PEACE BOND IS SETTLED

Blackburns Pay \$700, Believed First Such Case in This County

What is believed to have been the first court action instituted in this county to collect on a peace bond was concluded Wednesday morning when the defendant, Bennie Blackburn, and his father, Frank Blackburn, his surety, signed an agreed order in circuit court to pay the bond.

For settlement the Blackburns will pay \$700 instead of the full \$1,000 amount of the bond. Court costs amounted to \$25, since depositions were taken in the case.

Blackburn had been placed under peace bond after his conviction on a charge of kidnapping. After that he was arrested and fined on the same sort of violation in Floyd county. It was alleged in the suit filed by Commonwealth's Attorney Burnis Martin.

The prosecutor has also filed an appeal from the Floyd County Circuit Court's order granting Mrs. Bennie Blackburn, wife of Bennie Blackburn, a rehearing. The appeal was filed in the circuit court Friday.

Reviewing the action he took in the peace bond case, Martin said he expects to follow the same procedure in other cases where bonds of that sort are violated. "Just show me one and see," he told Blackburn, "and I'll see to it that you get the bond that is agreed to settle out of the case at a quick reduction because he felt a quick refund would have more effect, surmising that it might not be so effective in the case of a bond that would have to be dragged over a period of a year or longer on appeal."

P'BURG NEARS BLOOD QUOTA

144 Firms Given Here Last Wednesday Night For the Week's Work

The Red Cross mobile unit from Huntington last Wednesday during its visit to Prestonsburg received a contribution of 144 firms, the highest contribution of half a dozen communities visited in Kentucky and West Virginia during the week.

The nearest approach to the showing made here was that of Logan, W. Va., which gave 107 points. Results of the visit were highly gratifying, bloodmobile workers told those who prepared for the visit and who helped during the day.

Next Floyd visit of the bloodmobile will be to Wheelwright on June 9, and blood program leaders there are hopeful of making the record recently established on previous visits.

One Cliff man, Jack Muck, gave more than 100 points Wednesday, the seventh time, and these nine men and men were blood donors for the fourth time: Sallie Spradly and Mrs. Olin M. Spradly, both of the city; Harry Sandberg, Harry Ranier, Betty Noss, Mrs. Eva Hyden, Arthur Haywood and Mrs. E. L. Hill, all of Prestonsburg; and Everett LeMaster, Drake. The Sandy Valley Motorcycle Club supplied six donors from its membership.

THURSDAY

PARTY SLATES MEETING HERE TO SELECT 44

Democratic Gathering To Select Delegates; Barkley Boom Starts

Tax Commissioner Clive Aker, chairman of the Democratic party in Floyd county, this week called a mass meeting of Democrats at the courthouse here Saturday morning at 10 o'clock to select delegates from this county to the district and state conventions which will be held in Louisville, May 27.

Although no prearranged statement was made by party leaders, the meeting here is expected to join a burgeoning "favorite son" boom for Vice-President Barkley to be named Democratic Presidential nominee.

Floyd county is allotted 44 delegates to the district and state conventions, the delegate quota being determined on the basis of one delegate to each 200 Democratic voters cast in the last Presidential election. The seventh district delegation is made up of 44 delegates, which is entitled to 57 delegates, leading Floyd in convention strength.

The number of delegates each of the other counties of the seventh district will send to Louisville follows: Breathitt, 16; Elliott, 10; Johnson, 12; Knott, 23; Lee, 5; Letcher, 24; Magoffin, 11; Martin, 5; Morgan, 17; Perry, 28; Wolfe, 10.

PAY ORDERS FOR \$100,000

Reach Office Here To Aid Unemployed Of 4-County Area

The largest batch of pay order cards ever to arrive at any one time in the Prestonsburg office of the Department of Economic Security was opened by Glenn Anderson, local manager of the office, Wednesday. The cards represented approximately \$100,000 in potential benefit payments to unemployed. Anderson said the cards were the result of the unemployment trend in the area represented by the four counties of Floyd, Magoffin, Johnson and Martin, which began an upward climb several weeks ago.

April of this year saw benefit checks paid to 1,200 unemployed, an estimated average payment of \$7.75. There were 780 initial claims filed, of which 780 were chargeable to the reserve funds of Kentucky employers. Ninety-one of the initial claims were accepted; the reserve funds of employers in other states.

The financial service set up by the Prestonsburg office to sit at wayland and other places in the county as a measure of assistance to unemployed will be extended to the other place on Left Beaver (other claim companies or local union make a building or office available, according to Mr. Anderson).

Recent lay-offs in this area include two mines engaged in a labor dispute. They are the Liberty Eick (See Story No. 6, Page 2)

COUNTY SEES ROAD RELIEF

Listing of Some Roads As Secondary Highways Eases Maintenance Job

Acceptance of three major rural roads and several other routes into the state secondary road system will relieve Floyd county this year of some of its road maintenance job and permit available funds and materials to be used on other highways. It was pointed out here this week by county officials.

Longest of these routes is the road from Harold up Big Mud Creek and across to Hi Hat on Left Beaver, a distance of approximately 18 miles. Not only this road has been accepted by the state, the bridge across at Henry Branch will be the state's charge to keep.

Two other major rural routes also accepted are the Wayland to Sizemore road of about six miles and the upwards of eight miles road from Caney Fork of Middle Creek, across the mountain and down Stephens Branch.

Other roads to be state-maintained as secondary routes were listed as one mile of the Drift-Martin Branch route, one mile at McGowan, two and a half miles of Cow Creek, one mile of Steele's Creek. The fiscal year ending September 30, 1951, the annual road contract with the state, thus qualifying for its \$20,000 share of the rural road program.

TWO SOUGHT IN BURGLARY

Officer Says Taxicab Used in Flight; Other Breaks Are Made Here

The cab owned by Bennie Branch was found abandoned on Mt. Mountain, Wednesday morning, after its gasoline supply had been exhausted. Officers said the theft of Adis Frater's auto, located nearby, followed abandonment of the taxicab.

Wednesday night, a two-ton truck was stolen from the car lot of the Messie Mott Company here and was found this morning off U. S. 25 in a garbage dump, above Allen. Four Fredsburg business places were broken into during the night, three in the vicinity of the Court street and Mayo Trail traffic light where the "railer" is stationed much of the time. Money apparently was the object of these break-ins, and the burglars got little. They passed up all other items. Places entered were Sammons' Radio Shop, Hulsberg's Shoe Shop, Miller's Store and The Floyd County Times.

Nobody had been arrested this morning (Thursday).

Two Fredsburg men whose burglary attempt was thwarted by Police Officer "Doc" Gilliam Monday night are wanted for car theft as well as for the attempted break-in. The two identified by the officer as Steve Smith and Marion Hatfield, who had employed Hatfield as driver, and their whereabouts had not been learned at noon Wednesday.

One Floyd Contention Sent To Asylum Every 2 Weeks

Review of the lunacy hearings had, or waived, in this county discloses that a Floyd contention was committed to a mental institution at least every other week during the last 12 months.

Agnes of the patients had, however, to uncover any such situation as was found where aged men and women have been committed to mental hospitals, though not usually to relieve their kind of the responsibility of caring for them to permit relatives to gain control of the property.

The average age of 26 persons committed to the Eastern State hospital at Lexington, beginning with May 15, 1951 and ending with May 14, this year, is 42. Ages of two were 13 and 14.

MARTIN MAN, SON KILLED

As Aerial Hits Wire; Victim Was Secretary Of Board of Education

David Henley, 41, secretary of the Mayor's civil board of education and his 18-year-old son, Eugene, were killed instantly last Monday when the television aerial they were erecting struck a high-tension wire.

Willie Collier, about 51, who was helping the Henleys, was burned on the legs and face.

Everett Kirk, fishing in a stream on the Henley farm at Pleasant, was also injured. He said he heard what sounded like a pistol shot. He said he saw a streak of flame like lightning run across the sky and saw the Henleys fall.

The accident disrupted electric service to Warfield and Inez for almost three hours.

Young Henley, a basketball player at Warfield high school, was to have entered Marshall College at Huntington, W. Va., this fall.

Stanley Arthur Lawson Is Victim of Cancer At Louisville Hospital

Stanley Arthur Lawson, age 3, died at St. Joseph's Infirmary, Louisville, at 11:45 a.m. Saturday, May 17, of cancer of the eye. He was a son of Willie and Ora Beatrice Hall, both at home.

Surviving, besides the parents, are the following brothers and sisters: Norval L. Lawson and Hilda L. Lawson, both at home.

COUNCIL HITS LOTION SALE TO DRINKERS

Promises Indictment Of Dealers; Inquiry On Plant Cost Asked

Prestonsburg City Council expressed its disapproval of the sale of "skin lotion" to persons who are under the influence of alcohol. The council also asked for an inquiry into the cost of the lotion.

After hearing from police state-ment to the effect that these lotion containers had been bootlegged, the council ordered that anyone who is found selling lotion to persons who are under the influence of alcohol be prosecuted.

It was pointed out that some dealers are remaining open on Saturday and making sales of lotions and other products of the sort. The council decided to do everything possible to stop such operations.

The council also asked that the sale of these skin lotions, but we do not want to stop this business of selling them for drinking purposes. The council also asked for an inquiry into the cost of the lotion.

After the Council had studied the reports submitted recently by an engineering firm on the cost of a water supply plant and other improvements and had decided these were reasonable, Mayor Clark called Councilmen C. H. Cobbin, J. J. Goble and Wm. O. Goble to inquire to get within on a water supply plant.

With Pacific Airlift

Honolulu, Hawaii—Curtis George, aviation machinist's mate second class, U.S.N., husband of the former Miss Hani Damon, who is the daughter of Mr. and Mrs. James Damon, of Ivel, Ky., recently arrived here for duty with Navy Air Transport Squadron Eight, stationed at Hickam Air Force base.

VR-8, attached to the Pacific Division of the Military Air Transport Service, is currently engaged in the Pacific airlift to Korea. Priority personnel and vital supplies are being flown to bases throughout the Pacific in Navy R3D Skymasters. Return flights often carry a more precious cargo, Korean casualties homebound.

Machinist's Mate George was stationed at the Naval Air Station, Pensacola, Fla., prior to his assignment to the Hawaiian based VR-8. The squadron, commanded by Capt. B. M. Stream, was recently awarded the Division Flying Safety Trophy for the third straight time and the sixth time since the award has been in existence. VR-8 has not had a fatal flying accident in over five years and only last year compiled a total of over 26,000 accident-free flying hours.

Floyd Man's Brother Dies Sunday of Burns After Wreck of Train

Cecil Carter Blackburn, 33-year-old Virginian Railroad fireman and a brother of Edgell Blackburn, of Wheelwright, died Sunday in a Beckley, W. Va., hospital of burns received when his locomotive wrecked and plunged into a stream near Pineville, W. Va.

The locomotive tender and seven cars of the coal train left the rails Saturday night in what officials described as the first fatal train mishap on the Virginian since 1936. Engineer Emmett P. Christian, 38, of Princeton, and Jack Frank, 24, of Mullens, head-end brakeman, both re-entered hospitals Sunday at the suggestion of Virginian officials.

Mr. Blackburn had lived at Mullens for 12 years. A native of Louisiana Route 1, he was a son of Andy and Ellen Currutte Blackburn. Surviving in addition to the parents are the widow, Mrs. Ruby Kellier Blackburn, eight sisters, three brothers, a half-sister and two half-brothers.

THE ANSWER

A voter have been able to master these legal terms, either. Several months ago, an esteemed citizen visited the Circuit Clerk's office here after learning he had been sued. "But I paid that debt," he remonstrated.

The office attendant agreed that was probably correct. "But you'll have to answer the suit," he told the somewhat indignant defendant. "That's right," was the reply, "and I God, I'm answerin' 'er right now. I dont owe that So-and-so a derned cent!"

SALE OF DOGS

If you've never attended a "dog sale" you can't imagine what you've missed.

"Dogs" in the merchant's language are items of merchandise that the customers didn't want or didn't buy, and have been around the store too long for their own good. Dogs are merchandise under our feet. We've dug up some elderly dogs for clearance during this Dog Sale at low prices. We're probably selling you more than you'd like to know about them. If you don't want them for yourself, buy them anyway. You can always give them to somebody you're not very fond of. Fortunately, quantities, in most cases, are very limited.

Johnson, of the Soil Conservation Service in Floyd County, Herman Gilliam, soil conservationist, Mr. Johnson, and the landowner, J. B. Clarke, were engaged in a serious day's work. It would serve to demonstrate and start a forest management program on the farm.

Green says: "Mr. Clarke has 50 acres of woodland area which he is starting improvement. On 30 acres of north to east slopes the yellow poplar will be thinned. Many old beech will be barked or killed to encourage the regeneration of yellow poplar. On such sites yellow poplar can produce up to 1,000 board feet per acre each year under proper management.

"On 20 acres of southwest slopes the hard pine stand of mixed oaks and hickory will be interplanted with yellow pine. On such sites yellow pine can produce close to 500 board feet per acre each year under proper management.

They moved on to another tree that stood in a thick growth of young poplar. It was a yellow poplar about six inches in diameter they called it a "weed" tree. The poplar was a kind of a wood decay pole. It had a protruding rot of about one inch in diameter at the top. If a tree was struck with this axe head a round chip of wood burst through the cylinder and came out the head side. A hole was thus made in the side of the tree. In this hole Ammate or another chemical referred to as 2,4,5-T was squirted with a small hand sprayer. The "weed" would die.

Green continues: "We are using chemicals to keep undesirable trees from the young poplar stand. Chemicals are useful to remove undesirable trees that cannot be marketed profitably. The U.S. Forest Service has used both Ammate and 2,4,5-T successfully in the Deep South. Mr. Clarke, supervisor of the Floyd County Soil Conservation district, is cooperating with the S.C.S. in making these local tests of the effectiveness of this chemical control.

Marking trees for cutting when they are ripe or mature is done by the use of a small spray gun. It is easier than using an axe and is fast. The marker works through the trees and if one is ready for harvest a spray of paint is thrown on the tree, effectively marking it.

"Thinning trees is a matter some of mathematical calculation. For so little a harvest the rule of thumb call D plus 6 is often used. For example, the diameter at breast height of a healthy tree is 10 inches and the diameter of the other

healthy tree is six inches. Added together and divided by two, the average diameter of the two trees is 8 inches; 8 inches is considered as 8 feet, plus 6, equals 14 feet, the proper spacing between crop trees of this size.

Forestry is a scientific work carried on by men with years of training and education behind them. Green, working out of the Lexington office, is a native of Pennsylvania but came to Kentucky in 1933, the date of the passage of the Federal Soil Conservation Act. He has worked out of Corbin, Paducah and other places in the state. In the fellowship of the woodland labor, his associates called him Gene.

A. B. Rogers is a native of Tennessee, stationed at Hazard, and is district conservationist over several counties of which Floyd is one.

He is the immediate superior of L. R. Johnson, Floyd county soil conservation district expert. He advises: "Floyd county landowners may contact Johnson on their forestry problems. If necessary, he can secure the services of a forester."

There was talk of harvesting in the decades to come. "My children will harvest it," said Clarke. That attitude was far from that of our early progenitors who were "not anxious for tomorrow, for tomorrow would be anxious for itself." After the execution of the "weed" tree, the group sat around to discuss the history of timbering and logging in the valley.

It was a long time ago when the first depopulation of forests began by the senseless waste of the settler and logger. Comparably, it was only yesterday that serious attention was focused upon the need for scientific care of the remaining woodland. It began at a late hour indeed. M. A. Matton, an Appalachian pioneer, says of our forests when exploitation began: "The big forest still stood in its silent grandeur, however, for there had been only a nibbling at its edges or a little hole here and there caused for pasture or a deadening in which to grow corn for the family at the head of a creek. It was an immensely rich timber world that contained the finest hardwood that ever stood; a country of endless beauty, one in which its isolated folk passed on to their descendants of today words and songs little changed from those of Elizabethan England.

"During and after the Civil War, the railroads began to string the little villages together. Railroads crept up the valleys slowly in search of the almost unlimited supplies of coal. As the little engines roared over the slender rails, the whistle whirled of approaching doom. With assured rail shipment to the outside where an expanding nation demanded and got what it needed, the stage was set for the coming of the big sawmills into the mountains. They came slowly at first and then with railroads of their own, like locusts. Handsome timber in increasing amounts fell to the axe but there always seemed to be more. Sawmills towns sprang up in their temporary usefulness, thrived and vanished as the cutting moved on. Fire raged on the heels of the loggers and devastation over large areas was certain.

"When Europe burst into the horror of warfare in 1914 demands on the forests mounted and cutting saw no letup. So the large sawmills, accompanied by many little sawmills, marched across the face of the remaining Appalachian wilderness and its big timber disappeared. Today, after the second World War, a host of little mills is picking up the scraps and eating into thirty young timber that will be needed in the future."

So after this long record of senseless waste the little group of men, vanguards of forest preservation and management, were at work on the Clarke farm. It was one of the very few feeble efforts in Floyd county and the serious work was in realization that the hour was late.

In Clark county, 254 boys and 24 girls are enrolled in 4-H club agricultural projects.

The Verda, 4-H Club in Harlan county fenced the school lawn and sowed it to grass.

and repairing to be the responsibility of the fiscal court.
Survey and right-of-way work is now under way on the Prater Creek-to-Harold road, construction of which is assured out of the two-cent gasoline tax fund. Another road, route from Magdlin county down Raccoon Fork of Salt Lick and thence to Knott county, is ready for the contractor, County Judge Henry Stumbo said. All right-of-way has either been purchased or condemned.

The rural highway department, it was said, will maintain the road from U.S. 23 at Lascor to the Brandy Keg boat dock on Dewey Lake and this year will at least give it sufficient surfacing to ally the dust and render it smooth.

Added to the rural road program were the access roads to the Stratton Branch on the lake, the road from the mouth of Home Branch to the Buffalo bridge and from there to the Pike county line, and sectors of highway of approximately one-half mile each on Spruck and Rough and Tough.

Men 72; Wife 69 Ailing for Years —Now Back on Job

An old couple, living on the farm made the statement a few days ago that for years they hadn't known what it was to be free from pain. The man said that his back and legs would ache so much that he would groan and rasp for breath. He said that everything he would eat would be on his stomach and caused many blisters. His wife said that he had headaches, was weak, felt worn out and terribly nervous so that she couldn't sleep. They said after moving about New HI-VITA Tonic and trying it that they never would believe that HI-VITA could help them both so much. At present they are healthy and happy couple relieved of their suffering and busy at their chores on the farm, altogether different folks. HI-VITA Tonic is the new mixture of nature's vital juices combined with blood building iron and nerve-strengthening vitamins B-1, B-2, B-6 and Nicotin. It has brought blessed relief to many people who had never been really helped before by any medicine. Taken shortly before meals it mixes with your food and aids digestion "thus eliminating gas and bloating." Don't go on suffering, get New HI-VITA Tonic at W. A. ROSE DRUG STORE.

In Rockcastle-Southern Madison counties, 142 farmers are enrolled in the Green Pasture program, a large number sowing Knapweed clover in pasture mixtures, notes Robert P. Spencer, UK county agent.

Bessie Delong Goble Dies at Davella Home, Victim of Long Illness

Bessie Delong Goble, 55 years old, of Davella, Ky., died at her home May 8 after an illness of several years.

Born Feb. 24, 1877 at Davella, she was the daughter of Marion and Mahala Patton Delong. She was a member of the Church of Christ.

She is survived by her husband, Isaac Goble, her mother, Mrs. Mahala Delong, of Portsmouth, O., and the following children: Lindsay, Ira, Cecil, Elza, Ernest, Russell, George and Nathan, all of Davella; Mrs. Minnie Hill, Prestonsburg; Mrs. Sarah Sward, Portsmouth, O.; Mrs. Curt Crabtree, Lucasville, O.; Lou Emma and Fanny Goble, both of Davella.

She is also survived by the following brothers: Lacy Delong and Jeff Delong, both of Lucasville, O.; and Thomas and George Delong, of Portsmouth Ohio.

Funeral services were held at the home Saturday, May 10, at 1:30 p.m. Burial was in the Goble cemetery at Davella under direction of the Richmond-Callahan Funeral Home.

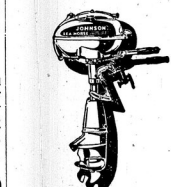

RETURN TO MISSOURI

Mr. and Mrs. Al Wolfe were called here last week by the death of her uncle, J. M. Weddington. They returned to their home at Cassville, Mo., Saturday. While here they were guests of Judge and Mrs. Richard Feller.

CARD OF THANKS

We wish to express our sincere thanks to the numerous friends of Miss Wireman, our relative, for their many kindnesses to him during his short illness, and at the time of his death. Especially do we thank Dr. G. D. Callahan and Dr. H. Stratton, the nurses at Our Lady of the Way hospital staff for their untiring attention to Mike while he was in the hospital, and other numerous friends who called, the Rev. Arnold Funeral Home, Rev. Alex Stephens, Rev. O. M. Haggard, Mrs. E. R. Burke and the choir. The floral tributes from friends were greatly appreciated.—The Neely Family.

I'm an M.P. Boy, you should see me in my uniform. I sure look sharp." Don Kohl writes from San Francisco: "This month makes a year for Larry Gene and me in this Leather-neck outfit. Boy, has the time really gone fast! Seems as though it were only yesterday when we met in Louisville." Billy Stith writes from Sheppard Air Force Base: "Listen, pal, you can bet your life when I come home again that will be the first place I come to. I'm sorry I didn't when I was home Christmas. I really had very little time." Harry Gene Prefratish writes from Hawaii: "The damn mail is all fouled up again. No one will get any for a few days. See what I mean about the navy? I'll half-kill that mail clerk if I get my hands on him." A. J. Fosse Frazier writes from Texas: "So Brownie is going to have puppies. I think it's about time. If I were home I'd get rid of them for you, eh, ch, eh you know how, don't you? or do you have them promised. Old cold-hearted met! I'm the kind of guy that pushes little kids into the water." Pfc. Jack Ward writes from England: "Say, you'd better have bottles of beer on ice. It's been so long since I've had a bottle of state-side beer. This P.X. stuff is no good."

CHRYSLER SARATOGA 6-PASSENGER SEDAN

IT'S NEW KIND OF HORSEPOWER IS SOMETHING TO FEEL!

With its 160 HP V-8 engine, on 125½ inches of wheelbase, many people think the Saratoga is the best Chrysler car of all. We invite you to take the wheel and feel what happens! There's a new sense of easy power, of reserve power that make driving a new experience. Its revolutionary combustion chamber develops more of the power in each charge of fuel than other engines can do. One result is performance, even on non-premium fuel, such as you have never felt. Another result is new economy. It's an engine that scarcely forms carbon at all. It creates less heat. It will last much longer, stay younger on the way! And with Chrysler full-time Power Steering, you steer with one-fifth the usual effort... drive with five times the usual control! With Power Brakes you need up to two-thirds less foot pressure... and still stop in many feet less than other cars can do.

Yes, behind Chrysler's new engine you'll find a new kind of car. Won't you come in and feel what we mean?

*NOTE: Power Steering optional on Chrysler Imperial. Available, extra, on any Chrysler.

BETSY LAYNE

WOMAN'S CLUB MEETS

The Betsy Layne Woman's Club held its regular monthly meeting, May 13, at the home of Mrs. Glenn Blackburn. The program was under the direction of Mrs. Jesse Elliott, with the topic being "Character Education." Mrs. Elliott read a condemnation of "How to Win Friends and Influence People." An entertaining feature of the program was a "Humility Contest." As each member entered they were presented five ribbons, and when another member detected a fellow-member using the word "I," a ribbon had to be given up. The objective was to have as many ribbons as possible at the conclusion of the program. Mrs. Alex Davis was the winner, accumulating 13 ribbons, and she received a hand-crocheted pillow cushion as prize.

Mrs. Beecher Hardwick, president, presided at the business session. Mrs. Arthur Van Kammen opened this portion of the meeting. Mrs. Hardwick then presented a history of the Club Collect, written by Mary Stewart in 1904, when she was principal of a high school in Longmont, Colorado. Mrs. Hardwick reported that Mrs. O. J. Williams, the delegate from the club, was attending the General Federation of Women's Clubs National Convention in Minneapolis this week. The official call to the Kentucky Federation of Women's Clubs 57th annual convention to be held in Cincinnati-Covington, June 4, 5, 6, was read. Mrs. T. J. Chandler and Miss Alice Williams were named delegates with Mrs. Glenn Blackburn alternate. Mrs. Hardwick will attend the convention, along with Mrs. Williams.

These resolutions to be voted upon at the convention were read by Mrs. Hardwick: tax exemption for medical care, national morality and intolerance. These resolutions were read in order that the delegates might vote intelligently upon these issues. A report on the Cancer drive show was given and Mrs. Hardwick expressed her thanks to the following committees who assisted her with the show: Publicity, Mrs. O. J. Williams, Miss Williams, and Mrs. Elliott; tickets, Mrs. Blackburn, Mrs. Edward Lykins and Miss Williams. An appeal was made to the members to help with the Bloodmobile unit when it next visits the county.

Mrs. Blackburn reported on the progress made to date with the organization of a Brownie Girl Scout troop. The troop has been organized and sponsored by the club, with Mrs. Blackburn, leader, and Mrs. Lykins as assistant. The Scout committee was appointed as follows: Mrs. Hardwick, chairman, Mrs. R. L. Anderson and Mrs. Elliott. Mrs. Blackburn concluded the report by suggesting ways that parents can help the Girl Scout troop have a successful program. A special meeting of the press and publicity committee was called for next week.

Mrs. Hardwick concluded the meeting by reporting on the tea given by the Lackey-Garrett Woman's Club Saturday, May 10. Mrs. Hardwick, Mrs. T. J. Chandler, Mrs. Edward Lykins and Miss Williams attended. A dessert plate was served to the following members: Mrs. Elliott, W. P. Howell, Arthur Van Kammen, Beecher Hardwick, T. J. Chandler, Alex Davis, R. L. Anderson, Miss Alice Williams and Mrs. Blackburn, the hostess.

The next regular meeting will be Thursday night, June 19, at the home of Mrs. O. J. Williams, with Mrs. Arthur Van Kammen as program leader.

MARTIN

STAGE POPPY DAY PARADE

The Women's Auxiliary had its Poppy Day parade here Saturday. The streets were crowded watching the procession. In the lead was the police car, next was the Martin high school band, then the Auxiliary Legion members in uniform, followed by a group of small girls dressed in red and white uniforms, with blue baskets filled with poppies. The women of the Auxiliary followed, dressed in red, white and blue. Last in the parade, the fire truck decorated for the occasion.

Mrs. Hutchinson, chairman of the Auxiliary, and Mrs. Floyd Skaggs and Sgt. Donald Jones rode the truck. Sgt. Jones has been several months in a hospital in Valley Forge, Pa., suffering from wounds received in Korea. He helped make the poppies for the sale.

E. P. Grubbs, mayor of Martin, made a speech, telling why the Auxiliary was selling poppies, and encouraging the dance to be held in the Martin gym, May 24.

Mrs. Grubbs made a short talk, followed by a speech by the president of the Auxiliary, Mrs. Marie Stone. The poppy sale will continue throughout this week and will end at the dance Saturday night.

ABC REPORT MADE

Kentucky's Alcoholic Beverage Control Board paid into the state treasury, in the form of license collections and receipts, approximately four and a half times its outlay during the last fiscal year, State Auditor T. H. Brown Tuesday reported.

Trainers said the Department collected and paid into the state treasury \$162,500, and accounted properly for all funds and spent \$162,500.75 in administration of alcoholic beverage control laws.

Twelve new licenses in Fayette county had sold in March to German-American needs for pasture and tobacco.

Kentucky State Parks Open For Season

Frankfort, Ky., May 16 (Sp.) — Six Kentucky State parks with overnight accommodations officially opened for the season on May 13. Three other parks, Cumberland Falls, Kentucky Dam Village and Falls, Kentucky Dam Village and Kentucky Lake remain open throughout the year.

The parks which just opened, including vacation accommodations and mail addresses are:

Carver Caves, 10 cottages, Olive Hill, General Butler, 18 cottages, Carversburg, Natural Bridge, 19 cottages and 25-room Homelock Lodge, Slader, 10 cottages, Henderson, 10 cottages, Dawson Springs, and Kentucky Riders Forest, 11 cottages, Pineville.

The state charges on all State parks were recently removed by Commissioner of Conservation Henry Ward. He explained that visitors are entitled to the fullest welcome at our parks.

Admission charges at museums in the parks will remain in effect, he said. Receipts from the charges are used in the maintenance and operation of the museums.

In Pulaski county, 221 samples of soil were tested in the first three months of the year, saying farm fertilizer and manure, says Hugh Harts, University of Kentucky county agent.

BEAN BEETLES

There are two kinds of bean beetles that are laid, or about to be laid, thus killing the "cocklebur" brood on the beans until they hatch out. The beetles are round and are eaten through. One dusting on the leaves usually is enough to stop these beetles.

The other kind is the Mexican bean beetle. It is much more serious in that it rears its young on the plants and they, with their young, remain until destruction is complete. The holes are angular, made from the underside of the leaves and are not eaten through. Control material must be put on the leaves underneath.

Three-quarter percent rotenone dust may be used, or a spray made of rotenone concentrate after the "Poncho" rose as the dish flower. Spraying is much more effective and economical than dusting, and inasmuch as a sprayer should be at hand for dubbing tomato blight, here's an opportunity for collecting extra dividends on it.

When the days and nights have gone dependably warm, the egg-laying beetles alight on the bean plants, taking a mouthful of foliage as they go. The gathering strength for laying eggs. The period is about 10 days, and the eggs hatch in from seven to 10 days.

Thus, the first spraying should be given when the first adults are seen. The aim is to cover the leaves underneath so as well as around eggs.

- To visit and inspect dance halls, roadhouses and restaurants at least once each month, and to report his conclusions to County Attorney and Circuit Court Clerk for submission to grand jury.
- Every Sheriff shall, upon request, deliver to the person from whom fees are demanded, or to his agent, an account stating distinctly every item of the demand, and offer to give a receipt for same, before he may make distress therefor.
- Each Sheriff shall keep an accurate account of all fees collected by him from all sources. The clerk issuing the process in a civil case shall keep an accurate account of all fees paid to the Sheriff for the execution thereof, and report the amount to the fiscal court, which shall record it for the purpose of determining the amount of the Sheriff's annual income.

COMPENSATION OF SHERIFF

- The Sheriff shall be allowed by the Department of Revenue, for collecting state taxes, a commission of ten per cent upon the first five thousand dollars and four per cent upon the residue collected or accounted for and paid into the state treasury each year.
- He shall be allowed by the county treasurer, for collecting the county revenue, ten per cent upon the first five thousand dollars collected, and four per cent upon the residue. For the fiscal year ending June 30, 1951, the Sheriff of Floyd county received under this provision the sum of \$9,970.31.
- The Sheriff of Floyd county presently receives 2 1/2 per cent of all school taxes collected in Floyd county. The amount paid the Sheriff of Floyd county for school taxes collected for the fiscal year ending June 30, 1951, was \$11,678.86.
- The exact amount paid the Sheriff by the fiscal court in addition to above is not known, but it is understood to have been approximately \$3,000.00 for the year ending June 30, 1951.

SECTION 246, CONSTITUTION OF KENTUCKY LIMITS MAXIMUM NET INCOME OF SHERIFF FOR ALL OFFICIAL SERVICES, TO \$7,200.00 PER YEAR.

IT'S A GOOD WORLD

BY WILMA

Regardless of how many of us may feel or toll, everyone admits General Eisenhower, if only because he believes the position should seek the man, rather than vice versa. Many in both parties seem to agree because the President at last saw the handwriting on the wall. There is little doubt that America could use a Kefauver to good advantage now, with corruption so rampant, or a Taft, noted for belief in balancing the budget and in national economy. From the standpoint of training and ability, he surpasses Barkley, but it is generally agreed that he and McNamara, either of whom might become compromise candidates, are too old to sacrifice themselves thus.

Pappy day is a good one if only because the girls selling the lovely blossoms are as pretty to the eye as the blossoms themselves. If the Legion's Auxiliary did nothing except provide glasses for needy youngsters, that puts it on the map.

When one reads of the lot Fate handed Mr. Duke Griffith and of his attitude towards life, of his monumental achievement in the face of such difficulties, we lesser mortals who possess whole bodies realize how fortunate we are, even if others abuse, seek to mistreat or violate us. Too often the worst complainants are those with the least to grieve about if only they knew this.

We like best to remember Mr. John C. Hayes, who passed on last Friday as the faithful, untiring Sunday School Superintendent in Maytown, who trudged dreary miles in every type of weather years ago, for years, determined to keep the group alive and growing. His was a never-failing faith, and he was unafraid to stand and express himself against any wrong, if he had to go so all alone. He was charitable and kind but unfalteringly for the right. Of the three laymen who did meet for the little Methodist Church here during the long, lean years, only Uncle George May now remains, and he is nearly 87. Brother Hayes and E. R. Kincaid have gone to their reward.

For years Thomas Patrick has voluntarily headed children from several points to the Maytown Sunday School, donating time and sack. Now he brings them for the little folks' hour regularly. It is a kindness and service whose value cannot be measured in ordinary terms. Such deeds as this make the difference between the active Christian and those who ignore the passage, "Be ye doers of the Word and not hearers only."

Hats off to the Martin men whose quickly raised \$500 for the recent payment due on the town fire truck.

A bouquet to the Floyd County Taxpayers' League, which is making an auspicious beginning, and bias fair to fill a real need. We especially like its plan to endorse no candidates, and to publish audits of county expenditures, etc. Good government has nothing to hide.

It was our privilege recently to enjoy a splendid address and testimony by M. C. Conley, of Paintsville, former filer in World War II, given at the monthly supper for the Baptist Brotherhood in the First Baptist Church, Martin. Mr. Conley has been a Christian only five months but he has an impressive story to tell, and goes before any group seeking his services. Any crowd will be thankful to have heard him. We venture to predict he is one layman who will go places. Incidentally, he is a brother of Bob Conley, who is equally prominent in Mayo Memorial Methodist Church, Paintsville.

After having also heard Delano Conley, of Prestonsburg High, not so long ago deliver one of his now-famous orations, some of us have begun to believe the ability to do public speaking creditably runs in families! Delano, who hails from the East Van Lear Church is the youth who will represent Kentucky Baptists in the Southwide Oratorical Contest in Ridgeway, N. C., in late July. He was present there last year as state runner-up. May luck be kind to him this time.

Speakers Announced

Morehead Regent Board Adopts School's Largest Budget, Says Pres. Spain

The Board of Regents of Morehead State College in its quarterly meeting last week adopted a budget for the 1952-53 fiscal year of \$315,200,000, it was reported by President Charles R. Spain. This budget is the largest in the history of the institution and represents a state appropriation of \$432,000.00. The budget was planned on an anticipated increase of 10 students, although this figure is believed to be conservative.

The Board accepted resignations of J. G. Black, assistant professor of Industrial Arts, Eliza Sue Lowe, fourth grade supervisor in Breckinridge Training School, Mary McCann, machine operator, and Mildred Stanton, assistant professor of Home Economics, Norman Roberts, teacher of industrial arts in the Barrenwood high school, was elected instructor in industrial arts, effective September 1, to replace J. G. Black.

The following additions to the summer staff were approved: Elizabeth L. Dowson, Norfolk, Virginia, drama workshop; Charles Graham, Berea, Education; Lurena Martin, Cabell county, West Virginia, Music; Bess Roberts, Lexington, training school; Elsie Stephens, Prestonsburg, training school; Elizabeth Sutton, Jackson, Education; Norman Tami, Monroe, Georgia, education; Naomi Wilhoit, Lexington, Greenup workshop; Geneva Williams, Lexington, training school, and Roger Wilkins, Jenkins, Education.

The City Council of Morehead on

April 8 passed an ordinance requesting Morehead State College to furnish the water supply and the Board of Regents authorized the drawing of a contract to be presented for approval at the July meeting.

The Board also approved the awarding of degrees to 74 candidates at the May 28 graduation. The bid of the state treasurer on \$25,000 of revenue bonds for the waterworks improvement project was accepted. This sale will complete the two-year project on waterworks improvement.

Attending the meeting were: Wendell P. Butler, chairman of the Board, W. W. Ball, of Mayville, M. K. Eblen, of Hazard, and President Charles R. Spain, J. T. Norris, of Ashland, and E. R. Price, of Wheelwright, were unable to attend.

Wright Juniors Win Over Martin Hi, 4 to 1

Whelan's junior baseball team edged a 4 to 1 victory May 14 in an exhibition game with the district high school champions from Martin as V. Hall pitched two-hit ball.

The junior team was slated to begin its regular schedule of play, Wednesday of the week.

In the game with Martin Hall had a no-hitter, and into that seventh, Martin's Pete Grigsby spoiled his perfect performance, however, in that inning with a single into left field. Gones single followed, scoring Grigsby with the high school's only run.

Both teams played errorless ball. Hall's fine mound work was supported by Wally King, M. Hall and B. Hall who continued their .500 hitting. The losing pitcher was Click.

4-H CLUB WEEK, JUNE 2-7

Evans county in Kentucky is urged to send a 4-H club delegate to Lexington, June 3 to 7, for 4-H Club Week; last year, 118 counties were represented.

MAYTOWN

MRS. HENRY MAY, HOSTESS

The regular monthly meeting of the W.S.C.S. was held in the home of Mrs. Henry May, Tuesday evening, Mrs. Thurnal Click, program leader, opened the program with a talk on "Choose Ye This Day"; and little Bonnie Hopson read the Scripture. Others on the program were: Mesdames Howard Ramsey, Raymond Hopson, Henry May, Roger Turner, George Patton, Thurnal Click and Miss Sandra Sue Patrick.

Mrs. Henry May, president, opened the business meeting by calling on the secretary and treasurer for their reports. Miss Betty May was welcomed as a new member. It was reported that work on the Birth Date Calendar has been completed and that they should be printed and delivered by July 1. There have been approximately 500 names put on the calendar. It was decided not to try to send a delegate to Ashland for the annual meeting of the W.S.C.S. in June; but several members will represent the group at the district meeting which will be held at Louisville on June 6. The group voted to give the Girl Scouts \$5, which will be the May project. Following the business meeting, the hostess served refreshments to the following members: Mesdames Thomas Patrick, Rebecca Hayes, Roger Turner, Edward Robinson, Raymond Hopson, Arnold Cassady, Thurnal Click, M. G. Halbert, Howard Ramsey, George Patton, and Miss Sandra Sue Patrick. Betty May, Bonnie Hopson, Teresa Turner, and during the social hour a story shower was given for Mrs. Edward Robinson who was thoroughly surprised when presented with the many gifts.

CHALMER H. FRAZIER, SECRETARY

The Eighth grade Commencement exercises were held in the high school auditorium Friday evening. Sandra Tinsley delivered the salutatory address and Paul Sue Allen was valedictorian of the class. Others on the program were Glenn Ramsey, Roberta Lou Burchwell, Frank Ruffert, Donald Love, Nina Turner, Glenna Faye Howard, Chalmers Hicks, Jimmy Hopson and Mrs. Thomas Patrick, pianist.

Chalmers H. Frazier, superintendent of Prestonsburg schools, gave the Commencement address. His topic was "A Strong Moral Life," and he stressed that the boys and girls have these four factors in their future life—physical health, mental health, moral loyalty, and spiritual vision.

V. O. Turner, principal, presented the diplomas to the class. Paul Mangard accepted the diploma of

his brother, Morris, which was presented posthumously.

L. B. Price, principal of Wayland high school, gave the Baccalaureate sermon in the Methodist church, Sunday evening. His interesting address was enjoyed by the graduates, attending class and all others.

We extend our sincere sympathy to the family of John C. Hayes. He will be greatly missed, especially by the members of the Methodist Church of which he was a strong supporter.

The bus, which was recently purchased by the Boy Scouts and the church, made its first run Sunday to Sunday School each Sunday. More details on this matter will be given later; but we want to express our appreciation to the Boy Scouts and their leaders for this big project they have taken on themselves.

Ms. and Mrs. Charlie Trapp, of South Webster, Ohio, spent the week-end with Mrs. Hattie Collins and family.

Mrs. John Nixon and daughter, Yvonne Louise, and Mrs. W. M. Ramsey of Portsmouth, Ohio, have been visiting Mr. and Mrs. Howard Ramsey and family.

Mrs. Jim Hall is a patient at the Beaver Valley hospital.

Miss Betty Jean Allen of Wayland, spent the week-end with her sister, Mrs. Edward Robinson, and family.

Sunday School attendance last Sunday reached 128 in spite of cloudy skies. The attendance for the previous Sunday, Mother's Day, was 129. All are cordially invited to attend the church services, Sunday school and prayer meetings.

Elizabeth S. Allen, who has been employed at Beardsley, S. C. G. is visiting her daughter, Mrs. George Patton, and family.

Mr. and Mrs. Robert Craik (Ruth Pratt) of Dayton, Ohio, were visiting her daughter, Mrs. George Patton, and family.

Mrs. Josephine Cornwall, of Covington, Ky., Mrs. Golda Howell of Ashland, and Bernard Hayes of Ann Arbor, Michigan, were called home due to the death of their father, John C. Hayes. Mr. and Mrs. Bernard Hayes and children are going to remain here a few days with their mother.

Maytown has organized an intermediate Girl Scout troop of nineteen members, with Mrs. Theodore Gibson as leader. The assistant leader is Mrs. Charles Patton. The five on the committee are: Mrs. George E. Allen, Mrs. Charles Tinsley, Mrs. Fletcher May, Mrs. Claude L. Allen and Mrs. Roger Stewart.

The Maytown committee and leaders met with the Martin Girl Scout leaders and committee at the Allen Country Club last week. Their guest of honor was Barbara Goddard, head of the Girl Scout troops in Eastern Kentucky. She gave them some lessons in scouting.

The following officers were selected at the last meeting: Sandra Sue Patrick, secretary, and Peggy Sue Allen, treasurer.

The girls are planning cookie and candy sales to make money for repairing their Scout house.

FACULTY VACATIONS

School closed this week and there will be little, if any, local news of many of the teachers until next fall. When interviewed, most of the faculty members had made definite plans for the summer.

Miss Lexie Allen will attend summer school at Morehead.

Oliver Allen will continue work on his M.A. at Morehead.

Mrs. Elizabeth Baker will leave early in June for Redwood City, California to spend the summer with her son and family.

Miss Blanche Dingus will complete work on her M.A. at Western.

Roy Denny will practice what he teaches (farming) with 2½ weeks off to recuperate and attend summer school at U.K.

Mrs. Edie Patrick will teach piano lessons during the early part of the summer. She will then make an extended visit to relatives in Georgia.

Mr. and Mrs. V. O. Turner will move to their new home near Prestonsburg. Mrs. Turner, who has had many of her poems published, will attend the Writers' Workshop in Morehead.

Mrs. Peggy Jo Vaughn will make home visits to the girls in her Home Economics classes in June. She will then study child psychology with her four-year-old daughter and two-year-old twin sons as subjects.

Miss Mary Begley plans to sit in the shade and starve this summer. Miss Earlene May also plans to "take it easy" at home.

Miss Lucetta Osborne hopes to do some traveling and visiting. Miss Lula Martin will spend eight weeks in school at Eastern.

Mrs. Alma Love plans to remodel her home and hopes there will be some time left for rest.

Mrs. Shirley Stewart will do as little as she can and yet live and let live.

Mrs. Elizabeth Hayes plans to spend the summer in Los Angeles with her sister and family.

Miss Otha Howars will "baby-sit" her sister in Washington, D. C., during June. She will then relieve her father as postmaster at Eastern.

Mrs. Olive Tinsley plans to do whatever "Pop" Tinsley orders her to do.

Ed Stewart will complete his M.A. in June.

IN MEMORY OF MRS. NELLIE FRAZIER

Oh mother dear,
You have been gone a year,
To me it seems much more
As I look for you to enter the door.
No one knows how I miss your smiling face,
There is no one on earth to take your place.

You shared my sorrow and my pain,
You always had a smile to be a sunshine or rain.
You were always kind, loving and true,
There was never a loving mother like you;

But on through this life we be on our way,
For God saw fit to call you away.

You are an angel around his great throne
I know you are happy in heaven so high,
Far behind the lovely blue sky,
A mystery is death when it comes to us our door.

It takes our loved ones and leaves us alone,
No one knows mother so dear how I will miss you through the years.

No matter where I go or where I roam,
I always think of mother and home.

And wishing again and over I could see you entering the door,
How happy I would be I cannot express.

But I know God has called you to rest,
Dear mother, I loved you so good I would change places with you if I could.

But, calling you home was God's own will,
I thought of that as I went up the hill.

I miss you so much when I'm home I have the feeling I am so alone.

But God knows best, of that I am sure,
Everything he does is good and pure.

God bless you mother in heaven today,
I know you are happy since he called you away.

DISTRICTS NAMED

New Soil and Water Resources and Control and Water Usage districts were announced by Commissioner of Conservation Henry Ward. There will be nine districts, six in the past, when they were the same as Congressional Districts, but the county lineup will be different. Production of Kentucky's Congressional districts to eight last winter upset the old system.

Because eight-man governing bodies would not always insure a majority vote, nine districts were kept and the Commissioner of Conservation given the duty of designating them.

President Truman has approved an act of Congress known as Public Law 303, which authorizes the payment of \$150 a day to World War II veterans for each day they were subjected to inhuman treatment or forced labor while held captive by the Japanese, Germans, etc. Korean conflict prisoners are not eligible for these POW payments.

This payment of \$150 a day to former prisoners of war for each day of inhuman treatment or forced labor will be in addition to the \$100 a day previously paid for each day of captivity.

In those instances where the serviceman died in prison or since his release, payment of this \$150 a day will be made to his widow, child or children, or parents in the order named.

Clim-forms, the only legal way for filing an acceptable claim, are being developed and when they are printed and available they may be secured from the Kentucky Disabled Ex-Servicemen's Board, 1403 W. Broadway, Louisville, Ky.

Eighteen Models of Other Makes of Cars Cost More!

Official price lists show that there are eighteen different models of American motor cars, produced by five separate automotive manufacturers, which actually cost more than the lowest-priced Cadillac—when similarly equipped.

If you find this difficult to believe—then you're in good company!

For the record also shows that, during the past few years, literally hundreds of thousands of motorists have taken time to these costlier models. And there can be little doubt that many of them did so simply because they failed to realize how relatively modest the cost of a Cadillac can be.

They simply assumed that exclusive in quality means exclusive in price! And it is doubtful if a single misunderstanding ever cost so many motorists so much!

It cost them, first of all, the satisfaction of owning a Cadillac! For there is no substitute for the sense of

pride and well-being that comes from owning a motor car that is universally recognized as the "Standard of the World."

It cost them, too, the pleasure of driving a Cadillac! And this, beyond any question, is the greatest penalty of all! For in missing out on the many thrills to be found behind its wheel—they're missing out on motoring's finest rewards.

And, of course, it also cost them Cadillac's many long-range economies—its almost unbelievable gasoline mileage, its unsurpassed dependability, and its legendary long life.

We know that you wouldn't want to make such a costly mistake in the selection of your next car. But you'd better be careful—because there are eighteen different ways to make it!

So when the time comes—investigate! And if you pay the price of a Cadillac—be sure that you get one!
