The Floyd County Times

Arts center is a dream no more. . .

Greg Stumbo:
"I honestly, at first, didn't think it could be done...
"I've apologized so many times to Billie Jean that I've lost count..."

Paul Patton:
Eastern Kentuckians have demonstrated through this effort that they can build a future for themselves..."

Hal Rogers:
People from Ohio and Indiana have been passing through Eastern Kentucky to go to Nashville to see Eastern Kentuckians perform..."

If you build it, they will come...

Nope, you build it because they're already here. Groundbreaking ceremonies were held Monday at the site of the new Mountain Arts Center, a facility that will showcase area talent...like the Kentucky Opry...and to serve as an educational center for young people interested in music and the arts. The \$6 million facility got another boost Monday from Congressman Hal Rogers, who announced that a \$1 million grant had been authorized for the facility by the U.S. Economic Development Administration.

The EDA grant will supplement two additional \$1 million grants from the Small Business Administration. The Mountain Arts Center will include a 1,000 seat theater, a recording studio, and classrooms. It's to be built on Route 114 next to Glymview Plaza in Prestonsburg.

Robinson guilty of homicide; jury can't agree on sentence

by Susan Allen
Staff Writer

A Floyd County jury deliberated for almost six hours Friday before finding a Floyd County man guilty of reckless homicide, but jurors were unable to come to an agreement on a prison sentence.

Prosecutors were seeking a verdict of murder against Larry Robinson of Prestonsburg, in connection with last year's death of William "Bucky" Rose.

Rose died after being run over by a pickup truck driven by Robinson on Memorial Day, 1993, at Banner. Robinson had been following Rose and his wife, Mary, with whom

Robinson had developed a relationship while the husband and wife had been separated.

Because the jury was unable to agree on a prison sentence, Judge Combs will sentence Robinson on September 23.

The jurors deliberated for about five hours during the sentencing phase before announcing that they were deadlocked on the issue.

Under state sentencing guidelines, reckless homicide is a class D felony which carries a 1-5 year prison term. A person sentenced to a one-year term may be eligible for parole after serving four months; under a two-year term parole is possible after serving five months; a three-year term,

seven months; a four-year term, 10 months; and a five-year term, 12 months.

State probation and parole officer Paula Johnson testified that there is no assurance that a prisoner would be granted parole after serving the minimum sentence.

During deliberations Friday, jurors came back at approximately 3 p.m. and asked special Judge Doug Combs if they could go to the site where the accident occurred.

Judge Combs told jurors that if they went to the site, they could not discuss the case and no one could give them any information about the accident.

When jurors returned to their de-

liberations, Judge Combs admonished spectators in the courtroom that he "would not tolerate anyone for any reason trying to circumvent the process" of the trial.

No specifics were offered about the judge's comments, but throughout the trial it was apparent that there was animosity between the two families involved in the case. Security was tight during the three-day trial.

Judge Combs cautioned that if he received any more reports of "problems" between spectators, the courtroom would be cleared and the process would continue "without the benefit of spectators."

"I'm dead serious about this," Judge Combs said.

Fish thought to be piranha hooked at lake

by Ed Taylor
Sports Editor

Officials are hoping to avoid a public panic over what some believe to be a piranha that was caught in the swimming area of Dewey Lake last Friday.

Richard "Cooter" Smith, 5, of Wayland, caught the unusual fish while fishing with his "Nannie," Linda Lafferty from the bank.

"I caught it on a nightcrawler," said the young fisherman who dons a T-shirt that reads "Official Dewey Lake Piranha Guide."

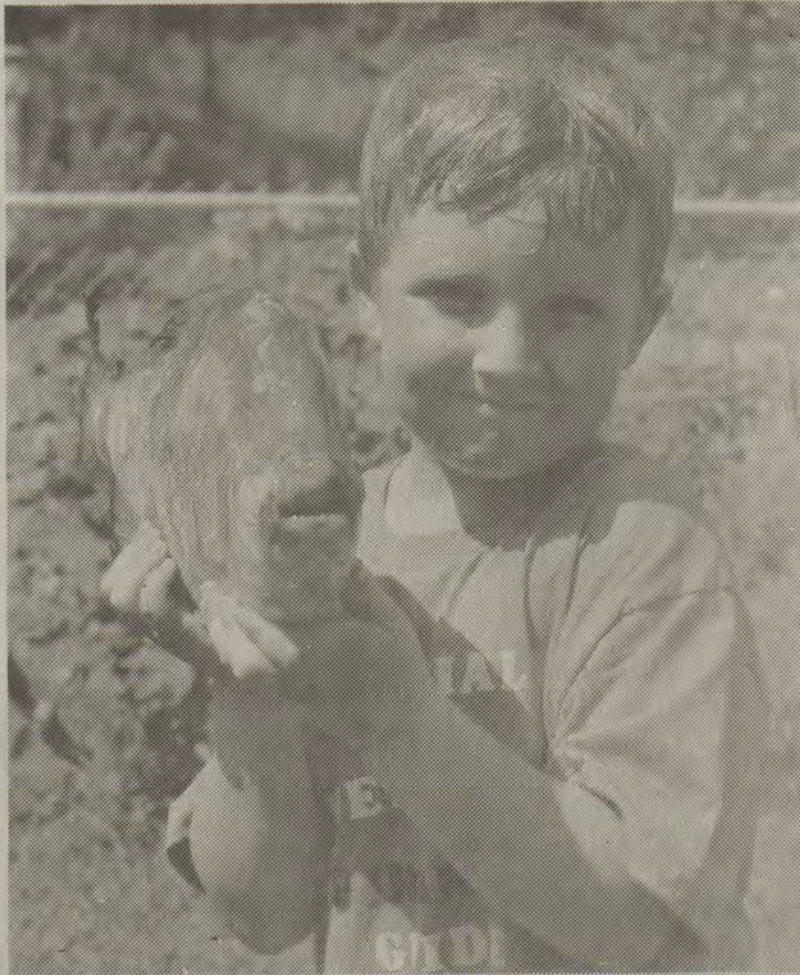

"He loves to fish," said Willard Lafferty. "He would fish all the time as long as someone will take him."

The young Lafferty really didn't expect to be so successful when he went fishing with his grandparents last Friday.

"I didn't think I would catch anything," he confessed as he just took it all in stride. "Nannie helped me pull it in."

"He fought with it at first," said Mrs. Lafferty.

"Cooter" attends the Mountain

An unusual catch!

Richard "Cooter" Smith, 5, of Wayland held his 17-inch piranha that he caught at the swimming area of Dewey Lake. The fish weighed four and a half pounds and measured seven inches across. The youngster caught the fish on a nightcrawler. (photo by Ed Taylor)

Coal education program expands to Floyd schools

by Janice Shepherd
Managing Editor

"The hill was very high. Some of us were afraid the bus was going to roll off the hill. Some of us wanted to get in the middle," said fourth grader Sarah Billiter, as laughter rippled through her audience Monday night at May Lodge.

Her audience was Floyd County teachers, and Billiter, a student at Millard Elementary in Pike County, was explaining the trip she and her classmates had taken to a coal mine.

Billiter and her classmate, Michelle Parks told the teachers about the things they had learned about the coal industry through the CEDAR (Coal Education Development and Resource) program which began in Pike County last year.

This year, the program will branch out into Floyd County. CEDAR's purpose is to improve the image of coal through education by integrating the study of coal into the classroom curriculum.

"It's a nice way to learn — a fun way to learn," said John Justice, chair-

man of CEDAR, Inc. "It's a way to educate them more about their immediate surroundings."

CEDAR supplies educational material, speakers, and financial assistance through grants, and also hands

Wayland council to hold special meet

Wayland City Council has called a special meeting for September 13 at 5 p.m. at the Wayland Senior Citizens Center.

The council will open and review qualifying statements submitted by engineering firms interested in assisting the city in planning, designing and construction of a wastewater treatment system.

The regularly scheduled meeting of the Wayland City Council is Monday, September 19.

The meeting will begin at 5 p.m. and will be held at the Wayland Senior Citizens Center.

The meetings are open to the public.

out first class awards to winners. The top prizes for winning teachers are an all-expense paid trip to Myrtle Beach, North Carolina, and a \$1,000 cash prize.

Teachers from primary, middle and secondary grade levels judged to have the most effective coal study program will receive the trip to the North Carolina Coal Institute's Summer Trade Seminar in Myrtle Beach.

Second place winners receive a \$500 gift certificate from Wal-Mart. Third place winners get a \$250 gift certificate.

Students can also win gift certificates, but they compete in the CEDAR Coal Fair. First place regional winners in six categories win \$150 gift certificates. A \$100 gift certificate is awarded to second place winners, and \$50 to third place winners.

First place winners in the primary, middle and secondary grade levels win a computer system. Second place winners are awarded a \$500 savings bond, and third place winners receive a \$250 savings bond.

Wheelwright official quits, agrees to exile

by Susan Allen
Staff Writer

Wheelwright City Commissioner Charles Harmon resigned his seat on the commission Tuesday and agreed to an immediate exile from the county amid charges he held his wife at gunpoint Monday night during an apparent domestic dispute.

Harmon was arrested Monday by Kentucky State Police trooper James Slone and charged with first degree unlawful imprisonment and fourth degree assault, spouse abuse. Floyd County Sheriff Paul Hunt Thompson said that Harmon allegedly held his wife at gunpoint during an altercation at their home in Wheelwright.

During his arraignment Tuesday afternoon in Floyd District Court, Harmon agreed to stay out of Floyd County, except to attend court proceedings on the charges, and asked that the felony charge of unlawful imprisonment be waived to a Floyd County Grand Jury.

Judge Danny Caudill told Harmon several times that if he returned to the county for any reason other than a court date on the charges, he would be subject to immediate arrest. The judge also told Harmon that he could have no contact with his wife or violate any other laws in state or out of state. If Harmon violates any of the bond provisions, his \$20,000 surety bond will be reconsidered at that time, Judge Caudill said.

Harmon told Judge Caudill that he would abide with the provisions of his bond and pledged that he would have no contact with his wife. Harmon asked for "a little time" to get his affairs in order before he left the county.

Judge Caudill did not appear to be in favor of letting Harmon have any additional time before relocating out of the county. Harmon spoke up and said he would leave the county immediately after posting bond.

Harmon asked to be allowed to get his vehicle from the Wheelwright area and Judge Caudill asked if there was anyone who was willing to bring it to him.

Wheelwright Mayor David Marlee Sammons, who was present at the arraignment, volunteered to bring Harmon's car to Prestonsburg.

Harmon told Judge Caudill that he was preparing to take a job out of state and had to report for that job by Tuesday.

Prior to Tuesday's arraignment, Harmon signed a letter of resignation from the commission and in that let-

ter he agreed "to physically leave the city of Wheelwright" and not return.

Mayor Sammons said after Tuesday's hearing that a replacement on the commission will be appointed within the next 30 days.

Ohio man wanted for murder is caught here

by Susan Allen
Staff Writer

An Ohio man wanted on a murder charge in that state was arrested Tuesday morning by Floyd County Sheriff Paul Hunt Thompson and deputies at a residence in Martin.

Lawrence Smith, 20, of Ashtabula, Ohio, was taken into custody by sheriff's deputies just before 10 a.m. Tuesday and is being held for police officers of the City of Geneva, Ohio, in connection with Saturday's beating death of 21-year-old Randy M. Marshall of Geneva.

Geneva Sergeant Daniel Dudik notified the sheriff's department at 1:20 a.m. Tuesday that Smith was wanted in that state on a murder charge and that he could be in Floyd County.

Sheriff's dispatcher Tim Stephens notified lieutenant Lloyd Powers, who was stationed at Left Beaver Townhouses, that Smith could be in the Left Beaver area.

Powers noticed a vehicle in the townhouse parking lot with Ohio tags, which turned out to belong to a member of Smith's family.

Powers notified Sheriff Thompson at approximately 6:30 a.m. Tuesday and the two searched an apartment at the Left Beaver housing project.

Smith was not at that residence and officers were tipped that he could be at a residence on Bucks Branch near Martin. Powers, Thompson and deputy Ricky Thomsberry went to the Bucks Branch home and found Smith hiding in a closet.

Geneva police chief James Pearson said Tuesday that Smith and Marshall were acquaintances and that Marshall's body was found Saturday afternoon in Tuttle Court near an elementary school in Geneva.

(See Suspect, page two)

Piranha

Christian Academy at Martin where he is a kindergarten student.

Lafferty, who put the fish on ice for preservation until it can officially be identified, said that it is the "wickedest looking fish that I have ever seen."

"Really, we have no idea what it

is," he said. "Several who have seen the fish say that it is a piranha."

Lafferty said that he was fishing downstream from the other two when they hooked the piranha.

"When I got there I didn't know what they had caught," he said. "We showed it to an old gentleman who

was there and he said that he had seen every kind of fish there was, but nothing like that."

Piranhas are known for their razor-sharp teeth that is used to attack its prey. It is most commonly found in South American waters.

So, how did it get in Dewey Lake? While no one knows, Lafferty thinks there is an answer.

"Dan Wilson, who is the marine biologist from Hager Hill believes someone must have had one in an aquarium and turned it loose," explained Lafferty.

Everyone has heard the stories surrounding the piranhas. They have been pictured as fish that can devour a human body at will. The movies have capitalized on the notion that you'd best stay away from waters where they swim.

Piranhas are favorites of tropical aquarium owners, who enjoy keeping them but soon tire of them because of the expense to feed one. Because of that, wild piranhas have been introduced into some rivers and lakes in the United States. The most common is the Southeastern part.

While the piranha can be a serious problem for fish in other waters, they rarely attack people. But Lafferty said the fish he has is vicious looking.

"It has the sharp teeth but the bottom ones look like human teeth," he said. "The fish are found in waters like in Brazil. They can average in size up to 20 inches long."

The one that Lafferty caught weighed in at four and a half pounds. It measured 17 inches long and seven inches wide.

"The chances of catching a fish like this are slim," he said. "Your chance of winning the lottery is better than catching a piranha."

Photos of the fish have been sent to Tennessee for a definite identification. In the meantime, Lafferty has put the fish on ice and when it is all over he plans to have the fish mounted.

"With the teeth showing," he said.

What else does the "Cooter" enjoy?

"Fishing and baseball are my life," he admitted.

Suspect

Marshall died from blunt trauma to the head, Pearson said, and police believe he was killed around 8 a.m. Saturday. The murder charge was filed against Smith in Ohio on Monday.

Police believe that Smith and Marshall had argued Saturday morning and "subsequently Marshall was killed," Pearson said.

Pearson explained that Smith had friends and family in Floyd County and that officers had been tipped the suspect may be headed to the area. Pearson was pleased that Smith was arrested so soon.

"We appreciate the assistance of the local authorities and that they were able to apprehend Smith so quickly,"

Pearson said.

After checking Smith's records, sheriff's deputies discovered that Smith is wanted on eight charges in Floyd County. On August 10, a bench warrant was issued for Smith's arrest on charges of harassing or simple assault on a police officer; driving a motor vehicle under the influence of alcohol; disorderly conduct; third degree criminal mischief; no registration receipt; expired temporary tags; no operators license; and no insurance.

The Floyd County charges were brought by Prestonsburg policeman Ricky Conn after an incident at the Holiday Inn this spring. Conn said Tuesday that he stopped a vehicle occupied by Smith and two other persons on U.S. 23 after receiving a report from security personnel at the Holiday Inn. Conn said that Smith assaulted him during the arrest.

Conn also added that Smith was wanted in Ohio for a parole violation at the time of his arrest earlier this year. Ohio authorities declined to extradite Smith for the violation on a "first or second degree assault" charge, Conn said. Conn said that Smith had a lengthy criminal record.

Geneva police officers are expected to arrive in Floyd County Wednesday to extradite Smith, Pearson said.

Triplett receives two Morehead scholarships for fall semester

Morehead State University has announced that Yvette J. Triplett of Harold is among those students receiving a Minority Student Leadership Award and a Minority Student Enhancement Award for the fall semester.

Triplett, daughter of Joseph and Glenda Sostrich, is a graduate of Betsy Layne High School. Listed in "Who's Who Among American High School Students," she was a member of Beta Club, Student Council and the National Honor Society. She was active in Senior Citizens Center projects and the Clean Up the Community Project.

To be eligible for the Minority Student Leadership Award, applicants must be admitted to MSU as an entering freshman; be a Kentucky resident; be an individual whose predominant ethnic background is Black, Hispanic (Mexican, Puerto Rican, Cuban, Central or South American, or any Spanish culture or origin), American Indian or Alaskan native, Asian or Pacific Islander descent; have demonstrated achievement in academic and/or extracurricular activities; priority to those with at least a 2.50 high school grade point average, and submit a completed scholarship application to MSU.

The award, valued at \$550 per year, is renewable if the student maintains a minimum cumulative 2.50 g.p.a.

Coal

Packages containing information about the CEDAR project will be sent to Floyd County teachers by September 15. Grant applications will also be in the package, Justice said, and he encouraged teachers to apply for the funds. Teachers must submit the grants by November 15.

"We try to give everyone who applies at least enough grant money to do what they say they're going to do," Justice said.

CEDAR officials will review each grant and cut out any excess. CEDAR doesn't fund the purchase of big ticket items, such as video cameras, which can be rented, Justice said. They will consider funding such items as computer modems that will be used to reach a lot of students on an on-going basis, he explained.

In the Floyd County school system, CEDAR is being coordinated by Patricia Watson and Gary Frazier.

CEDAR is a joint effort of the North Carolina Coal Institute and the Coal Operators & Associates, Inc. of Pikeville.

A Special Ceremony

To present a Proclamation by Governor Brereton Jones Proclaiming Sunday September 4th

Rondal Hayes Day in Kentucky

will be held on

Saturday, September 3rd, at 6 p.m.

at the Allen Central High School Gym at Eastern, Ky.

— during the —

Hueysville/Bosco Homecoming on Labor Day Weekend

Special singing and tributes from friends will mark the occasion. A reception will follow.

The public is cordially invited to attend.

Laid-off energy workers helped by Trade Act

Some workers laid off by Halliburton Energy Service in Paintsville may be eligible for Trade Adjustment Assistance, the Kentucky Department for Employment Services announced recently.

The U.S. Department of Labor has certified the company as an "adversely affected employer" under the federal Trade Act, which provides assistance to employees of businesses and industries hurt by import competition.

The certification covers all workers involved in the exploration and drilling of crude oil who were laid off by the company on or after June 14, 1993. Laid-off employees who exhausted their unemployment insurance benefits before they were called back to work or found another job also may be eligible for retroactive benefits.

Qualified workers may apply for financial assistance, training, and job search and relocation assistance.

ALLAN S. PERRY III—Publisher-Editor

Liberty of thought is the life of the soul—Voltaire

Stand and deliver

by Scott Perry

Billy Jean Osborne, stand and be recognized.

Well, heck. That's not necessary.

Everybody knows Billy Jean. She's that pesky, wild-eyed dreamer who thought Floyd County would be a good place to build and showcase Eastern Kentucky's talented young people.

Guess what?

Dreams come true.

On Monday, Billie Jean's did, anyway.

She and a whole bunch of other dignitaries tossed the first spadeful of dirt on what will soon become the Mountain Arts Center, home of the Kentucky Opry, a place where more dreams can become reality.

Billie Jean didn't do this by

herself.

That's a fact.

But she did have the dream and she did recruit the team that made the \$6 million arts center a sure-fire, no kiddin', Real McCoy.

Billie Jean pestered so many people with her dream that they'll readily admit she became their nightmare.

But her enthusiasm was contagious.

She convinced a governor, a congressman and a whole covey of state and local officials and business types to sign on to the project.

Persistence pays off.

The Mountain Arts Center is a reality.

Naw, Billie Jean doesn't need to stand and be recognized.

She just needs to stand and take a bow.

Letters to the Editor are welcomed by the *Floyd County Times*.

In accordance with our editorial page policy, all letters must include the signature, address and telephone number of the author.

Letters must be received no later than 10 a.m. Tuesday for publication in Wednesday's issue and 10 a.m. Thursday for Friday's issue.

Letters may be sent to Editor, The Floyd County Times, P.O. Box 391, Prestonsburg, KY 41653.

Letters may be edited for clarity and length.

Daughter wishes to find father's grave

Editor:

I am trying to locate the burial site of my father, R.C. "Rich" Hall.

My parents divorced when I was one year old. We left Kentucky when I was five.

My parents didn't keep in touch. I know my father was in law enforcement in Floyd County in the 1930s and '40s. Then in later years of his life he lived in Lexington.

Some relatives that I have been able to locate thought his body was returned to either the Floyd County or Hazard area for burial.

I would appreciate any information any of your readers might have. I will be in the Eastern Kentucky area this fall and would like to be able to visit his grave.

I can be reached by letter or phone. Call collect after 6 p.m. to (615) 875-0530.

Our Lady of the Way says thanks for support

Editor:

The third annual "Kids Health Kamp" was sponsored by Our Lady of the Way Hospital August 1-5, at Camp Shawnee in Floyd County. Thirty-eight children, ages 7-13, with asthma, diabetes, or weight-control problems attended the week-long overnight camp.

Our Lady of the Way Hospital Community Health Education Department would like to thank the following people who gave their time and energy so freely to ensure the success of the camp:

Respond Ambulance Service; Jim Porter; Adam Caldwell; Jordan Caldwell; Larry Johnson; Charlene Johnson; Rose Adkins; Lenny Sargent, RN; the staff of Camp Shawnee; volunteers, Torrin Cox, Ashley Miller, Mitchell Brown, Don Johnson, Valerie Coleman, Shelly Tackett, Crystal Goff, Daniel Hatfield, Kyle Turner, and Jennifer Crisp.

We would also like to thank the following Our Lady of the Way Hospital employees: administration, Billie Turner, RN, and Sonya Bergman; nursing, Scarlett Wallen, RN, Lynn Collins, RN, and Vivian

Sargent, RN; respiratory therapy, Vickie Rose and Faye Slone; physical therapy, Linda Ratliff and Carla Fields; nutrition services, Judy Combs; plant services, Cainer Hall and Randy Carroll.

Our special thanks to Sr. Pat Saul, associate administrator, CEO, who was very instrumental in the success of the camp, and Dr. Prem Verma, camp physician. We are especially grateful to Cheryl Bentley, R.D., C.D.E., and Michelle Baker, RN, of the Johnson County Health Department, and to Sherri Kinzer and Maggie Ratliff for their assistance and participation in the camp planning committee.

Our Lady of the Way Hospital is very appreciative for the support the community has shown for our "Kid's Health Kamp."

Neva H. Francis, RN, BS

Child escapes injury; bus personnel praised

Editor:

Little Suzanne had a narrow escape today. It is not the first time she has faced death, nor will it be her last but, just like me, she made it to safety today.

It is a very gut-wrenching feeling to see your child afraid for her life, her heart beating so fast that her skin looks like spider webs underneath. I wanted to cry because I couldn't help her not to be afraid.

Last night, we got home from the cardiologist in Louisville, all excited because of good news; Suzanne's blood pressures were excellent. We talked all the way home about school and our futures together but, most importantly, that she was going to get to go to school on a bus by herself. At last, her wheelchair had been released and Suzanne was geared up for school

and independence.

Suzanne's pigtails were a'flying and she was wearing a new dress as we waited for the bus to arrive. The telephone rang. It was Earl D. Ousley, director of transportation, checking to see if little Suzanne is ready to go to school.

The bus arrived. Suzanne was so excited, I could hardly keep the wheelchair in the driveway. At last, the big bus swung into place. The lift was engaged, lowered into place.

Apprehensively, Suzanne moved her wheelchair onto the lift, locked the brakes and was raised high into the air — when suddenly, the lift broke and Suzanne was almost spilled, strapped to a wheelchair, headfirst. Had it not been for Bill Hackworth, bus driver, and Sherry Baldrige, bus aide, Suzanne might not be here.

Bill quickly disengaged the lift and slowly lowered her to the ground. Suzanne was shaken and scared beyond crying. She doesn't understand danger.

The right gear was loose, bent and needed repairs. Quickly, Bill informed Mr. Ousley of the incident and Stevie Spriggs, school bus mechanic was here within 15 minutes. Stevie got a handle on the problem and got it repaired temporarily.

Suzanne was lifted slowly and securely, and off she finally went to school.

Stevie told me at school he will take apart the lift and make sure it is working correctly.

Earl D. Ousley, Bill Hackworth, Sherry Baldrige and Stevie Spriggs: "Thank you." Each of you deserve a merit increase or some kind of special acknowledgment for working under hazardous duty.

Suzanne's school year has started out at last — still alive.

Coffee Break

Lard has been getting a pretty bad rap lately.

But it has its usefulness, as a group of women proved when they rolled their 1984 van into San Francisco Saturday.

They made the 3,000 mile cross-country trip from New York in the van, which was powered by an engine that operated on used french fry oil from fast food restaurants.

The time is coming, we suspect, when you'll be ordering a burger and fries at the local drive-through and get this through the speaker...

"You want a fill-up with that?"

Saw an eye-opening piece on the tube this weekend about the perils of crack cocaine addiction that made us all the more thankful that we live in a place so

far removed from most of the evils that plague this world.

Then we were "treated" to a segment that involved a youngster from a small, rural community much like ours who had fallen victim to the incredibly addictive properties of the drug.

The message was terrifying.

It can happen to anyone, anywhere. Even here.

And, once the drug has you, it never lets go.

If you're tempted to try crack, understand that one "experiment" could mean a life of misery.

Just say "no" and run like hell.

The life you save will be your own.

Saw an opinion piece the other day blasting the federal crime bill because it

proposed to spend money building prisons and not enough on prevention programs.

The point of the opinion followed a worn-out theory that prisons aren't effective in lowering crime rates because, if they were, they wouldn't be so overcrowded.

What a crock.

People behind bars don't have the opportunity to commit crimes.

Criminals who don't have to serve their sentences do.

It's that plain and simple.

Any dopey idea that suggests we can turn the tide against crime by telling young folks it's the wrong thing to do is doomed to fail.

Unless we make those who won't listen pay the price.

By going directly to jail, and staying there.

Just to give you an example of how wacky the wonderful world of "justice" can be, look at two current high profile cases.

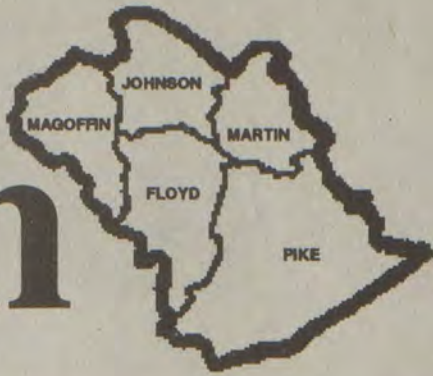

In L.A. the OJ Simpson defense claims their client is the victim of some sort of racist plot, obscuring the fact that he has been linked by physical evidence to the brutal slayings of two people.

Meanwhile, in the northeast, a gardner has been hauled into court to defend himself against charges of cruelty to animals for...we're not kidding...killing a rat.

One of these defendants has been commonly referred to as a hero while the other has been called a monster.

Guess which is which.

Ex-judge, U.S. attorney Jean Auxier dies at 94

Jean L. Auxier, a former U.S. attorney for the Eastern District of Kentucky and Pike County circuit judge, died Sunday at the Veterans Affairs Medical Center on Leestown Road in Lexington. He was 94.

Auxier, a Republican, was a Pike circuit judge for a term in the 1950s, and previously had served a term as Pike County attorney. He became an assistant U.S. attorney in 1958, and in 1960 was sworn in as U.S. attorney for the Eastern District of Kentucky. His stint as U.S. attorney ended soon after Democrat John F. Kennedy was sworn in as president in 1961.

Auxier, a Pike County native, attended Centre College, where he roomed with John Sherman Cooper, a Republican who went on to become a U.S. senator and ambassador. Auxier received a law degree from the University of Virginia and served in the Army during World War I.

He held several jobs as a young man, working as a teacher at Pikeville College, a surveyor and a sawmill employee. He began practicing law in 1925 and retired in the 1970s.

He could speak several languages, including French, German, Spanish and Latin, and had been a pilot and ham radio operator.

Auxier was a past president of the Kentucky Historical Society, and a member of the Sons of the American Revolution, Filson Club and Pikeville First Presbyterian Church.—*Lexington Herald-Leader*

Pike County man dies of gunshot wounds

A Pike County man who was shot in the head

and chest Sunday morning died yesterday at University of Kentucky Hospital.

The death of Robin David Kilgore, 23, of Hellier, has been ruled a homicide and an arrest is pending, said Howard Dobson, Elkhorn City police chief.

He declined to release further details until the arrest is made.

Kilgore was discovered by police about 7:15 a.m. Sunday at Eagle Flats, a wooded area in Elkhorn City where people often fish and camp, Dobson said.

Kilgore was a coal mine foreman.—*Lexington Herald-Leader*

Farmer dies in tractor accident

A tractor accident claimed the life of a Lawrence County farmer Sunday night. John E. Wilkes, 38, suffered a fatal head injury when the tractor he was riding flipped over on his property about 18 miles north of Louisa. "He was going to park his tractor and had a bush hog on the back of it," said Lawrence County Coroner Aaron Moon, who pronounced Wilkes dead at the scene. "He was going up a steep area that was kind of rocky and, with the weight of the bush hog on the back, the tractor turned over."—*Lexington Herald-Leader*

Two area coal companies contribute to construction of Martin County School

Martiki Coal Corp. and Pontiki Coal Corp. recently announced a \$200,000 cash contribution to the Martin County Board of Education toward construction of the new Warfield Middle School.

"The award will be given once financing for the school has been arranged and construction has begun," said Charles Wesley, vice president of operations for Martiki and Pontiki.

"We understand the overwhelming need for a new middle school in this county. In better times, we would have liked to have given even more. Market conditions for East Kentucky coal have not recovered as much as we'd hoped, so we're trying to fulfill our commitment to the school as best we can, despite the tough times we've had so far this year."

The small size and restricted shape of the Warfield School construction site would make it difficult to do site preparation with Martiki's or Pontiki's equipment, which is designed for much larger areas, Charlie said. So the mines are contributing \$200,000 instead to help defray construction costs.

Martiki and Pontiki cleared and grubbed the land this spring. Mine management has been a vocal advocate of the new school, meeting several times with the Martin County School Board over the past year to discuss plans.

Where the black bears live

North American black bear range

Size of adult: 5 ft. tall, weighs 200 to 800 lbs.

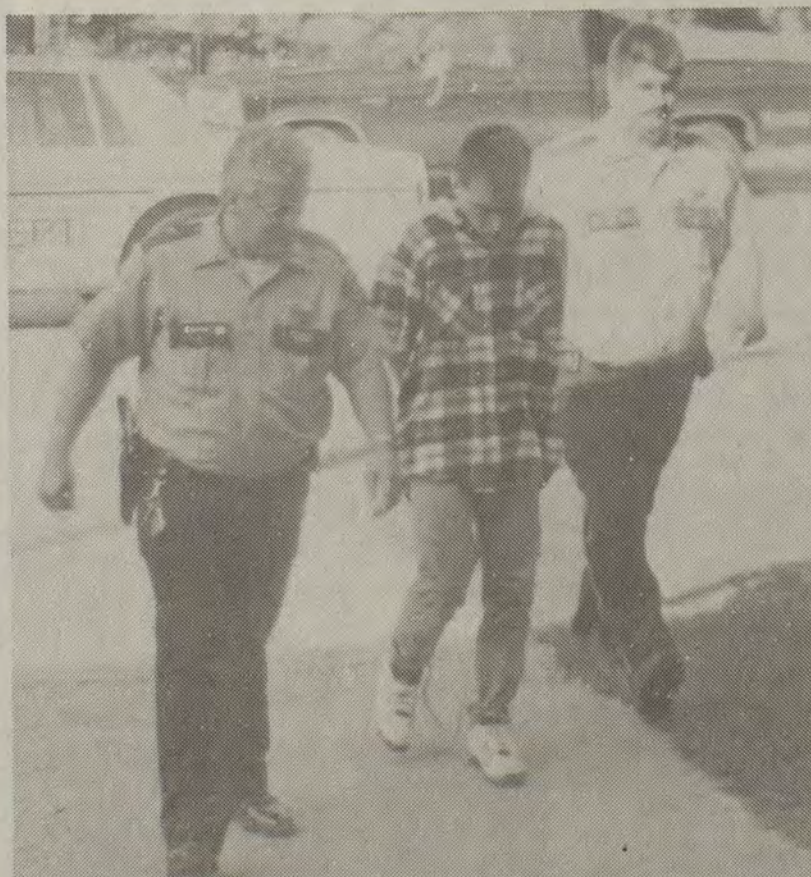

Color: Many are all black; some have brown noses and white chest patches; some are reddish-brown or blond. British Columbia has creamy white bears and southeastern Alaska has some that appear bluish.

Diet: Grasses, bulbs, berries, pine nuts, fish and carrion

Capabilities: Excellent sense of smell, skilled tree climber, fast runner

Habitat: Densely forested areas, marshland and rugged terrain; homes range from one to 14 square miles

SOURCE: Chicago Tribune, "The Big Game of North America," World Book, Compton's Encyclopedia.

Ohio murder suspect caught in Floyd

Floyd County Sheriff Paul Hunt Thompson and deputies Lloyd Powers, at left, and Ricky Thornsberry, at right, arrested murder suspect Lawrence Smith, center, at Bucks Branch Tuesday morning. Smith is wanted in Geneva, Ohio, in connection with Saturday's beating death of Randy Marshall in Geneva. (photo by Susan Allen)

Spending bill includes \$22 million for ARC highway projects

Funding for Appalachian Regional Commission (ARC) road projects in Kentucky has been increased to \$22 million for next year, according to Rep. Harold "Hal" Rogers.

After the House-Senate Conference Committee finished work recently on the FY 1995 Energy and Water Development Appropriations Bill, Rogers, a member of the Conference Committee, said the increase "would help bring better roads, economic development and new jobs to Southern and Eastern Kentucky."

The \$22 million will be used to construct and improve Kentucky highways on the Appalachian corridor system.

"Nothing is more important in Eastern Kentucky than good quality roads," Rogers said. "These funds will allow ARC to help Appalachia improve its roads and provide long-term economic growth for our region."

The funds will be used for several projects including U.S. 119 in Letcher County, U.S. 119 in Pike County at Bent Mountain and at Coburn Mountain.

The final version of the Energy and Water Appropriations Bill, which also includes many other flood-related projects for Southern and Eastern Kentucky, is expected to reach the floor of the House of Representatives this week.

Wells reunion

The descendants of Richard and Susanna Hutchinson Wells will have their annual reunion at Johnson Central High School, Paintsville, on Saturday, September 3, and Sunday, September 4. Activities begin with a tour of ancestors' graves. Those interested will meet at the Johnson Central parking lot at 2 p.m. on Saturday. A genealogy workshop will be inside the school at 6 p.m.

The school doors will open Sunday at 10 a.m. Bring your family and a basket dinner.

Service with a smile

Lisa Burchett, right, was honored Monday by Appalachian Research and Defense Fund for her ten years of employment with the agency. In a ceremony at Sam an Tonios at Betsy Layne, she received a plaque from her boss, Steve Sanders. (photo by John Rosenberg)

Low-income families may qualify for new program to ease medical bills

Beginning September 1, low-income Kentuckians may qualify for a new program that will help ease high medical bills.

The Discount Option Program (DOP) will be available for people with gross income at or below 200 percent of the federal poverty level. For example, a person with a monthly income of up to \$1,227 or a family of four with a monthly income of up to \$2,467 could be eligible.

A patient certified for DOP will pay the same rate for medical services as the state pays for Medicaid recipients. The DOP participant is still responsible for paying the medi-

cal service provider, but will get a discounted rate. For example, a person certified for DOP would pay a doctor the same fee for an office call as Medicaid pays.

"This program is not a cure-all for medical expenses, but it can give some relief to people who are struggling financially," said Cabinet for Human Resources Secretary Masten Childers II. "Often these people are workers who do not have medical insurance or can't qualify for insurance for some reason."

"Many people will not go to the doctor when it's necessary because they can't afford it. Although DOP will not completely eliminate the cost, it will lower the price and that may be enough to help someone get treatment."

The DOP participant must see a doctor in the Medicaid program or receive other medical services from Medicaid providers to qualify for the discount. Service providers will include physicians, pharmacies, hospitals, dentists and medical professionals who currently participate in the Medicaid program.

The only Medicaid providers not included in the program are long-term care facilities.

Kentuckians can apply for DOP beginning September 1 at the Cabinet for Human Resources local office: The Department for Employment Services, Department for Social Insurance, Department for Social Services, local health department and regional mental health offices. Most of these sites are listed in the community telephone books under "Kentucky State Government."

Faye and Hurley Samons

Celebrate 50 years of marriage

Hurley and Faye Samons of Arkansas Creek, Martin, celebrated their 50th wedding anniversary with a picnic at the Dewey Dam Spillway.

The picnic was hosted by their family. They are the parents of four children: Gary, Keith, and Lana Samons, and Karen Daniels.

They are the grandparents of Jennifer Michael Samons and Lydia Fay Daniels.

Guests attending were Mr. and Mrs. Robert Taylor, Raymond Daniels, Mrs. Wilbert Hughes, Susie Mullins, Roger and Brian Samons, Rosa Daniels, Elmer Crum, Barney Ring, Linda Samons, Mr. and Mrs. Dale Hughes, and Charley Billie.

Obituaries

Raymond Pennington

Raymond Pennington, 74, of Chapmanville, West Virginia, formerly of Garrett, died Monday, August 22, at Logan General Hospital in West Virginia.

Born December 6, 1919 in Denton, he was the son of the late John Wesley and Fannie Reeves Pennington. He was a retired coal miner, formerly employed by the Amherst Coal Company. He was a veteran of the U.S. Army, serving during World War II. He was a member of the 5&6 Holden Freewill Baptist Church and the UMWA in Logan, West Virginia. He was preceded in death by his wife, Agnes C. Pennington, in 1990.

Survivors include one daughter, Peggy Light of Chapmanville, West Virginia; one sister, Mrs. Ola Thompson of Marengo, Ohio; four grandchildren and two great-grandchildren.

Funeral services were Wednesday, August 24, at the 5&6 Holden Freewill Baptist Church in Logan, West Virginia, with Rev. Gernie Bailey and Rev. Glenn Tomblin officiating. Military services were conducted.

Burial was in the Forest Lawn Cemetery in Pecks Mill, West Virginia, under the direction of Evans Funeral Home in Chapmanville, West Virginia.

Deacons of the 5&6 Holden Freewill Baptist Church served as pallbearers.

Charles Edward "Ed" Hicks

Charles Edward "Ed" Hicks, 87, of Mendon, Ohio, died Sunday, August 28, at his residence, following a short illness.

Born March 15, 1907 at Pyramid, he was the son of the late Elliot Hicks and Mary Prater Hicks. He attended Morehead State University. He attended Mendon First Church of God. He was a production worker for Goodyear in St. Marys, Ohio.

Survivors include his wife, Naomi Osborne Hicks; two sons, Vernon Hicks of Tipp City, Ohio, and Eugene Hicks of Mendon, Ohio; five daughters, Wanda Mahaffey of Bloomville, Ohio, Phyllis Lauth of Celina, Ohio, and Pauline Miller, Bonita Welker and June Dorsten, all of Mendon, Ohio; one sister, Opal Ratliff of Phoenix, Arizona; 25 grandchildren, 30 great-grandchildren, three great-great-grandchildren, four step-grandchildren and six step-great-grandchildren.

Funeral services will be Wednesday, August 31, at 10 a.m., at the Mendon First Church of God with Rev. Dean Bruce and Rev. Glenn Masser officiating.

Burial will be in the Mendon Cemetery under the direction of W.H. Dick and Son Funeral Home.

Goldie Marie Newsome

Goldie Marie Newsome, 68, of Hi Hat, died Monday, August 29, at Hazard Appalachian Regional Medical Center, following a long illness.

Born May 20, 1926 at Beaver, she was the daughter of the late Wilburn Lee and Martha Tackett Hamilton. She was a member of the Samaria Regular Baptist Church at Teaberry. She was preceded in death by her husband, Grant Newsome.

Survivors include four sons, Grant Newsome Jr., Stoney Newsome and Bobby Dale Newsome, all of Hi Hat, and Donnie Newsome of Dema; five brothers, Hershell Hamilton and Russell Hamilton of Price, Frank Hamilton of Teaberry, Willie Hamilton of Beaver, and Wilburn Hamilton Jr. of Lorain, Ohio; two sisters, Mary Newsome and Hazee Bentley, both of Beaver; eight grandchildren and one great-grandchild.

Funeral services will be Wednesday, August 31, at 11 a.m., at the Little Nancy Regular Baptist Church at Hi Hat, with the Regular Baptist Church ministers officiating.

Burial will be in the Frank Hamilton Cemetery at Grethel under the direction of Hall Funeral Home.

Reginald "Rex" Stambaugh

Reginald "Rex" Stambaugh, 85, of Stambaugh, died Tuesday, August 23, at Central Baptist Hospital, following an extended illness.

Born October 4, 1908 in Johnson County, he was the son of the late Fred and Mary Liza Stambaugh. He was a self-employed wholesale grocer. He was a member of the Locust Grove United Baptist Church.

Survivors include his wife, Anna Stambaugh; two daughters, Betty Burchett of Stambaugh and Mary Lewis of Fruitland, Florida; five brothers and sisters, Lucian Stambaugh of Whitesburg, R.C. Stambaugh and Geraldine "Teen" Castle, both of Wittenville, Tilda Chandler of Hager Hill, and Jessie VanHoose of Paintsville.

Funeral services were Saturday, August 27, at 1 p.m., at the Preston Funeral Home Chapel with the ministers John Pelphrey, J.D. Rice and Lonnie Terry officiating.

Burial was in the Burchett Family Cemetery under the direction of Preston Funeral Home.

Lucy Hall Patton

Lucy Hall Patton, 88, of Auxier, died Sunday, August 28, at her residence, following an extended illness.

Born March 1, 1906 on Johns Creek in Floyd County, she was the daughter of the late Willie R. and Ella Burchett Hall. She owned and operated Patton Grocery at Auxier. She attended the Auxier Freewill Baptist Church. She was preceded in death by her husband, Rev. Thomas Alex "T.A." Patton, on August 29, 1991.

Survivors include four sisters, Flossie McGuire of Prestonsburg, Una Buskirk and Louella Buskirk, both of Inez, and Geneva Perry of Detroit, Michigan; one half-brother, Lee Hall of Cleveland, Ohio; two granddaughters and three great-grandchildren.

Funeral services were Tuesday, August 30, at 2 p.m., at the Auxier Freewill Baptist Church with the Rev. Bobby Joe Spencer and Calvin Setser officiating.

Burial was in the Patton Family Cemetery at Auxier under the direction of Carter Funeral Home.

Serving as pallbearers were Steve Spencer, James Arnett, Darwin Patton, Donald Patton, Harold Buskirk, Urel Ray Wilcox, Jack Goble, and Greg Richmond.

Buerita Holbrook Conley

Buerita Holbrook Conley, 82, of Mansfield, Ohio, died recently, at Mansfield Memorial Homes, following a long illness.

Born January 20, 1912 in Floyd County, she was the daughter of the late John and Cynthia Prater Holbrook. She was a resident of Mansfield for most of her life. She was a cook at Madison Hospital for 15 years, retiring in 1972. She was an active member of the Fifth Avenue Freewill Baptist Church. She was preceded in death by her husband, Ike Conley.

Survivors include one son, Kenneth Conley of Seminole, Florida; two brothers, Gordon Holbrook and Charles Holbrook, both of Alger, Ohio; four sisters, Edna Schaeffer of Michigan, May Spradlin and Pearl Fraley, both of Alger, Ohio, and Gean Gadie of Indiana; three grandchildren, five step-grandchildren and give great-grandsons.

Funeral services were held at the Fifth Avenue Freewill Baptist Church with Rev. Rick Pelfrey officiating.

Burial was in the Preston Cemetery in Alger, Ohio, under the direction of Finefrock Funeral Home.

Serving as pallbearers were Ray V. Allen, Paul V. Allen, Jeffrey L. Conley, Joshua Zartman, Eddie Mosier, Kenny Young, and two members of the Fifth Avenue Freewill Baptist Church.

Lina J. Stumbo

Lina J. Stumbo, 78, of Columbus, Ohio, formerly of Prestonsburg, died Friday, August 26, at her residence, following an extended illness.

Born September 28, 1915 in Knott County, she was the daughter of the late Miles and Ollie Slone Jones. She was preceded in death by her husband, Sherman Stumbo. She attended the Calvary Holiness Church.

Survivors include two sons, Eugene Stumbo of Leburn and McArthur Stumbo of Columbus, Ohio; two daughters, Linda Faye Tussey of Columbus, Ohio, and Eulavene Adams of Tampa, Florida; two brothers, Herbert Jones and Curt Jones, both of Michigan; six sisters, Dina Nichols of Dayton, Ohio, Verda Branham of Michigan, Luna Combs of Grayson, Verna Hall of Detroit, Michigan, Lena Allen of Eastern, and Versa Addis of McDowell; 13 grandchildren and 13 great-grandchildren.

Funeral services were Sunday, August 28, at 1 p.m., at the Hall Funeral Home Chapel with the Rev. Richard Wood and Rev. Roy Murray officiating.

Burial was in the Lucy Hall Cemetery at McDowell under the direction of Hall Funeral Home.

Serving as pallbearers were Kenneth Collier, Gary Gibson, Mickey Stumbo, Bobby Dingus II, Steven Charles, Larry Collins, Rick Akers and David Cline.

Elkana Sexton

Elkana Sexton, 83, of Emma, died Thursday, August 25, at Our Lady of the Way Hospital, Martin, following a short illness.

Born April 16, 1911 in Floyd County, he was the son of the late Smiley and Oma Collins Sexton. He was preceded in death by his wife, Louvern Osborne Sexton. He was a retired coal miner, formerly employed by Turner Elkhorn Mining Company at Drift. He was a member of the UMWA, District 30. He was a U.S. Navy, World War II veteran, serving in the Pacific area and Alaska.

Survivors include six sons, Ronnie Sexton and Calvin Sexton, both of Piercetown, Indiana, Ralph Sexton of Columbia City, Indiana, Clyde Sexton of Warsaw, Indiana, David Sexton of Dade City, Florida, and Arnold Sexton of Argos, Indiana; five daughters, Carrie Edsel of Emma, Audrey Minnix and Betty Burkett, both of Piercetown, Indiana, Bonnie Roberts of Harold, and Sherra Sexton of Albion, Indiana; 25 grandchildren, 26 great-grandchildren and several adopted great-grandchildren.

Funeral services were Monday, August 29, at 2 p.m., at the Hall Funeral Home Chapel with the clergyman Jack Howard officiating.

Burial was in Davidson Memorial Gardens at Ivel under the direction of Hall Funeral Home.

Serving as pallbearers were Ronnie Sexton, Ralph Sexton, Clyde Sexton, Calvin Sexton, David Sexton, Arnold Sexton, Lowell Minnix, and Jerry Burkett.

Bascom Click

Bascom Click, 79, of Marion, Ohio, formerly of Prestonsburg, died Tuesday, August 30, at Marion General Hospital, following a brief illness.

Born January 27, 1915 at Emma, he was the son of the late Joseph and Dora Belle Woods Click. He was a retired factory worker and coal miner.

Survivors include his wife, Majorie Justice Massie Click; three sons, Gene Massie and Steve Massie, both of Marion, Ohio, Tim Massie of Dayton, Ohio, and Mike Massie of Columbus, Ohio; three brothers, Braxton Click of Alabama, Trent Click of Wyoming, and Johnny Click of Michigan; one sister, Floretta Holloway of Florida; eleven grandchildren and 11 great-grandchildren.

Funeral services will be Friday, August 2, at 2 p.m., at the Cow Creek Freewill Baptist Church with Mike Blanton officiating.

Burial will be in Davidson Memorial Gardens at Ivel under the direction of Nelson-Frazier Funeral Home.

Forrest "Bud" Tuttle Jr.

Forrest "Bud" Tuttle Jr., 50, of Garrett, was dead on arrival at Our Lady of the Way Hospital, Monday, August 29, following a sudden illness.

Born June 1, 1944 at Garner, he was the son of the late Forrest and Mary Owens Tuttle. He was a disabled auto body mechanic and a Vietnam veteran.

Survivors include his wife, Vina Sparkman Tuttle; one stepson, Michael Jay Wojtkowski of Garrett; one stepdaughter, Penny Lewis of Prestonsburg; one brother, Glenn Darrell Tuttle of Frenchburg; two sisters, Marlene Bentley and Shelia Bendley, both of Wayland; and one step-grandchild.

Funeral services will be Thursday, September 1, at 11 a.m., at the Mt. Olive Old Regular Baptist Church at Pippa Passes, with Rev. Kelly Slone and others officiating.

Burial will be in the family cemetery at Garrett under the direction of Nelson-Frazier Funeral Home.

Edward Johnson

Edward Johnson, 78, of Melvin, died Saturday, August 27, at McDowell Appalachian Regional Hospital, following an extended illness.

Born May 3, 1916 in Floyd County, he was the son of the late Harim and Mary Johnson. He was a disabled laborer.

Survivors include one son, James Edward Johnson of Melvin; one brother, Fred Johnson of Melvin; one sister, Dusty Bailey of Melvin; and five step-grandchildren.

Funeral services were Monday, August 29, at 2 p.m., at the Joppa Regular Baptist Church at Melvin with the ministers Ellis Holbrook and Monroe Jones officiating.

Burial was in the Buckingham Cemetery under the direction of Nelson-Frazier Funeral Home.

Josephine Osborne

Josephine Osborne, 69, of Dwayne, died Friday, August 26, at her residence following a brief illness.

Born August 23, 1925 in Floyd County, she was the daughter of the late William and Alice Calhoun Goble. She was preceded in death by her husband, Thomas Osborne.

Survivors include two sons, Dennis Osborne of Ivel and Delbert Osborne of Dayton, Ohio; two daughters, Sheri Prince of Dwayne and Linda Jean Wills of Dayton, Ohio; two brothers, Claude Goble of Dwayne and Oakie Goble of Michigan; three sisters, Irene Eniy of Brookeville, Ohio, Billie Jewell of Dwayne, and Ann Wallace of Van Nuys, California; five grandchildren and one great-grandchild.

Funeral services were Tuesday, August 30, at 1 p.m., at the Nelson-Frazier Funeral Home Chapel with the minister Gordon Fitch officiating.

Burial was in Davidson Memorial Gardens at Ivel under the direction of Nelson-Frazier Funeral Home.

Serving as pallbearers were Ronnie Wills, Brian Osborne, Rick Goble, William Goble and Jack Goble.

Lester Hall

Lester Hall, 72, of Vickery, Ohio, died Monday, August 22, at Firelands Community Hospital in Sandusky, Ohio, following a lengthy illness.

Born May 8, 1922 at Dry Creek, he was the son of the late Will and Flossie Hall. He was employed for 28 years by Ford Motor Company in Sandusky, Ohio, retiring in 1978. He was a U.S. Army veteran of World War II. He was a minister and assistant moderator of the Little Rachel Baptist Church in Green Springs, Ohio.

Survivors include his wife, Hazel Meade Hall; one daughter, Darlene Hall Wymer of Sandusky, Ohio; five sons, Bobby Wayne Hall, Roger Hall and Steve Hall, all of Vickery, Ohio, Glen Hall of Port Clinton, Ohio, and Gerald Hall of Sandusky, Ohio; two brothers, Milton Hall of Topmost and Estil Hall of Melvin; 13 grandchildren and seven great-grandchildren.

Funeral services were Thursday, August 25, at the Little Bethel Baptist Church in Green Springs, Ohio, with Rev. Robert Wallen officiating.

Burial was in the Tew Cemetery in Townsend Township, Ohio, under the direction of Ransom Funeral Home.

Heather Diane Webb

Heather Diane Webb, three-month-old daughter of Bobby Edward Webb and Nancy Bowens, both of Water Gap, died Friday, August 26, at Highlands Regional Medical Center, following a sudden illness.

She was born May 6, 1994 in Prestonsburg. She was preceded in death by her maternal grandfather, Elmer Bowens.

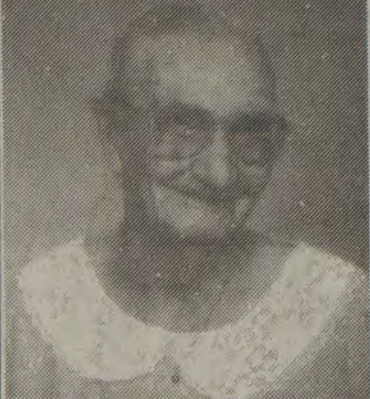

In addition to her parents, she is survived by her maternal grandmother, Wilma Bowens of Water Gap; paternal grandparents, Charles and Diane May Webb of Water Gap; and one brother, Bobby Edward Webb Jr. of Water Gap.

Funeral services were Monday, August 30, at 2 p.m., at the Nelson-Frazier Funeral Home Chapel with the minister Lawrence Tackett officiating.

Burial was in the Webb Family Cemetery at Miners Branch, Water Gap, under the direction of Nelson-Frazier Funeral Home.

In Memory of Chloie Caudill Howell

March 24, 1902 - July 4, 1994

On the evening of July 4, 1994 God looked and saw a beautiful flower that belonged to Him. The flower was tired, for it had bloomed for many years, giving love and beauty to those around.

God sent an angel to pick the beautiful flower and placed it in His garden where it will bloom eternally.

We wish to thank Jack Akers, Red Alley and Alvin Orsborne for the beautiful songs; Bro. George Garrett and singers of the Free-will Baptist Church; and Bro. Jimmy Hall, Woodrow Dye and singers of the Regular Baptist Church for the words from God just meant for us. To Phyllis Tackett, Mac and Virginia Martin, Lori and Annette Vannucci, Naomi Combs, Tiffany Burke, and Gertrude Goble, thanks for the food.

To everyone who sent flowers or came to show respect to our blessed Mommy, thank you. To her grandchildren and great-grandchildren, "You did Mamaw proud."

Her children arise up and call her blessed. Prov. 31-28.

Community Calendar

Editor's Note: As a service to the many clubs and committees that meet in our community, the Floyd County Times' Community Calendar will post meeting and public service announcements. Articles for the Community Calendar must be submitted in writing to the Times no later than 5 p.m. Monday for Wednesday's publication or 5 p.m. Wednesday for Friday's publication. These cannot be taken over the telephone.

Howard family reunion

The 33rd Howard family reunion will be held in conjunction with the Hueysville-Bosco Homecoming September 3-5. Descendents of James and John Howard and Louisa and Ema Hale Howard are urged to attend. For more information, call Richard Howard at (606) 744-3752.

Johnson-Hubbard reunion

The descendents of Bee Johnson and Malcom Hubbard will hold their reunion on Sunday, September 4, at Jenny Wiley State Park. All friends and family are welcome. For more information, contact Mary Emma Ousley at (606) 285-3882.

Parsons reunion

Descendents of Isaac and Louise Miller Parsons are invited to the second annual reunion at the Isaac Parsons Cemetery on Parsons Branch (off Rt. 979, Big Mud), September 4, from 11 a.m. until 4 p.m. A sign will be posted at the branch. Bring your own lunch and/or refreshments, and any pictures or history of the family.

Wells reunion

The descendents of Richard and Susanna Hutchinson Wells will have their annual reunion at Johnson Central High School, Paintsville, on Saturday, September 3, and Sunday,

September 4. Activities begin with a tour of ancestors' graves. Those interested will meet at the Johnson Central parking lot at 2 p.m. on Saturday. A genealogy workshop will be inside the school at 6 p.m.

The school doors will open Sunday at 10 a.m. Bring your family and a basket dinner. Ice, plates, cups and silverware will be furnished.

Gifts will be awarded.

Mothers of Angels meeting

The next meeting of Mothers of Angels, a bereavement support group for women and their families, will be August 31, at 7 p.m., at Highlands Regional Medical Center in the Floyd Room located in the basement.

Sibling class

A sibling class for children who are expecting a new baby in their family will be held on September 17 from 10-noon in the 8th floor classroom at Pikeville Methodist Hospital. Class is free of charge. Call 437-3938 to register.

Neonatal resuscitation course

A neonatal resuscitation course for physicians, nurses, respiratory therapy personnel and paramedics will be held on September 23 at 8 a.m. at the Pikeville Methodist Hospital 8th floor classroom. Call 437-3525 for more information.

Maytown Family

Resource Center activities

• Health Department nurse Pam Patton will be giving physicals to the 5th graders every Friday starting September 2, upstairs over the Maytown Fire Department. Students cannot enter the 6th grade without a physical and second MMR. Students of the Maytown and Martin Elementary schools can call the center at 285-

0321 for an appointment.

•GED classes every Monday, from 9 a.m. until 2 p.m. upstairs over the Maytown Fire Department. Instructor is Joyce Hall and classes are free. For information, call the center at 285-0321.

Hunter family reunion

The Hunter family reunion will be held on Saturday, September 3, at the Allen Convention Center, from 10 a.m. until ????. Bring all the good food! Games, fun, food, singing, white elephant auction and fun, fun, fun. Everyone welcome. For information, call Polly Justice at 886-6462 or Mertie Hunter at 285-3649.

Scott family reunion

The Scott family reunion will be held on Sunday, September 4, at the Pines Lodge at Jenny Wiley State Park. For more information, call 358-4107.

Labor Day

Weekend celebration

There will be a Labor Day Weekend celebration at Jenny Wiley State Resort Park, Prestonsburg, on September 2-4. Recreational and interpretive activities daily. Square, folk and country line dancing on Friday, Saturday and Sunday. For more information, call (606) 886-2711.

Layne reunion

The annual Layne reunion will be held on Sunday, September 4, at 12:30 p.m., at Tom's Creek Baptist Church at Ivel. Please bring a covered-dish and soft drinks. All Layne family members are encouraged to attend.

Rondal Hayes Day

A special ceremony will be held on Saturday, September 3, at 6 p.m. at the Allen Central High School gym at Eastern, to present a proclamation by Gov. Brereton Jones proclaiming Sunday, September 4, as Rondal Hayes Day in Kentucky.

Special singing and tributes from friends will mark the occasion. A reception will follow. The public is invited to attend. This event is part of the Hueysville/Bosco homecoming celebration on Labor Day weekend.

Mitchell reunion

The Mitchell reunion will be held Sunday, September 4, at Allen Park shelter (at walking track, turn left at railroad track). Members are asked to bring a covered dish.

9th annual

Blackburn reunion

The 9th annual Blackburn reunion will be held on Sunday, September 4, at 11 a.m., at the home of Troy and Rite Blackburn on Clark Branch at Endicott. The dress theme for this year is the 50s and 60s. Plenty of food and fun for everyone. All family and friends are invited to attend.

Line dancing classes begin September 8

Each Thursday, beginning September 8, line dancing classes will be held in the gymnasium on the hill at Betsy Layne High School. Classes will begin at 6 p.m. and are taught by Prestonsburg Community College

instructor Paul Thompson. To pre-enroll or for information, call the

center at 478-3389.

Twin Eagle Flying Club annual picnic

The Twin Eagle Flying Club will have their annual picnic on Saturday, September 10 (rain date, Sunday, September 11), starting at 11 a.m., at the Pike County Airport.

Bring only yourself, family and friends and enjoy the cookout and free airplane rides. For more information, call the airport at 437-9548.

Dee and Polly Howell reunion

The Dee and Polly Howell reunion will be held at Archer Park, Prestonsburg, on Saturday, September 10, all day. Call 377-6937 for more information.

Oleika Shriners to solicit contributions

The "Red Fez" will identify those members of Oleika Shrine Temple who will be in the Allen, Garrett, and Harold communities soliciting contributions for the support of the Shriners' Hospital for Crippled Children on Saturday, September 3.

All contributions received will go to provide patient care for children in our area.

When you see a Shriner, take one of his papers, and if you think what they are doing is worthwhile, make a contribution.

Morrison reunion

The 17th annual Morrison reunion will be held on Sunday, September 4, from 11 a.m. until ???, at the picnic area behind the South Central Bell building on Lancer-Watergap Road, across the highway from Center Stage.

Signs will be posted! All family and friends are welcome. Lots of food, family and fun!

McDowell School reunion-homecoming

The KFWC Drift Womans Club invites all family and friends of McDowell School to dinner September 3, at noon, in the McDowell lunchroom.

Bring a covered dish, vegetable salad or dessert, and then attend the memorial services for all the deceased graduates and teachers of McDowell school 1934-1993. Roses will be presented in memory to the family. For more information, call 377-2296 or 285-0221.

Clark council to meet

A meeting of the Clark Elementary school-based decision-making council will be held Wednesday, September 7, at 6 p.m., in the school library. All concerned parents and citizens are welcome.

Card Of Thanks

The family of Bradie Shepherd wishes to thank all of those who were so kind and considerate during our time of grief.

We want to thank those who sent food, flowers and gifts of love. We especially want to thank Clergymen Mark Tackett and Van West for their comforting words, and Ron Wright, and Katy Friend Freewill Baptist Church singers, and Add A Touch Florist for their excellent service. The Prestonsburg Police and Sheriff's Department for their assistance in traffic control and the Carter Funeral Home for their kind and professional service.

THE FAMILY OF
BRADIE SHEPHERD

Card Of Thanks

We would like to take this opportunity to thank everyone for all the beautiful flowers, prayers and support during our recent time of sorrow. It is often said that true friends are always there when you need them. That became very evident during the passing of our father. To each and every one of you there will always be a special place in our hearts for you.

A very special thanks to all Dad's fox hunter friends. Your friendship and kindness was a very special part of Dad's life. We will never forget you. Thank you so very much.

Card of Thanks

The family of Sarah Prater would like to offer their gratitude in a time of need. We would like to thank the ministers and singers for their services to the family. A special thank-you to Riverview Nursing Home for all their years of kindness and services. The family would also like to thank the Floyd County Sheriff's Department and State Police for their part in the funeral, and a special thank-you to the Floyd Funeral Home.

CARD OF THANKS

The family of Wilford B. Boyd wishes to gratefully acknowledge the thoughtfulness and kindness of friends, relatives, and neighbors in the loss of our loved one. Thanks to all who sent food, flowers, prayers or spoke comforting words. We are especially grateful to the Clergyman Mark Tackett and the Regular Baptist ministers for their comforting words, and the Hall Funeral Home for their kind and professional Service

The family of Wilford B. Boyd

CARD OF THANKS

The family of Kevin Wade Parsons would like to take this opportunity to thank everyone for their help in the loss of our loved one: those who sent food and flowers, prepared the grave, or just spoke comforting words. We deeply appreciate you all. A special thanks to Rev. Tommy Tackett for his comforting words, the singers for their beautiful songs, all the friends from the University of Kentucky Medical Center, the Sheriff's Department for their assistance in traffic control and the Hall Funeral Home, for their kind and professional service.

The family of Kevin Wade Parsons

CARD OF THANKS

The family of Girdell Dingus Salyers Breeding would like to extend their appreciation to all those friends, neighbors and loved ones who helped comfort them during their time of sorrow. Thanks to all who sent food, flowers, prayers or spoke comforting words. A special thanks to the Elder Bill Hughes for his comforting words, the Sheriff's Department for their assistance in traffic control and the Hall Funeral Home for their kind and efficient service.

The family of Girdell Dingus Salyers Breeding

CARD OF THANKS

The family of Bert Hall wishes to thank all those friends, neighbors and family who helped them in any way upon the passing of their loved one. Thanks to those who sent food, flowers, prayers and words of comfort expressed. A special thanks to the Clergymen Monroe Jones, Clifford Williams and Woody Pack for their comforting words, the Sheriff's Department for their assistance in traffic control and the Hall Funeral Home for their kind and professional service.

The family of Bert Hall

Watermelon patch

Paul Stumbo of McDowell said he used a little fertilizer to grow these Carolina-Cross watermelons. The largest watermelon weighs 85 pounds and the other one weighs 68 pounds. He has two more 60 pounders in his garden. (photo by Ed Taylor)

Community Action Week

Floyd County Judge Executive John M. Stumbo signed a proclamation setting Community Action Week as August 29 thru September 4. August marked the 30th anniversary of the signing of the Economic Opportunity Act, the legislation that launched America's War on Poverty and created the Community Action Agencies. Also pictured is Loretta Newsome, coordinator of the Floyd County agency.

Information superhighway reinforces food safety

The information superhighway serves as a reminder to follow food safety principles as you prepare school lunches.

"Just as a computer can succumb to a virus when downloading a file, your mishandled lunch can harbor bacteria that transmit bytes of foodborne illness," said Sandra Bastin, extension food and nutrition specialist at the University of Kentucky College of Agriculture.

(Foodborne illness is caused by eating food contaminated with microorganisms or toxins that grow when it is left in the danger zone—40 to 140 degrees F.—for an extended period of time, generally two to four hours. Very young and very old people are especially susceptible.

Teamwork for Tomorrow goes to David mission

Fifteen community organizations in Eastern Kentucky will receive Teamwork for Tomorrow mini-grants, according to an announcement from Berea College's Brushy Fork Institute.

The grants, which will help finance community improvement projects, are being awarded to organizations that participated in recent workshops on leadership training. Those groups then were eligible to submit proposals for specific projects that had a high degree of community involvement, including a significant use of volunteers.

In Floyd County, a Teamwork for Tomorrow mini-grant will assist St. Vincent's Mission of David. Board president Joyce Everly said the \$1,000 grant will help finance the construction of a handicap ramp at one of the mission's larger programs, the David Appalachian Crafts Center.

Teamwork for Tomorrow is a joint effort of the Brushy Fork Institute and Eastern Kentucky Area Development Districts and is funded by the Appalachian Regional Commission with support from the Office of Governor Brereton C. Jones.

An Appalachian leadership and development program, the Brushy Fork Institute was founded by former Berea College President John B. Stephenson in the belief that solutions to the problems of the region will come from the people who live there.

The Institute serves established and emerging community leaders and organizations through training, planning and facilitation.

Symptoms range from flu-like symptoms to death.)

"From booting up to downloading, remember to use "FS-DOS" ("Food Safety Depends on Savvy") to maintain a safe route on the superhighway," Bastin said. "Look through windows for some savvy written in the 'FoodPerfect' format."

Bastin gave these savvy recommendations:

- Setup lunch by putting a gel pack or juice box in the freezer to keep perishable food safe until lunchtime. To maximize cooling, retrieve it just before leaving for school.

- Wait until the last minute to take sandwiches or salads from the refrigerator.

- Search for foods that will last until lunchtime without refrigeration. These include fresh fruits and vegetables, cookies, pretzels, crackers, cans of fruit, and shelf-stable packaged pudding.

- Delete foods that could be a problem, such as cream pies, mayonnaise-based salads, and cold cuts and meats.

- Compose soup for cool-weather lunches. To keep soup safe (above 140 degrees) rinse a thermos with boiling water just before filling it with boiling-hot soup.

- After exiting the bus, car, or bike, store your lunch indoors in the coolest place possible.

- Bacteria are too micro to see; so clean-looking hands aren't necessarily safe. Always wash hands before eating lunch to send bacteria into cyberspace.

- Download perishable leftovers and their wrappings into the trash after lunch. Even if you use frozen gel packs, they can't keep food safe all day.

McDowell ARH begins program to aid elderly

Pamela H. Ward, R.N., has joined the staff at McDowell Appalachian Regional Hospital to initiate a geriatric case management program within the hospital's service area. She will be contacting local providers and senior citizens groups to determine their needs.

This new program is designed to assist the geriatric population in accessing and receiving the resources available to them; therefore, all agencies and providers will be involved. Ward may be contacted at 606-377-3400 for further information.

Ward is a native of Floyd County. She and her daughter, Jamie, reside in Prestonsburg.

By Willie Elliott

How does a group say good bye to a school that has served them well for over sixty years? That question will be answered over the Labor Day weekend as students, teachers, coaches, principals, and staff members meet to celebrate the accomplishments and say good bye to a small school located on the banks of Frasure Creek in McDowell.

To get an overall perspective of the school, I interviewed someone from the 1934 class (the first graduating class), the 1964 class (about the middle of the school's history), and a member of the 1993 class (the last class to graduate from McDowell.)

Melvina Perry Newman was a member of the first graduating class of McDowell. Approximately thirty-two students began as freshmen but only nine graduated in this class. Palmer Hall was her principal and some of the teachers included Joe Moore, Town Hall, Boone Hall and his wife Hollie B. Of course there were no school buses to transport the students, and they did not have a yearbook to record their memories.

Melvina went on to become a teacher and taught 35 1/2 years here in Floyd County. Her last thirteen years of teaching were spent at John M. Stumbo where she taught math. Her last year of teaching was done under Gary Newman who happens to be her son.

Melvina now spends a lot of time making quilts which she gives to her children and grandchildren.

Thirty years later much had changed at McDowell. Ruth Ann Turner Hamilton (daughter of Buster and Anna Rae Turner. Buster went to McDowell until his junior year at which time he went off to war) remarked how the size of the class had grown to over eighty by this time.

By this time George L. Moore was the principal at McDowell and students had modern buses for transportation, access to dance instructions provided by Mr. Moore, senior trips to Washington and New York, and many other activities that made McDowell students think they were the best in the county. Students during this era also had two of the most dedicated teachers in the world, Violet Moore and Francis Turner.

Ruth Ann went back to college after having two sons and now works in the primary block program at McDowell. She, like many teachers in Kentucky feels the pressures of KERA but continues to strive to provide quality instruction for her students.

With class sizes going up and down slightly over the years, we finally came to 1993. The new school at South Floyd was supposed to open in the fall of 1992, but construction delays gave the class of 1993 their dream—to graduate from McDowell High School.

Stacy Compton was a member of that class. During her stay at McDowell she had Bob Hall, Phil Paige, and Don Daniels as principals. By the time Stacy graduated, students were doing their class work on computers and video cams, but the old spirit of McDowell was still there.

Stacy is attending Morehead University where she is working on a K-4 teaching certificate.

What about all the other years in between these three pivotal years? Come to the celebration and bring your family and we will fill in the gaps. We will also show you South Floyd and the new traditions we are starting there.

Go easy on the borax flea control

by Mike Capuzzo

Ten years ago this summer, a historic event occurred in the history of cat and dog vs. flea: Mrs. Lucille Naess Wilkinson of Miami, Fla., was mentioned briefly in a Miami newspaper, recommending a laundry product, 20 MULE TEAM BORAX, as a safe, odorless, stain-free flea-buster. Recently, "Wild Things" was swamped with letters from Florida from sworn disciples of Mrs. Wilkinson, eager to spread their flea-free gospel. Such as:

DEAR WILD THINGS: I recommend a sure-fire, easy and inexpensive treatment that I, my sister and everyone else we tell use with 100 percent success. Apply a coating of 20 MULE TEAM BORAX to all carpets and upholstery. Vacuum the carpets and throw away the bag. The eggs in the carpet will never hatch, and the cycle will end. I treat about once a year. Hope this helps—and no, I don't own stock in the company.—Ruth Netter, Hollywood, Fla.

DEAR RUTH: First, the bad news. "Unfortunately, borax can be harmful when ingested, particularly by cats," says Rachel Lamb of the Humane Society of the United States. "It can cause diarrhea, kidney failure, lung and heart problems, even

death for cats."

Now the good news: Although borax is a known intestinal irritant, even for dogs, the irritation is in proportion to the amount ingested. If small amounts

children," Lamb says.

DEAR WILD THINGS: I have a male cat, Buttons. I got him when he was a baby, and I spoiled him. My big problem is, if I didn't know better I would think he has

What is the matter with him?—Marcella K, Minneapolis

DEAR MARCELLA: It's always hard for moms to admit that li'l Buttons has grown up to be a tattoo-

children shamelessly crave: ATTENTION.

Next time Buttons snaps, DO NOT pet or smack him. "To cats, it's the same thing," says Philadelphia veterinarian Susan McDonough, owner of

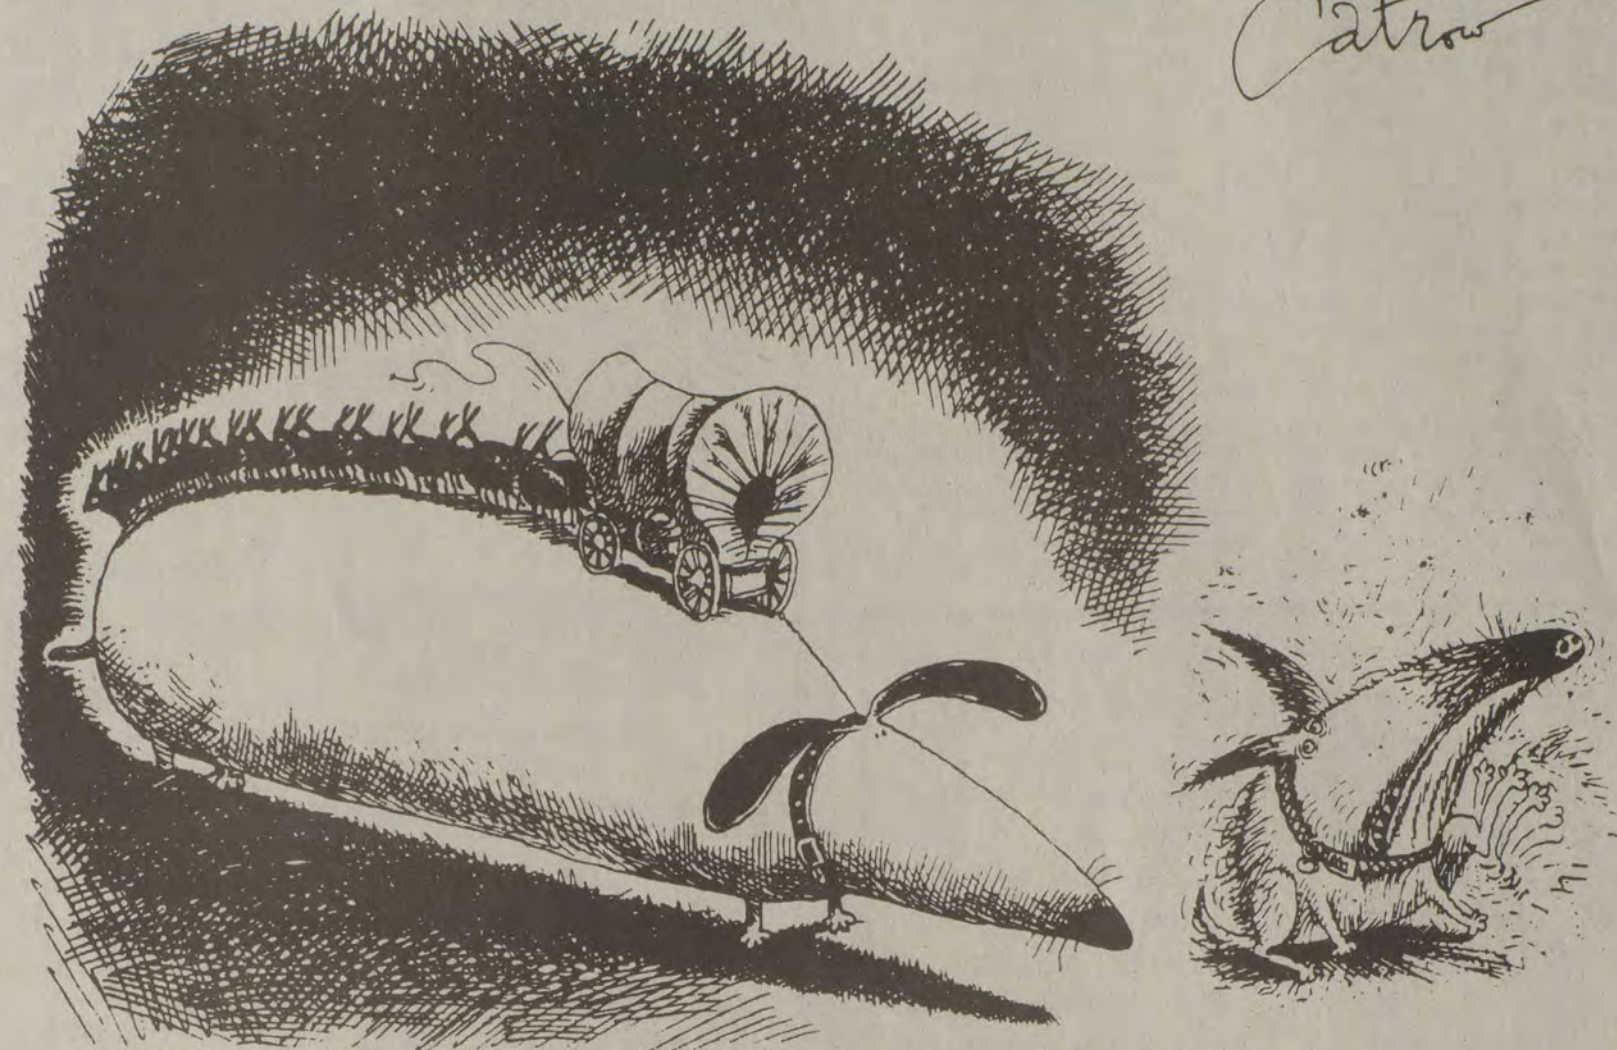

ately lock him alone in a room (just for a few minutes), and redirect his aggression into healthier play—i.e., the ol' feather-on-a-string trick. Reward chase play with a treat to indicate, "Yes, Buttons, we're having fun now."

If all else fails, your vet can recommend a veterinary behaviorist, a newfangled specialist who can straighten out Buttons with heavy drugs.

DEAR MIKE: I read an article written by you about pet memories. I cannot express how deeply it affected me. I am 72 years of age and have had many losses and setbacks in my life, but the loss of my 10-1/2-year-old German shepherd Khan has been too much for me to bear. I have cried every day for the past 5-1/2 months since I have lost "my baby." I talk to his pictures every day through my tears. Please let me know if they have a support group or hot line near me.—Dorothy Kotzen, Bay Harbor Islands, Fla.

DEAR DOROTHY: You're not alone. Since we last wrote about this, the Humane Society of Greater Miami now offers free pet-loss and grieving group sessions with trained therapists on the first and third Tuesday of each month at the Kendall Branch Library, 9101 SW 97th Ave., Miami. "We have a lot of people who end up getting another pet," a staffer told me. "It's the fastest way to mend a broken heart."

Many cities offer such seminars through local humane societies. The Delta Society (P.O. Box 1080, Renton, WA 98057), a group specializing in the human-animal bond, offers a national directory of pet loss counselors.

Jenny Wiley Festival

The Jenny Wiley Festival Board received confirmation from two top gospel groups, the Spencers and the Cookes, that they will perform on Friday during this year's festival. The gospel singing will begin at 1 p.m. in the downtown parking lot.

"The Singing Cookes" are one of the most well-known gospel group in the United States. For over 30 years they have been a favorite of the people in this part of Kentucky. Their down-home style of music ministry has touched the souls of thousands.

Helen Branham, festival board treasurer, announced during a meeting of the group on August 15 that 14 gospel groups have agreed to perform during the festival. Branham said she had asked the mayor to have a stage 40' x 20' constructed for the performance.

During the meeting, the group also discussed having a youth gospel sing during the festival. Committee members also hope to sponsor a decorate-the-town contest for area youth. Donna Blackburn and Carol Sparks were put in charge of the programs.

Blackburn is also in charge of the committee's hot-air-balloon project. Prestonsburg Mayor Jerry Fannin negotiated a contract with the owner of the hot air balloon, Blackburn said. The cost of the project will be \$1,034, plus 25 cents per mile for the balloons trip to Prestonsburg from Lexington.

Blackburn has been soliciting donations to offset that cost. Money collected from the charge of

riding the balloon during the festival will also be applied toward the cost, she said.

Other business discussed at the meeting included:

- Arts and crafts. Beverly Hackworth reported that local artist

Duna Combs will display her paintings during the festival, and Larry Blackburn, musician and dulcimer maker, will also participate in the festival. Artists will be demonstrating their techniques throughout the festival.

• T-shirts. The festival committee plans to sell T-shirts that have an imprint of the festival logo.

• Tennis tournament. Gerald Derossett, president of the Floyd County Bar Association, will sponsor a tennis tournament. Play-

offs will be held Monday through Wednesday, and the championship game will be held Friday or Saturday.

• Brochures. Hope Bennin will design the brochures.

• Parade. Anyone who wants to participate in the parade should call Donna Blackburn at 886-3876 or 886-3091.

Diane Clatworthy is in charge of the health fair; Donna Blackburn, parade; gospel sing, Helen Branham; and youth night, Donna Blackburn and Carol Sparks.

The Jenny Wiley Festival Committee will meet Thursday, September 1, at 4:30 p.m. in the Floyd County Library. The public is invited to attend and become involved in the project.

Maxine Bierman is founder and chairperson of the festival.

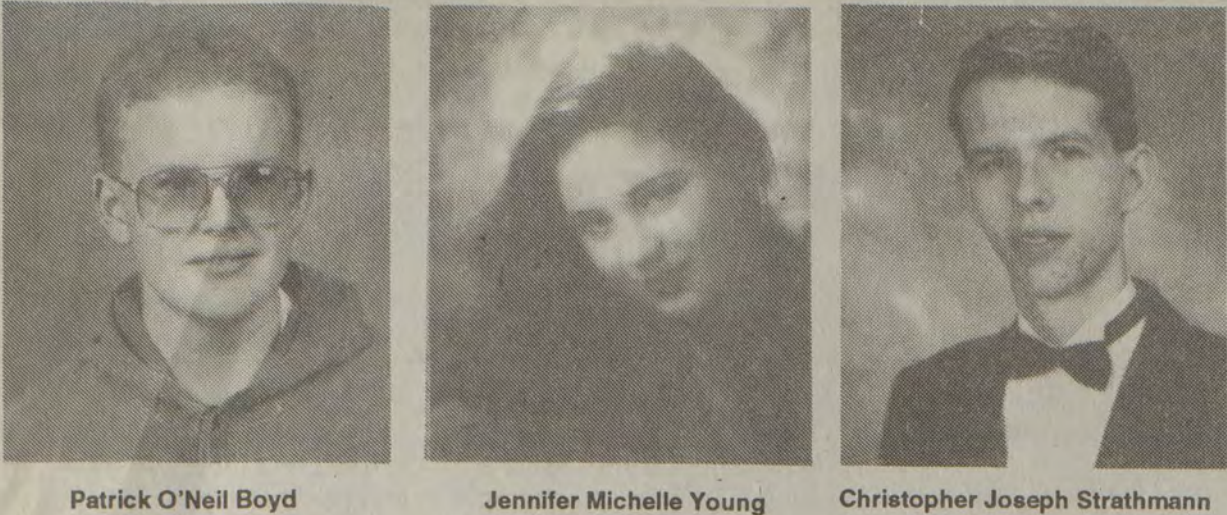

The Singing Cookes
(Hubert, Jeanette, Ron, James, Don and Tami)

Festival Concert

- Gibson Miller Band
- Southern Exposure Band
- Bobby Cyrus (Cyrus has just signed a recording contract in Nashville)

The concert will begin Saturday night, October 8, at Prestonsburg High School.

Tickets are being sold on behalf of the Floyd County Chamber of Commerce. Reserve seating by calling 886-1341.

Floyd students receive MSU awards

Morehead State University has announced that four Floyd County residents are among those receiving the Morehead State University Award for the fall semester.

The students include:

Patrick O'Neil Boyd, son of Carla R. Boyd of Eastern, is a graduate of Allen Central High School. He was a member of the Beta Club and graduated seventh in his class.

Darlena Marie Dye, daughter of Maggie and Phinas Dye of McDowell, is a graduate of South Floyd High School. Listed in "Who's Who Among American High School Students," she was a member of Beta Club, National Honor Roll and SADD. She participated in a public forum to inform residents on the water conditions in Floyd County.

Christopher Joseph Strathmann, son of Patty and Alan Densmore of McDowell and Dale Strathmann of Milford, Ohio, is a graduate of South Floyd High School. He is listed in "Who's Who Among American High School Students" and the National Honor Roll.

Jennifer Michelle Young, daughter of Henry and Rosa Young of Prestonsburg, is a graduate of Prestonsburg High School. A member of the National Honor Society, she was vice president of the History Club, won an Honorable Mention for poetry at the 1994 History Convention, and placed third and fourth in two categories in a county forensics competition. She participated in mountain magic for poetry and the Walk-a-thon for NHS scholarships.

To be eligible for the Morehead State University Award, applicants must be admitted to MSU as an entering freshman or transfer student; have an Admissions Index of at least 550; transfer students must have at least a 3.00 grade point average (on a 4.00 scale) for the equivalent of at least one full term, and submit a completed scholarship application to MSU.

The scholarship, valued at \$1,100 per year, is renewable for three academic years if a 2.75 g.p.a. is maintained during each of the first two semesters and a minimum cumulative 3.00 g.p.a. for each semester thereafter. Transfer students must maintain a minimum cumulative 3.00 g.p.a. for each semester.

Applications and information on scholarships and grant programs at MSU are available from the Office of Admissions, MSU, Morehead, KY 40351-1689. The toll free number is 800-585-MSUI (678J1).

Only three weeks after the battles of Lexington and Concord, delegates from 12 colonies returned to Philadelphia for the Second Continental Congress. They met in the Pennsylvania State House, now known as Independence Hall. Because Massachusetts militia alone could not stand against the British forces holding Boston, those delegates recognized the need for coordinated action and drafted a plan for a military force. George Washington of Virginia was elected General and Commander in Chief of the Continental Army. The John Graham Chapter, Daughters of the American Revolution, recognizes these men for their vision and courage.

Do you know this lady? Has she made an impact on your life during her twenty-five year teaching career?

Awards presented to eleven Eastern Kentuckians

Returning to school this year has been made easier for eleven fortunate students of the Eastern Kentucky area. Clifford H. Austin, executive director of the Big Sandy Area Community Action Program, Inc. and his staff honored recipients of the 1994 Community Services Block Grant Stipend/Scholarship Awards on Friday, August 5.

Funded through the Cabinet for Human Resources, Department for Social Services, area students received some much needed help in paying for their education.

Winners accepted their checks in the amount of \$645.60 as employees, family and well-wishers gathered in celebration. Local television stations WYMT and WSAB were on hand to cover the event. Winners included: Anita Woods and Darlena Marie Dye

of Floyd County; Leigh Ann Blancett and Hershell Jude of Johnson County; Jerry Allen of Magoffin County. Tying for second and dividing the award equally were Lori Ann Howard and Kevin Grant Miller; Joseph Sweeney and Glen Preece, both of Martin County. Christa Michele Blankenship and Amanda Renee Jones, both of Pike County.

"We are always happy to aid in the development and success of our youth," said Austin, who handed out the checks.

Program requirements include the following: must be income eligible according to the Federal Income Guidelines; must have a high school diploma or GED; have a GPA of "C" or above; present proof of being accepted as a full-time student during the fall semester at an accredited college.

Scholarships awarded

Clifford H. Austin, executive director of Big Sandy Area Community Action Program, Inc. presented CSBG Stipend/Scholarship Awards to Floyd County recipients Anita Woods and Darlena Marie Dye.

Is there lead in your tap water?

by John G. Shiber,
PCC Professor
Part II

In Part I, I explained that some PCC students and a few others in the community joined me in a small project to see if our household tap water had any lead in it and, if so, how much. We managed to collect 210 samples of tap water from about 100 homes in ten Eastern Kentucky counties. Included in this total were samples of tap water from the PCC Zoology lab, the first-floor drinking fountain in the Science Building, and the distilled water which was used to rinse the sampling bottles given the students. Of the home samples, half were collected from the (kitchen) tap of each participant at the beginning of the day, before anyone had used it. The other half were collected from the same taps after they had been used for an hour or so. Dr. Vahid Majidi of the University of Kentucky Chemistry Department consented to do the analysis of the samples for no fee. (Normally, it costs \$20 to \$40 for just one sample to be analyzed for lead in a commercial lab!)

A few weeks ago, I received the results. The good news is that, of all the samples analyzed, lead was detected in only four of them (samples #6, #9, #19 & #27). Two of these (#6 and #19) had lead levels which were higher than the 15 parts per billion (ppb) maximum limit for drinking water set by the Environmental Protection Agency (EPA). All four samples were those which had been taken by the students early in the day, before the taps had been used. No lead was detected in the samples they took from the same taps an hour or so later.

It was a pleasing idea that most of the samples did not show any lead. But, as Dr. Majidi pointed out, if the samples were not treated with nitric acid very soon after they were collected (to stabilize them), the data may not be accurate. On the other hand, the EPA says that water can stand for as long as two weeks (14 days) in their sampling containers before being treated with nitric acid and analyzed for lead, without losing too much in the way of analytical accuracy.

There is no way of knowing for sure how much time passed between when the students sampled their tap water and when they brought it in. Most likely, this is why the EPA prefers sampling to be done by only a few who are reliably uniform in their collection procedures. They note, however, the difficulty they have in getting people to agree to have water-samplers go into their homes before anyone uses their kitchen tap in the morning (Would you agree to it?). Because of this difficulty, EPA data on lead in tap water across the country is not sufficient enough to be helpful in their program strategies concerning lead in drinking/tap water (Federal Register, June 7, 1991). In the PCC project, therefore, we will

just have to assume that the students followed through on their water collections according to instructions!

Most lead in household tap water comes from the leaching out of lead from copper or lead materials used in the plumbing system. If the water is highly corrosive, more lead gets into it. Furthermore, the public water-service line leading into the household plumbing system may also contain lead materials.

In our project, the homes which had lead in their tap water have relatively new household plumbing systems, which would likely rule out indoor plumbing as a source of lead. Interestingly, all four homes are supplied by well water, not city water. Perhaps there is lead in the pipes leading from their wells to their indoor plumbing. Or, maybe, the well water itself is contaminated with lead. In either case, the students, especially those whose tap water had very high lead levels, are advised to exercise wisdom and have their well water sampled for lead and take further measures if necessary. If there is no lead in the well water, then it is likely that the source of lead is in the pipes which lead from the well to the house. This means that the pipes should be replaced. Suffice it to say that the students and their families should not drink the water unless they run it for a long time (i.e., several minutes) beforehand.

In Part III, I will discuss what measures can be taken to insure that your drinking water is free from contaminants such as lead. Stay tuned, and as I say to my students, "Get ready to take some meaningful notes!"

Pennington completes Army course

Marine Pvt. Charles C. Pennington, son of Freda S. Pennington of Prestonsburg and Clarence Pennington of Auxier, recently completed the Small Arms Repair Course.

During the course, at the U.S. Army Ordnance Center and School, Aberdeen Proving Ground, Minnesota, students receive instruction on the operation, inspection, maintenance, and repair of rifles, pistols, shotguns, submachine guns, grenade launchers, mortars and other automatic weapons. Studies also include preparation of weapons for shipment, storage, and related safety precautions.

He joined the Marine Corps in November 1993.

Doing Whatever It Takes for Floyd County's Family Resources

Proclamation

by
Brereton C. Jones
Governor

of the

Commonwealth of Kentucky

To All To Whom These Presents Shall Come:

- WHEREAS, There is widespread recognition that the future of the Commonwealth of Kentucky depends on the success of our children and their families; and
- WHEREAS, There is an increasing need to provide collaborative community efforts to better assist families and children and to facilitate better use of limited resources; and
- WHEREAS, Kentucky's system of Family Resource and Youth Services Center, mandated by the Kentucky Education Reform Act of 1990, now numbers more than 400; and
- WHEREAS, The role of these Centers is to enhance students' abilities to succeed in school by assisting children, youth and families in meeting some of their basic needs through providing community services at the Centers or by linkages to community agencies.

NOW, THEREFORE, I, BRERETON C. JONES, Governor of the Commonwealth of Kentucky, do hereby proclaim the month of August 1994 as

FAMILY RESOURCE AND YOUTH SERVICES CENTERS AWARENESS MONTH

in Kentucky and urge all citizens to join in recognizing the right of all Kentucky children to grow up in a supportive environment free of barriers to education.

DONE AT THE CAPITOL, in the City of Frankfort, this the 15th day of June, in the year of Our Lord One Thousand Nine Hundred Ninety-four and in the 203RD year of the Commonwealth.

Brereton C. Jones

Odie and Lona Green of Garrett, celebrated their 50th wedding anniversary on August 6 at the Ball Branch Old Regular Baptist Church lunchroom at Mousie, where they are members.

Odie is a deacon at the church. They were married at Handshoe August 1, 1944.

Celebrating with them were Senator Benny Ray Bailey and his wife Nikki, Madglen Chaffins, Sharon Chaffins, Jerrica Chaffins, James Micheal Chaffins, Jamie Vance, T. Gerald Ward, Lois Ward, Randy Martin and Gloria Martin.

Also Leslie Martin, Brandon Martin, Jordan Martin, Larry Green, Linda Green, Selena Green, Nick Green, Angie Green, James E. Slone, Linda

Slone, Jason Slone, Ralph Lafferty, Phyllis Lafferty, Rebecca Glime, Natalie Glime, Ray Gayheart, Erma Gayheart, Bufford Huff, Eva Huff, Shirley Huff, Sarah Thomas and Ellis Thomas.

Also Sharon Thomas, Selena Thomas, Mark Owens, Freeble Owens, Geraldine Smith, Clyde Smith, Barbara Smith, Marie Harris, Austin Harris, Lois Martin, Ethel Presley, and Earla Gibson.

Others were Mary Slone, Edith Gibson, Bethel Smith, Sylvia Lawson, Avonelle Huff and daughter, Virgie Combs, Wilma Moore, Brad Moore, Georgia Howard, Ralph Howard, Lora Handshoe, Glen Handshoe, Heather Handshoe, Stella Green, George Guen, Ruby Ramey, Yvonne Hall, Sammy Handshoe, Essie Terry and Betty Handshoe.

Also Joshua Handshoe, Dale Handshoe, Doug Cook, Karen Cook, Andy Cook, Dougie Cook, Chase Hicks, Frank Adams, Girdalee Adams, Fred Newsome, Cosetta Newsome, Coy Combs, Coon Combs and daughter, Bobby Slone, Sheldon Childers and Joyce Childers.

Caffeine: cause for concern?

by Karen Collins, M.S., R.D.
American Institute for Cancer Research

Many of us have a love-hate relationship with caffeine—or perhaps a love-worry relationship. We enjoy the taste of many caffeinated drinks, and many people rely on caffeine's boost to start their morning or make it through a long day. But we worry about caffeine's reported dangers, and wonder how bad for our health it really is.

Caffeine is sometimes said to raise blood cholesterol or blood pressure levels. However, current research has not found any consistent increase in high blood pressure from greater caffeine consumption, or any decrease in blood pressure among people with hypertension who stop consuming caffeine. Likewise, while some studies have found increased blood cholesterol in particular groups of people drinking five or more cups of coffee daily, no consistent link with total blood cholesterol, LDL ("bad") cholesterol, or HDL ("good") cholesterol levels has been identified.

What about caffeine and cancer risk? Studies in the past suggested that caffeine might increase risk of pancreatic or bladder cancer, but further research has revealed no cancer risk associated with caffeine. Some concern has also been raised about decaffeinated coffee, but there is no evidence that decaffeination processes used today pose any risk.

Caffeine may pose problems during pregnancy, because it is associated in some studies with delays in fetal growth or with increased risk of miscarriage. The Food and Drug Administration has recommended that pregnant women limit use of caffeine, although most researchers note that completely avoiding it does not seem necessary.

People have different reactions to define. Some note greater stomach pains (presumably due to increased stomach acid), heartburn, nervousness or sleep difficulties with increased caffeine. Actually, coffee's effects on the stomach and intestinal tract do not seem to come solely from caffeine, as decaffeinated coffee has many of the same effects.

If your use of caffeine is causing problems for you, or if your physician has recommended that you decrease caffeine, cut back on it gradu-

ally to avoid caffeine-withdrawal headaches. If you choose to continue drinking moderate amounts of caffeine, then put aside worries about its safety. It's more important to focus your attention on establishing eating habits that have a major impact on your health, such as the low-fat diet with plenty of fruits, vegetables and whole grains advocated by the American Institute for Cancer Research.

"Nutrition Notes" is provided as a public service by the American Institute for Cancer Research, Washington, D.C. 20069.

Civic Clubs sponsoring Labor Day blood drive

Historically on Labor Day, Americans are faced with a national blood shortage. Every day, thousands of patients nationwide receive blood to help them survive. That number increases around the Labor Day holiday due to an increase in traveling and fewer blood donations.

Three Floyd County civic organizations are out to help to take care of the need for blood. The Kiwanis, Optimist, and Rotary Clubs will be sponsoring the Labor Day Civic Club Challenge which started August 30 thru September 1 at the Prestonsburg Donor Center. The clubs challenge the people of Floyd County to join together to assure that there will be enough blood available for the people of Eastern Kentucky over the holiday weekend.

Lend your support to help meet the potential Labor Day shortage by donating blood on August 31 and September 1, 10 a.m. to 6 p.m. each day at the Prestonsburg Donor Center. Donors will receive a free CKBC T-Shirt and will be eligible for door prizes. For more information call 886-1557.

Track in place; fan upset with obscenties at Pikeville game

For many who had the dream that one day Floyd County would have its own track and field facility, the long wait is nearly over.

The track has been laid at Allen Central and I received phone calls from three very excited people to tell me of the good news.

The track will be a big asset to athletes in Floyd County as a place to practice in preparation for the track season this coming spring.

Mary Wallen called me in 1989 when I first started working for the Times about her concern over the lack of a track facility in the county. Now, five years later, the dream is about to become reality.

The entire facility, football field and track site, will be a showcase when it is completed.

The holdup on the bleacher project at Allen Central is the fault of the manufacturers. But the new seating should be in place when the Rebels return home to face Berea on September 16.

Hopefully, the new scoreboard will be hooked up and working. The Rebels had to play their first game without the new board. But everything good takes time and it will be worth the wait when the facility is finished.

Allen Central cross-country coach Dewey Jamerson is looking to hold some meets at the Jenny Wiley Park this season. All county teams have been competing at the Paintsville Lake, but our local park may be a good site as well.

PRESTONSBURG/PIKEVILLE REVISITED...

What a way to start the football season!

Fourth-and-one at the one for the Blackcats and they punched the ball across the goal line with four seconds left for the win. Coach Bill Letton has put some new plays in the book. He's an outstanding coach.

But while the Blackcats performed on the field, a fan was disturbing some of the other fans.

OBSCENTITIES HAVE TO GO...

However, I heard this: "Why do they allow that fellow to use that kind of language?"

The person who made that statement was concerned about his family sitting in the stands listening to somebody carry on with filthy talk. The talk came from the Prestonsburg side and more than one person was upset that it took place.

I know that in the heat of the game, it would be easy to lose control. And maybe lose control enough to say something that you would later regret. But when he continued to use filthy talk, I wondered if he did it just to get attention.

The officials are humans. They are subject to error.

(See A Look At Sports, B 3)

Where are they now?

by Ed Taylor
Sports Editor

Franklin Delano "Set" Branham was a household name back in the late '40s when he starred in the Prestonsburg Blackcats' backfield. Branham left a legacy on the gridiron that is still remembered by Blackcat fans from that era.

Branham, now 66, will be long remembered as the player who became too old to play out the 1948 schedule for Prestonsburg.

"We knew that it (my ineligibility) was coming," he said in a recent telephone interview from his home in Salt Lake City, Utah. "It wasn't any surprise. However, I didn't realize it until I picked up a copy of the Courier-Journal and (a sports story)

said, 'Unless Branham can prove otherwise, tonight will be his last game.'

"We played Ashland that night. It was my last game. I was too old to play after that."

He held several school records when he left the Prestonsburg campus. In 1947, he scored 129 points for the Blackcats.

Branham was chosen as the Most Valuable Player in the Flood Bowl Game in 1947. He was chosen All-Big Sandy the same year.

He was All-Southern, All-State and All-Big Sandy in 1948. Branham was named to play in the East-West All-Star Game, but he chose not to play.

"Coach John Eibner, my high

school coach, said that in the event of an injury, I would lose my college scholarship," recalled Branham.

Eibner was hired as the coach at Miami University and Branham had planned to go with his former coach.

Franklin Delano "Set" Branham Prestonsburg Blackcats 1945-1948

"But, it didn't work out," he said. "Coach Eibner told me that he could get me in at Baylor (Waco, Texas) or at the University of Utah in Salt Lake City. I asked him, 'Where in the world is Salt Lake City?' I've been living here now for 44 years."

He played four years of college

football with the University of Utah where he made All-Conference in 1952. He led the conference in scoring and punt returns that year.

Not only did Branham grace the gridiron, but the basketball court for Prestonsburg where he averaged 23 points per game his senior year. He was named to the third team All-State in 1948. He was the 58th District's Most Valuable Player.

was named to the All-Big Sandy team, and All-District, All-Regional teams in '48.

"Ed Diddle, who coached at the Western Kentucky University, tried to get me to come to Western," said Branham. "Adolph Rupp offered me a scholarship at Kentucky. I turned

Bear Bryant down at Kentucky on a football scholarship. But Rupp and I became good friends, as well as Bryant.

"Actually, Bryant had signed me illegally," said Branham. "My brother Bob had told me when I went to Lexington, not to sign anything. But when I got there, they told me that if I wanted to get a scholarship at Kentucky, to just sign the paper and it didn't mean anything. I signed."

"But later, I told them that I wasn't coming to Kentucky that I was going to Baylor. Bryant let me out of it."

"He put his arm around me before I left his office after sitting

(See Branham, B 2)

Hands off!

Thomas Ratliff (11) handed the football off to running back Robbie Risner (40) during the Pike County Bowl against Pikeville Saturday night. Ratliff scored from the 1-yard line with four seconds left to lead Prestonsburg to a 26-21 victory. (photo by Ed Taylor)

Despite impressive outing, Rebels fall 16-8 to Cougars

by Ed Taylor
Sports Editor

The Elkhorn City Cougars turned a botched pitch-out into a game-winning touchdown and edged the Allen Central Rebels 16-8 in the season opener for both ballclubs this past Friday night.

Before a large crowd at the Don Daniels Athletic Complex, the game was started 15 minutes earlier than the scheduled 7:30 start because the lights at the field did not work. But a crew worked while the game was in progress and then "there was light."

Allen Central was hit hard by penalties as they were flagged nine times for 105 yards. Several violations were for face mask and person foul calls.

The break came for Elkhorn City late in the fourth quarter after they had just tied the game at 8. On the first play from scrimmage for the Rebels, quarterback Adam Coleman pitched out to running back Beau Tackett.

The ball went behind Tackett and to the ground. Cornerback Jason Bartley swooped up the loose ball and trotted 33 yards for the touchdown. Jamie Rose ran the two-point conversion to give the Cougars the 16-8 lead with 2:43 left in the game.

"We can't have plays like that and win," said Coach Reeves.

The Allen Central mentor was concerned over the way his team played in the final period.

"Our defense was on the field the whole fourth quarter," he said. "We ran four offensive plays in the final quarter. That's not good. We need to generate some offense."

The Allen Central coach said that

breakdown at the corner hurt the Rebels also.

"We had Elkhorn on a third-and-15 and the corner breaks down and they went for a first down. That shouldn't happen. We should had the football back."

(See Rebels, B 4)

Caba picks apart Raiders' secondary in 62-40 victory

by Ed Taylor
Sports Editor

You either like a good defensive battle in football or a good offensive blowout both ways.

The latter is what the fans who attended the South Floyd/Magoffin County game got Friday at Salyersville. The two teams hooked up for their season opener.

Junior quarterback Mike Caba was a one-man gang. He tossed four touchdowns, ran for two, ran for two conversions and passed for two more as the Magoffin County Hornets blistered the Raiders 62-40.

Fullback Chad Slone was equally impressive for the Raiders as far as individual stats go. Slone racked up four touchdowns in an outstanding effort and rushed for 76 yards.

(See Raiders, B 2)

TD at :02 gives Blackcats 26-21 win over Pikeville

Ratliff quarterbacks Prestonsburg with two touchdowns

by Ed Taylor
Sports Editor

Some polls had the Prestonsburg Blackcats a 21-point underdog to traditionally strong Pikeville when the two teams squared off in the second game of the Pike County Bowl at Pikeville Saturday night.

Coach Bill Letton's ballclub proved the pollsters wrong when they scored a last second touchdown that gave the Blackcats a thrilling, heart-stopping 26-21 win over a strong Pikeville team.

The game field certainly wasn't a place for the weak of heart. The two

teams battled up and down the field with both defenses making good plays, but then the offense would stink up the place.

"It wasn't a very pretty game," said Coach Letton. "But this team hung in there and never quit. I'm proud of them."

Senior center Jason Spencer made his way to Coach Letton after the game and choking back the tears, he told the coach how much he appreciated him.

"I love all you guys, too," said the very happy coach.

"It's a great feeling to come in here and win a game like this one," he said. "That could have been the last play of the game."

The last play Coach Letton referred to occurred when Prestonsburg gambled and won on a fourth-and-one play with time running out.

Instead of going for the field goal

with the clock winding down, the Prestonsburg coach chose rather to take the play into the end zone.

Senior quarterback Thomas Ratliff did it all, all night long. So, why change anything when the game was on the line? The ball was given to the signal caller and he responded by carrying the ball over the goal line for the winning touchdown.

Prestonsburg fans' hearts stopped beating for a few seconds when the official delayed his calling the TD good. But when the teams were unpiled, the signal was given that the score was good and Prestonsburg owned the 26-21 lead.

With 4:14 left in the game, the Blackcats trailed the Panthers 21-20 and the scenario didn't look good. The Blackcats received a double penalty when the Prestonsburg bench

Herald passes Paintsville Tigers past Betsy Layne Bobcats, 7-0

by Ed Taylor
Sports Editor

Paintsville quarterback John Herald hit Mark Hayslett with a 10-yard pass in the third quarter and Hayslett kicked the extra point to give the Tigers a 7-0 win over a determined Betsy Layne Bobcats Saturday night.

The two teams met in the first game of the eighth annual Big Sandy Bowl played at Johnson Central High School.

Running back Mike Copley ran through and around the Betsy Layne defense as he rushed for 90 yards on 16 carries.

The Tigers opened the third quarter wondering what it was going to take to overcome the Bobcats' stingy defense.

Paintsville put together only one long drive in the first half and that ended when the Bobcats held on a fourth-and-four situation to take over on downs.

The Bobcats never really got their offense in gear against Paintsville as they could only manage three first downs to Paintsville's 14. Betsy Layne moved into Tiger territory once in the game and that came in the third period when they were stopped at the Tigers' 46-yard line.

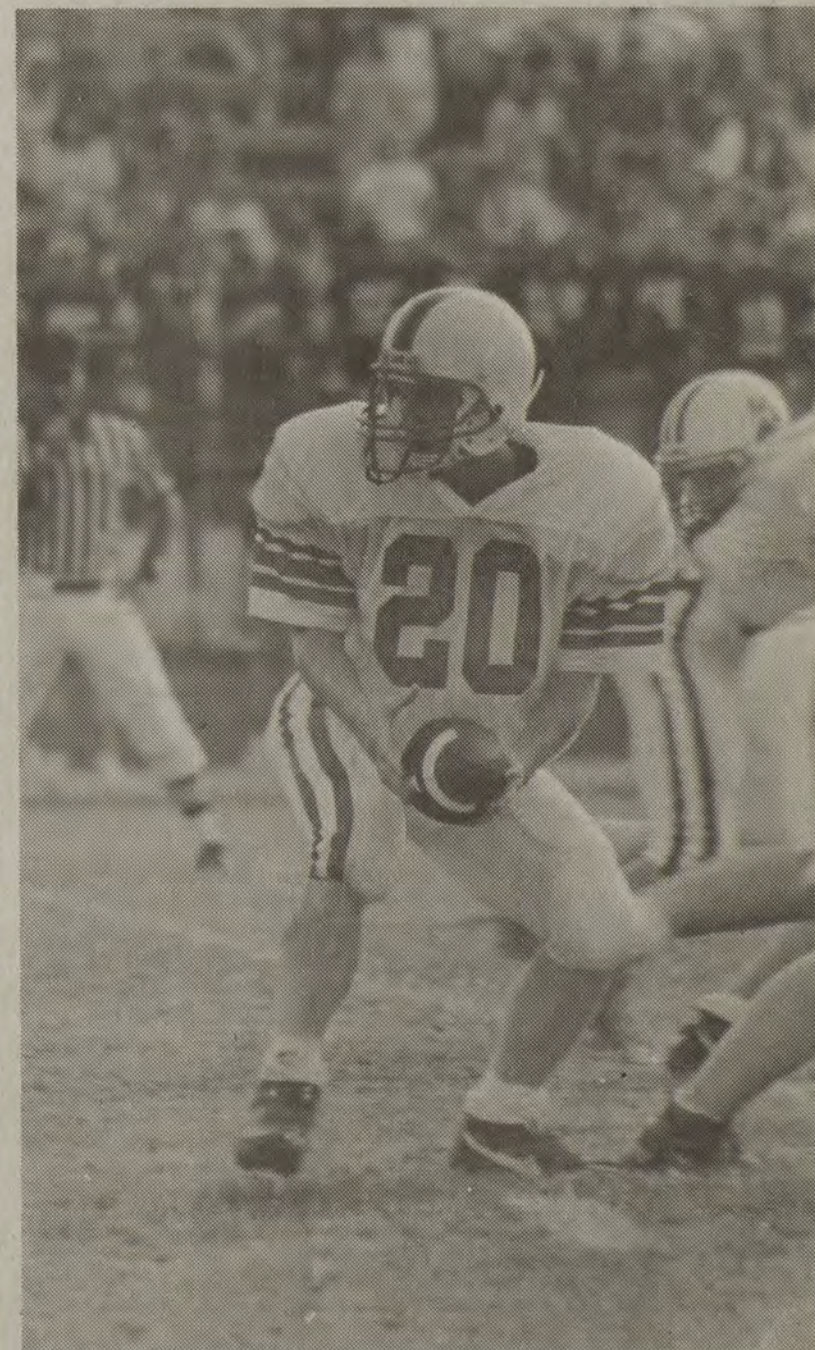

The football stayed in Paintsville's possession almost the entire fourth quarter when they were only able to

run six offensive plays.

Neither team could mount a scoring drive in the first quarter, even though the Tigers did move to the

Bobcat 8-yard line. But a holding penalty and delay of game infraction

(See Tigers, B 2)

Calling the signals!

Brent Akers handled the signal calling duties for the Betsy Layne Bobcats against Paintsville in the Big Sandy Bowl Saturday evening at Johnson Central. The Bobcats played hard, but fell 7-0 to the Tigers. (photo by Ed Taylor)

Flag football signups Thursday, September 1

September 1 is absolutely the last day to signup for flag football at Archer Park!

League Director Dr. Don Chaffins has announced that the Prestonsburg flag football league will hold its final signup period tomorrow (Thursday) at Archer Park beginning at 7 p.m.

Flag football is for athletes in kindergarten through second grade.

Those wishing to play this season must signup on this final date.

Sister Act takes third!

The Sister Act baseball team won third place in the Minnie All-Star Tournament in July. As far as anyone knows, this is the first all-girls baseball team in Floyd County. Team members are: front row, Amanda Robinette, Devon Reynolds, Trish Robinson. Second row, Whitney Lykins, Ashley Hall, Brandy Bentley, Kelly Hall. Third row, Brandi Lykins, Kim Tackett, Jennifer Case, Coach Brenda Johnson, Heather Johnson, Maranda Sostrick.

Raiders

(Continued from B 1)

Halfback Adam Wright carried the football only eight times, but made the most of it when he did rushing for 198 yards. He had a touchdown run of 80 yards and a run of 71.

"Adam is a top kid," said Raider coach Donnie Daniels. "He is either stopped or he will break loose on you."

Ketrin Mays rushed for 14 yards on two carries and Chet McCarty had 7 yards on seven carries.

Senior quarterback Justin Ray had a good outing, passing for 146 yards on seven of 10 completions. He threw for two touchdowns.

South Floyd, trailing 50-12 after the third period, outscored the Hornets in the final quarter 28-12 to make the score more respectable. With two seconds left in the game, Slone scored on a 28-yard pass from quarterback Justin Ray.

Jason Robinette, nursing a bad thumb, caught three of Caba's TD passes. His first reception was good for 80 yards. He then had catches of 42 and 35 yards.

Halfback Grayson Smith put the Hornets on the scoreboard in the first period with a 28-yard run to make it 6-0. South Floyd tied the game at 6-6 when Slone managed to slip over the goal line from 2-yards out. The kick for the Raiders failed.

Magoffin County then exploded with Caba's 80-yard connection to Robinette. Caba then hit Smith for the two-point conversion.

The Hornets continued to sting as Robinette again hauled in a Caba pass for a 39-yard reception and Caba kicked the extra point to make it a 21-6 first quarter game.

The Hornets moved the football deep into the Raiders' territory to start the second quarter. Caba capped off the drive by scampering in from 4-yards out for a 27-6 contest.

Both teams struggled from the defensive side of the football and nothing resembled a defensive stand.

South Floyd tightened the game when Adam Wright broke tackle and galloped 52 yards for the touchdown for a 27-12 game.

The Hornets scored the next three TDs and led 50-12 at the half. Robinette went in after taking a 24-yard pass from Caba with Ward running the conversion play. Caba ran into the end zone from 4-yards out with Smith scoring on the conversion.

The Hornets put 23 points on the scoreboard in the third period while holding the Raiders scoreless.

But in the fourth quarter, South Floyd got a 9-yard and a 7-yard run from Slone with Kevin Johnson running the two-point conversion.

After Magoffin County's Brian Risner scored on a 5-yard pass from Caba, Johnson scored for South Floyd on an 8-yard pass from Ray. Johnson then ran the conversion.

Coach Daniels said the Raiders' defense missed the hustle of Terrance Mullins, who was injured and never returned to the game.

"On the second series of plays, Terrance broke the hash mark and intercepted a Cabapass," said Daniels. "On the play, he hurt his knee and it began to swell. He wasn't able to get back in the game and that hurt us in our secondary. I had to put a freshman and sophomore back there."

"I tried Justin back there, but he was getting tired. He had taken a beaten on offense. Magoffin County is a good ballclub."

Daniels felt that his team could get back into the game despite being down 27-12 at the half.

"We came back out in the third quarter and we had the football first-and-goal on the three. We couldn't score. I knew we had to take control in the second half."

"Instead, we let them get control and the next thing I knew were down 42-12."

Daniels said that from that point on he used the rest of the game to do some things and get other players playing time.

"We got to play several of our younger kids," he said. "We didn't quit. That's what I like about this team. They didn't quit. They did a good job."

"Last year we scored 62 points all year. We came out and scored 40 in the first game."

The Raiders, according to their coach, were happy with their offensive output.

"I don't like to lose, but we did some good things," he said. "We need to make a correction and we will do that."

The loss was 11 straight for the Raiders which lost all ten games last season.

Coach Donnie Daniels club will be at home this Friday night when they host county rival Betsy Layne at 7:30 p.m.

Branham

(Continued from B 1)

there three hours and told me that he would do whatever he could to help me. He's the greatest coach to ever coach the game," said Branham.

The former Blackcat once again found himself honored when he was named to the Kentucky All-Star basketball team. The team was to face the Indiana All-Stars.

Again, he was asked not to play in the game for the same reason he missed the football All-Star game -- fear of injury.

Baseball was a big part of Branham's life when he played for the Blackcats and excelled for Prestonsburg. In 1948 Prestonsburg won the state championship with a team that went 36-0. Branham was named All-State catcher on that team.

After college, Branham played pro football in the Canadian League until an injury to his knee forced him to retire from the game.

"I had to have a total knee replacement," he said. "In the Canadian League there is no blocking. I was hit, and hit hard, on a punt return. It tore my knee up. I was told if I saw daylight (when I was hit), to go with it; if not, get out of bounds. I didn't get out of bounds."

The former Blackcat said that he

never, ever wanted to get into the coaching business.

"I know what to do and how to play the game, but I just didn't have the ability to get it across to the kids," he said.

Branham recalled the time he made the drop kick famous again.

"It was against Pineville and we were behind," he said. "Instead of kicking off a tee, I thought I could do it by drop kicking the football. I did and it went through the uprights from 29-yards out."

"Coach Eibner called me to the side and said, 'What are you doing? That went out in the 1890's.' He was glad that I did it, though."

Branham said that he has good memories of Prestonsburg and still enjoys coming back.

"Prestonsburg is the greatest town in Eastern Kentucky to me," he said. "When my name was a household word, they treated me like a king. They are still good to me when I come back. It's still a thrill for me to visit there. I have great friends in Prestonsburg."

Branham has since retired from work, but says that he has a couple of things that he is looking into to keep him busy. He is planning a move from Salt Lake City, Utah, to a smaller town.

"It's a town of about 800 people," he said. "That's my kind of place."

Tigers

(Continued from B 1)

set the Tigers back to the 27 as the first quarter ended.

At the start of the second period, Herald hit Hunt Cooper for a 10-yard pickup to place the ball on the Betsy Layne 17. On fourth and long, Betsy Layne picked off a Herald pass to kill the drive.

Paintsville picked up 189 yards rushing and Herald completed five of 11 passes for 90 yards. The Tigers totaled 279 yards on offense.

Copley rushed for 90 yards on 16 carries. Horace Robertson carried the football 10 times for 62 yards.

Cooper had two receptions for 32 yards.

Betsy Layne could only manage 91 total yards, all on the ground, against the Tigers' defense. Rocky Hamilton ran for 61 yards on 17 carries.

Betsy Layne did an excellent job of taking care of the football and they had no turnovers. The Bobcats were penalized 35 yards on four flags.

Paintsville had one fumble and they were intercepted once. The Tigers were flagged seven times for 50 yards in penalties.

"Bubba" Combs led the Betsy Layne defense with eight solo hits and five assists. Rocky Hamilton had one fumble recovery and Ray Lyons came up with the game's only interception.

Game Summary

Floodplains and Wetlands Notice Notice of Explanation

The City of Prestonsburg intends to undertake improvements to construct storm water drainage facilities in the Goble Roberts community within the City's corporate limits. Project elements include construction of 8,620 L.F. of storm water drainage pipes, as well as 43 catch basins, appurtenances, and 5,930 L.F. of sidewalks. These improvements will address drainage problems throughout the community and divert storm water into the Levisa Fork of the Big Sandy River.

These improvements are needed to provide adequate drainage of storm water to alleviate public health and safety problems associated with standing water. This project is located in the 100 year flood plain. Proposed improvements to install storm water drainage structures in the Goble Roberts community cannot be taken in any other location. There is, therefore, no practicable alternative to the proposed project.

The lack of adequate storm water drainage currently causes health and safety problems associated with stagnant, pooling or standing water (growth of mold, mildew and algae, breeding area for mosquitoes and other insects which carry disease, reduction in areas of pavement, parking and sidewalks which ice over in winter months).

Floodplain impact will primarily take place during construction. All drainage pipes will be subterranean and pose no long-term adverse impact. Sidewalk and catch basin construction will assist in mitigating drainage problems and will not pose permanent adverse impact upon the floodplain. Infall and outfall areas will be designed to prevent permanent adverse impact upon waterways caused by siltation and erosion.

Minimization procedures during construction will include siltation barriers, vegetative cover and erosion control measures.

Failure to provide these improvements would result in the continuance of public health and safety hazards caused by lack of adequate storm water drainage. It is the City of Prestonsburg's judgment that the improvements proposed in the Goble Roberts Storm Water Drainage Project outweigh consideration of Executive Orders 11988 and 11990.

The other agency involved in this project is: Department of Housing and Urban Development (Kentucky Community Development Block Grant Program).

Comments on the proposed project will be accepted until Friday, Sept. 16, 1994. Please send your comments to the address below.

A more detailed description of the project and the FIA flood maps are available for citizen review at the Prestonsburg Municipal Building, Mayor's Office, 31 N. Lake Drive, Prestonsburg, KY 41653.

Signed: Mayor Jerry Fannin, City of Prestonsburg, 31 N. Lake Drive, Prestonsburg, KY 41653

H&R BLOCK

Income Tax Course Can Provide Daytime Employment

Thousands of people learn how to prepare income tax returns from H&R Block and then earn money as income tax preparers. H&R Block, the world's largest income tax preparation service, offers its Income Tax Course starting September 12. Morning classes are available.

Experienced instructors teach tax law, theory, and application. Classroom discussion and prac-

tice problems provide students with a thorough understanding of each tax topic included in the course. Students learn how to handle increasingly complex income tax situations as the course progresses.

Ideal for people who want to increase their tax knowledge, the course teaches students how to save money on their taxes and prepares them for a rewarding

career.

The affordable fee includes textbooks and supplies. Qualified graduates of the course may be offered job interviews with H&R Block but are under no obligation to accept employment.

Those interested in more information about the H&R Block Income Tax Course may call

Offensive Player of Game!

What a game! Prestonsburg quarterback Thomas Ratliff led his Blackcat team to a thrilling 26-21 win over Pikeville Saturday night in the Pike County Bowl. He rushed for over 90 yards and scored two touchdowns. (photo by Ed Taylor)

A Look at Sports

(Continued from B1)

But to bombard them with obscenities throughout the game is not needed in high school sports.

Someone in authority should have asked the person to depart the confines of the stadium.

"But Ed, it's part of the game!"

Nowhere in the rule book does it specify such behavior. It's not part of the game! **A LOT OF OFFENSE...**

The Magoffin County/South Floyd game Friday night was anything but a defensive battle.

Can you imagine 102 points put on the scoreboard: Magoffin County 62, South Floyd 40. Wow!

Chad Slone had a heck of a game. The senior running back scored four touchdowns in the loss.

HEARTBREAKER FOR REBELS...

Coach Glenn Reeves' Allen Central Rebels lost a heartbreaker Friday night. Leading 8-0 for over three-quarters of the game, they saw it get away from them in the final three minutes.

This is a good team and will win some games this year.

BETSY LAYNE LOOKS GOOD ON "D"...

Coach John Derossett's Bobcats were very, very impressive against foe Paintsville Saturday night at the Big Sandy Bowl. This is a hard-hitting ballclub. If they can get their offense in gear to go with the defense, then watch out.

I saw three of four games that were played over the weekend. It's going to be an exciting season.

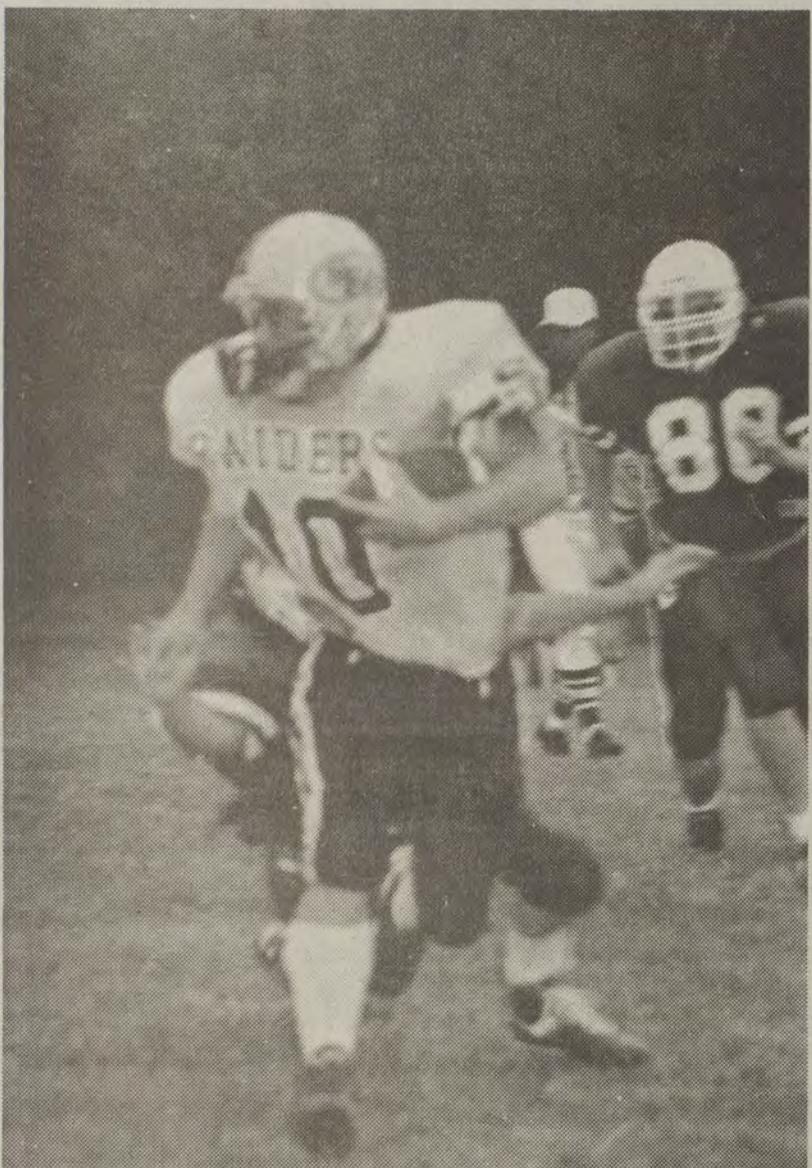

This weekend will be a big matchup involving two schools -- Betsy Layne at South Floyd.

It will be the Raiders' offense going against the defense of the Bobcats. This should be a classic. Both teams are 0-1 and what a matchup this one will be.

The Prestonsburg at Layfayette game is scheduled to kickoff at 7:30 p.m. Friday night.

Allen Central travels to Fleming-Neon. Should be a good one.

Until Friday, good sports everyone and be good sports.

Good yardage!

Adam Wright of South Floyd picked up 15 yards on this carry against the Hornets of Magoffin County Friday night. Wright rushed for 198 yards on eight carries against the Hornets, including an 80-yard touchdown run. The Raiders suffered a 62-40 loss to the Hornets. (photo by Tom McIntire)

Rebels

Allen Central had taken an 8-0 lead, a lead they held through the first three quarters. The Rebels were very impressive on defense until the fourth period when Elkhorn scored all 16 points.

It was a combination of good defensive plays by Allen Central's Brad Blackburn, Thomas Jenkins and Shawn Robinson.

Allen Central took an 8-0 lead in the second quarter on a drive that covered 52 yards on 11 plays. Tackett took the football into the end zone from 8-yards out and fullback Josh Reeves scored the two-point conversion.

Coleman spearheaded the drive with a 16-yard completion pass to Jenkins to put the football in Cougar territory. Reeves picked up 22 yards on four carries.

Allen Central took over the football when Jenkins fell on an Elkhorn City fumble. The Cougars were in Rebel territory in the first quarter but Robinson came up with a fumble to stop the drive late in the period.

With four seconds remaining in the first half, Elkhorn elected to go long with a pass from the Rebels' 47-yard line. But Jenkins stepped in front of a would-be receiver and intercepted the ball, returning it 22 yards before being brought down. The Rebels led 8-0 at the half.

The Cougars got excellent field position after a three-and-out first series for Allen Central to start the third quarter. But Robinson again came up with a loose football when the Cougars fumbled away another scoring opportunity.

Elkhorn City tied the game while they controlled the football the last four minutes of the third period. In the fourth, Rose struck pay dirt from the Rebel 3-yard line. Rose was stopped at what appeared to be the 1-yard line; but while on the ground, he took the football over his head and placed it in the end zone and the officials ruled a touchdown.

The call brought the wrath of the Allen Central fans who crowded the sidelines. The officials warned the Rebel coaching staff of a pending flag if the crowd was not controlled. Coach Glenn Reeves pleaded with

the fans to back up, and they did. Rose then ran the conversion for a tie game of 8.

The Cougars put the game in the win column when they scored on the botched pitch out.

Allen Central totaled 127 yards on offense. The Rebels rushed for 83 yards on 31 carries, and Coleman had three completions for 44 yards passing.

Reeves was the leading rusher for Allen Central with 51 yards on 13 carries. Tackett had 21 yards rushing on eight carries.

The Cougars massed 174 yards total offense. They had 166 on the ground and eight in the air.

Rose rushed for 81 yards on 16

carries. Joe Leathers added 45 yards on 12 attempts.

Coach Reeves said that his team will be working on their passing game before they take to the road to visit Fleming-Neon this Friday night.

"We're good enough, defensively, to play with anyone," he said. "We need to cut down on our mistakes and we need to cut down on our penalties."

Coach Reeves said that he was asking the seniors to take more of a leadership role than they did Friday night.

Mike "Bubba" Osborne led the Rebel defense with seven solos and five assists.

Game Summary
Elkhorn City at Allen Central

F-8/26, W-8/31, 7/7

NOTICE OF INTENTION TO MINE

Pursuant to Application No. 836-0251

In accordance with KRS 350.055, notice is hereby given that N.A.L.R. Coal Corporation, P.O. Box 3605, 26 Branham Heights, Pikeville, KY 41502, has applied for a permit for a surface coal mining and reclamation operation affecting 182.47 acres located 0.53 miles south of Blue Moon in Floyd County.

The proposed operation is approximately 0.09 miles northwest from CR-1197's junction with CR-1198 and located along Morgan Branch. The latitude is 37° 29' 44". The longitude is 82° 42' 00".

The proposed operation is located on the McDowell and Harold U.S.G.S. 7 1/2 minute quadrangle maps. The operation will use the contour, auger, and area methods of surface mining. The surface is owned by Elk Horn Coal Corporation. The operation will affect an area within 100 feet of public roads CR-1197 and CR-1198. The operation will not involve relocation of the public roads.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 2705 South Lake Drive, Prestonsburg, KY 41653-1455. Written comments, objections, or requests for a permit conference must be filed with the Director, Division of Permits, #2 Hudson Hollow, U.S. 127 South, Frankfort, KY 40601.

This is the final advertisement of this application; all comments, objections, or requests for a permit conference must be received within thirty (30) days of today's date. 1t.

NOTICE OF INTENTION TO MINE

Pursuant To Application Number 436-8007, Renewal

In accordance with KRS 350.055, notice is hereby given that Branham & Baker Coal Company, Inc., 148 South Lake Drive, Prestonsburg, Kentucky 41653, has applied for renewal of a permit for a refuse disposal coal processing facility affecting 85.76 acres located .75 miles northwest of Goodloe, in Floyd County.

The proposed facility is approximately 1.0 miles northwest from State Route 404 junction with State Route 850 and located .1 miles south of Buckeye Branch of Middle Creek. The latitude is 37 degrees 36' 35". The longitude is 82 degrees 52' 17".

The proposed facility is located on the Martin & David U.S.G.S. 7 1/2 minute quadrangle maps. The surface area is owned by Pierre Mather, Billie Doris & Elmer Shepherd, and Branham & Baker Coal Company, Inc.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 2705 South Lake Drive, Prestonsburg, Kentucky 41653. Written comments, objections, or requests for a permit conference must be filed with the Director of Permits, #2 Hudson Hollow Complex, U.S. 127 South, Frankfort, Kentucky 40601.

Recovers fumble!

Allen Central's Shawn Robinson (52) came up with a loose ball against Elkhorn City Friday night. The Rebels saw an 8-0 lead disappear late in the fourth quarter as they fell 14-8 to the Cougars. (photo by Ed Taylor)

Blackcats

protested a call that wasn't made.

Ratliff went long to tight end Ryan Ortega; but the pass went incomplete when Ortega was hit hard by the defense. Coach Letton wanted a pass interference call and didn't get it. With headsets flying, Letton marched onto the field.

Robbie Risner, who also was visibly upset, was ejected from the game and the Cats were penalized. The penalty put the football all the way back to the Prestonsburg 4-yard line and the Blackcats were forced to punt out of the end zone. The bad break turned out to be positive for the Blackcats.

The punted football sailed through the air as John Hatfield waited for the punt while he stood in Prestonsburg territory. The ball went through the waiting arms of Hatfield, rolled to the ground where Prestonsburg recovered the fumbled football at their own 36-yard line with 3:18 left to play.

Ratliff hit Ortega for 13 yards. Ratliff, on a keeper, rushed for 11 to the Pikeville 39. A 3-yard gainer by Ratliff moved it to the 36. Mike Shepherd, who was outstanding in the backfield, picked up 23 all-important yards stopping at the Panthers' 13.

Pikeville became its own enemy when, as they were flagged for a face masking penalty, put the football on the Panthers' seven as the clock continued to run.

Ratliff picked up three to the four. Shepherd scratched out two to the two. On third down play, with the clock showing 23 seconds and running, Ratliff powered in for one yard. Prestonsburg fans thought he scored, but the ball was placed at the line of scrimmage.

Two seconds remained and, on the keeper, Ratliff found pay dirt as he got an extra push from two team mates who sent him across the goal line for the winning score.

His thoughts on a fourth-and-one situation?

"I thought of the Danville game," he said. "I was hoping they wouldn't do to us what we did to Danville, and

that was to stop them at the two.

"It's a great feeling," he said. Ratliff was chosen as the game's Best Offensive Player.

Prestonsburg took a 6-0 lead in the first quarter when fullback Larry Morris scored from 3-yards out with :46 left in the initial period.

The lead was short-lived as the Panthers struck early in the second period on a 3-yard TD run by Chris Straight. Brian Vligenthart kicked the extra point to give Pikeville the 7-6 lead.

The Panthers turned a Prestonsburg fumble into a score when Ratliff lost the ball at his own 35 and Kern Weddington picked up the football and ran it into the end zone with 6:42 left to play in the half. Vligenthart nailed the extra point and Pikeville took a 14-6 lead to the locker room at the half.

Prestonsburg took the football on their own 33-yard line to start the third quarter and drove 67 yards that ended when Blake Leslie scored on a 2-yard run and Ratliff ran the conversion to tie the game at 14-14.

It didn't take Pikeville long to reclaim the lead as Eddie Deramus broke three tackles and galloped 42 yards for the touchdown and Vligenthart kicked his third extra point for a 21-14 lead.

Prestonsburg got its first big break of the game in the third period when they were against the wall on a fourth-and-fourteen play. After punting the football away, Pikeville was flagged for roughing the kicker violations which carried an automatic first down. With the ball back in their hands, break number two came when on a third-and-four play, Shepherd broke tackle and headed downfield for a 15-yard run. However, he fumbled the football, and the ball bounded another 4 yards where Ortega shoveled it up and ran for another 11 yards.

With the ball on the Pikeville 11, Risner ran for 7 yards to the 4 where Ratliff carried the ball to pay dirt. Prestonsburg went for the two-point conversion that failed as they trailed

by one, 21-20.

Shepherd led the ground game for Prestonsburg rushing for 141 yards on 19 carries. Ratliff finished with 75 yards on 24 attempts. Ratliff completed one pass to Ortega for 13 yards.

Sophomore Brent Coleman was outstanding for the Panthers. He ac-

Sports Calendar

Flag football signups

Signups will be held Thursday, September 1, for the Prestonsburg Flag Football League. Signups will be conducted starting at 7 p.m. at Archer Park.

Flag football is for kindergarten through second grade. According to Dr. Don Chaffins, this will absolutely be the last signup period.

Independent softball tournament

An independent softball tournament will be held September 10-11 at Archer Park.

For more information, contact Kenny Conley at 874-9519 day or night.

Bodybuilding competition

A men's open four-classes bodybuilding championships will be held at the Wilkinson/Stumbo Convention Center at Jenny Wiley State Park.

The second annual Mountain Muscle Madness Bodybuilding Championships will be held Saturday, September 3, with masters, teenage and women classes.

Entry fee is \$25 per contestant. Admission for the event is \$5 and showtime is at 7 p.m.

For more information, contact J.R.'s Top Dog Gym at 886-1998.

Appalachian Bike Tour

The Lawrence County Democratic Woman's Club will be sponsoring their first Septemberfest Appalachian Bike Tour on Saturday, September 3 at Yatesville Lake.

The tour will begin and end at Yatesville with the total distance being 14 miles. On-site registration will be from 7:30 a.m. until 8:30 a.m. with the tour beginning at 9 a.m.

For additional information, contact Kathy Hinkle at (606) 638-4597.

(Continued from B 1)

cumulated 137 yards on 14 attempts. Hatfield rushed for 52 yards on seven carries.

Pikeville's much heralded running back Eddie Deramus was stopped by the Prestonsburg defense as he collected 54 yards on four attempts.

Quarterback Jonathan Pruitt completed one pass, but it went for no yardage.

Larry Morris had nine solo hits and six assists, plus one sack, to head up the Prestonsburg defense.

Pikeville totaled 287 total yards. Prestonsburg had 266 yards on offense.

Prestonsburg (1-0) will travel up the interstate this Friday night when they face their second test against Lexington Lafayette before returning home for their first home game. Whitesburg and Belfry await the Blackcats.

Bob Watkins

KENTUCKY WILL BEAT UOFL TO LAUNCH 8-3 SEASON ... STOP LAUGHING!
"Give Howard Schnellenberger two weeks to prepare for a big game and he's going to find a way to win. Look it up."

That from an ex-UK football player and Schnellenberger contemporary who says he will be rooting for the Wildcats Saturday, "but I'm betting my money on Louisville."

The man begged anonymity. Schnellenberger's record with "two weeks to prepare?"

The cover of the University of Louisville football media guide shows pipe-in-hand Howard in repose with hardware from the Fiesta Bowl '91 and Liberty Bowl '93.

But the "two weeks to prepare for a big one" against Tennessee last year did little to change a 45-10 shelling in Knoxville. And UofL's 1992 season opener at Ohio State? Buckeyes, 20-19.

Since coming to UofL,

Schnellenberger's teams are 1-4-1 in season openers on the road.

Bill Curry's teams are 4-0 in season openers—all light to welter-weights, all in Lexington.

UofL, UK: PREDICTION '94
Louisville, 7-4. After an 0-2 start the Cardinals will string together six in a row, then lose a close one to Boston College and a stampede loss to Texas A&M. UofL will swamp Tulsa.

No bowl bid for an independent with 7-4 however. Except of course, Notre Dame.

Kentucky is going to win eight times and do an encore in the Peach Bowl.

Stop laughing. Here's a synopsis on how:

LOUISVILLE, Sept. 3. Curry's UK teams are 4-0 in season openers at home. Last time Kentucky lost a season opener The Gipper was starting his second term in the White House and Nixon was re-inventing himself, 1985.

UK 41, Louisville 23. Co-players of the game: Randy Wyatt and Moe Williams. Remember these names: Kurt Supe and Donte' Key.

at FLORIDA, Sept. 10. Gators feel the weight of being ranked No. 1 (Street & Smith) ... may be distracted by a date at Knoxville next week ... haunted by last season's last-gasp win in Lexington ... and hunted by Melvin Johnson's skull & crossbones crew.

Not enough in Gainesville.

Florida 31, Kentucky 21. MVP: Jaysuma Simms.

INDIANA, Sept. 17. A score to settle from Hoosiers' 24-8 nose-rub in Bloomington last September. UK has won four of last five from IU in Lexington.

Daymon Carter arrives. He and Moe Williams rush for 100-plus yards each, becoming first UK backs to do so since George Adams and Marc Logan in 1984, (against IU.).

Kentucky 33, Indiana 12. MVP: Carter and Williams.

SOUTH CAROLINA, Sept. 24. A must win and must be injury-free for Kentucky with trip to Auburn in five days for Thursday night game (ESPN). Because of stunning pass rush, UK's secondary has a field day against Hollywood Steve Taneyhill.

Kentucky 30, S. Carolina 6. MVP: Howard Carter.

at AUBURN, Sept. 29. Tigers are coming off a perfect season and could be again. Last time UK won on The Plains Bill Curry was a kid. A freshman at Georgia Tech, 1961. Enough said.

Auburn 29, Kentucky 7. MVP: None.

at LOUISIANA STATE, Oct. 15. While the Bayou boys play at Florida, Oct. 8 UK enjoys an open date, allowing injuries to heal and Mike Archer to re-tool the defense for his favorite foe. A must win for Curley Hallman.

Kentucky 25, LSU 15. MVP: Reggie Rusk.

AT THE TURN. Curry's team

takes a 4-2 record into the second half, but with no national notice yet, and no bowl speculation. Media herd naysayers churn out reminders that Curry's UK teams are 5-15 in the second half of his four seasons.

GEORGIA, Oct. 22. Game of the year for the Wildcats, particularly so, the defense with Heisman candidate Eric Zeier in town. For Curry it is the yardstick to measure his program's progress.

Questions due answers: Do these players believe they can beat a quality SEC foe? Can the defense stand and deliver in the fourth quarter? Can this team exorcise the demon—finding a way to lose at the end?

Kentucky 24, Georgia 19. Game is decided when Van Hiles intercepts Zeier in the end zone. Bedlam breaks out. So does bowl talk. MVP: Van Hiles.

By Sunday requests arrive by FAX for press box seats for next week's game. Three from NFL scouts and bowl reps from Gator, Peach, Inde-

pendence and CarQuest.

MISSISSIPPI STATE, Oct. 29. Jackie Sherrill's team has four victories and this one pencilled in too. Curry's team is favored by seven points, has undergone a Parris Island week of practice the theme of which is: Remember Halloween '92.

Oct. 31, UK came from ahead three times to lose to State, 37-36.

Kentucky 22, Miss. State 17. Robert Stinson recovers a Kendall Watkins fumble after a Melvin Johnson mega-hit on State's tight end with 1:17 left.

And, down the stretch they come! Suddenly Kentucky is 6-2, 3-1 in the SEC East and tied with Florida behind Tennessee. The Wildcats of- fensive proficiency is among the country's top 10.

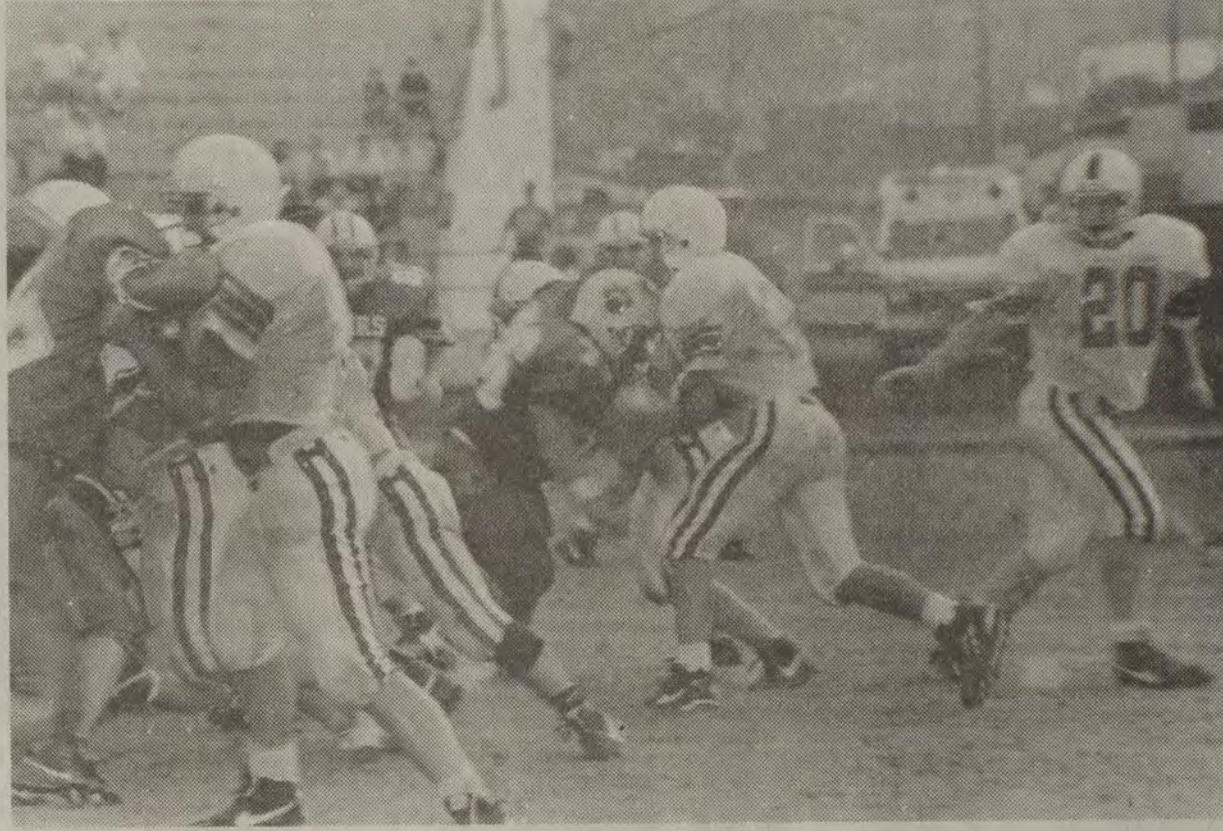

Hizzoner Curry scolds Big Blue fans for partying too hard and lam- bastes the media for babbling "too much bowl talk, too soon."

(See Sports in Ky., B 7)

"Now, that was a good game!"

Senior linebacker Larry Morris, who is being watched by many major colleges, gave his teammates a "well done" sign after the Blackcats defeated a very strong Pikeville team 26-21 in the Pike County Bowl last Saturday night at Pikeville. Morris had nine solo hits and six assists on defense. (photo by Ed Taylor)

Takes hand off!

Jay Lyons of Betsy Layne looked for running room against the Paintsville defense Saturday night after taking a hand off from quarterback Brent Akers (20). Betsy Layne fell to the Tigers 7-0. The Bobcats travel to South Floyd Friday night. (photo by Ed Taylor)

We'd Like To Introduce Ourselves. Here's One Of Our Cards.

We're Southeastern Group, Inc. For years, you've known us as BlueCross BlueShield of Kentucky. The fact is, BlueCross BlueShield is just one of the quality products we make available to you. It may be the product you know best, but we also offer a wide array of

other products, including Option 2000, Alternative Health and HMO Kentucky. So in the future, when you want the finest in health care coverage, remember Southeastern Group, Inc.

Bassin' with the Pros

PLASTIC GRUBS, NEW INTEREST FROM BASS PROS

Each year, it seems, at least one old lure gets re-discovered by professional bass tournament fishermen. The most recent discovery? The plastic grub, which has been around more than 30 years.

"What happens is that we're constantly looking for a lure or a technique that hasn't been used so we can show the bass something different," explains North Carolina pro Guy Eaker of the Evinrude Outboards Pro Staff. "Very often, all we do is take an old, established lure and use it a different way, which is what we're doing with plastic grubs."

Plastic grubs are basically short plastic worms measuring two to four inches in length. Some have straight tails and others have curled, swimming tails, but all have traditionally been fished with a leadhead jig-type hook.

"The newest way we're fishing grubs is on a Carolina rig," says Eaker, "rigging with a 1/2 ounce sinker and

a 12 to 18 inch leader. It's an excellent lure for fishing off points, around rocks, or in current.

"I use a grub this way when conditions are really tough and the bass aren't biting. I just crawl it along the bottom because it looks like a small crayfish."

Another way Eaker likes to fish plastic grubs is with a light slip sinker as a Texas rig, in which the hook is imbedded into the grub to become

weedless.

"The best way to fish a grub this way is around boat docks and piers where you simply cast, let the lure sink a foot or two, then slowly swim it back," says the Evinrude pro. "With the swimming motion the grub really looks like a small baitfish."

"You can fish plastic worms and lizards the same way, but there are times when the bass want something smaller, and that's when the grub

really pays off."

When he fishes a grub with a slip sinker, Eaker prefers a 1/8 to 3/16 ounce sinker and a 1/0 or 2/0 hook. He normally uses 10 pound test line and a 6 1/2 foot medium heavy spinning rod.

"One of the things that makes the plastic grub such an effective lure is its versatility," continues Eaker. "It's really good when you're fishing extremely clear water, because it's a

small lure. You can also use it with heavier tackle and flip it into brush or weeds just like a jig.

"The heaviest bass I've ever landed with a grub weighed over six pounds and was caught by flipping into heavy vegetation on Lake Chickamauga. Don't let the lure's small size discourage you, because it will attract big bass."

"I think you'll see a lot more of the bass pros discovering plastic grubs

again in the coming year because it really is a good lure."

An extension handle is available from OMC System Matched Parts and Accessories that fits all late model Evinrude and Johnson tiller control electric positioning motors. It's made of aluminum with a nylon sleeve that locks over the tiller handle of the motor, staying secure without screws or bolts. It adds 18 inches of reach to the handle.

Open house to be held at Paintsville Lake

The U.S. Army Corps of Engineers will sponsor an open house Friday, September 9, from noon until 9 p.m., at the Paintsville Dam.

Representatives will be present from several area agencies, including the Kentucky Department of Fish and Wildlife, the Kentucky Water Patrol, the Kentucky Division of Forestry, the Paintsville Tourism Commission, and the Paintsville Lake Marina. A question and answer session from 7 p.m. until 9 p.m. will offer an opportunity for public comments and suggestions.

In addition to the question and answer portion, the open house will sponsor guided tours and live exhibits. Refreshments will be served and everyone is urged to attend.

For more information, contact Robert Beverley, Resource Manager, Monday-Friday, 7:30 a.m. to 4 p.m. at (606) 297-6312 or write to Resource Manager, Paintsville Lake, 807 Ky. Rt. 2275, Staffordsville, KY 41256-9035.

Sports in Ky.

(Continued from B 6)

VANDERBILT, Nov. 5. Optimism is not new to UK fans, but a productive offense and a 3-and-oh October is new, and news too.

Irresistible then, fans talk bowl game with Vandy bringing a 3-5 ball and chain to town. Radio talk show talkers join chorus with the coaches discussing the DiNardo Solution.

Gary DiNardo's 'Dores have not only limited the Wildcats to a touchdown and PAT in each of the last three years, they've made UK look sorry, and bullied too.

Kentucky 44, Vandy 14. Williams rushes for 173 yards, Carter 131 and Donnell Gordon 99. Each scores two touchdowns. MVP: The offensive line.

Sunday headline: Did Curry pour it on?

at TENNESSEE, Nov. 19. The Vols are 8-1 and have not lost since season opener at UCLA. Except for the Bruins, Florida and Alabama, it has been a duck-shoot schedule.

Yet, a UK victory in Neyland is as rare as Pavarotti hitting a bad note.

Rocky Top is in tune ... again.

Tennessee 23, Kentucky 20. MVP: The seniors.

UK finishes 8-3, is ranked 17th in the nation. Bowl bid invite comes from the Peach which is married to the SEC's fourth place finisher.

Most fascinating scene at season's end? Two of them.

• On Sunday at a Commonwealth Stadium pep rally Curry is embraced by Rick Pitino and joined on the podium by Cawood Ledford. The crowd goes crazy.

• On Monday a fan, having just purchased his bowl game tickets at Memorial Coliseum, pauses in front of the House that Rupp built, turns to a companion and wonders: "Say, has basketball practice started yet?" And so it goes.

SHOP TOMORROW 10 A.M. TO 10 P.M. DON'T MISS IT!

TWELVE DOLLAR TOMATOES

Wilma and I didn't raise a garden this year. We had a dandy last year, though. As a matter of fact, we had one of the finest crops of tomatoes you've ever seen. Why, some of them were as big as a baseball, and they were each worth something like \$12.

Of course, \$12 is a rough estimate of their value, but that's got to be close. I mean, if you figure what we spent on the three plants themselves, plus the man hours (at minimum wage) that we spent digging and scraping and weeding the huge 3 x 4 feet solid-rock backyard garden plot, we must have had at least \$108 in those nine vine-ripened, organically-grown beauties.

Anyway, what got me to thinking about gardens was an article in *Newsweek* a couple of weeks ago by Jim E. Riviere, director of the Cutaneous Pharmacology and Toxicology Center at North Carolina State University. (Okay, I confess. I have no earthly idea what it is that he's the director of, but it sure sounds impressive, doesn't it?)

Called "Stop Worrying and Eat Your Salad," the gist of this article was that he'd concluded that today's food is safe to eat; that scientific methods of mass

producing produce is much safer than certain "alarmists" would have the general public believe; that the dangerous pesticides and stuff that at one time cast fear into the hearts of consumers who sliced, diced and prepared their julienne fries, are now subject to advanced food-monitoring systems. Thus, in his

away from here. When I was a kid, my dad's benevolence was known throughout Society Row, for not only did he raise enough garden to adequately keep our large family in vegetables all summer long, but he also fed all the widows and elderly in the community. I'm sure he didn't use pesticides.

Riviere addressed this too: "True, if you nurture

your garden with tender, loving care — and no pesticides — you may increase your yield. But how do you feed metropolitan New York by growing produce on small-scale farms and backyard plots? You don't."

Riviere appears so sold on the benignity of modern farming methods that he surmised that produce grown nowadays may even be safer than some of the "natural poisons" found in many common plants. For example, he cited apples, lima beans, cherries, apricots and peaches as having low levels of cyanide. He even suggested that more kids were harmed from choking on grapes and peanuts than were made sick from eating pesticide-treated vegetables and fruit.

I'm not entirely sure whether the man is really talking safety or economics; whether he's saying the food is absolutely harmless, or that we couldn't afford it if it were produced any other way. There's a possibility he just might be right on both counts. While my homegrown tomatoes may have had no chance of being tainted by chemical contamination, at the same time, I'd hate to pay for a visit to a salad bar that featured \$12 tomatoes.

Governor proclaims Sunday as statewide Rondal Hayes Day

by Polly Ward
Times Feature Writer

On Saturday, September 3, residents of Hueysville will pay tribute to one of their own. A ceremony honoring Rondal Hayes, a life-long resident and leader of the community, will be held at Allen Central High School. The ceremony will include tributes to Rondal and special singing, followed by a reception.

During the ceremony a proclamation signed by Governor Brereton Jones declaring Sunday, September 4, as Rondal Edwin Hayes Day in Kentucky, will be read.

The event is taking place during the Hueysville/Bosco Homecoming on Labor Day weekend, and many of Rondal's family and friends, including former residents of the communities, are expected to attend the ceremony.

Rondal is a reluctant, and modest, honoree. "It ought to be done for somebody else," protested Rondal, who will turn 79 years old on September 7. "I've not done anything. I'm just one of the young'ins here in the mountains."

But according to a book that contains page after page of tributes written by people of Hueysville whose lives he has touched, Rondal's devotion to his community has made a difference.

"You are the person I would like to model my life after," one wrote. Another wrote, "No one can measure the impact your life has made on many young minds as we grew up in Hueysville."

Another writer declared, "You are a giver. You're always doing for others and never asking for anything in return."

Rondal gained his reputation as a giver through his church work at the Church of Christ and his years of working as a storekeeper and postmaster at

Hueysville.

In 1941, Rondal began helping his father, the late Frank Hayes, in the family general store business and in the post office. He also followed in his father's footsteps by becoming involved in the Church of Christ.

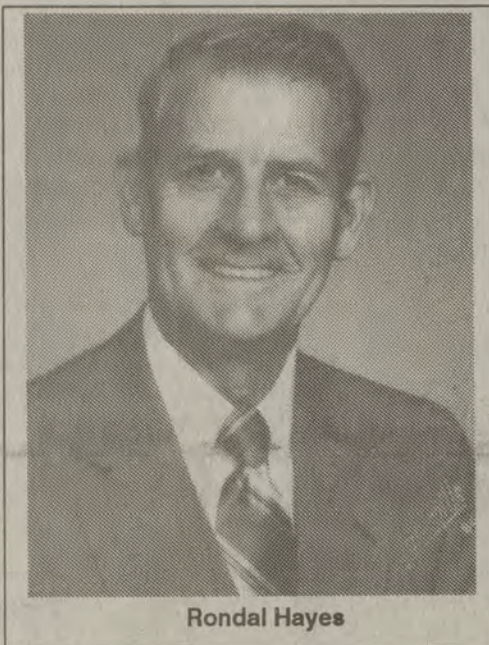

He has held various church offices, such as elder, treasurer, teacher of the adult Sunday school class, leader of the church youth group, and church bus driver.

As volunteer youth group leader, Rondal worked as activities director, chauffeur and counselor.

He became a father image for many teen-agers who grew up in the church, married and, because of his influence, are now raising their children in the church, according to his wife Irene, who is also active in church work.

For years, Rondal was an active layman who visited the sick and shut-ins. He also had an active visitation ministry at Golden Years Rest Home at Lackey and he organized their annual picnic at Dewey Lake.

Up until he became ill a couple of months ago,

Rondal Hayes

Rondal still drove the church bus for Sunday school. He no longer teaches Sunday school classes, but he remains an elder of the church.

"I'm the oldest elder there," he said. "I see that the church runs smoothly, or as smoothly as possible."

Governor Jones authorized the proclamation after Hamlet Lovely of Garrett asked State Senator Benny Ray Bailey to talk to Governor Jones about a Rondal Hayes Day proclamation, said Irene.

"Hamlet is a dear friend of the family," Irene said. "Rondal watched him grow up as a little boy in Hueysville."

The proclamation states that Rondal "has devoted his life to the service of the people of Hueysville through unselfish devotion to the well being of its people... during many decades he has been a community leader, both as a retail merchant and postmaster of Hueysville...he has become a second father to many of the young people of the community through his church work and counseling...and he unselfishly vacated his position of postmaster to devote his time to the reconstruction of the community's Church of Christ...and he never lets a call of help by those in need go unanswered."

The public is invited to the ceremony at Allen Central High School which will begin at 6 p.m. on Saturday night.

Fun-filled days at OLW "Kids Health Kamp"

Fun, Fun, Fun, was what the children experienced at the 3rd annual "Kid's Health Kamp" sponsored by Our Lady of the Way Hospital August 1-5, at Camp Shawnee in Floyd County.

Ashland Council #1487, Lifescan Pharmaceuticals and Troy Caner, Novo Nordisk Pharmaceuticals and Wilma Bickers, Allen & Hansbury Pharmaceuticals and Nathan Dale, Boehringer Manneheim Corporation,

Paddock Laboratories, Hall Funeral Home, Kinzer Drilling, St. Martha's Catholic Church, Paintsville Cinema, Lee's Famous Recipe of Prestonsburg, Little Caesars of Prestonsburg, Pizza Hut of Prestonsburg, C&R Office Supply of Prestonsburg, Johnny Lemaster's Sport Center of Pikeville, Lowe's Sporting Goods of Pikeville, Dairy Queen of Martin, Shoney's of Pikeville, Food City of Prestonsburg, Winn Dixie of Prestonsburg, Pic Pac of Martin, and Cashesaver of Martin.

The planning committee consisted of Cheryl Bentley, R.D., C.D.E. and Michelle Baker, R.N. of the Johnson County Health Department, Sherri Kinzer and Maggie Ratliff.

If you have any questions or interest in participating in next year's camp, please call Kim Blocker, camp coordinator at 285-5181, ext. 301.

Campers and counselors took time out for a camera break before saying good-bye.

Thirty-eight children, ages 7-13, with asthma, diabetes, or weight control problems attended the week-long overnight camp. The campers arrived from several counties including Floyd, Pike, Johnson, Knott, Greenup, and Fayette.

Throughout the week campers participated in activities such as: daily group health education sessions for children and parents; arts and crafts; basketball; swimming; paddleboating; canoeing; nature walks; and evening campfires.

In addition to the routine camp activities, the campers were also entertained by karate demonstrations, tour of an ambulance, participating in line dancing, bingo, a scavenger hunt, a poster contest and watching a movie at a local theater.

The following individuals, businesses, churches, and community groups support the camp through monetary, food contributions or gift donations: Pleasant Valley Rebekah Lodge No. 116, First Guaranty Bank, First Commonwealth Bank, Kentuckiana Election Service, Dr. Deborah Floyd, Dr. Clarita Vicher, Dr. Ballard Wright, Dr. Mary Wiss, Dr. and Mrs. Anthony Stumbo, Knights of Columbus -

The growth and support for the camp has increased tremendously over the last three years. OLWH is already planning for next year's camp.

Kim Blocker handed out certificates to campers at the Kid's Health Kamp.

OLD YEARBOOKS PUT PERSPECTIVE ON THE PRESENT

I opened the yearbook cover and 15 years of my life disappeared.

Could that skinny high school junior with the Afro hairdo really be me? Most people who know me now probably wouldn't believe it unless they saw my name under the picture.

I can hardly believe it myself, and I lived it.

I relived a lot of my life recently when my mother sent me an arm-load of old school yearbooks. Most of them hadn't been cracked open in at least a decade. My wife and I thought it would be fun to dust them off.

They opened my eyes in more ways than one.

In fact, I couldn't shut my eyes that night after viewing them again.

Seeing those familiar faces, even touching the letters on the covers, flooded my head with so many memories I couldn't shut them off to rest.

Looking at my Rowan County yearbook from eighth grade sent me tripping to the day we had a retired substitute teacher so nearsighted that she used a magnifying glass to read.

One of my classmates sent a paper airplane her way that missed her nose by a fraction of an inch.

"Boy," she scowled as she held up her magnifying glass to get a better look.

"The flies are really bad in here today."

Not nearly as bad as we were in some respects.

Another classmate that day demonstrated his near-perfect siren imitation. Right away, most of the heads in the class—including teacher's—turned to the window and the four-lane highway outside to glimpse the ambulance that didn't exist.

"Gee," our substitute teacher said. "I hope no one is seriously injured."

Funny how you can remember those hijinks like yesterday when you couldn't recite from your algebra classes to save your life.

NOT ALL LAUGHS

Turning those old pages also took me back to some of the toughest days of my life—especially my freshman year of high school.

I headed into high school fresh from being president of my eighth grade class. I smiled in my picture taken for the freshman class section.

I wasn't smiling inside, though.

It bugged me that I was popular and accepted mostly because I played sports while kids who didn't dress as nicely as I did or know the right people didn't count.

So I unplugged myself from school society. Ate lunch alone. Frowned a lot. Gambled. Avoided people. Told the girls to get lost—well, most of the time.

I did pay attention to a certain senior who had just broken up with her boyfriend. She asked me twice to invite her to the high school prom.

"Hey cutie," she said. "When you going to invite me to the prom?"

I wanted to tell her "Today, right now. This second. Will you?"

But I didn't.

Such a question from a senior blew me, the freshman, away both times. I just stood there, tried to mumble a response and smiled mostly. I never asked her.

I couldn't drive anyway.

But seeing her picture in the yearbook still made me wonder if she was serious back then.

I finally got over my mad-at-the-world stage and was elected sophomore class president after a friend nominated me as a joke. I transferred to Elliott County High School for my junior year and started over. I met my future wife that year. I made some of the best friends I ever had in a place very dear to me.

But looking at those yearbooks from the late 1970s is about as close as I want to get to being a teenager again.

Don't get me wrong.

I miss a lot of people and wonder what happened to many others. And it would be nice to have enough hair left to do the Afro again.

But being that age can leave you feeling like you just walked into the middle of a prize fight.

How do you figure out who you are? Which person do you date next? What are you going to do with your life?

It's difficult enough figuring out which clothes match each day.

It's also hard to believe how much society has changed since I graduated high school in 1980, which seems like last week to me.

The faces staring back at me from my senior yearbook had never heard of AIDS, fax machines, MTV, crack cocaine, Barney or the information highway. We had occasional fights, but nobody brought guns to our high school back then. And sex was a mystery to many of us before we hit junior high school.

Those old yearbooks made me feel like I came from a different world.

Guess they gave me the picture in more ways than one.

HATS OFF
FLOYD COUNTY BOARD
I agree!!!

So, did you catch Friday's edition of the Floyd County Times? Pretty darn good front page, it was!

To recap a bit, we've got a Floyd County native sitting in the middle of the baseball strike, who, just minutes before our own Ed Taylor had contacted, turned down an interview with the New York Times. Way to go, Ed! Then, if you were like me, you skipped on down to the story by Susan Allen, "Board okays annual grading for teachers..."

"All right!" I thought. "This is a good thing."

Every school in Floyd County has their share of outstanding teachers. But, (there's that word we dread so much) there are a few bad apples, too!

Oh, come on. It's not like every single school in this county has its top-notch educators with every child's best interest in mind, heart, and soul.

We all know that! How unique we would be if Floyd County schools elementary, middle, and high — had nothing but top notch.

And Floyd County is by far not the only county who has "bad apples." Maybe now though, with annual grading for teachers, Floyd County can either A.) weed out those who don't make the grade, or B.) get a whole new perspective and attitude from those who now know they will be graded.

Either way it goes, the children are the ones to benefit and, in my book, that's pretty darn good.

After all, it is the children and their education we're hoping to better, now isn't it?

Part II

Last Sunday night was the last night of the season to see and hear the Kentucky Opry. If you missed it, you missed an outstanding performance.

Sunday's opening act was the Kentucky Opry Jr. Pros. People, the talent these young ones exhibit is sensational.

Teddi Pack, vocals and banjo. What a beautiful voice she has.

Garland Rogers, vocals and guitar. Not only is Garland a doll, but, boy, can he sing — and he even dances, too!

Beau Tackett, lead guitar. If Beau plays football half as mean as he plays the guitar, "Watch Out!" Renny Hall Jr. drums. Dynamite does most certainly come in small packages where this one is concerned. He's fantastic.

Christopher Isaac's fancy footwork match his fiddle playing to a tee.

And Joe Newsome and Billy Howard are just awesome!

The Jr. Pro group will appear at Red, White & Blue in Martin, as well as the Salt Lick Homecoming. So, if you've not caught this spectacular group of entertainers yet, look for them there.

The Kentucky Opry came on strong, or sharp as Munroe might say. And what a show it was!

No one can tickle your funny bone as much as Munroe Birdshot (AKA Freddie Goble).

The vocals of Misty Daniels, Raetta Damm, and Danette Flanery are exceptionally, absolutely, wonderful. David Morris can make his fiddle talk, and would make Buck Owens proud if he heard him, I'm sure.

Wayne Binge keeps yours toes a tappin' to the beat of the drums, while Chris Lafferty is totally awesome on the keyboards. Mr. Whited (AKA Tony Whited) Emcee/vocalist is somethin' else! Garth Brooks has nothing on Tony Whited.

Ray Salyer, bass guitar, has legs and arms like rubber bands, plays a mean, mean guitar and he's another one who'll bring a smile to your face.

Johnathan Estep — Michael Jackson move over. Johnathan is fantastic!

James Whited, guitar, sax, vocals, talent, talent, talent! The only thing I know of the man can't play is "Cripple Creek," but, boy, does he play a mean "Crooked Creek."

The Blues Brothers, Craig Collins and Allen James, are as good lookin' as they are at dancin'. And Greg Hamilton is nothing but smooth as silk!

The closing of the show wouldn't be the same without patriot Mike Hopson and statesman Allen James bringing to the stage the flags as the Prestonsburg Fire Department's fireworks light up the sky as the Kentucky Opry sings.

What a season of great entertainment to sit back and watch these Eastern Kentucky hills come alive with the sounds of music.

We are very fortunate to have people like Billie Jean Osborne who "dream" and then work full force to see that dream become a reality.

Here's one who can't wait for the Mountain Arts Center, and next season at Jenny Wiley Theatre.

Til next week.

Society News

Ray Brackett named All-State Commander

Ray Brackett of Allen was named All-State Post Commander of the Veterans of Foreign Wars of the United States. This honor was presented in Louisville at the state convention.

Commander Brackett was one of only 13 post commanders in Kentucky to be selected for all-state status. The honor is based on outstanding achievement in membership growth, Buddy Poppy sales, and other VFW programs that benefit veterans and their communities.

Brackett served as Post 5839 Commander for the term of 1993-94, and was named National-Aid-De-Camp by Commander-In-Chief George Cramer. Former State Commander, Eddie Akers, presented Brackett with a cap, pin, and certificate.

The Veterans of Foreign Wars is a national organization of more than two million overseas wartime veterans. Founded in 1899, it is the oldest major veterans group in the nation today.

Sixth District DAR meeting held at Carriage House

Kentucky Society, Daughters of the American Revolution, met at the Carriage House, Paintsville, for the annual Sixth District meeting Thursday, August 11. KSDAR State Vice-Regent, Mrs. J. Larry Douglas, Cynthia, presided, and Mrs. Ray Brackett, Sixth District Director, Allen, welcomed the group.

KSDAR State Regent Mrs. Thomas R. Ross, Ashland, brought the message to the approximate 70 members in attendance. The invocation was given by state chaplain, Mrs. Henry Morris, Hopkinsville; Pledge of Allegiance to the Flag of the USA was led by Mrs. Leonard Slusher, Jackson; American's Creed by Mrs. Samuel Gayhart, Hindman; the National Anthem led by Mrs. Hubert Pack, Paintsville; piano, Dr. Sue Gilvan, Brandenburg. State officers reported as did national and state chairmen. Time-keepers were Mrs. D. Glenn Salyers, Salyersville, and Denise Auxier, Paintsville, with Mrs.

Jacob Henson, Sandy Hook, serving as Sixth District press chairman.

Host chapters and regents for the meeting were Mrs. Leonard Slusher, Breathitt County, Jackson; Mrs. Joe K. Conley, Indian Mound, Salyersville; Mrs. Danny Pugh, Harman Station, Paintsville; Mrs. Samuel Gayhart, Troublesome Creek, Hindman. Other regents in attendance were Mrs. George E. Conn Jr., John Graham, Prestonsburg; Mrs. James W. Salyers, Louisa; Mrs. Maxwell Gunnell, Morgan County, West Liberty; Mrs. John D. Forsyth, Pikeville; Mrs. U. G. Horn, Pine Mountain, Whitesburg; Mrs. Charles Cossett, Poage Chapter, Ashland.

Stacey Combs, Hindman; Macy Mullins and Carrie LeMaster, Paintsville; and Sharon Withers, Lexington, served as pages; registration was done by Irene Slusher, Mrs. John LeMaster, Ms. Russell Sue Smith, and Mrs. Joe K. Conley; luncheon reservations by Mrs. Basil Mullins, Ruth Smith, and Bess Douthitt; credentials by Irene Slusher; coffee hour hosted by Helen Craft, Ethel Fetterly, Mrs. John McClellan, Bernice

Mullins, and Mrs. C. C. Williams; hospitality and reception by Mrs. Danny Pugh, Irene Slusher, Mrs. Samuel Gayheart, Mrs. Joe K. Conley; program by Barbara Pugh, and table decorations by Mrs. Pugh, Mrs. Clyde Blevins, Mrs. Wes Mason, and Mrs. Charles Wells.

Gold Honor Roll certificates were presented to John Graham and Hazard Chapters with Silver Honor Roll certificates presented to Lewis & Bengel and Harman Station.

Sixth District Director and regents were given special recognition as being the only Kentucky district to write and file all necessary reports to state and national committees.

KFWC Drift Woman's Club "1934-1993 Alumni Reunion"

The KFWC Drift Woman's Club met August 15 at the Left Beaver Fire Station No. 2 with Ruby Akers presiding.

The devotional "Too Busy" was

given by Doris Lawson, followed by a group recitation of the Pledge to the Flag.

The minutes of a special meeting held August 9 were read by the Secretary, Celia Little.

President Akers reported on the KFWC President's workshop held in Elizabethtown July 15, and 7th District Governors workshop in Elkhorn City July 28. Clara Austin reported that the KFWC Presidents' motto for 1994-1996 is "Volunteers Care, Share and Serve." KFWC Club membership offers leadership training and enables one to give community service, Austin said.

The KFWC Drift Woman's Club CIP project for 1994 is "McDowell Alumni Homecoming" 1934-1993.

The McDowell graduates, businesses and McDowell Elementary principal Kenny Osborne are all co-operating and inviting all the principles, teachers, coaches and students of McDowell High and Elementary school, 1934-1993, to come home to McDowell Labor Day weekend September 2nd-5th.

The McDowell School Community Homecoming Reunion agenda: Friday, September 2, 6 p.m., Video MHS Classes.

Saturday, September 3, 9-11 a.m., registration; 11 a.m.-12:30 p.m., Welcoming Ceremony; 12:30-3 p.m., Class meetings and pictures taken; 3 p.m.-5 p.m., an escorted tour of South Floyd High School; 5 p.m., Choir Practice; 7 p.m.-midnight, dance.

Sunday, noon-2 p.m., dinner; 2 p.m. singing; 3:30 p.m., memorial service; 3:30, gospel singing.

Monday, 9 a.m., farewell coffee and doughnuts.

Participants are invited to dress casually for all activities. Trailer and RV parking will be available at the Old Regular Baptist Association Building at Minnie. Parking will also be available at the First Baptist Church all day Saturday and after 1 p.m. Sunday. Concession stands will be on campus. Souvenirs may be purchased at the concession stands.

Refreshments were served by the hostess, Karen Slone, to Ruby Akers, Celia Little, Mildred Salisbury, Geraldine Ward, Kathryn Youmans, Cecelia Buelis, Darrell Youmans, Doris Lawson, and Roberta Luxmore.

The next meeting will be September 19. Jerri Turner will serve as the hostess.

Minds that have nothing to confer find little to perceive.

Local Mary Kay director receives top performance award at annual seminar

Darlene Campbell of McAndrews, received the prestigious Circle of Achievement Award at the annual Mary Kay Cosmetics Seminar, July 18-30, at the Dallas Convention Center. Campbell received this recognition for unit retail production of \$250,000 for the Seminar contest year.

Tax service names director of Pikeville Electronic Filing

Jackson Hewitt Tax Service, of Pikeville, has named Rene Crum director of Electronic Filing for the Pikeville area.

Crum will be responsible for the management of the federal electronic filing program for Jackson Hewitt in Pikeville. This includes supervising the tax preparation process and the electronic transmissions of tax returns to the Internal Revenue Service.

1994 is the 9th year for the IRS electronic filing program. Over 13,500,000 returns were filed electronically last tax season. The IRS projects that number will increase to over 100,000,000 by the year 2000.

Jackson Hewitt is the nation's second largest income tax preparation firm with 1000 offices coast-to-coast. The company specializes in computerized tax preparation, electronic filing and refund anticipation loans. Jackson Hewitt is publicly traded as JTAX and the NASDAQ stock exchange system.

As a Circle of Achievement member, Campbell received a 14-karat gold and diamond bar pin. She received the pin for being a first-time member of the Circle of Achievement, or for exceeding the previous year's unit sales as a current Circle of Achievement member. In addition, Campbell was honored with an engraved plaque displaying her unit retail status for the 1993-1994 Seminar year.

"Deep in the Heart" was the theme for this year's 31st anniversary celebration of excellence attended by approximately 40,000. The company's annual seminar provides business classes, motivation, and recognizes and rewards top independent sales force members for their achievements. More than \$6 million in luxurious prizes such as diamond jewelry and extravagant European vacations were awarded to the independent sales force for career achievement.

The seminar included general assemblies with speeches from Mary Kay Ash, top directors and company executives. Also, there were more than 100 career enhancement classes, launches and previews of new products and programs, and finally, awards night, a spectacular ceremony where top achievers were awarded with different prizes.

Mary Kay Cosmetics Inc. topped \$1.3 billion in retail sales in 1993. In 1993, the company debuted as a Fortune 500 Company and in 1994, advanced 57 places in the listing.

County Kettle

Rolling pie crust and pastry

Good pie crust only starts with the recipe. The rest of the secret is in rolling it out and placing it in the pie plate. Start with a rolling pin and a lightly floured cloth-covered surface. Cloth helps to keep the pastry from sticking.

* Flatten ball of dough slightly with your hands. Then, roll pastry from center to the outside edge in all directions. Give pastry a quarter turn, occasionally and lift the rolling pin as it approaches the edge for even pressure.

* Roll pastry about 2 inches larger than inverted pie plate and about 1/4" thick. Take care not to roll too thin.

* To transfer pastry, fold bottom pastry into fourths. Unfold gently in pie plate with point in center, taking care not to stretch pastry.

* Fill bottom pastry, as desired. Repeat with top pastry, cutting slits in top before folding into fourths. Tuck the 1-inch overhang under edge of bottom crust. Pinch top and bottom edges together to seal pastry.

* While fluting decorative edge, press a 2- to 3-inch strip of aluminum foil over fluted edge so that crust doesn't brown too much. Take away foil 15 minutes before end of baking time.

Final touches

You can add your own decorative touch to a 2-crust pie. In place of slits in crust, top with leaf or other shapes cut from pastry scraps. Overlap small cutouts of pastry for a designed edge.

BUTTERY FRENCH APPLE TART

1 jar (24 ounces) applesauce
1/4 cup apricot preserves
1 teaspoon vanilla extract
4 tablespoons (1/2 stick) butter, divided

Butter Crust*
2 1/2 cups peeled, cored and thinly sliced apples

2 teaspoons fresh lemon juice

Preheat oven to 375 F. In a medium saucepan, cook apple sauce over medium heat, stirring frequently, until reduced to two cups, 10 to 15 minutes. Add apricot preserves, vanilla and one tablespoon of the butter; cool, stirring occasionally. Pour into baked Butter Crust (recipe follows). Toss apples with lemon juice. Arrange in concentric circles over applesauce. Melt remaining three tablespoons butter; drizzle over apples. Bake until apples are tender and lightly browned, 40 to 45 minutes, rotating tart after 20 minutes. Cool on a wire rack. Serve warm. Yield: eight portions.

*BUTTER CRUST

1 1/4 cups all-purpose flour
1/4 cup sugar
1/4 teaspoon ground cinnamon
1/3 cup cold butter, cut in chunks
2 tablespoons cold water
1 egg yolk

In a food processor fitted with a metal wing blade, combine flour, sugar and cinnamon. Add butter; process until mixture resembles coarse crumbs. Add water and egg yolk; process just until mixture leaves the side of the bowl. Or, to prepare by hand, combine dry ingredients in a medium bowl; cut in butter to resemble coarse crumbs; add water and egg yolk; mix well until combined. On wax paper, press dough together into a five-inch circle; wrap and chill at least one hour. Working quickly, on a lightly-floured surface, roll dough into a 12-inch circle. Ease into a 10-inch tart pan with a removable bottom or a nine-inch pie plate; trim or flute edges. Prick bottom with fork tines. Chill until firm. Bake in a preheated 425F. oven for five minutes. Cool before filling. Yield: one crust.

GLAZED BAKED APPLES

1 1/2 cups sugar
1/2 teaspoon ground cinnamon
1 1/2 cups water
1 tablespoon freshly squeezed lemon juice
2 tablespoons freshly squeezed orange juice
6 to 8 baking apples
1/4 teaspoon red vegetable coloring

Combine 1 cup of the sugar with cinnamon in saucepan. Add water and strained fruit juices. Bring to a boil, and boil for 5 minutes. Wash medium-sized apples and remove about three-fourths of the core of each apple, cutting from stem end and leaving a solid base. Peel, leaving about 1/4 inch of peel at base. Place in a shallow baking pan and pour boiling syrup over apples. Bake at 375° for about 30 minutes or until apples are tender. Baste frequently. Remove from oven when done.

To remaining 1/2 cup sugar, add the red vegetable coloring and stir with a fork until all sugar is thoroughly colored. Sprinkle tops of each apple with a little of the colored sugar. Put under broiler about 4 inches from

heat. Baste with syrup in pan and continue sprinkling on more sugar until apples are glazed, about 15 minutes.

Remove from broiler and place apples on serving platter. If syrup is still somewhat thin, cook down until quite thick. Pour over apples, filling centers well. Cool until syrup is set, or chill in refrigerator if to be used for a meat accompaniment. Yield: 6 to 8 servings.

APPLE PIE A LA ZING

4 cups pared, sliced baking apples
2 cups OCEANSpray®
Fresh or Frozen Cranberries
3/4 cup brown sugar
1/4 cup sugar
1/3 cup flour
1 teaspoon cinnamon
3/4 cup chopped walnuts, optional
Pastry for a 9-inch two-crust pie.
Preheat oven to 425°. Combine all ingredients, except pastry, in a medium mixing bowl. Mix well. Pour into a pastry-lined pie plate. Cover with top crust. Seal edges and cut several slits in top crust. Bake 50 minutes or until golden brown. Cover edges with foil if they brown too quickly. Makes one 9-inch pie.

ALL-AMERICAN FRUIT CRUMBLE PIE

Crust
1 cup Quaker oats (quick or old fashioned, uncooked)
3/4 cup all-purpose flour
1/2 cup (1 stick) margarine or butter, melted
1/4 cup firmly packed brown sugar
Filling
2 cans (21 oz. each) apple or peach pie filling
1/2 cup raisins
1/2 teaspoon ground cinnamon
Crumble Topping
1/3 cup Quaker oats (quick or old fashioned, uncooked)
1/4 cup all-purpose flour
1/4 cup firmly packed brown sugar
3 tablespoons margarine or butter, chilled

Heat oven to 375°F. Lightly grease 9-inch pie plate. For crust, combine all ingredients; mix well. Press evenly onto bottom and sides of prepared pie plate. Bake 12 to 15 minutes or until golden brown. Cool slightly. For filling, combine all ingredients; pour into prepared crust. For topping, combine dry ingredients; mix well. Cut in margarine until mixture is crumbly; sprinkle evenly over filling. Bake 25 to 30 minutes or until topping is golden brown. Serve with ice cream or frozen yogurt, if desired. 8 servings.

WALDORF SALAD

2 cups diced unpeeled apples
1 cup diced celery
1/4 cup coarsely chopped, unsalted, dry-roasted walnuts
1/2 cup raisins or halved seedless grapes
1 teaspoon fresh lemon juice
1/2 cup yogurt cheese*
In a bowl, combine all ingredients. Mix well, cover and refrigerate. Serve cold.

Serve over salad greens.
Serves 6.
*To make yogurt cheese, you need 1 16-ounce container plain nonfat yogurt. Place a double thick layer of fine-mesh cotton cheesecloth or paper coffee filters inside a colander that does not rust. Place colander in a deep bowl. (Colander must not touch bottom of bowl.) Pour yogurt into colander and cover with plastic wrap. Refrigerate for 8 hours or overnight. Discard drained liquid and place yogurt in a small bowl. Cover and refrigerate.

COUNTRY APPLE PIE

10-inch Two-Crust Pie Pastry (below)
1 cup sugar
1/4 cup Gold Medal all-purpose flour
3/4 teaspoon ground cinnamon
1/2 teaspoon ground nutmeg
Dash of salt
8 cups thinly sliced pared tart cooking apples (about 8 medium)
4 tablespoons whipping (heavy) cream

*Heat oven to 425°. Prepare pastry. Mix sugar, flour, cinnamon, nutmeg and salt. Stir in apples. Turn into pastry-lined deep-dish pie plate, 9x1 1/2 inches, or regular pie plate, 10x1 1/2 inches. Drizzle with 3 tablespoons of the whipping cream.

*Cover with top crust that has slits cut in it; seal and flute. Brush with remaining whipping cream. Top with leaf or other shapes cut from pastry scraps if desired. Bake 40 to 45 minutes or until crust is brown and juice begins to bubble through slits in crust. 8 servings.

10-INCH TWO-CRUST PIE PASTRY

1 cup shortening or 3/4 cup plus 2 tablespoons lard
2 2/3 cups Gold Medal all-purpose flour
1 teaspoon salt
7 to 8 tablespoons cold water
*Cut shortening into flour and salt until particles are size of small peas. Sprinkle in water, 1 tablespoon at a time, tossing with fork until all flour is moistened and pastry almost cleans side of bowl (1 to 2 teaspoons water can be added if necessary).
*Gather pastry into a ball. Divide pastry in half; shape into 2 flattened rounds on lightly floured cloth-covered surface. Roll pastry.

APPLE BLOSSOM CAKE

1 1/3 c. salad oil
3 eggs
3 c. sifted flour
1 tsp. salt
1/2 tsp. nutmeg
1 tsp. vanilla
2 c. sugar
3 c. chopped apples
1 1/2 tsp. soda
1/2 tsp. cloves
1/2 tsp. cinnamon
1 c. chopped pecans
Beat together salad oil and sugar. Beat in eggs and apples. Sift together and stir in flour, soda, salt, cloves, nutmeg and cinnamon. Stir in vanilla and pecans. Bake in greased tube pan for 1 hour at 350° degrees. Top with cinnamon icing below.

CINNAMON ICING:

Beat 2 cups powdered sugar, 1/2 cup butter, 1 teaspoon cinnamon with enough milk or cream to make as thick or thin as needed to spread. (Recipe provided by Floyd County Extension Service)

OLD FASHIONED STACK CAKE

7-8 c. plain flour
1 stick margarine, softened
1 lb. box light brown sugar
1 tsp. soda
1 tsp. salt
1 tsp. apple pie spice
1 egg
1 c. buttermilk
After sifting flour (you won't use it all) into a large mixing bowl, make a well in the flour. Put in the margarine, sugar, salt, soda, spice, egg and buttermilk. Work into the flour by hand until dough is slightly stiff. Divide

dough into 8 equal portions (about the size of a small teacup), knead on a floured board, then press into greased and floured 9 inch cake pans. Bake layers in 400 degree oven about 10 minutes (until brown). Sift unused flour back into storage container.

Filling:

4 c. fresh or canned applesauce or sauce made from cooked dried apples, 1 teaspoon apple pie spice and sweetened to taste.

Stack up layers with the applesauce between each layer. Do not put applesauce on top layer. It's best to stack layers while they are slightly warm, and if allowed to age a day or so in a tight container. (Recipe provided by Floyd County Extension Service)

THREE-USE APPLE ROLLS

4 c. diced (1/4 inch) pared apples
2 c. sugar
1 c. coarsely broken pecans
3 c. flour
2 tsp. baking soda
1/4 tsp. salt
1/4 tsp. allspice
1/4 tsp. nutmeg
3/4 tsp. cinnamon
1 c. butter or margarine, melted
2 tsp. vanilla
2 large eggs, slightly beaten
Grease and flour two 1 pound tall coffee cans. In a medium bowl, stir together the apples, pecans and sugar. Let stand 1 hour, stirring often so mixture makes its own juice.

In a large bowl, stir together the flour, baking soda, salt, allspice, nutmeg and cinnamon. Add apple mixture and stir well. Stir in butter and vanilla. Stir in eggs. Turn into prepared coffee cans. Tie a 2 inch wide band of double foil around the top of each. Bake in preheated 325° degree oven until cake tester inserted in center comes out clean—1 hour and 15 minutes. Place cans on a wire rack to cool for 10 minutes. Remove foil. Turn out onto wire rack. Serve warm as a cake, or with a sauce as a pudding; or cold as a tea bread, accompanied if you like with cream cheese. (Recipe provided by the Floyd County Extension Service)

APPLE BUTTER

8 c. cooked apples
5 1/2 c. sugar
1/3 c. vinegar or lemon juice
1/2 c. cinnamon drops
3 drops cinnamon oil
Cook. Stir constantly for 20 minutes. (Recipe provided by Floyd County Extension Service.)

GOATS: 4.

Fall is best time to put nitrogen on your lawn

If you want an attractive lawn next spring, apply nitrogen to your cool-season grass this fall.

"Fall is the best time of year to start applying nitrogen to cool-season grasses such as Kentucky bluegrass and tall fescue," said A.J. Powell Jr., Extension turf specialist with the University of Kentucky College of Agriculture.

"Fall and early winter fertilization helps grass recover from summer weather stresses, mechanical injury and pest and disease damage," he added. "One to two nitrogen applications, about four to six weeks apart, is enough for most home lawns."

Powell said grass develops a better root system, becomes very dense, and has much better late fall and early spring color in response to fall nitrogen application. Dense turf with a strong root system is more heat and drought tolerant and combats spring weed invasions.

One disadvantage of spring nitrogen application is that it helps weeds more than the grass, according to Powell.

"Crabgrass and other summer annuals respond to nitrogen much more readily than bluegrass or tall fescue," he said. "Spring and summer nitrogen fertilization increase the need for irrigation, thatch control, weed control chemicals, and possibly disease and insect control chemicals."

Another disadvantage of spring nitrogen fertilization is that it can promote disease development in cool-season grasses, according to Paul Vincelli, Extension plant pathologist.

"Early spring fertilization encourages leaf spot disease in Kentucky bluegrass and late spring fertilization encourages brown patch in tall fescue," Vincelli said.

Powell advised people to take a soil test to determine if phosphorus (P), potassium (K) and lime are needed before fertilizing this fall.

"You can supply the recommended nutrient rates by applying a fertilizer containing only P or K, or by using a complete fertilizer, such as 10-10-10," he said. "Once you have a high level in the soil, little additional P or K usually is needed for several years."

Information on taking soil samples is available through county Extension offices.

Powell said the rate of nitrogen applied is another important consideration.

"A good rule of thumb is to apply one and a half pounds of actual nitrogen per 1,000 square feet," he said. "The fertilizer analysis will dictate how much fertilizer you will need to get this rate of actual nitrogen."

"For example, you would need 15 pounds of a 10-10-10 to get one and one-half pounds of actual nitrogen. With a 33-0-0, you would need four and a half pounds of fertilizer to supply one and one-half pounds of actual nitrogen."

"Turf quality is based on uniformity more than any other factor," Powell added. "Autumn and early winter weather conditions contribute to cool-season grasses' response to fertilization in terms of texture, density and root growth. Fall fertilization promotes turf persistence and year-around quality."

For more information, consult Extension publications "Principles of Home Landscape Fertilization" (ID-72) and "Lawn Fertilization in Kentucky" (AGR-53). Both are available from your county Extension office.

Blue mold activity minimal in Kentucky tobacco fields

Blue mold poses a minimal threat to treated Kentucky tobacco fields this growing season.

"Most confirmed blue mold was in fields where preventive treatments had not been applied," said Bill Nesmith, plant pathologist at the University of Kentucky College of Agriculture. "Blue mold developed primarily at isolated sites in fields where conditions were conducive for spore production, such as partial shade and prolonged leaf wetness during the day. Disease activity decreased rapidly with topping and sucker control application."

"Blue mold activity in Kentucky generally is limited to the south central region," he added. "Isolated cases have been confirmed in Casey, Taylor, Wayne and Washington counties."

Nesmith said all blue mold activity in untreated fields appears to be caused by Ridomil-sensitive strains. "All evidence suggests that only the Ridomil-sensitive isolates are present, so far," he said. "Another good sign is a high level of gum on tobacco leaves; this usually correlates with a low level of blue mold activity."

Nesmith said blue mold should not become a significant concern at this late date. "However, he said strong activity in surrounding states could threaten late crops in Kentucky."

"The disease is active on burley tobacco crops in Eastern Tennessee, extreme southwestern Virginia and Western North Carolina," he said. "Spores produced in this region could become a source of inoculum for late crops in Kentucky, depending on wind patterns. Southerly winds over this region could bring spores into Eastern Kentucky; southeasterly

winds could carry spores into the central region."

"With spores around, some late crops could experience the disease," Nesmith added. "The possibility is greatest where crops were overly fertilized, or are in areas highly conducive to disease development. Avoid post-layby nitrogen applications because juvenile tissues are much more susceptible to blue mold than mature tissues."

Since most crops are beyond layby, Ridomil cannot be used. Thus, timely topping and harvest are the best disease prevention options. Top the crop, apply MH-type sucker controls, and allow normal waiting intervals to harvest.

ABOUT ANIMALS

by Kentucky
Veterinary Medical
Association

Approaching strange dogs

Copyright 1994 KVMA
Kentucky Veterinary Medical Association

Whether incidents of dogbites come in multiples or just seem to, because one such incident makes the reporting of a similar incident more likely isn't quite clear—but it does seem that when you hear of an attack by a dog, you'll hear of several more before things settle down.

You'll also not likely see much written down about how to make up to strange or unfamiliar dogs, and only a little more about why dogs bite, the understanding of which is the first step toward avoiding an incident.

So here's some advice on how to make friends with a strange dog.

Imagine you're the mail carrier, or a delivery agent, or just a neighbor coming to pay a welcoming visit. You walk up the sidewalk to the porch and there you notice, for the first time, this huge animal just outside the door.

What do you do?

The obvious first move is to ask the owner if the dog is friendly with strangers. The owner is the best judge of an animal's disposition, and it almost always makes a difference if the owner introduces you and the dog sees you are friends. Assume the owner says the dog is safe.

Use common sense. What would be your reaction if the dog suddenly jumped to its feet, stood up on its rear

feet and grabbed you around the neck with its front paws? You'd probably panic.

Why, then, wouldn't the dog panic if you (who are already standing on your rear feet) attempt to reach for its neck and head area?

Remember that dogs depend heavily on their sense of smell for identification as well as protection. The dog has never seen you, therefore your smell is neutral.

The dog will, first of all, come up to sniff you out. After a short time, close your hand and extend it under the dog's nose, offering it for smelling purposes.

Do not keep your hand open and do not hold it above the dog's head, lest it think you are about to hit it.

In time, the dog will most likely let you know it is ready to be petted.

The key is to go slowly and let the dog set the pace of the introduction.

Remember that dogs may bite when they feel threatened, so don't threaten by being too pushy or impatient. Don't try to take away its toy or its food. If it is asleep, don't awaken it by shaking or poking at it.

If the animal starts to growl or bark, bares its teeth and stands straight-legged with its tail held up, back off.

These are generalities from the handy-dandy library.

More specific information can be obtained from your veterinarian, who is trained in animal psychology and behavior and would welcome the opportunity to help you avoid injury.

The interaction between people and animal is one of the things in which he or she specializes.

FmHA has home loans available

The Farmers Home Administration (FmHA) has funds available for a Rural Housing 502 loan. If you would like to purchase your own home in Floyd or Pike county, have a good credit history, can show repayment ability for the loan requested and meet the income guidelines, you may qualify through FmHA.

Not only does FmHA finance for

purchase of an existing house, loans also include funds to purchase a lot, construct a house, and install water and sewer systems.

Interested applicants should contact the local FmHA office located in the post office building on South Central Avenue, Prestonsburg. Call 886-9545 for more information.

NOTICE UMWA HEALTH & RETIREMENT FUNDS BENEFICIARIES

In October of 1993, the UMWA responded to its beneficiaries and rewrote the contract regarding the dispensing of hearing aids. In the past, the beneficiary was eligible only for one of the cheapest hearing instruments that would meet the beneficiary's needs and would only qualify for one new instrument every three years.

The new contract allows the beneficiary to be fitted with **top quality** hearing aids, and to be fitted with **two instruments** if a clinical audiologist determines they are appropriate.

DON'T BE MISLED!! The new contract requires that you be tested by a clinical audiologist before any benefits can be considered. There will be absolutely no cost to you for these services. All charges are submitted to and paid by the UMWA. If you qualify for benefits, your only expense in the future will be for batteries to run the instruments.

As a **SPECIAL OFFER**, all eligible UMWA beneficiaries who respond to this letter within 30 days will receive, absolutely free, a one year supply of batteries with their new hearings aids.

DON'T DELAY!! YOU MUST ACT NOW!! Call today to find out if you qualify for two new hearing aids and free batteries for a year.

Positive Changes in Prestonsburg

Mark Vanderpool explained the power of positive thinking as described in Dr. Patrick Porter's book *Awaken the Genius*.

The first hypnotherapy clinic in Eastern Kentucky, POSITIVE CHANGES of Prestonsburg, opened to clients in August. Mark Vanderpool, Prestonsburg native and certified hypnotherapist, is conducting sessions, mainly for weight control and to stop smoking. Other programs include dealing with pain, phobias, and anxiety and improving memory, concentration, study skills and sports performance.

Vanderpool adds that some clients initially are uncertain whether they can be hypnotized. Actually, he claims, with rare exceptions, almost everyone can be hypnotized. In fact, the more intelligent a person is, the better the hypnotic subject, since the process requires the active participation and cooperation of the client.

Vanderpool trained with Drs. Patrick and Cynthia Porter in Lexington. Patrick Porter, who wrote the books *Awaken the Genius*, *Psycholinguistics*, and *The Power of Your Voice*, is president of Positive Changes, a chain of hypnotherapy centers reaching across the country. It was founded in 1961 in Michigan by Dr. Paul Adams, with whom Dr. Porter trained. Adams is author of the book *The New Self-Hypnosis*.

According to Dr. Porter, "Our name POSITIVE CHANGES describes exactly what we do. We help people to make positive changes in their lives. Changes are accomplished through the use of hypnosis, so that the conscious mind is in a state of relaxation and perhaps subdued. Then the unconscious mind becomes more aware and suggestions are more readily accepted."

Hypnosis to treat medical conditions is not new. The American Medical Association approved the use of ethical hypnosis in 1958. Since then, hypnosis has gained widespread acceptance and is being used in a multitude of ways at hospitals and care centers in America. The chair of

Anesthesiology at Mount Sinai Medical Center says, "Hypnosis is a valuable tool in managing chronic pain and certain diseases. For pain like migraine headaches it is the most potent weapon we have."

Hypnosis is also effective in improving sports performance Vanderpool said. "Research in the field of sports psychology has indicated to us that five minutes of effective mental rehearsal of the perfect performance is worth more than two hours of rote practice drills," says Vanderpool.

"What we would do in the therapy center is train the aspiring athlete to use mental exercises such as focused guided imagery to produce outstanding results on the field and to produce those results consistently."

"All serious athletes occasionally experience what might be called a 'peak state'—that moment of white hot intensity where everything just falls into place unconsciously and automatically and the performance is flawless and seems effortless. With the right mental training to supplement the physical practice, the conditions for peak performance can be duplicated more consistently."

Vanderpool adds that "Our student success program is one of my favorite areas to work in. Much of what applies to a stunning athletic performance can also contribute to a stellar academic performance. Much of what I do in my work with students comes directly from the material in Dr. Porter's book *Awaken the Genius*. Soon we will be doing an *Awaken the Genius* seminar here in Prestonsburg and that will enable many people to benefit simultaneously from this high quality material. Currently, the ATG material is being implemented in a number of different school systems on the secondary level and starting this fall it will be part of some of the developmental courses at Prestonsburg Com-

munity College."

When asked about what has drawn him into this field, Vanderpool responded, "I have long held a keen interest in human potential and in helping people improve the quality of their lives. I didn't always have a clear sense of the best way to live that purpose and I have perhaps chased down few blind alleys along the way; however, ultimately, all of my experience has contributed to my learning, evolution and growth, and I'm now able to do exactly what I've been preparing for the last eight years."

For more information on Positive Changes or the seminar, call (606) 886-3302.

Jackson Hewitt offers free tuition income tax class

Jackson Hewitt Tax Service, of Pikeville, will offer its basic tax course beginning in September. Tuition for this comprehensive course is free. The class will be held at the Crossroads Plaza location.

The Jackson Hewitt Basic Tax Course gives students a general working knowledge of income tax preparation. Topics include depreciation, employee business expenses and more. According to Rene Crum, Director for Jackson Hewitt "The average person can save hundreds of dollars a year by just understanding the basic tax laws and putting these laws to work on their own returns."

Upon successful completion of the course, students will be better able to prepare their own taxes and are eligible to apply for employment with the Jackson Hewitt office.

Jackson Hewitt Tax Service is the nation's second largest income tax preparation company with over 1000 offices coast-to-coast. In addition to the free tuition tax school, the company also offers free tax return checking and audit assistance. These services are available to everyone, even if Jackson Hewitt did not prepare their tax return.

Cimarron 10-208

Associated Designs-Eugene, Oregon

A gallery porch spans the entire front of the Cimarron, giving a welcoming, open look to this four-bedroom, country-style brick home. A wealth of symmetrically arranged multipaned windows adds to the effect.

Entering, you step into a grand entry. The ceiling in this dramatic space is two stories high, and light spills in through a wide clerestory window. At center, an elegant staircase sweeps up to the second floor. The landing at the top overlooks the entry.

With the possible exception of the den (which could be a home office), the lower level is devoted to family living space. Kitchen and family room are at the rear, living room and dining room on the left. Bay windows brighten and expand the den and living room, both of which are entered through French doors off the entry. The living room has a masonry fireplace.

Natural light streams into the kitchen and nook through windows that fill most of the rear wall and one of the side walls as well. French doors in the nook and family room swing open to access a wide deck. Kitchen amenities include: a pantry, a long eating bar with a vegetable sink, a work island with cook top, built-in oven, microwave and dishwasher. Utilities, a powder room and two large closets are convenient to both the family room and the garage.

Skylights illuminate the Cimarron's second floor landing, an upper-level hallway, and the master bathroom. The master suite has a huge his-'n'-hers walk-in closet and a luxurious bathroom with oversized shower, spa tub, twin lvs, linen/towel storage and a private water closet.

For a review plan, including scaled floor plans, elevations, section and artist's conception, send \$15 to Associated Designs, 1100 Jacobs Dr., Eugene, Ore. 97402. Please specify the Cimarron 10-208 and include a return address when ordering. A catalog featuring over 150 home plans is available for \$12. For more information call (800) 634-0123.

NOTICE OF INTENTION TO MINE
Pursuant to Application Number 836-0227 Operator Change

In accordance with 405 KAR 8:010, notice is hereby given that DFM, Inc., P.O. Box 367, Allen, KY 41601, intends to revise permit number 836-0227 to change the operator. The operator presently approved in the permit is DFM, Inc., P.O. Box 367, Allen, KY 41601. The new operator will be Costain Coal Inc., 170 Tollage Creek Road, Pikeville, KY 41501.

The operation is located 0.75 miles North of Prestonsburg in Floyd County. The operation is located 0.75 miles West from State Route 1428's junction with State Route 3, and located 0.1 miles East of the Levisa Fork of the Big Sandy River. The operation is located on the Prestonsburg and Lancer U.S.G.S. 7.5 minute quadrangle maps at latitude 37 deg. 41 min. 00 sec. and longitude 82 deg. 45 min. 13 sec.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 1346 South Lake Drive, Prestonsburg, KY 41653. Written comments, objections must be filed with the Director of the Division of Permits, #2 Hudson Hollow Complex, U.S. 127 South, Frankfort, Kentucky 40601. All comments or objections must be received within fifteen (15) days of today's date. W-8/31

CITY OF WHEELWRIGHT, KENTUCKY ORDINANCE NO. 04-1994

AN ORDINANCE OF THE CITY OF WHEELWRIGHT, KENTUCKY STATING THE CITY'S INTENTION THAT ITS SANITARY SEWER SYSTEM MAINTAINED AND OPERATED BY THE CITY THROUGH THE WHEELWRIGHT CITY'S UTILITIES COMMISSION ("COMMISSION") AND THE CITY'S STORM DRAINAGE SYSTEM ARE NOT TO BECOME PART OF ANY SANITATION DISTRICT.

WHEREAS, pursuant to Chapter 58 of the Kentucky Revised Statutes, the City of Wheelwright has transferred the responsibility for maintaining and operating the City's sanitary sewer system to the Commission.

WHEREAS, the City of Wheelwright maintains and operates its storm drainage system.

WHEREAS, the General Assembly of the Commonwealth enacted Senate Bill No. 255 ("Legislation") on Friday, April 1, 1994 which was subsequently signed into law by Governor Brereton Jones.

WHEREAS, the Legislation amended portions of Chapter 220 of the Kentucky Revised Statutes related to the

formation and operation of sanitation

WHEREAS, the Legislation provides that, effective July 1, 1995, all assets and liabilities of an operational sewer and drainage system as of January 1, 1994 of a city located within the jurisdiction boundaries of a sanitation district are to be transferred to such district.

WHEREAS, the Legislation provides that any city may act by ordinance before September 1, 1994 to retain ownership and control of and responsibility for its sewer and drainage systems by stating its intention not to become part of any sanitation district currently existing or hereafter created.

WHEREAS, the City and its Commission desire to retain ownership and control of and responsibility for both its sanitary sewer and storm drainage systems.

NOW, THEREFORE, BE IT ORDAINED BY THE CITY OF WHEELWRIGHT, KENTUCKY, AS FOLLOWS:

Section 1. Pursuant to the requirements of the Legislation, the City of Wheelwright, by this Ordinance, for itself, and on behalf of its Commission, states its intention not to become a part of any sanitation district, currently existing or hereafter created, except as the City may determine, by ordinance, at such date. The City, for itself, and on behalf of its Commission, hereby states its intention to retain ownership and control of and responsibility for its sewer and drainage systems.

Section 2. The Mayor and City Commission of the City of Wheelwright is hereby authorized on behalf of the City, to take any and all necessary action, including the execution of any documents required to demonstrate or prove that the city has complied with the provisions of the Legislation that the City has retained the ownership and control of and responsibility for the City's sanitary sewer and storm drainage systems whether maintained and operated by the City or the Commission.

Section 3. This ordinance shall be in full force and effect upon its passing, approval and publication in accordance with applicable law.

INTRODUCED, SECONDED AND GIVEN FIRST READING, at a duly convened meeting of the City Commission of the City of Wheelwright, Kentucky, held the 18th day of July, 1994.

INTRODUCED, SECONDED AND GIVEN SECOND READING AND ENACTED, at a duly convened meeting of the City Commission of the City of Wheelwright, Kentucky, held on the 15th day of August, 1994.

NOTICE OF BOND RELEASE

In accordance with the provisions of KRS 350 notice is hereby given that Wellmore Coal Corporation, of P.O. Box 901, Grundy, VA 22614 intends to apply for Bond Release on Permit Number 836-5048, Increment Numbers 1 and 3 which was last issued on 06/01/88. The application covers an area of approximately 6.35 acres located 1.3 miles south of Galveston in Floyd County.

The permit is approximately 2.0 miles east from KY 979's junction with Tinker Fork Road and located 2.0 miles east of Big Mud Creek. The latitude is 37° 24' 02". The longitude is 82° 37' 14".

The total bond now in effect for Increment No. 1 is \$14,600 of which approximately sixty percent (60%) is to be included in this application for Phase I Bond Release. Reclamation work thus far performed included: Backfilling, final grading, topsoil replacement, seeding, and mulching completed in June of 1994. Results thus far achieved include a stable backfill and the initial establishment of a vegetative cover as per the revegetation plan and Phase I standards.

The total bond now in effect for Increment No. 3 is \$2,900 of which approximately one hundred percent (100%) is to be included in this application for Phase III Bond Release. Reclamation work thus far performed included: Backfilling, final grading, topsoil replacement, seeding, and mulching completed in October of 1987 with tree/shrub seedlings planted in April of 1988. Results thus far achieved include a stable backfill and the establishment of a diverse vegetative cover as per the revegetation plan, the postmine land use of Forestland, and Phase III standards.

A public hearing concerning this bond release has been scheduled for October 18, 1994, at 9:00 a.m. at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office located at 270 South Lake Drive, Prestonsburg, Kentucky 41653. This Public hearing shall be canceled if the cabinet does not receive a request for the public hearing by the closing date for requests for a hearing.

Written comments, objections, or requests for a conference must be filed with the Director of the Division of Field Services, #2 Hudson Hollow, U.S. 127 South, Frankfort, Kentucky 40601, by date 30 days from the last advertisement. W-8/24, 8/31, 9/7, 9/14

PUBLIC NOTICE

Notice is hereby given that Gia Rae Hall, P.O. Box 391, Betsy Layne, Kentucky 41605, has filed an application with the Natural Resources and Environmental Protection Cabinet to construct a single story residence. The property is located approximately 0.25 miles east of the Pike/Floyd County line on the north side of the Levisa Fork of the Big Sandy River near the community of Boldman in Floyd County. Latitude 37d 31m 43s; longitude 82d 37m 28s. Any comments or objections concerning this application shall be directed to: Kentucky Division of Water - Water Resources Branch, 18 Reilly Road, Frankfort Office Park, Frankfort, Kentucky, 40601. Phone (502) 564-3410. W-8/24, 8/31, F-8/26

NOTICE OF INTENTION TO MINE
Pursuant to Application Number

836-5288 Amendment No. 2
In accordance with KRS 350.070, notice is hereby given that Buck Coal, Inc., 415 South Lake Drive, Prestonsburg, Kentucky 41653 has applied for an amendment to an underground coal mining operation located 1.8 miles northeast of Hi Hat in Floyd County. The amendment will affect 6.91 surface acres and underlie an additional 1149.8 acres, and the total area within the permit boundary will be 1156.34 acres.

NOTICE OF INTENTION TO MINE
Pursuant to Application #860-5161, Renewal

In accordance with the provisions of KRS 350:055, notice is hereby given that Kentucky May Coal Company, Inc., 572 Village Lane, Hazard, Kentucky 41701 has filed an application for Renewal of an underground coal mining and reclamation operation. The proposed operation will affect a surface disturbance of 3.44 acres and will underlie an additional 852.00 acres for a total proposed permit acreage of 855.44 acres located 0.8 miles East of Hall in Knott and Floyd Counties.

The proposed operation is approximately 1.5 miles southeast from State Route 122's junction with Spewing Camp Branch Road and located 0.1 mile east of Spewing Camp Branch. The latitude is 37° 24' 40". The longitude is 82° 43' 22".

The proposed operation is located on the McDowell U.S.G.S. 7-1/2 minute quadrangle map. The amendment will affect surface owned by Progress Land Corporation and the Elk Horn Corporation, et. al. and will underlie land owned by Isaac Spears, Mary Jane Anderson, Nicholas A. Cooley, Bert Newman, Rabon & Millie Dye, Mitchel Short, Millie Hall, Willard Moore, Kennel Dye Estate, Jake Cooley, Emma Moore, Jerry F. Howell, Jr., Emeretta Noble, Progress Land Corporation, Elk Horn Coal Corporation, et. al., Homer Hamilton & Noah Tackett, Dee & Polly Howell, Edgar & Leviathan Jones, Richard Stumbo Estate, Prophet Moore Estate, Ted Moore, Green & Helen Gayheart, Carl Butler & Patricia Mosley, Sterlion Gayheart, Ed Moore Estate, Tracy & Linda Frasure, Randall Frasure, Deanie & Kathryn Frasure, Elvie & June Collins, Bert Dye, Bill & Shirley Mosley, and Floyd County Fiscal Court.

The amendment application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 2705 South Lake Drive, Prestonsburg, Kentucky 41653-1397. Written comments, objections, or requests for a permit conference must be filed with the Directors, Division of Permits, #2 Hudson Hollow, U.S. 127 South, Frankfort, Kentucky 40601.

This is the final advertisement of this application; all comments, objections, or requests for a permit conference must be received within thirty (30) days of today's date. 1t.
Kentucky 40601.
W-8/24, 8/31, 9/7, 9/14

NOTICE OF BOND RELEASE

In accordance with KRS 350.093, notice is hereby given that Buck Coal, Inc., 415 South Lake Drive, Prestonsburg, Kentucky 41653, has applied for a Phase I Bond Release on Permit No. 836-5116 which was last issued on 3/16/94. The application covers an area of approximately 6.00 acres located 1.9 miles northwest of Drift, in Floyd County.

The permit area is approximately 2.30 miles north from KY 777's junction with KY 680 and located 0.1 mile west of Turkey Creek. The latitude is 37° 29' 47". The longitude is 82° 47' 01".

The bond now in effect for Permit No. 836-5116 is a surety bond for \$26,900. Approximately 60% of the original bond amount of \$26,900 is included in the application for release.

Reclamation work performed includes: Backfilling, grading and seeding. Written comments, objections, and requests for a public hearing or informal conference must be filed with the Director, Division of Field Services, #2 Hudson Hollow, Frankfort, Kentucky 40601, by October 7, 1994.

A public hearing on the application has been scheduled for October 11, 1994 at 11:00 a.m. at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 2705 South Lake Drive, Prestonsburg, Kentucky 41653. The hearing will be cancelled if no request for a hearing or informal conference is received by October 7, 1994. W-8/17, 8/24, 8/31, 9/7

NOTICE OF INTENTION TO MINE
Pursuant to Application #860-5161, Renewal

In accordance with the provisions of KRS 350:055, notice is hereby given that Kentucky May Coal Company, Inc., 572 Village Lane, Hazard, Kentucky 41701 has filed an application for Renewal of an underground coal mining and reclamation operation. The proposed operation will affect a surface disturbance of 3.44 acres and will underlie an additional 852.00 acres for a total proposed permit acreage of 855.44 acres located 0.8 miles East of Hall in Knott and Floyd Counties.

The proposed operation is approximately 0.75 miles East from KY 122's junction with KY 1498 and located 0.0 miles East of Dave's Branch. The latitude is 37° 18' 05". The longitude is 82° 45' 18".

The operation is located on the Kite and Wheelwright U.S.G.S. 7 1/2 minute quadrangle map. The surface area to be disturbed is owned by Burton Stone. The operation will underlie land owned by Ozark and Kimberly Sue Stone, John Bentley, Isom and Missouri Bentley, Burton Stone, Grant Honeycutt, Trubie and Louetta Johnson, Eliza Jane Johnson Estate, Claude and Betty Anderson, Earl and Mary Lou Wyson, Wade and Draxie Holbrook, Hillard Anderson Sr., Ray and Randall Holbrook, Barris Hall, Robert Thacker, Alex and Anna Mullins, Grady Stumbo and Benny Bailey, Gilbert Little, Greene Hall, Lou and Bertha Holbrook, Maple Burke, Martin and Zella Johnson, Ira Potter, James Lackey, Layne Johnson, Primbale Hall, Larry Honeycutt and Dave Isaac.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Jackson Regional Office, Howell Office Building, Suite #1, 170 Howell Heights, Jackson, Kentucky 41339-9689. Written comments, objections, or requests for a permit conference must be filed with the Director of the Division of Permits, #2 Hudson Hollow, U.S. 127 South, Frankfort, Kentucky 40601.

**Caring For The Cancer Patient At Home**

(NAPS)—Here, for a change, is some good news about cancer. Not only is science making progress against many forms of the disease, the American College of Physicians—a nonprofit professional association of internists—has created a guide to help family and friends care for cancer patients while they're at home.

The 426-page workbook contains 21 plans for dealing with problems such as pain, nausea, fatigue, hair loss, changes in sexuality, anxiety and depression. It also has information on caregiver needs, getting information from medical staff and using community resources. Each topic is presented in a problem-solving format to help the reader analyze the situation, decide if professional help is needed and work toward a solution.

The guide says:

- **Successful caregivers** are informed, creative and optimistic. They take care of themselves with proper diet, rest and relaxation. They help maintain a positive outlook by doing things they enjoy. They don't dwell on mistakes or expect to be perfect.

- **Fight fatigue** by planning short activities for times when the patient feels best; and allow time to rest in between. Agree on what's most enjoyable or necessary to get done each day.

- **React to depression;** don't ignore it. Try to find something that is going right. Try to

American College of Physicians

Home Care Guide

for
Cancer

A new guide can help cancer patients, their friends and family, deal with the disease while at home.

increase the patient's social activities.

- **Stimulate appetite** by using plastic utensils, which take away a bitter or metal taste associated with chemotherapy, and using small plates and portions. Encourage the patient to eat with others.

- **Minimize nausea** with dry crackers, cold food and ginger ale.

- **Combat weight loss** by offering frequent snacks, using more butter and sugar in cooking and enriching whole milk with nonfat dry milk.

Copies of the *American College of Physicians Home Care Guide for Cancer—How to Care for Family and Friends at Home*, are available for \$23 each, plus delivery. For information call ACP Customer service at 800-523-1546, ext. 2600 (M-F, 9am-5pm ET). Refer to code #3438 when ordering.

Fatigued? It could be CFS

It feels like the flu, but the side effects never subside. Mild fever, sore throat, body aches, chronic headaches, joint pain and general listlessness are a few of the symptoms characteristic of chronic fatigue syndrome (CFS). CFS is a physical illness of unknown origin, distinguished only by debilitating fatigue and flu-like symptoms.

Profound fatigue—the hallmark of the disorder—usually comes on suddenly and persists or relapses throughout the course of the illness. Unlike short-term fatigue, however, which may accompany illnesses such as the flu, CFS symptoms linger for at least 6 months and often for years.

Chronic fatigue syndrome is not simply feeling tired. CFS is not even exhausted. Victims of CFS are completely debilitated by the illness and almost all everyday activities are next to impossible. Many people afflicted with CFS find it difficult to even raise their heads for more than a few seconds and a trip from the bed to the bathroom may leave them exhausted for hours. Some CFS victims are forced to take naps during meals in order to get enough energy to eat.

"It is important to be sure to properly diagnose patients with CFS," said Jane J. Xenos, D.O., a Santa Ana, Calif., osteopathic family physician and clinical professor at the College of Osteopathic Medicine of the Pacific in Pomona, Calif. "It is vital for a physician to explore all the symptoms of the patient, including the degree of their fatigue and the results of physical and laboratory examinations, before confidently diagnosing CFS."

Many CFS victims feel the need to slow the pace of their lives and avoid situations that are physically or psychologically stressful. Complete avoidance of activity is not healthy either so it is important for the physician interaction at whatever level the patient can manage without exacerbating the symptoms.

"As a physician, it is critical to be on the lookout for unrelated medical problems, and avoid the danger of interpreting every new sign or symptom as a manifestation of CFS," said Dr. Xenos. "The physician must always be alert to the patient's changing condition, especially because CFS typically dominates such a large portion of the victim's life and sometimes may be able to overshadow additional medical problems."

There is no universally accepted treatment for CFS. In fact, sometimes several different treatment approaches may need to be tried before the patient reaps any benefit. Although most people do recover from CFS, the route back can take months or years, and many never regain full health. The key is to recognize CFS symptoms early and schedule regular medical check-ups to monitor the illness.

Is less better?

Today people are taking a renewed and proactive consumer attitude toward health care. It is demonstrated by an increased willingness by patients to ask their doctors the hard questions. It is more far-reaching than just health care plans and the necessity of medical tests. It has reached the most basic level — the need for prescription medications.

If you aren't already asking your doctor why and how much do I need of this medication, now is the time for you to feel comfortable and empowered to do just that.

There is a new catch phrase in long-term disease control with medication. It's called step-down therapy. Very simply it means that when a disease, such as high blood pressure, has been under control for a period of time by a certain dose of medication, it may be time for you to ask your doctor if a lower dose might be just as effective.

According to the Joint National Committee on Detection, Evaluation, and Treatment of High Blood Pressure, the doctor's treatment plan for a patient should include attempts to decrease the dosage of high blood pressure medication while maintaining life-style modifications such as weight control, sodium reduction, and exercise.

This new concept has proven highly effective with many medications for other diseases, such as chronic depression. For the millions of Americans on daily medication for disease control, step-down therapy offers an opportunity to do more than save money. It also means taking less medication, which may lower the risk for experiencing harmful side effects.

If you are on daily medication, ask your doctor if less would be just as effective. You have the right as a patient and consumer to be kept informed and keep your medications at the safest and lowest effective level.

Health Matters

by Christopher Fleming

Permanent lifestyle change equals permanent weight loss

Most Americans have a desire to weigh less. Many try dangerous fad diets to lose the five to 10 pounds that they gained over the holidays. However, they usually end up adding the weight back on, plus an additional five to 10 pounds after they go off the diet.

Why is this? Primarily it is the false belief that weight loss can be achieved through a temporary lifestyle change. But permanent weight loss is achieved through a

permanent change in lifestyle. These lifestyle changes usually include a reduction in the number of calories

from fat in your diet as well as an increase in regular physical activity.

The reason a low-fat diet promotes weight loss is because fat is more calorically dense than protein or carbohydrates. Thus, a low-fat diet will satisfy your appetite while you are consuming fewer calories. Also, fat calories are more easily digested and turned into body fat than protein or carbohydrate calories.

The best activities for weight loss are cardiovascular exercises such as

biking, liftings, rowing, walking, running, and other continuous activities. For optimal results, exercise continuously at least 30 minutes at least three days per week. This activity should be sustained at an effort level at which an individual could hold a conversation (but not sing).

The longer an individual exercises, the higher the percentage of the calories being used comes from body fat.

Also, the lower the intensity of the exercise, the higher the percentage of calories being used during exercise comes from adipose (fatty) tissue. The individual may use fewer calo-

ries during moderate intensity physical activity, but more of the calories are coming from adipose tissue.

During moderate physical activity lasting 30 minutes or more, 70 percent of the calories used come from adipose tissue versus only 20 percent of the calories used come from adipose tissue during high intensity physical activity lasting five minutes.

In conclusion, permanent weight loss is not best achieved through diet alone. A permanent lifestyle change including a low-fat diet along with regular physical activity will result in

an individual reaching and maintaining ideal body weight.

Tip of the Week: Use reduced fat margarine and skim milk when baking.

Christopher G. Fleming is the Project Health Director at Prestonsburg Community College. He has a bachelor's degree in Health and Physical Education, a master's degree in Education, and a Master's plus Thirty with emphasis in Exercise Science. Fleming is also a certified American College of Sports Health Fitness Instructor.

Sizzlin' Summer Special!

Have we got a red hot deal for you?!

Now through September 30, 1994, you can subscribe, renew your subscription or extend your subscription to The Floyd County Times for just a fraction of its regular newsstand price.

If you live in Floyd County, you can get 104 issues of The Floyd County Times for just \$22. This sizzlin' bargain will save you \$30 off regular newsstand price and six dollars off our regular, in-county subscription rates.

***The rate for out-of-county subscribers is \$32 for one year.**

Remember, if you are already a subscriber, you can still take advantage of this offer to renew or extend your present subscription.

This deal can't last forever, so get your order in with a check or money order before September 30, 1994.

You get more, for less, with

The Floyd County Times

Mail this coupon with your payment to:
The Floyd County Times, P.O. Box 391, Prestonsburg KY 41653

Prestonsburg Blackcats

So, Do We Have Four,

Or What?

From the desk of Stephen Towler, Ed.D., Superintendent

To the people of Floyd County:

Dear Friends,

The public school system is designed to offer a program of studies for both academics and extra-curricular activities.

While we at Floyd County Schools constantly strive to make certain that our children excel academically, we also do our best to offer every student an opportunity to succeed at every facet of our program.

As I'm sure you're all aware, Floyd County and Eastern Kentucky celebrate a rich tradition of sporting excellence, particularly in high school football. All of our lives have been touched at one time or another by the thrill of the competition as we have reveled in our victories and helped cheer each other through less successful endeavors.

We at the Floyd County Schools remember that athletics were a large part of our respective high school experiences, and we want to offer the very best sporting programs possible to our young people, so that they can benefit not only from the joys of the game, but also from the important life-lessons learned.

Please, encourage your children both in athletics and academics. The more involved we are in their lives, the more enriched those lives will be.

Floyd County Schools... For Continuing Success!!!

Best wishes to all our fine sporting teams,

Stephen Towler, Superintendent

There's a **big** reason to attend Pikeville College:

Quality

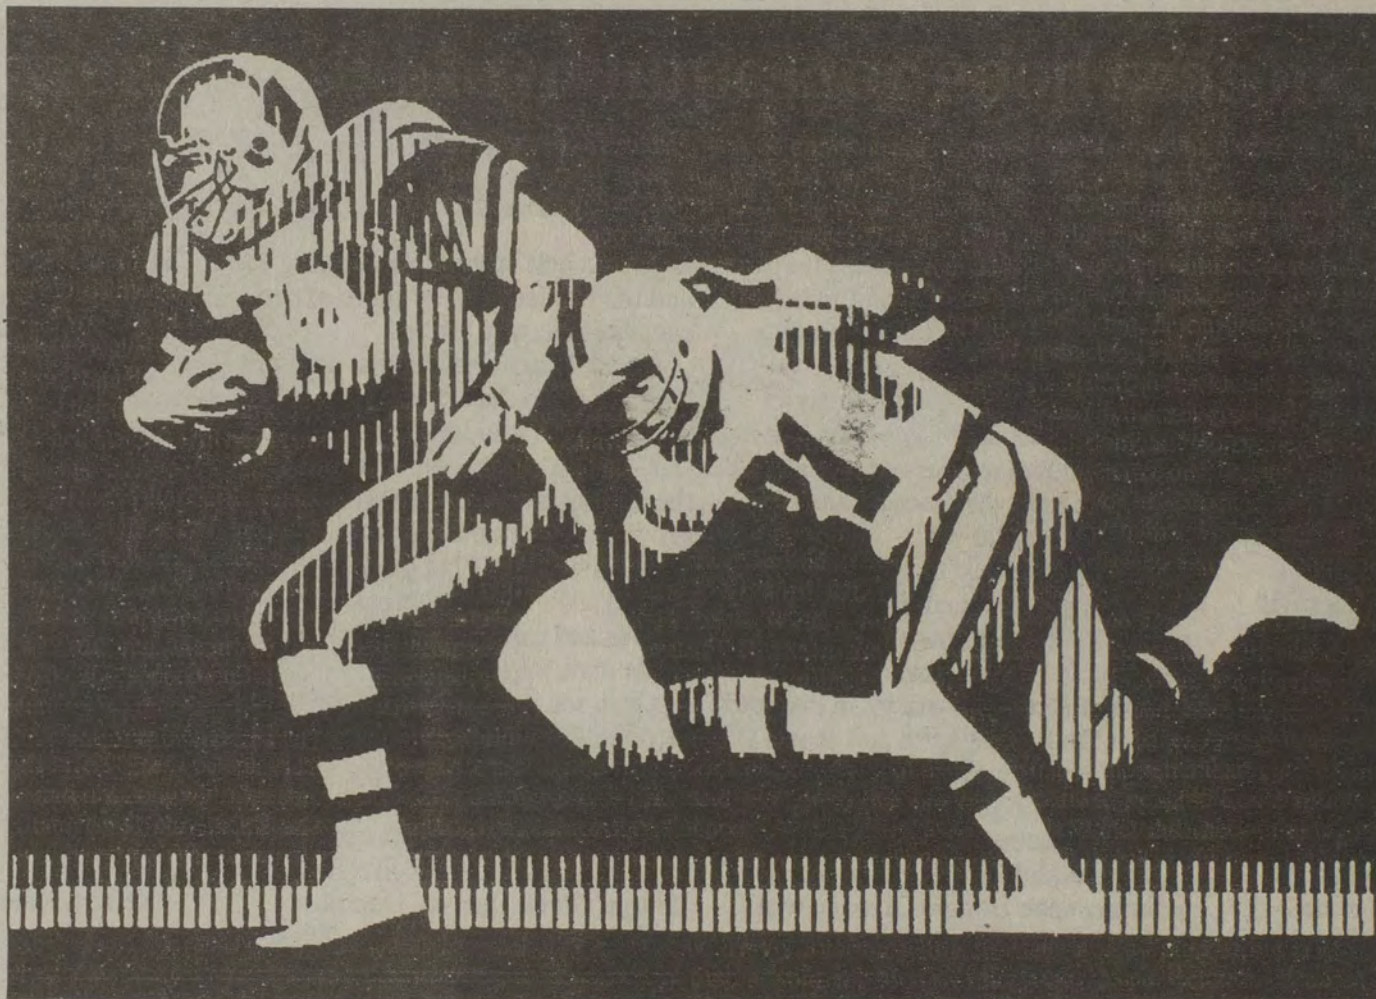

There are many small reasons to attend Pikeville College. Small class sizes; small student to teacher ratio; small, friendly campus; and small tuition, compared with other independent colleges. But we're proudest of the big reason. Quality. Just ask any of the doctors, lawyers, nurses, teachers, business and civic leaders who attended Pikeville College. They'll tell you the quality of their Pikeville College education was the key to their success.

Pikeville
College

Join us on our mountaintop and let your future soar!

**IN THE GAME OF LIFE, EDUCATION IS THE KEY TO SUCCESS.
THE FLOYD COUNTY SCHOOL SYSTEM SALUTES
ALL HIGH SCHOOL COMPETITORS, BOTH ON THE FIELD
AND IN THE CLASSROOM,
WHO STRIVE TOWARD VICTORY.**

A Look at Sports

by Ed Taylor, Sports Editor

EXCITING DAYS AHEAD FOR LOCAL FOOTBALL TEAMS

What to do for an encore?

Three of our county football teams will be asking that question when the new season gets underway August 26.

The Prestonsburg Blackcats will be coming off their most successful year ever after advancing all the way to the state championship game in Louisville last season.

The Blackcats enjoyed a 13-1 record, the best that any Prestonsburg team has finished. The Blackcats were hit hard by graduation but still are expected to be strong.

Allen Central enjoyed their best season in a long time under new coach Glenn Reeves. The second-year coach is optimistic about the upcoming season despite having to play six games on the road.

Coach Reeves Rebels just missed

a playoff berth last year when they fell to Phelps in the season finale last year. Look for Allen Central to be a surprising team this year.

Coach John Derossett's Betsy Layne Bobcats split the season last year at 5-5 and returns one of the best defensive lines the Bobcats have dressed in several years.

The Bobcats lost only three seniors from last year's squad and must search for a quarterback to replace the departed Marty Hamilton.

Coach Derossett will be in his third year at the Bobcat helm and seems to be well on his way to turning this program around. Bobcat fans will be ready for another successful season.

The South Floyd Raiders, under veteran coach Donnie Daniels, will be looking for win number one as a new school since they finished 0-10 last year. But an unproven quarterback and inexperience on the lines was costly for the Raiders.

Things should pick up for the Raiders in their second season. Aaron Hall will have a year's experience

under his belt at the signal calling slot and the Raiders will be more experienced all the way around.

Coach Daniels' defensive line will be more up to the effort this year and the backfield will be solid.

I, like all other football fans around the county, am looking forward with growing excitement to the upcoming football season. What greater thrill than to see a halfback break two tackles and run 50, 60, 70 or even 80 yards for a touchdown.

Or to see a quarterback fade back, settle in the pocket and hit a wide receiver down field for long yardage. Or a coach that bellows from the sidelines to encourage his team.

I appreciate coaches like Bill Letton, Glenn Reeves, Donnie Daniels and John Derossett. These are dedicated men. They love what they are doing and if they don't win, it hurts.

Just a word for the good old boys who cover the games. Jim Ed Allen, WQHY; Jeff Meek, WKKZ; and this year Chuck Scoville of new radio

station WXLK.

Here is a group of men who have to do their homework before each game. I consider all three good friends of mine.

How can we forget the fans? They are great. They are what high school football is all about. I have seen them support the team and it didn't matter what the record was. They just enjoy the great game of football.

Finally, a tip of the hat to two local football officials, who, in my opinion, do an outstanding job:

- Dale Conn. Football, basketball and baseball. Dale works very hard while on the field. If he has any extra time, he could take up cutting hair.

- Keith Henry. Called the state championships last year in 3A. Does an excellent job. A person that is in control.

Enjoy the season. It could be another banner season for Floyd County. We wish each club the best in their upcoming games. See you on the gridiron!

*Best of
Luck
to all

Rebels hope playoff berth is in '94 season picture

by Ed Taylor
Sports Editor

Be careful if you denote a tender spot in this year's Allen Central football team.

They are still smarting over last season when they just missed making the playoffs by dropping a 35-34 road loss at Phelps.

The Rebels finished 4-6 last year, but it was a stronger 4-6 than anyone realized.

"The Phelps game was a big disappointment to all of us," said defensive lineman James Osborne. "We had some good plays and we had some bad ones, too. We should have won the game because we had the potential to win it."

Coach Glenn Reeves ballclub was young last year and still competed. Fans are wondering what will happen in 1994 with more experience returning.

"We're faster and stronger this year," said Osborne. "We'll have a little better line, although we will be smaller in size. But we will have more speed and muscle this year."

The Rebels lost 12 players from last year's squad, the biggest name being Glenn Floyd, who just dominated out of the backfield.

Coach Reeves will have revamp his entire backfield behind Adam Coleman (5'10", 155), who replaced Brad Blackburn (6'0", 165) at quarterback midway in the season last year.

Coleman, like most first-year quarterbacks, got his baptism early and proved that he could, as a sophomore, throw the football with some accuracy, but according to the Allen Central coach, Blackburn is hot on Coleman's heels.

"Right now Adam's our top quarterback," said the Allen Central mentor, "if he keeps up the good work. He is a very enthusiastic player and seems to be taking the leadership role."

"But we have Brad right back on his heels again. He would like to take that position back."

Blackburn had started at the signal calling spot since he was a freshman until midway of the season last year. But according to Coach Reeves, Blackburn has shown more promise this year.

"When someone like Brad challenges Adam, that makes him want to work hard and that is good for the team," he said. "Brad has been impres-

sive in camp and practice."

Josh Reeves (6' 0", 185), Gordon Reeves (6' 0", 155) and Shane Blackburn (5'10", 135) is also getting a look at the quarterback slot. The Allen Central coach is not taking any chances if one of his two quarterbacks goes down.

"You have to have someone that can at least hand off the football on a running play," he stated. "We don't want to be caught in that situation where we don't have anyone."

Out of the backfield, the feature back will be Beau Tackett (5'7", 165 sophomore), who Coach Reeves is very excited about.

"Beau will be our feature back this year," he said. "He's going to be a good one. He is strong and he runs the football so well."

Joining Tackett in the backfield will be Gordon Reeves, who Coach Reeves says is going to surprise a lot of people.

"We watched him in camp this year and he is coming along real good. He will impress you. He has natural ability and has some good speed," he said.

At fullback will be Josh "The Plow" Reeves. "They call him 'The Plow' because he will run right at you and over you."

Allen Central experimented with moving lineman Shawn Robinson (6'3", 245) in the backfield but the move was short-lived.

"I tried to run the football in camp this year but Coach Reeves said that I was needed more on the line," said Robinson.

"He is such a big kid and an outstanding defensive player that we needed him more up front than in the backfield," said Reeves.

Osborne, who played in the backfield last year, will also find himself on the line both ways.

"I don't have any hard feelings about the move to the line," said Osborne. "We're hoping to have a winning season this year and that's our goal."

Chris Bailey (6'3", 235, sophomore) will anchor down the center spot on the offensive line. "That is where it all starts," said the Allen Central coach. "A good center has to be solid and Chris played there for us last year. He's getting better but he's still young. I think he can come on for us."

At one offensive guard will

be Osborne. "James is a big kid that can run," said Coach Reeves. "So, we needed to move James up there to help us out."

Robinson will be at the left tackle. "He's a heck of a blocker," said Reeves. "He has good technique."

Levi Wells (6'0", 245, sophomore) will play one tight end position with Blackburn hanging out at the other.

"Brad will also help out in

blocking situations," Reeves said. "Both are good blockers."

A new kid on the block, Phillip Robinson (6'1", 240, sophomore) will work in at a guard slot. "He has good size and he is going to do a good job for us."

Senior Jy Shepherd (6'3", 265) will be at a tackle position.

"Jy is a senior and an enthusiastic player," said Coach Reeves. "He doesn't have the

speed the others have but he's a big kid. He has good size and he can keep them out."

Shepherd said that the Rebels should be a playoff team this year.

"We're seniors this year and it will be our last year on the field," he said. "I think we should go to the playoffs. Not just go, but seed deep. We've been working hard all year. We went to camp and if you can pass camp, we can sure win a few ball games back here."

Thomas Jenkins (6'3", 175, sophomore) will play the tight end slot or split end.

"Enough has been said about Thomas," said Coach Reeves. "He's got the hands, the ability and speed to have a great season."

"This year he has been concentrating more on his blocking and it will make him tougher for basketball," Reeves stated.

Jenkins said that the team has adjusted to Coach Reeves philosophy and the Rebels are ready to run.

"We came in last year and Coach Reeves was new," he said. "Nobody was used to his style. Now we're getting used to it and things are looking better."

"The team overall is a lot stronger. This year we will be a strong team in our district."

Jenkins explained that hitting the weights in the off season has made the team stronger.

"We now have a nice facility to lift weights in," he said. "Coach is just practicing us real hard."

The sophomore tight end said that a week in camp this summer seemed to bring the

team closer. "We'll do what we have to do to win this year."

On the defensive side of the football, Osborne will be at the nose guard slot where Coach Reeves expects him to give some center problems.

"James mixes it up good in there," he said. "He's quick and fast and he will give some center some trouble."

Mark Varney (5'10", 195, sophomore) will be at a tackle when the Rebels need down size.

"Mark plays with a lot of heart," said Coach Reeves. "He has good quickness."

The other side will find Shepherd in position but Coach Reeves doesn't necessarily want Shepherd to go both ways.

"We want to give him rest

when we can," he said.

Robinson will be at a defensive end slot with Wells at the other.

Josh Reeves and brother Gordon Reeves will be at line-backer slots.

"Josh is a mash mouth type of player," said Reeves. "He likes to mash it up. He will hit you and Godon will also."

"Gordon lacks a little bit in size but we want to get him in there where he can come on and play."

Where help is really needed for Allen Central will be on the speciality teams. Jenkins will be the last line of defense for the Rebels while he roams at free safety. "I always wanted to go with a tall basketball player as my free safety," said Reeves. "Thomas has good speed and he's tall."

At the corners will be Matt Varney (5'10", 160, sophomore). Craig Crace will be the other.

"Craig came on and showed us a lot of things in camp this year."

Coach Reeves stated that he had three sophomores that will be at defensive back.

"We may get burnt," he said. "Traditionally Allen Central has been able to hold the line, but they just get burnt long."

"In our secondary, we're concerned," he said. "We were last year. But this year we're more aggressive."

Jenkins will handle the kicking for the Rebels this season. Coach Reeves said that he has shown a lot of promise at the slot.

"He's been able to get down on the 5-yard line," he said. "We cannot allow the other team to start on our 20-yard line. Thomas has been doing a good job there."

Blackburn will do the punting for the Rebels. Coach Reeves said that Blackburn averaged 40 yards last year. "Overall, our speciality teams look good," said Reeves.

Gary Webb (6'0", 155, senior) and Mark Varney will handle the field goal attempts.

"If we have to go long we will go with Jenkins," he said.

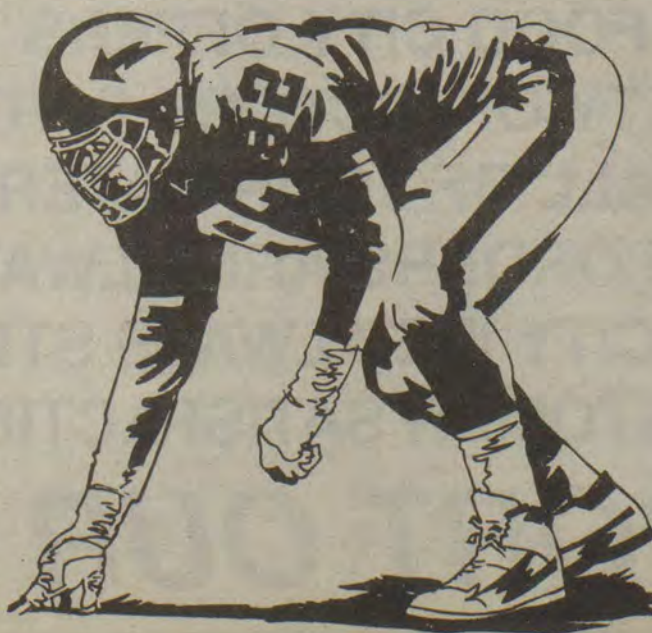

Coach Reeves said that he will continue to work on the speciality teams and his offense before his team takes the field against Elkhorn City August 26.

"Our defense is ahead of our offense," he said. "We want to work hard with our speciality teams and offense before the season begins."

Defense will spell Bobcats' season

by Ed Taylor
Sports Editor

Optimism is running high in the Betsy Layne Bobcats' football camp and the optimism can be justified after a 5-5 season last year.

An optimistic attitude can be further justified because the Bobcats will return their entire offensive line and all are seniors.

Coach John Derossett has put his team through the "mill" this past summer and he is optimistic, though guardedly so, that the Bobcats will have another fine season.

"In the winter we were real good in the weight room, real good in summer conditioning," he said. "For this team to be successful, we've got to take the weight room and summer conditioning and apply them to the game."

Derossett thinks that his team has good overall strength this year with fair speed.

"Compared to last year, we have better speed," he said. "We are going to be a strong team physically. That, too, needs to be applied to the game."

A 5-5 finish last season was the best the Bobcats have enjoyed in several years. "That was a good year for

us," said Derossett.

But the Betsy Layne mentor said that with a few breaks his team could have enjoyed

a possible 7-3 season.

"We were close to being 7-3. This year we would like to take it one better than that. We'd certainly would like to have a winning season."

Players usually set personal goals, as well as team goals, when a new season rolls around. Derossett said that an attitude of determination to meet those goals highlighted camp this year.

"Lot of the kids have written goals about doing better than last year," he commented. "I know these kids and they are fully capable of doing just that."

"But at the same time, it's like turning over your hand. We could be 8-2 or 2-8. We could have a 7-3 season or go 3-7. It depends on how hard we work in practice and how hard we go out and tackle in the game."

"I think the key to it is Betsy Layne going out and getting on fire early, too; Betsy Layne going out and getting on people early; Betsy Layne getting up and staying up," said the Betsy Layne

"I love what you do for me"

Betsy Layne

(Continued from S 7)

mentor.

While the offensive line returns intact this year, the defensive side of the football team will not lag far behind. In fact, the Bobcat coach thinks the line will be stronger than expected.

"We will be pretty strong on defense," he said. "I think we will have a good defensive line. We have some strong players returning that are quicker. They have played in the system for a while now so we should have a fairly good line."

On the defensive side, Betsy Layne will run the 5-3 with the "Mud Creek Boys" at the linebacker slots. Rocky Hamilton (5'7", 180, senior) will anchor the left linebacker position, while Jarrod Newsome (5'9", 165, sophomore) will be on the right side. In the middle will be Jason Hamilton (5'7", 246, senior).

"Those three can line up and play a little bit," said Coach Derossett. "They all three do a great job."

Questionable this time of the year is the Bobcats' secondary.

"Those who saw the Magoffin County game have questions. We have good players back there and they are good athletes."

Willie Meade will be in the secondary and will be able to use his basketball skills in football.

"Willie is a great athlete," said Coach Derossett. "He's just got to take his athletic ability and transfer it to the football field. He's going to be a great football player."

Craig Hamilton (5'9", 140, sophomore) will split the quarterback duties with Brent Akers (5'9", 170, senior). Derossett said that "right now, one is not any better than the other."

"Brent may throw the ball a little bit better. But I'm confident in their abilities. We don't really say who's going to start. I may give one the nod just before the game and say, 'You're at quarterback.'"

Derossett was quick to note that both are running backs playing the quarterback slot.

"We'll be all right there," he said. "It will take some time in throwing the football. But our running game is solid."

In the backfield will be Rocky Hamilton, who will be playing only his third year on the gridiron.

"Rocky's Rocky," said

Derossett. "His name says it all. He's hard. He's tough. For a kid that's just played three years of football, he's developed more football skills in three years than anybody I have ever seen as far as organized football goes."

Derossett said that it was a shame that Hamilton hadn't played years earlier, because he could have been a greater player.

"If this kid had played when he was in the fifth grade, I don't know where he would be right now. He's a great football player."

Chris Hicks (6'1", 180, junior) has been impressive in preseason and will get a shot in the backfield.

"Chris has looked good in scrimmage for us," the Betsy Layne coach stated.

Another newcomer who is expected to help the Bobcats is Wesley Collins, who came out late.

"He has good wheels," said Derossett. "He can run. He needs to apply it to the football field."

Last year defensive guard, Jason Hamilton, will be converted to the fullback slot. Jarrod Newsome will also carry the football at times for the Bobcats, as will Rodney Hamilton (6'2", 242, senior).

"Rodney probably has more talent than anyone on this team," said Derossett. "He could be an outstanding fullback."

A couple of heavyweights will anchor down the Bobcats' defensive line. "Bubba" Combs (6'4", 290, senior) and Shannon Hall (5'10", 295, senior) will form one of the best weight lifting lines around.

"We're the greatest weight lifting line you've seen," said Derossett.

Add John Hall (6'3", 305, senior) to the picture and you have a strong trio.

Technique-wise, Derossett says that sophomore Stewart Hall (5'8", 220) is his best offensive lineman.

"He doesn't look like anything, but he puts himself in good position to play," the Bobcat coach said.

Depth on the both lines will be a plus this season for the Bobcats.

"We will go two deep there this year," Derossett said. "We won't lose much when we come in with other players. We can send in Brad Kimbler (6', 237, sophomore) for Combs and let him rest a series. We have Shawn Keathley (6', 240, sophomore) and some other real good sophomores. We don't lose much mileage there."

Coach Derossett feels that he has as good a line as there are "in the mountains."

"But they got to get down in that uncomfortable position, play football and hit hard. We will be good on the offensive line."

Rodney Hamilton, who Coach Derossett describes as a very good athlete, will be at the nose guard slot on defense. World-lifter, Shannon Hall will also see time at the nose guard spot.

"Shannon can lift the world," said Derossett. "He's so strong."

On the left side at defensive tackle will be Combs, who probably had his best game against Fleming-Neon in scrimmage this year.

"He stood people up," said Derossett. "He played both sides of the football and just did a great job."

Derossett stated that positions on the right side of the line are up for grabs.

"It's there for whoever wants it," he said. "Darrin Reynolds (5'10", 214, sophomore) did a great job for us there. Rodney and Bubba have a lock on the left side, but the right side is open."

Tim Hunt (5'11", 210, junior) will be at the center position. "Tim is one of the hardest workers on our team," said Derossett. "He comes to work every day. Some players are up or they are down, but Tim is on an even flow. He's getting better everyday."

Stewart Hall will play the left guard spot. Keathley will be at left tackle. "Big" John Hall will be on the right side.

Betsy Layne's coaching staff has worked hard during camp on the speciality teams.

Combs will handle the kicking and has been averaging 40 to 50 yards.

"I hope we can get that kind of kickoff in a game," said Derossett. "Really, we have to emphasize speciality teams. In the grids you don't get much of a chance to work on those."

Derossett said that he wants the Bobcats to dominate that aspect of the game.

"We're a ball-control offense," he explained. "We like to control the ball and move up and down the field. Our philosophy is keep the ball and keep the clock."

Good sound defense is vital to this team, according to Derossett. "We have to play that good defense and, sooner or later, we will push the ball into the endzone."

"That's all we talked about this summer is good solid

defense."

Running back Rocky Hamilton would like to rush for a 1,000 yards during this, his last year.

"That is a personal goal that I have set for myself," he said. "That and I would like to lead the county in scoring."

The third-year player thinks that the Bobcats will be a surprise team this year and that a perfect season is not unrealistic.

"I think we have a real good chance to be 10-0 this year," he said. "If we beat Paintsville, it will put us on the map."

Hamilton said that the Bobcats will return their entire offense line and that will be a very strong area for them.

"We hit the weights hard this summer and everyone is coming back off the offensive line. John Hall and Jason Hamilton are going to be a big help to this team. Brent Akers will be the lead blocker for me this year. Tim Hunt — we will depend on him a lot."

Hamilton said that the Bobcats have a winning attitude this year and that two sophomores, Stewart Hall and Shawn Keathley, will help the team.

"Bubba" Combs is one of the top defensive players in Eastern Kentucky and should draw a lot of attention from colleges this year.

Combs thinks last year's 5-5 finish is just the start of a strong tradition that will be at Betsy Layne for years to come.

"We're going to be a lot better this year," he said. "We've all been together so long."

While it was a disappointment that the Bobcats did not make the playoffs last year because of sitting out the district, it has become a motivat-

ing factor for Combs this year.

"It was tough to see teams like Pikeville, Prestonsburg and Phelps make the playoffs and we didn't. We beat Phelps last year and still they were in the playoffs."

Combs says that he intends for the disappointment to be an incentive this year to go

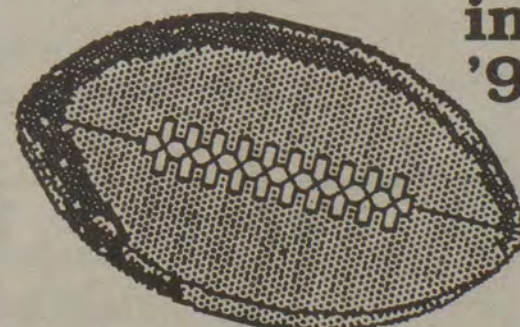

out and play harder.

"We want to go out and beat the teams that go to the playoffs," he said.

The Bobcats have been working hard and it should pay off this season. Combs put it best when he said, "We have a hard-working attitude and we never say die!"

With defense set, Blackcats must fill holes in backfield

by Ed Taylor
Sports Editor

The year 1993 was Prestonsburg High School football team's finest hour. Or make that year. The Blackcats were almost unstoppable through 15 weeks of an outstanding season.

Except for the 13-12 setback at the hands of Mayfield in the Class 2A championships, the Blackcats were unstoppable.

To say that Prestonsburg lost a host of talent from their 14-1 team is to put it mildly. Gone due to graduation are Kyle Fitzpatrick, Ryan Elliott and Kevin Vaughn off the defensive side. Gone out of the backfield is the trio that carried the football: Seth Hyden, Dwayne Garza and Jody Cornette.

Prestonsburg coach Bill Letton says the Cats' defense is in place, but there are some holes to fill in the offense.

"Defensively, we seem to be a lot further ahead than our offense," he said. "That's probably due to the fact that we were able to fit people into slots easier defensively than offensively."

Coach Letton said that the Prestonsburg coaching staff was still trying to experiment with some different combinations in the backfield and the line of scrimmage.

"Against South Laurel (a scrimmage game), I think we played really well," he said. "We had a little hard time moving the football offensively."

"We did a lot of experimentation. We hope to have those things worked out before the first game."

The Prestonsburg coach knows that his team will be on the hunt list this year after advancing to the state finals last season. But that doesn't bother him or the team. In fact, they prefer it that way.

"I rather have it up there — our name — and people gunning at me, than to be down at the bottom and gunning at somebody else."

"We realize the fact we're not going to sneak up on anybody," he said. "We've got to be prepared every week, and especially this year when it looks like our district is absolutely wide open."

Prestonsburg is trying to work many different combinations on their offensive line and several players will be looking at new positions this year.

"We're using Larry Morris and Mike Shepherd on the

line of scrimmage and in the backfield," said Letton. "If they're not in the backfield, then they will be on the line of scrimmage at the guard slots."

Letton said that the two stable positions on the offensive line belong to Jason Spencer at center and Tim Lewis at tackle.

Last year's nose guard, Paul Collins, will be moved to the other offensive tackle for now Letton said.

"If we move Larry or Mike to the backfield, we're looking at bringing in John Layne and Ricky Johnson off the bench. They're getting some quality playing time," he said.

Coach Letton likes this year's defensive line and expects a repeat of last year's performance.

"We're pretty well solid up front," he said. "Collins is set at nose guard and Lewis and Jason Spencer at tackle."

While those positions are set, the end spots will be filled by three vying for the spots.

"We have three people who can play the two positions," he said. "Tim Layne, John Lyons or Nathan Hall. All three will see some time there. We feel like that group is playing pretty well right now."

Junior Thomas Ratliff is a fixture at the quarterback slot. Despite an injury, Ratliff has been impressive.

"Thomas has had a real good preseason," said Coach Letton. "He has a pulled thigh muscle and that's a nagging thing. But he's throwing the football a lot better."

Letton explained that the Blackcats will look to put the football in Ratliff's hands this year a little bit more than last.

"We'll let him run the triple option and let him make some decisions back there for us," he said.

Robbie Risner will see playing time at fullback with Blake Leslie running at tailback. Flanker position will be filled with Chad Spurlock, but Letton is not ready to settle on the three alone.

"But there are many others that we have been using back there," Letton explained. "John Morris, Larry Morris, Mike Shepherd, Brian Jones, Jason Blackburn, Tim Layne and others. We just want to give them all a good look."

Gavin Hale has impressed the Prestonsburg coach at tightend. "Gavin has done a real good job for us there," he said. "He needs to work on his blocking more. He's aggressive enough. He just needs to work on his posi-

tioning and foot work a little bit. But he's been working hard on that."

First-year player Ryan Ortega will use his athletic abilities to fill the other end spot.

"He's just a good athlete," Letton said. "He can do something with the football. So we're trying to give him some

opportunity and get the ball to him quick."

"We want to let him get in the open field because he has such good speed."

Letton stated that the Blackcats' speciality teams are in need of hard work, but he is confident that they will come around because they will be a big part of the

makeup of this year's team.

"We've got to work hard on our speciality teams as we did last year. Losing some of the fire power that we had on offense, we've got to compensate for that somehow. One way we can is with quality speciality teams."

Letton explained that good field position was vital for this year's team.

"We've got to be a good field position team. That's the way you do it with good defensive speciality teams."

Ratliff will do the kicking for the Blackcats this season, although the Prestonsburg coach doesn't want him to do the kicking off.

"He probably couldn't handle the extra points with his bad leg," said Letton. "Mike (Shepherd) will do the punting."

Coach Letton is looking for new kid Ortega to be a very pleasant surprise for the Blackcats this year.

"We have some more young players who are going to get to play some quality minutes. I have been real pleased with their efforts. You will see a lot of new faces out there this year and we're expecting big things from all of them."

The veteran football coach likes five to six teams that could win their district this year and he feels that no one will go untouched.

"Several teams have legitimate shots at winning the district this year," said Letton. "I don't see anyone going undefeated in the district."

Returning players makes Whitesburg a legitimate contender.

"They have got a lot of players back from last year, primarily on the defensive side," he said. "When we played them, they started seven sophomores and they held us to 16 points. They are going to be a strong contender."

With the return of a healthy Rusty Fletcher, Letton sees Sheldon Clark coming back in the contender picture.

"They will have a real strong football team again," he said. "We played them last year with Fletcher and he's a quality player."

"They have two transfers from Paintsville (the Marcum brothers) and I heard some other players transferred in. They will be ready to play."

The surprise of the district, according to Letton, could very well be Magoffin County.

"They will be a big sur-

prise this year," he said. "They have turned some heads this summer in passing scrimmages. They made a good showing in the South Floyd gridiron."

While M.C. Napier will once again be a school after consolidation was postponed, Letton thinks that the Navajos will still be tough.

"They always have a huge defensive line," he said. "They moved the Dixon boy to a running back and that's going to make them more versatile on offense."

"Morgan County had the kid that I was very impressed with last year at quarterback," he stated. "It's just going to be wide open with five to six teams really mixing it up."

Winning the first four games will not be an easy task for the Blackcats, but that is the way Letton prefers it.

"The first four are going to be tough for us," he said. "We open with Pikeville and every one knows the tradition they have. We then go on the road to play Lafayette and I don't know yet what they have. They have some talented athletes and throw the ball a lot."

Prestonsburg will return home to host Whitesburg before traveling to Belfry.

"That's four tough ones to start with," he said.

Prestonsburg will face district opponents Whitesburg, Sheldon Clark and Shelby Valley at home and Letton doesn't minimize the importance of all three games.

"Those three games are must-wins for us," he said. "We have to be ready to play hard, not only here, but on the road as well."

The Prestonsburg mentor is still basking in the dramatic win that his ballclub won over then-undefeated Danville last year.

"No doubt it was the biggest win for me," he said. "It probably was the most active that I have ever been on the sidelines. It will be tough to top that one, but maybe we can."

Letton said this year's ballclub will have to play strong defense.

"We need to solidify our offense and we're got to fill in our backfield. We have got players who are ready to step in and do just that."

Coach Letton said that this year's Blackcat team can repeat a return trip to Louisville.

"If we can improve our speciality teams, we can be right back."

Good luck to all Floyd County teams

With consolidation over, South Floyd hopes for good season

by Ed Taylor
Sports Editor

South Floyd High School will begin their second year of existence this season and Coach Donnie Daniels is hoping for a better 'second-time' around than the first.

The Raiders failed to win a game last year, finishing the season at 0-10. But Coach Daniels thinks the 1994 season will be different.

"Biggest thing for this team this year is conditioning," he said. "We're a team that always has to play our way into shape."

The numbers are down for South Floyd this year after dressing 60 last year.

"We're down to between 35 and 40 kids this year," said Coach Daniels. "I think the reason we had a big turnout last year was on account of the consolidation."

"That contributed to the season last year. I wanted to ease things over between the two schools and make a good transition. It kind of got away from me and I'm trying to clean that up this year."

Daniels said that some of the players will have to go both ways and conditioning is very important when the numbers are down.

"I want to emphasize that more this year," he said. "We are improving at offense though. We still don't have great foot speed. But we're better overall than last year."

Daniels said that foot speed and quickness will be major points in his team winning some ball games this year.

Youth will highlight this ballclub since they are predominantly sophomores and freshmen.

"We're going to be very young," said the Raiders' mentor. "We have a great sophomore class and a good freshman class that came in this year. I'm pleased with the kids that came out, but we would like to had more."

Coach Daniels stated that those that did come out will work their way into some playing time on the freshman level.

"We're still in the growing stage. Any time you start a new school, you're going to be in a growing stage," he said.

The veteran coach said that over the years (including the Wheelwright years) he has seen much improvement. In his first year at Wheelwright the Trojans won one game, went on a three-game losing

streak, came back with another win.

"We then lost one and ran off three straight wins," he said. "After that everything just seemed to take off for us."

The following year the Trojans won their first three games of the season and last year Coach Daniels said it didn't seem his team came out of the box to play.

"Last year we had a lot of inexperienced players. This year most have experience," he said. "We improved in the off season but another area we have improved in is attitude. Our kids have a better attitude than what they had last year."

Daniels said that the younger Raiders are working hard to make the season a successful one.

"I don't have to explain something to them three times," he said. "Just once and they go out to do it."

The defensive line for the Raiders will be a youthful group with only two from last year returning. Daniels said that he will have two sophomores on the line without any seniors.

"We're going to have to go with a young group on the defensive line," he said. "There just not as much depth as I wanted there. It could be a problem for us later on."

Andre Faine and Aaron Caudill, both sophomores, will be at the defensive guards slots.

"Both are big and are working on getting better foot speed," the Raiders' coach stated. "We have a good nucleus to work in there."

Pete Dawson will also be playing the positions as well. "Pete is doing real good in there," said Daniels. "He's just got to get up more speed."

Last season's quarterback, Aaron Hall, will move to a defensive tackle slot. "Aaron is having a heck of a pre-season," Daniels said. "The other tackle position is up for grabs right now. Kevin Stancil is working hard. Bo Rogers, a first year player, could be there."

Daniels said that he was looking for two that had good chemistry.

Kevin Johnson will be a one linebacker position. Johnson played at defensive end last year and was primarily used as a tight end on offense.

"Kevin had a heck of a year in the off season," said Daniels. "He worked extremely hard."

Also seeing playing time at a linebacker position will be Jarrod Compton (6'0", 200, senior), Travis Johnson (5'11", 175, sophomore), Colby Little and Chris Isaac.

"We expect these to step up and give us a breather," said Daniels.

The question mark for Coach Daniels will be his offensive line.

"That's a big question mark for us right now," he said. "Right now we have Jarrod and Shawn (Curry) coming back from last year. After that we will put Jason Woods (6'0", 200, sophomore) at center."

First year senior Kenny King (6'0", 185) will play at a guard slot along with Dawson. Stancil will play tackle and will be a first year starter.

"Kevin has worked real hard in the weight room this

year," said Daniels. "He, like others, needs to get his foot speed up."

A couple of freshmen are expected to see some time at tackle.

"Joe Caudill and Nathan Reed have worked real hard, for me," said the Raiders' mentor. "They have looked real good at tackle. I have no complaints at all about them. They are working out fine."

Three will compete for the signal calling position with a freshmen waiting in the wings. Justin Ray (5'10", 165, senior) appears to have the inside track as he returns after sitting out last season. Terrance Mullins (6'1", 170, sophomore) will be the backup quarterback with Aaron Hall available for duty.

"Terrance has been out with a weak knee," explained Daniels. "He has shown a lot

of good things he did before.

"Then I got a freshman that's going to be dynamite, Nick Compton. He needs to get a real good season under his belt. He is going to be a dynamite kid to watch in the next couple of years."

Coach Daniels expects his backfield to be a strong one this season led by senior Chad Slone (5'11", 180).

"We'll have two seniors and a junior back there," Daniels said. "Chet McCarty (5'8", 175) will run at full-back with Adam Wright (5'11", 185) as the other back."

"These three, as long as they stay healthy, should have a good year. We've got some kids coming in, sophomores and freshmen, that are real good."

"It's just going to take seasoning with some of them," he said.

Travis Johnson will split time at split end along with Little and William Willard (5'7", 170).

"You throw Kevin Johnson in at tight end and he's going to be a big asset for us," explained Daniels. "We found a capable back up in Scotty Johnson (6'0", 170)."

"Scotty will be playing some defensive end for us, along with Marcus Little. I wouldn't hesitate putting any of those kids in there. If the others are not getting the job done, I wouldn't hesitate a bit to make a move with the younger ones."

When asked about the Raiders' speciality teams,

Daniels responded with "Oh, what a question."

"Our punter from last year is ineligible this year. We're trying to feel out and see who we can get. Justin is our best punter but I hate to use a quarterback as a kicker."

"He's the best kickoff man that I have got right now," said Daniels. "When they're exposed like that, they have a tendency to get hurt and I don't want that. I hope someone will step and get the job done."

Coach Daniels said that Pikeville should rule their district this year, but Phelps could be a surprise team.

"Late last season they were one of the better teams in our district," he said. "Coach Bill McKinney did a heck of a job with them."

"Elkhorn City will be a tough team with a new coach and a good number out this year. Allen Central. Glenn (Reeves) has a lot of kids back from last year. I look for him to be a sleeper, a darkhorse."

Daniels feels that his team could cause some problems and make a playoff spot.

"We just have to do things right. We can't afford to make mental mistakes and we can't give the football up. That's one of the things we can't do and make the playoffs."

The South Floyd coach feels that the strength of this ballclub lies in their attitude.

"We want to go out and win that first game and show we are for real. This team will jell."
