SURPRISE PARTY

FOR MISS MECE

Members of Miriam Rebekah Lodge gave a farewell party for Mrs. Fred Mece Tuesday evening. Last week at her home on Friend street, Mrs. Mece moved last week to Pikeville where she was transferred by the Kentucky West Virginia Gas Company. They have resided here for a number of years and have made many friends. Mrs. Mece has been a special nurse at the Prestonsburg General Hospital and has taken care of many special cases. The Methodist hospital at Pikeville is fortunate in receiving her on its nursing staff. She will begin her duties there as soon as they are settled in their new home. A special gift from her loved friends was presented to Mrs. Mece by Mrs. Thomas Lemaster. Refreshments were furnished by the guests and served to 21 friends.

UNIONS LOSE DAMAGE SUIT

Jury Awards Labor Union
\$275,437 for Breach of
County Contract Loss

A total of \$275,437.19 damages was assessed Saturday by a jury of the Richmond (Va.) city circuit court of three labor union suits for the labor union's breach of contract with a work-order at the Peconia Company's operations in Breckitt county in 1949.

The court's decision is not yet in final form, it was indicated, as attorneys for the United Brotherhood of Carpenters and Joiners of America and the United Brotherhood of Carpenters and Joiners of America are to be heard on the matter.

A Hamilton Dray, president of the union, commented that he did not think the union could show they were not given a fair trial. "If any errors were made, and it's hard to keep from making errors in a long suit of this kind, as many were made in favor of the unions as against them," he said.

The company had sued the unions for \$500,000, alleging they interfered on a building project in Breckitt county on July 26, 1949, causing the company to lose the contract and future business.

The jury awarded labor union \$275,437.19 in compensatory damages and \$100,000 in punitive damages. All the unions had denied liability. The company charged them with interfering with the work of the project and causing a work stoppage that resulted in loss of the contract.

The company had chosen to bring suit in Richmond where its home offices are located. The union at first moved to quash the suit on these grounds, but later withdrew this motion.

Labor union attorneys claimed in the suit that a representative of the U. S. W. W. M. O. Hart, went to the Kentucky project with "a mob" and intimidated both the common laborers and A. P. L. employees to such an extent that they quit their jobs in fear of bodily harm.

In his instructions to the jury, Judge Harold said the jury were to find for labor union if they found that a representative of the unions went to the Kentucky project with a mob of men for the purpose of organizing employees and that intimidation, threats, and acts of violence or coercion caused employees on the project to leave and refuse to return for fear of violence.

On the other hand, the judge said, if they found that plaintiffs' employees refused to work for it solely because of the existence of a picket line and that they had been picketed line, their verdict must be for the unions.

Union attorneys argued that the common laborers on the job, not members of other unions, were organized by U. A. W. They voted to strike against labor union, the attorneys contended, struck and set up a picket line.

The attorneys read portions of the testimony which they said showed that no one was hurt, hit, or shot, and that when A. Hamilton Bryan pulled down a picket line sign, nobody stopped him.

March 1, Deadline For Auto Licenses; Rush Is Expected

Midnight, March 1, is the deadline for purchase of 1951 motor vehicle license plates. After March 1 motorists who do not have 1951 plates on their vehicles will be subject to arrest and fine.

New registrations have been on sale at the office here of County Clerk Duane Moore since December 1. A large number of vehicles have been registered, but the usual rush is expected for the last days in February. Those who wait until the last minute may experience delay and inconvenience.

Vehicle owners are urged to take care of their 1951 license plates, the Department of Revenue said. Because of defense demands for making new plates, probably will not be available next year, and the 1951 plates will have to be used for two or more years.

A vehicle owner who moves into the Kentucky from another state must buy a Kentucky license immediately.

LETTERS TO THE EDITOR

A Challenge to Parents

Editor, The Times:
On behalf of all the teachers of Prestonsburg High School I wish to make a statement. This statement is directed toward all interested persons in Prestonsburg and Floyd county.

Down at the high school we hear considerable vehemence criticism of the school, the teachers, and the methods of teaching and discipline, but these comments come indirectly in the way of the well-known "grape-vine," and rarely, if ever, do we receive direct, honest, constructive criticism or suggestions.

How many of you actually know the conditions under which your children are attending school? How many of you ever visited this high school to inspect the situation? On the other hand, how many have "heard" about these conditions from others and have passed the word on themselves as "they say."

It would be difficult for the best of us on earth to teach under the conditions which prevail in our high school. To mention only a few: old, broken seats, peeling and falling plaster, and cramped quarters—no mention of the classrooms to serve approximately 500 students. You divide this into 500 and what answer do you get? How can you teach under these conditions? The answer is simple: you cannot. To mention only a few: old, broken seats, peeling and falling plaster, and cramped quarters—no mention of the classrooms to serve approximately 500 students. You divide this into 500 and what answer do you get? How can you teach under these conditions? The answer is simple: you cannot.

Our children are no wilder and no worse than children from Lexington or Corbin or Cincinnati. Our children are as good as the children of any other community. Our children are as good as the children of any other community. Our children are as good as the children of any other community.

There is no doubt that a new county high school building is a must. A new school structure must be erected in such a location as to be accessible to all sections of the county, especially the lower section of the county.

This is a job which cannot be avoided.

The Board also looks elsewhere to remedy its needs. Some of these needs are being, or have been, set down in "architects' blueprints." There is the matter of a fire-proof gymnasium for the future. The present gym is inadequate. Worse, it is a potential firetrap, as are the present rooms in the building.

Scout Executive Addresses Clubs During Past Week

John Dean, Scout executive of Eastern Kentucky, made talks on Boy Scouting at Kiwanis Club meetings held in Prestonsburg and Wheelwright during the past week. The Prestonsburg Kiwanis Club held a special meeting last Thursday night at the Methodist Church with leaders of the P.T.A. as special guests of the club. C. L. Hutslinger, introduced Mr. Dean.

Dean made an address on the Boy Scout movement. He expressed his appreciation for the cordial reception he and his family have received upon their move to Eastern Kentucky. He also called attention to the fact that his background at Berea College had enabled him to know many leaders in Eastern Kentucky who are interested in the movement, including Chalmers Prader, superintendent of Prestonsburg schools.

Dean traced the growth of the Boy Scout movement in America and throughout the countries of the world that love democracy. He declared that Scouting had been abolished in Communist countries because Scouting believes in world friendship based on Christen teachings of the brotherhood of man, which is contrary to Communist teachings.

In his talk before the Kiwanis Club of Wheelwright, Monday night, Dean expressed confidence in the growth of the Boy Scout movement throughout the Council area and especially in the Floyd district. He praised the outstanding volunteer leadership which is interested in the growth of Scouting, including that of J. A. T. Parker past president of the Council and now serving as chairman of the Council Camping and Activities committee. Mr. Dean told of plans for the development of the Scout camp on Dewey Lake, which would be one of the finest in the section of the country, and which the boys of Eastern Kentucky would enjoy for generations to come.

Dean also spoke of the value of Scout-training and character building and the need for Scout-trained young men as our greatest defense against Communism.

CUTS LIMIT ON WEIGHTS

In Effort To Save State Roads Damage After Severe Winter

In an attempt to reduce further winter damage to Kentucky's highways, highway officials have directed temporary lower weight limits for trucks and commercial vehicles to be posted throughout the state. William P. Carlin, Commissioner of Highways, said this week. The state will follow a conference with Governor Crowe, Commissioner of State Police, John Watts, Commissioner of Motor Transportation, Dwight H. Bray, State Highway Engineer, and M. Forrest Johnson, Director of Highway Division of Maintenance.

"Extremely cold weather which is normally followed in this state by quick thaws has already accounted for millions of dollars worth of damage," Mr. Carlin said. "We have had three periods of such weather. Truck people will be notified, the roads will be posted, and we will request cooperation. If compliance with the new low weights is not promptly observed, both Commissioners Crowe and Watts have pledged the full obligation of their organizations and arrests will follow."

"A deep freeze in the road has which is followed by rain and quick thaw softens the base and permits heavy vehicles to break through. It is regrettable that such drastic action is necessary and we realize it will mean an economic loss to highway users. However, maintenance costs will cut heavily into our 1951 construction program unless these steps are taken to protect the state highway investment."

"Many highways in Kentucky have sections which have been affected. The permissible weights are reduced by our engineering staff and will be announced later."

In setting the limits, the department will use every possible effort to protect the highways but will also try to interfere as little as possible with the necessary movement to vital commerce.

As the damage becomes more evident, it may be necessary to post roads not covered in the first pronouncement.

BUFFALO, N. Y. — Free bus rides for Sunday churchgoers during Lent were offered by the Niagara Frontier Transit Corp. "At a time when everywhere the minds of men are troubled," said Maxwell P. Thomas, president of the firm, "we are glad to make this contribution in the hope that it may encourage attendance at divine worship during Lent."

RINGS IN ICE BOX
PEORIA, Ill. — A week ago Mrs. Dorothy Hyde reported to police that four rings she valued at \$1,350 were missing.

She called again yesterday and told police she found the rings—in her refrigerator.

But, she told police, she didn't know how they got there.

FIVE PER CENT OF US FILED LAST YEAR AND—PARDON US FOR REMINDING YOU—DEADLINE FOR FILING AGAIN IS APR. 15

Kentucky income tax pay returns in 1950 totaled 145,590. Commissioner of Revenue H. Clyde Reeves reported. These income tax payers amounted to 5.1 per cent of the 1950 population.

Franklin and Jefferson counties led the list with 123 per cent of the population in each county filing pay returns, or 123 per 1,000 population. Fayette county was third with 98 persons in each 1,000 of the population filing pay returns.

Ninety-three percent of the population, or 18 per 1,000 population, filed returns last year. Pike had 18 and Johnson 19 per 1,000 population who filed returns.

Elliot county was lowest with only two persons in every 1,000 paying income taxes. Casey, Jackson, and Metcalfe counties were next with three per 1,000 in each county filing returns.

Numerically Jefferson county had 63,466 filers, Fayette 9,671. Elliot county was low with 16. Menard had 10 and Robertson 21.

As a result of the change in the Kentucky income tax law made by the 1950 session of the Legislature it is estimated that more than 7,500 additional persons will file income tax returns this year.

Interested in this work may contact Mrs. Marshall Mahan or Mrs. Charles Schindler. March 3rd, 2-4 p.m.—The Juliette Lowe silver tea at the Methodist Church. Floyd Teams Are Tuning Up For District Meet Next Week

Floyd county's basketball teams this week were tuning up for the 1940-41 district meet, which is beginning the final tune-up for the 5th district tournament which begins at the Martin high school gymnasium next Tuesday night.

Out of that Martin tournament is expected to emerge a district champion capable of winning the regional and furnishing the section state representation at the state meet next month.

The Martin team will play a single lower bracket game—Prestonsburg vs. Ashland, Wednesday night at 7 p.m. at the Martin high school. The upper bracket will meet, and at 8:30 it will be an upper bracket contest between Wayland and Garrettsville.

Thursday night, McDowell will play the winner of the Prestonsburg-Ashland game at 7, and the winner of the Garrettsville-Wayland game at 8:30. Friday night, and the journey will end with a game at 8:30 p.m. between the winners of the two brackets for the title.

Donnell Halbert, coach of the Martin team and tournament manager, announced this week the services of several coaches have been procured for the five-day tournament:

Travis Combs, Harlan, and Vernon Honeycutt, Ashland, referees; Donnell Halbert, Martin, referee; Ben Hall, Jr., Wayland, timer.

David Girl Scouts Sponsor Silver Tea

David, Ky., Feb. 21 (Sp.)—The annual Juliet Low Silver Tea sponsored by the David Girl Scouts and Brownies, was given by Mrs. Russell Harmon and Mrs. William Crawford at the Harmon residence here Saturday afternoon. Mrs. Harmon is Juliet Low chairman, and Mrs. Crawford is leader of the Intermediate Girl Scout troop at David, as well as being president of the Sandy Valley Girl Scout Council.

The program consisted of talks by several Girl Scouts, through which the following facts were presented:

1. The money donated at the tea will be forwarded to the Juliet Low Friendship Fund, which now receives more than a hundred thousand dollars a year as voluntary contributions from individual Girl Scouts.

2. The largest appropriations from this fund are always allocated to projects that will help girls in the form of food, clothing, education, and medicine to troops or campers in countries where such need arises.

One Girl Scout in Hungary was sent a three-months' supply of streptomycin that her physician was unable to obtain, and a wheel chair was purchased for a girl in Germany.

At all times, those administering the fund that bears Juliet Low's name make an effort to use it so that it contributes to world peace and good will according to the wish of the founder of American Girl Scouting.

Girl Scouts and Brownies attending were:

Betty Jean Howell, Carol Clark, Theresa Carver, Joyce Puckett, Olga Clark, Rebecca Clark, Norma Stephens, Sandra Zumbo, Jean Clark, Shirley Harmon, Denise Clark, Johanna Van Geldre, Peggy Johnson, Joan McKinney, Peggy Bussey, Judy Bussey, Toby Bussey, Clara Hager, Brenda Roby, Wanda Rohrer, and Helen Harmon.

Mothers of the Scouts who were present were: Mrs. Joseph Nekorac, Mrs. Fred Rohrer, Mrs. Francis Harmon, Mrs. Ears Clark, and Mrs. Rano Van Geldre.

MARTIN WINS POLIO BENEFIT

Floyd Team Forges Ahead Of Breckinridge Training In 3rd; Wins 43 to 41

Martin high school again upheld Floyd county prestige in the annual benefit basketball game here with the opposition from outside this section, but last Saturday night the Purple Flash had to come from behind to turn the trick against a sizeable crowd saw the hard-fought game.

The Floyd team, minus the services of Grigsby, their captain and guard, after the first half trailed the visitors, 43 to 41, after trailing half the game. Grigsby was sidelined by an ankle injury. Martin was yet to lose one of these charity contests, but the financial returns to the March of Dimes were meagre.

The two teams ended the first quarter in a 6-6 tie, and at the half Breck was ahead, 22-19. Martin ended, 32-30 as the third quarter ended.

The line-up:

Martin (43): Pos. Breck (41) Campbell (46), F. Lancaster (12) Trickett (16), C. Weisman (4) Taylor (10), C. Wells (3) Grigsby (4), G. Kanne (12) Leftery (3), G. Riddle (9) Substitutes: Martin—Clark (3), G. Jones, Ratliff; Breckinridge—Perghon (1).

Jack Nichols, former pro basketball star, is now the big gun on the Quantico Marines basketball squad. Nichols is now a staff sergeant.

Junior Clubwomen To Aid Mt. Mission With Clothing Gifts

Members of the Junior Women's Club here are this week digging into their clothes closets in an effort to help the Goodwill Mountain Mission in its work to give aid to needy families. It was voted to do this at a meeting of the club Tuesday evening at the home of Mrs. Tom Graham Dugan.

Members of the club also pledged themselves as donors of blood when the Red Cross begins its drive for the blood bank in April.

Miss Sara Clay Stephens, president, presided. Mrs. R. W. Ankrom gave a report on the mid-winter women's club board meeting held in Louisville last month.

WHEELWRIGHT—Miss Peggy Blummett, of Wheelwright, who is attending Eastern State College at Richmond, had as guests this week-end, three of her classmates. They were Jean Lender, of Covington, Elizabeth Bradie Cox, of Cincinnati, and Blanche McCown, of Eminence, Ky.

Various committees were appointed and the members also voted to sponsor a bake sale, Saturday, March 3rd.

A salad course was served to Mesdames R. W. Ankrom, Alvin Reed, Wm. O. Allen, Fred Cottrell, Lloyd Miller, Hubbard Francis, Jr., Belard Friend, Misses Sara Clay Stephens, Barbie May, Aveland Nunner, Burieta Greenheart, Barbara Allen, Charlotte and Marian Salisbury, and the hostess, Mrs. Tom Graham Dugan.

the state's financial structure."

Wrote Allan M. Trout, in The Courier-Journal:

Politically, the Governor's call is significant for two reasons:

1. First, it means that Wetherby, a potential candidate to succeed himself as Governor in the primary and November elections, is ready to write his own record of friendliness to:

1. The 18,000 public-school teachers who, in the average, will be due for a \$500 raise under the proposed legislative next school year.

2. The 65,000 old people drawing public assistance.

3. The 24,000 families craving assistance for dependent children.

4. The 2,400 blind people drawing public assistance.

5. The 11,000 state employees who, for a long time have wanted to come under the U.S. Social Security program.

As for the 11,500 families who have patients in the mental hospitals or prisoners in the penal institutions.

Second, it means that Wetherby wants to steal the political spotlight from Charles I. Dawson, Louisville attorney, who is developing a sensational law suit charging wholesale corruption in the Highway Department.

A third point is of passing significance. By spending the surplus in his own way, Wetherby risks his political primary opponents of the opportunity to promise it to various groups of their own selection.

In the statement amplifying his call, Governor Wetherby said that inflation has caused both the emergency and the surplus that he hopes will meet it.

"Inflation throughout the nation has continued upward. It has increased the cost of living to school-teachers, the needy aged, blind and dependent children. It also has increased the cost of providing for inmates of the State Welfare institutions."

"To ignore these responsibilities, when the means to meet them are available, would be an inhuman disregard of duty."

Specifically, the Governor said that the schools are losing teachers to the armed forces, defense plants, and to higher-paying jobs in private industry.

"There will be many teachers who will stay with their jobs if they can secure even a moderate increase in salary."

As to his timing of the call, Wetherby explained that school administrators must know in March what money will be at their disposal in the next school year. That is because March is the month schools must offer new contracts to teachers for the next year.

KENTUCKY ON THE MARCH BY EWING GALLOWAY

After reading a Sunday piece of mine in the Henderson Glasgow Journal, in which I twitted the three local banks for closing at noon Saturday, thereby compelling farmers to leave half a day from work, C. W. Bailey, president of the First National Bank of Clarksville, Tenn., and former president of the American Bankers Association, wrote me a letter embodying the two following paragraphs:

"It has been the custom here in Clarksville for all of the banks to close every Thursday at noon. During the summer most of the merchants close at noon on Thursday. We have found this quite satisfactory. On Saturday our bank remains open in the usual manner until 2:30 o'clock, pull down the shades at that time, but leave the front door unlocked. An after-hours teller is maintained every day except Thursday until 4:30. This is the definite program of this bank and we think the other two banks follow much the same course."

"Over the years we have found this Thursday closing a highly satisfactory one. We find that a great many of our farmers work at home until 12 o'clock and the period from 12 to 2 o'clock in the afternoon is usually a very active one. Inasmuch as we operate a rural bank we must provide for the needs of rural people."

Mr. Bailey's last sentence hits the nail on the head. And Kentucky banks, excepting possibly those in Louisville serve a lot of country people, and asking city banks to the inconvenience of farmers is a serious mistake. This is doubly true right now, because the armed forces are stripping the farms of thousands of young men, most of whom cannot be replaced. Farmers are going to need every hour. All the boys drafted from farms are good workers, otherwise they would not be there. Taking half a day off earlier in the week sounds like good sense. If they took a whole day off, say Monday or Thursday, banks serving farmers might not be far wrong.

Banks render a great service to the public, but on the other hand voluntary depositors furnish the money with which banks make their dividends, surpluses and undivided profits. Most of the banks in Kentucky are prosperous now, which is all the better reason for providing better service for their rural depositors. Mr. Bailey's bank seems to have the right idea.

KNOW YOUR SCHOOLS

And What They Are Doing

By County Superintendent's Office

TRANSPORTATION

We need your aid, Mr. Motorist. Recently several bus-drivers have reported that numerous traffic violations have been occurring on the school routes of Floyd county. This is a serious matter if we are going to protect our children from hap-hazard motorists. Ignorance of the law cannot be excused; therefore, for your information we are quoting Section 189.279 of the Kentucky Revised Statutes: "PASSING STOPPED SCHOOL BUS. (1) Whenever any school bus is stopped upon a highway for the purpose of receiving or discharging passengers, the operator of a vehicle approaching from any direction shall bring his vehicle to a complete stop and shall not start up or attempt to pass until the school bus has finished receiving or discharging passengers and has been 'go' in motion."

SCHOOL BUS SHELTERS

The small white buildings placed along the edge of the highways are shelters for your children who are waiting for the school buses. These shelters are especially needed in rainy and cold weather. Approximately 25 of 100 shelters in the county have been destroyed through vandalism and other causes. It is your educational duty to help protect the one in and around your community. Report the destructive persons to the local authorities.

IT'S A FACT

The educational level of Kentucky citizens is not quite seventh grade. The army test of World War II showed Kentucky had the nation's highest rate of adult illiteracy. The 1950 census showed that only three adults out of 100 in Kentucky are college graduates. Only 16 out of each 100 adults have graduated from high school while in the nation 30 of each 100 adults have graduated from high school. Approximately 25 per cent of Kentucky's children are not in school.

In Floyd county there are only 17.7 per cent of the children not enrolled in our public schools. The State Department of Education has established 25 major reasons why these children can not be enrolled. Of 2,000 in this county, the number one cause is that we have 907 not yet seven years of age; 793 have passed the compulsory school age and quit. Others not enrolled consist of crippled children, blind, married, mentally handicapped, deaf mutes, working permits, etc.

Ohio Officers Here Seeking Stolen Gun; Floyd Man Is Jailed

Gallopis, O., officers enlisted the aid Wednesday, last week, of Sheriff A. B. Meade in locating a gun which had allegedly been stolen from a Gallopis store by T. J. Kendrick, former Lancer man. The officers learned the weapon had been sold by Kendrick to Ben Grace, of Town Branch.

Kendrick was in jail at that time in Gallipolis. A 15-year-old Gallopis boy accused with Kendrick of breaking into the store, accompanied the officers here after admitting participation in the burglary, Sheriff Meade said.

WHAT A RELIEF

From Rheumatic Muscle Pain!

Now you can get quick-action, temporary relief from local superficial pains of rheumatism, lumbago, neuritis, neuralgia, sciatica, arthritis as well as fatigue and muscular aches and pains of simple colds with the new discovery—SUNIN—because SUNIN is based on a new application of a principle. It contains an active modern research drug—methacetylene diolamide, a powerful ingredient to dilate muscles blood when applied at the point of pain. SUNIN provides double action relief: (1) It increases blood supply; (2) allows local, relaxing agents, camphor and menthol and local analgesic to penetrate faster giving quick, temporary relief at the point of pain. In a few minutes you feel the soothing warmth from SUNIN. Then follow blood relief lasting 1 to 3 or more hours. No detrimental danger from SUNIN locally. Not an ordinary rub ointment or salve. SUNIN has a new continuous heat, creamy-white, smooth, easy to apply. Will not stain washable fabrics. Specially formulated in warm water. Money back at your druggist if not satisfied!

*SUNIN is not intended as a cure or treatment of chronic disease. It is to be used only for temporary relief of local superficial pains.

ATLANTA — Authorities reported a 46 per cent rejection of men called in the draft in Georgia, but said the state is filling its monthly quota. The Army observed without comment that the rejection rate in others at Minnesota Mining and Manufacturing Co. was caused by lack of mental standards and nine per cent on physical grounds.

SCHOOL ACCOUNTING REPORT

OF THE
FLOYD COUNTY BOARD OF
EDUCATIONFOR THE
SCHOOL YEAR ENDING JUNE 30, 1950PALMER L. HALL, Superintendent & Secretary,
ADRIAN COLEMAN, Treasurer,
January 29, 1951.
W. W. ROSCH, Supervisor of Accounting, Department of Education.

FLOYD COUNTY SCHOOLS

School Year Ending June 30, 1950

COMMENTS:

The official minutes of the Floyd County Board of Education are typed in the approved minute book of this department and even to be complete. All orders of the Board of Education are numbered and can easily be referred to at a future date. The minutes of the meetings of March 7, March 21, April 4, May 2, May 16, June 6, and June 10 have not been signed for approval by the Chairman of the Board of Education.

The general fund ledger is well kept. The entries are neat and the writing is good. Receipts were supported by the following:
1. Daily check sheets of State receipts furnished by the Division of Finance.
2. Monthly and Annual Reports by the Tax Collector.
3. Bank Statements and Deposit Slips furnished by the Depository Bank.

Disbursements were supported by the following:
1. Canceled checks filed in numerical order.
2. Claims and invoices properly filed. The months of August, December and March were checked and all were present.
3. The approved Order of the Treasurer.
4. The approved Salary Schedule.

Receipts and disbursements are entered monthly, summarized and extended to the consolidation sheet for determination of monthly balances. The Board of Education is operating with two funds, namely, the General Fund and the Teachers' Fund. All operating costs other than teachers' salaries are paid from the General Fund. As of June 30, 1950 the funds were in balance.

It will be noted from Schedule "F" of this report that the Tax Collector owes the Board of Education \$7,629.56 as certified on the Annual Settlement of the Tax Collector.

It will also be noted from Schedule "F-2" that the Floyd County Board of Education had a deficit of \$37,332.09 as of June 30, 1950. The deficit was brought on because litigation prevented the issuance of Revenue Bonds for the purpose of reconstructing the Melvin School. Therefore, some sums had to be spent from the current fund for this construction. The teachers are being paid by the approved salary schedule. In cases where changes are made, arrangements are being secured from the Department of Education.

Teachers' salaries, sick leave and retirement proceeds are being kept in the Superintendent's Office. The Veterans' Institutional On-the-Farm Training Program records are fairly well kept. However, some errors were made. In some instances, incidental expenditures for stamps, etc. were made by the agriculture teacher and the refund was included in the travel check for that particular month. Even though the invoices to support these expenditures were placed, the travel check should be exactly as the claims presented and incidental expenditures should be coded in the proper places. In the future, all claims for incidental expenditures should be approved by the Head Agriculture Teacher but should be paid by the Treasurer from the Special Fund.

Most of the recommendations made in the report of 1948-49 have been met and steps taken to make the proper changes in procedure. The Superintendent and his staff were very helpful during this inspection and audit.

W. W. ROSCH, Supervisor of Accounting,
Department of Education.

Floyd County Times, Feb. 22, 1951 — Sec. 2, Page 5

FRANKFORT — U. S. High Commission official said that some of the 100,000 Bohemian jewels have been found in a Frankfort paravault. The jewels, valued unofficially at more than \$1,000,000, disappeared during the Nazi occupation of France.

FRANKFORT, Ky. — Edward L. Alper of Prestobring, was named as a "key" witness in the Knott-Knight County tax cases for which the regular judge, John Chris Cornett, is disqualified from hearing.

SPORTS AFIELD

By TED KESTING

Hunters are often exasperated because deer can hear them but they can't hear the deer. I know a man who did something about it — Red Leckley. He was intrigued by the realization that all around us there is a world of sound which we humans know nothing about. He eavesdropped on that world and had one of the most amazing and exciting outdoor experiences one could hope to have.

A partially deaf acquaintance Red met on the street one day unwittingly put him on the right track. He wore a hearing aid. What would a sound booster of this kind do if he hooked it up to his normal ears?

The idea was so exciting he could hardly wait to get one and take it out into the woods. He built a blind in a section of the northern Wisconsin woods which he knew was well stocked with deer and other wildlife. Then he hid himself with a feeling akin to buck fever and began his first attempt to listen in on nature at home, at work and at play.

The first blasts were a startling experience. Red didn't know whether to duck, to run or just sit tight and pray. There were creakings and growlings, rustling, a sound of distant feet running at full speed. There was an ominous swishing and a clack, clack, clack.

The clack he eventually identified as his watch. The swish took awhile, but finally he noticed a crow was calmly flapping his way overhead, well above tree top altitude. Do you see, now how the approach of a crow or hawk does not often go unnoticed by other creatures, with their sensitive and trained hearing?

Once Red spotted a weasel, whose camouflage was nearly perfect. He then learned his sound, which from then on had a positively identifiable character. Presently he was shown undeniable proof that the sound was readily audible to other ears. A woods mouse suddenly darted from beneath a bunch of grass while the weasel was still several feet from it. The squeaking of the mouse in its terror was plainly brought in through the hearing aid, as was the sound of its running on the crusted snow.

Red has been listening to the sound of various ducks in flight. He can now actually identify a few species at some distance, just by listening to the particular sound of their wings!

So here is a whole new world for the sportsman and amateur naturalist—respectable eavesdropping on Nature.

Miss Allen on Dean's List At Lindenwood College

Miss Polly Allen has won a place on the Dean's Honor Roll of Lindenwood College on the basis of the record she made in her classes the first semester. She was one of 21 students in the Senior class to win this recognition, which is regarded as one of the highest honors at the college.

Miss Allen is the daughter of Mr. and Mrs. Edward L. Allen, of Prestonsburg.

LOUISVILLE — The FBI announced that a man long sought on charges that he brought stolen automobiles into Kentucky had admitted theft of \$120,000 worth of cars since 1947. Fred Hallford, special agent said the man, Anthony Ulrich Hollerman, 46, was arrested in Tiffin, Ohio.

NOTICE

All persons who have bills or claims to be paid by the Floyd County Board of Education will please take note that, pursuant to a recently enacted order of the Board, it will be necessary that bills and claims be in the Superintendent's office at least six days prior to the date of the Board meeting if it is to be ordered paid at that meeting. The Board meets on the first Tuesday of each month. This order does not apply to salaries of employees nor to salaries furnished to school buses. All bills must be in, however, by the date of the Board meeting. I trust that creditors of the Board will keep this in mind and that this requirement will not inconvenience them too much. I shall make every effort to see that our policy of paying all bills due each month is continued, subject to limitations which the above mentioned order may impose.

BETSY LAYNE WOMAN'S CLUB

Mrs. R. L. Anderson was hostess to the Betsy Layne Woman's Club February 14th. The program, "Women in the Headlines," was directed by Miss Alice Williams, who opened the program with a short talk on women's power in politics and the six most admired women of 1950.

A list of the ten best dressed women was read and a picture of four of these women was passed around for each member to see Mrs. T. J. Chandler gave an informal talk on Mrs. Eleanor Roosevelt, the most powerful and famous woman in the country. Next, Mrs. Beecher Hardwick presented a report on Mrs. Eugenie Anderson, our Ambassador to Denmark and our first woman ambassador. Miss Williams followed with a brief discussion of Mrs. Perte Mesta, Minister to Luxembourg.

Mrs. Glenn Blackburn gave a brief history of Tallulah Bankhead, the actress of great fame. The program would have hardly been complete without a word about Queen Elizabeth of England and Mrs. Edward Lykins gave a brief review of her life. Another of our famous women in politics is Margaret Chase Smith, Senator from Maine. Mrs. Arthur Van Kammen gave an interesting outline of her political life and influence. Mrs. W. P. Howell gave an account of another woman in politics, Anna M. Rosenberg, who holds the top level job of Assistant Secretary of Defense. Miss Williams read a short article in which was brought out the fact that women can win their right for an actual voice in how our government is to be run. The program was concluded by the reading of "The American Woman—As Others See Them," an article made up of famous people's ideas of the American woman. Pictures of the seven women in the headlines discussed during the evening were passed around to the members.

Mrs. Williams presided at the business session. The treasurer reported on the financial condition of the club. Cards announcing candidates for officers of the Kentucky Federation of Women's Clubs were read. Donations to the Heart Fund and the Kentucky Society for Crippled Children, were approved. A card of thanks from the March of Dimes chairman was shown. It was decided to write Governor Wetherby, telling him that the club wants Kentucky to have safer highways, better traffic laws, strictly enforced and an intensive safety program for homes, schools and industry.

It was voted to have a silver tea, Friday, March 2, for the benefit of the Mrs. M. Club fire department campaign. At the close of the business session, a salad plate in the Valentine motif was served the following: Mesdames T. J. Chandler, G. J. Williams, W. P. Howell, Edward Lykins, C. H. Dickinson, Beecher Hardwick, Glenn Blackburn, Arthur Van Kammen, Miss Alice Williams and the hostess Mrs. Anderson and the Rev. Anderson.

CHARLESTON — C. W. Boyd, 85, prominent Negro educator and civic leader, died at his home following a brief illness.

Sports Car Offers Power, Style, Beauty

Fast, low and racy, Nash Motors' new 1951 Nash Healey is a 2-passenger sports car featuring latest automotive engineering advance and European styling. Powered by the equally new "Dual Jetter" Ambassador engine, the low slung automobile stands 36 inches from road to hood top. Highly distinctive front end appearance is achieved by clean functional design with a broad low hood and car-long horizontal body lines that flow gracefully from front to rear. It has an estimated speed of 125 mph. Production will be limited, according to Nash Motors. The Nash Healey represents the combined skills of Nash Motors, U. S. A., and the Donald Healey Company of Warwick, England.

The Ladies Club met at the home of Mr. and Mrs. Thomas Patrick Tuesday evening for a Valentine party. Housewifery was invited, so business and sewing were left until the next meeting, and everyone joined in making this one of the nicest parties we've ever had. Mrs. Howard Ramsey led the devotionals which was followed by a round table discussion of "The Church and What It Means to Me." Several games were played, with all members participating. There were many more and aching sides after "Winch Joshua." Gifts were exchanged before refreshments decorated in the Valentine motif were served. The party ended with the singing of hymns.

Jackie Webb, of Selin, Ind., was visiting relatives here last week. Mr. and Mrs. George E. Allen and Percy Jo Vaughn attended a surprise party for Lucille Ryan, Saturday night, at the home of John Henry Osborne, Martin.

Mr. and Mrs. Charles Timine and Mrs. Amy Begley were shopping in Hazard Thursday.

Traveler Joe May is the Beaver Valley hospital.

Miss Charlotte Maggard entertained a few of her friends Friday night at her home with a Valentine party. They played games and afterwards refreshments were served to the following: Gwendolyn Gibson, Quanda Martin, Gloria Osborne, Cleffie Patton, Kenneth and Kermit Turner, Corkey Patton, Johnny Prater, Bill Martin and Eugene Caudill.

Mrs. Carlton Wrightson, of Estill, Governor of the Seventh district of Kentucky Federated Women's Clubs, was guest-speaker for the November Mothers' Club Thursday evening in the home of Mrs. Frank Stewart. She brought a deeply spiritual message on "Putting First Things First."

Mrs. T. J. Webb has been confined to her home with flu for the past week.

Mr. and Mrs. Joe Begley and children, of Blackey, spent Sunday with his mother, Mrs. Amy Begley.

Mrs. Roger Stewart gave a Valentine party for her daughter, Ann, Wednesday night. Many games were played and refreshments were served to Ricky Turner, Morris Maggari, Glenn Ramsey, Jimmy Hobson, Bourbon Thompson, Allen Hagan, Calmar Hix, Lee Edward Cawdill, Delmer Thompson, Bob Collins, Alvin Lafayette, Justin Turner, Paul Maggard, Glenda Rave Patton, Perry Sue Allen, Anna May Patton, Linda June May, Davis Ann Maggard, Patsy Sue Patton, Emogene Stone, and Sandra Timine.

Several members of the MYP attended the sub-district meeting at Salisbury Monday night.

Sunday School attendance last Sunday was 132. Attendance the preceding Sunday was 128. Everyone is invited to attend Sunday School, church services, and the mid-week prayer services.

TIDBITS OF KENTUCKY FOLKLORE

By GORDON WILSON, Ph.D.

OUR KINDRED

Some people are so proud of ignorance as to believe such nonsense about them. Many a person has "told me off," very politely, of course, for assuming that anybody but the most ignorant and the unwashed could possibly believe some of the stuff that I write or talk about. Usually I have kept my sanity and soon brought that very person to see how this is the veriest of civilization that even the best of us, the most bookish, the most endowed with wealth have some of my tests are crude but I like to think them intelligent. When taboos are scorned and many a taboo seems idiotic except to the ones who practice it, I ask the sooner to come to my house to a crowd dinner or a barbecue, when fresh young stunk in sufficient quantities will be served as meat. Or I ask the highly civilized one to join me on a camping trip in dense forest where some old neglected graveyard will be right at us or beneath the tent itself. Or I ask the one who is a hunter to take me to the woods and see whether there is any change in the behavior of the hunter when he is alone. Or I ask the one who is a hunter to take me to the woods and see whether there is any change in the behavior of the hunter when he is alone. Or I ask the one who is a hunter to take me to the woods and see whether there is any change in the behavior of the hunter when he is alone.

MERCURY is a smart investment
today—and for years to come!

1951

MERCURY

For the deal of your life!

SWEET, LOW, AND GRACEFUL — the new 1951 Mercury is designed to stay in style! And its husky, V-type, 8-cylinder, "Hi-Power Compression" engine delivers long, dependable service. Mercury handles easily in the heaviest traffic and tightest parking. There's a wealth of room inside, too. It's surely smart to put your money in a 1951 model—check the records for long life, steady economy, and high resale potential and you'll see why Mercury is today's smart buy!

For "the drive of your life" Mercury now proudly makes available a triple choice in transmissions. Merc-O-Matic Drive, the new simpler, smoother, more efficient automatic transmission—or Thrifty Touch-Shift Overdrive are optional at extra cost. There's also Silent-Ease synchronized standard transmission.
