# DO'N'T LET THE BOYS DOWN --BUY WAR BONDS!

## This Town--That World

**THE BOYS WANT A LEADER.**  
This column has been asked to help the boys at Martin. The letter we have from Harry Gene Penhath puts it up to the men of the town.

"I am a Cub Scout here in Martin, Ky. We have no Cub master. There are several boys my age who would like to be Cub Scouts. Won't you print this letter for us, and beg some one to come forward to be our Cub master? We really need one, and could be doing a lot of good work now. I wrote you a letter once before."

**A GREAT MAN IS GONE**  
J. M. Feinler's death was not recorded in THE TIMES last week as it should have been. "Jim" Feinler's death was an important event to thousands of Kentucky boys and girls with whom he worked and to the parents of these youngsters.

The greatest tribute to the memory of this man--great, because he held a firm place in the hearts and minds of youngsters -- is the fact that when he died the news of his passing was one of regret, and not a routine regret, but one which moved boys and girls in 4-H clubs over the state to send floral tributes when their representatives could not, because of inclement weather, attend the last rites.

I met J. M. Feinler on one occasion. He was, like the department, and the wise counsel he gave, not goody-goody but sensible and broad, to the youngsters to whom he spoke, was one of the best, thousands of boys and girls in all parts of Kentucky will tell you. What great-

## LACKEY BLAZE LOSS, \$15,000

### Five Buildings Burn Morning of Jan. 20; Liquor Store Burns

The Lackey theatre and five other buildings burned at Lackey last week at an estimated loss of \$15,000. According to word received here, none of this building was insured.

Destroyed Thursday morning, last week, besides the theatre, were the residence and office of Dr. T. J. Chandler, a restaurant, operated by Norman Hays and a tool house of the Chesapeake & Ohio Railway Company.

A few nights later, a tenant house owned by Dr. M. M. Collins burned. Thursday morning's fire, of undetermined origin, started in the theatre building. In the absence of fire-fighting equipment the blaze spread unimpeded with the exception of efforts of a bucket brigade until arrival of a C. & O. yard engine.

The theatre had not been operated for some time, but seats yet were stored in the building. The structure was owned by Mr. H. Staley. The Chandler residence, operated by James Daniels, and a large part of his household effects as well as the restaurant equipment in the adjacent building were lost.

## MINERWORKERS PLEDGE AID TO PLASMA

### Union Representatives In Meeting Here Ask Mine Owners' Help

Representatives of local unions, United Mine Workers of America, at the Blood Plasma rally held at the courthouse here Sunday afternoon voted unanimously a contribution on the part of the miners of "at least" \$1 per worker, Mrs. W. F. Johns, chairman of the Daughters of the American Revolution committee sponsoring the drive, said this week.

Although practically all local unions were represented in answer to a call made by Tom Roney, Pikeville, international board member, U. M. W. A., those unions not represented will be asked to consider the matter of contributions to the blood plasma fund at their own local meetings.

As the organizers themselves pledged this support of the fund which is for the purpose of maintaining blood plasma units at work in vicinities where their representatives could not, because of inclement weather, attend the last rites.

I met J. M. Feinler on one occasion. He was, like the department, and the wise counsel he gave, not goody-goody but sensible and broad, to the youngsters to whom he spoke, was one of the best, thousands of boys and girls in all parts of Kentucky will tell you. What great-

## SHE GAVE DOUBLE

Of the \$1,775 John Graham Chapter had received up till this week as blood plasma contributions, \$6 were received last week from Mrs. Eva Hall, McDowell, widow mother of three sons in the service. "I see you call for \$1 per soldier," Mrs. Hall wrote the DAR chapter. "It is my rule to give a double amount if I give at all," she added. Convinced of the importance of the movement, Mrs. Hall sent her check for \$6--\$2 for each of her three sons.

Funeral services for the late Mr. J. H. Hall, of Lexington, was assigned to work in this section. County Agent S. L. Isbell is Floyd county chairman of the drive.

## SIX ASSIGNED TO SALVAGE

The critical paper situation that exists has caused the War Production Board to send six men to work on the paper salvage drive in Kentucky during the month of January.

These men have been assigned 20 counties each, and they will assist in perfecting the paper salvage in all communities now at work and to establish a paper salvage in those communities that have not undertaken this vital war enterprise. They have been instructed to bring together all forces in the community in an effort to stop the burning of every bit of paper and see that this paper is sold to a dealer. E. B. Hall, of Lexington, has been assigned to work in this section. County Agent S. L. Isbell is Floyd county chairman of the drive.

"It is the hope of the War Production Board," Hall said, "that all schools in Kentucky will accept a quota of five pounds per pupil each week and that each school will designate one day in the week for paper collection day. It is expected to have the paper moved from the schools on the day it is collected. The schools will receive the paper from the sale of the paper and may devote this to any purpose the school desires."

## Women's Failure Here To Fold Dressings Called Shameful

Response of Prestonsburg women to needs of the Red Cross here for surgical dressing workers has been almost negligible. Mrs. Lillian Keenon said this week. Only 14 women reported for work last week, she said.

"Any woman who is not needed at home to care for young children, or who has no sickness in the home, should bow her head in shame for such failure to join in a work for the aid of the wounded who fell, or will fall, fighting for us all," Mrs. Keenon said.

Work at the Allen surgical dressing room will be resumed this week.

## FARMERS TOLD CROP NEEDS

### Johnstone Advises Means To Offset Acreage Losses

Twenty-five Floyd county farmers attended a meeting at the courthouse Jan. 19 for a discussion of methods of increasing crop and livestock production this year. The meeting was called by County Agent S. L. Isbell.

Wm. C. Johnstone, of the College of Agriculture, Lexington, discussed a program embracing the use of the best grade of seed for grass, corn and hay crops; best application of fertilizer at plow-level depth to double crop yields, and the use of barnyard manure, lime and phosphate on crop lands.

Discussing the shortage of farm labor and the resultant cutting down on crop acreage, Mr. Johnstone pointed out that corn yields may be maintained at usual levels by planting No. 103 yellow hybrid and No. 208 Kentucky white hybrid seed corn, together with liberal use of fertilizers. More crops were to be plowed under were also urged.

Farmers attending the meeting: Ben Fairbank, Albert Wash Miller, Wm. Prestonburg; Arthur Howard, East Point; Green Hackworth, Harry Manuel, Jim Harmon, all of Baxton; Fred Johnson, Emory Hughes, West Prestonsburg; Abe Green, Gib Wray, Cliff Webster, Akers, Grethel; Lewis Miller, West Prestonsburg; Alka Hicks, Hippo, Ben Rose, West Prestonsburg; S. K. Music, Prestonsburg; Jim Oranger, A. E. Vaughan, Baxton.

## SIX VICTIMS IN OHIO FIRE

Six victims in one truck passed through here Sunday en route from Ohio to a burial ground in the victims' former home community on the headwaters of Quicksand Creek, Knott county.

The six, two women and four children, were burned to death Friday night in a farmhouse at Spencer, 10 miles southeast of Ohio.

The victims: Mrs. Sadie Handshoe, 32, wife of James Handshoe, her four children--Robby Murie, 7; Palestine, 6; Paul Glenn, 3, and Charles Donald, eight months--and Mrs. Handshoe's five-month-old daughter, Miss Messey, 19.

The husband and father of five of the victims worked at night in the Lima bank depot and when he left for work he usually saw the fire in the direction of his home. As he drew near the one-story farmhouse, he came to the horrifying realization that it was his home that was ablaze. He reached the home as flames arrived but the building was practically destroyed and there were no signs of life within.

Courtesy Harry Lewis was quoted as fixing blame for the conflagration on a coal oil stove. He made identification of the victims.

The bodies were taken to the home of Handshoe's father, "Little" Willie Handshoe, on Quicksand for burial. Mrs. Handshoe and Miss Messey were daughters of Cleve Messey, of Quicksand.

## COUNTY BOND SALE TOTAL, IS \$409,000

### Schools Start Work In Drive; Business Firms Aiding Cause

Floyd county's Fourth War Loan drive got under full headway this week as the county's teachers and students joined other children in the assault on the county's \$725,000 quota.

This morning (Thursday), Town Hall, chairman of the drive, announced that the \$68,000 worth of Bonds had been reported as sold since the drive began last week. "Only hard work and liberal investment by citizens in these Bonds and the victory to come will get us past the huge quota assigned us," Mr. Hall commented.

In addition to the \$68,000 invested in Series "E" Bonds, the following heavy purchases were announced:

Warfield Natural Gas Co., reported by Glover Spencer, co-chairman, \$150,000; Inland Steel Company (E. R. Price, co-chairman), \$100,000; Turner-Elkhorn Coal Co. (J. F. Reed, co-chairman), \$50,000; Koppers Coal Co. (H. S. McKelip, co-chairman), \$10,000; Standard Oil Co. (J. M. Turner, co-chairman), \$3,000; Glovers Coal Co. (John S. ## POLIO FUND IS GROWING

### Mrs. Clarke Reports Interest Mounting Throat Cuts

Mrs. Steve Clark, Wheelwright, county chairman of the Polio Inoculation fund drive, said this week that reports from communities throughout the county indicate unusual interest in this appeal for money with which to carry on the fight against this dread scourge of childhood. Schools, church civic organizations and citizens from all walks of life are responding, she said, to the appeal for aid to this humanitarian cause.

Saturday at Wheelwright, five women conducting the March of Dimes collected \$12.72. A committee held party was held in Community Hall there Saturday night and netted \$179.27. The Palmer-Dunbar, high school, co-operators reported to date \$30 quota of last year and Wheelwright high school is working hard to pass its quota of \$60. Wheelwright's Ben Snow took an active part in the March of Dimes Saturday and at day's end the community had raised \$29.71.

Principal of the county's consolidated schools staged a drive Jan. 15 to Jan. 22, which had been designated School Week. Returns from these schools were not available early this week.

From Lackey came the announcement of Mrs. Thomas Hatcher that she has met with the enthusiastic co-operation of citizens in the Bell and Lackey communities and neighboring localities. ## A President is Born

HE is so small and helpless. So dependent on you for his life and well-being. And yet you are able to look at him and say—

"Someday he may be President."

Put it down as foolish sentiment. Put it down as parental pride. But where else in the world could you envision for your child the possibility of his attaining one day, the highest office in the land?

Maybe your child won't make it. But one child, very much like him, will. One child out of the three million babies born this year—or the next—or the year after.

Whether or not he attains this high position is not so important. What matters is that here, in America, he is born

with that opportunity. He is born in the stubborn tradition of free men—men who felt that in government, the wisdom of the many is preferable to the ambition of the few. He is born in a tradition of self-reliance—where he may succeed or fail, win or lose, rise or fall, according to his own efforts.

Because of that, you will train him to think for himself, to fight his own battles, to make his own way.

You will teach him that responsibility is inseparable from freedom. And that if he joins with other men in an enterprise he should demand the same responsibility and freedom for his business that marks his birthright as an individual.

Someday he may hear, as you have heard, voices that say, "Surrender your opportunity for the certainty that you shall always have bread"—as if man lived by bread alone. As if the country were better served by limiting all to mediocrity—instead of assuring to all, under law, an equal chance to rise by their own efforts, conscious of their obligations to others.

What that son of yours learns at your knee will decide whether or not he will ever have to bend his knee before dictation and tyranny.

And because of what you teach him, he too may one day look with that same foolish pride on his own son to say, "Someday he may be President."

**S**URE, there is plenty of electricity. It's cheap and it's not rationed, but you are right, soldier, it is not G.I. to waste it for production of electricity requires coal, oil, transportation, and other critical resources. Consequently, the Government has asked seven basic industries including the electrical industry to cooperate in a nation-wide program to conserve these resources.

The war has made extraordinary demands for power used in the manufacture of all the instruments of war from battleships to bullets. In spite of these demands we were ready when war began and have continued to provide the increased facilities necessary to take care of them. We

have also been able to supply necessary civilian requirements for our product.

This Government program is simply a war on waste and there is no intention of curtailing the light you need for reading and working, or the current you need for cleaning, cooking, and refrigeration, but be careful to turn off all appliances when they are not actually in use. In the same way, offices, shops, and factories are asked to reduce ornamental and display lighting, but there should not be any lessening of light or service that is important to public safety, morale or production efficiency. For the duration remember this simple rule about electricity, "Use all you need, but need all you use."

### HI-HAT

(Last week's correspondence)

The people of Hi-Hat gathered at the school Saturday night and had a box supper to raise money for blood plasma for benefit of the soldiers overseas. Bad weather apparently didn't block the way to the school. A large crowd attended with filled pockets but returned home with empty ones. They knew the money was going for a good cause, so they were not sorry they spent it. Ruth Gaudin and Anna Mae Dawson were the contestants for the prettiest girl choice. Miss Dawson won in a tight race. With the sum of \$200 which the pretty girl contest alone realized and the remainder through sale of boxes, the box supper closed around midnight. Before the box supper, Mr. Skow's had contributed \$12.75. Mrs. Flora Moore's room gave \$13.67. Mrs. Treva Gaudin's room gave \$11, and Mrs. Zetta E. Snyder's room collected \$135.

These contributions, along with the box supper proceeds, brought the total to approximately \$339.

This is a mystery to me. If the nation is so desperately in need of paper, why don't the schools of Floyd county put on a paper salvage drive? Paper is urgently needed. If someone would come around this little town, I'm sure a lot of paper could be collected. How about it, schools? Each child could bring what they have at home to school each morning, or the citizens could start a drive.

# FLOYD COUNTY GOES TO WAR

Where Floyd Countians in Armed Forces Are, What They're Doing

**LT. SYMON PFC. SYMON**  
The two sons of Mrs. Beale Symon are seeing action on widely separated fronts. Lt. Robert Symon is in Italy. Pfc. Bill Symon is with the marines fighting Japs in the southwest Pacific.

**LT. JOHN B. GOODIN**  
Lt. John B. Goodin, son of Mr. and Mrs. O. C. Goodin, of Martin, has just received his promotion to first lieutenant. He is now stationed somewhere in the southwest Pacific.

The job of helping to keep America's giant B-24 Liberator bombers in fighting trim awaits Pfc. Earl Casdill, son of Mr. and Mrs. Jess Casdill, of Garrett. Pfc. Casdill was enrolled for Keesler Field's airplane mechanics course, having qualified for this Army Air Force Training Command technical school with outstanding marks on the army mechanical aptitude tests.

Pvt. Willie A. Triplett, son of Mr. and Mrs. Allen Triplett, of Bevinville, has been assigned to the technical school Army Air Force Training Command, Sioux Falls, S. D., for training as a radio operator-mechanic. Upon completion of a 20-week course, he will be fully trained to take his place as a member of a highly skilled bomber crew of the army air forces. He was graduated from Wheelwright high school in May, 1942, and from Canby Junior College in August, last year.

Sgt. Vernon Allen was recently promoted while somewhere in England. He is with the heavy bombardment group. This makes his third promotion since going overseas. Sgt. Allen has written, requesting socks, ties and stationery, stating that these articles are very scarce in England. His group had a Christmas party for English children. Vernon wrote, "Mom, if you can help the Red Cross, do it for they surely are good to us boys here in England." He is the only son of Mr. and Mrs. Henry Allen, of Martin.

Mr. and Mrs. Alvin Turner, of Garrett, have learned that their son, Cpl. Paul Russell Turner, is in an army hospital in Italy after having been injured in the collapse of a bridge. His brother, Pvt. Lumdy Turner, also is in Italy. Another brother, Pvt. Rutherford Turner, is with the marines in the south Pacific.

With a record of nine engagements with the Japs in the Southwest Pacific, Lloyd D. Sprinkles, of Drift, has been in navy service since Oct. 1942, returned to the "States" Dec. 30. Since that time he has been spending his leave with relatives in this county. His half-brother, Billy L. Jones, entered the service in September, 1939, has been in England since then and has seen action in North Africa, Sicily and Italy.

Mr. and Mrs. J. C. May, of Allen, have received word from their son, Cpl. Charles V. May, that he has arrived safely somewhere in England.

Cpl. Wm. F. Thomas, of the U.S.A.C., Long Beach, Calif., was recently visited by his brother, Arnold F. Thomas, of the U.S.A.C., Oceanside, Calif., for their first reunion in 14 months. William is a graduate of Prestonsburg high school and later attended the Mayo State Vocational School, Paintsville, and was graduated from Boyd county high school. He later attended Canby Junior College. He was teaching when he enlisted in the Marines.

They are sons of Mr. and Mrs. Lawrence Thomas, Prestonsburg.

Pvt. Joe Johnson recently completed the arms justification course at Faine Field, Everett, Wash., with the grade of sharpshooter with small bore rifle. He joined the army Feb. 29, 1943, and formerly resided at Melvin. His wife, Mrs. Fanny Johnson, resides at Everett, Washington.

The word of a Floyd countian after surviving the hell of Tarawa should be sufficient. Trouble is, they are not permitted to tell much. How the latest Tarawa action was written by Pfc. John A. Brannan, son of Mr. and Mrs. Turner Brannan, of Water Gap, to his mother.

"It has been some time since I have written to you or any one. So I will take a few minutes to tell you how I am all right. By now I suppose you have heard all about the battle of the Gilbert Islands. Everything is well under control now. By the way, as you know, I have been overseas nine months and this is the first time since that time that I can tell you where I am. During the battle here the Japs were good to us and helped in more ways than one. They were as glad to get rid of the Japs as we were. I guess it is getting cold weather back home now. This being a tropical island, it's very warm with little rainfall. Our biggest problem is getting drinking water and water to bathe in. Everybody is getting plenty of coconuts to eat here. There are no Japs here now and I don't have to be particular which tree we climb to get coconuts.

"How is everybody back home? It's been long since I have heard from any one. I haven't had a letter from anyone. I don't know what is going on around my home town. Tell all my old friends I will write to them when I get a chance. Writing material is so scarce here I would like to tell all and everything that happens here in our big battle, but I am not allowed to. I will have to wait until I come home."

A promotion to the rate of hospital apprentice-second class was granted to Bluejacket Harry D. Vance, Jr., son of Mr. and Mrs. C. Vance, Wheelwright, recent graduation ceremonies at the Hospital Corps School at the U.S. Naval Hospital, Great Lakes, Illinois. Graduation ceremonies are six-week course of preliminary training at the Hospital Corps School. Included in the course is the study of anatomy and physiology, hygiene and sanitation, materia-medica and weights and measures, first-aid and bandaging, nursing, transportation of casualties, and dietetics. The newly graduated man will continue to train at another naval hospital before being sent to duty at sea or at another shore station.

Recognition as a "qualified striker" for the petty officer rate of aviation machinist's mate third class was granted to Bluejacket James C. Mellon, 20, son of Mr. and Mrs. H. M. Mellon, Prestonsburg, during recent graduation exercises held at the Naval Training School (aviation) located at the Naval Air Technical Training Center, Navy Pier, Chicago, Illinois.

The newly graduated man was sent to the specialty school on the basis of his recruit training test scores which indicated aeronautical ability.

Cpl. Morten Horn, son of Mack Horn, Huysville, who spent around two years in Bermuda, is now stationed at Ft. Benning, Georgia.

Name of the wife of James H. Crisp, who was reported missing December 26 in the central Pacific area, was pronounced given as Mrs. Maxie Crisp. The missing soldier is the husband of Mrs. Lucy S. Crisp. No further word has been received of the missing man.

## How American Soldiers Spent Christmas in India Told by Floyd County Flier

The story of how American fighting men spent Christmas in India, on the Burma front, is told in a letter to his mother at Wayland by Sgt. Joe Hobbs.

Sgt. Hobbs, who has almost completed his required number of fly missions, wrote the day after Christmas.

"Well, Christmas is over and we've all enjoyed ourselves more than we could have expected under the circumstances. I'm sure all of us have been spiritually strengthened and are a little bit better bunch of men after Christmas. We've done well to celebrate the birth of the Christ child.

"This squadron naturally has been divided into groups as to ways of celebrating the event, even as all the world is grouped in such. We have our bunch that celebrated with Christmas dinner, with Christmas dinner, and those who celebrated the holiday itself with good food and the general spirit of the day.

"But the majority of us had a good day, went into a nearby town with army trucks and delivered all the kids from the orphanage out to our camp. We rigged up a big Christmas tree in the center of the camp. First we took them out and let them see the planes, then took them to our mess hall and let them eat our Christmas turkey with all the trimmings with us. The poor little things ate till they looked overfed. Then we took them to our little outdoor theatre and gave them a good American movie especially for them.

"After that we had the party. There were about 100 of them, all little Indian boys and girls, gathered around the Christmas tree, with Santa Claus right in the middle. They all got toys and everything that the kids back home get. We all put in the money to buy the gifts. There were about 300 American soldiers gathered around, and you could see the happiness on every soldier's face. We were all pretty happy because the kids were so happy. Naturally, the kids couldn't understand all that because they had never had anything like this done for them before. Practically every soldier had a little black boy or girl up on his shoulder and their hands were full of candy, gum and gifts. I think at that moment that they were the happiest children in the world and I know there couldn't have been a happier bunch of kids anywhere.

"We hauled them back to the orphanage about 9 p.m., but before they left, we gave each of them two rupees (sixty cents) to buy with as much in the giving mood that the chaplains liked to never get them stopped.

"It was a wonderful day and if we hadn't had the children and Santa Claus and the party, Christmas would have been just another week day. Those children will always know that the American soldiers are the best white men in the world—and they're right."

"I've enjoyed writing this letter to you, Mom, because I know that this will show you that, regardless of war and the condition of the world, that all of us are still the same boys that all you parents sent over here. We'll stay that way, Mom."

of Mrs. Rowe, one of the workers listed, is a former infantile paralytic sufferer.

Both Wayland and Prestonsburg have reported conditions favorable to successful drives. Mrs. Clark said "Trust," said Mrs. Clark, "Children's Victory" with Floyd county doing its part, appears a step nearer reality.

"The times and dollars of all of us make possible the continuance of this vital effort to safeguard our national health. And national health means your health, your neighbors' health, and the health of your children."

"Too often we forget that the individual forms an integral part of the national pattern and that the nation's physical well-being depends directly upon the physical well-being of its individuals."

"Polioomyelitis, of Polio, strikes individually, sectionally or nationally. But whichever the manner of its coming, it always attacks without warning."

"Fortunately, through the National Foundation for Infantile Paralysis and its nation-covering network of chapters, the people of America have built up a strong defense against the ravages of infantile paralysis; while night and day in the laboratories of the nation Foundation-supported research workers fight on—fight on so that a full offensive against the disease may be developed."

## Bell Conducts Meet Of Tire Inspectors

Raymond E. Bell, district tire examiner, Lexington OPA office, conducted a meeting of the inspectors and tire dealers of Floyd county here Jan. 21 and advised all inspectors that it was their positive duty to examine all tires coming under their observation, advise the owners of any repairs needed and make all suggestions necessary to secure the maximum mileage of tires. It is considered vitally important in view of the already calculated truck tire shortage for the year 1944. It is also important that no tire be used beyond the point where they can be replaced. It is estimated that an average of 1 1/2 tires must be replaced for each new tire produced. Since Dec. 1, 1943, it has not been necessary to secure a certificate for recaps, hence there is no excuse for not securing a recap before applying for a new tire, he said.

The inspectors all the most important part of the conservation under OPA and it is their duty, ways to advise and instruct owners, as well as applicants, as to their rights and duties. Mr. Bell stressed, Franklin Moore, of the Sandy Valley Tire Service, Prestonsburg, was designated at this meeting to accept and retain all truck tires turned in when new truck tires are allowed by the Board. Mr. Moore will hold these tires until they are released by the OPA tire examiner or retained to be repaired or recapped.

All dealers are required to tag such old truck tires with the date of purchase, serial number of purchase certificate, and the purchaser's name and turn them over immediately to Mr. Moore.

Our boys must keep up fighting—we must keep on buying WAR BONDS until victory is won. Keep on BACKING THE ATTACK.

Ain't Love Grand!

Jack is head-over-heeled He has just met the one—the only—the most beautiful girl on earth. And when he isn't telling her so face-to-face, he's using the telephone to express his sentiments of length.

Yes, Jack, love's a grand feeling! Yet if you're using a party line, none of your telephone neighbors can talk while you are courting. A tied-up line also helps cause congestion in the central office. It puts an added burden on equipment through which war calls must pass. This equipment can't be expended to handle all the demands for telephone material is going to battle instead.

So please, Jack, help keep the lines clear—for your party line neighbors, the folks of your community, and the people handling vital war business that can't wait. Go to see the lady, and avoid telephoning her, if you do call, please be brief; she'll understand when you tell her why.

That's 7-Up!

## Celebrate Silver Wedding Anniversary at Lackey

Garrett, Ky., Jan. 24 (Sp.)—Despite inclement weather, 39 friends assembled at the home of Dr. and Mrs. M. M. Collins of Lackey, Saturday night, Jan. 15, to join in celebration of the couple's 25th wedding anniversary.

Mrs. Collins received her guests, dressed in a formal gown from her bridal trousseau. Refreshments served buffet style included a piece of a beautiful five-tiered wedding cake which adorned the refreshment table.

Following refreshments, Mrs. J. R. Chitwood played "The Wedding March" at the piano and accompanied the guests singing several songs, including "I Love You Truly" and "Silver Threads Among the Gold." Mrs. R. H. Messer then read a poem of her own composition dedicated to the occasion.

Following which Dr. and Mrs. Collins opened the many beautiful gifts of sterling silver presented by the guests and others who were unable to attend the celebration in person.

Among the many gifts were a coffee service, fruit bowl, candlesticks, sandwich plate, cake server, cheese server, meat fork, pitchers, sugar and creamers, salt and pepper shakers, etc. In addition to the presents displayed at the party, Mrs. Collins received a check for \$100 from her son, Lieut. Brady Collins, who is stationed in San Diego, Calif., to be used for purchasing that silver.

From 1915 to 1940, a table of 15 seats and two tables of "set back" were in progress. High prices at bridge were won by Mrs. C. J. Wells and Rudolph Spencer, while consolation prizes were awarded to Mrs. Elizabeth Claypool and John C. Raymond.

Attending the anniversary party were Dr. and Mrs. R. H. Messer, Mr. and Mrs. Frank Ransick, Mrs. Everett Blanton, Mrs. W. C. Beverly, Mrs. Ruth Sturgill, Mr. and Mrs. Fred A. Martin, Mr. and Mrs. W. H. Fields, Mr. and Mrs. Bernard Leon, Mrs. Felix Coburn, and Mr. and Mrs. Rudolph Spencer, all of Garrett; Mrs. J. R. Chitwood, Mrs. R. Barker, Mrs. Elwood Martin, Mr. and Mrs. Mike Staley, Mr. and Mrs. W. T. Hatcher, Mr. and Mrs. J. T. Spillman, Mrs. Knox Barnett, and Mrs. Fess Rook of Lackey; Mr. and Mrs. George E. Evans, Jr. of Eastly; Mrs. Elizabeth Claypool, Mrs. Alma Staley, Mrs. M. M. Grit Waller, Mr. and Mrs. John C. Raymond, of Weyand.

**IN MEMORY**  
In loving memory of our dear daughter, Mary Neville Martin, who went away today, the 27th day of January, one year ago.

She is gone but not forgotten.  
And as dwains another year,  
In our lonely hours of thinking  
Thoughts of her are always near.

Your memory will never grow old,  
For to us it will be forever,  
A treasure of purest gold,  
We sometimes grow weary here,  
And long to see your face.

We expect to join you in heaven fair,  
When we have run our earthly race,  
Friends may think the wound is healed,  
But little they know the sorrow  
That lies in my heart concealed.

Mary Neville is sadly missed by her parents, Mr. and Mrs. Leckey, and family and her loved ones and schoolmates.

Every patriotic home in America will want to display this emblem. Paste it on your front door or on a window to show that you have done your part in the 4th War Loan.

# Display your colors

Every patriotic home in America will want to put up this emblem!

**T**his emblem is a symbol of your patriotism. It tells the world that you have done your full share in the 4th War Loan. Every true American will be proud to display it at home.

Our valiant fighting men... soldiers, sailors and marines... on every far-flung battlefield are on the attack... forging ahead steadily, relentlessly. Nothing on earth can stop them... **IF WE BACK THEM UP!**

Backing them up means throwing every dollar we can possibly spare into the fight **right now**... even if it takes sacrifice on our part.

That's the purpose of this 4th War Loan Drive.

To earn the right to display the 4th War Loan Emblem you must invest in at least one extra hundred dollar Bond (at a cost of only \$75) over and above your regular War Bond subscription. But don't stop with one! Invest in all the extra Bonds you think you can afford... then invest in some more!

Remember, every dollar you put into War Bonds does double duty. It helps to win the war... and at the same time it insures your own financial security.

Here, too, is a chance to help your company meet its quota in this 4th War Loan.

Maybe this will mean sacrifice on your part. Maybe it will mean doing without something you want. But don't forget... while you are only lending a few spare dollars... thousands of our gallant fighting men are giving their lives for you! Show that you're backing them up 100%. Invest in extra War Bonds to the limit of your ability. And display the 4th War Loan Emblem at home!

## BUILD YOUR FUTURE WITH THE WORLD'S SAFEST INVESTMENT

All over the country men and women look to the future with confidence. They are the ones who have put part of their extra wartime earnings into the world's safest investment—U. S. Government War Bonds.

Yes, they are helping their country in its grimest struggle. But they are helping themselves, too! They are helping to secure their future, to weather any troubled days that may lie ahead.

What about you? Are you letting the dollars slip through your fingers—dollars that should be put safely away in War Bonds?

There are War Bonds to fit your needs... Bonds that are backed up by the strongest "company" in the world. Build that home you have always dreamed about. Send your child to college. Buy the wonderful things that are coming after the war. **YOU CAN DO IT WITH YOUR WAR BOND SAVINGS.**

Special attention is called to the many changes affecting taxpayers in the armed forces, and particularly the additional allowance for personal exemption for taxpayers in the armed forces.

The Collector says that the many changes made cannot be explained in a short notice, but that his deputy is familiar with the law and is being sent to this county to be of real service to the taxpaying public. The service is absolutely free.

## THE WEEK IN OPA

(Facts you need to know about Rationing and Price Control)

### Investigating Corn Prices

An investigation of corn prices in the Louisville district has been started by the enforcement division of OPA after information was received that truckers were making excessive freight charges for moving corn. As much as 5 cents a bushel over ceiling can be charged at certain grain elevators by claiming that corn has been trucked from a more distant point than is actually the case. Charges believed to be excessive will be checked.

### Rubber Boots and Shoes

Retailers who have excessive stocks of certain types of men's rubber boots and rubber work shoes may sell a limited quantity ration-free, beginning Jan. 29. Merchants must have permit from district OPA official to make such sales and to mark the footwear with official non-rationed stickers.

### Parm Meat Purchases

No expiration date has been set for brown and red stamps recently made valid for purchases of meat from farm-slaughters. For an indefinite period brown stamps "D" through "Z" in Book 3 and red stamps numbered "8" and lettered "A" through "M" in Book 4 (a total of 216 points per person) may be used to purchase meat, notably pork, from farm slaughters only. This does not increase the ration of an individual but allows the purchase of fairly large amounts at one time.

### Last Green Stamps

Green stamps K, L, and M in Book 4 will be used in buying processed foods from Feb. 1 through March 20. The stamps are green and stamped on the paper, and the last green stamps consumers will use for the time being. New blue stamps, to be used with ration tickets, will come into use Feb. 27.

### Ration-Free Sale Goes On

Time during which women's shoes priced at \$3 or less may be sold ration-free extends through Feb. 5, one week later than originally announced.

### Plenty of These

The following foods are relatively abundant now in this section and may be purchased in excess of rations: beans, potatoes, cabbage, snap beans, kale, sweet potatoes, dried peas, dried beans, citrus fruits, frozen vegetables, turnips, canned snap beans, and canned grapefruit juice (now ration-free).

### 1,394,335 in District

Get Ration Book 4  
Ration Book 4, issued last October, was obtained by 1,394,335 persons in the Louisville district (44 counties) and 2,589,790 persons in Kentucky, final report from the Cleveland regional office shows.

### Better Carry Coupons on Person

Following numerous reports of thefts of gasoline coupons from glove compartments in cars and trucks, it is suggested that coupons carried on one's person would be harder to steal. Being sure coupons are endorsed with state and local number is an important precaution against theft.

### MAYTOWN

Oliver Allen, who has been stationed in Alaska for the last three years, is home on a 20-day furlough, giving his parents, Mr. and Mrs. P. M. Allen, a complete surprise. Oliver left Alaska Dec. 23 and stayed four days in camp in Indiana. He returns to Indiana from here.

Thomas Clark May is home on leave, visiting his parents, Mr. and Mrs. Bill May, of Warco. He is stationed at Camp Pickett, Va.

Gorman Bradley is home with his parents, Mr. and Mrs. Joe Bradley.

Mr. and Mrs. Ed Moore, of Monroeville, Ind., are visiting Mr. Moore's parents, Mr. and Mrs. Kendall Moore, of Eastern.

Mr. and Mrs. Thomas Patrick and daughters were shopping in Prestonburg Saturday.

Mrs. Jones Tallent, Miss Joyce Stewart and Mrs. John Brown and young son were shopping in Paintsville Saturday.

James Click and Mrs. Thura Ramsey were shopping in Paintsville Friday.

Mr. Ben Baker, Jr., is visiting his husband's mother, Mrs. Elizabeth Baker. She will soon join Mr. Baker in Chicago, where he is now stationed.

The total amount of money raised from donations for the blood plasma fund at Maytown amounted to \$131.76.

## SHIKE'S POKES

The views expressed herein are those of the editor and do not necessarily reflect the views of this newspaper.

Boy—you just can't get ahead of these Lefty news-writers. The latest is Milt Hicks swapping a pair of silk hose for his taxi fare back home.

John Horn, plump apron and tie, has changed that song to "Mopping the floor over you."

No wonder those Nazis are backing back in Italy. There's a flock of OPA countians over there—Doug Trickett, Sgt. Fred Menzies, Bev Cole, Hamilton boys, and Jim Francis' son, just to mention a few.

They're telling one on our No. 1 State Senator Doug Hays. It seems that Doug arrived by train in Frankfort and not knowing how to get to the capitol, he had a red cap 52 that he could swap him to the capitol building of course Doug lost—but it was worth \$2 to find the capitol.

A drive to which all citizens in Floyd county should give their full support and give till it hurts is the Infanille paralysis drive which started Jan. 15. As Duke Ridgley says, "Remember Time—The fellow that keeps the score." The kids that are hobbling around due to this terrible plague are many. I guess I have a personal reason in making this appeal for support of this drive for my eldest son was stricken with the dread malady in 1939 and I can say—thanks to the Infanille Paralysis Foundation—my son has completely recovered. And I personally know several fellows right here in my neighborhood who feel the same way. Their children have been cured or materially improved due to the Infanille Paralysis Fund. Remember, it may be your child next or the kid next door on across the road. This drive started Jan. 15 and our quota is \$1000. Let's put it over the top—let's give the handicapped kids a chance in life. Just one cured child from Floyd county this year is worth the \$1000 to us.

Aside to Noble Hobbs: I guess you've been reading in the papers about that book, "The Inside of the Willie Nomination." It's pretty enlightening as far as the way the reason follows: Paying \$4 per pint for certain brands of liquor is because of the Willie debacle. Remember, his brother Fred is head of a distillery and he almost broke 'em up. Now they're making it back with a surplus for '44. Just remember, his brother Fred is head of a distillery and he almost broke 'em up. And since Mr. Herbert Hoover was such a friend of us miners, Noble, just read the Washington Mercury Go-Round in the Sunday, Jan. 9, newspapers. Our first eight years of FDR raised your pay and mine from \$1.50 to \$7. It was a big cut in pay under Hoover.

Now, Noble, we belong to different political parties, but I believe plenty should be put for the duration, don't you? I won't hardly ever agree, even with these old, rock-ribbed kind. I figure there'll be plenty of time when the war's over. But you and I both know, and we know them personally, that there are several men in Floyd county who would rather see Hitler march on Beaver Creek than to see FDR re-elected. I'm not built that way. I'm a "yellow-bellied" heathen, still, but I think they don't ask our politicians. And, regardless of who is President next year, I'll be in there pretty good and "now you'll see how a lot of our best (peanut) politicians are already 'knockin' out' to donate to the campaign next year. With this Fourth War Bond drive now on, just who don't they put that money in

Bonds? Regardless of all the spending and campaigning, we'll vote for whom we please. We've even had the Hon. Fred Wilkins in Drift two days before the election, with a load of campaign money, but that didn't alter the results of the election in Drift, which went—FDR, 234; Wilkins, 28. Come up sometime and we'll talk it over.

Perry says that since the government has taken over the mines and railroads, he's going to swap them over the road duty, which is if the guys don't stop selling to sell him milk because he won't buy their bread.

Well, I see where Hoover has already picked Mr. Dewey's cabinet if he is elected—and the funny thing about that cabinet is that Hoover is Secretary of State. Anybody knows that swapping Hoover for Dewey is a joke. One Hull for a dozen Hoovers and Taffey is a bad swap.

B. Johnson went to take his blood test last week but it was a cold from the U.S. government. It was

a call from the petticoat government.

Yep, I guess it's wedding bells for B. this year. In a few years there'll be a ring in his head more sound like bells, but it won't be bells—when he comes in late.

A lot of these long-winded craters are talking about a lazing pace. Oh, yeah! Well, there'll be to peace as long as love is blind and marriage licenses sell around \$5.

Woodrow S. sez he don't like to sleep with Vincent S. for his shoes hurt.

Nothing I'd rather do than sit down to some tender, delicious Kentucky lamb. There's few things anywhere, finer to eat. Which reminds me of a cold day stopped by Bert Childers' at lambing time. Looked like all his black-faced Montanas was going to lamb at once.

"Can you give me a hand Joe?" he called out, and I shed my coat and pitched in with him. When Mrs. Childers called us in to dinner we were pretty tucked out, and we topped it off with a glass of moderate beer.

"Speakin' of beer," Bert said, eying the bubbles rising in his glass, "The way you fit in and cooperated with me to save those tiny, helpless little critters reminds me of the brewers here in Kentucky."

"By well, together, they've done a man-size job. Despite the war workers, the army and all, they've kept conditions mighty good where beer is served."

And from where I sit, Bert's right. Such fine cooperation is a credit to old Kaintuck!

Editor, The Times:

I'm writing you my new address.

I was transferred Saturday.

As I write this, I want to thank

you for the fine job you are doing

in publishing The Floyd County

Times. I was out on a three-day

trip to Oklahoma and ran

across the better part of the first

page. It dated back in July, 1942,

but was mighty good reading, and

then did sent one to me. I can

truthfully say that it is the most in-

teresting paper I ever read.

I want to extend my thanks to all

the people in Floyd county who

make the paper what it is. The

know where your old schoolmates

are and what they are doing. In

closing, I say, "Thanks again!"

## STRAIGHTENING THE RECORD

Editor, The Times:

Will you please publish this letter

so the readers of THE TIMES may

know the truth regarding the place

of death and the funeral of the late

Alex (Nig) Turner, also the truth

concerning the funeral of the late

Mrs. H. S. Frazier, resident of

Wilson Creek?

In the issue of THE TIMES carry-

ing the report of the death and

funeral of Mr. Turner it was stated

that he died at his home on Turkey

Creek, that his funeral was held in

the Methodist Church and that Rev.

Thomas Mosely took part in the

funeral. Of course, these words are

not the exact words of the report,

but they do no violence to the

truth.

The facts are: Mr. Turner died at

his home in Maytown. The funeral

service was held in the high school

building in Maytown. Funeral rites

were conducted first by Rev. Hahn

of the Methodist Church, assisted

by a choir of singers. After Rev.

Hahn was entirely through he

turned the further service over to

the writer who called on Elder A. L.

Allen to assist him. This service,

conducted by the writer and Elder

Allen, was held in strict conformity

with the rules of the Regular Bap-

tist Church to which we belong.

Elder Thomas Mosely was requested

in the funeral but for some reason

not known to himself, was not

present.

Referring to the funeral of Mrs.

H. S. Frazier: It was held in the

schoolhouse near the cemetery at

the forks of Wilson Creek and was

conducted by J. Proctor Hays, the

writer and Elder A. L. Allen. Elder

M. C. Wright was not present, but

Mr. Frazier and the family would

have been glad to have had him

take part in the funeral service.

The Rev. Hawkins gave a

Wounded Infantryman

In Charge of Males

Still in Danger

Wounded while serving with Gen-

eral Patton's infantry in Sicily, and

therefore relegated to non-combat

duties, Pvt. Earl Hinkle, of Emma,

a nephew of the Rev. Roy Blevins,

of Maytown, is still far from danger.

For he sometimes gets at the mor-

tal end of a mule—and an army

mule at that.

A photo from a service newspaper

shows Pvt. Hinkle having a bit of

a ruckus with one of the pesky var-

mints. The legend below the photo

reads:

"Even the first part of the saying,

"You can lead a horse to water but

you can't make him drink" doesn't

seem to hold true for Pvt. Earl

Hinkle, Emma, Ky. Every morning

Hinkle, a nurse-maid at the division

pack train hospital for mules and

horses, goes through the ordeal.

"They're just awful," he says in de-

fense of his charges. He had nothing

so kind, however, to say about

the mule that bucked him off one

day, then kicked him before he hit

the ground."
