	Discharge from industrial chemical factories
60. 1,2-Dichloroethane [2980] (ppb)	5	0	0.05	ND-0.05	6/22/98	N	Discharge from industrial chemical factories
61. 1,1-Dichloroethylene [2977] (ppb)	7	7	0.05	ND-0.05	6/22/98	N	Discharge from industrial chemical factories
62. cis-1,2-Dichloroethylene [2380] (ppb)	70	70	0.05	ND-0.05	6/22/98	N	Discharge from industrial chemical factories
63. trans-1,2-Dichloroethylene [2979] (ppb)	100	100	0.05	ND-0.05	6/22/98	N	Discharge from industrial chemical factories
64. Dichloromethane [2964] (ppb)	5	0	0.05	ND-0.05	6/22/98	N	Discharge from pharmaceutical and chemical factories
65. 1,2-Dichloropropane [2983] (ppb)	5	0	0.05	ND-0.05	6/22/98	N	Discharge from industrial chemical factories
66. Ethylbenzene [2992] (ppb)	700	700	0.05	ND-0.05	6/22/98	N	Discharge from petroleum refineries
67. Styrene [2996] (ppb)	100	100	0.05	ND-0.05	6/22/98	N	Discharge from rubber and plastic factories; leaching from landfills
68. Tetrachloroethylene [2987] (ppb)	5	0	0.05	ND-0.05	6/22/98	N	Leaching from PVC pipes; discharge from factories and dry cleaners

### Legals

#### PUBLIC NOTICE

Notice is hereby given that the City of Prestonsburg has filed an application with the Natural Resources and Environmental Protection Cabinet to place a dirt fill at the corner of Rt. 1428 and Rt. 302. The property is located on the North East corner of the intersection. The purpose of the fill is to allow construction of a new senior citizens building in compliance with flood plain regulations. Any comments or objections concerning this application shall be directed to: Kentucky Division of Water, Water Resources Branch, 18 Reilly Road, Frankfort Office Park, Frankfort, Kentucky 40601, or call 502-564-3410. Larry Adams City of Prestonsburg

#### NOTICE OF INTENTION TO MINE

#### Pursuant to Application Number 836-0287

In accordance with the provisions of KRS 350.055, notice is hereby given that Industrial Processing Inc., P.O. Box 29, Prestonsburg, Kentucky 41653, has applied for a permit for a crusher and loading facility coal processing facility affecting 1.81 acres located 1.33 miles North of New Allen, in Floyd County.

The proposed operation is approximately 1.14 miles North from KY Route 1428's junction with US Route 23 and located 1.08 miles East of Calf Branch.

The proposed operation is located on the Lancer U.S.G.S. 7 1/2 minute quadrangle map. The surface area is owned by Delano May.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 3140 South Lake Drive, Suite 6, Prestonsburg, Kentucky 41653. Written comments, objections, or requests for a permit conference must be filed with the Director, Division of Permits, #2 Hudson Hollow, U.S. 127 South, Frankfort, Kentucky 40601.

This is the final advertisement of this application; all comments, objections or requests for a permit conference must be received within 30 days of this date.

**NOTICE OF INTENTION TO MINE**

Pursuant to Application Number 836-5333 Major Revision No. 2 In accordance with the provisions of KRS 350.070, notice is hereby given that Matt/Co. Inc., 432 Meadows Branch, Prestonsburg, Kentucky 41653, has applied for a major revision to an existing underground coal mining and reclamation operation located 0.5 miles north of Emma in Floyd County. The major revision will add 0.00 acres of surface disturbance and will underlie an additional 146.90 acres making a total area of 320.20 acres within the revised permit boundary. The proposed amendment area is approximately 1.0 mile east from KY Route 1428's junction with Sugarloaf Branch Road and located in

Dial Branch. The proposed major revision is located on the Lancer U.S.G.S. 7 1/2 minute quadrangle map. The major revision will underlie land owned by Ed and Bertha Cline, William Jarrell, and Clyde Burchett. The major revision application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 3140 South Lake Drive, Prestonsburg, Kentucky 41653. Written comments, objections, or requests for a permit conference must be filed with the Director, Division of Permits, #2 Hudson Hollow, U.S. 127 South, Frankfort, Kentucky 40601. This is the final advertisement of this application; all comments, objections or requests for a permit conference must be

received within 30 days of this date. **ADVERTISEMENT FOR BIDS** The McDowell Elementary School is requesting sealed bids on the following properties: Selex 7260 Copier with stand featuring Stapler/Sorter. Good Condition/Comes with 8 boxes of toner. Canon NP-3050 with stand. Needs glass top replaced. Kimball Piano. Needs tuning. Sealed bids may be mailed or hand-delivered to Mrs. Jerri Turner, Principal, at McDowell Elementary School, located at PO Box 282, Route 680, McDowell, Kentucky 41647. Bids will be opened September 27, 1999, at 10:00 a.m., in the principal's office. The Floyd County Board of Education has the right to reject any and all bids.

**ADVERTISEMENT FOR BIDS** The Floyd County Board of Education is requesting sealed bids on the following property: Melvin Elementary Route 122 Melvin, Kentucky Sealed bids may be mailed or delivered to Gregory Adams, Director of Maintenance, Floyd County Schools Maintenance Department, located at 23 Martin Street, Allen KY 41601. Bids must be clearly marked "Sealed bid for Melvin Property" on the outside of the envelope. Bids will be opened on October 6, 1999, at 10:00 a.m., at the above address. The Floyd County Board of Education reserves the right to reject any and all bids.

**Sandy Valley Water District Annual Water Quality Report**

Published August 18, 1999

We are very pleased to provide you with this year's Annual Water Quality Report. We want to keep you informed about the quality of water and services we have delivered to you over the past year. Our goal is and always has been, to provide to you a safe and dependable supply of drinking water. We want you to understand the efforts we make continually to improve the water treatment process and protect our water resources. We are committed to ensuring the quality of your water remains at the highest level and the lowest price as we meet the needs of our community. Our water supply comes from the Big Sandy River which is a surface water source. We purchase our water from the City of Prestonsburg.

Understand these terms we've provided the following definitions:

**Parts per million (ppm) or Milligrams per liter (mg/l)** - one part per million corresponds to one minute in two years or a single penny in \$10,000.

**Parts per billion (ppb) or Micrograms per liter** - one part per billion corresponds to one minute in 2,000 years, or a single penny in \$10,000,000.

**Action Level** - the concentration of a contaminant which, if exceeded, triggers treatment or other requirements which a water system must follow.

**Treatment Technique (TT)** - A treatment technique is a required process intended to reduce the level of a contaminant in drinking water.

**Maximum Contaminant Level** - The "Maximum Allowed" (MCL) is the highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.

**Maximum Contaminant Level Goal** - The "Goal" (MCLG) is the level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.

If you have any questions about this report or concerning your water utility, please contact Mike Webb at (606) 478-5500. We want our valued customers to be informed about their water utility. If you like to learn more, please attend any of our regularly scheduled Board meetings. They are normally held on the first Monday evening at 7:00 p.m. at the Sandy Valley Water office. Sandy Valley Water District routinely monitors for contaminants in your drinking water according to Federal and State laws. The table enclosed within shows the results of our monitoring for the period of January 1st to December 31st, 1998. All drinking water, including bottled drinking water, may be reasonably expected to contain at least small amounts of some contaminants. It is important to remember that the presence of these contaminants does not necessarily pose a health risk. More information about contaminants and potential health effects can be obtained by calling the Environmental Protection Agency's Safe Drinking Water Hotline at 1-800-426-4791.

**Definitions:** In the test results table you will find many terms and abbreviations you might not be familiar with. To help you bet-

Contaminant	70	70	0.05	ND - 0.05	6/22/98	N	Discharge from textile-finishing factories
69. 1,2,4-Trichlorobenzene [2378] (ppb)	200	200	0.05	ND - 0.05	6/22/98	N	Discharge from metal degreasing sites and other factories
70. 1,1,1-Trichloroethane [2981] (ppb)	5	3	0.05	ND - 0.05	6/22/98	N	Discharge from industrial chemical factories
71. 1,1,2-Trichloroethane [2985] (ppb)	5	0	0.05	ND - 0.05	6/22/98	N	Discharge from metal degreasing sites and other factories
72. Trichloroethylene [2984] (ppb)	100 (80)*	0	1	.06 - 1	5/28/98	N	By-product of drinking water chlorination
73. TTHM [total trihalomethanes] (ppb)	1	1	0.05	ND - 0.05	6/22/98	N	Discharge from petroleum factories
74. Toluene [2991] (ppm)	2	0	0.05	ND - 0.05	6/22/98	N	Leaching from PVC piping, discharge from plastics factories
75. Vinyl Chloride [2976] (ppb)	10	10	0.05	ND - 0.05	6/22/98	N	Discharge from petroleum factories, discharge from chemical factories

The current MCL for total trihalomethanes (TTHM) is 100 ppb but will change to 80 ppb in the year 2001. Although the TTHM level in our water is below the current MCL it has been detected above the future MCL and we are including health effects language.

Some people who drink water containing trihalomethanes in excess of the MCL over many years experience problems with their liver, kidneys, or central nervous system, and may have increased risk of getting cancer.

MCL's are set at very stringent levels. To understand the possible health effects described for many regulated contaminants, a person would have to drink 2 liters of water every day at the MCL level for a lifetime to have a one-in-a-million chance of having the described health effect.

**A Special Note** The water system was not notified until November 1998 that some of the sampling, monitoring, and reporting conducted by the water system had been rejected by the Federal EPA. This has resulted in a violation. Monitoring had been performed in 1998 for the

same parameters and all results indicated non-detected values. Monitoring for the full list of contaminants will continue in the future.

**Violations** Martin Water Works is proud to report no violations during our regular sampling for the year 1998. This was just one step in providing you with one of the most safest and dependable supply of drinking water in the state. We are continually improving the water treatment process to give you, the consumer, the quality of water at the highest level for the present as well as the future.

**Water and Your Health** Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-compromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium

and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

**Conclusion** We at Martin Water Works work around the clock to provide top quality water to every tap. We ask that all our customers help us protect our water sources, which are the heart of our community, our way of life and our children's future. In our continuing efforts to maintain a safe and dependable water supply it may be necessary to make improvements in your water system. The cost of these improvements may be reflected in the rate structure. Rate adjustments may be necessary in order to address these improvements.

If you have any questions about this report or you water utility, please contact Regina Fraley at 606-285-3332, Monday thru Friday, between the hours of 8:00 a.m. and 4:30 p.m. We want our valued customers to be informed about their water utility. If you want to learn more, please attend any of our regularly scheduled meetings. They are held every fourth (4th) Monday at 6:00 p.m. in the Martin City Hall Conference Room.

**PARTICULATE TEST RESULTS**

Allowable Levels	Highest Single Measurement	Lowest Monthly %	Violation Y/N	Likely Source	
1. Turbidity (NTU)	Never more than 5 NTU.	.48	100%	N	Soil runoff

**REGULATED CONTAMINANT TEST RESULTS**

Contaminant (code) (units)	MCL	MCLG	Highest Detection	Range	Date of Sample	Violation	Like Source of Contamination
<b>Microbiological Contaminants</b>							
2. Total Coliform Bacteria [3100] (% positive samples)	5%	0	0	N/A	Twice Monthly	N	Naturally present in the environment
<b>Inorganic Contaminants</b>							
3. Copper (1022) (ppm)	AL=1.3	1.3	0.15	0.01-0.15	Sep. 1995	N	Corrosion of household plumbing systems; erosion of natural deposits; leaching from wood preservatives
4. Fluoride (1025) (ppm)	4	4	1.15	0.31-1.15	Sept. 1998	N	Erosion of natural deposits; water additive which promotes strong teeth; discharge from fertilizer and aluminum factories
5. Lead (1030) (ppb)	AL=15	0	2	All tests 2	Sept. 1995	N	Corrosion of household plumbing systems, erosion of natural deposits
6. Nitrate (as Nitrogen) [1040] (ppm)	10	10	0.13	0.131	Aug. 1998	N	Runoff from fertilizer use; leaching from septic tanks, sewage; erosion of natural deposits

**Volatile Organic Contaminants**

7. TTHM (total trihalomethanes) (ppb)	100 (80)*	0	10	6-10	June 1998	N	By-product of drinking water chlorination
---------------------------------------	-----------	---	----	------	-----------	---	---

**UNREGULATED CONTAMINANTS TEST RESULTS**

This table contains test results on unregulated contaminants during the previous five years.

Unregulated Contaminants	Units	Average	Range
Broodichloromethane (2943)	ppm	0.014	0.014
Bromoform (2942)	ppm	0.001	0.001
Chloroform (2941)	ppm	0.012	0.012
Dibromochloromethane (chlorodibromo) (2944)	ppm	0.010	0.010

Turbidity has no health effects. However, turbidity can interfere with disinfection and provide a medium for microbial growth. Turbidity is a measure of treatment performance and is regulated as a treatment technique. Turbidity is measured in nephelometric turbidity units (NTU), and is a measure of the clarity of water. Turbidity in excess of 5 NTU is just noticeable to the average person.

Unregulated contaminants are those for which EPA has not established drinking water standards. The purpose of unregulated contaminant monitoring is to assist EPA in determining the occurrence of unregulated contaminants in drinking water and whether future regulation is warranted.

**Maximum Contaminate Levels:** MCL's are set at very stringent levels. To understand the possible health effects described for many regulated contaminants, a person would have to drink 2 liters of water every day at the MCL level for a lifetime to have a one-in-a-million chance at having the described health effect.

promised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly, and infants can be particularly at risk from infections.

**A Special Note:** Sources of drinking water both tap and bottled water originates from streams, reservoirs, and wells. As water travels over the surface of the land or through the ground, it dissolves naturally occurring mineral and in some cases radioactive material. It may also pick up substances resulting from the presence of animals or from human activity. Possible contaminants that may be present in source water are pesticides and herbicides, inorganic, and organic compounds, microbial organisms, and radionuclides. With proper treatment process these contaminants can be reduced or eliminated. In order to insure that tap water is safe to drink, EPA prescribes regulations which limit the amount of certain contaminants in drinking water provided by public water systems.

These people should seek advice about drinking water from their health care provider. EPA/CDC guidelines on appropriate means to lessen the risk of infection by cryptosporidium and other microbiological contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

**Special Precautions:** Some people may be more vulnerable to contaminants in drinking water than the general population. Immuno-com-

**Additional Information:** Thank you for allowing us to continue providing your family with clean, quality water this year. In order to maintain a safe and dependable water supply we sometimes need to make improvements that will benefit all of our customers. We at Sandy Valley Water District work diligently to provide top quality water to every tap. Our water operators are highly trained, tested and certified by the state of Kentucky. The City's licensed operator has over 12 years experience in the distribution system profession. We ask that all our customers help us protect our water resources, which are the heart of our community, our way of life and our children's future.

## HOCUS-FOCUS BY HENRY BOLTINOFF

Find at least six differences in details between panels.

Differences: 1. Bear has longer; 2. Window is wider; 3. Flowers have been added; 4. Tree has additional limb; 5. Bushes have been added.

Answers to Crossword Puzzle and Magic Maze can be found on page A5
