## This Town— That World

"God has helped us," says Khrushchev, the atheist. Isn't this rather expressive of the utter insincerity of the man? This is the fellow who vows he wants peace.

### ODE TO MR. K

We come forth with a first! This visit of Khrushchev's has failed to inspire any other to burst into verse, but, gripped by the muse as we saw a favorite television program give way to a telecast of one of his tours, fancy took us for a ride.

Out came the rhyming dictionary, down came the tousled hair over the eyes (via poetic license), off we took and up Parnassus we dashed, looking for a high precipice from which to leap. And these deathless lines emerged:

Oh, Mr. K!  
Won't you stay  
Away?  
(Signed) N. A.

### WONDERFUL SEASON

In a finer poetic strain are these lines dropped on our desk: Fall is the time when trees prepare for winter's sleep in the nude. . . when dusk's yellow light makes colors brighter than bright. . . when God looks at His other creation, man, through gold and yellow and orange and all the myriad colors of Nature's adorning. . . when leaves, like a traffic light, change from green to yellow to red. . . when comes the three-quarters turn of the seasonal wheel to frosty winter. . . autumn, the beautiful gift of God, a golden brick in man's cobblestone street.

Are there fish in Dewey Lake? We wouldn't know. But, as of this present writing, we know there are plenty on the lake.

### AIRPORT IS NEEDED

At last convinced that the airplane is here to stay, we heartily endorse the idea of a community (See Story No. 2, Page 8)

## GROUP TALKS OF PROBLEMS

**Educational Deficiency  
Discussed in Conference  
Held Monday at Pikeville**

A total of \$15,000 has been given in four yearly grants toward support of the schools being operated by the Floyd County Council for Retarded Children at Martin and Prestonsburg.

Children from this area, as well as the rest of Kentucky, were benefited by grants totalling \$214,481 to agencies serving the afflicted young on a statewide basis. These grants included \$37,308 for projects at Central State Hospital, operated by the Kentucky Department of Mental Health; \$38,000 for the inauguration and operation of a cancer clinic for children at Children's Hospital; \$70,500 for purchase of artificial limbs and treatment of severely crippled children at the Rehabilitation Center in Louisville; \$26,153 to the Kentucky School for the Blind, which included construction of a kindergarten; \$14,800 for training of teachers who deal with handicapped children.

These grants underwrote workshops at the University of Kentucky and the University of Louisville; \$10,500 went to the Kentucky Society for Crippled Children toward support of its program for youngsters with speech and hearing handicaps; \$9,000 to the Cleft Palate and Harelip Foundation Clinic; \$5,400 to the Dental School at the University of Louisville for treatment of cerebral palsied children, as well as those suffering from cleft palate and harelip afflictions; \$2,500 to equip an operating room at Children's Hospital; and \$1,700 to the Kentucky Association for Retarded Children.

## DORSEY SAYS POLITICS GIVES PARK SETBACK

**Minister Here Speaks  
At Frankfort Meeting;  
Music Sketches Plans**

"We've been set back about 15 years in the last two months," the Rev. Harold W. Dorsey, pastor of the First Methodist church here, told the Kentucky Parks Committee in its meeting at Frankfort Monday in a discussion of conditions and needs at Jenny Wiley State Park at Dewey Lake.

The minister told the committee, a group of private citizens interested in parks development, that politics is holding back the growth of the Floyd park. "Our park has been used too much as a political football," he declared.

He did not elaborate on that statement. He did say, however, that many Floyd countians are unhappy over the state's leasing the state park boat dock to a private individual.

Wayne Stumbo, present manager of the state park, will begin operation of the boat dock, Oct. 1, on a 12-year lease granted him by the state.

The Prestonsburg minister said the state bought the boat dock from private interests only four or five years ago. "Now, after all this good work, the Administration comes along and puts it back into private hands. This is a tremendous setback."

Discussion of Jenhy Wiley State Park came toward the close of the (See Story No. 6, Page 3)

## RAIL EMPLOYE RULED SUICIDE

**Smith Death at Martin  
Caused by Asphyxiation,  
Coroner's Jury Decides**

Arthur Collins Smith, 51, of Martin, died between 9 a.m. and midnight Monday at his home in Martin, and a jury empaneled by Coroner James J. Carter ruled death was "suicide due to asphyxiation by gas."

Smith's body was found in the bathroom by his wife early Monday morning with a towel over his face and the open end of a flexible gas line under it.

He was a conductor for the Chesapeake & Ohio railway and a veteran of World War II. A native of Hanging Rock, Ohio, he was a son of the late Willie and Laura Belle Warner Smith.

Mr. Smith was twice married, his first wife, Juanita Franks Smith, preceding him in death. His second wife, Vera Cavins Smith, survives. Also surviving are a son and four daughters: Arthur Smith, Jr., Jackson, Mich.; Mrs. Jeanene Martin, of Minnie, Carol Sue, Debra Ann and Karen, all at home. He has no surviving brothers or sisters.

Funeral rites were conducted today (Thursday) at 1 p.m., from the First Baptist church at Martin and burial was made in the Martin cemetery under the direction of Hall Brothers Funeral Home.

## Dewey Lake Poacher Fined Here Last Week

Convicted of poaching on the Dewey Lake game refuge, John H. Jarvis was fined \$36.50 last week by the Floyd quarterly court. He was arrested last Wednesday by Conservation Officers Raymond Copley and Don Meade.

Poaching, particularly on the squirrel population, has been severe this year, and conservation officers have found it difficult to find illegal hunters in the protection of heavy timber and undergrowth.

Also jailed within the week: Ellis McCoy, breaking and entering, arrested by Policeman Kelly Frasure; Ray Collins, drunk driving, booked by state police; Hugh Purkey, drunk driving, arrested by Deputy Sheriff Harold Johnson; Farless Keene, child desertion, arrested by Deputy Sheriff Joe Wheeler Lewis and held for Perry county authorities.

## DEMOS OPEN FALL RACES

**Meeting Attracts 6,000  
At Bardstown; Combs  
Answers Tax Issue**

A demand that his opponent be honest with the voters was voiced by Bert Combs, Democratic nominee for Governor, as Kentucky Democrats opened their fall campaign Saturday.

The Democrats "make no false promises; we seek only to be honest with you," Combs told several thousand persons in a rally at Bardstown.

"In contrast," he added, "the Republican candidate for Governor is attempting to deceive the voters at the very outset of his campaign."

Combs declared that the tax program of John M. Robison, "will become notorious as the Robison Tax Dodge." He said: "The Robison tax program is a political smoke-screen, laid down to deceive and mislead the people. It is a hoax deliberately concocted by an imported political propagandist who knows nothing of the needs of Kentucky and cares less."

Combs explained that his opponent actually promised only to postpone increasing taxes during the first 90 days of the new year, 1960. After that, he added, Robison can call a special session of the legislature "to saddle you with the highest taxes in the history of Kentucky."

He asked: "Can you trust a candidate who, at the very outset of his campaign, tries to hoodwink you with a tax dodge which insults your intelligence?"

As for himself, the Democratic candidate asserted, "I am not going to demagogue the tax issue" because "such demagoguery would make me unworthy of the people's trust, and I value that trust even above the Governorship."

He said he had been honest with the people and added: "Today, if I believed new taxes were necessary, I would speak out and tell you so."

Combs chided the Republican candidate for "piffling" the Democratic platform, plank by plank, and commented: "Truly, the historians will label this performance (See Story No. 7, Page 6)

## FINAL FAIR PLANS MADE

**Entertainment Chairman  
Says Amusement Firm  
To Schedule Kids Day**

Final plans for the last county fair to be held in this area this year—Floyd county's seventh annual agricultural exhibition—were formulated this evening at the high school gymnasium here.

"This year's fair will be only as good as the farmers, gardeners and homemakers want it to be," K. R. Howard, board chairman, said. "Everyone who brings an exhibit will be adding to the exhibition's success. The big value of exhibiting isn't in the prize money received but in the satisfaction of being a part of Floyd county's biggest agricultural, industrial and educational exhibition."

First exhibits may be entered at the gym Wednesday of next week before 6 p.m., it was noted. Livestock and poultry will be received Saturday, Oct. 3, until 11 a.m.

"There will be space provided so that each Homemaker Club can have a booth exhibit," Miss Frances Howland, home demonstration agent, said. "Prize money will be given for this. The exhibit can be made up of articles made by the members, including canned and baked goods, crafts, sewing and other items."

Miss Howland noted that the Homemakers may also enter in the open class display which will include the above offerings and art, flowers and baking exhibits.

The Gooding Amusement Company, Columbus, Ohio, will provide rides and other entertainment for (See Story No. 4, Page 6)

## DISTRICT UMW MEN ACCUSED

**Beane, Combs and Castle  
Under Bond in Blasting  
Of Pikeville Coal Ramp**

Two high-ranking union officials and a field agent were held to the November grand jury at Pikeville Tuesday at the conclusion of their examining trial in Pike county court.

They are accused of dynamiting the Pikeville coal-loading ramp of East Kentucky Collieries shortly after last Thursday midnight.

The three are C. E. "Ed" Beane, vice-president of District 30, United Mine Workers of America; Mat Combs, the district's secretary-treasurer; and Joe Castle, a field agent or district representative. All live in Pikeville.

The original bonds of \$10,000 each were reduced to \$7,500 for Castle and \$5,000 each for Beane and Combs. Each also was placed under a \$500 peace bond by County Judge Ervin S. Pruitt, who presided at the examining trial.

Signing the bonds were Carson Hibbitts, president of District 30; his brother, Thurmon Hibbitts, salaried attorney for the union; and F. M. Burke, one of the defense attorneys.

Former Congressman John Y. Brown, Lexington, conducted the defense. He introduced no witnesses.

## Spradlin Home Razed By Fire Monday; Seven Made Homeless, Noted

The home of Darwin Spradlin, West Prestonsburg, was destroyed by fire, between noon and 1 p.m., Tuesday. All furniture and furnishings were lost, it was said. The house stood in an isolated location and could not be reached by the Prestonsburg fire department.

The origin of the fire is unknown. Mrs. Spradlin had built a fire in the kitchen stove to prepare a meal and the blaze broke out almost immediately, Fire Chief Gray was told.

Spradlin, who is unemployed, is the father of five children. The loss of their furniture and furnishings leaves them in a destitute condition, Gray said.

The house was the property of H. T. Allen. The furniture was uninsured.

## X-RAY MOBILE TRAILER UNIT

**Scheduled In County  
In Tuberculosis Work;  
Places, Dates Listed**

The X-ray trailer, donated for use in Floyd and surrounding counties by the Benevolent and Protective Order of Elks, will be in this county from Sept. 29, to Oct. 9. All who are 20 and over are urged by the Floyd County Health Department to visit the trailer. Persons who have had close contacts with TB cases and have positive tests are especially urged to have an X-ray made.

According to Geo. P. Archer, M. D., chairman of the Floyd County Board of Health, a positive skin test does not mean that the individual has tuberculosis. It does indicate, however, that someone in his family or close acquaintance may have active tuberculosis to which he has been exposed.

A person under 20 years of age should come for an X-ray unless he has had a positive skin test, it was said. Exceptions will be made only at a physician's request. Also no woman in the first three months of pregnancy can be X-rayed at the mobile unit. Other pregnant women may come if they have had a positive skin test reading.

Since too much exposure to X-ray is harmful, medical and health department policy is to make X-rays of persons 20 years of age and over and of persons more likely to have been in contact with the disease, the health department notes. Teachers, restaurant workers, and others in contact with the public are often required by their employers or by law to have proof that tuberculosis is not present.

Schedule of the mobile chest X-ray unit is as follows: Tuesday, Sept. 29, Wayland; Wednesday, Sept. 30, Wheelwright; Thursday, Oct. 1, McDowell; Friday, Oct. 2, Martin; Tuesday, Oct. 6, Harland; Wednesday, Oct. 7, and Friday, Oct. 9, at Prestonsburg.

Hours will be 9 a.m. to noon and 1 p.m. to 3 p.m. except at Wheelwright where the hours will be 10 a.m. to noon and 2 p.m. to 5 p.m.

## SECOND BOARD IS APPOINTED

**Selective Service Work  
To Be Divided; Offices  
In Municipal Building**

A second draft board—Selective Service Board No. 166—has been established for Floyd county, it was announced this week.

Its offices are in the Municipal building here, which also is headquarters for the original Floyd draft board, No. 25.

Members of the new draft board are:

Clive Akers, Drift; John Crittenden Wells, Estill; Mike Little, Melvin; O. C. Howell, Allen, and Harry T. Hill, Prestonsburg. Mrs. Gloria W. Hager is local board clerk. Marshall Davidson serves the board as government appeal agent, and his father, Dr. A. J. Davidson, as medical adviser.

Draft Board 25, which operated for several years with only three members, has two new members, Ellis Martin, of Minnie, and Minor Pace, of Wheelwright. Its original members are Lawrence Keathley, of Martin, D. B. Arnett, Cliff, and B. L. Sturgill, Prestonsburg.

The new draft board will have jurisdiction over the areas served by (See Story No. 5, Page 4)

## ELECTION OFFICER LIST NAMED 2ND TIME OK'D

Two election officer lists were submitted last week to go into the County Clerk's election records before the list of officers who will serve at the November election in this county became official.

The first list was approved last Saturday. The last list which was official, was adopted Monday with Election Commissioners, Lon C. Hill and Josephine Evans and Sheriff Hershel Warren, commissioner ex-officio, signing it.

Asked "What is the story about two meetings of the Election Commission?", the Sheriff said, "I wanted to make some amendments." He declined to comment further on the selection of the precinct officers.

Names of those appearing on the "amended" list follow by precincts, names of the clerk, the two judges and sheriff appearing in order in each instance:

P'burg No. 1—W. A. Spradlin, Rebecca Ellis, Myrtle Pate, Richard Spurlock.

P'burg No. 2—Sam K. Hatcher, Bill Petrey, Dave Leslie, Virginia Stephens.

Depot—German Miller, John Frasure, Nora Fitzpatrick, James Greene.

Auxier—James Evans, Frank Burchett, Noah Porter, Johnnie Patton.

Middle Creek—Malcolm Johnson, Sage Frasure, Columbus Stone, Edgar Hale.

Spurlock—Hubert Stephens, Jim Tussey, Green Tussey, Malcolm Hubbard.

Lancet—Geo. W. Sizemore, Wm. Boyd, Bill (Vinegar) Goble, Lucy Stephens.

Buffalo—John R. Jarvis, Dick Burchett, Clyde Blackburn, Dod Blackburn.

Cow Creek—Bill Darby, Braxton Thompson, Jake Weddington, Nancy Patton.

Mouth Beaver—Felix Crisp, W. A. J. Carter.

## SHAD CONTROL WORK IS DONE

**Carter Says Bass Loss  
As Dewey Lake 'Treated'  
Is Unexpectedly Light**

Rotenone treatment of Dewey Lake was being completed today by employees of the Division of Game & Fish, Department of Fish & Wildlife Resources, under the direction of Bernard Carter, head of the division.

The operation was a continuance of the division's efforts to control the shad and rough fish population in the impoundment. It was said that this will be the last such treatment of the lake for at least two years and possibly for four.

Results up till Wednesday noon were good, with tons of shad and carp killed. The toll of bass and other game fish was low, Carter said. "Actually, we have killed fewer bass than is normally expected," he said.

The treatment, which is being done by boat, was halted Wednesday, second day of work, till noon while Carter kept a watchful eye on results up the lake and what might develop from a condition popularly described as "the water turning over." Upper half of the lake is at this stage now, and Carter delayed work below the Brandy Keg cove, fearing that a turn-over of the water might carry the poison to greater depths than desired.

(The water in a lake does not actually turn over, Carter said, although the condition created by temperature changes approximates that. When a few inches of water at the surface are chilled, with water below it retaining its warmth, the water action is similar to that of air. The heavier, cold water sinks as the warmer water rises.)

The deeper water downlake, however, is not "turning" at this time, and so the introduction of rotenone all the way to the dam was continued.

## FRALEY DEATH HELD MISHAP

**Body of Veteran Found  
In Middle Creek Sunday;  
Fall Blamed in Tragedy**

Death of Elmer Fraley, 36-year-old World War II veteran, whose body was found Sunday morning in Middle Creek at West Prestonsburg, was the result of an accident, a jury empaneled by Coroner James J. Carter held.

The body was found at 8 a.m., in about 15 inches of water, beneath the bridge connecting West Prestonsburg with the old county road on the opposite side of Middle Creek. The theory was expressed that Fraley fell from the bridge. His left side was bruised, and there was some water in his lungs, but members of his family were convinced there was no evidence of foul play.

After World War II the victim served with the U.S. Army of Occupation in Japan. Unmarried, he lived with his mother, Mrs. Susan Spradlin Fraley, on Town Branch, near here. His father was the late Clint Fraley. Survivors include his mother, two sisters and four brothers: Mrs. John Branham, of Prestonsburg; Mrs. James Miller, West Prestonsburg; Challe Fraley, of Lancet; Willie Fraley, Indianapolis, Ind.; Homer Fraley, Dayton, Ohio, and Forrest Fraley, address unknown.

Funeral rites were conducted Wednesday from the residence of the victim's mother on Town Branch, the Revs. L. P. Tussey, Charles Rowe, Ira McMillen and Harold Dorsey officiating. Burial was made in the Elliott cemetery on Abbott Creek under direction of the Carter & Callihan Funeral Home.

## INLAND AND PRINCESS TEAMS WIN CONTEST

Top honors in the 23rd Annual Safety Day Program of the Big Sandy-Elkhorn Coal Mining Institute went to teams representing Floyd county mining firms—The Inland Steel Company, Wheelwright, and Princess Coals, Inc., Princess Elkhorn Coal Division, of David.

The program, held Friday and Saturday at the Pikeville city park, was sponsored by the Institute with the cooperation of the Big Sandy-Elkhorn Coal Operators Association, The Kentucky Department of Mines and Minerals, The U.S. Bureau of Mines, Mayo State Vocational School and the United Mine Workers of America.

Inland Steel's No. 2 Wheelwright team, captained by Harrison Sparks, won first place in the Mine-rescue contest, and the company's No. 1 team, captained by J. P. Gibson, captured second place in the same division. Mine 21 of the Bethlehem Mines Corporation, of Jenkins, Kentucky, captained by Kelly DeSimone, won third place in the mine-rescue competition.

## MURDER TRIAL PANEL SOUGHT FOR GRIFFITH

**Venire of 125 Ordered  
For Possible Jury Duty  
After Panel Exhausted**

The death penalty was asked today (Thursday) by Commonwealth's Attorney Hollie Conley as a jury was sought for the trial of Kendall Griffith, of Bevinville, who is charged with murder in the shotgun slaying of his son-in-law.

The regular jury was exhausted by noon today, and the sheriff was directed to summon 125 veniremen to appear here tomorrow morning.

Fifteen persons have been convicted within the week in the Floyd circuit court, with 12 of these drawing pen terms.

Last conviction was that of Leslie Franklin Akers, 16, who pleaded guilty early Wednesday afternoon to a charge of raping a 13-year-old girl. He was given a two-year pen term. Akers's plea was made after half the day had been spent in empanelling a jury for the trial of his case.

Two of the pen terms have been probated by Circuit Judge Edward P. Hill. These are a one-year sentence of Harrison B. Johnson on his guilty plea to child desertion, and the five-year term of Orville Harris, who was convicted of falsifying in a Prestonsburg liquor case. Johnson was probated on the grounds that he pay to his family \$30 a month.

Two Floyd youths, Gory Porter, entered McCoy and Samuel Foley of breaking of guilty to four cases received a 30 entering and each count, their year term on each entry or for ms to run consecutively. When a total of four years guilty to three tier Ratliff pleaded obtaining goods charges of tense, he was given three pre-terms but his sen, three five-year concurrently. es are to be

Others convicted:

Heston Scarbury, child desertion, one year, and grand larceny, one year, the terms to run concurrently; Wilbur Gibson, breaking and entering, one year; Dallas Howell and Kenneth Dye, two years each on pleas of guilty to charges of breaking and entering; Irton Lafferty, selling whiskey, \$40 and 30 days in jail; Paul Johnson, assault and battery, \$100 and 10 days in jail; Arthur Dudley, possessing beer, \$50 fine and 30-day jail term.

Grace Burke Fields was acquitted of a charge of forgery, and a second forgery charge against her was continued till the January term. Hung juries resulted in the trials of James Campbell and John D. Collins, each charged with child desertion. Bonds of three were forfeited when they failed to appear for trial. Defendants, charges against them and amount of bond of each follow: Lee Hall, grand larceny, \$1,000; Minnie Horn, robbery, \$1,000; Ted Thompson, breaking and entering, \$2,000.

The grand jury returned Wednesday for the last three days of its session but had not reported new indictments to the court, Wednesday afternoon.

Cases dismissed and reasons given for dismissal:

Eldon Howard, cold check, Brice Carter & Callihan Funeral Home. (See Story No. 3, Page 8)

Representatives of Civic Groups Tour Park

The directors of the Pike County Chamber of Commerce and representatives of civic groups from Prestonsburg, Paintsville and West Liberty toured Dewey Lake and Jenny Wiley State Park, Tuesday of last week. Guests of the Hayes Metal Products Company, of Hi Hat, they were piloted on the lake tour by Judge Ray Holbrook, of Magoffin county, in his boat, The Andante.

# It's Back-To-School Time Again DRIVE WITH CAUTION!

**SLOW DOWN... AND LIVE!**

**THE LIFE YOU SAVE MAY BE A CHILD'S!**

School bells are ringing, and our streets and roads are filled with children heading back to school! This means that you, a driver must be extra-careful, extra-alert! Drive slowly for the sake of your children — **YOUR CHILDREN!** Remember, they're young, eager, sometimes unpredictable... they **MAY** see you... **BE SURE** you see them! Is a child's life worth five minutes?... then remember now to always drive slowly! Is a child's life worth a little attention?... then remember now to always drive carefully! From here on in watch out for school busses and give them every courtesy. Watch out for children walking to and from school, children waiting for the bus at corners, children at play... for they may dart into the street after a ball! It's your responsibility to drive slowly, carefully and be alert to every possible emergency! **SAVE A CHILD'S LIFE!**

**FOLLOW THESE  
SAFETY RULES  
AND SAVE A LIFE!**

**DON'T** drive a mechanically unsafe car. Make sure brakes, steering wheel, tires are perfect!

**DON'T** ever exceed the legal speed limit; drive even slower if traffic conditions warrant it!

**DON'T** let your attention wander to your companions, the scenery! An alert driver is an alive driver!

**DON'T** forget to check yourself as well as your car! Don't drive if you're overtired or sleepy!

**DON'T** leave your courtesy at home! Obey road rules, drive so as to protect pedestrians and drivers!

**DON'T** drink if you're driving! Even "one for the road" may make it the end of the road for you!

**DO** obey all traffic regulations, markings and signals! Always be courteous, alert, cautious!

meeting, main topic of which was the Chandler Island development at Eumside on Cumberland Lake.

Marvin Music, also of Prestonsburg, said a master plan is now in process of preparation for Jenny Wiley State Park. Four deluxe vacation cottages have recently been completed at the park, and Music said this master plan will call for others, plus a lodge, clubhouse and bath-house. Also planned is a pageant, based on the pioneer adventure of Jenny Wiley, as a tourist attraction.

Comments on the Dewey Lake situation developed from a discussion of how \$6,000,000 would be divided among state parks if such a sum were appropriated by the next Legislature.

The parks committee has asked the Department of Conservation to seek that amount for park expansion during the 1960-62 biennium. Of the total, \$3,200,000 would come from a revenue bond issue if the Court of Appeals upholds its validity.

The committee decided to push for an early decision so it can determine whether the Legislature should be asked for the entire \$6,000,000.

Cassius M. Clay, of Paris, committee counsel, said he would seek a prompt ruling in a "friend-of-the-court" brief next Monday unless the appellate court acts on the bond issue at its regular opinion day Friday.

Chairman Heber Lewis, Burnside, noted the State Budget Committee, has already asked department heads for money estimates and that the Legislature will convene in January, less than four months away.

Nixon-Scott Nuptials  
Solemnized, August 23,  
At Church in Ashland

Miss Mary Lucile Scott, daughter of Robert Herndon Scott, of Charleston, W. Va., and the late Mrs. Scott, was united in marriage to Mr. James McMillan Nixon, Jr., son of James McMillan Nixon, Ashville, N. C., and Mrs. Alma Cawood Nixon, of Harlan, Ky., Sunday, August 23, in the First Presbyterian Church in Ashland.

The Rev. Philip Bombower performed the double-ring ceremony at 4:30 p.m. The altar was decorated with urns of white gladioli, snapdragons and mums and palms, surrounded by an arch of candlelight. Miss Ruth Turner, organist, presented a half-hour of nuptial music, and Mrs. Carl E. Cawood, of Columbus, Ohio, aunt of the bridegroom, sang, "If I Could Tell You" and "I Love You Truly."

Given in marriage by her father, the bride wore a traditional white gown of brocade sheer nylon with an embroidered, scalloped skirt, ending in asweeping train. The fitted bodice, emphasized with white pearl satin trim, featured a low, scalloped neckline edged with embroidery to match the skirt and the long fitted sleeves came to lily points. Her finger veil of imported maline fell from a regal tiara of orange blossoms and pearls, and carried a cascade bouquet of white rosebuds centered with a white orchid from which fell lacy ribbon.

Miss Roberta Newman was maid of honor in a lavender taffeta dress with a matching organdy overskirt. The dress was street-length, with a purple velvet sash forming an abbreviated bow and streamers in the back. She wore an eye veil of illusion attached to a bandeau of purple velvet. Lavender mits completed her costume. Her bouquet was of purple asters.

The bridesmaid was Miss Nancy Lou Roberts, of Mt. Sterling, and junior bridesmaid was Miss Jane Cawood, of Pineville, cousin of the bridegroom. Their gowns of orchid taffeta and organdy and head-dresses were identical in style to that of the honor attendant. They carried bouquets of orchid asters with orchid and white streamers.

Janice Cawood, of Columbus, O., cousin of the bridegroom, was the flower girl. She wore a pink brocade organdy dress, pink and white flowered head band and carried a small wicker basket filled with pink and white gladioli petals.

Addison Everett, of Maysville, served Mr. Nixon as best man. The ushers were John Brannon, of Maysville, Edmond R. Burke, Jr., of Prestonsburg, and John C. Elkins, Ashland, cousin of the bride.

A reception was held following the ceremony in the garden of the home of Mrs. W. E. Calhoun and Mr. and Mrs. John E. Elkins, maternal grandmother, uncle and aunt of the bride. The bridal table, covered with an Irish linen drawn cloth, held a three-tiered wedding cake encircled by white mums and ferns, flanked by lighted pink tapers in silver candelabra.

Mrs. Calhoun, the bride's grandmother, received guests in a lavender lace dress over pink taffeta, a small pink feathered hat and corsage of camellias. Mrs. Elkins, maternal aunt, wore a soft blue lace sheath dress, pink iridescent hat and corsage of camellias. The bridegroom's mother wore a sheath dress of ice blue Chantilly lace, a large picture hat of matching blue maline and a corsage of pink camellias.

Immediately after the reception, the couple left for a wedding trip through the Carolinas.

The bride attended Norfolk College, Salem, Virginia, and Morehead State College. The groom was graduated from Christ School, Arden, N. C., and the University of Kentucky College of Engineering, where he was affiliated with Sigma Alpha Epsilon fraternity. He is now resident engineer with the Kentucky State Highway Department.

Those from Prestonsburg attending the wedding were Mr. and Mrs. E. R. Burke and son Edmund, Mr. and Mrs. F. H. Layne and daughter Mary Belle, Mr. and Mrs. Elmer Collins, and daughter Jan, Miss Charlotte Mullins and Mr. Delano Stumbo.

Mr. and Mrs. Nixon are at home to their friends in the Layne apartment on South Arnold Avenue, Prestonsburg.

One of the most important aspects of the Selective Service System in being today is its capability for rapid expansion in time of emergency. The Selective Service System is the only agency with an inventory of manpower, and in event of disaster or catastrophe it is the only agency organized in each of the communities throughout the United States capable of expanding its present functions and assuming necessary additional responsibilities in connection with the mobilization of manpower, not only for the military, but for all civilian activities, including Civil Defense.

The Annual Meeting of the Kentucky State Medical Association in Louisville on Sept. 22, 23 and 24—a highlight of the year's medical calendar—is expected to attract approximately 1500 physicians.

"Electric heat saved us money even before we moved into our new home," says Mr. Estill Slone, a contractor and realtor. "In our particular case, we were able to save enough money on the installation of electric heat—as compared to the cost of putting in the other type of heating we considered—to heat our home for several seasons."

Mrs. Slone adds: "That was just the beginning. We soon found that electric heat is so clean that we wouldn't have to spend extra money for repainting dingy walls and cleaning soiled drapes. To me, these saved dollars represent 'money in the bank'."

### W. M. (Bill) Blackburn, Age 71, Dies Monday; Had Long Civic Service

W. M. (Bill) Blackburn, former mayor and chief of police of Prestonsburg, died Monday morning at the Paintsville hospital at the age of 71, victim of a coronary occlusion. Death followed a long illness.

Mr. Blackburn's city service began with a term as a member of the City Council, and this was followed by his election as mayor. He was chief of police here during the late '40's and his work in that office was marked by a strong and continuing drive against bootlegging. Later, he was deputy jailer during a term of Jailer Guy Horn, and at various times he operated a service station here.

The son of Levi and Melissa Stanley Blackburn, he was a native of the Little Paint section. He is survived by his widow, Mrs. Norcie Hopson Blackburn; two daughters, Mrs. Marvin Alley, of Prestonsburg, and Mrs. Hugh Snapp, Harlan; two brothers, Joe Blackburn, of East Point, and Tom Blackburn, of Russell, and four sisters, Mrs. Virgie Harmon, Hillsboro, Ky., Mrs. Johnny Hollifield Crisp, Prestonsburg, Mrs. Ocie Lester, Denver, Ky., and Mrs. Nancy Music, East Point. He also leaves two grandchildren and two great-grandchildren.

Funeral rites were conducted Wednesday from the Carter & Callahan Funeral Home chapel, the Revs. Harold Dorsey and Moses Kitchen officiating. Burial was made in the Blackburn cemetery on Little Paint Creek.

### NOTICE TO SUBSCRIBERS IN PRESTONSBURG, KENTUCKY

As a result of an increase of local calling scope in the Prestonsburg, Kentucky exchange and in accordance with the state-wide rate schedule approved by the Public Service Commission of Kentucky, the Southern Bell Telephone and Telegraph Company will put into effect the following noted of SETHHARD change telephone service to be effective October 16, 1959, at Prestonsburg, Kentucky.

Individual Party	Party Rural	Line	Line	Line

### HOMES NEEDED

Director Luther Minyard of the State Division of Children's Service reports that the agency faces the critical situation of finding foster homes for older children. Such homes, he says, are "virtually nil." In an intensified effort to find them, his staff and field workers have been engaged in a campaign to acquaint the public with the need. Some 50 children in the Kentucky Children's Home at Lyndon and another 25 in boarding homes, he says, are the immediate concern of the division.

### Branch Bank Survey At Allen Indicates Interest, Is Report

Strong interest in the Bank Josephine's plan for a branch bank at Allen was evinced Monday when state and federal banking representatives conducted a survey in the community to determine if it desires such facilities.

It was said that more than 100 persons were interviewed by the two representatives, J. D. Byington, of the Federal Deposit Insurance Corporation, and Russell Sopher, examiner for the State Banking Department. Each of these was interviewed privately.

The meeting, which began at 11 a.m., was held at the home of Russell Laven and attracted a large gathering.

Plans of the Prestonsburg bank to open a branch at Allen were announced here about three weeks ago. If its plans are approved, the bank may construct a building in the Town Hall Addition of Allen.

fair-goers again this year, it was noted by Franklin Moore, entertainment chairman. The firm will install its rides adjacent to the Prestonsburg high school building next Monday.

Moore said that the amusement company will again schedule Kids Day and children will be allowed to ride free. Saturday, Oct. 3, was named for this event. Two bicycles will be given away on the last day of the fair. The Floyd county school system has distributed 16,000 free tickets to school children for the event.

A singing festival is being temporarily scheduled at one of the fair days, Moore announced. All kinds of singing groups are being contacted and it is proposed to allow any group entry that will offer its services. The fest will be under the direction of Mrs. Dora Stephens.

One thousand booklets, with complete information for exhibitors, were completed this week and made ready for distribution.

## BUY PORK NOW

There is plenty of pork available now and the prices are very good.

Individual cuts are being offered at special prices in many stores.

If you have room in your freezer, now would be a good time to buy pork for freezing. Buying a side of pork or a whole pork carcass is economical. From 150 pound carcass you can expect about 112 pounds of retail cuts. Whatever amount of meat you buy, freeze it quickly for better quality.

## Walter Scott Martin, Aged Wayland Resident Is Victim At Hazard

Walter Scott Martin, 75, of Wayland, succumbed to a heart condition at Hazard, Saturday at 6 p.m., at the home of a son, Shirley R. Martin. He had been in ill health three years.

Mr. Martin, well-known and lifelong resident of this county, was a son of Marion and Caroline Mayo Martin. His wife, Ellen Cox Martin, survives.

Surviving besides Shirley Martin, are 13 other sons and daughters: Edward J. Martin, Battle Creek, Mich.; George P. Martin, and Mrs. Jessie Lee Webb, both of Hamilton, Ohio; Eugene Martin, Walter Martin, Jr., Elaine C. Martin, all of Lyndon, Ohio; Ben Martin, Richmond, Ky.; Mrs. Phyllis Lockhart, Oak Ridge, Tenn.; Mrs. Virginia Pack, and Mrs. Myrtle Herion, both of North Tonawanda, N.Y.; Mrs. Jeanette Beverly, of Wayland; Mrs. Beatrice Honshell, of Battle Creek, Mich.; and Mrs. Anna Williams, of Wayland. Brothers and sisters surviving are Lee and Earl Martin, both of Wayland; Mrs. Minnie Flannery and Mrs. Jennie Martin, both of Allen.

Funeral rites were conducted from the Stonecoast Regular Baptist church, at 10 a.m., Tuesday, the Rev. Sherman Stone, M. C. Wright and Francis Hubbard officiating. Burial was made in the Martin cemetery at Wayland under the direction of Hall Brothers Funeral Home.

## No Buick Price Increase On Latest Models, Said By Music-Colvin Agency

Music-Colvin Motor Co., of Prestonsburg, announced this week that prices of its newly-styled 1960 Buick models would not be increased.

"While the 1960 models incorporate many important engineering and styling improvements, list prices on all models in the Invicta, Electra and Electra 225 series will remain the same," the dealers said.

"In the interest of safety, Buick's made the padded instrument panel standard on all models in the LeSabre series, and custom trim has been made standard on all models in this series except the two-door sedan. Prices of these models, including the addition of this equipment, are the same as similarly equipped 1959 models.

Both the padded instrument panel and custom trim were extra cost options on LeSabre models in 1959. In addition to these items, Music-Colvin Motor Company said LeSabre and Invicta models in 1960 would be equipped with the same type interior door handles and armrests as the more expensive 1960 Electra series models, at no additional cost.

The 1960 Buicks will go on display at Music-Colvin showrooms Oct. 8.

They also announced the addition to its 1960 line of three-seat estate wagons in the Invicta and LeSabre series. Two seat wagons will continue to be available in these series also.

## SMART HOUSEWIVES GO FOR METERED

LP-GAS

You housewives know what you want in home fuel. You want small, convenient monthly payments, rather than a big bill every time fuel is delivered. You want positive proof that you're getting your money's worth. And you want bother-free service. All this you get with metered LP-Gas.

### WITH OUR METER PLAN YOU GET ALL THESE BENEFITS

- Pay for gas monthly—helps your budget.
- Use the gas first, then pay only for what's used.
- Check your bill against the meter—know exactly how much gas you've used.
- No out-of-gas worry—the meter tells us when you need fuel.
- No bothersome re-ordering, no phone calls, no need for you to stay home when we deliver.

airport to serve Prestonsburg and Paintsville and surrounding areas. Needed to get started is \$12,500, we are told.

Rarely does the day pass when residents of Floyd and Johnson counties do not drive to Huntington, W. Va., to travel by air to distant points. I am not one who is likely to go dashing off into the wild, blue yonder—still, I am not one to deny the facts.

Some of the facts are, briefly, these:

Air travel saves time, is comfortable and greatly preferred by most who try it. The dangers involved in travel by plane are no greater than by automobile; the cheap insurance rates for plane travel bear witness to this. Communities which make no effort to become linked with the world by air are letting progress pass them by and will suffer later. Industry, the world of business, requires air transportation of personnel, and sometimes material, in a highly competitive age.

Other communities with populations no greater than the areas this airport would serve have benefitted greatly from such facilities. State and federal aid is available now. Later, such help may not be forthcoming. Then if such an improvement is to be had, delay will not improve our chances.

## Sturgill Lists Rules For Children's Protection

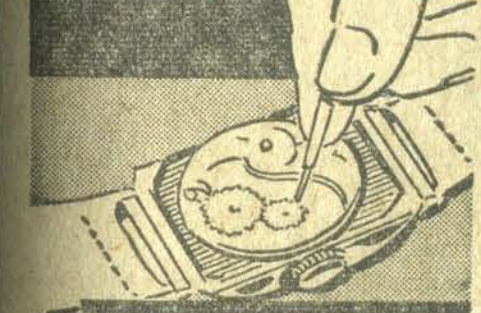

Frankfort (Special) — State Safety Commissioner Don Sturgill lists these three rules for motorists to follow to protect children on the streets and highways.

1. Remember that children are unpredictable and that the motorist must think for them in traffic.
2. Give young bike riders every break.
3. Drive with extreme caution near schools and playgrounds and in residential areas—in fact, near any place where children may be expected to gather.

## School Group Leaders To Attend Rally Day At Morehead College

A large delegation of teachers, PTA members, business people, school board members and interested laymen from Floyd county will attend the "Rally Day for Education in Eastern Kentucky" Saturday in Morehead.

The Floyd county delegation is expected to be one of the largest at the 10:00 a.m. (EST) rally in the Morehead State College fieldhouse, Frankie Best, president of the local education association, said. Floyd county is one of 18 counties in the EKEA which is sponsoring the rally.

Earl Martin, of Prestonsburg, president of the EKEA, said the purpose of the rally is to bring together members of the teaching profession and interested laymen for a discussion of the legislative program to be presented to the 1960 session of the General Assembly.

Martin added that representatives of the various professional organizations will discuss ways and means of interpreting the KEA legislative program to the public in an effort to obtain lay support.

The two-hour rally will feature a keynote speech by Dr. Harry Sparks, president of the Kentucky Education Association, a symposium and a talk entitled "Where We Go From Here" by Dr. Adron Doran, President of Morehead State College.

Symposium participants include: Marvin Dodson, Executive Secretary of the Kentucky Education Association; Mrs. James G. Sheehan, state chairman of the committee on education of the Kentucky Congress of Parents and Teachers and John W. Koon, Executive Secretary of the Kentucky Farm Bureau.

Other symposium members are: Barton Fiser, Executive Director of the Kentucky School Boards Association; B. F. Reed, representing the Eastern Kentucky Planning Commission, and Hobart Rayburn, member of the Kentucky House of Representatives.

## Miss Allen, Mr. Phelps Are Wed

—Photo by Strahan

The marriage of Miss Barbara Sue Allen, daughter of Mr. and Mrs. Eugene Allen, of Allen, and Mr. James W. Phelps, son of Mr. and Mrs. Francis Phelps, of Martin, was solemnized at 6:30 p.m., Saturday, Aug. 22, at the Allen Methodist church.

The Rev. John P. Carr officiated at the ceremony. The altar was decorated with white gladioli, banked with palms and white tapers. Organ music was played by Mrs. Chalmers H. Frazier and "I Love You Truly" and "I Love Thee" were sung by Mr. Doug Smith.

The bride, given in marriage by her father, wore a white, floor-length gown of embroidered nylon over taffeta. The fitted bodice was topped with a scalloped Sabrina neckline and short sleeves. The very full skirt, worn over large hoops, was gathered onto the waistline and was accented by a center front and back panel of the embroidery nylon. The skirt also had a small back bow of taffeta. She wore matching short mitts.

Her veil of silk illusion was fastened to a low shell with small tiara top, touched with sequins and pearls.

She carried a natural orchid and white carnations on a white lace covered prayer book.

Mrs. Randall Allen, sister-in-law of the bride, was her matron of honor. The bridesmaids were Miss Frances Phelps, sister of the bridegroom and Miss Clara Ann Allen, cousin of the bride. Junior bridesmaids were Elizabeth Allen and Tanya Helton, nieces of the bride and bridegroom. Kathy Lee Allen, niece of the bride, was flower girl. They wore identical street-length dresses of pale green nylon swiss over matching cotton. The bridesmaids carried white satin parasols with white carnations and pale green chrysanthemums. The flower girl carried a white matching basket with rose petals.

Mr. Joe Short, cousin of the bridegroom, served as best man. Ushers were Herbert Frye and Estill Newsome.

## Prestonsburg Grade PTA Discusses School Work

The P.T.A. for the grade school had a sizeable and enjoyable first session last Thursday. Instead of a program presented by the children, the parents and teachers discussed projects.

One project, long overdue, repairing some broken playground equipment, this week was taken over by "Huck" Francis, Johnnie Evans and Thomas Lemaster. These men largely had the job done within one day.

Principal Woodrow Allen was authorized to purchase achievement tests for grades 2-6. He explained that these tests enable the school to better plan for the child's education.

Katherine Frazier was named chairman of a group to investigate the advisability of purchasing a new stage curtain.

Important committees are being named this week. Officers are Bob Wallace, Garnett Mayo, Dorothy Marshall and Gwendolyn Dings. Mr. Wallace remarked that the officers this year must really stay on their toes to keep up with the keen and friendly interest of parents.

Why we built two cars for 1960...  
as different as night and day!

On October 2—for the first time in Chevrolet's 49-year history—you will be able to walk into your dealer's showroom and see two totally different kinds of cars. ■ One is the conventional 1960 Chevrolet, brand new in appearance and more beautifully refined and luxurious than you can imagine. ■ The other is unlike any car we or anybody else ever built—the revolutionary Corvair, with the engine in the rear where it belongs in a compact car. ■ We'd like to tell you why we built two such different cars, how we built them—and for whom we built them.

Why two kinds of cars? Because America itself has been going through some big changes in the past few years. Our cities have been straining at their seams. Traffic is jam-packed. Parking space is at a premium.

And our suburbs have spread like wildfire. People are living farther from their work, driving more miles on crowded streets. There is new leisure time—but more things to do. There's a new standard of living—and more need for two cars in the family garage.

In short, America's automobile needs have become so complex that no one kind of car can satisfy them completely. That is why we at Chevrolet, keeping tab on these trends, have had a revolutionary compact car in the planning stages for more than nine years undergoing revisions and refinements.

Consequently, when we decided three years ago to prepare for production of such a car we were ready to build it the way it should be built. There was no need for a hasty "crash" program that would create only a sawed-off version of a conventional-sized car.

That is why the two cars you will see in your dealer's showroom October 2 will be two entirely different kinds of cars—each one built the way it should be built, to best fill the needs it was meant to fill.

One is the conventional '60 Chevrolet—brand new in beauty, with new space inside, new spirit, under the hood, a new feeling of sumptuousness and luxury never before attained by any car in its field. There is great V8 power, linked with new thrift, plus Chevrolet's superb (and America's most popular) 6-cylinder engine. It is

a traditional car that comes even closer to perfection—in silence, in room, in ease of control, in velvety ride—than any car we have ever made.

The other is the Corvair, a compact car that is astonishingly different from anything ever built in this country. It has to be—because this is a six-passenger compact car, with a really remarkable performance... a car designed specifically to American standards of comfort, to American traffic needs.

The engine is in the rear. Among the basic advantages resulting from this engine location are better traction on a compact 108-inch wheelbase and a practically flat floor. But to be placed in the rear, the engine had to be ultra light and ultra short. So Corvair's engine is totally new—mostly aluminum and air cooled; it weighs about 40 per cent less than conventional engines. It is a "flat" horizontally opposed six—so it is only three cylinders long... and that leaves a lot more room for passengers.

Another weight saving: like modern airplanes, the Corvair has no frame; the body-shell supplies its great structural strength... it's a welded unit that is virtually squeak- and rattle-free.

The ride is fantastic. But to get it we had to design independent suspension at every wheel; conventional springing would give a compact car a choppy ride. Right now we'll make one prediction: the Corvair will be the only American compact car with this type of suspension system—the only one that rides so comfortably, holds the road so firmly and handles so beautifully.

Now there are two kinds of cars from Chevrolet—because it takes two kinds of cars to serve America's needs today. If you love luxury—the

utmost in luxury—and if you want generous interior space, breath-taking performance, automatic drives and power assists—then the conventional '60 Chevrolet may be your choice.

If easy parking, traffic agility and utmost economy are high on your list—then you should seriously consider the Corvair. But the best thing to do is to look these two new cars over at your Chevrolet dealer's... take them out for a drive. It may be that the only logical choice for your family between two cars like this is—both. They make a perfect pair.

CHEVROLET

### CHEVY MOUNTS THE ENGINE TO MATCH THE CAR

The front-mounted engine provides most efficient weight distribution in a conventional-sized Chevrolet, splitting the load almost evenly between front and rear wheels. Since a 4-door Chevy sedan weighs 3,550 lbs., this design puts adequate weight in the rear for sure-footed traction and road-grip while giving a solid, consistently balanced big-car ride.

A rear-mounted engine gives the best weight distribution for a lighter, compact car like the 2,340-lb. Corvair. This design puts some 60% of the weight on the rear wheels for extra traction in cornering and driving on ice, mud or snow. Corvair, by avoiding nose-heaviness of front-engine compact cars, also gives you better riding, handling and braking characteristics.

## Drinker Takes Years To Lapse Into Alcoholism

By J. Collis Ringo, Executive Director Kentucky Commission on Alcoholism

Alcoholism may be described as a condition incorporating the following factors:

The chronic use of alcohol in excess of and deviant from the drinking pattern of the individual's appropriate group.

Behavior chronically accompanying and consequent to this use such that others in the group respond negatively.

Increasing evidence of impulsive and uncontrolled use through which the individual gains personal satisfactions or relief from the anesthetic action of alcohol to an extent and for purposes and in frequency far beyond that allowed by social expectancy or usage.

This inclusive description of alcoholism comes from Sheldon D. Bacon, Ph.D., director of the Yale University Center of Alcohol Studies.

The elapsed time involved in arriving at the state of uncontrolled drinking is variable. It may emerge rapidly, almost simultaneously with the initiation of drinking, but this is unusual. In the United States most alcoholics were normal drinkers for periods of from five to 10 years before the late stages of Alcoholism were reached.

The progression is so slow, the dependence on alcohol becomes so compelling, the average alcoholic becomes addicted before he realizes what has happened.

There is no set pattern of alcoholism. There actually are so many different outward manifestations the word should be used plurally—alcoholisms. The steady alcoholic, who drinks daily and excessively, follows an entirely different pattern than the periodic alcoholic. The periodic alcoholic may go weeks or even months either abstaining or drinking in a controlled fashion. Suddenly he goes on a bender that may last a few days, a few weeks, and in some instances a few months.

The outward manifestations are different but both suffer from the same basic ailment—compulsion. They are compelled to drink, knowing it is harmful, actually drinking against their will.

## COOLEY IN GERMANY

Leipheim, Germany — Army Pvt. Ernest L. Cooley, 19, son of Mr. and Mrs. Raymond Cooley, of Dwale, Ky., recently participated in platoon and company tests during a lengthy 4th Armored Division field training exercise in Grafenwohr, Germany.

The tests, culminating many months of intensified training, were designed to determine the combat readiness and tactical capabilities of the various units of the 4th Armored Division, a major element of the NATO shield of defense in Europe.

Cooley is assigned to Headquarters Company of the division's 66th Armor in Leipheim. He entered the Army in December, 1958, and arrived in Europe last July.

Cooley attended Prestonsburg high school.

CONTINENTAL CLASSROOM, the first network TV program for college credit, will present a new course—modern chemistry—during 1959-60. It will be telecast 5 days a week from 6:30 to 7:00 a.m., local time, over NBC network, beginning September 28. Financial backing will be provided by the Ford Foundation and seven leading industries, including the Bell Telephone System.

IT'S CALL-HOME TIME! Kids away at school? Then you know what a job it is to keep in touch with them. Letters are all too few, and your campus Joe or Jill is often hard to reach. So, why not try this. Plan a Long Distance get-together. Set a certain time on a certain day—once a week or more often if you like—for your young folks to call you. It's fun to get the news and not expensive, especially when you call station-to-station.

AND, HERE'S another money-saving tip. Long Distance is an efficient sales and buying tool. Salesmen can save time, reduce travel expense, process orders faster by using Long Distance. And if you're the buyer, quick Long Distance calls will often help track down the best buys. Try it for economy and efficiency.

HELLO, IVAN? For the first time in 22 years, statistics have been compiled on the number of telephones in Russia. Comes out to about 2 telephones for every 100 people as compared to our 37 per 100. And even though our total of 64 million phones makes us the best-telephoned country in the world, we still have plans to bring you even more and better services in the future.

## For doing business... there's no place like home!

And we mean the Kentucky home of Ashland Oil & Refining Company. This is where we started business thirty-five years ago. Though we now have over 4,000 Ashland Oil outlets in twelve states from New York to Tennessee, Kentucky is still home to us. Today, Ashland Oil's refineries and 1,600 miles of pipelines in Kentucky are providing a market for 80 per cent of all the crude oil produced by Kentucky's more than 15,000 oil wells.

Like all good Kentuckians, we enjoy doing business with our Kentucky neighbors. Our expenditures in Kentucky this year will be over \$100 million for crude oil, salaries, wages, materials and services. We know that purchases made in Kentucky add strength to the

economy of our State, create more opportunities for all Kentucky people.

Ashland Oil & Refining Company now has more than 8,000 Kentucky employees and stockholders, mails over 10,000 checks each month to Kentucky oil producers and royalty holders. And our Kentucky neighbors, in turn, have helped to expand Ashland's annual sales beyond the \$300 million mark.

This all points to one fact—there's no place like "our old Kentucky home" for doing business with our neighbors. Ashland Oil dealers and distributors are good neighbors to all Kentuckians—we invite you to look for the Ashland sign when you need top quality petroleum products and friendly service for your car.

## SPORTS CHATTER

By GORDON MOORE

The ten-team Eastern Kentucky Mountain Conference is well-represented on this season's University of Kentucky and Morehead State College football teams.

On the U. of K. varsity is: Lowell Hughes and Wayne Dixon, Prestonsburg; James "Red" Hill, Fleming-Neon; Harry Johnson, Fleming-Neon; Lloyd Hodge, Whitesburg; Don Siner, Hazard; Cullen Wilson, Belfry, and Bill Scott, Pikeville. Hughes, Hodge, Wilson and Siner are all considered leaders.

Also from the E.K.M.C. on the U. of K. freshman team are: Nicky Dann and Tommy Brush, Jenkins, and Ken Cobb, Hazard.

On the Morehead varsity are: Buford Crager, Bruce Howard and Joe F. Tackett, Prestonsburg; Buddy Fields and Bobby Kincer, Whitesburg; Jim Hastings, Jenkins; C. A. Noble, Hazard. Howard, Tackett, Kincer, Fields and Noble were starters against Georgetown in Morehead's opening victory.

Kidd Fugate, 205-pound M. C. Napier senior fullback, has played in every game for his school since the sport was inaugurated in 1956. Napier, which is at the edge of the Hazard city limits, has met arch-rival Hazard high, all four years in the sport but has never won. In 1956 Hazard won, 3-7, and Fugate tallied the lone touchdown for his team. Since that time Napier has been unable to score against the Bulldogs. Hazard grabbed the 1957 game, 28-0, won last year 47-0, and last week by 36-0.

At a recent film showing of the Prestonsburg-Hazard game, coaches Jim Caudill and Paul Wright pointed out that filming football games costs considerable, but pays rich dividends to coaches and players alike. A specific example was the case of Negro speedster Britt Handy, who was the team's second leading scorer last season.

Handy received a four-year scholarship to the University of Indiana as the result of Hoosier coaches viewing films of Handy in action during last season's games.

Also approximately 65 percent of all Hazard high athletes have received college football or basketball scholarships, which speaks highly of the fine training they receive from Caudill, Wright and basketball coach Goebel Ritter.

Several backs in the Eastern Kentucky area are attracting the eyes of several college scouts and the season is only three weeks old. Jenkins senior quarterback, Jimmy Mahan, looms as the best all-round passer, runner and kicker in the area. Roger Kincer, 5-10 senior Whitesburg speedster, has scored 67 points in four games and is tabbed for college stardom. Jerry Brewer, Napier halfback, has all the assets to become a great college back. Pikeville's Charles Mims and Prestonsburg's James Allen have made impressive showings for their teams and should have little trouble obtaining grants-in-aid.

Mike Minix, Paintsville halfback, is only a junior, as is Hazard's Darwin Turpin.

Letcher county should have its greatest high school football card in history, Saturday night, as fans in a 12-mile radius will have a choice of two football games to attend. In Fleming, the home Pirates tangle with Paintsville, and six miles away in Jenkins, Prestonsburg meets the Cavaliers.

The annual Eastern Kentucky basketball rules clinic for officials and coaches will be held in the Pikeville high school gymnasium, Tuesday, September 29, at 1:30 p.m., Eastern Standard Time.

Attendance is compulsory for all basketball officials who expect to officiate basketball games during the 1959-60 season.

Four Prestonsburg football officials—Frank and Johnny Heinze, E. B. May, Jr., and Don Sullivan—had a busy schedule last week-end. They worked the Hazard-Napier game last Thursday, Wheelwright-Evarts on Friday, and Fleming-Jenkins, Saturday night. Next week-end, they are slated to work four games in three days.

## Quail Released On Strip Mine Reclaimed Land

More than 1,000 adult quail were released last month on reclaimed strip mining land in Kentucky, according to Director Paul Gannon of the Division of Strip Mining and Reclamation.

The quail were furnished by the Kentucky Reclamation Association, made up of strip mine operators.

This land had previously been leveled and planted with trees, shrubs, grasses and other plants favorable to quail under state reclamation practices.

The quail were released in Union, Hopkins, Muhlenburg, Webster and Ohio counties in West Kentucky and in two East Kentucky counties. Prior to this release, Gannon said, 2,700 quail and 900 chukars had been turned loose on similar land in the same and other counties. In addition to stocking birds, the association has stocked 16,725 fish during this year, bring to 151,835 the total stocked in a four-year period.

Ponds left by strip mining operations are renovated and stocked as soon as the water is capable of taking care of fish, Gannon said.

Aerial spraying can be used now to control undesirable woody plants in hardwood stands, the USDA has found. Cost is about \$7.50 to \$9 an acre and the system may be useful in pine plantations of the south.

## WILDCATS DEFEAT ELKHORN CITY

But Hazard, Whitesburg  
Hold Loop's Limelight;  
Allen T.D. Run 97 Yards

Hazard and Whitesburg, the two leading high school football teams in Eastern Kentucky, will settle things this Saturday night when they clash in the Letcher county seat.

Both are 4-0 for the season thus far, both boast flashy offensive units and the victor will be in a good position to cop the Eastern Kentucky Mountain Conference title, along with a share of the Region 4, Class "AA" championship.

Jim Caudill's Bulldogs romped to their fourth consecutive triumph last Thursday night with a rousing 36-0 triumph over cross-town rival, M. C. Napier. Whitesburg's Yellow-jackets had a tougher time annexing their fourth victory in sending Cumberland to a 15-6 defeat.

In other action, Louisa overcame an 8-0 halftime deficit to whip Paintsville, 19-8; Evarts bounced Wheelwright, 41-0; Prestonsburg downed Elkhorn City, 39-0; and Fleming whipped Jenkins, 18-14, in a real thriller.

Roger Kincer, Whitesburg's elusive senior halfback, took over the no. 1 position in the state-wide individual scoring race as he raced to one touchdown against Cumberland. The agile speedster now has a four-game total of 67 points.

Paintsville's Mike Minix tallied a six-pointer for the Tigers in their losing effort to Louisa. Minix has scored all of his team's touchdowns in its first three games.

Jack Hall's Fleming Pirates won their first game in five starts with an 18-14 conquest of Jenkins, although quarterback Jimmy Mahan put on an amazing show for the losers.

After a scoreless first quarter, halfback Harland Seals tallied on a four-yard run to give Fleming a 6-0 lead. Jenkins came roaring back on a 70-yard trek by Mahan and his extra point to put the Cavaliers ahead, 7-6, at halftime.

Fleming went back into a 12-7 lead in the third canto as fullback Doug Johnson plunged over from the one. Mahan, the best all-round quarterback in the area, then picked up a five-yard t.d. and passed for the point after to put Jenkins back in front, 14-12, with six minutes to play.

Fleming, not to be denied, came back for another six-pointer as Seals whipped a 45-yard aerial to end Johnny Little to ice the victory.

Prestonsburg used every player on its 34-man squad in quelling undermanned Elkhorn City, 39-0. The Blackcats scored three times in the first period and twice in the second before the reserves took over. Senior fullback James Allen, who gained yardage at will, scored twice, halfback Dennis Stephens sped 35 and 6 yards, quarterback Bobby Marshall and halfback Bob Smith each tallied a six-pointer.

Allen scored one of the longest touchdowns in Prestonsburg history in the second period after taking a pitchout on his own three, raced back into the end zone then sped 97 yards to paydirt.

Pikeville's Panthers ran into unexpected difficulty in stopping Catlettsburg, 14-12, for victory no. 3. Halfback Charles Mims and Richard Weems did the scoring for Charlie Deaton's eleven.

Some 5,000 fans turned out to watch Hazard overpower M. C. Napier, 36-0. Diminutive halfback Buddy Smyly raced for three touchdowns, and halfbacks Darwin Terpin, Don Bryant and Tom Fitzpatrick all entered the scoring with a six-pointer. Napier's Jerry Brewer was the offensive thrust for the Navajos, although he failed to score.

## Hughes Sparks Wildcats In Georgia Tech Game, Despite Injured Knee

Prestonsburg's Lowell Hughes came off the bench Saturday night and almost sparked the Kentucky Wildcats to victory over the Georgia Tech football team.

Instead, the Wildcats lost 14 to 12, with Hughes dealing nine out of twelve passes off the top of the deck for 130 yards. That was enough to put the Wildcats in the game, instead of being routed as proceedings seemed to be heading, judging by the disastrous first half suffered at the hands of the Georgia Wreckers.

A last-second decision by Coach Collier to "go for broke" for a touchdown, instead of a field goal may have lost the game for U.K.

Another Prestonsburg boy, Wayne Dixon, lineman, according to fans hereabouts, looked good and stopped all runners heading his way in the same game. Dixon is said to be one of the bright line prospects of the U.K. squad.

By the way, Hughes was given terrific protection while passing. He needs that protection very badly, his teammates know, because he has an ailing right knee. He would not have seen action last Saturday night, had Eisman remained healthy. Since Leman Bennett was ineffectual, Hughes had to be called. Hughes, when healthy, is one of the nation's best quarterbacks. However, his potential has been cut short by a severe injury. If his luck remains good and his knee stands up, U. K. can be very tough. Hughes has the guts and brains to make the offense go.

## ORDINANCE

In Re: Annexation into the City of Prestonsburg, Floyd County, Kentucky, of certain Territory lying on the eastern limits of said city.

The plaintiff, City of Prestonsburg, states that it is a duly incorporated city of the fourth class of the State of Kentucky; that on July 20, 1959, at a regular meeting of the City Council of Prestonsburg, Kentucky, said Council duly adopted and passed an ordinance, which was later published as provided by law, directing that the City of Prestonsburg annex as part of said city certain territory lying on the eastern limits of said City.

That by agreement of all the parties concerned, the description of said territory to be annexed under and by virtue of the above mentioned ordinance is amended, which description will be hereinafter set out; that said ordinance further directed the City Attorney to take necessary legal steps, including the filing of this suit, to annex said territory as part of the City of Prestonsburg, Floyd County, Kentucky.

Plaintiff states that the aforesaid ordinance was duly published and advertised in The Floyd County Times, a weekly newspaper published in the City of Prestonsburg, Floyd County, Kentucky, for three consecutive weeks commencing on July 23, 1959.

A description of the territory proposed to be annexed into the City of Prestonsburg is as follows:

(A) The property of E. B. May, Jr. and the E. B. May Estate, located on the northeastern side of the corporation limits as now situated, and described as follows:

BEGINNING at a point which is the common corner of the Anna Laura May property, E. B. May Estate property, and the new U.S. Highway 23 right-of-way; thence in a northern direction with the right-of-way of the new U.S. Highway 23 to the point where it intersects the May Branch County Road; thence in a western direction to the intersection of May Branch Road and the Auxier Road; thence in a southern direction with the old County Road and a western property line of the E. B. May Estate property, to the now existing corporation line at the point where the old County Road intersects the Porter Cemetery Road.

(B) The property of the Harkins Heirs and Fred G. Francis, lying on the eastern corporation limits as now situated, and described as follows:

BEGINNING at a stake in the cemetery on the ridge where the eastern boundary of the City of Prestonsburg is now established; thence in a straight line in a direct easterly course to a stake on the point at the common boundary line between the property of Walter S. Harkins, Jr. Heirs and Fred G. Francis; thence in a southerly course with this common property line to the center of Trimble Branch; thence with the center of Trimble Branch in a westerly direction to a point where the branch intersects the now eastern boundary line of the City of Prestonsburg, so as to include all of the property within the above described boundary lines.

The aforementioned Ordinance of July 20, 1959, published in The Floyd County Times as aforesaid, is referred to and made a part hereof for all purposes.

WHEREFORE, the plaintiff, City of Prestonsburg, Kentucky, prays that the Court enter a judgment annexing the above described territory into the City of Prestonsburg, and further directing that said territory shall thereafter be treated and considered for all purposes as a legal part of said incorporated city. It further prays for all other proper relief.

## ADKINS FAMILY

One of the largest families in the United States, particularly in West Virginia and Kentucky, is the Adkins clan. Many early settlers who came to the American colonies from the British Islands, mainly from England, were named Adkins or Atkins, an alternate spelling.

According to the Media Research Bureau of Washington, D. C., the name was derived from the nickname "Addy" for "Adam."

Many Adkins were among the early settlers and traditions have grown about the various family branches. There is one branch known as the "Beech Fork stock," and so on. One of the most intriguing stories is that told of the "Royal stock." These are West Virginia branches.

Mrs. Elmer Tabor, 2966 Hughes street, Ceredo-Kenova, W. Va., high school teacher, is a collector of family history. Asked if she knew the tradition of the "Royal stock," Mrs. Tabor replied, "Yes, my father's mother came of that stock. However, I have more information on the 'Bow Wows,' my father's paternal stock.

"Another interesting group is the 'Juber stock,' most of whom have musical talent. Hezekiah Adkins, county clerk of Wayne county, W. Va., for 18 years, was of this stock. He and his sons made up an entire band.

"All my life I have heard older members of the family say that the 'Royal stock' is descended from a son of an English earl who came to America as a tax collector and who came from the ancestral line of Mary, Queen of Scots. Their only child who lived to adulthood was Jacob Adkins, who was 17 years old at the time of the American Revolution.

"Jake Adkins married Phoebe Bratcher. Sometime after the Revolution they settled on Beech Fork in what is now Wayne county. Jake's mother, Mary Adkins, came with them. Descendants of the six children born to Jake and Phoebe are called the 'Royal stock.'

"I have never doubted the accuracy of the story, though it has been handed down through many generations. Recently Mrs. Virginia Reynolds Savage of Huntington has found evidence of the marriage of Jake and Phoebe.

"As a teacher of history, the story has a special meaning for me. It shows that people of high estate and low came to America, in search of liberty, the opportunity to own property, and the right to worship as they pleased.

In keeping with an old informal custom which was organized in 1953, the various branches of the clan meet September 20, at the Police Recreation Farm on U. S. Route 52 between Huntington and Wayne. They heard U. S. District Attorney Duncan W. Daugherty speak and the Rev. Elijah Stephens preach. A memorial pageant, "The Open Gate," was presented.

Early Floyd county, Kentucky, had many of the Adkins family as early settlers. Spencer Adkins, who lived at the forks of the Big Sandy River in the present Pike county, was an early Floyd county magistrate. It was at his home that the first court of Pike county was held.

## SKAGGS FAMILY

The Skaggs family held its 27th reunion at a Louisa park, Sunday, August 30. C. C. Skaggs was re-elected president and Mrs. Andrew York was named vice-president.

Following the dinner and get-acquainted hour, Elder Charlie Skaggs, of Pittsburgh, Pa., spoke concerning the genealogy of the Skaggs family. He stated that in 1763, six brothers, Henry, Richard, Charles, James, John and William Skaggs, left Ireland and came to this country, settling in the east, west, north and south sections of the United States and from these brothers the Skaggs' families trace their lineage.

Elder Skaggs is at work writing a book of remembrances of the Skaggs family and is interested in any pictures or news articles that anyone should have. His address:

## State Offers Opportunity For Lime Production

Frankfort, Sept. 24—Growth of the chemical industry in Kentucky and neighboring states offers opportunity for establishment of one or more lime producing plants in the Commonwealth, the State Department of Economic Development reports.

A recent survey by the agency's research division shows Kentucky's consumption of lime in 1957 reached 564,222 tons, or 6.6 percent of all lime sold on the open market in the United States.

The survey also shows:

Since 1950, lime consumption in Kentucky has increased 141 percent, compared with a national rise of 37 percent. Principal consuming centers are Louisville, Calvert City and Brandenburg.

One of Kentucky's large chemical companies carries on lime reclamation operations, but the state has no other production facilities, despite the size of its market and existence of sufficient raw material to support such enterprises.

Deposits of high calcium limestone, suitable for lime production, occur in both eastern and western sections of the State. Most new lime plants in the U.S. are large-scale, with investments of \$700,000 or more and an output of 150,000 tons a year. However, this trend does not rule out the feasibility of smaller plants.

During the War Between the States, Bowling Green was occupied at different times by both Union and Confederate troops.

Buckhorn Dam, now being constructed in the Middle Fork of the Kentucky River in Perry county, will create a lake 30 miles long.

The world's most prolific oil and gas wells range from 5,000 to 12,000 feet deep. The deepest reach more than 20,000 feet—about four miles into the earth.

If your house lights "dim" when motors start or when appliances are turned on, it may be a sign that your wiring is too small for the electrical load it must carry.

According to latest figures, the cost of offshore drilling averages out to more than \$43 per foot, compared with about \$13.50 for a productive well on dry land.

about the new Ford Falcon!

HOW BIG WILL THE ALL-NEW FORD FALCON BE? HOW MANY PEOPLE WILL IT CARRY? HOW ABOUT POWER?

To start with, in the New-Size Ford—the Falcon—you save but never "do without!" You get modern, fine-car styling, six-passenger room and comfort, a car that's born and bred for the American road!

LET'S TALK ABOUT STYLING FIRST!

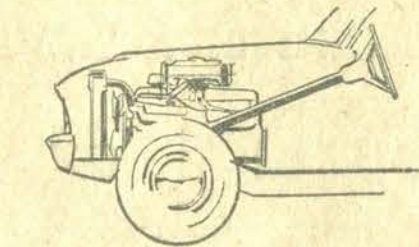

You'll be amazed by the Falcon's beauty. No "stubbiness" of other cars in this field, but low, sleek, European flair in beautifully proportioned style . . . "wide open" visibility all around . . . interior styling that's fresh and smart. The Falcon is Ford's way of proving a true economy car needn't suffer in looks or ride.

LET'S TALK ABOUT THE ALL-NEW FALCON'S SIX-PASSENGER SIZE!

In both 2- and 4-door models, the new Falcon will have full-width, full-depth seats for six adults. Plus room in the spacious

trunk for all their luggage! And it can turn and park just as easily as most of those 4- and 5-passenger imported jobs!

LET'S TALK ABOUT HOW IT'S BUILT!

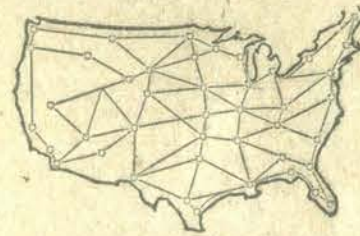

Like the fabulous Ford Thunderbird, the Falcon's built in the latest single-unit construction . . . adding extra inches everywhere inside . . . making the car one solid, quiet, integrated structure.

LET'S TALK FALCON PERFORMANCE!

The all-new six-cylinder engine's up front for greater safety and stability . . . will deliver up to 30 miles per gallon of regular gas . . . has a water-cooled engine which permits use of a water-type heater that's safer, never robs you of gas mileage. You can get an automatic transmission in the Falcon, too!

AND NOW . . . ABOUT THE FABULOUS FALCON EXPERIENCE RUN, U.S.A.!

Topping off 3 years and 3 million miles of research and development, a fleet of new Falcons is traveling every mile of U.S. highway to prove its "30-miles-per-gallon" average . . . and to prove it takes to the roads you

drive, right around your home, like a duck takes to water!

YOU MEASURE THE FALCON'S SAVINGS IN MANY MORE WAYS THAN GAS AND OIL SAVINGS ALONE!

Take the price. Though we can't give you the figure just yet, you can be sure the Falcon's price will help prove it's the savingest car, right from the start! Actually, we've just started to scratch the surface of the Falcon news, here. Come in. Bring all your questions, but make it soon. We have many orders in already.

Wheelwright Student  
Enrolled At Western

Sarah Louise Clark, of Wheelwright, a student from Floyd county, was among the 1611 students enrolled at Western Kentucky State College for the 1959 summer term, according to figures released this week by Registrar E. H. Canan.

Dr. Kelly Thompson, president of Western, stated that this was the largest summer term enrollment since the mid-1930's.

The old Blue Licks Springs Tavern was once a popular stop on the stagecoach route between Maysville and Lexington as well as a resort. People journeyed to this place from North and South in order to drink the health-giving waters.

State Improves  
Pine Mountain  
Park Facilities

In keeping with a policy of developing the tourist industry in east Kentucky, the State has spent about \$70,000 in renovating Pine Mountain State Park during the past year, Conservation Commissioner Laban Jackson reports.

These improvements, plus presentation of "The Book of Job," made this year "the finest in the park's history," said Parks Director Russell Campbell. The outdoor drama and better accommodations for visitors have kept the park's cottages full all summer, Campbell added.

Jackson listed the major improvements:

Cottage renovation, costing \$20,000, modernizing Pine Mountain's cottages so that they compare with the best in other state parks.

Park road improvements, costing \$40,000, spent by the Department of Highways to enlarge the parking lot at Laurel Cove Amphitheater (\$5,000) and to build a road from the parking lot to Hanging Rock, about one mile.

Renovation of the park's entire water system.

Adaptation of the amphitheater area for presentation of the outdoor Biblical drama, "Job," by the Mask-rafters of Georgetown College. This improvement includes new dressing rooms, a shelter house for the organ and lighting and loud speaker.

The religious drama will be presented again next season. The play's publicity chairman, South Bevin, said recently that it has a financially successful season this summer. Its budget, which was \$12,500 this season, will be increased by \$4,000 next year, Bevin said.

The Departments of Conservation and Public Relations and the Kentucky Tourist Commission contributed funds to promoting "Job" and the Mountain Laurel Festival at the amphitheater with brochures and other publicity, Jackson said. He said Mrs. Catherine Conner, state director of hospitality, spent two months at the park publicizing "Job."

IRISH FARM LIFE STUDIED  
BY FLOYD YOUTH EXCHANGE

(Reba Joyce Salyers, Eastern 4-H club member and Berea College senior, writes of her experiences and impressions in Ireland as an International Farm Youth Exchange.)

With only two more days left in the Republic of Ireland, I find it hard to believe that I will soon be beginning my last month in Ireland. This Friday the three of us go to Northern Ireland for a month's stay.

Since I last wrote I have lived with three different families. In County Wicklow, I lived with the Valentine family. They had kept two other IFYE's before. They had about 220 acres of land but a good portion of it was bog land, which means it is of no farming value until it is drained. The government gives a special grant to help pay the cost of drainage. They kept about 60 cattle for fattening purposes and 35 sheep, plus barley, oats and other tillage. They also owned a combine with which they combined about 200 acres of grain for farmers all around their area.

While I was with this family, Helen, my host sister, won the silver cup in the Bray Fair for the most points in the Home Produce division. She will keep this cup for a year. She won first prizes on salad dressing, fruit cake, strawberry jam, and a second for gooseberry jam. While I was on this farm, the local Young Farmers' Clubs had a barn dance in the Valentine's barn. The Club did the decorating and prepared the food. The barn was very nicely decorated. Between 200 and 300 people were at the dance.

During my stay here, the three IFYE's were invited to Dublin for a day. We visited Christ Church Cathedral and the Department of Agriculture took us to dinner. Afterwards, we visited the Department of Agriculture and they gave us a briefing on Irish agriculture. Then we visited the American Embassy and had a newspaper conference. After this, we had tea and then went to the Abbey Theatre for the evening. The Abbey is supposed to have some of the best acting in the world and this is certainly true, in my opinion.

My next family was in County Limerick, where I stayed for a week. Mr. McCarthy was a creamery manager. Southern Ireland is very much a dairying area and cooperative creameries are found nearly everywhere to take care of the milk for the farmers. Mr. and Mrs. McCarthy had two children, ages 6 and 4.

My next family, also in County Limerick, was the family of Pat Moore, the Irish IFYE delegate to the U.S. this year. While I was in this county I gave several talks and showed slides to Young Farmers' groups. I also attended the Limerick Show, which is equal to our fairs. It had lovely flowers and needlework. Nearly all of the women here make rugs, embroider, knit, or do some handiwork. While here, I also attended the Rose of Tralee Festival. One of the contestants for the title, Rose of Tralee, was flown over from New York City.

I visited two technical schools, which are similar to our vocational schools. However, the students here would be younger as they can enter at 14.

My last family in the Irish Republic was the Murphy's in County Wicklow. There were six children

in the family. Most of them were in school, studying to teach or work in some other area. Their farm was mostly a dairying farm, with the herd consisting mostly of Friesians. They were involved in draining two large fields. This consisted of the bulldozer removing dirt so that a ditch about 4 1/2 feet remained. Then pipes are laid. This project, if checked by a government inspector, is supplemented with a government grant that pays about half the cost. The Murphy's were very interested in the IFYE program and had kept an IFYE last year.

In this area, the farmers helped each other. My family had no water supply at this time due to the dry conditions. Other families would bring water on their way to the house. Also, we went down to help another family draw in barley. Most of the harvesting of grain is finished or about to be finished.

FOR VETERANS ONLY — ON THE KENTUCKY STATE BONUS

The Disabled American Veterans, Department of Kentucky, P. O. Box 244, Frankfort, Kentucky, invite all Kentucky Veterans to participate in this poll. We should like to ascertain the true veteran's thinking on the KENTUCKY STATE BONUS.

1. The bonus will be paid to all Spanish American War Veterans, World War I and World War II, and Korean Veterans if living, to the next of kin if the veterans are deceased. Bonus will pay a maximum of \$300.00 for Stateside service, \$500.00 for Foreign service.
2. It will be financed by a Sales Tax on items other than food, clothing and medicines.
3. Bonds will be issued for a thirty-year period and retired by a sales tax.
4. The estimated cost is from \$160 million to \$400 million. There are approximately 360,000 veterans in Kentucky.

PLEASE FILL OUT THIS FORM and MAIL TO: D.A.V., P. O. Box 244, FRANKFORT, KENTUCKY.

Take a Look Now...

Look at the date opposite your name on on this copy of your paper. It indicates when your subscription to The FLOYD COUNTY TIMES expired or will expire.

For example: If the date reads "May 60," that means that your subscription will expire May 31, 1960. In all cases the expiration date is the last day of the month given.

THIS IS IMPORTANT

It is important that prompt notice be taken of subscribers' expiration dates for two reasons: (1) To check for a possible error in the date; (2) To make certain the expired subscription will not be cancelled.

Cost of production — wages, high newsprint costs and other factors — makes it necessary that all subscriptions be paid in advance. It is not of our choosing, the present situation, but the cost of producing a newspaper under present conditions is such that we will not be able any longer to "carry" subscribers, however well we know them or however much we would like to do so.

Please remember this. Your credit is good, but our credit may become bad if we do not collect for subscriptions.

For this reason alone on and after November 1, 1959, all subscriptions in arrears will be dropped from our mailing lists.

Subscription rates: In Kentucky, \$3 a year; Outside Kentucky, \$3.50.  
On and after Jan. 1, 1960, the rate for subscribers outside Kentucky will be \$4 a year.

## HOW BOY SCOUTS FIGURED IN TURNING THE TIDE OF WAR

In the dark and dreary hours of World War II, Commander Tom Keene of the United States Navy had a very important part in turning the tide of the war in favor of the Allies.

Commander Keene related this description of an important incident in the history of World War II. Over in Belfast, Ireland, a smarted-up situation prevailed in the naval operations at that point. Commander Keene was loaned to the British government to unsnarl this difficult situation and to mobilize the fleet of ships out of Belfast, Ireland.

There were a number of probably more or less minor, but nevertheless important, conflicts existing concerning this situation. Commander Keene, sensing the severity of this situation, agreed to handle the mobilization of this fleet of ships on condition that he have a free

hand in selecting the personnel to do the total job and to put this force into action against the allied enemy. The British officials consented to this wish; whereupon Commander Keene called upon President Franklin D. Roosevelt and asked him to work through James E. West, then the chief Scout executive of the Boy Scouts of America, to the end that he would be furnished with the names of men in the services around the world from the United States who had been Boy Scouts, or Sea Scouts, or Explorer Scouts.

This process was expedited and the individual record of every man available for this particular task was placed at the command of Commander Keene.

These young men from the various parts of the world then were transferred to Belfast, Ireland, and were put at the disposal of Commander Keene.

In the process of interviewing and reviewing each of these men as they were ushered into service in this particular project, Commander Keene inquired of them about their background including working experience, education, clubs, societies and organizations to which they belonged as boys.

Of course, Commander Keene knew that each had been a Scout and finally, each man was questioned until he stated that he had been a member of a Boy Scout unit somewhere in the United States.

At this point, Commander Keene had these men stand, give him the Boy Scout sign and repeat the following part of the Boy Scout oath:

On my honor, I will do my best to do my duty to God and my Country.

At that point, Commander Keene said, "Stop — you are now officially sworn in to the service of this fleet in Belfast, Ireland."

Naturally, these young men were

## Michigan Couple, Wed Aug. 29th, Honeymoon In Eastern Kentucky

Mr. and Mrs. Danny Patrick Hunter have returned from a honeymoon in Kentucky after their marriage August 29 at the Lutheran Church on West Outer Drive, Detroit, Mich. The Rev. Kuhlman performed the ceremony.

Mrs. Hunter is the former Joan Montgomery, daughter of Mr. and Mrs. Phillip Montgomery, of 19579 Wood St., Melvindale, Mich. The bridegroom is the son of Mr. and Mrs. Ballard Hunter, of 17226 Eddon St., Melvindale.

The bride selected a white nylon dress over pale blue taffeta, for her wedding. The bouffant skirt was ballerina length, with scallops edging the hem line, fashioned along simple lines with fitted bodice, shawl collar and three-quarter length sleeves. Adding interest to her costume, she wore wrist-length, white gloves and a large, white hat. She carried a bouquet of white carnations. The couple was attended by Mr. and Mrs. James L. Hunter, the bridegroom's brother and sister-in-law. Mrs. Hunter chose a royal blue ensemble for her duties as honor matron. A corsage of white carnations complimented her dress.

Following the ceremony, a family dinner was held at the bridegroom's home. The newlyweds greeted guests at an evening reception at the home of his brother in Taylor, Michigan.

Mr. Hunter's parents are former residents of this county. They have been living in the Detroit area for the past 16 years.

## Engagement Announced

Mr. and Mrs. John W. Rupe, of Wheelwright, Ky., are announcing the engagement of their daughter, Judith Ann, to Mr. Alan Howard Smith, son of Mr. and Mrs. Howard G. Smith, of Cincinnati, Ohio.

Miss Rupe is a graduate of Wheelwright high school and is attending the University of Cincinnati's College of Arts & Sciences.

Mr. Smith is a graduate of Mt. Healthy high school and is attending the University of Cincinnati College of Engineering. He is a member of Triangle fraternity and is employed by the Cincinnati Shaper Company.

The wedding date has not been announced.

greatly excited when they learned that Commander Keene was depending upon their Scout oath or promise as a basis upon which he could depend for total effort and performance.

According to Commander Keene, this operation was definitely the turning point toward victory for the Allies in World War II.

Commander Keene related that he was the only man in America that had ever received the British Medal of Honor, and it was bestowed upon him because of the outstanding performance and the very great contribution to the allied cause at this point. Commander Keene asked the question then in relating the story, "Who won World War II?" He immediately answered his question by saying that it was because of the men under his command which in this instance were previously Boy Scouts and, therefore, the Boy Scouts of America could take credit for turning the tide in the victory of World War II.

## Handshoe Woman Dies Enroute To Hospital; Funeral Is Held Today

Mrs. Vin Handshoe, 66, of Handshoe, died at 5:30 p.m., Monday at Our Lady of the Way hospital, Martin. She was a daughter of the late Bill and Jenny Wireman. Her husband, Bill Handshoe, survives.

Surviving sons and daughters are Vince Handshoe, Floyd Handshoe, Mrs. Susan Bolen and Mrs. Sadie Robinson, all of Willard, Ohio, and Wayne Handshoe, of Handshoe. Two brothers, K. L. Wireman, Lima, Ohio, and Add Wireman, in Michigan, survive.

Funeral services were held at 10 a.m., today (Thursday) at the home. Burial was made in the family cemetery under the direction of Hall Brothers Funeral Home.

Zachary Taylor, 12th president of the U.S., grew to manhood on a farm in the Beargrass Creek area near Louisville.

## Cooperation Is Urged In Accident Control

State Director of Accident Control Charles Baker Jones says things get done when people work together and this is especially true in the field of traffic safety.

Jones urges the cooperation of all Kentuckians in making a success of the child traffic safety program being conducted this month by the Kentucky Department of public Safety.

"If we are to keep our children safe in traffic," Jones said, "it's going to take the combined efforts of motorists, parents and the children themselves."
