TOTAL OF \$2,055,845  
SOUGHT FOR DAMAGES  
SECOND ROUND  
IN LITIGATION  
ENTERED HEREPlaintiff Stephenson  
Names Construction Firm  
In '62 Bridge Tragedy

Three suits filed in circuit court here Tuesday as an aftermath of the Knoxville Hollow bridge tragedy of July 16, 1962, in which three persons were killed and a fourth injured brought to \$2,055,845 the total sought in damages and funeral expenses.

Gretey Stephenson is the plaintiff in the three new actions, naming as defendant the T. C. Young Construction Company, which rebuilt the Knoxville Hollow span after it was destroyed by the 1967 flood. The bridge collapsed as an auto occupied by Stephenson's wife, his daughter, Mrs. Norma Vanhorn, his son-in-law, Phenious Vanhorn, and his granddaughter, Deborah Vanhorn, was crossing it.

Alleging negligence of the defendant firm, its agents and employees caused the death of the three adults and injury to the child, Stephenson sued for \$500,000 damages and \$1,500 funeral expenses in the death of Mrs. Vanhorn, and \$100,000 damages because of injury suffered by the Vanhorn's six-year-old daughter, Deborah.

Last October, he said in circuit court here for \$100,000 damages in the death of his wife. Last April, he filed suit in U. S. district court against the United States, asking a total of \$1,150,845 damages and funeral expenses. He alleged that the bridge collapse was the direct and proximate result of negligence of the U. S. Corps of Engineers.

The bridge was rebuilt at U. S. expense.

EXCESS FUNDS  
GIVEN COUNTYClerk Robinson Makes  
Second Refund, Tuesday;  
Covers First 16 Months

County Clerk C. Ollie Robinson announced Tuesday that he was sending to the treasurer of Floyd County a second check representing excess funds collected by his office.

The check in the amount of \$63,221.10 from the total refunds made to the county from fees exceeding the Constitution's \$12,000 limit to \$103,751.10. The first refund of \$61,539.96 was made a week ago.

The two checks cover excess fees for the first 16 months of his term of office.

Mr. Robinson said occupational taxes collected through his office had netted the county \$3,702.25 and the Floyd County Board of Education \$2,361.91.

IT HAPPENED IN OLD FLOYD

Two golfers on consecutive shots score holes-in-one—bang, bang—and a New Testament winds up in the election supplies returned from a precinct. We maintain that if the impossible happens, it will be in Floyd County.

LOST AND FOUND

Something of a mystery book that Testament got mixed up in an election. But if a youngster who was 10 years, 8 months and 9 days old on Tuesday, January 16, 1963, the day he was given the book for selling two pictures—we're reading from the Bible description—he can discover it by calling the County Clerk's office. The youngster's name is Bobby Don Jacobs, but the folks at the Clerk's office need his address.

PARODY

Pondering the tumult and the shouting of the recent political campaign, I had considered doing a parody of Kennedy's "Peace with Honor." But a re-reading of the poem left me with the feeling that here was something too subtle for parody. With in such a manner, besides, I haven't had the time to do the job and I probably don't have the ability even if I had the time.

I had a good start on it, anyhow, with these first two lines:

The tumult and the shouting dies,  
The captains and the kings depart.

RIGHT COMBINATION

My fishing has been so poor that I can't write anything on the ridiculous side about it. It's plain awful.

The other day, I rented locker No. 13, over at the dock, and somebody positively reminded me of I hadn't been having plenty of success, already. But I reasoned after this fashion:

Two negatives, they say, make a positive. So, if I ain't got nowhere means I am headed somewhere. The comedian on Allen said No. 13 should just be about what the doctor ordered.

A SMALL DIGIT HELPS

A modern-day version of Peter at the Dike was enacted on Dewey Island after school hours. Young Jimmy Flower acted as Peter. He put a finger in the hole and held the water until all reached shore.

Mr. Burdett, his wife and two sons, Randy and Tommy, with Jimmy and Dewey, were on the boat. Mr. and Mrs. Burdett were enjoying an afternoon on the water when the accident occurred. All members of the Burdett family were slightly injured but the two Flower boys escaped unhurt.

One student of the school, who was the small size of the boat, Peter—Jimmy—was a small finger, you know.

HOUSE GROUP  
REPORTS BILLFavorable Consideration  
Given To Expanded Aid  
In Vocational Program

It was announced last week by Congressman Carl D. Perkins, chairman of the general subcommittee on Education, that the subcommittee had ordered reported favorably to the full committee H. R. 4965 providing for greatly expanded vocational assistance to students in vocational education programs.

H. R. 4965, which was introduced by Rep. Charles W. Stenholm, D-Texas, by the subcommittee, would authorize the appropriations for the fiscal year beginning July 1, 1963 of \$45 million over and above the \$57 million now being expended under the Smith-Hughes and George Bacon acts to fiscal year 1968 the Perkins bill authorizes \$60 million additional funds in fiscal year 1968 \$135 million and for each subsequent fiscal year \$138 million.

Perkins said, "The funds authorized by the legislation would more than double federal efforts in the field of vocational education. The expansion of our vocational education program so as to afford each occupation training opportunities in every locality is essential."

The Perkins bill in addition to authorizing federal funds to be used on the existing programs in vocational agriculture, trades and industry, practical nurses and highly skilled technicians, it calls for the permissible use of federal funds for other job areas such as the business and office occupations.

AIRMAN CALHOUN LOST  
IN DISASTER AT SEA

One of the 161 persons lost in Monday's plane disaster in the North Pacific, approximately 60 miles off the tip of British Columbia, was Airman Second Class Victor J. Calhoun, 21, of Prestonsburg.

Mr. and Mrs. Tom Calhoun, of Highland avenue, were notified Monday by the Air Force that their son "has been missing in flight" since 3 June between McChord Air Force Base and Klamath Falls, Ore. The plane was shot down.

Ship at the scene of the mysterious disaster later radioed ashore that there is no hope of survivors. Evidence indicated an impact of great force, "the radio message said."

Lost in the crash, which has not been explained, were 88 servicemen, 22 dependents of servicemen, 13 wives and children, 15 Defense Department employees and their dependents and a plane crew of six. Thirteen were looking for two students, and 30 children ranging in age from 10 months to their teens were aboard.

The Prestonsburg Airman, 28 other Air Force members, and 18 Army men were flying to Alaska to new assignments. Calhoun had been stationed at Barksdale Air Force Base, Louisiana, and last Friday completed a tour of duty with his parents prior to departure for his new assignment.

He had been in the Air Force two years and eight months. He was a graduate of Prestonsburg high school and was a member of the school's football team.

Surviving him, besides his parents, are three sisters, Gloria, Judy and Rita Kay, all of Prestonsburg.

Causes of the disaster is unknown. The crash of the Northwest Orient DC-7 in December 1955, in history involving military personnel. The pilot, radiated at 19:06 p.m. on December 19, 1955, to climb from 14,000 to 18,000 feet. When the air traffic controller asked him to climb the plane, there was no response.

POLICE PROBE

In Jailing of Wallen

The collision of two automobiles shot the duke at the entrance to Jenny Wiley State Park last Friday afternoon. The resulting crash injured three persons and tore a hole in the bottom of the car. Young Jimmy Flower acted as Peter. He put a finger in the hole and held the water until all reached shore.

Mr. Burdett, his wife and two sons, Randy and Tommy, with Jimmy and Dewey, were on the boat. Mr. and Mrs. Burdett were enjoying an afternoon on the water when the accident occurred. All members of the Burdett family were slightly injured but the two Flower boys escaped unhurt.

Machine Canvass  
Cuts DeRossett  
Lead By 1 Vote

Examination of the voting machines for all the precincts in the county was held Friday by the election commission in a review of the returns in the race for the Democratic nomination for Circuit Clerk.

The canvass of returns, requested by David Hereford who prior to Friday was listed as trailing Frank DeRossett by five votes, resulted in a gain of one vote for Hereford, leaving DeRossett the winner by four.

The election commissioners issued a certificate of nomination, which is the equivalent of election, since the Republican party did not name a nominee for the office.

A Hole-in-One's Nothing ...  
GOLFERS AT PARK COURSE  
SCORE TWO IN SUCCESSION

Golfing history was written Monday afternoon when two golfers playing in the same foursome shot consecutive holes-in-one on the Jenny Wiley State Park golf course.

It is believed the feat had never hitherto been performed in the history of the game. It happened on the 122-yard No. 6 hole. Joe Wheeler Burdett, winner of the preceding hole, hit a seven iron straight to the flag and the ball dropped for a perfect shot. "Top that one," he remarked to Arthur Hughes, of Prestonsburg, next on the tee.

Hughes swung, the ball sliced slightly, hit the green—and played Burdett's ball in the cup. The two players and their playing partners, Albie Burdett and John G. Heinz, were so shaken that they did not leave the tee to go to the green and the two balls were removed from the cup by members of an approaching foursome, a group of whom were guests.

Needless to say, the other members of Hughes' and Burdett's foursome were over par on the three-par hole.

Burdett is a left-handed golfer while Hughes swings from the orthodox right.

At the next tee Hughes remarked, "Strange that a fellow like me with the honor with a hole-in-one."

Francis Is Speaker  
At Princess Elkhorn  
Employees' Banquet

David L. Francis, Huntington, West Virginia, president of Princess Elks, the addressed anniversary employees of the Princess Elkhorn Division No. 4 of the Grand Lodge of the United States at May Lodge, Jenny Wiley State Park, Wives of employees were guests.

Mr. Francis spoke mainly of the future of the coal industry, of industry problems now being solved, and of the importance of cooperation of labor and management.

He also pointed to the many improvements made in Eastern Kentucky within the last three years, and of how these will help all citizens of the area.

FLOYD BONUS TOTAL  
SET AT \$2,021,436

With operations ready to close on the seventh Kentucky Veterans' bonus, Ady Grant Arthur V. Lloyd, administrator of the bonus program, estimates that the filing of 6,240 Floyd county bonus claims resulted in the payment of \$2,021,436.

These and other figures are not exact, it was pointed out, because bonus statistics are not set up on a county basis. The estimated number of claims was arrived at by using statewide surveys and information from Selective Service and the Veterans' Administration. The average paid per bonus claim was \$325.80, and that figure was used in determining totals.

Lloyd predicted the "natural death" of the Bonus Division by the end of June. He said that as of May 10, \$12,375,664 had been paid to 400,810 Kentucky veterans and their beneficiaries.

JAYCEES PLAN  
DOLLAR DAYSpurlock Named Head  
Of Drive To Solicit  
Funds for Hospital

Saturday has been declared Dollar Day throughout Kentucky for Children's hospital, Louisville. It was announced this week. Governor Bert Combs issued the proclamation early this week and Floyd County Judge Henry Stumbo issued his in proclaiming Dollar Day in this county.

The Kentucky Jaycees, in cooperation with the Prestonsburg organization are sponsoring a drive to wipe out a deficit of \$129,000 incurred last year by the hospital. James R. Spurlock has been named chairman of the drive here.

Jaycees will be out in force collecting dollars to make the drive a success. Spurlock said. He urged those who may not be solicited to send their contribution of a dollar to Dollar Day, Kentucky Jaycees, Louisville 2, Kentucky.

Spurlock noted that Floyd County benefited materially last year from the services of Children's hospital. Statistics show that the total patient days from this county was 138. He said that in 1962, 30,116 children were treated and they charged a grand total of \$149,000 patient days.

The hospital save approximately \$200,000 in free care. It has charged the \$500,000 mark in free service every year for the past four years. This is the first time any organization has charged a justifiable drive to give Kentucky's only children's hospital some help.

Children's hospital is the only hospital in the state devoted exclusively to the care and treatment of the acutely ill child. Children's is a private, non-profit hospital and receives no tax support.

ROOSEVELT  
SETS VISITTo Appalachian Area;  
John Whisman Assigned  
To Aid On Commission

Franklin D. Roosevelt, Jr., Governor of Kentucky, has announced that he will be accompanied by John Whisman, Jr., secretary of commerce and chairman of President John F. Kennedy's Appalachian Regional Commission, to visit Kentucky June 19 to confer with state officials and others.

The Commission was created by President Kennedy after an April meeting in Washington with Governor Combs, past chairman of the Committee of Appalachian Governors, and others at the eight-state area in April.

At Roosevelt's request, Governor Combs has assigned John Whisman, Jr., to assist in drawing up the commission's program. Whisman has been assigned to the state of Tennessee, Combs said, and will continue to head Kentucky's area program office here.

Roosevelt is scheduled to spend a full day in Kentucky and in West Virginia, and a half day in the other six states—Alabama, North Carolina, Maryland, Tennessee, Virginia and Pennsylvania.

The first full meeting of the state-federal commission is set for July, when it will draft a comprehensive development program for the economically depressed region. Final plans will be drawn up then for an Appalachian regional institute, devoted to research and training in the area.

President Kennedy directed that the commission's complete report be prepared before January 1964.

CASH GRANT  
CONTINGENT  
ON FINANCINGCentral Business Area  
Passes Atlanta Review,  
Sent To Washington

The Courthouse Square urban renewal project here was given final approval this week after review of the project report by the Urban Renewal Administration commission. A cash grant of \$194,748 was made on the undertaking.

The grant is subject, however, to the success of financing the city's share of the project cost.

Second of the urban renewal jobs planned here, the Central Business Area, has cleared review at Atlanta and has gone to Washington for a final decision. Proposals on this second project were filed at Atlanta, a week or more later than the Courthouse Square plan, and it is believed approval of this project is only a week or two away.

The Central Business Area is a final decision. Proposals on this second project were filed at Atlanta, a week or more later than the Courthouse Square plan, and it is believed approval of this project is only a week or two away.

The Courthouse Square urban renewal will mean the sale of the old courthouse site to the city, lessening the net debt to be incurred in the construction of the new courthouse across Third avenue from the old.

It was said this week that an informal meeting of the City Council on water and gas line extension will be held Friday evening. Installation of more hydrants and increased size of water lines as well as extensions will be considered, and it was said that these improvements will mean a fire insurance classification reduction and accordingly cheaper rates.

## In Revival Here

The Rev. Albert Stepp, of Bellevue, O., will be the evangelist during the revival which will begin June 16 at the Church of the Nazarene here. Services will be held daily at 7:30 p.m.

Mr. Stepp has had a successful ministry in many churches of the South. The pastor, the Rev. James Miller, cordially invites the public to attend each service.

**Safety Check Calendar Developed for 7 Months; Lovers Explains Program**

Frankfort, Ky., June 2 (UPI)—An intensive program to cut right in the heart of Kentucky's public safety needs will be a joint project of the Kentucky Department of Public Safety and the Kentucky Press Association safety committee during the remainder of 1953.

Developed by Press Association Safety Committee Chairman Ed Trapp in cooperation with State Safety Commissioner Glenn Lovern and his staff, the program will hinge on monthly theme highlighting safety needs.

Getting under way in June, the theme announced by Safety Commissioner Lovern are:

June—speeding; July—improper passing; August—reckless driving; September—vehicle safety inspection; October—re-examination of licensed drivers; November and December—winter driving and holiday hazards including drunken driving.

Commissioner Lovern explained that "by stressing these major problems one at a time we can more effectively portray them to the public."

The program will consist of press releases, editorial cartoons, and suggested newspaper editorials.

# Paul Hager To Direct Recreation Program

Prestonsburg's summer recreation program will get under way next Monday with Paul Hager, city recreation director, in charge, it was announced this week by City Councilman E. B. May, Jr., head of the recreation department.

The program will continue for about 10 weeks and is designed to offer both boys and girls, free from school work and with time to claim their interest. Earl Castle is chairman of the Recreation committee which is developing the entire program.

Hager was employed for the work by the City Council at a salary of \$200 a month. The program will begin with Little League, Minor League, Babe Ruth and Connie Mack baseball for boys and softball for girls. Badminton and volleyball may be added during the summer. Eventually, May said, the city hopes to provide a swimming pool and tennis courts to round out a complete recreation program.

All play will be at the grade school playground.

(Details of schedules and other information appear elsewhere in this edition of The Times.)

## Allen Thanks Supporters

I wish to congratulate Harold Stumbo upon his successful campaign and nomination as Commonwealth's Attorney and wish for him the best success in the administration of the office.

I wish to thank those people who supported and aided me in this campaign and even though our efforts were not successful I have no ill feelings toward those who opposed me.

I firmly believe that each citizen has the right to vote for his choice and am willing to abide by the decision of the people.

Sincerely,

JARVIS ALLEN

# UNCERTAIN OF HUSBAND'S FATE, FLOYD CO. WOMAN DECLINES TO HAVE HIM DECLARED DEAD

Although to do so would mean the collection of money for herself and two children from the U. S. government, Mrs. Mary Ruth Clay, of Martin, will not have her war-weary husband, now missing nine years, declared legally dead until she knows it is the right action to take.

Mrs. Clay, who works in a store here with her mother, Mrs. Maude Dye, said this week she has been unable to decide to take the legal steps necessary until she is certain her husband is no longer living. Officials have assured her it would be a simple matter to establish the legality of her husband's death and collect what is due her.

A deeply religious woman, Mrs. Clay said, "But he may be alive." Her husband, Carroll Clay, was operator of a fruit market and the owner of four trucks, doing a thriving business, when he left Allen in a swimming pool and tennis courts a truck in April, 1954, to buy a load of fruit. He drove alone. He did not return.

Two months later, a letter reached Mrs. Clay from her husband, then in Florida. He told her he was ill.

# Our Yesterdays

(Items taken from files of The Floyd County Times of 30, 20 and 10 years ago)

## Thirty Years Ago

(June 2, 1933)

A record class of 54 was graduated from Prestonsburg high school last Thursday night. Dr. H. L. Donovan was the Commencement speaker. The Abbott Heights Golf Club will open its course at Cliff next week. Rep. Congressman A. J. Kirk, of Paintsville, died May 26. Cal Clark and son, Charlie Clark, have bought the Modern Drug Shop here. Charles T. Vaughan, 62, died Sunday night at Martin of a bullet wound. Increase in the price of coal and a 10% wage boost for miners has been recommended by Appalachian Coals, Inc. R. Lee Stewart raised last Saturday after 24 years of service as a federal prohibition agent. There died, Mrs. Sarah Fagan, 77, Saturday at the home of James P. Francis, of Martin.

## Twenty Years Ago

(June 2, 1913)

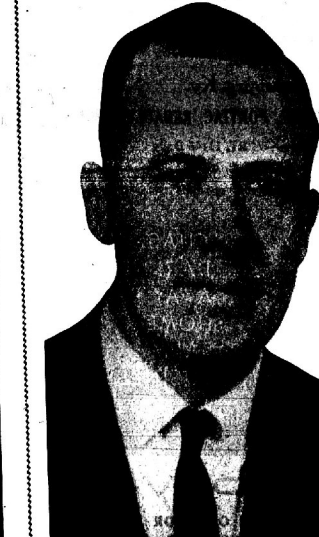

President Roosevelt today called on all idle miners to return to work Monday. Killed in action in Texas: Pvt. Marvin Westmore, of Bypro. Wounded were Sgt. Howard Dixon, of the Auxier road, and Pvt. Will Mosley, of Minnie. Pvt. Bill Smith, Jr., of Prestonsburg, is reported a prisoner. Two Floyd fliers have survived training flight crashes. They are Aviation Cadet Moses Hall, of Prestonsburg and McDowell, and Sgt. Joe Stephens, of the Auxier road. H. N. Cooley has resigned his place on the Floyd County Board of Education to return to his place in the school system—that of a teacher. Graduated Monday from Berea College: Linda Stephens, Robert Runnels (in absentia because of Army service), Gene Combs and Mabel Conley. Miss Naomi Goble, of the Prestonsburg high school faculty, has applied for service in the Woman's Marine Corps. Difficulty in procuring meals and other foodstuffs under wartime rationing was given this week by R. D. Ball as the reason for the closing of Dick's Cafe here. There died, Thomas H. Latham, 58, Saturday at an Ashland hospital. Mrs. Caldonia Stumbo Conn, 55, four of whose sons are in Army service, Sunday at Printer; Frank Music, 24, of Auxier, Saturday at a hospital here; Mrs. Ella Chaffin, 58, formerly of this county, Saturday on Rock Fork, Knott county; Ward Frazer, 24, last Wednesday on Brush Creek; Mrs. Rebecca Mullins, 37, Tuesday at Irwin; Mrs. Virginia Johns Smith, 40, of Baby Layne, last Tuesday at Rhesville; Andrew J. Stumphert, 67, Saturday at Dewey; Bart Menden, 52, May 27 at Baby Layne.

## Ten Years Ago

(June 4, 1953)

A freak storm last Sunday hit Floyd and Johnson counties, wrecking a part of the installations at Dewey Lake boat dock. Two Weeksbury men—Henry Fields, 49, and John O. Ballard, 42, were killed Monday in a car-truck collision in Indian Creek, Monday. A successor to Dr. Marvin Ransdell, head of the Floyd County Health Department who died recently, is expected to be named at the June 16 meeting of the County Board of Health. Gordon Moore, former county school supervisor, has been awarded a fellowship to teach during the summer session of the University of Florida. Work on the Howard Branch road to link Maggins county with David and the Middle Creek section of the county has been promised this year. County Judge Henry Stumbo said this week. Depth of Dewey Lake will be increased five feet, as has long been requested, if damage releases from utilities companies in the area can be procured, the Corps of Engineers announced this week. Married: Miss Betty Jean Ratliff, Pikeville, and Mr. Edward Graham Sellards, of Mare Creek, May 22 at Banner.

# FELLOW FLOYD COUNTIANS

The support which you gave me in my successful race for Circuit Judge is heart-warming, and I thank you and I offer our sincere thanks.

Probably the worthwhile value of a political campaign is the presentation of issues which affect our county. I have discussed with you some of these problems and I look forward to our joint effort in reaching a solution.

My opponent can take credit for a hard-fought campaign, conducted in the best tradition of Kentucky politics. I join with him in offering my enthusiastic support to all of the Democratic nominees in the coming November election.

Let us now join hands to face our common problems and secure the future for our children and the good of Floyd county.

Again my sincere thanks,

Your friend,

Mrs. Nellie Martin Webb, Descendant of Pioneer Settlers

This picture of Mrs. Mary Martin Webb, wife of Ben Webb, was made in 1900 near Allen. The scene reflects graphically a bit of life on Floyd county farms at the turn of the century. Mrs. Webb and her husband were engaged in merchandising for over 50 years.

Mrs. Webb was the oldest of ten children of Marion F. and Caroline Mayo Martin, pioneer settlers. Mr. Martin held title to a vast area of Beaver Creek land which included the site of the present town of Wayland. It was near Wayland that the pioneer, William Martin, settled about 1800.

The First National Bank salutes the early settler families and their descendants who have contributed so much to the development of our region.

### BABE DIES

Turner Ramey, Jr., two-month-old son of Turner and Della Stone Ramey, of Garrett, died Tuesday at Our Lady of the Way hospital. Besides the parents, he is survived by one sister. Funeral services were conducted Wednesday at the graveside, the Rev. Merin Stone officiating. Burial was made in the Ramey cemetery at Bolen, Ky., under the direction of Hall Brothers Funeral Home.

Bobby Fischer of Brooklyn, winner of the U. S. chess championship five times, was launched on his career at age six. Reader's Digest reports, when his sister bought him a \$1 chess set. A chessboard with all pieces in place has stood beside his bed ever since. He is one of the 60 odd players in the world to bear the title of grandmaster. Only nine of these are Americans.

touchiest aspect in negotiations. He said:

"It is a very sensitive situation. It is an unusual situation, almost a desperate situation which requires a solution."

Some high state officials tried earlier to get the U. M. W. to turn over the hospitals to some other group without charge. The effort reportedly was rejected quickly and decisively.

Despite this deadlock between the undersecretary and the mine union negotiators, Representative Carl D. Perkins expressed confidence the hospital agreement would eventually be worked out.

Roosevelt said the Presbyterian board was "technically" the applicant for a purchase grant but would operate the hospitals in Kentucky, West Virginia, and Virginia on a nonprofit basis through a non-sectarian subsidiary.

Roosevelt said he had been told that the Fund "considers that its \$9,500,000 demand price cannot be reduced and further explanation and justification is not required."

I consider that our position that the mine fund must be present as either a party to or at least an observer at the negotiations is a minimum acceptable condition to further consideration of this application.

Neither the U. M. W. nor the Presbyterian board would comment specifically on Roosevelt's statement.

This is the U. M. W. welfare fund's viewpoint as outlined Tuesday:

It has a \$27,000,000 investment in the 10 hospitals. But after months of negotiations with the Presbyterian board, a price of \$9,500,000 was set on them, and the church group agreed May 1 to buy the facilities if financing could be arranged.

In order to fulfill its part of the "understanding" with the Welfare Fund, the mission board sought a purchase grant from A. R. A.

The U. M. W. agency did not feel it could contribute anything to the negotiations between the other two parties.

In the May agreement, the church group set a target date of October 1 for its takeover of hospitals at Harlan, Hazard, Whitesburg, Middleboro, and McDowell, Ky.

Ownership of the other five, at Pikeville, Beckley and Williamson, W. Va., and Wise, Va., would be transferred to the missions board by July 1, 1964.

After this "understanding," the mine fund held off sending out closing notices to the hospitals at Whitesburg, McDowell, Hazard, and Middleboro, which had been scheduled to shut down July 1.

use the new funds for the construction of area vocational schools and make provisions for vocational training for the unemployed adult and out of school youth. The new fund provided by the bill would not have to be matched, except where used for vocational school construction in the first year. After the first year matching on a 50-50 basis would be required. States have been overhauling federal vocational education funds by as much as \$10 to \$15 in some training programs in an effort to meet the great public need.

The bill would make permanent Title VIII of the National Defense Education Act which authorizes \$15 million annually for programs to train highly skilled technicians. This provision was due to expire in fiscal year 1964.

It also makes permanent Title II of the George Barden Act authorizing funds for practical nurses training which otherwise would have expired in 1965.

The bill gives the states a greater latitude in fitting vocational training for job opportunities in the states by permitting transfer of funds from vocational education categories to other occupational fields when greater job opportunities opened up in other fields.

## LEAGUES SCHEDULE MEETING PRIOR TO PLAY

Garrett, Ky., June 3 (Sp.).—The president of Floyd County's two baseball leagues for teen-age boys, Shelby Draughn, has announced that there will be a joint meeting of these leagues Friday night, June 7. The meeting will be held at the Garrett school building and will begin promptly at 7 p.m. Managers, coaches, sponsors and other interested persons from the seven towns which have teams in the Babe Ruth League are expected to attend as well as those from the four towns with Connie Mack teams. Each manager will present his team roster and players' individual birth certificates at the meeting. Plans will be completed to get the 1963 season under way next week.

This group met at the Garrett school last month and elected the officers for the two leagues. Shelby Draughn, of Garrett, was named president of both leagues. Carlos Watkins of Hindman, was named vice-president of Babe Ruth; Paul Eager, of Prestonsburg, was re-named secretary, and Rudolph Wicker, of David, was re-named treasurer. Dr. W. Hugh Smith, of Pikeville, was named vice-president of the Connie Mack League. Elected to serve on

the board of directors of the newly formed Connie Mack division were Bill Zollers, Pikeville and Forrest Newsum, Wheelwright. Other will be named at the meeting Friday night.

Babe Ruth League play will get under way Monday, June 10, while Connie Mack teams will start Saturday, June 15. Babe Ruth play will be on Mondays and Thursdays as in the past. Babe Ruth games will be at 7 p.m. Doubleheaders on Saturdays will be played on Saturdays and Sundays. All Babe Ruth games start at 5 p.m. Connie Mack Saturday games will be at 2 p.m. and Sunday games at 3 p.m. Doubleheaders on Sundays will start at 2 p.m. Babe Ruthers will play 12 doubleheaders while Connie Mackers will play 11.

A 1-game schedule plus an All-Star game at Wheelwright, July 27. It will be won by Babe Ruth scheduled play, but a league play-off will follow the district tournament.

## Conservation Camps To Develop Reliance In Boys and Girls

The opening of the Conservation summer camps is at hand. Often we have been asked to explain the benefits of these camps and to answer this question adequately would take up much more space than is allotted. One of the greatest benefits to be derived by the boys from their one week stay at either Camp Wallace on Lake Cumberland or Camp Currie on Kentucky Lake is that of self-reliance. Many of these youngsters, boys and girls, have been held to the apron strings of their parents so closely that they have not been privileged to make a decision for themselves. To be sure, at these camps they are not turned loose to run and romp and do as they please. They are under strict rules and regulations as administered by competent camp personnel but, on the other hand, they are not coddled. They are told the rules and they are expected to abide by them of their own volition. They know that if they do not of their own initiative abide by these rules, that they must suffer the consequences. And reliance is therefore built into their minds and they are most happy usually, to, without prodding or cajoling, abide by their rules, because there is about such action a pride in doing something for themselves.

So, in their minds, they are experiencing something new. They are being counted on to perform a given duty and they are free from the "home rule" shackles that they give their all for the sake of Ole Camp Wallace or Camp Currie. It builds in them a feeling of pride or group spirit, that they have not before experienced. It is much like the youngster who for the first time makes the basketball squad at his school. It is a great day.

At either of these camps there is a round-the-clock schedule which the youngster is to follow. The schedule is explained and posted but then the boy is put on his own, more or less. He is expected to follow this schedule without further explanation. Camp personnel is standing by to see that he does. It's only when he does not, that he gets in trouble. But, you'd be surprised at the small number who get in trouble. They follow the schedule because they are expected to and faith has been placed in them in this endeavor.

Yes, if the camps accomplished nothing else for the boy, that self-reliance that is generated in this formative mind undoubtedly is well worth the costs involved.

## Floyd Men Are Honored At Pikeville Exercises

Pikeville, Ky., June 3 (Sp.).—Two young Floyd County men took high honors at Pikeville College's commencement exercises here Sunday. Ray Jones, Bevinville, toppling boy among the 78 graduates, was awarded a medal for academic excellence. He had a standing of 2.47 (quality credits per semester hour) in his entire college course. Freshman Porter Layne, of Harrod, valedictorian of Betsy Layne high school, also moved to second on Chippier Miller's single. A walk to Jordan then landed the bases. Bernie Daniels hit a long drive that barely eluded the outstretched arms of the centerfielder and the Tom Cat shortstop moved into third with a triple as three runs scored. William then shot a line drive single to right field to score Ashland's final run of the inning. The winners opened the scoring in the second inning when pitcher Turner, who was also a standout on the McDowell basketball team, drove a long double to left field that scored two runs. Then he homered on a single by Ratliff on the left field line. Ashland's other scoring came in the third inning when Yancey led off with a ground ball to shortstop and was safe on a bad throw to first. Gayle Bonar was safe at first when Yancey was forced at second.

**Record Class Graduated At Eastern, Martin Says; Dr. H. W. Hill, Speaker**  
Richmond, Ky., May 31.—Degrees were awarded a record graduating class of 562 at the 55th spring commencement of Eastern Kentucky State College Wednesday of last week. President Robert R. Martin announced.

The previous record number of degrees conferred by Eastern was 486, awarded at the 1962 spring exercises. Another class will be graduated at the summer commencement Aug. 1. Dr. Henry W. Hill, president-elect of George Peabody College, held Sunday (May 26) was Dr. Henry W. Carpenter, minister-cum-sacral of the First Christian Church, Louisville. Both programs were held in Hiram Brock Auditorium. Degrees were conferred by President Martin on 54 candidates for the master of arts degree, Nashville, delivered the commencement address. Speaker for the baccalaureate services, held Sunday (May 26) was Dr. Henry W. Carpenter, minister-cum-sacral of the First Christian Church, Louisville. Both programs were held in Hiram Brock Auditorium.

### Thanks for Support

### Mrs. Frances Sturgill, Former Floyd Resident, Dies in Lawrence-Co.

I take this means of expressing my sincere appreciation for the support given me by my friends and relatives in the recent Primary Election campaign. Victory would not have been possible, had it not been for these and their help.

I further state that I do not intend to abuse the power of the office of Commonwealth's Attorney by seeking personal revenge upon any person. My opponent and his supporters had a Constitutional right to make every effort to defeat me, and I do not harbor any ill-feeling or making toward him, or those who supported him.

My family and I deeply appreciate your splendid support.

Your friend,  
HAROLD STUMBO

(Adv.)

Mrs. Frances Sturgill Howell, 91, formerly of Floyd county, died Saturday at Castle Park Rest Home, Lawrenceville, Kentucky. She was the widow of Lee Howell, who preceded her in death in 1933, and the daughter of Joe and Loretta Lewis Sturgill. She was a member of the United Baptist Church for 40 years.

Surviving sons and a daughter are Fred Howell, of Cliff, the Sturgill, of Olive Hill, Everett Sturgill, of McRoberts, and Mrs. Nettie Deatley, Fort Pierce, Florida. Surviving brothers are James Sturgill and Malcolm Sturgill, both of Ashland, Marion Sturgill, of Blaine, and Tom Sturgill, Salem, Oregon.

Funeral services were held Monday at 1 p.m. at the home of her son, Fred Sturgill, the Revs. Wallace Culhoun and Alex Stephens officiating. Burial was made in the family cemetery on the Left Fork of Abbot Creek under the direction of Carter & Callahan Funeral Home.

### Sugar Shortage Rumors Unfounded, USDA Says; Supplies Are Plentiful

Rumors of a sugar shortage in the United States are unfounded, according to the U. S. Department of Agriculture.

The sugar needed for United States consumption is either in hand or in sight, USDA emphasized.

"A relatively tight situation in world sugar supplies early this year created uncertainty in the market and gave speculators a chance to bid up prices," noted Charles S. Murphy, Under Secretary of Agriculture.

Recently, USDA has received new assurances from foreign countries supplying sugar to the United States that they will fulfill their quota commitment. In addition, the United States has access to supplies throughout the world through the global quota system.

"Sugar already on hand or committed to the United States for 1963 totals 500,000 tons more than last year's entire national consumption," Murphy said. He went on to point out that the speculative "bubble" in the sugar market is bound to burst in the face of this plentiful supply.

"Speculators may be able to keep the bubble going for awhile, but not for very long."

Recently announced plans for Congressional hearings on the current sugar marketing situation "will show that U. S. sugar supplies are going to be plentiful and will help restore stability in the sugar market," he said.

USDA officials indicated that the only way a shortage could develop would be for consumers to hoard sugar supplies and warned that people who load up with high-priced sugar may sustain losses when the price goes down.

### DeRossett Thanks Voters

I wish to take this means to thank all of the voters who so loyally supported me in my race for Circuit Court Clerk. I hold no ill will against my opponents or their supporters. The race was clean and conducted by all of us in an orderly solicitation of votes. That it was NOT otherwise is a compliment to my opponents.

I urge all of my friends to support the Democratic ticket this fall and I pledge to you that all promises I have made will be fulfilled.

Sincerely,  
FRANK DEROSSETT

### Congratulates the Winner

Last week in The Floyd County Times I congratulated the winner in the race for Circuit Clerk. I never, I didn't mention the name of the winner, as I anticipated a re-echo of the voting machine, which was checked on the 30th of May, and which resulted in a gain of one vote for David Hereford, leaving Frank DeFosselt with a majority of four votes.

Now, my congratulations go to Frank DeFosselt, the winner, who was a long time in the race and hard work and all the money he and his friends could muster together and the other candidates of course did likewise.

I have offered my services to Frank for a year or more, free of charge and without one penny of cost to him, which I would have done for David Hereford. I am well aware of the fact that neither of them could do or start with a knowledge sufficient to operate the office as it should be. I have been more than thirty years gaining the knowledge I have to operate this office as it should be and to the satisfaction of the lawyers who practice here. I wish Frank well in his new undertaking and hope that he will make a splendid clerk and keep up the work as required, which is to do the work of a new owner to this office. I sincerely hope that he will not disappoint the people in his efforts and give the service required because upon his service and efficiency his future will be based. The service I have given to the people in this office has been the hardest and most difficult positions I have ever held. I know that when I was first elected to this office, I was so badly disgusted that I tried to sell it to Jonathan Fitzpatrick, who offered me \$12,000 and I asked him \$15,000, and we split on \$18,000. I was teaching school at that time and had a little mountain farm on the Spout Fork of Middle Creek and turned to return to it. A lot of people who know better will ask and request Frank to do things he is not permitted to perform under the law. The law must be followed or something detrimental can and may happen.

I was a supporter of this Administration and I have always conscientiously followed the administration in power, and I put more than \$20,000 into it and brought it to the benefit; notwithstanding a lot of people placed me with Chandler and many tickets were printed and handed out on the day of the election, and in precincts where Hereford seemed to be on top his name was placed and in others where Frank seemed to be the strongest his name was placed. I have some of the tickets showing the procedure while I had nothing to do with it, but I am not trying to be neutral as between the race for Governor, but it didn't work that way.

So Frank goes my wholehearted support and all the help I can give him in his efforts as Clerk and without any compensation or pay. I am not broke by any means. A lot of my friends feel that perhaps I am, but such is not the case. I can make another race anytime I so desire, although this one cost me \$2,000 I make money out of it. The Clerk's office in real estate, the stock market and many other ventures.

So send back to you, Frank, and with all my heart I hope for your success because upon your performance as Clerk will depend your future career as a politician or as an educator. All of which I submit to you for your kind consideration.

With The Times for more revealing facts will follow. I have nothing to tell but the truth and as it happened.

## Wright Joins Air Force Medical Program

Chicago (Spl.)—Ballard D. Wright, a junior at the University of Kentucky College of Medicine, was inducted into the U. S. Air Force in a special ceremony on the floor of the exhibit hall at the 13th annual meeting of the Student American Medical Association, here May 1-5.

Wright, 26, a native of Prestonsburg, Ky., received notice of his acceptance in the Air Force sponsored senior medical student program while serving as a delegate from his medical school's SAMSA Chapter to the convention.

He was sworn in at 10 a.m., Saturday, May 4, by Major Harry P. Neely, USAF MSC, Chief of Medical Procurement, and Lt. Col. A. M. Donnell, Jr., USAF MC, Chief of Medical Education, both of the Office of the Surgeon General, USAF, Washington, D.C.

In the Air Force program Wright will be placed on active duty during his senior year, receiving the pay and allowances of a second lieutenant. After medical school Wright may intern at one of the Air Forces' seven teaching hospitals on a 12-month rotating internship.

## Additional Federal Aid Allocated for Repairs

An additional \$1,730,000 in federal funds has been allocated for emergency repairs to public facilities in Kentucky counties stricken by March's disastrous flood.

Gov. Bert Combs received word of the allocation from President John F. Kennedy. The President's telegram to the Governor also said that additional funds will be provided if they are needed.

The new allocation brings to \$2 million the amount of federal money made available for repairs to facilities such as schools, bridges, roads, and water lines. Most of the money will be utilized in Eastern Kentucky where flood damage was more severe than in any other part of the state.

State Civil Defense officials said requests for aid from cities and counties declared disaster areas as a result of the flood have totaled about \$1 million, so far, and that new applications are being made almost daily. Local governmental units must file applications for aid by June 11.

## Stanley-Howard Vows Announced At Meta

Meta, Ky.—Mr. and Mrs. David Stanley, of Meta, Ky., are announcing the marriage of their daughter, Juanita Stanley, to Quentin Gene Howard, son of Mrs. Shirley Howard, of Haroid, Ky., and L. B. Howard, of Eastern, Ky.

The ceremony took place Saturday, May 4, at the home of the bride's parents in the presence of relatives and a few close friends. The Rev. Jonah Ester Williamson officiated.

The bride wore a light blue bouffant frock with white accessories and she carried a bouquet of white carnations. Miss Janice Stanley was her sister's maid-of-honor, and Wall Hamilton, the groom's uncle, served as best man.

For her daughter's wedding the bride wore a light blue bouffant frock with white accessories.

A reception followed the ceremony. Refreshments, consisting of the traditional wedding cake and punch, were served.

The bride is a graduate of Johns Creek high school and is presently employed at the G. C. Murphy Co., Pikeville. Mr. Howard is a graduate of the Foundation School of Berea College and is employed by Gillespie's Service Station.

After a short wedding trip, the newlyweds are residing at Haroid.

## EDUCATION COST LESS PER CHILD IN REGION

Kentucky expended \$250 annually on each child in average daily attendance in the school year of 1960-1961 but the average for the nation was \$390. Floyd County spent \$209.85 to earn the rank of 106 in the 120 counties. Nelson county led the state with first place expenditure of \$185.96. Bardonia, in the same group, exceeded even that by spending the sum of \$133.79.

The pattern for the larger expenditures is for the most to be expended in the central part of the state and the lowest amounts in the poorer eastern section but this doesn't altogether hold true. There is a contrast between Perry county, the lowest in the state, with only \$174.67 expended and Hazard, the county seat, which spends \$250.82 on each child in average daily attendance. In Scott county this condition is reversed. The county spent \$280.58 on each child, considerably above the state average but Georgetown in the county dropped \$50 lower to \$230.63. Woodford county ranks second with \$224.24 expended with Bourbon county, third, spending \$222.29.

## Berea Junior Class Elects Miss Robinson

Berea, Ky., May 25 (Spl.)—Miss Ruby Jean Robinson, daughter of Mrs. Nan Robinson, of West Prestonsburg, has been elected junior class secretary for 1963-64 at Berea College, Berea, Kentucky.

Today's carnation is the product of centuries of effort. The large, double, perpetual-flowering carnations of today were originated by a French botanist about 1840 and were introduced into the U.S. about 15 years later. Since then, intensive hybridization, and selection in this country have produced many varieties and strains. A recent development in carnations is the miniature spray type, which has several small flowers on a single stem, upon chrysanthemum.

The highest amount expended per child in the state was in the independent school district of Anchorage. The figure was calculated at \$299.60, far above that of Jefferson county which takes fourth place in the county rank with \$212.78.

It was in the eastern section of the state where the amount spent on each child dropped to the lowest points. Perry was at the bottom, with \$174.67, spending \$173.30, taking the 119th place and Letcher, spending \$184.22. Jenkins, with an independent district within Letcher, spent \$271.10. Knott spent \$198.73.

The figures are from "Where Does Your Community Stand in Supporting Its Schools?" issued in January by the College of Education, University of Kentucky, Lexington. "This report is not presented under any assumption that money per se is what makes a good school nor that districts should race with each other toward any standards, financial or other. We do assume, however, that comparisons are sometimes meaningful and significant and that wise communities can do another of equal ability should be able to do though whether it should or should not be another matter. We assume that money has something to do with determining how well schools are able to operate."

The report was written by Paul P. Green, director of Bureau of School Service, James Trevelton and Bonnie Hume.

Eight other facts of Kentucky education were studied and the findings issued in the report.

More and more people are moving their saving accounts to The Bank Josephine now than ever before.

• Your deposits in this bank are insured up to \$10,000 by the Federal Deposit Insurance Corporation.

• All deposits made in your savings account on or before the 10th of the month earn interest from the 1st of this month and every month.

• Interest is computed for each month on the highest continuous balance, and is automatically credited to your account on June 1 and December 1.

• If you ever want to borrow, your savings account is a good loan collateral as there is.

• Interest at annual rate of 4% is high—federal regulations permit any bank to pay.

**BANTAM WEIGHT BEAUTIES by AMERICAN TOURISTER**

Nothing chicken about this good looking, lightweight luggage. American Tourister's modern molded body is built to take punishment. And its covering is so tough you can scrub it with a wire brush. The handle is foam-rubber cushioned for comfort. And the rugged cam-action locks can't snap open, no matter what. Five colors: Golden White, American Blue, Silver Dusk, Princess Tweed, Cavalier Brown. Ten sizes, for men and women. American Tourister Tri-Taper® (flight tested by American Airlines)

WEAVE A WEB OF BRIGHT, CHEERFUL STYLE SORCERY

New Raeford 2/80's "Web Weaves" catch admiring eyes with a smart, neat, design "dimension" that adds brightness to new Browns, Old Blue and Gray hues. Luxury never came any cooler than in Raeford 2/80's finest-ever weaving of wool (that's rarer than cashmere) and "Dacron", and styling never came any smarter than in Varsity-Town's expressive Vanward modeling.
