# SAVE OUR SCHOOLS

(FROM THE POLITICIANS - FROM THE SELFISH GROUPS)

WE READ WITH INTEREST IN OUR LOCAL PAPER RECENTLY, certain TEACHERS forming a group with the title—SAVE OUR SCHOOLS—But their slogan should have added—from THE POLITICIANS—from THE SELFISH GROUP. These words would have been appropriate, had they the Taxpayer, the Children and Schools at

HOW MUCH SALES TAX MONEY HAS GONE INTO SCHOOL CONSTRUCTION IN FLOYD COUNTY?

NONE!

NONE!

HERE ARE THE FACTS:

The new Mud Creek School Building construction was financed by School Building Revenue Bonds for the total construction cost, fiscal agent fees, architect and engineer fee, the Contract bid was \$313,626.63. In awarding of the bid by the Fiscal Court in conjunction with the Board of Education Section 2 therein contains the following: (quote) "that the acceptance of this bid subjects the County to no liability in the EVENT that the County for any reason shall be unable to issue School Building Revenue Bonds to provide funds to pay contract price."

These bonds were issued pursuant to section 162-12 J-162-300 Kentucky Revised Statutes.

Contract awarding and bond authorization of record in Fiscal Court Order Book 7 at Page 223, Dated July

#### MIDDLE CREEK PROPOSED SCHOOL

MIDDLE CREEK PROPOSED SCHOOL BUILDING, Total contract price \$366,000.00, same procedure as to financing by School Building Revenue Bonds, and is of record in Fiscal Court Order Book 7 at page 337, 338, 339 aud 341, dated October 12, 1962.

#### GARTH VOCATIONAL SCHOOL

GARTH VOCATIONAL SCHOOL, contract price \$167,450.56, same procedure as to financing by School Building Revenue Bonds, and is of record in Fiscal Court Order Book 7 at page 343, dated November 2, 1962.

IN CHECKING THE REFERENCE RECORDS AS TO EACH OF THESE SCHOOL BUILDING REVENUE BONDS, YOU WILL NOT FIND ANY PROVISIONS WHERE, THE SALES TAX MONIES ARE TO RETIRE ANY PART OF THIS BONDED INDEBTEDNESS. YOUR TAXES ON REAL ESTATE ARE PLEDGED AS SECURITY WITH WHICH TO RETIRE THE BONDS AND INTEREST OVER A PERIOD OF 30 YEARS.

IN DEDICATING the Mud Creek School Building our Superintendent of Schools in his remarks would have you believe that had it not been for the present State Administration and their Sales Tax, there would have been no New Building on Mud Creek. Were such remarks purposely made, motivated by political expediency or by CHANCE, THINKING YOU, THE TAXPAYER, was not aware of the part you are playing in this Construction — by paying, paying, your children and grandchildren paying on this building, through your county tax assessment—NOT YOUR SALES TAX. Too many men in HIGH OFFICE underestimate the intelligence of the MAN ON THE GROUND and always fail to recognize YOU THE TAXPAYER who make all the Dedication Ceremonies possible.

THE ADMINISTRATION supporters in their last we kly advertising in the local paper announced that \$2,175,000.00 was made available for the construction of two Community Colleges, one being here in Prestonsburg. In the same paper a news item on the front page announced that the University of Kentucky had agreed to issue \$1,200,000.00 in Revenue Bonds for the construction of these colleges. Revenue Bonds would be paid out of student fees, tuition and other fees collected over a period of 30 or 40 years. Again—You the Taxpayer paying the Bill—But not the Sales Tax Money helping to pay on this building program. THEY wanted you to believe that the cash was available from Sales Tax Collections.

SINCE SALES TAX MONEY IS NOT BEING USED FOR OUR SCHOOL BUILDING PROGRAM — THEN WHY ARE A FEW POLITICIANS AND CERTAIN SELFISH GROUPS, CRYING SO LOUD? WOULD THEY DENY THE POOR, THE WIDOW, THE ORPHAN, THE MAN OUT OF WORK, WHO MUST RELY ON FOOD STAMPS, such small token of relief to EXEMPT THE SALES TAX FOR THE VERY NECESSITIES OF LIFE: FOOD, CLOTHING AND MEDICINE.

WE BELIEVE, there are many Dedicated School people in Floyd County, and many have expressed themselves, that they do not subscribe to such Selfishness.

THE CHANDLER administration was the first to appropriate money for the MINIMUM FOUNDATION PRO-GRAM. He has always increased teachers' pay, advocated progressive Education Programs.

COMPARE the New Medical Center at the University of Kentucky which was constructed and paid for during the Chandler Administration at a cost of Twenty-Seven Million Dollars—No Bond Issue—No Sales Tax Money, all from savings through efficient operation of your State Government.

VOTE THE TAXPAYER WAY -- NOT FOR SOME JOB HOLDER OR PRESSURE GROUP. VOTE AND WORK FOR A. B. CHANDLER AND HARRY LEE WATERFIELD. THEY WILL LIGHTEN YOUR BURDEN BY TAKING THE SALES TAX OFF OF:

FOOD, CLOTHING and MEDICINE

# OLD FOLKS FOR "HAPPY"

was born in 1875 and as Chandler-Waterfield Chairman for Senior Citizens I wonder I people today, if they were approached by someone on the street and offered several more dollars each week to feed their families on, would turn it down. No one would, you can rest assured. That is exactly what 'Happy' Chandler is offering you by taking the tax off food, clothing and medicine, especially our old folks who get little enough as it is.

Combs and his bunch in Frankfort and the Town-Ring in Prestonsburg don't want the tax taken off use that may mean a cut in their big fat salaries they are receiving. They are not worried about the man. He can eat surplus beans and dried milk.

After spending \$100,000.00 of the tax-payers money on a clock and another \$100,000.00 of the tax after spending \$100,000.00 of the tax-payers money on a clock and another \$100,000.00 of the tax-payers money on a high-brow orchestra in Louisville, the MONEY-HUNGRY ENUNCH has very little left for the poor and the unemployed. The Courier-Journal keeps harping about the hig-shots needing more and more money but never a word for the poor and the suffering. I will vote for "Happy" Chandler or anyone else who is willing to put more food in my children's mouths and more clothes on their backs. I ask you old people to remember "Happy" Chandler who as Governor rocked our country roads and took the lien off the old-age pensions.

Daytona is no "private" test arranged by a manufacturer to favor his car's strong points. It is open competition—anyone can enter—and the one thing that is proved by its searing 500 miles is just exactly how well a car hangs together. At Daytona, Florida, on February 24, five brand-new 1953% Fords showed the world what durability means by sweeping the first five places. And that has never been equaled in Daytona history!

equaled in Daytona history!

The box score at the left tells the true story... car endurance that takes brutal punishment and comes back for more. No proving ground can equal this kind of torture. Daytona was a challenge we welcomed, a chance to prove in open competition the essential durability that makes possible the silence, the solid road-grip, the ease of control, the balanced braking . . . and

all the other things that go into Ford's concept of total performance. These were the same 163% Super Torque Fords that made styling history at their preview at Monaco, and which were recently announced at your Ford Dealer's. FLOYD COUNTY BREATHITT FOR GOVERNOR CAMPAIGN COMMITTEE (Pol. Adv.) DR. JOE T. HYDEN, CHAIRAN

COPPERAS LICK RURAL SCHOOL IN 1908

Many Eastern Kentuckians recall with nostalgic memories the old rural school at which they started their educational careers. This photograph, made in 1908, is of the Copperas Lick Rural School on Abbott Creek, Floyd county.

At the lower left of the picture is the teacher, Emma Davis May. At her left, indicated by an arrow, stands four-year-old Edward P. Hill, present Floyd County Circuil Judge. Third from the teacher's left is Hill's sister Peg, now Mrs. II. D. Hewlett. At top, near bell, are Mr. and Mrs. Sam May and on right of door in top row are Mrs. Jane May Hill, mother of Former Floyd County Judge Ed Hill, now of Mt. Sterling, and her mother, Mrs. Trimble May. H. T. Hill is in the center of picture.

The Hackworth, Snipe, Shell families, names of the individuals unidentified, are represented in the group.

The First National Bank salutes the old rural school, its dedicated teachers and the progressive citizens of today who attended as students.

SORRY, FOLKS!

That flood gave us all a bad time. We are sorry that

some of you were inconvenienced because your

electric service was off. Our crews

worked long hours to get service restored as quickly as possible, even using boats in some areas.

In many instances we were delayed in

reaching trouble areas because of

road slides or wash-outs.

We certainly appreciate your patience and

understanding and the help you gave us.

#### IN APPRECIATION

We are indebted to so many who helped in our successful battle to keep the floodwaters from our lanes and to keep them in their usual perfect condition. Literally hundreds, directly and indirectly, helped, and to each of these we are so grateful we make no attempt here to give expression to our gratitude.

Come, visit us. You have been our friends, and you always will find a welcome with us.

#### JUST LIKE OLD MAN RIVER

If you want a truck that does its work without yell-hop for attention all the time, buy a "new reliable".

You have to take care of it; it's a machine. But this isn't a full-time activity. The clear idea is that the truck works for pon, not vice verst.

The way to build such a topic is to put of use more quality into it. For example, not one of the pot of use pression systems for all a sees of truck.
