General Fund Revenues For First Five Months Exceed Preceding Year

FRANKFORT, Ky., Jan. 31—Kentucky's general fund revenues for the first five months of this fiscal year are \$450,000 ahead of last year's record-breaking collections.

The revenue department's analysis of November receipts shows that general taxes fell behind the total taken in during November, 1948. It marked the first time a monthly collection this year fell behind a monthly collection in 1948-49.

November's take amounted to \$2,941,597 compared to \$7,205,024 in November of 1948. Dips of \$500,000 in corporation income taxes and \$375,000 in the franchise property tax in November accounted for most of the fall-off.

Through November the general fund collected \$7,872,598 compared to \$21,400,428 during the first five months of 1948-49. The fund took in \$57,200,000 during the entire 1948-49 year.

But the road fund forged ahead strongly during November. Collections of \$3,675,044 brought the fund up to \$18,941,597 for the first five months of the fiscal period. During the July-through-November span in 1948, \$15,821,990 rolled into the road fund.

The distilled spirits production tax totaled \$247,147 in November compared to \$384,779 in the previous November. November 1948 marked the ninth consecutive month this tax has declined in Kentucky.

"November collections also reveal trends of a less spectacular nature," the department said.

Circuit Judge Edward P. Hill pronounced sentence on him this week. Today, (Thursday) trial of G. V. McIntyre, charged with the murder at Harold of Bob Hall, was nearing its close.

The January term of court has been extended to include this week. Monday begins a mixed civil-criminal session, with at least two murder trials docketed during the month. Berice Hall, for whom a plea of guilty in the murder of John Prater, aged 34, was entered, was entered at a proceeding court session only to be withdrawn by Hall himself, is scheduled to go on trial, Feb. 12. Trial of Brown McIntyre, charged with the murder at Harold of Bob Hall, was nearing its close.

Among other criminal cases listed for trial this month are these: Willard and George Hall, arson, Feb. 15; Billie Joe Hall, shooting into a storehouse and cutting and wounding Feb. 16; Gene Goodman, pandering, Feb. 13.

Murder trial of Willard and Billie Hughes was continued last week till April 19.

Only other conviction within the week was that of Ed Halbert, former Floyd Constable, who was fined \$40 and given a 60-day jail term on a charge of possessing liquor.

B. A. Yarns was held in contempt of court and fined \$10. Jim Noble was acquitted of a charge of carrying a concealed deadly weapon, and the jury was unable to agree in the trial of the much-accused Guy Bates who was on trial for striking and wounding.

The five-year pen term given Darwin May for rape was probated last week.

Among the cases dismissed as of the term heard: Lloyd Johnson, carrying concealed deadly weapon, George Johnson, shooting at without wounding, and Ed Canfield, child desertion, all marked "lack of evidence." Kathryn Johnson and Clay Daniels, both for selling liquor, dismissed on Commonwealth's motion; Mear, Roy and William Hall, rape, Kathleen Blanton, slander, and Johnny Manns, child desertions, dismissed for lack of prosecution; Charles Burgett, rape, for lack of evidence.

Hadacol Helps Folk Music Fiddle Player

James William Martin, of route 1, Lewisburg, Tenn., has been a fiddle player for 35 years. At the thousands of old fashioned entertainers throughout the South since he was just a boy because the oldtimers claim that young people can really make a ball and talk "sweet music."

These facts really misled Martin's music when he did not appear in his regular program on the Nashville WJLC radio station in Nashville. Recently, in fact, they misled him

any more. After the second bottle of HADACOL, I felt better and now I love bottles of HADACOL. I feel like a new man. I feel like I can keep my music HADACOL to help keep well."

Martin is just one of countless thousands who suffered because of a deficiency of B vitamins and certain minerals which HADACOL brought to him.

A lack of only a small amount of the B vitamins and certain minerals will cause digestive disturbances . . . Your food will not

James William Martin

They will be happy to know that Bill is back with the

that the music is just a little sweeter because Bill feels better now than he ever did before. He's now the warmest of friends of HADACOL.

Here is Martin's own statement about his feelings for HADACOL brought to him:

"I am only 34 years old. I have never been so healthy, so free of nervous indigestion. No food I taste displeased with. I suffered severely from indigestion for years. I have played with radio and television for 15 years, and benefited my work. I was run down and nervous and for a time thought I would have to give up this amazing tonic. HADACOL. So, it matters not who you are or if you have tried all the medicines. Buy this wonderful preparation a trial. Don't go on suffering! Don't waste your money! Give HADACOL. Many persons who have suffered for years from indigestion are now longer, are more energetic, happy, comfortable, live again with vigor and energy. Buy HADACOL. Vitamins and Minerals which are the basis of life. Give HADACOL to yourself. Give HADACOL a trial. Demand the genuine HADACOL. Beware of substitutes."

David School Starts Project In Original Art By Students

Pupils of the David grade school have begun a project in original drawings and paintings under the supervision of their teachers and the sponsorship of the David Woman's Club. The work began January 30, and will continue through February 10.

The David school does not have classes in art, but as child psychologists are teaching that drawing and painting are two of the best methods of self-expression, teachers of the school decided this project would be a valuable addition to the school curriculum.

Mrs. Russell Harman, Mrs. Leona Hager, and Mrs. Jay Wise form the committee in charge, and they have stated that the pupils will choose their own subjects. Any number of drawings or paintings may be entered by any pupil in an exhibit at the close of the project. These will be judged by some critic from out of town, and the David Woman's Club will award prizes.

The only commercial deposit of braille in the U. S. is near Gabbs, Nye County, Nev.

DEATH'S TERRORS HELD VASTLY OVERRATED

(From The Reader's Digest)

"Look death in the face" counsel J. D. Ratcliff, in the February Reader's Digest. "His countenance isn't so terrifying as we are led to believe. All available evidence indicates that death is generally welcomed by the aged and infirm, offers merciful relief to the sick. Although they have feared death all their lives, the overwhelming majority of people are willing to meet it when it comes."

Testifying to the absence of agony and terror in death is the experience of thousands who have "died" by drowning, electric shock, asphyxiation—only to be revived by prompt medical attention. "These people, Ratcliff points out in an article condensed from Liberty, "have indeed returned from the dead . . . and invariably they report well. There was no anguish, no pain, no terror—merely an all-enveloping peace."

The great physician, Sir William Osler, studied 500 deaths. Only 111 showed mental apprehension, only two showed signs of terror. Dr. Arthur Macdonald adds his report with the same conclusion: "The belief that dying is accompanied by severe suffering may arise from misinterpretation of outward physical signs. The act is confused with symptoms of the disease which preceded death. There seems to be a pause in nature—the disease has conquered, the battle is over. The body, fatigued by its efforts to sustain itself, is ready to die. All is tranquility."

Dr. Alfred Worcester, professor emeritus of hygiene at Harvard, says: "Death is almost always preceded by a perfect willingness to die. It is easy at the last. . . . All competent observers agree that except in imagination there is no such thing as 'death agony.' Contractions of the dying body are merely the contractions of reflex muscles. Facial contortions are involuntary and not indicators of pain. Remember, faces are often contorted in sleep."

One physician, carried to the brink of death by a severe brain attack, reported his sensations as those of "a peaceful association." Three others, who drowned but were revived, found only peace and pleasantness after the initial struggle was over. William Hunter, 18th-Century anatomist, murmured with his last breath: "Had I strength to hold a pen I would have how easy and pleasant it is to die."

The final flutter of a falling heart pump an ever-diminishing supply of blood, Ratcliff says, and pain attending the final illness disappears as sensory perceptions fail. Oxygen starvation that accompanies failing circulation affects the brain; the patient drifts into darkness without pain, without sensation. The final blacking out, preceding death, is in no wise different from falling asleep.

Some sea slugs are edible, some not.

COM-MENTS

BY WOODROW ALLEN

Have you walked down the main street of a village, town or city and noticed the youngsters carrying shoe-shine kits and calling, "shine, mister?"

If you say these young fellows are shining shoes, you're dead wrong! They are paying life insurance premiums—paying in terms of precious youth, mental labor, lost opportunity. They are paying premiums far greater than those their fathers would have had to pay for adequate life insurance protection.

Think about life insurance—whether it is bought or not, someone always pays for it—either in money today, or in suffering, sweat, tears and misery on some tomorrow.

Let's discuss soon which way you would rather have your children pay for your life insurance.

THE SPECTACLE OF SPECTACLES

Well, I have finally deteriorated so far that "chapters" are an absolute necessity.

It has been, and still is, a rather painful process, this submitting to glasses. I left out under wraps, several months, so to speak. As my skin appeared to grow shorter and my eyes more and more out of focus at close range, I gave them their first trial in the privacy of home. After that they came into regular use for night reading.

Then last week, gradually, my joints as vocal as the hinges of a barnyard gate. I took the dardest things to the office and into the public gaze.

And there I take the "specks" drew considerable attention and comment. Assume as I did all the austerity of my command, I could not keep the "boys" in the shop from rallying round with requests for front and profile views. One—bless his generous, lying soul—said as he saw the artificial glint, "were right, become! Another, brutally honest, remarked, "Ugly variant, isn't he?" and "Printer Cobble's garbages of the flock went into his set—shuffled forward, extended his hand and quavered, "Shake, brother—s-h-a-k-e-i-t!"

Pastorally have viewed the spectacle of the spectacles through the window with some interest, too. Taps at the window—and shakes of heads. One claim, letting his glasses slide down on his nose, the better to study me and mine . . . Just a bird in a caged cage, that's me.

But all this would have been as nothing, had I equipped myself with bi-focals. I don't need glasses except for reading, but I'm continually forgetting to take 'em off when I greet a visitor or walk down the room—and the net result is a possible imitation of Consh Weskases. When you begin asking fellow-workers if you can do something for this meeting, it's a serious matter. It gulls down production; it's ridiculous; it makes a body want to smash something—namely, glasses, and I don't mean tumblers.

So here we are with glasses, and hoping nobody prances in and silkily requests us to take 'em off.

As long as The Reader's Digest sends us releases like this we don't have to worry about a part of this column, anyway. These two items are from the Digest's "Lighter Side":

I was waiting in a laundrette while my clothes were being washed when an inebriated gentleman, evidently headed for the cocktail lounge next door, flopped into the chair next to mine. He stared for a long moment at the whirling, tumbling washing through the machine's window with glassy-eyed fascination. Then, blinking his eyes and shaking his head, he mumbled dispiritedly as he shuffled out: "That television ain't so hot."

My husband stopped at a small-town garage in Georgia. "Whenever I hit 70," he told the mechanic, "there's a knocking in the engine." After a lengthy examination and much testing of the engine the mechanic wiped the grease from his hands and drafted, "I don't see nothing wrong, mister. It must be the good Lord's warm-up."

Prestonsburg's Laura Virginia Roberts, a student at Eastern State College, Richmond, recently did such a good job of telling "The Courier-Journal" of its local that I am hereby petitioning her not to write a letter to this editor. You have your own paper to write, L.V., and you really haven't time to spout into a "Courier-Journal" as the title of the 207.

Spliced, kept on the experimental for two days and then sent in weight.

Martin Is Big Sandy Champ

Betsy Layne Is Runner-Up As Floyd Teams Dominate

Floyd County's domination of Big Sandy Conference basketball officially exercised itself Saturday night at Pikeville as Martin's Purple Flash was acknowledged the championship of the 16-team loop by virtue of its victory over the Betsy Layne Bobcats, 61-49, in the final go-round of the conference annual tournament.

Martin, defending Floyd county 1948-49 title, entered the final phase of the loop play after winning the fourth sectional round held at Martin last week. The Flash defeated Flat Gap, 70-39.

Betsy Layne, holder of runner-up honors in the final, capped superiority in the south sectional Wednesday night at Pikeville by blasting try, 64-44.

Each qualified for the championship tilt by winning their Friday night games. Martin bumped Betsy 64-50. Betsy Layne topped Flat Gap, 70-32.

Not only did Floyd county domination appear in the final tussle featuring the play of two county teams but further evidence of the same was seen in the selection of the all-tourney team. Four from Martin, Bob Webb, "Squirt" McCarty, Pete Grigby and Doug LaFerty, four from Betsy Layne, Frankie Crum, Hobson, Ebyne and Clark, Hamilton, of Flat Gap and M. Devins, of Betsy, composed the all-play team.

At Martin the all-section team was named as follows: LaFerty, McCarty, both of Martin; Webb, LaFerty, both of Meade Memorial; Hall, Van Lear, Willis, Prestonsburg, Curry, Winchester, Crave, Old Springs, J. Daniels, Paintsville, and Hamilton, Flat Gap.

Individual performances were noted in the north sectional. The foul shooting trophy was awarded to Martin's "Squirt" McCarty. The Purple Flash guard hit 26 of 37 free throw attempts. His three-point average 84.7 per cent. game stint averaged 84.7 per cent. White, Meade Memorial guard, caught the eye of spectators as he scored a total of 106 points in three successive nights of play. He tabbed 43 against Prestonsburg, 23 against Martin and 41 against Flat Gap.

Adding to Purple Flash tourney honors, the Martin girls were awarded the cheerleading trophy.

Game And Fish Group To Ask Increased Limit On "Rough" Fish Take

Frankfort, Ky., Jan. 31 (SPL)—The State Game and Fish Commission has decided to ask the Federal Game and Fish Commission to increase the limit on "rough" fish to be taken.

The plan is for the statutes to be changed to permit catching that type of fish by gilling and by snapping or snatching boats.

State Game and Fish Director Earl Wallace estimated that \$200,000 worth of that type of fish—such as carp, buffalo, catfish, bluegill and suckers—goes to waste every year under the restriction to the type and line method of taking them.

He explained the State's food supply would be increased by that much and also that catching more of the "rough" fish would mean more room in Kentucky streams for bass and other "game" fish. They are more sport to catch and are better eating.

Easier on Game Fish Gilling is done with small pronged spear. Snapping or snatching fish is done by putting a number of hooks on a line and jerking it back and forth in the water.

Under present law, gilling and use of snappers or snatching hooks is forbidden.

The commission said it will ask the General Assembly to permit the director to fix the season for gilling and snatching.

PIKE MINER IS SENTENCED

For Slaying Cox, Jewelry Salesman, In Pike "To Get Him Out Of Misery"

Woodrow McCoy, 32, Freeburn coal miner, pleaded guilty Friday in Pike Circuit Court to charges of armed robbery and murder and was sentenced to life imprisonment on a 10-year term.

McCoy admitted slaying Sherman H. Cox, Williamson, W. Va., jewelry salesman, "to get him out of his misery" after he had been wounded accidentally in a scuffle for a gun.

The body of the 45-year-old Cox was found in a culvert about three miles from Phelps last December 19.

The discovery was made by State Police Detective J. A. Combs, Garrettsville, who was with McCoy where the body was hidden.

McCoy said Cox, who he had known about a year, picked him up near Delmore Bridge in the Freeburn district.

After they had driven for several minutes, the men scuffled over a 35-caliber gun McCoy was carrying and it was discharged, McCoy said he saw Cox was badly shot.

McCoy said he saw Cox was badly shot. "I just finished him off to get him out of his misery," he said.

Before dumping the salesman's body in the culvert, he removed a wristwatch and some jewelry from the trunk.

McCoy appeared unmoved by the sentence today. Earlier he told newsmen he "guessed everything possible had been done for him" and that he was resigned to his fate.

In passing sentence, Circuit Judge R. D. Stephenson ordered that the sentences be served separately in the State Penitentiary at Eldersville.

Commonwealth's Attorney J. A. Burton said McCoy probably would be eligible for parole in 30 years.

ADMITTS LOOT OF FIRM SAFE

Magoffin Ex-Convict
Reveals How He Missed \$11,000

Grover Harvey, 26-year-old Magoffin county ex-convict, admitted Saturday to Sheriff D. B. Trimble of Johnson county, that he robbed the Johnson Lumber Company safe at Painesville, early last Friday, approximately \$11,000 in cash and checks and at the same time fruitfully added he knew he was passing up a richer haul of \$11,000 in cash because he had jammed the compartment of the safe in which the larger amount was kept.

Among the funds taken were remittances from the Prestonsburg and Louisville branches to the Painesville central office of the lumber company.

In a statement signed before Sheriff Trimble, Harvey said he took \$300 cash, and between three and four thousand dollars in checks from the firm's safe.

Harvey told the Sheriff his primary objective, however, was the \$11,000 cash he knew was in a separate compartment of the safe.

"If I'd gotten that," he quipped, "you or no one else would have ever seen me again."

Harvey said he jammed the catch on the second compartment and wasn't able to open it.

Trimble immediately charged Harvey with robbery and added he was advising Ohio authorities of Harvey's statement he had been paroled recently from the Ohio penitentiary where he served a term for armed robbery.

Harvey said in his statement he met friends who were living near the lumber company owned by F. S. Vanhoushe early coming home. He learned large sums of money were kept in the safe. It continued.

The night preceding the robbery, Harvey said, he stopped at a friends house located near the company and they played cards until shortly before a.m.

He said the friend, Lester Vanhoushe, a second cousin of the lumber company owner, knew nothing of the planned robbery.

After leaving Vanhoushe's home, Harvey asserted he picked up his tools which he had hidden nearby and walked to the rear of the company office.

He said he broke a window and climbed into the room.

After the robbery, Harvey claimed he went to his room on the outskirts of Painesville and destroyed the checks.

He declined to tell the sheriff what he had done with the money.

Girl Scouts' Prospects Bright For Coming Year As Leaders View Work

Prestonsburg local council, Girl Scouts of America, has begun the new year with a complete organization and bright prospects for coming months, leaders said this week.

On the bright side of the picture were these announcements:

1. That \$268 has been collected from sponsoring organizations for the Girl Scout drive — \$68 in excess of the needs for the local council part in maintaining the Pikeville office.

2. Word from J. H. Keenon, master of Zebulon Mason Lodge, that two rooms in the Masonic building here will be made available, rent-free, to the Girl Scouts.

The 1950 local council officers are: Mrs. Marshall Mahan, commissioner; Mrs. Winston Ford, archery, secretary-treasurer.

Committee leaders are:

Organization — Mrs. W. S. Harkin; Program — Mrs. Chalmers Fraiser; Camp — Mrs. Newton May; Registration, Juliette Love and Cooky committee — Mrs. E. S. Collins; Publicity — Mrs. Woodrow Burdett; Training — Mrs. Max Burns; committee member-at-large of Sandy Valley Girl Scout Council — Mrs. R. V. May.

All officers and committee members volunteered to serve. The Finance committee will be named later.

Just closed a 9-months tour of this country for the Veterans' Hospitals, also just finished an engagement at the famous Palace theatre (N.Y. City).

IVA BOWEN

Her star dance is very unique and intricate and pleasing to watch as the tempos change throughout the dance. Has just finished a nine-months tour of the Veterans hospitals throughout the country.

He dances with a huge table between his teeth and as he dances adds one table at a time until at the finish he has five tables in all, still supported only by his teeth. That is how he acquired the name "IRON JAW WILSON". The one, only and original. Direct from Broadway's leading nite spots. Appeared on several television shows.

DEBORAH ROBINSON

Played the Harlem Club for two seasons, Atlantic City's most famous nite club, Cafe Society—Extended engagements in Canada's leading cabarets and cocktail lounges. Featured in Radio Show "Harlem After Dark." You'll enjoy her smooth style of singing.

COMPLAINTS OF FINES

Editor, The Times:

Yesterday I was in court all day at Prestonsburg as a witness and had parked my car near the police station for a short time. When I went back to my car a police tag was on it. I paid \$1 and today I parked it up near the Floyd County Times, and had to be in court all day again, and when I returned to my car another tag was on it. I took my second ticket to Judge Peeler, as I had been advised to do by good men around the courthouse, thinking he would release me, but instead he fined me \$1, same as the police did the day before.

I guess if the Commonwealth wants me in court at Prestonsburg as a witness again, I'll just have to walk to town!

live-out, sleep, work and play and study—there, with good citizenship the aim of the Estate. "Take Care of the Boy with a Problem" is the Estate's slogan.

Its success is already attracting wide attention. And the parking lot instituted here, the Rev. Benedict says, is the first of what may be many established in county seats over the state to help supply local communities their part in seeing their boys through Boy's Estate to good citizenship.

Each boy at the Estate works two hours a day. For a part of his work the boy is paid 20 cents an hour; a part as done as his "family responsibility." Three weeks of the year, each boy of the Estate goes north for a fishing trip. Local recreation includes games, movies, swimming and other supervised sports.

The Prestonsburg minister talks about the parking lot venture with the enthusiasm of one not dealing with a small plot of ground. "This thing isn't measured in square feet—it's big!" he declares with conviction.

HOW MANY
BATTERIES

do you think were installed
in Kentucky in 1949?

The year 1949 was such a big year in the growth of telephone facilities and service, we thought you would like to know some of the facts and figures. Here's the story of the year in brief:

New Telephones

More than 52,500 new telephones were installed in Kentucky last year! That's a lot of telephones, requiring the addition of huge quantities of wire, cable, poles, central office equipment and new buildings or building additions.

Rural Telephones

Many construction crews were busy stringing lines in rural areas throughout the state last year and many thousands of new rural telephones were installed.

Money Spent

This vast expansion and improvement of telephone service in Kentucky in 1949 cost more than \$10,500,000. This was over and above other millions of dollars paid out in Kentucky for operating expenses.

New Buildings

Eight new buildings or building additions were completed in the state last year and work is under way on other new building projects for 1950.

People at Work

At the close of 1949 there were more than 4,500 people employed by Southern Bell in Kentucky. Wages for men, women and teenagers amounted to millions of dollars—a substantial contribution to trade and prosperity throughout the state.

Kentucky and the South are growing as never before and we are continuing our all-out effort to make telephone service constantly more valuable and available to more and more people.

ASK INCREASE IN PAY TEMPO

Floyd Legislators Would Make Companies Set Up Employees' Weekly Pay

House Bill No. 42, jointly sponsored by Floyd County's Representatives in the General Assembly, Henry C. Hale and Paul E. Hayes, would require that the time which a worker or must wait before he is paid by a corporation and would, in the event of future wage stoppages, give the worker the right to sue for the starting pay of workers soon after they go back to their jobs, its authors contend.

The bill, which was still in committee at week-end, would require corporations to pay weekly, all wages earned to a day not more than seven days prior to date of the pay-day. This, it is explained, permits firms to hold up the worker's pay as much as a full month.

One local operator here said employees seldom wait longer than a month. The delay of a month, as a matter of practice hasn't been in effect since the 30's," he said.

Another bit of legislation which is of interest in this section is House Bill No. 41 which has already gained approval in the lower chamber. Creating a Division of Weights and Measures in the Department of Agriculture, the bill provides that coal, coke and charcoal must be sold by the pound. The fuel section of the bill would require each coal retailer to have two weight tickets signed or certified at the mine or point of wholesale purchase. It also would empower inspectors of the division to stop any truck loaded with any of these fuels, demand inspection of tickets and, if necessary, require the truck to go to a designated set of scales and weigh its load.

Left Beaver Creek was reported rising through Wednesday night, and the picture there is believed to be a disaster of the magnitude of the Beaver, although detailed reports from that section were not received this morning.

Wednesday morning, traffic between Prestonsburg and the Middle Creek section was suspended as water rose in the underpass at West Prestonsburg. Freight deliveries were curtailed, and travel between the two parts of town required walking, part way.

The situation at Paintsville was described as more serious over than that found up-river. The town's water service was suspended Wednesday, even before the new wave of water rose. Curtiland was ordered by Mayor J. B. Wells after the surge to 29 feet Tuesday night and the pumps were restored. C. J. Cooper said the town has a reserve of approximately 85,000 gallons, with 55,000 gallons needed for a fire emergency. He said the rates could be re-opened to permit use of any other 30,000 gallons, but estimated this measure supply would last about 15 minutes.

One of Oldest Golf Clubs Offers Facilities for Youth

Directors and officers of the Beaver Valley Golf Club, one of the oldest in Eastern Kentucky, desire to make their club grounds a recreational headquarters for youngsters as well as for those of the older age groups.

Offering full use of all club facilities which might accommodate several hundred kids through the week, members twice through an announcement this week by club president Ambrose Mandt, the establishment of a central meeting place and playground for Scout troops and other organizations to send groups of boys and girls to the club grounds near Allen.

President Mandt said: "For use at the present time, we have a tennis court, artificial diamond, outdoor over for plunger, golf course, clubhouse and shower rooms. It would be possible to manage to have a few more."

"The members of our Beaver Valley Golf Club and persons interested in Boy Scouts' work and sports here have a good opportunity to serve the youth of our county by combining their efforts toward the operation of the plan," he stated.

"With proper supervision and definite understanding in regard to club rules, this plan should not interfere with the operation of our golf club. Most of our members continue their activities to week-end golf and an occasional week-end party," Mandt explained.

In an open letter to other club members and civic and sports-minded citizens of this section, the club's officers invited: "If you think our plan is a good one, please call or write our officers or directors. We welcome any suggestions you may have to make it a reality."

WARM MONTH "HOT FINISH" MELTS QUINT

MAYTOWN WINS ONE WHILE LOSING TWO

Maytown, Ky., Jan. 31 (Sp.)—The Maytown high school Wildcats engaged in three of the closest fought games in the region in the last two weeks of January to experience a "hot finish" to an unusually warm winter month.

The "hot finish" cost the Wildcats two games while they won one during the period.

The same kind of a finish almost cost the Wildcats their third game in a row at Heller on Friday night.

Maytown, after facing surprising opposition, managed to win, 55-49.

In each quarter, Maytown was able to run up a 10 or 12 points lead only to have it promptly disappear before the end of each period as the Heller team fought for a determined comeback.

Halbert, sinking 13 field goals and two to four free throws for a total of 28 points led the Maytown scoring attack. Frasure added 16 and Martin collected 10 for the Wildcats.

Maytown's losses were on the previous week-end as the Wildcats were met by the torrid last-minute attacks of Wayland and Wheelwright.

The powerful Wayland Waves required an overtime period, Friday night, Jan. 20, before defeating the Wildcats, 55-49.

At Wheelwright on the following night, Saturday, Jan. 21, the Maroons noosed out the Maytown five, 57-52, in the closing minutes of a hard-fought contest.

FLOYD COUNTY SCHOOLS

School Year Ending June 30, 1948

Comments:
Submitted herewith is my audit report and inspection of the records and accounts of the Floyd County Board of Education and of Palmer L. Hall, Superintendent of Schools and Secretary to the Board of Education, and Wesley Campbell, Treasurer of said Board of Education for school year ending June 30, 1948.

The minutes are well kept and recorded in the General Record Book furnished by this Department. They are complete with all necessary detail and signed by chairman and secretary.

FINANCIAL REPORT

Receipts and disbursements are properly coded in the Financial Ledger furnished by this Department, showing from what sources they are derived and for what purpose they were expended.

All disbursements are supported by claims, and cancelled checks. All claims are recorded in the minute book giving check number, for what purpose to whom paid and the amount.

The claims are filed monthly in numerical order. Summary of receipts and disbursements are complete and extended to the recapitulation for determination of monthly balances.

The Financial Account is a record monthly with bank statement and the account is in balance as of June 30, 1948.

All claims are transferred or attached to claim blank Form F-70, signed by Chairman, Superintendent Palmer L. Hall, and filed in numerical order in a folder each month.

All sheriff's receipts are properly recorded on Form F-60 as furnished by this Department; and filed in numerical order with bank deposits in a folder each month.

Teachers service records, Teachers Retirement and Teachers Certificates are on file in record books.

The salary schedule as approved by the Department of Education was followed and there are two funds set up to pay the claims and teachers salaries. The General Fund is for payment on all claims and the Teachers Account Funds are used to pay salaries. The two funds are kept separate.

\$6000.00 outstanding used bonds at 6 per cent non-callable is not redeemable until June 30, 1949. This is the only debt in school year 1947-48.

There remains \$117.98 of the incidental money for the veterans in the Treasurer's hands.

It is recommended that all the incidental money received for the veterans be spent for them in a way that will be most beneficial to the program.

Superintendent Palmer L. Hall and his staff are to be commended on such accurate, neat and well kept records. The auditor expresses his deep appreciation for the fine cooperation given him in the auditing of all records.

Lead by Tommy Blackburn's 21 points, the Prestonsburg Independent quint outdrinking the speedy Morehead All-Stars, 70-64, at Morehead Saturday night.

Although the All-Stars excelled the Prestonsburg boys in free throws it was the difference in field goals from the foul line, provided victory for the home team.

Morehead got 23 field goals and 11 of 18 grants shots tried. Prestonsburg fanned the nets for 32 two-pointers and hit only six of 21 free shots attempted.

In addition to their point getting, the Prestonsburg lads demonstrated an adept floor game. Damon, while labelling 16 points, shined in this department.

IN MEMORY

Of our dear daughter, Mary Nevada Martin.

That lonesome month is here again; it's the month of January, the saddest of the year for it was January 27, 1942, seven years ago, that our dear daughter went away. You are not dead, not lost. You live with us in our memory. And will forevermore.

God made another angel To worship before His throne, So He looked down from heaven And called our loved one home.

Time has passed since that sad day The one we loved is called away. God took you, it was His will But your memory lingers still.

More and more each day we miss you, Friends may think the wound is healed, But they little know the sorrow That lives in our hearts unhealed.

Yes, God took you, home—It was His will And in our hearts your memory lives still. But only a stay shines over the grave Of the one we loved but could not save.

Missed by all—
DADDY, MOTHER,
BROTHERS AND SISTERS
