A Vote for Honest Law-Enforcement Is a Vote for--

# Bill HALL for Sheriff

Last Name on Democratic Ballot for Sheriff

## WHY THE REPUBLICANS SHOULD SUPPORT COLLINS

The Political Wheel of fortune is slowly turning and the time is rapidly running out in which the Politicians have to explain their fellow candidate's short comings and his faults, and to pat himself on the back and TELL YOU WHAT A SWELL FELLOW HE IS.

I am no politician. I am no fine fellow. I am just a plain Joe like you or your neighbor, but I don't want enough to stay out of one of these POLITICAL RACES. Where your reputation or what you call REPUTATION is dragged through the mire of Corruption, to the tune of the all mighty dollar or the power they hope to gain or to hold.

I entered the race for Sheriff of this county to win. I entered because we need a Sheriff. I entered because Law Enforcement is at an ALL TIME LOW. I entered because I felt that the REPUBLICAN organization is behind me. I entered because the REPUBLICANS thought I could win. I entered because the many Democrats asked me to make the race. I entered because the GOOD PEOPLE OF THIS COUNTY WANT A CANDIDATE WHO IS HONEST AND HAS THAT ALL-SCRAP, THEY KNOW HE WILL PUT UP A FIGHT. THEY ALSO WANT A CANDIDATE WHO WILL MAKE A SURE WINNER. THEY WANT A SHERIFF WHO WILL ENFORCE THE LAWS AND OUTPLOT THE OUTLAWS. CERTAIN FACTIONS IN THE RANGES OF THE POLITICIANS, ESPECIALLY THE DEMOCRATS, WANT ME TO BE THE SHERIFF FOR ALL THIS PEOPLE.

A SURE WINNER—COME NOVEMBER

## PRESTONBURG ARTIST IS ONE OF 23 LISTED FROM KENTUCKY IN NEW 'WHO'S WHO' EDITION; HER RECENT WORK EXHIBITED IN DALLAS, TEXAS

Among the 23 Kentuckians whose biographies are published in the new "Who's Who in American Art" is Mrs. Neke Harkley Mayo, of Prestonburg.

The 366-page work contains the biographies of American painters, sculptors and graphic artists. In addition to Mrs. Mayo, Kentuckians listed are Dorothy and Norman Keshelberg, Marjorie Long, Nellie Schenckelberger, Charles Stuart Williams, Grover Page, the Courier-Journal cartoonist, Robert Gregory Offord, Gresham Gilbert, John Stewart Harris and Justus Bier, all of Louisville; Frank Long, of Berea; William K. and Alma Stratus Hentchell, Burlington; Bert Roubin, of Lexington; Disputants; David Warren Seyler, of Lexington; Harold Dean Collins and Bertha Scott, of Frankfort; Lennox Allen, of Glasgow; Martin Shallenberger, Harrods Creek; Edward Warner Rains and Gladys Medlin, of Lexington.

Mrs. Mayo who is the widow of W. P. Mayo, had a recent work, "Minding Blackbirds," on exhibit during May in Dallas, Texas. This was a jury exhibit in which a number of critics passed on the merits of works submitted before accepting the exhibition.

"Minding Blackbirds" is a work typical of other paintings done by the artist.

The artist is a native of Prestonburg and is depicting the American scene. The painting was from memory of a childhood task in Texas where children

were set to the job of keeping blackbirds out of growing crops.

Other paintings in the same vein by Mrs. Mayo are "The Woman with a Pipe," "The Duck Club" and "The Snake-Handler."

Currently Mrs. Mayo is doing portraits of local residents.

if summer cooking makes you feel like this... you need an electric range

That's right. Electric cooking is the coolest there is... and there are definite reasons why.

Heat from the surface unit on an electric range goes right to the bottom of the pot. It doesn't come up around the pot to heat the kitchen. And the oven is completely insulated.

Everyday 3123 families switch to electric cooking. And cool cooking is just one of the reasons. See your electric dealer real soon and get the whole wonderful story.

**Big Sandy's Plight**  
**Becomes Recognized**

RECOGNITION of Eastern Kentucky's economic plight and a step, at least toward alleviating it have resulted from Congressman Perkins' intervention with Secretary of Labor Durkin for help.

What will come out of the study to be made of our needs and our potentialities for production cannot be predicted. In any event, top-schelon recognition of the distress in this section faces should help.

It should help for Washington to learn for itself how many are unemployed, how desperately they seek work, why they have no work at home, in literally, a land of plenty in the sense that this is one of the great undeveloped pools of natural resources in the United States.

Perhaps, too, it will help for Washington through this study to see what water transportation could mean to the Big Sandy valley. The transportation limitations of the Big Sandy country are apparent to the most obtuse. Perhaps a study of two valleys—the Big Sandy and the canalized Kanawha—would do more to clarify the issue than anything.

Can industry, given the concessions the new Group IV classification demands, afford to locate in the Big Sandy? Would this favored rating in bidding on defense contracts and in a fast turn-write-off justify investment in the Big Sandy? We think so. One plant would set in motion those other improvements the valley needs would attract other business in a snowballing of industry such as the favored Kanawha has seen.

We have experienced so many disappointments that many have wearied of futile effort. But Big Sandy must fight for its life. Every figure, every argument, available should be marshalled for the benefit of this forthcoming study proposed as a step toward our relief by a method short of that repugnant Relief to which we had to submit, back there in the '30's.

**FLOYD COUNTY DEMANDS GOOD GOVERNMENT**

**VI. WHY SOME MEN ARE AGAINST ME**

This is the sixth of my campaign articles. I want, in this one, to set out certain things for the record. I want to explain for the benefit of the voters, that do not know, a few things that have begun to add up in this race for Sheriff.

To begin with, I was one of the charter members of the Floyd County Good Government Taxpayers League and the first secretary and treasurer. I was interested in the organization because the taxpayers in this county thought there should be something done to save Floyd county from the things complained of and duly brought out by the League.

There are facts and records, and men can check for himself. Go to your court-house. Check the date when the grand board was paid by one of my opponents. Numerous other records should be checked before voting if you are not entirely satisfied.

My activities in the Floyd County Good Government Taxpayers League were designed to fairly and honestly improve the county and to prevent or curtail any support. To that end I tried to be reasonable and as fair as a man could be, consistent with my idea of good government.

I respectfully ask that you check the records of the Taxpayers League for anything my opponents have contributed to good clean government. You will find zero, with the exception of a \$1 contribution, up to the time I surrendered the records at the expiration of my term. It may have contributed anything to good government since then it has not been mentioned.

Because of my interest in the Taxpayers League there were hundreds of other members just like me—many of the officials in the courthouse are against me. That is their business, but I never tried to be other than fair with them. Certainly all the people who are interested in safe highways, safe, sensible diggers, instead of killers, a reduced accident rate on the highways, a reduced insurance rate, a reduction in phone, tobacco, dog and other places of business, and in general, honest government will vote for me.

I was one of the original Directors of the Floyd County Good Government Taxpayers League that tried to recover money for the taxpayers. Several of these officials have paid into the county treasury as a result of the League's action. Naturally most of them are against me.

Let us save Floyd county from the cancer of corruption and all the things that contribute to society's destruction. Be convinced in the vote that will save the rank for me in my race for Sheriff.

To all my relatives and friends, I ask that you stand up for clean government. Get behind me now and let us go forward to clean and honest government. It is something we have not had for ten years.

To all of you people as well as my friends I ask this: Support the Taxpayers League. Cooley, (Martins), Gresham, Stumler, Hopkins, Hark, Latta and many others with good old Floyd county voters. I ask that you stand behind me at the election. I Sheriff if you want honest government.

Sincerely,

**Former Letcher Sheriff**  
**Seccombs at Hazard**

Whitesburg, Ky., July 6 — Former Letcher county Sheriff Herman C. Seccombs, 55, a candidate for the Republican nomination for another term, died today in a Hazard hospital.

His death leaves Bill Hall of City Springs unopposed for the GOP nomination.

Seccombs, a life-long resident of Letcher county, served as sheriff from 1941 to 1948. He was president of the Combs Motor Co., the Dr. Pepper Bottling Co. of Whitesburg, and former president of the Whitesburg Wholesale Co.

He was hospitalized two weeks ago with a heart condition. Seccombs leaves his widow and five children.

**KEEP A FRIEND IN OFFICE**

At election time the voters are always besieged with charges and counter-charges. Those that would have you believe that if they were elected all the troubles and tribulations of the world would be ended. Mountains can be made out of mole hills, but it takes a lot of dirt. I have an abiding faith in the sound judgment of the voters in Floyd county. It is performance you are looking for—not promises. The following record of performance is submitted for your earnest consideration.

1. I have given good sound legal advice to thousands of people cheerfully and free.
2. My record of accommodations to the public is a source of great pleasure to me. This fact is well known by all the people that have been in my office.
3. During my administration the county debt has been reduced from almost a million dollars to the point where the county can be debt free in two more years.
4. Your tax rate has been reduced 20c on the hundred dollar valuation.
5. I have worked faithfully and unceasingly to improve the road system in the county. I will mention a few of the more important roads that have been built or improved since I have been your County Attorney:

**Left Beaver** — completed and black topped, **Right Beaver** — black topped, streets of Martin — improved, **Right Middle Creek** — built and black topped, **Prestonsburg-David** — built and black topped, **Middle Creek-Bush** — built, **Wayland-Steeles Creek** — black topped, **Wayland-Sizemore** — built, **Caney-Stephen Branch** — built, **Big Mud Creek** — built, 1 mile black topped, **Spurlock** — improved, **Branham's Creek** — built, **Clear Creek** — black topped, **Melvin-Weeksbury** and streets of **Weeksbury** — black topped, **Wilson Creek** — improved, **Brandy Keg** — black topped, **Cow Creek-Buffalo** — built, **Prater Fork of Brush Creek**, **Raccoon** and **Salt Branch** on Salt Lick, **Toler Creek** — improved, **Prater-Little Mud** — built, **Buckingham-Knott county** — built.

Bridges were built at Martin, Estill, Dwale, Tram, Spewing Camp, Buckingham, Jacks Creek, Milk Branch, Arkansas, Prater, Melvin and numerous smaller bridges at various places. Roads ready for construction but not completed: **Jacks Creek**, **Bull Creek** — black top, **Abbott** — black top, **Auxier** — black top, **Stephens Branch** — black top.

Other roads have been set up for construction and are in process of being surveyed.

6. Although I have been authorized by law to have an Assistant County Attorney at a salary of \$1800.00 per year, I have never had one. The county has saved \$21,600 on this item.
7. Since I have been County Attorney I have reorganized the county in all its legal business. It has never been necessary to pay any other attorney one dime, and it has never lost a case of any importance.
8. I have never charged or received one cent for my services that was not allowed by law. Although I have been attacked in the newspapers and in the courts by certain individuals it has never been alleged or proven that I have ever received one penny that I was not entitled to receive. Likewise, I am

the first office holder in the history of Floyd county to make a settlement with the Fiscal court as to income and expenses as affected by the Constitutional limit. This was done for each of the years from Jan. 1, 1917 to Jan. 1, 1953.

These settlements were questioned by these individuals in the Circuit Court, but on June 29th, the Circuit Court entered an order dismissing these cases "at the cost of the appellants." I would like to add in passing that the tree that bears good fruit usually has the sticks and stones under it.

9. I have investigated and prosecuted criminal offenders diligently and fearlessly, ever keeping in mind that all persons are entitled to equal justice under law.
10. By the experience I have gained I will be able to make you a better officer in the future. I promise to be on duty every day, working for the interest of Floyd county and its people—doing my best to do a good job.

You have a friend in the County Attorney's office. It is in your interest to keep him there. It is easy for an office seeker to scream for a change, but be sure that any change is for the better. Ask yourself this question, "Could any of these candidates have served us better?" Give your answer at your voting place on August 1.

## Honest Treatment to All Alike

Floyd County Times, July 9, 1953 — Sec. 1, Page 5

### BENEFITS PAID MINERS HELD TAXABLE BY U. S.

To the Voters of Floyd County:

The Government has ruled that coal miners or their families—perhaps as many as 1,000,000 persons—must pay income taxes on \$600,000,000 received in benefits from the United Mine Workers welfare and retirement fund since 1948.

The ruling was handed down by the Internal Revenue Bureau after a six-year legal study of the question that affects almost every coal-mining community in the nation.

"The bureau had no comment on the ruling and would not even confirm that it had been made. Confirmation was obtained, however, from several separate sources.

One attorney familiar with the ruling said it holds that benefits paid the miners should be treated just as if they were wages.

He said this raises a question of tax liability on benefits received from all labor-union trust funds—and maybe any kind of trust fund.

General reaction in Congress was that if this is the case the whole subject of pensions and disability and other payments should be reviewed.

In Pittsburgh, however, the ruling created little stir among union leaders.

John P. Buarelli, president of U.M.W. Pittsburgh District A, with between 4,000 and 5,000 miners on pension, said present income-tax exemptions would make it necessary for most pensioners to pay a tax, even though they would have to file a return. For a married man paid \$5 a week, the exemption is \$2,400 a year.

The Revenue Bureau is understood to have ruled also that income earned from investments by the welfare fund itself is taxable.

It held that the fund did not meet Government standards required for a trust-fund tax exemption.

The welfare fund, financed by a 40-cent-a-ton royalty paid by mine-owners on the coal they produce, takes in and does out about \$18,000,000 a year. The fund has built up a reserve of about \$60,000,000 income from investments for the year ended June 30, 1953, was listed at \$788,807.

John L. Lewis, president of the U.M.W., is expected to challenge the ruling. He can appeal to the Treasury Department for a reversal before taking the question to the United States Tax Court.

YOUR VOTE AND SUPPORT WILL BE GREATLY APPRECIATED.

My position on the ballot is No. 17.

### Former Morgan Resident To Issue Folklore Book On Appalachian Region

Announcement has been made by the O. C. Printing Co. of Big Laurel, Virginia, of the publication of a book on southern mountain folklore and folk ways. The author of the book is James Taylor Adams, widely known as a historical and genealogical writer of Big Laurel.

Mr. Adams formerly lived at West Liberty, starting his workday life there in the Morgan House, owned and operated by Jimmy and Moselle (Spradlin) Cole. Adams was 12 years old at the time and made his home with an uncle.

Author Adams is a cousin of Mrs. Ova O. Hanes, formerly of Floyd county and who now resides in West Liberty.

Adams recalls that Jimmy Cole changed the name of his hotel from the "Morgan House" to "Cole Hotel" while he was employed there, and that he "waited on" the sign painter while he was making the new sign, and how "Jimmy" stood off hands on hips and admired the finished job. Mr. Adams has published two other books: "Adams Family Records" and "Death in the Dark" stories of coal mine disasters.

Frankfort, Ky., July 8 — Motor scooters and motorized bicycles are required to have license registration plates.

Assistant Attorney General Squire N. Williams, Jr., held that the law requiring the registration of "motor vehicles" includes all vehicles propelled otherwise than by mules, far power and that are used for transportation of persons or property. This, he ruled, includes the motor scooter.

Paintsville, Ky., July 8 — Bobby Adams, 3½, who always met his father down the block and rode home sitting on the running board of his truck, was killed today.

Bobby's father, Robert Adams, was driving very slowly with the youngster sitting on the running board when the truck hit a bump. Bobby fell off and a rear wheel struck his head.

## TO MY FRIENDS, EX-PUPILS AND THE MANY TEACHERS WITH WHOM I HAVE WORKED IN THE PAST:

I served as your County Superintendent of Schools for 31 years. In all, it was a lifetime of service. It has been a long time since I have seen some of you. Time flies and we all grow old. I am retired from active participation in public affairs and have been for a long time. But at this time when Good Government is an issue in our county I deem it my duty to speak for Joe H. Cooley, my cousin, for Sheriff. I have known him all the years of his life and I assure you he is worthy of your support.

As I have said, time flies. I am 77 years of age and it does not seem very long ago when I served you as your County Superintendent of Schools. We were young, eager for good government and a good county. Together we did our bit. Why not continue the good fight for a good county and a better place in which to live? To do so we can support Joe Cooley and having done so we will have the assurance that we have done our county a service.

This is, perhaps, the last accommodation I may ever ask of my friends and fellow teachers.

Your support will be appreciated by Joe, myself and all the forces working for Good Government.

Sincerely,

HARRY N. COOLEY

(Pol. Adv.)

## TO THE VOTERS:

You voters will be reading and hearing rumors of every kind being circulated and passed along by "word of mouth" fellows who seemingly just heard the latest and always add, "if true this is bad," and act as though they are sorry that such "stories" are out on the named candidate.

Just as a warning to any of my friends and supporters, I want the people to understand that I have not and will not stoop to any tactics that would defame the name of either of my opponents in this race. I want and ask that none of my friends and supporters in their soliciting of your vote to cast any reflections on either of my opponents, I, of course, appreciate the help and support of all the people and since I have been before you as a candidate for this same office four years ago, I am sure you know me well enough to not let any rumor, or misrepresentation, or false propaganda slacken your fight in this race, which is a fight for the betterment of all Floyd County.

It will be rumored from time to time that I am favoring this or that candidate in other races, but stop and consider how ridiculous this would be if you were a candidate. I am making my own race and want all the help I can from every source but will not play one candidate against another by promises and falsehood.

I will conduct the office of Sheriff in the same manner which I am conducting my campaign, by hard work and strictly attending to business. My deputies will not be fellows who want to be sworn in as deputy in order to have the right to carry a pistol in his "hip pocket," but will be good, moral, upright citizens interested in doing the job of law enforcement in every respect, selected from your community; they will be instructed to protect the rights of the rich and poor alike and be at all public places of worship, school gatherings for public entertainment and to serve promptly all criminal processes in any court of the county without regard to any fee.

I have lived in Floyd county all my life and all my ways of living among my fellow men are well-known by all and of either of my opponents have any facts detrimental to my reputation other than a citizen who believes in good morals, good government and fair play in all dealings with his fellow-man, then I ask only that such report be given to the public in writing by either opponent with his signature attached and not by any rumor or rumors passed along by these so-called "goodwill fellows."

My opponents have also lived among us for years and their reputation and acts are well known to most all the people and I have nothing to add to or take away from this reputation.

I ask my friends, relatives and supporters to keep up the good work being done by them until the polls close on August 1st.

Your friend,

BILL HALL

## DIFFERENT CONDITIONS FACE VETERAN SEEKING LOAN NOW

Veterans applying for GI loans today are confronted with different conditions and requirements from those which prevailed only a few weeks ago.

In response to two main inquiries, VA explained the two main changes affecting veterans are:

1. The maximum allowable interest rate on loans guaranteed by VA has been raised to 4 1/2 percent from 4 percent, effective May 5, 1953.

2. Credit restrictions on GI home loans have been removed making it permissible for veterans to obtain such loans with no down payment and with a repayment term up to 30 years at the discretion of the lender.

In addition, veterans who now plan to seek GI loans from private lenders for homes, farms or business should apply to VA regional office in advance for certificates of eligibility.

VA emphasized that the new 4 1/2 percent interest rate will apply only to loans closed on or after May 5. The new ruling does not affect the rights of any veterans who have a loan commitment from a lender to make a loan at a lower rate. The new ruling does not affect the rights of any veterans who have a loan commitment from a lender to make a loan at a lower rate.

It also was explained that even though the law now permits retroactive payment of GI loans, the amount of down payment, VA said, is not a factor in determining the amount of the loan. The amount of down payment, VA said, is not a factor in determining the amount of the loan.

## WILLING TO COMPROMISE

J. Proctor Knott belonged to the golden age of oratory in the United States, and he was a great orator. But one speech delivered in Congress was so replete with humor, sarcasm and gentle irony that, however high his first oratory, the speaker soared, folks listened only for humor.

I'm just a bit afraid a similar circumstance may have felled the future of my old friend, Watt Hale, as an orator. He made a speech at City Council, one night a few months ago, that has the boys listening for something less than serious from him. It wasn't long, but it was good old J. Proctor style.

Some of the folks were complaining about the ungodly hours at which roosters heretofore began hailing the approach of dawn. They wanted the Council to forbid roosters to be kept here, or something to that effect.

That brought Councilman Hale to his feet.

"Gentlemen," drawled he, "I don't know about that. Being a country boy myself, I haven't got a thing against roosters. I don't believe we ought to go too hard on 'em. But I'll tell you what I will vote for—I'll vote to establish crowin' hours."

## Group IV Rating Given Area Including Floyd Co. Promises Economic Aid

Congressman Carl D. Perkins, U.S. Secretary of Labor, said today for six Eastern Kentucky counties, including Floyd, already has produced action which should place the area in a favored status it was reported from Washington last Thursday.

Secretary Durkin last Wednesday signed the papers which set in motion the machinery to place Floyd, Knott, Pike, Johnson, Martin and Mingo counties in a Group IV labor market rating which is intended to help solve their unemployment problem.

A group IV rating is one which classifies an area as having a substantial labor surplus. The next step is up to Arthur S. Fleming, director of the Office of Defense Mobilization, who is expected to certify the classification to the Defense Department. This rating also speeds up the tax amortization of defense industries located in the area, and this is designed to encourage plants to move into this section.

After Fleming acts, the Department of Commerce is expected to make a study and report to Fleming on facilities for production of defense materials in the counties named. This study is a process which usually requires six weeks, but the government agencies have promised Congressman Perkins to try to cut the time to three weeks.

## THE QUESTION OF QUALIFICATIONS

According to the laws of the state, a doctor and only a doctor has the authority to make a post-mortem examination of a dead body in order to find the cause of death. A doctor and only a doctor is qualified by training and experience to ascertain cause of death from case history of the deceased. A doctor and only a doctor, by knowledge and experience in treating effects of various poisons in the living and their effect on a body after death, will be able to ascertain if the victim was poisoned.

A doctor will be interested only in finding out the cause of death as accurately and quickly as possible, and in case of murder to work wholeheartedly with the authorities to apprehend the murderer. Several unsolved murders on the record books of the county possibly would not be solved if this procedure had been followed instead of messing up clues by rushing the body to a funeral home.

The people have said, "The Coroner should be a doctor." They now have the opportunity of putting a doctor in that office by electing

## A CREEK AND A PROMISE

Here is a picture of a road—and a promise. The road goes up Mare Creek but just one mile up and you come to a ford. If the water is low you can get across. If it has rained—and the creek gets up six inches you can't get over.

Judge Henry Stumbo promised a bridge there when he was a candidate four years ago and is still promising that bridge. People do not call it a ford. They call it the Stumbo Bridge. Church crowds park their cars and walk in and out, working men drive their cars to the ford and walk out to the highway. If you are out in your car when it rains you park and walk in. You can't get over the Stumbo Bridge.

Throughout the month of July, 1949, Henry Stumbo ran the following in an ad in The Floyd County Times: "These things which I will give attention to are the roads and bridges folks out in the country, in the outlying sections, have never got while the county was going in debt."

Today he makes the same promises. But you can't drive a car on promised roads that are never built. You can't cross a bridge only on a promise. The pictured situation above is just one of many instances of broken promises, of muddy roads that were never replaced, of callous indifference to the needs of the people, who, in using Henry Stumbo's own words, "live out in the country, in the outlying districts."

We want roads and bridges—Not promises.

### Davis Family Seeks To Establish Claim To Beals Davis Estate

By LAUREL VA. July 4 (Sp.)

The Davis families of southwestern Virginia, East Kentucky and East Tennessee are all united in the Adams Family Library here at 11:00 a.m. Sunday, July 12, to complete an organization for the purpose of carrying out general family research, but more particularly to establish relationship to the late Beals Davis and investigate the validity of claims to an estate of 18,000 acres which, legend shows, Davis died without leaving.

Beals Davis, long known as the "mystery man of the mountains," was living in what is now Wise county, Va., as early as 1835 according to records discovered by Mrs. J. R. Faneely of Greensboro, N. C., one of the sponsors of this organization. Davis moved to Floyd county, Ky., about 1860 and about 10 years later to Lawrence county, Ohio, where he died. He bought the 18,000 acres, lying in Wise county, Va., and Letcher, Pike, Knott and Floyd counties, Ky., at a tax sale in Scott county, Va., in 1816.

No direct descendants of Beals Davis have been discovered. Yet most Davises in the tri-state claim to him.

Nancy Louder, Nellie Lafferty, Lucy Kinzer, Edna Laven, The Augusts, and other relatives of Beals Davis are expected to arrive here from the Palmer Crisp.

Johnny Laven has been removed from the St. Mary's hospital in Huntington to his home and is improving from a serious operation.

Bob Hayes, who received third degree burns in a mine explosion recently, has been returned to his home after treatments in the Methodist hospital in Pikeville and a Huntington hospital. He is reported much improved.

Mr. and Mrs. Harry McCarthy spent last week on a fishing trip at Brownsville, Ky.

Mr. Luther Baldridge, Jr., of Indianapolis, is visiting Mr. and Mrs. Luther Baldridge, Sr.

Miss Janice Spurlock entertained with a lawn party at her home Wednesday night, honoring Donald Ratliff, who left for induction in the army, Thursday. Games were played and refreshments were served to Betty Jean Vanhook, Gayle Holston, Janelle Howard, Mary Sue Comstock, Sally Jo Prader, Joe K. Howard, Raymond Kinzer, Donald Ray Staff, Sonja Johnson, Donald Ratliff, Delano May, Billy May, Sally May.

This is to all the voters of Floyd county: I am your friend and I am a coal miner and I stand for labor 100 percent. I am a union man. I belong to Local Union 7788, David, Ky. I would love to serve as your jailer 4th next term. All support will be deeply appreciated. I am not making any promises. There is not anyone that has any control over me. So think it over and on August 1, give a laboring man a chance and vote for a friend, a friend everyday and not just at election time.

# WELLMAN WILL WIN —FOR— COUNTY ATTORNEY

## My Platform:

1. To obey the law I am sworn to uphold.
2. To pay into the County Treasury all sums received in excess of the Constitutional limit, less actual and proven expenses. I am confident this shall be not less than \$1,500.00 per year, probably much more.
3. To furnish my own law library, without asking the taxpayers to pay \$500.00 per year, or any amount, for depreciation.
4. To run the office independently and without being controlled by any person or clique.
5. To render legal service to magistrate courts.
6. To refrain from accepting divorce cases while serving as your County Attorney. The county attorney's office should not be a "divorce mill".
7. To treat all taxpayers alike in payments for right of ways.
8. To render legal advice to the Fiscal Court wholly in the interest of the taxpayers and without attempting to twist the law to my own interests or the interests of my friends.
9. I pledge that I shall not ask for this office as a gift of the people each and every term. The first rule we learn as children is "Turn About Is Fair Play."
10. I pledge to do all in my power to save the taxpayers money so that it may be used to build much needed roads. I pledge to cooperate with all civic organizations whose purpose is to eliminate corruption and waste in our county government.

Listen to Robert S. Wellman on Radio Station WPRT at 7:45 p.m. Friday when he will make the opening address of his campaign.

Floyd county needs Robert Wellman as its next County Attorney.

## "Toodles" Wells Tells What He Stands For As Representative

### WHAT I STAND FOR:

1. State Park at Dewey Lake with sufficient roads into reservoir area.
2. More state money for the Floyd county road program and legislation designed to insure that Floyd county gets its proper share of state road money.
3. Any legislation leading to harmonious labor-management relations.
4. Increased aid to education in Floyd county, including higher salaries and retirement benefits for Floyd county's teachers.
5. A veteran's bonus.
6. Increased benefits for old age pensioners, needy blind and dependent children.
7. A 7th District legislative organization in the 1954 General Assembly.

### WHY I AM INTERESTED:

1. I am a resident of Prestonsburg, an automobile salesman, and recognize the need for a park, not alone for its value as a recreational center but for the business and money it will bring to our area.
2. Good roads bring tourists, and increase business and general prosperity. Good roads lessen the burdens of school transportation, thus permitting use of funds for bigger and better schools.
3. Eastern Kentucky is the most highly organized by labor of any other section of the country. My father, Sam Wells, has been a coal miner for the past 35 years and for many years has been a member of the United Mine Workers of America.
4. I attended grade and high school in Floyd county's schools. I hold a teaching certificate from Morehead State College. Further, I have refereed and umpired ball games in most of the high schools in Floyd county. Only through a better educational program can we develop trained men and women to lead our section on to prosperity.
5. I am the only World War II veteran in this area. I feel keenly my obligation to support the veterans of this state.
6. Those unfortunate enough to need these benefits should receive a monthly check sufficient to sustain their needs.
7. Eastern Kentucky can only obtain its rightful share of road money and school money and other benefits to which we are so justly entitled by having all of its representatives and senators standing together as one vote.

Do you know how your boat will act in a storm or emergency? You should. You should know the limits of your boat and what it will do and can be made to do if those limits are exceeded.

Presumably you know those two basic rules—don't overpower, don't overload. But do you know exactly when your boat is overloaded or overpowered in calm water, and more important, in rough?

Rules at test are only words and boating expert, Willard, Crandall states that every boat owner should find out their boat, their ways, and their limits with his own boat.

You can find out by testing your boat in shallow water. Try it with the extra passenger you've wondered about, with a bigger motor; try a sudden V-shaped turn; check how your boat responds to vigorous rowing.

Calm water is good for your first tryout, but don't hesitate to follow it up with a session of rough water. That's where you'll learn. Just make sure the water is shallow and you're close to shore. And put on a swim suit. If you're beyond active age, enlist the help of some teenagers. Most of them are interested in boats.

Fasten a sandbag or rock near the stern to substitute for your motor. In the important pumping test you'll want to find out just what position the filled boat will float in, and just what method of clinging to it are best. All other tests and tryouts are surprisingly easy.

Will your boat really tip dangerously if two stand up to test at once? Are your air tanks, if you have them, in condition to support the boat? Will the floor boards come out easily, and will they support you if they do? How about the gas can? The bigger it is, the less there's in it, the more buoyancy. How about that life vest? Will it hold you up and in what position? Experience has shown that most small boats will support the occupants and motor even when full of water; and if a small boat is upset—turned over—very likely it will support occupants and motor. But don't just suppose that your boat will too; find out now.

Times want ads pay—try them today!

## I Don't Boast of My Record—My Record Boasts for Itself!

We hear, these days, much boasting of official and personal records by candidates for office. There isn't anything wrong about this, I suppose, but the record itself, not the man, should do the boasting.

I am not vainly proud about my record as your Jailer, but I am frank to admit that what I have been able to do for Floyd county, the people and the unfortunate who have spent time in jail gives me a great deal of satisfaction.

It is a record made through good times and bad, often under many difficulties and at other times when things were not so difficult. Whether the Jailer's office was paying me well or not, I worked hard not one year but EVERY year to do a good job—to keep the jail and courthouse clean, to feed the prisoners well, to keep the public grounds attractive, and, above all, to treat those in jail and their old fathers and mothers as I would want my boy to be treated and as I would want others to do to me.

My record, too, will show that I collected not one cent more than was due me for my work.

I think the people of Floyd county appreciate earnest effort and honesty on the part of their officials. For that reason I have dared to seek the Democratic nomination for Sheriff in the face of opposition which has the power of money behind it. I still believe in the power of the people to recognize service and to elect, without dictation, from any clique or clan, officials who can be depended upon to serve them faithfully and honestly.

In asking your vote I promise this: To enforce the law without fear or favor, with consideration for the small as well as the great where consideration is due, and to do the job well under all circumstances . . . every day of my term of office.

## COUNTY COURT CLERK

Dear Friends:

I have had to be away a few days while Kathleen was in St. Mary's Hospital recovering from an operation. We are thankful that she has gotten along well, and will soon be able to be out again.

God has been kind to us. We wish to thank you, one and all, for keeping up the good work in my campaign while I was away. I feel good toward everyone. The only unpleasant thing about an election campaign is that everyone can't win. I realize that many times it is necessary to choose between relatives and friends, but we have our duty to God and our country, and my utmost desire is that we make the best of it.

I feel good toward my opponents in this race. I don't want to hurt any of their feelings, or the feelings of their friends.

I promise to always strive to keep my mind and body clean and working to uphold the good that we have in the world, and not for the interests of those things that seek to tear down and destroy. Both in office and out, I have always tried to do all of the good that I could to as many people as I could, and to be honest and kind to everyone.

I believe that you feel that I have been a faithful servant to the people in the County Court Clerk's office. My only obligation is to the people. I will not be obligated to any politician or clique; I have always strived with all my ability to do what was fair and honest and efficient for the good people of our county. I have always felt that the good could be made better, and the better best; that is and will always be my aim.

Kathleen and I have many fine friends and relatives throughout Floyd county. We appreciate your kindness toward us. We realize that the County Court Clerk's office is more important to more people than any other office in the county. Every man and woman in the county will have some business in this office during the next four years. No business could successfully operate nor no home could be secure without this office being in clean and faithful hands. We have kept your records well and have been faithful and true to the trust that you have put in us.

I have had in my custody in the County Court Clerk's Office all records of your deeds, mortgages, contracts, automobile and truck licenses and registrations, your registration as a voter, the election boxes and ballots and tabulations, marriages and divorces, licenses, sales and transfers, discharges, and various other licenses and records, and a record of all money sent by the County Fiscal Court.

You can readily see the importance of having this office directed by a person who is careful to you all and will always do his best to make you happy that you have helped me in this election.

You can also see it free to come into the Clerk's Office and transact business with us. We have and we will continue to serve you all.

I appreciate the confidence and the confidence that you have shown me in the past and I will always do my best to make you happy that you have helped me in this election.

If not obligated to someone else I will sincerely appreciate your vote and influence in this race. Please give me your kind consideration.

Your friend,  
DURAN MOORE

### IT'S A GOOD WORLD

BY WILLIAM

A thoughtful thought in a recent STU column is worth repeating. A young actor read the Twenty-Third Psalm. When he finished, an aged minister rose and asked to give the Psalm. He did so. The young actor said, "Sir, I know the Psalm, but you know the Shepherd."

Ever see four-year-old Bruce Waddles of Northern, driving his dad's tractor? It is a picture worth remembering. His older brother Robbie can do the same thing. Baby sister Barbara has not yet begun. They are the bright children of Mr. and Mrs. Rob Waddles.

We made the rounds one afternoon recently with Eric Ronald, visiting some folks who are the salt of the earth. Mammy Turner (Mrs. Maude Turner) of Northern. Many of us think the reason she is such a great soul is because she talked sorrow to sleep. Mrs. Billie Allen, a dear friend of Eric's mother and daddy. Mr. and Mrs. T. J. Webb, of Garretts, a couple who likewise enjoy a goodly party, and Troy was in our set in the good old days. Mr. and Mrs. Max Lawrence, of Wayneville, as happy a family as you can find. July was sad though, for two of her kithens had strayed away during their recent vacation in Florida.

Every year Mrs. V. O. Turner entertains a group of her former students, several girls who consider themselves fortunate, since Virginia as a cook ranks as highly as she does as a teacher. Lobby Rae is one of the gang, who once together and talk into the wee, small hours about former days, present and future ones, too. Virginia is like a second mother to all of them, and they adore her. She shares their joys and sorrows, inspires them to greater ambition, lets them enjoy some of her stories and poems. When Marie Martin, one of the crowd, was graduated from Berea this summer, she sent Virginia a little note, saying, "If you don't attend my commencement exercises, I'll not have a mother here." Marie lost her mother several years ago. Virginia jumped into the car with her son and Marie's younger sister, and headed for Berea. The time was when almost every teacher wielded just such an influence on the lives of many pupils. Some of us stay too busy for such today, and young people suffer because of this. A joyful pastime with most folks when we go back home—wherever that may be—is to look up some favorite teacher of yore and chat. Incidentally, my primary teacher, whom we often see, reminds the Boss of his first teacher and possibly his best loved one, namely "Miss Sallee" now Mrs. Oscar Webb, of Northern, and believe it or not, the two women "favored."

As this is written, we are heading north for vacation to see the children and some dear friends who used to reside in Floyd county, but now live in Dayton. It is not easy to take Eric Ronald home to his mother and daddy, by now we almost feel that no one else can take proper care of him! He is allergic to a few things, including one soap. We may try to convince them he is allergic to Cincinnati soap or water and then perhaps he can stay in Lodi, Kentucky, where the sun shines bright and the air is pure. One thing is certain now. If we'll not again be difficult to induce Boppa to go see the baby.

If you have not read General Van Fleet's recent article in Korea in the July Reader's Digest, be sure it is in your hands to read. The position of Dr. Rhee reminds one of that of Madame Chiang Kai-Shek who heard so far arms for China before her country fell victim to the Red Terror. If Korea is not reunited soon, there be any victory in the present truce treaty! If the U. N. does not maintain Korea as a unit, unified and self-governing, we do not long face in all Asia, we are seeing with Communist propaganda. Eager as all of us are for peace, at almost any cost, why fight this long if we must cease in a moment when our nation was threatened with division by the Civil War? Just what Dr. Rhee is doing today (date July 2nd), Lincoln inspired the Union. The last all of us can do for this brave country in the Red East is to pray daily for her courageous people.

### 'L' to 'Z' Driver's Permits Must Be Renewed in July

Frankfort, Ky., July 8 — Circuit clerks are selling 1953-54 drivers' licenses to persons whose last names begin with "L" through "Z"; the Department of Revenue reminded again today.

Drivers in the "L" through "Z" name group must purchase two-year licenses for two dollars before July 31. They must appear in person at the circuit clerk's office and complete new application forms.

Vehicle operators whose last names begin with "A" through "K" and who have licenses will not be required to buy another license until 1954.

If a person is obtaining his first driver's license in Kentucky, he will be required to pass a state police examiner's test, or provide an out-of-state license to show that he is a qualified driver. If his name begins with "A" through "K", the license will last for only one year and the fee will be one dollar.

Persons on active military duty who drive in Kentucky are required to have Kentucky licenses, except when operating an official vehicle with a U. S. Government operator's permit.

Drivers renewing licenses must pay a penalty of one dollar if they do not renew them by the July 31 deadline.

## Stumbo Points up Road Program

My opponent in his articles in The Floyd County Times has indicated that during the last 3 1/2 years of my first term as your County Judge that nothing has been done in so far as the construction and improvement of Floyd County's roads. Nothing could be farther from the truth and I take this opportunity of pointing out specifically some of the accomplishments which have been made in regard to Floyd County's Road System.

In saying that Floyd County received its proper share of roads I have made frequent trips to Frankfort in connection with the construction of new roads and improving old ones in the county. I should especially like to point out that since I have been County Judge I have helped to procure rights of way and have attempted to cooperate with the people in Floyd county and officials in Frankfort to obtain more and better roads.

During the last 3 1/2 years and under my supervision, Floyd county has spent in the neighborhood of \$50,000.00 to obtain rights of way for the construction of new roads.

To name a few of the roads which have been built while I have been your County Judge:

1. 4 1/2 miles connecting and improving the remainder of the Harold to Ligon-Hill Road, or known as the Big Mud Road.
2. Connecting the David to Brush Creek road.
3. 4 1/2 miles.
3. Mouth of Caney on Middle Creek across the

6. Blacktopping 1 1/2 miles in Brandy Keg.
7. Blacktopping road through the town of Austin.
8. Construction of Jacks Creek Road, (Ohio) let on June 12, 1953.
9. Bull Creek Road contract let for blacktop 2 1/2 miles.
10. Abbott Creek road contract let for blacktop 3 1/2 miles.

11. Prater Creek to Little Mud Road is now under construction.
12. Turkey Creek to mouth of Stone Coal.
13. Spurlock road to Martin.

In addition to the above, the road program supported by the Fiscal Court has been conducted so as to obtain the maximum improvement and construction with the amount of funds available to us.

In this connection I should like to point out that during my term as County Judge the following roads and bridges have been built by funds available to the Fiscal Court from tax money:

14. Constructed 2 miles of road on Little Paint.
15. Construction of road now in progress on Left Fork of Abbott Creek.
16. Constructed 1 1/2 miles of road up Spurlock on Middle Creek.
17. Bull and Improved 2 miles of road on Buckers on Middle Creek.
18. Constructed 1 1/2 miles of road on Prater Fork of Brush Creek.
19. Constructed 1 mile of road on Salyers Branch of Salt Lick.
20. Constructed 1 1/2 miles of road on Mill Creek above Wayland.
21. Constructed bridge across Right Beaver Creek at East.
22. Built and improved 2 1/2 miles of road on Fraser's creek.
23. Built 1 mile of road in Buckingham Hollow at Wheelwright.
24. Constructed bridge across Beaver at mouth of Spewing Camp.
25. Constructed 1 1/2 miles of road up Brannan's Creek on Mud Creek.
26. Constructed swinging bridge across Big Sandy River at Dural.
27. Built Bridge across Big Mud at Mink Branch.
28. Built Bridge across creek at Arkansas.

The use of the remaining funds available to the Fiscal Court have been and are being used in maintaining the Floyd County road system. These county roads are now more passable than they have ever been.

During the past 3 1/2 years Floyd county has had the greatest road program in the entire history of the county and I challenge anyone to disprove this statement.

I am sure that those persons who are interested in roads can readily see that this record in black and white completely refutes the general accusation of my opponent that nothing has been accomplished in so far as the building and improvement of roads in Floyd county is concerned.

Contrary to what anyone might say about it, the county road machinery has always been used and will be continued to be used only for the benefit of county roads and for the best interest of the public. I can positively state that the county road machinery has never been leased to anyone for private purposes nor has any county road machinery been disposed of illegally. I wish to assure you that those persons employed by the county have performed their duties as conscientiously as we expect them to.

If you feel, as I do, that the record of progress in the improvement and construction of roads in Floyd county has been greater during the 3 1/2 years that I have served as County Judge than at any other time in the history of the county, I earnestly solicit your vote and influence in re-electing me as your County Judge on the Democratic Ticket.

Sincerely,

## Hurshel Warrens For SHERIFF

It is being talked in every part of Floyd county that "HURSHEL WARRENS IS THE BEST MAN RUNNING FOR THE OFFICE OF SHERIFF." The opposing candidates, in their efforts to minimize the effect of this fact, have been spreading the rumor that "Warrens" doesn't have a chance of being elected. That just happens to be the only way they can think of to campaign against an honest man.

I believe that the people of Floyd county are more interested than ever before in selecting the best candidates for office. Your inspection of my reputation for honesty and dependability will be most welcome. Would you rather be able to say "I voted for the best man" or "I helped elect so-and-so even though I knew he would be crooked when he got in office"?

I have no intention of mud-slinging or speaking ill of any man, but the people should judge a man by his past record and select the candidate who they know will be the best Sheriff and will protect the youth of Floyd county from bootleggers and drunken drivers.

Any candidate who promises you honesty without showing you a reputation for clean, honest living cannot be relied upon. Honesty comes from the heart; from a man's innermost thoughts, not from cheap political promises that will be forgotten as soon as the election is over.

I can make one promise that you can depend on never being broken. That is that I will never sell out under any circumstances. Win or lose I will be in the race fighting to the end and if elected NO BOOTLEGGER IN FLOYD COUNTY WILL BE ABLE TO BUY PROTECTION FROM THE SHERIFF'S OFFICE.

Let no man tell you that "Warrens doesn't have a chance." With your help we can win this election and clean up the law enforcement mess we have had to live with in Floyd county for so many years.

Sincerely yours,

### Obituary

Willie Little, the son of Mr. and Mrs. Oliver Little, of H. H. Hat, Ky., was 33 years old. He was born in Knott county and reared in Floyd county. He was killed June 8, 1953, near the Hindrick mine, while working as a fireman.

In his early life he joined the United States Marines, served with the First Marine Division, was one of the first to land on Guadalcanal. Then, because of malaria fever, he was sent back, got an honorable discharge. Then he was married to Zella Stanley from Pound, Va., had one daughter, 7 years old. Made his home at Jenkins, Ky. Had 5 brothers and 3 sisters.

On Feb. 3, 1953 his father was killed near Jenkins, hit by a train while on his way to work. What a shock it was to the family with four sons serving in that awful war. I still have one son in this one now in France, Paul E. Little, serving with the Signal Corps.

I want to thank everyone at the Hall Brothers Funeral Home of Martin, for their kindness and the beautiful flowers sent in behalf of my son who was so dear to me. We think of them in silence. Their names are of record.

But there is nothing new to answer Except their picture on the wall. Written by a broken-hearted mother.

### WHITTEN For JAILER

After solicitation by my friends and after long deliberation I have decided to enter the race for jailer on the Democratic ticket. It was a matter of long deliberation as I have been engaged in the restaurant business in Prestonsburg but I was crippled in the mine and have been so for 23 years it was very hard indeed for me to be on my feet several hours each day.

To you that know me I feel sure you think I will make a good jailer. To you that do not know me I ask only that you check with my friends and neighbors. They are the best informed as to my life and character. The campaign is far advanced and I intend to do my best to see you all. It may be impossible to do so but in the meantime if I cannot do so any support you may give me will be deeply appreciated.

Thank you.

## Citizens Point Up the Facts

We Citizens and Taxpayers of this county, were greatly surprised to read in the FLOYD COUNTY TIMES a political ad written by the County Judge which apparently was designed to mislead the voters of this county.

The Judge pointed out certain state-constructed Rural Highways that had been built during his term of office but he did not tell you that these roads had ALREADY BEEN APPROVED, SURVEYED, and CONTRACTS LET on many of them BEFORE HE TOOK OFFICE in January, 1950.

### COMPARE THESE FACTS WITH THE JUDGE'S ADVERTISEMENT!

1. He listed the HAROLD-LIGON-HI-HAT ROAD. That road had been approved, surveyed, and was advertised for bids on construction in September of 1949. (See FLOYD COUNTY TIMES, Page 1, September 8, 1949).
2. He listed the DAVID-BRUSH CREEK ROAD. Yes, this is the road often referred to as the JARVIS ALLEN HIGHWAY because JARVIS ALLEN fought so hard for its construction. It had been APPROVED, SURVEYED, and much of the right-of-way secured in 1949.
3. He listed the CANEY-STEPHENS BRANCH ROAD. That road, too, had been approved and surveyed before the Judge took office.
4. SIZEMORE BRANCH-WAYLAND ROAD. This road had also been approved and surveyed prior to January 1, 1950.

With reference to the last two roads there appeared in THE FLOYD COUNTY TIMES of August 31, 1950, the following news item:

"Rural Highway Commissioner Emerson 'Doc' Beauchamp last week promised Former County Clerk Jarvis Allen that the Caney-Stephens Branch Road and the Wayland-Sizemore road will be let to contract within the next few days."

Citizens of this county, we believe you are entitled to the facts concerning your road program and if you should check the record you will learn that JARVIS ALLEN did as much, or more, than any other person in securing the above roads. He was a special friend of the governor and made trips to Frankfort everytime the other county officials went, and made numerous trips alone fighting for road improvement in this county.

In addition to the above roads the Judge lists certain roads for improvement or Blacktop Surface. This improvement takes no effort on the part of county officials since it is the policy of the state to blacktop the rural highways as soon as practicable after construction since it is cheaper to blacktop a road than to maintain a gravel road.

He says the contract has been let on the Jacks' Creek Road and we wonder why so late?

The JACKS' CREEK ROAD was approved for construction in 1949. It was stated in an ad in the FLOYD COUNTY TIMES of July 28, 1949, that a State Highway map was available for inspection in the County Judge's office showing that the JACKS' CREEK ROAD had been approved for construction.

Yes, Judge, we wonder what has happened to our rural road program in the last 3 1/2 years. We are still paying the gasoline tax but WHERE is it going?

How many roads were built in 1951?

How many were built in 1952?

The Judge also boasts of his county-road work done with YOUR TAX MONEY. He lists numerous roads up the creeks of this county but the total mileage is approximately 15 1/2 miles. Some of these roads were done in a period of two days with the county equipment, with the citizens furnishing much of the work at their own expense.

With the men employed by the county at the taxpayers expense on a monthly salary and the equipment owned by the county the total mileage of roads built could have been done in a period of 2 or 3 months. What have they been doing the rest of the time? Judge? WE KNOW, WE ARE NOT BLIND. You say in your article that you are satisfied with their work but WE ARE NOT and YOU WOULDN'T BE EITHER IF YOU WERE PAYING THE BILL.

How many of your relatives are you working or keeping on the county payroll?

You say that the equipment has not been used for private persons but we hear different. You would probably tell the people that you have built no PRIVATE ROADS and BRIDGES in the last year but we know you have.

You listed a bridge you have built across Beaver at SPEWING CAMP but that bridge was ADVERTISED FOR BIDS in the FLOYD COUNTY TIMES of July 21, 1949.

Judge, you can't keep fooling the people. They are smarter than you think. Four years ago you promised a road up practically every creek in this county and the majority are still waiting. You promised bridges that have not been built and old iron that has not been poured and NOW YOU'RE AT THE SAME OLD GAME OF PROMISING.

We know who has been our friend and who will continue to be so. He has never lied to us and is not now doing so. He is not a "politician" but a True Friend To All. He fought for us during World War II and becoming disabled he returned to a life of public service in which he HAS CONTINUED TO FIGHT for improvement in this county since that time.

We feel that it is to the best interests of all taxpayers and citizens of this county to LOOK TO THE FACTS and to their own welfare and to ELECT JARVIS ALLEN, County Judge.

**Freedom Under God**

As you all know, I have been working, studying and praying for peace at home and abroad, and I wish to lift up a standard and tell you all in plain English that, unless America awakes to a great spiritual awakening it could be too late. She may reason, as Rome did, that unless she conquers the world she will conquer her.

I have been denied my Liberty by blind guides and unjust judges, but I thank God I have never yet been conquered or put to silence. I am silent only when I want to be silent. I have always known, and I have practiced this, there is a time to talk and a time to listen.

My work has been approved by God and wise men, to be an exception to the rule among women, and I do not listen to foolish men. I do watch them. I am the first-born and was unfortunate, a woman with a man's Service and Platform. My Bible says the chief strength is in the first-born.

I have always been separate and peculiar from any of my relatives. I have had to say No to all my beloved ones and Yes to Christ. I am a suffering Christian, a crucified Christian and I have always obeyed God rather than man. I am proclaiming Liberty throughout the land. Leviticus 23:10.

I am ringing my Liberty Bell and I am proving to you by the Bible and history that a woman has a right to protect Life, Liberty and Happiness in her own home, just as men have.

18th chapter of St. Luke. The unjust judges and unfortunate women are believed by all commentators of the Bible to represent the late Church when it takes only God to avenge his elect to make believers out of men and prove that God is true and superior to the false claims of men and nations. And not every one knows it has been said by wise men that the hand that guides the cradle guides the world. That was said about a mother.

Things are changing. Not all women are mothers, any more, in this fast age of so much winning and denying and all kinds of men and women called "Baby-sitters." Not every one knows the Statue of Liberty now towering over New York harbor has been recognized of all that is finest and noblest in America—a symbol of a woman. And Barthold the sculptor looked for a model whose form and feature he could reproduce, and he searched in vain among the famous figures of the world, and at last he used remarkable wisdom by using his own mother.

I am calling on you consecrated and devoted mothers to think during these days just following July 4 as never before. It is time for church bells, Liberty bells and school bells to ring out anew that Liberty and Freedom under God is more than fireworks, swimming pools, car rides, foolishness and fun. Historically, our nation was founded upon faith in God.

If we choose God, we save man, not as a ward of the state to be cared for as a tool to be used but as a free, responsible soul who must be given an account of himself to God. As for me, I have done all in my power to lift up a standard that all God-fearing men will beat a path to my door and protect my home from barbarians on the outside of our nation and vermin within churches, schools and courts.

Language of Christ, John 12:32 "And if I be lifted up from the earth I will draw all men to me." I am not wise men to me, I am speaking my words better than I can write. My work has mostly been work that men should have done. But I have done my best, and I am sure God does not require any more of any individual than He knows they can bear if they will trust God and not man. So I am speaking as a woman among women, representing Church and State, God and Country. Faith and Freedom. Liberty for all who will obey God.

Sincerely and prayerfully,  
EVA MEADE HALL

**BACK HOME**

I guess this will be the last letter that I will write to you. Why? Well, I am home and I hope I am for good.

I am thankful, too. Maybe I am more fortunate than some of the others who have had to leave home. I have had a chance to come back to what I don't know. Work is scarce here, but we are home and what we lose in financial things we will gain by being back home and with friends again.

We moved away from here fourteen months ago. We didn't have a mission to leave, but it was better than the place we had to live in away from home; and, as I said in my letters before, I'll say again, what have we gained by leaving? We do not have any more than we had before we left, if as much. We have had homesickness (what could be worse), less money because of expenses, less space and comfort in our living quarters, and last but by no means least, no close friends or loved ones. So I say to all who are thinking of leaving Kentucky to find work, think twice before you go, especially you who own your own homes. You will lose far more than you gain. Who should know more than I?

I do hope that they get the bill through for the consolidation of the Big Sandy River. It would mean so much to the people here. I want to thank all who have tried to help us in the past, and are trying to help us now, and I can say for everyone, I think, Thanks.

**THESE ARE THE FACTS**

In last week's Floyd County Times there appeared an article, "Hale On Spot With Old Age Pensioners." This article included a letter from John Laferty, an old age pensioner, and was undoubtedly paid for by one of my opponents in my race for County Court Clerk. This letter attacked a statement which I had previously made that I had voted against and worked for defeat of the Old Age Lien Law.

A letter of the Legislative Research Commission to Bill Adams, a Republican state representative from Letcher county, sets out the voting record of the members of the House of Representatives on the bill. In Mr. Laferty's letter attempts to show that because I didn't vote when this bill came up for consideration that I was for the Old Age Lien Law. THIS IS NOT TRUE. I WAS AGAINST THIS BILL AND WORKED FOR ITS DEFEAT.

A bill such as the Old Age Lien Law could have passed the House of Representatives by a majority vote of the members present and the rules of the House of Representatives allow two persons who are on the winning side of a vote to later move for reconsideration of a previous vote which is the only chance to later defeat a bill already passed by the House of Representatives.

It should be noted that this bill was originally passed by the Senate and came to the House a number of days previous to the time this bill was to be considered by the House. The other representative from Floyd county and I and many of the other representatives listed as voting against the bill and not voting, attempted to influence representatives to defeat this bill. It was felt that we had a very good chance of defeating the bill but on the day it came up, only one representative being absent, more than a constitutional majority of fifty-one voted for the bill. The other representative from Floyd county and myself were withholding our vote so that in the event a mere majority and not a constitutional majority of fifty-one voted for the bill then we would also vote for it so that we could later move for reconsideration of the vote by which the bill was passed but when we saw that the bill had received more than one half the entire membership of the House, there was no possibility of moving for a reconsideration of the bill and in fact no need to vote at all.

Mr. Laferty certainly does not appear to be aware of the facts and his letter appears to be based on guesswork more than anything else. Mr. Laferty indicates that I am a rich man with hundreds of acres of land and wealth. This is completely false! While I have some land, it is mortgaged to secure funds to build my home and I myself have always worked for my living for Judge Arnold's Funeral Home and am now driving a truck in the coal hauling business and any of you who wish to check will find I am and have for some time been a member of the United Mine Workers of America.

I should like to point out that in May, 1947, during the year I first ran for representative, the average monthly payment to Old Age Pensioners was \$17.36. Six years later in May, 1953, after I had served three terms in the House of Representatives, the average monthly payment to Old Age Pensioners was \$36.16. In other words during my three terms as your state representative the average monthly payment to Old Age Pensioners has more than doubled. This is because the House of Representatives during each session of the legislature increased the appropriation for Old Age Pension benefits.

In Floyd county there are 722 Old Age Pensioners. A very small percentage of these own land which would be affected by the Old Age Lien Law. I hope that you will not be deceived by the article put in the paper by my opponent and will not discredit what I have attempted to do for you. Your vote and influence will be much appreciated.

# HALE ON SPOT

## With Old Age Pensioners

HENRY C. HALE in Point 4 of HIS PROMISES FULFILLED AS STATE REPRESENTATIVE, which has been published in The Floyd County Times, says to the OLD AGE PENSIONERS: "I HAVE VOTED AGAINST and WORKED FOR DEFEAT OF THE OLD AGE LIEN LAW."

Why, Mr. Hale, do you think you can hoodwink us old people into voting for you when the record shows that you were present and did not vote against Senate Bill 101, commonly known as the Old Age Lien Law? For three terms, Mr. Hale, we sent you to Frankfort to represent us and when a Pork Barrelled Legislature drags out this vicious law to rob us old people of our meager possessions, you sit there tongue-tied and paralyzed, and you never as much as raised your voice nor lifted your little finger against this Bill, and as the Record shows you were present and would not even vote against it.

Among the aged who live in this country this law has destroyed the peace of mind that existed in the humble cottages of these old folks and cast a cloud of gloom and despair over them as they are nearing the end of the way. We old people have worked hard all our lives and have had a hard time rearing our families and have had very little opportunity to accumulate enough of this world's goods to own a little home of our own until we have just about come to the end of our lives. Then, you come along, Mr. Hale, and ask us to send you to Frankfort to represent us, which we did three times, and when this vicious bill was brought up, as stated above, you sit there and permit this bill to be passed without making a protest of any kind against it and rob us Old People of the supreme achievement of a lifetime.

Mr. Hale, with your hundreds of acres of land and wealth, it might be hard for you to understand what we old people are talking about, but you do know that we cannot eat these little homes, and in order to receive something to exist on, that we are forced to sign on the dotted line.

Yes, Mr. Hale, you think we are too old and feeble and weak in mind and body to check record, but this has been done and you can't fool us Old People with "TRICKS" and affidavits. You did not vote for us when you had a chance. Now we will not vote for you. Let everyone remember your action in this matter on Election Day and help defeat Mr. Henry C. Hale and all others who did not vote against it.

"Last we forget"

Honorable Bill Adams  
State Representative  
District 92  
Isom, Kentucky

Dear Bill:

Pursuant to your request today I am enclosing a summary of the vote on Senate Bill 101 (1952 Regular Session).

When I started to check this vote I found that we had already done so previously for a Senator, so I am enclosing a complete copy which shows both the Senate and the House of Representatives. While this is labeled "unofficial" it is unofficial in the sense that the official publication of the House Journal has not yet been printed. However, it is taken from the official Journal kept by the respective clerks in each house.

If we can be of any further service to you at any time please do not hesitate to call on us.

Sincerely yours,

## Floyd County Historical Notes

By HENRY P. SCALF

Towns like people grow, and while Martin may not be fully grown, it has reached the stage where its small beginnings seem far away in the past. An excerpt from the booklet distributed previous to the Fourth of July celebration gives a few interesting facts about its history.

When our town was first settled it was called "Preston" in honor of the Preston family. Later it was changed to "Smalley" and then again, in 1894, it was named "Martin." Smalley Crisp was one of the first settlers in the valley and lived to the ripe old age of 84. His children and grandchildren are among our best loved citizens.

Forty years ago much of the area in and around Martin was still uncultivated and there were only a few houses. Farming and stock raising was the chief means of livelihood until the railroads came and the coal mines were opened.

"Martin citizens are proud of their pioneer ancestors and retain the names Crisp, Calhoun, Preston, Dugan, Ratcliff, Hunter, Pender, Flansburg, Martin, Reynolds, Kestley, and Allen are a few of the original pioneers. Families that are written in the history of Martin and will live forever in our hearts."

Down here in this column a where corrections are buried. And having given the column of with a plug for Martin and its history a correction is offered. John Hatfield was in town and courted Rose Anne McCoy, the daughter of Randolph, the McCoy chieftain. The article on Rev. Henry Parsons stated it was Albin.

The present writer knew better but in the hurry of getting the story together the name Albin slipped in where it should have been Rose Anne. He knew better and with a red face when a man walked into the office two days after publication of the article and announced that he was Anne Hatfield. He carried no Winchester and with a smile remarked that he was the old feud leader's namesake and grandson and pointed out the mistake in the paper.

He states that the love story about John and Rose Anne is vague and obscure. Tradition in the Tug Valley gives considerable credence to the story that Rose Anne died with the measles before her child was born and Virgil Carrington Jones, author of "The Hatfields and the McCoys" is inclined to agree after his investigation. But there are others in Tug Valley who tell another story. It is that Rose Anne's child was born in a shed while she was on her way to the Hatfield home. It is said that Devil Anne himself came and carried the babe away and that it froze to death in his arms. John's afterwards married Nancy McCoy, daughter of her father's brother Eamon.

Over 60 years ago the late J. M. "Bastie" Weddington went to care for the body of his father who was killed in an accident on a train while traveling through Indiana. After the interment in a Missouri cemetery where some of the Weddingtons of the preceding century emigrated, Bastie came back to Kentucky.

### Civil Defense Urged As A School Subject

Frankfort, Ky., July 6 (Sp.)—Superintendent of Public Instruction Wendell P. Butler today recommended to all Kentucky school superintendents that the topic of Civil Defense find a place in the course of study for each school next year.

"Our country is in a state of emergency," Butler wrote. "We are no longer free from the danger of devastating attack. Seriousness of the world situation makes it imperative that school people make whatever plans seem necessary in their community to save lives and unnecessary suffering in the case of disaster."

The State Department of Education has prepared an educational bulletin on Civil Defense in Kentucky schools and it will be distributed to all schools in the Commonwealth. It outlines defense subjects that should be taught in school children and also tells of the place of schools as centers of defense activities in each community.

Vote for Ulysses S. Collins for State Representative, a man who will serve you and your children in the next General Assembly as he has served you and your children in the classroom during the past thirteen years. Was not kind to keep me from serving you and your children. The lure of high wages and prosperity did not entice me to desert the youth of our country during the most critical time in American history.

May I serve you and your children, the old-aged, the crippled, the widows and orphans, miners and all other laborers of industry? Let us help the veteran who has served his country that you and I may continue to enjoy our life, liberty and property. When you vote for Collins you are voting for yourself.

### 'Bear' Facts—

By PAUL BRYANT  
UK Football Coach

LEXINGTON, Ky. — The South-eastern Conference football picture for 1953, starting a host of outstanding teams and individuals should not need any special gimmicks to assure national attention. However, a couple of the lesser-known factors, whom the Kentucky Wildcats will face, may steal a lead from the favorites and provide something of a three-dimensional touch to the already interesting program.

LOUISIANA STATE AND MISSISSIPPI STATE are not given leading roles by any of the preseason critics but could easily jump in the best 3-D style, right into the laps of the league leaders next fall.

The Bayou Bengals, who measured 10-2-1 last year for their first win in the series, should be one of the strongest outfits in the circuit. But, due to an extensive off-season schedule, we may never know just how strong the men of Coach Gaynell Tinsley are. LSU had a young squad last season and last only six seniors, all of which adds up to trouble from an improved aggression this year when they entertain Kentucky in Baton Rouge around mid-season.

REPORTS FROM THE DEEP SOUTH have it that the Tigers will be sporting an even heavier line than in '52, built around All-American candidates center Gary Diddy and tackle Sid Forness, and a more experienced backfield paced by George Brunetto and Charlie Gabe. All told, 26 letter winners return and most are experienced with one-phonon ball since Coach Tinsley never fully adopted the free substitution system.

MISSISSIPPI STATE rates in our book as the darkhorse of the conference again. The Maroons of Coach W. Warren were picked to finish dead last (12th) in the 1952 race, but ended up as one of the surprise elevers of the year in seventh place. Three of their four losses were to bowl teams—two of the setbacks by just one touchdown.

A smartly-arranged schedule plus plenty of backfield talent, led by the terrific Jack Parker, and the prospect of improvement in their defensive setup should project Mississippi State right up to the first division doorstep in 1953.

The Maroons have more football players than most people realize and they know what to do with them. The meeting with Kentucky on Still Field in mid-season could be one of those "make-or-break" affairs.

Farmers in Martin county complained that the corn root worm killed plants about the time they came up.

Fifty-one dairy heifers, bought in Michigan, were distributed to members of 4-H clubs in Martin county.

## Law Enforcement

The Sheriff of your county is the chief law enforcement officer. He holds the most powerful office within the gift of the people. He has the authority to summon every citizen in his county, if he deems it necessary, to assist him in enforcing the law.

When you are deciding for whom you should cast your vote for this very important office, you should deeply realize the grave and serious duty you are about to perform. You should look for these three most important qualifications.

1. **SOBRIETY.** No person should be given this great responsibility and authority if he is not a sober man. He, after having been elected to this office should appoint only a person as a deputy who is a sober, trustworthy gentleman. I have not taken a drink of anything-intoxicating for more than 12 years. I shall never take one. I sincerely promise you that no person will be appointed as a deputy sheriff who is not a sober, respectable citizen in your community. A drunk officer has no right to arrest your son who may become intoxicated. The officer is a greater violator of the law than the person upon whom he is making the arrest. You will have 4 years of sober law enforcement when I am elected your Sheriff.

2. **TEMPERAMENT.** With the unlimited authority and responsibility that is granted the Sheriff, he must be reasonable, even tempered and certainly not a "hot head". He must have as his deputies men of these same characteristics. You never know when your son or my son will fall in the path of an arresting officer and it will be the duty of the officer to make an arrest. You most certainly do not want your son abused and beaten by a "hot head", clothed with the uniform of an officer.

It has always been my idea that kindness instead of abuse, justice tempered with mercy will make your son and mine a better citizen in the future.

3. **DETERMINATION.** The Sheriff and his deputies must enforce the laws of our state and country. Every person in this county will agree we must have law enforcement. Our schools, churches and homes must be protected. But you want sober, fair and determined officers to do this job. Only by casting your vote for a man who has done this job, can you be sure you will have this kind of law enforcement.

It was said of me on the first Monday in January, 1950 to a crowded courtroom in Prestonsburg, Kentucky, "You can say one thing about Sheriff Sturgill, he treated them all alike". My family and myself appreciated this very much, whether it was intended as a compliment or criticism. We knew that it was the truth. I promise the people 4 more years of the same treatment. I direct the following statement to the God fearing Mothers and Fathers of this county realizing that I shall answer and be held responsible to my Master for this statement, that during my six years of service as Sheriff, I never failed to perform my duties as I saw it and to the best of my ability. I had served every warrant of any kind, upon any person, for any crime. I made no difference in creed, color or standing in life. My office force and myself assisted in every way possible with my time and money, in every investigation of crime committed during my term of office.

I have never during my life had an indictment returned against me or a warrant issued for me, upon any charge. I have never been arraigned before 12 of my citizens to be tried for any crime. Decide from the truth, facts and records, not from misleading, false, smearing gossip.

I shall discuss this more fully later in the campaign. I want you to know my record and it is your duty to inquire into all candidates' records and you, the VOTERS, are entitled to have it.

I hope to see most of my friends during the next 30 days.

Your Friend,

TROY B. STURGILL
