LONG QUESTION—SHORT ANSWER

George Brown, of the Sandy Valley Produce Company here, got around to the business of pointing out why fryers are scarce, as thought we had a corner on the "miracles." He explains the shortage by asking:

"Would you be willing to spend a week of your spare time building a brooder house and furnishing it with a coal bank and dig coal for two days and make yourself about 100 chicks, then take them to the post office and order 100 baby chicks, go to the store and buy 10 or 12 bags of growing mash at \$4.00 a bag and worth of water and feeders to go with a ton of coal to fire the brooder furnace, get up at 5 o'clock for eight weeks to feed the brooder, draw several hundred buckets of water, the brooder house, the coal club or otherwise destroy about 500 rats, cats, dogs, opossums, skunks, and other vermin that might have a taste for chicken, then take a day off and make yourself a nice chicken coop, get up early the next morning and harness up old Beck and haul your lucky two-pound fryers to Prestonsburg and sell them for 25 cents per pound or a grand total of \$625.00 (if you raised the entire lot and stayed within the ceiling price)?"

"That's one of the longest questions I've ever asked recently. But the answer is a short 'No!'"

Mr. Brown added one more striking paragraph to his dissertation on this matter:

"Now, our government experts say this can be done, but I honestly think the poultry-raiser could make a better living at the fork in the road, cutting outlaws, for the thousands of government experts who will soon be looking for jobs."

TO THE VOTERS OF FLOYD AND KNOTT COUNTIES:

To no office in the land should more earnest effort be rendered to all the people...

But I do not think that the fact that a candidate considers himself most amply qualified for an office makes him so...

I have had the necessary legal training and received the same law degree as my opponent...

STAFF SERGEANT BROWNIE HICKS

REPRESENTATIVE
 90TH DISTRICT

Five years in the Infantry and air corps—therefore I shall be for any legislation beneficial to the returning soldier.

Good Roads—My father has been engineer for the Department of Highways for the past seven years, giving me a special interest in roads of our district. My father was also a country school teacher for five years and has always stressed the need of improvement of the schools and the lot of the teachers. Therefore, I shall stand for any improvements or increases to the schools and the teachers, especially those of the country.

Miners—If you will look back you will find my father as financial secretary of a local bank in 1919 even before they were recognized and also as a charter member of Local No. 8909. Without the coal that you have mined, we, as soldiers, could not have won the battles as we did during the 2 1/2 years I was overseas. Although I was seriously wounded by shrapnel and machine bullets, I am still able to put up some fight; and I hope that you will allow me to do this for you in the next Legislature.

I have nothing to say against my opponents and am leaving our race to your choice. Thank you.
 (Pol. adv.)

TO THE VOTERS OF FLOYD COUNTY:

There has been some rumors that I might quit the race for the Republican nomination for Sheriff or that I might compromise with some candidate after the primary.

I want it clearly understood that I never have compromised, nor will I ever compromise, at any time with any man in a political race.

I am in this race till the finish. Nominate me and I will win in November.
 (Pol. adv.) DIAL SALISBURY

To My Good Friends And Voters of District No. 3:

I wish to announce, once and for all, that I am still a candidate for Magistrate, subject to the Democratic primary August 4. It is rumored that I have some offer, which is not true, and I hope that my good friends will have faith enough in me not to believe such talk, as I am going to stay until August 4, and by your help I will still be on in November.

Thanking you all for your support, I remain on the ticket.

What's your future in Kentucky?

Regardless of how you make a living you know that, as a rule, the more business you or your organization does, the greater are your chances for an increased income. That's our economic system.

Kentuckians can't expect increased incomes without increasing business. That's obvious. Far less apparent is the fact that we can't increase our individual businesses as much as citizens in other states can—because of our inadequate transportation facilities . . . and trade barriers.

For example, approximately 204,000 of Kentucky's 252,000 farms . . . or 81% . . . are not on hard roads. All-weather roads are needed to permit marketing of more farm products more rapidly. These new hard roads will have to be built with funds from Kentucky's gasoline tax . . . \$5,000,000, or approximately 43 1/2% of which has been paid by motor truck owners every year.

Another example: 65.9% of all Kentucky communities have no transportation service except trucking. Business in these communities can be speeded up, and trucking costs lowered, if larger loads could be moved over highways. However, Kentucky's law, limiting size and weight of trucks, restricts this trucking service more drastically than any other state law in the country. Actually, every other state law permits twice the amount of weight or more than is allowed by Kentucky's antiquated weight and limit law. We need a new law at once . . . to help our small communities.

If changes in these laws are not made soon, Kentuckians may continue to leave Kentucky. (Since 1940, 218,111 have left Kentucky. In the same period our southern states have had an increase of over 1,000,000.)

Our State Highway Department and many of our State Legislators recognize this transportation problem and are planning to do something about it. They deserve your support . . . for it's you they plan to help.

AN EX-SOLDIER FOR JAILER

Democratic Ballot Aug. 4

David B. Leslie, Jr., is a fine young man who is asking you to vote for him for Jailer. He has been a successful teacher in some of the high schools of Floyd county for eight years.

He has taught two schools at Bonanza, one year at Wheelwright, two years at Betsy Layne, three years at Auxier high school. He has for the past 20 months been a teacher in the Medical School in the army, teaching men how to take care of the sick and wounded on the battlefields until recently when he was discharged for physical disability.

To the voters and citizens of Floyd county, he promises you a modern up-to-date jail, rest rooms for men and women will be open day and night and kept clean and sanitary. He will install a water cooler in the hall of the courthouse for you. He will give to all the same and equal justice.

He will perform the duties connected with the office as they should be, and above all else, he promises that he will not forget your support.

To the voters: Don't be misled by any last-minute false statements which he may not have time to answer.

David B. Leslie, Jr., will appreciate your support and will be a friend to you.

HOWELL ENDORSED BY TEACHER ORGANIZATION

To the Teachers and Parents of Legislative District 97: The letter printed below is self-explanatory. No man in Kentucky has done more for Floyd county children. You own it to yourselves and your families to vote for the Very First Name on the Democratic ballot. Resolve now to vote for Floyd county's interest.

For Representative: JERRY PONCE HOWELL

June 23, 1944 Hon. Jerry P. Howell, Cincinnati, Ky. Dear Jerry: Now that the regular and special sessions of the General Assembly have ended, we want to extend our personal thanks and that of the entire profession to you for your splendid services as a member of the House of Representatives. A survey of the legislation enacted this year reveals that the schools fared exceptionally well. Increased

financial support was made available and our educational code was strengthened by the enactment of several sound educational measures. No new laws were passed which tend to vitiate or weaken our splendid educational code. Your active support of all progressive educational proposals and your vigorous opposition to all harmful bills helped to make this excellent record possible.

We are all anxious for the world once again to be set at peace where-in love and happiness may become a reality. I realize that that almost every family is making great sacrifices. No one should be held responsible for the greatness of Our American Way of life and that he alone has had to bear all the hardships in this and past wars.

My opponent is not solely responsible for all the love and patriotism in this country. He has not been alone in this. Almost every family throughout America today is doing all that is within its power to end this struggle as soon as possible and with the least amount of sacrifice in life and blood.

JOY SHOP MOVES

The Joy Shop has moved its quarters into the Bank Josephine shop on Court street recently vacated by the Spruin Insurance Agency. The insurance agency moved into the Fitzpatrick building on Second and Court streets.

VETERANS RETURN

Overseas veterans home this week include Leroy Comb, of the army intelligence, who has been in Iran and Africa; Sgt. Vernon Blackburn and Sgt. Basil Patton, both of whom were in the French and German campaigns.

To Voters of Floyd and Knott County:

I am running for Commonwealth's Attorney against only one man. I am running against his sons in uniform. He is running against me. He is not running against my father. He is not running against my father's army. He is not running against my sister, my three brothers or my five brothers-in-law who are in uniform today.

We are all anxious for the world once again to be set at peace where-in love and happiness may become a reality. I realize that that almost every family is making great sacrifices. No one should be held responsible for the greatness of Our American Way of life and that he alone has had to bear all the hardships in this and past wars.

My opponent is not solely responsible for all the love and patriotism in this country. He has not been alone in this. Almost every family throughout America today is doing all that is within its power to end this struggle as soon as possible and with the least amount of sacrifice in life and blood.

Soon a new job will be facing us: to meet our wounded, handicapped sons and brothers with heroic courage to plan activities for them that they can perform with dignity and satisfaction to themselves; to encourage them to take up life again on new lines; to convince them that love and content, happiness and usefulness do not depend altogether upon an arm or a leg, but that despite wounds and losses a man may live a full and happy life.

I feel that I am well qualified for my part of the job ahead. I have always been ready and willing to lend a helping hand to my fellow man. It has always been a joy for me to gladden the hearts of those with whom I come in contact.

I was educated at Caney Junior College, Morehead, Western, Cumberland and the University of Kentucky. I taught school for 12 years, was a member of the Kentucky Legislature, Master, Commissioner of the Knott Circuit Court, and I am now completing a term as County Judge. I have always tried hard to live for the best interests of my community and my country.

We have been handicapped for the past 3 1/2 years in our attempt to make public improvements. It has been impossible to build new roads other than those of temporary construction for essential war production. All machinery and parts were frozen in December, 1941, and all federal and state aid were soon withdrawn. Knott county is being run on a business basis. We pay our bills promptly. Our credit is good. Our county taxes have not increased. We have been getting full value for the taxpayers' money spent. More than fifty cents out of every tax dollar has been put on the county debts in the past two years. Anyone must agree that this has been honest and fair upon all occasions.

APPEALING TO THE VOTERS OF FLOYD COUNTY

and that our county government is in good shape. It will be my purpose as Commonwealth's Attorney to continue to deal with every one in a safe and honest method. I will be responsible for the active rights and privileges of us all. Your welfare and very life depend upon honesty and a fair deal in the office of Commonwealth's Attorney. The grand jury shall be open to all who have been aggrieved, and no person, no matter what his station in life, for an injury done him in property, person or reputation, shall have remedy by due course of law, and right and justice shall be administered in the courts by the Commonwealth's Attorney without sale, denial or delay.

Please go to the polls on August 4th and vote for the man you believe will serve you best as Commonwealth's Attorney. Don't be deceived by political ballhoo. Please remember that you are not voting altogether for me or my opponent, but that you are voting for the future welfare of your home, your families and your loved ones.

If nominated and elected I will do my best to drive crime and corruption out of our district, and to make your community a better place in which to live.

Your vote and influence is earnestly solicited and will be greatly appreciated. May God be with you in this task and may the right thing and the best thing be done by us all.

JOHN CHRIS BYRNETT (Pol. adv.)

To the Voters of Magisterial Dist. No. 1:

I am withdrawing from the race for Magistrate and since I had promised to support J. E. Speed Harris at the first, am withdrawing in his behalf.

I began my candidacy too late to see all my friends and the fact that I have a very essential job in the mines makes it hard for me to get off from work to call on the voters. I sincerely hope my friends and relatives will vote for J. E. Speed Harris, for I think he is best qualified for the office. I have known him for some time and this acquaintance has convinced me that he will do more for our roads than any other candidate for this office.

Your many expressions of good-will and support, offered me when I became a candidate, are deeply appreciated. WILLARD (Pete) McKenzie (Pol. adv.)

APPEALING TO THE VOTERS OF FLOYD COUNTY

Adam L. Hayes For County Judge of Floyd County

Sober—Honest—Dependable and Qualified. The only coal miner on the ticket for County Judge of Floyd County, I will spend the entire four years administering to the people of Floyd County.

When I announced myself as a candidate for the Democratic nomination for County Judge I fully realized the responsibilities, qualifications and the duties of that office.

If nominated and elected, I will see that the fiscal court meetings will be open to the public, and not behind closed doors. The public will be welcome at all times to come in and see how their money is being spent, or any other business they may have.

No large amount of money will be spent on the highways that are already built. I will use every dollar that is allowable for roads and put it where it is most needed—up the branches, across the hills and streams.

The reason I feel that I am qualified for County Judge is that I was reared an orphan boy and that I can better understand and know the feelings of the common class, and these are the people who need help, because the moneyed man will take care of himself.

I have two honorable discharges from the United States army, character excellent on both of them because I have been a soldier myself. That is why I can understand and know what a soldier needs and I am in sympathy with them and will do everything in my power to help them.

To the fathers and mothers, wives, brothers and sisters of our soldier boys, if nominated and elected County Judge, I will put a man in as clerk, under me, that has had experience in our front line battles so the soldier boys won't be backward in coming to the County Judge's office to get help whenever they see fit.

If nominated and elected, I promise...

NOTICE TO BIDDERS

The Floyd County Board of Education hereby calls for competitive bids on construction of a four-room school building according to plans and specifications prepared for same, bids to be received up to and including the hour of 4 o'clock p.m., Monday, July 20, 1945. A special meeting of said Board of Education has been called for this date by Dr. J. H. Allen, chairman of said board. Plans and specifications for said construction are available at the County Superintendent's office.

The Board reserves the right to reject any and all bids. HOLLIE B. HALL, Superintendent, 7-19-45, of Floyd County Schools

Voters of Magisterial District Number 1:

In asking you for your support for Magistrate, I do so with the knowledge that you expect and deserve the best from any man. About 18 years ago I was injured in the coal mines so severely that I have since had to walk on the crutch. I know the hardships of the common laboring man and know what it is to work and plan to make an honest living, even after I had been almost killed in the mines—experience from several years as a taxi driver—business man and coal miner give me a knowledge of what a man should be and do as Magistrate. I sincerely hope that you can give me the opportunity to serve you and I can only promise TO BE READY AND WILLING TO SERVE YOU AT ALL TIMES TO THE BEST OF MY ABILITY.

Thankfully yours, DENZIL WHITTEN (Pol. adv.)

HOWELL'S LEGISLATIVE RECORD RECEIVES LABOR ENDORSEMENT

The following letter to Edw. H. Wampler, secretary-treasurer of the Kentucky State Federation of Labor, with which the Railroad Brotherhood is affiliated, is self-explanatory.

"This is in reply to your inquiry of June 27, 1945, relative to the candidacy of Jerry P. Howell for Representative from the 93rd Legislative District, Floyd County. It is with pleasure that I am able to recommend our wholehearted and unqualified support of Mr. Howell for this office.

"While we do not have any votes of Mr. Howell in the 1944 General Assembly on which to base an endorsement it is recalled that all his votes in the 1942 session were favorable and that he otherwise, especially in our efforts to better Unemployment Compensation, was of assistance to us.

"Very truly yours, ROBERT P. WOELNER, Chairman, Legislative Committee." Don't neglect your own interests. A vote for Howell, a proven friend, is the safe and sensible thing to do. (Pol. adv.)

But not when you pay your electric bill. For the price of electric service hasn't followed other prices UP. It's still at low pre-war levels—or even a little lower. In fact, if yours is an average family, you're getting just about twice as much electricity for your money today as you did 15 years ago. TO THE VOTERS OF FLOYD COUNTY:

When I announced as a Democratic candidate for County Judge, I realized full well the duties and responsibilities of the office. If nominated and elected, I promise the people of this county—

(1) To be sober, fair and impartial at all times and to devote my entire time to the duties of the office; (2) To recommend to the Fiscal Court the hiring of Floyd County War Veterans for any jobs that it may have to offer in the future, and to hire a clerk to work in the County Judge's office to assist War Veterans in filling out applications that are necessary to obtain loans under the G.I. Bill; (3) To continue Floyd County on a cash basis; (4) To give Floyd County a road program that is needed; (5) To hold the meetings of the Fiscal Court open to the public and have the entire record published in the local newspaper; (6) To work with the Fiscal Court for the best interests of the taxpayers of Floyd County and to be conservative in the spending of the taxpayers' money.

I wish to tell the people of Floyd County that I was born and reared in this county. I have worked on the farm, have taught school for a number of years in this county. For four years I was President and Checkweighman of Local Union No. 6691, U.M.W. of A., Martin, Ky., and was elected International Policy Committeeman to represent the Big Sandy section of District No. 30 at the Appalachian wage scale conference that was held in New York City, beginning in March, 1939.

Later, I served three years as chairman of the Floyd County Board of Education. I began work at the First National Bank, Prestonsburg, in August, 1942, as file clerk. Since that time, I have advanced to an executive position, that of Assistant Cashier.

To those of you who are not acquainted with me, I ask you to inquire from the good people who know me and my record.

If I am elected County Judge of this county, you will have no worries about the honky-tonks and roadhouses becoming a nuisance. I will keep them under strict regulations.

It has been rumored by some of those who would like to see me defeated that my candidacy is sponsored by certain persons. I wish to say emphatically that I am a free candidate and that I will not be controlled by any clique or clan.

I earnestly solicit your support and will deeply appreciate your vote at the coming election.

(Pol. adv.) **WESLEY CAMPBELL**

To the Democratic Voters of District 96:

As I have been unable to see each voter personally I would like to take this way of telling you that I will appreciate anything you may be able to do for me in the election.

I am a native of Floyd county, born at Auxier, Ky., and have resided in different parts of the county during my life. A part of the time I lived at Garrett, then for five years I taught in the high school at Wayland. I now operate the Malone Service Station at Allen.

I graduated from Berea College in 1936, having attended academy, normal school and college there.

I feel that I have many friends in Floyd county and the people knowing me know that I am a sober and honest person.

To the miners, I will say that I am the only candidate who is the son of a miner and can be trusted in the many legislative problems involving labor and compensation laws.

To the teachers of Floyd county: I feel I understand their problems and would know how to help them, having taught myself.

I will do my utmost to help the people of Floyd county if you nominate me for Representative of District 96.

Thanking you,
Robert J. (Bob) Wallace

The Louisville & Nashville Railroad—the "Old Reliable"—is not waiting until the war is over. It is doing things NOW! To tap a rich coal field, it has just completed 11 miles of mountain railroad at a cost of almost \$2,000,000. Other construction for a similar purpose, at a cost of \$1,600,000, is under way. Still other lines for new coal development, costing several hundreds of thousands of dollars, are now under contract. Eight passenger road locomotives, costing \$1,400,000, have just been received. On order are 28 aluminum, streamlined, ultra-modern passenger cars, costing about \$2,400,000. About 71,000 tons of new steel rail and appliances to cost \$3,900,000 has been requisitioned. In addition, other authorized improvements amount to \$5,000,000.

To the Voters of Floyd County:

Since I announced as a candidate for County Judge, many people have been wondering why I did not make the race for Circuit Judge.

I studied the matter over for a long time before I decided to make the race for the office of County Judge, but since I have had an ambition to serve the people in this office for a long time, I finally decided that I could be of greater service to a greater number of people, hence I announced.

I was born on a rough, mountain farm on the Caney Fork of Middle Creek, a place that never had any roads, and which has none yet. I know what the people desire and need and what they are entitled to and I will endeavor to meet that demand.

I will perform the duties of the office and not burden you with promises. I am not running on a promissory platform, but will give you action instead.

I will propose to the Fiscal Court the elimination of the payment of a county poll tax and, by stopping the leaks and useless expenses, I will further propose a decrease in your tax rate. Just one example: Just one management: You will recall that, a number of years ago, the fiscal court, pursuant to a vote of the people, issued a bond issue of \$475,000 worth of 5 per cent road and bridge bonds, without any callable feature, and as a result of the non-callable clause, more than \$100,000.00 has been paid out in interest and is still being paid and will be for many years to come because the bonds were not callable.

All bail and security bonds required to be taken and approved by the County Judge will be safe and sufficient, many of which are for the protection of infant children and all settlements of guardians and administrators will be required in a legal form and at the proper time. I was schooled in the experience of hard knocks and know the conditions of people in remote places.

Anyone not acquainted with me is invited to inquire of the people with whom I have been reared and associated as to my honesty in the various kinds of business in which I have been engaged.

I have never been in the Army or Navy, but I would have been glad to have served my country in that capacity as my patriotic duty. I only had one brother and he served in the first World War, who was killed. I now have a son who has been in the present war for more than four years and is now somewhere in Germany.

I have, both as an official and private citizen, played no inconsiderable part in the development of my home county. It has been my pleasure over the years to be of service to thousands of good citizens in a business way and to join others in the life of the community. I am a member of Zion Lodge No. 273, F. & A. M., also a member of Royal Arch Chapter, Knights Templar and Shrine for many years; a Red Man for 30 years, a member of the Independent Order of Odd Fellows for 33 years and also a member of the Benevolent and Protective Order of Elks—none of which, of course, are political in any sense, and which I mention merely as a part of my record as a citizen. I am making this record as an official and private citizen and not that of someone else.

I have always tried to be the same every day and have never gotten to the point of feeling I was important because of any position I held. Some people have thought I was not making this race to win, but merely for some other purpose. You will soon be convinced I am not making it for fun.

Cast your vote for the candidate for the office of County Judge who in your honest opinion will be the safest and do you the best job, and I will be satisfied. If I am nominated and elected, you will never have cause to regret it and you may be assured I will be on the ticket until the end and I will not let you down.

In closing, will say I hope there will be no chain balloting or failure of the proper officers to sign the ballots properly, or voting people on the table who are not blind, and that we will have a fair election and that each one will receive his every vote cast for him.

Yours for victory on August 4, 1945.

WOODROW BURCHETT

COUNTY ATTORNEY

I ask your support for the Democratic nomination for the office of County Attorney upon my qualifications and experience as a lawyer and upon the record I have made as an officer. I received my legal training at the University of Kentucky where I was a student for six years. I have been a licensed practicing attorney for nearly 12 years and have been active in the practice of law since that time.

During my term of office I have represented the county and been legal advisor to all the county officers. It has never been necessary for any of the taxpayers' money to be used in paying any other lawyers. I have been a member of the budget commission, and at the close of this year the county paid all of its current debts and had money in the bank.

During the time I have practiced law I have had a large number of cases in which juvenile offenders were involved. This experience will be very helpful to me in the future in helping to solve the problem of juvenile delinquency.

I am very sympathetic with the returning service men and will use all the powers of my office to help them with their problems and readjustment.

In the next four years as your County Attorney I will give you a sober and honest administration.

Sincerely, WOODROW BURCHETT (Pol. adv.)

To the Voters of the 31st Judicial District:

For the benefit of those who did not see my original announcement for Circuit Judge, I would like to restate it for you.

First, I shall appoint outstanding men as Jury Commissioners, men from different sections of the county and who are acquainted with the citizens of their respective communities.

Second: Men and women jurors, regardless of color or politics, will be taken from the jury wheel in open court, and their names announced so all present can understand how jurors came to be on the jury. This is law, and fundamental to our Democratic traditions.

Third: I advocate speedy trials of all cases, civil and criminal. Justice delayed is justice denied.

Fourth: I promise to hold a dignified, old-fashioned court, and to restore in the minds of the people a fear of the law.

Fifth: I assure you I shall always remain strictly sober, and that I shall do what I believe to be right irrespective of parties. I shall not have any bosses or dictators. I will owe no political debt to any person, and no person will have any strings upon me. I have no malice toward any person, and I shall give a fair trial to those who oppose me in this primary.

When elected your Judge, I shall remain the same, after as before the election. I believe that in order to have friends a man should be friendly and sociable, and I shall not be too busy to be friendly.

During the past eight years, I have worked diligently as County Judge of Floyd county, to get the county finances in order, and this has been done. My experience in the handling of Juvenile Delinquencies, I submit, will enable me to better understand young people and to know when there is hope for a young violator. Not one cent of graft can be charged to me. Neither can my opposition charge me with the use of intoxicants.

The people of this Judicial District, composed of Floyd and Knott counties, will unite on August 4, 1945, and express their belief in my sincerity, in so far as the foregoing platform is concerned. For this expression of confidence, I shall be grateful, and shall cherish the memory of that confidence through my term of office and thereafter.

(Pol. adv.)

Sincerely yours, EDW. P. HILL

A \$1,000,000 AGENCY

The Hatler Johnson Life Insurance Agency has several million dollars' worth of insurance in force on the lives of prosperous, satisfied, permanent policyholders; and is currently placing new business at the rate of over \$1,000,000 a year.

This success is due to three factors:

- (1) Selection of agents whose business methods inspire public confidence. (2) Policies for every need from the cradle to the grave and beyond: Educational, Disability, Income, Retirement, Mortgage Redemption and Family Protection. (3) Agent's contract, training and learning the business in dignified manner that enables the agent to make enough money to conduct himself as a business man should.

We have no "high-pressure-30-day-wonder-blow-hards" whose "brilliant" records are eclipsed with the discouragement and the ill-will of a constant long train of lapsed policies. We are looking for people in Floyd county who can qualify as agents our way; and the pay will be good.
