### BETSY LAYNE

The March meeting of the P. T. A. had its banner attendance last Monday night in the high school auditorium. Teachers and pupils had been persistent in their efforts to get more parents to attend and on this occasion their efforts were rewarded. The P. T. A. band was presented to the second grade, of which Mrs. Abel Hall is teacher, for setting the largest attendance. The program, which was presented by Earl Hays and the P. T. A. boys, supplied many worthwhile ideas, and the movie on "Home Canning" was useful.

A dinner honoring the 17th birthday of Mrs. John Martin Porter was given Sunday at the home of Mr. and Mrs. Walter Hall. Others enjoying the occasion were Miss Jewell Sellards, Buford Sellards, Mr. and Mrs. Richard Hall and Mr. Porter.

### MARTIN

Edith Collins Fox, of Chicago, Ill., is spending a vacation with her father, Dr. G. C. Collins of Martin. Mrs. Fox, R. N., was graduated from Medical Laboratory Technician School, Chicago, in 1944, then serving as medical technician two years at Jewish Hospital, Louisville, and later was named an instructor.

*For all the jobs use ELECTRICITY it's economical... efficient!*

WHEREVER you employ electricity, you use the best, most efficient, most modern method known to man.

WHENEVER you use electricity exclusively for the big time-and-energy consuming jobs like Refrigeration, Cooking, Water Heating, Laundering, etc., you employ the best method at its cheapest! It's wise to use electricity for any job... wiser to use it for more jobs... and wisest to use it exclusively for ALL the jobs.

GO ALL-ELECTRIC: You can rely on electricity to do each job better. When you use it exclusively for all the jobs, it costs less per job than any other method. Yet electricity does them ALL better, faster, safer, cleaner, more efficiently.

The More You Use—the Lower the Price

## To the Voters of Legislative District 96:

Dear Voters:

Recently I announced my candidacy for the office of Representative of the 96th Legislative District. In doing so I went into this candidacy open-minded, knowing that there would be other candidates, all of whom are my friends, and realizing that in a democracy all may seek office who so desire and if duly qualified.

In seeking this office I think it only fair that I publish for your benefit my qualifications, the characteristics of my background and the goals which I hope to achieve in the event I am elected.

I am 27 years of age, was born and reared at Blue River, Ky. (on Middle Creek), attended school at Frestonsburg and Frestonsburg high school; am the son of Susan Stephens Hale and the late James Hale, of Frestonsburg and Blue River. I am a veteran of three wars in the navy, 19 months of which were spent overseas; am now a member of the Veterans of Foreign Wars, the American Legion and the United Mine Workers of America. I have worked many months among the farmers of Floyd county, the miners, riflemen and have two brothers, one of whom is now a miner and one a school teacher. Therefore, I feel that I know the hardships and the needs of all my bread-winners and taxpayers of Floyd county.

With the thought of the veterans, miners, farmers, schoolchildren and taxpayers in mind, I will strive, if elected your Representative, to put the following platform in force:

1. Increased pay for our teachers.
2. Increased benefits and relief for our veterans (expansion of G.I. Bill).
3. Increased legislation and representation for our miners.
4. Increased state aid to the farm-unemployed children.
5. Better highways for Floyd county.

I promise that bills sponsored by me for the above platform will be introduced before the state Legislature when I become your Representative.

On election day, dear voters, remember that I am:

1. A FLOYD citizen who has never changed my politics.
2. A FLOYD citizen who has always lived in Floyd county.
3. A man who will give my time and energy thought to the best interests of the people of Floyd county, and not allowing private business to interfere with my job as Representative.
4. A man who will appreciate your vote and when elected will still represent the voter.
5. A man who is not using this as a springboard to some Floyd county office.

## SERVEL HOLDS A BUSHEL OF FROZEN FOODS

Every meal will be more exciting—when you have one of the new 1947 Servel Gas Refrigerators. For its big clear-view Frozen Food Locker holds a bushel of frozen foods—to provide you such out-of-season delicacies as strawberries, asparagus, spring chickens, all year round.

For fresh foods, the new Servel has both moist-cold and dry-cold protection. Two deodorization fresheners actually crisp up garden vegetables, keep fruits fresh and appetizing.

And the big Servel most keeper protects meat tenderness for days. Shelves give extra room—because they adjust to eleven different positions.

Famous for silence, the Servel Gas Refrigerator is the only refrigerator with no moving parts in its freezing system. Instead, a tiny gas flame does the work. More than two million happy owners have proved Servel stays silent, lasts longer. Come see the new Servels on display today.

## Mrs. Sarah Allen, 85, Victim at Huysville After Brief Illness

Mrs. Sarah Gearheart Allen, 85 years old, widow of G. J. Allen, well-known Huysville man, died at her home on Salt Lick Creek Sunday night, a few days after having been returned from the Beaver Valley hospital, Martin, where she had been a patient.

Mrs. Allen had been in failing health for some time but her illness had not been considered critical until a few days prior to her passing. A daughter of the late Mr. and Mrs. Ben Gearheart, she was a member of a well-known Floyd county family and was one of its most prominent members. She had been a member of the Christian Church for many years.

Surviving are two sons, Green and Ben Allen, both of Huysville, and one daughter, Mrs. Melinda Hays, also of Huysville. She leaves one brother, Malcolm Gearheart, of Northern, and three sisters, Mrs. Douglas Reed, Misses Lode and Polly Gearheart, all of Huysville.

Funeral rites were conducted Tuesday from the Christian Church at Beal, by Rev. Lawrence Price and S. P. Pittman officiating. Burial was made in the D. M. Allen cemetery under direction of the Allen Funeral Home.

## Only the Best for Baby!

## His Doctor Recommends Wilson's Milk

More and more doctors are recommending Wilson's Milk for baby feeding—and for very good reasons. Wilson's Evaporated Milk is nourishing because it contains all the food value that only the best milk is depended upon to supply. Wilson's is easy to digest because it is homogenized and the large cream globules are broken into tiny particles, ideal for infant digestive systems. Wilson's is safe because it comes in a can with all its goodness sealed in. Now baby gets his normal daily Vitamin D requirement in his feedings of Wilson's Milk, for every pint contains 400 units of this bone and tooth-building vitamin. Safe, nourishing, easy-to-digest—a dependable, adequate source of Vitamin D . . . that's why so many doctors recommend Wilson's Evaporated Milk for baby feeding.
